Chapter 1241 - Killing the forest garden

After watching Shen Lang leave, Ji Qiandao couldn't take care of the other, and quickly rushed to the scene. Even if Shen Lang doesn't want him to help, he has to know the situation for the first time. This can't wait for other people to inquire and feedback.

After Zhou Shaojun was rescued, he was placed in the yellow building of Linyuan.

Linyuan is a park-like large house with a yellow building. Because of its chic architecture, it is also famous in Tiandu City. The owner of the forest garden is quite mysterious, and no one knows what it is.

The outside world only knows that Linyuan has contacts with many people, including Ji Qiandao, but Ji Qiandao does not know the identity of the owner of the forest garden. It seems to be a force that rises in Tiandu.

Zhou Shaojun should be rescued by the owner of the Linyuan Garden. He also has this strength to provide him with a long-term remedy and to send a letter to Zhou Wei.

After Zhou Hao came, it was also in the forest garden. Without letting his son be safe, he could not take a long time to transfer.

Shen Lang is now directly outside the forest garden.

The grievances of Bao Puzong and Zhou Shaojun are a bit different. Bao Puzong is a big problem. It is a problem that affects the two worlds. The other side has a heart and even monopolizes the earth. As long as he shows up, he will definitely come to him.

Zhou Shaojun's is a private grievance. He is the murderer who killed one, two, three, four, and Shen Lang said that he would not let him go. If you go to Bao Puzong first, Zhou Wei gets the news, and will inevitably transfer Zhou Shaojun first. It will be difficult to find it again.

Therefore, Shen Lang first came to Lin Yuan, and he could kill him by surprise.

However, he did not rush into it. This forest garden can become a force in Tiandu, and there must be some people who have passed, or let us know the situation first.

By watching from the outside, Shen Lang found the problem at a glance. The entire forest garden was “clearly bottomed out”, and all the corners could be learned with the knowledge of the gods, but the yellow building was the restricted area inside.

The yellow building was protected by the formation. The appearance was far from the yellow building. When the gods knew it, it was a flaw and could not be detected inside.

There is no doubt that Zhou Shaojun will not be in the ordinary room, but in this yellow building.

Shen Lang will not wait any longer, flying directly into it, his goal is directly the Yellow House.

“Linyuan master, Shen Lang offended, please hand over Zhou Shaojun!”

When Shen Langren came to the front of the Huanglou, the sound had already spread throughout the forest garden, and the yellow building was naturally heard.

The sound is directly spread out, can be spread throughout the forest, and can be heard naturally on the nearby side. The higher the realm of comprehension, the more distant it can be heard. For a time, many people were shocked.

Shen Lang?

That swell?

He dared to appear?

He actually killed the forest park directly, forcing the owner of the forest garden to surrender Zhou Shaojun?

Between the time of the moment, if you heard it, immediately put down any things at hand, hurry up the roof, try to be close to here to watch the fun.

In addition to watching the excitement, some people also spread the gossip, and enjoy the first time to be stimulated by the spread of the news. Just like many people see the best news, the first time to send Weibo, friends circle, WeChat group, and some immediately ran to the streets, while running and spreading this material.

“Shen Lang is back! Killed in the forest garden!”

I didn't hear it in the distance. After hearing this spread, I was also shocked. Then I spread it to the wider area. Many people immediately went to the forest park to see the fun.

There are seven floors in the Huanglou. The recent look is brilliant, saying that the Golden House will be more appropriate. Perhaps the Yellow House is a common name for outsiders to see and go.

When the sinking waves landed, a person appeared on the fourth floor corridor, looking down at the sinking waves below.

“Where did the wild dog come to the forest garden to sneak wild?”

He is naturally deliberate. Just after Shen Lang has already reported himself to the door, it is a greeting to the owner of the Lin Garden.

On the same day, the owner of the forest garden did not directly deal with him, but after he left, he arranged for the rescue of Zhou Shaojun in the name of the corpse. Perhaps it was a sudden incident, and it was too late to know. It may also be that you don't want to be offended.

So now Shen Lang is also giving a little face. If the owner of Lin Yuan is only a friend and does not mix it, he will not destroy the forest garden.

However, now that this person has come out and said, this gesture of deliberately overlooking shows the attitude of the other party!

This is in the forest garden, can be inside the yellow building, naturally is the core figure. However, only one person came to Zhoutianmen, and this person would naturally not be a person in Chaotianmen.

Besides, Shen Lang killed six disciples of Chaotianmen and added humiliation to Zhou Shaojun's enmity. If it is the people of Chaotianmen, it is impossible to have the leisure to say so.

"If this is your attitude, I can give Linyuan another chance. If you are the attitude of your master, I will not waste time."

Shen Lang didn't talk to him. From the beginning of the Yellow House, he quickly observed everything around him and began to look for key points in the battle.

Since Zhou Shaojun is hiding in the Yellow House, of course, it is reliable, can not directly lock the specific position, then it can be broken into, you also need to search then it takes time.

Time will create opportunities for each other! Including more people to attack him, including the opportunity to transfer Zhou Shaojun.

Therefore, it is best to first break the protection array method and go straight to catch Zhou Shaojun!

"The wild dog is a wild dog, can't understand people!"

The man on the fourth floor shook his head and then jumped straight out and came to the bottom.

The fourth floor to the ground is not too high, it is more than ten meters, and the landing time is also shorter. But when he jumped out of the corridor, he immediately shrouded the big one!

For a time, it seems that instead of landing alone, a huge black curtain has come down!

This way of playing is indeed very powerful and very windy.

However, he is too underestimated the Shen Lang, so in front of Shen Lang so flamboyantly arranged field, clearly is looking for death.

Shen Lang didn't look at him. He raised his hand and all the shady scenes disappeared. The man who had just jumped out of the fourth floor was directly caught by him and squatted on the ground!

This person is also the level of the later stage of the gods, which is worse than Zhou Shaojun. There is such a arrogant gesture. On the one hand, I have never seen the cruelty of the scene. On the other hand, I feel that this is on my own site, and there is no fear at home.

However, I did not expect that in the face of Shen Lang, he did not even finish the appearance of the debut, and directly hit the street!

After falling to the ground, he couldn't move at all, and Shen Lang stepped on the foot with one foot and stepped on his head to rub his face and the ground.

“stop!”

There was a person on the sixth floor corridor, the last week I saw.

Zhou Wei saw Shen Lang, and he was already angry. “Hey animals! Hugh is rude to Lin Gongzi!”

Chapter 1242 - Chaotian

The owner of the forest garden is very mysterious, and it is not clear to Ji Qiandao. Of course, this may also be because Ji Qiandao is unfamiliar and has not deliberately inquired about it.

Therefore, Shen Lang does not know what he is coming to. Just that person, in the view of Shen Lang, must be nothing but a subordinate. It cannot be the master.

Now I heard the cry of Zhou Wei, I realized that Lin Gongzi... The big possibility is that the son of the owner here, Lin Yuan is because of the owner's name Lin.

There is nothing to say about it. Since this Lin Gongzi repeatedly denounced him as a “wild dog”, this is already a hostile declaration of war. Can he still be polite to him?

The feet of Shen Lang twisted a bit, letting Lin’s face rub more a bit with the ground.

“Zhou Wei! I have a head and a debt, I am a reasonable person. Just hand over your son, I will kill you, I will not kill you again, and will not move you to the Tianmen.”

After the movement just now, let the people living around the forest garden watch the lively on the roof and trees. They even dared to sneak into the forest garden and hide in the leaves to watch the lively.

But bolder, I dare not approach the Yellow House here.

Before Shen Lang was to inform the owner, so the voice was a little bigger, and the back would not spread too far, so they had to erect their ears to listen.

I didn’t know the specific situation. When I heard Zhou Wei’s words, I realized that Shen Lang had already stepped on the foot of Lin Yuan’s son!

This has made everyone very convinced, this Shen Lang really is very fierce!

A few days ago, Shen Lang was the hot spot of the gossip after everyone’s meal. In the public, the six people in Chaotianmen were killed, and Zhou Shaojun was smashed and squandered. That is the public declaration of war against the Chaotianmen!

Subsequently, Bao Puzong ruined a seven-eight-eighth eight-eighth, including Wan Jianliu, and everyone hid.

It is rumored that Mu Tian Songtao invited the vulture to assassinate him. As a result, the vulture lost three people and seriously injured the leader of the vulture, causing the vulture to become angry and killing Mutian Songtao.

These achievements, just one, are enough for everyone to spread for a long time. A person has completed so many feats in just two or three days. As an irrelevant person, of course, I still admire it.

As for saying that Shen Lang is the murderer of the king, except for the explosiveness at that time, after the analysis and discussion, it is unlikely. After all, at the time of the auction, Shen Lang was publicly exposed. If it is a beast, it is impossible for so many people to find out.

Besides, it's really the king's beastly form, and Mutian Songtao's money is spent on it and eventually kills him? Just kicking this violent material is enough to make him vent his anger.

Mu Tiansong Tao has provoked Shen Lang in the near future, and Luo Fatzi, who has traded with Shen Lang. There is also Ji Qiandao, and even invited Shen Lang to visit the house of Jijia.

Before that, Weiyangzi did not come over, and it was impossible for Wanjianliu to discover the terrible secrets that no other person could find.

To put it simply, Shen Lang has met everyone's gossip needs, and the challenges are all coming. Others, although not gloating, can't hate it. So in general, everyone still supports Shen Lang more.

The words of Shen Lang just let the people I heard are stunned!

If you have a debt, you have to hand over your son and let me kill it... Is there such an operation?

Who might give your son to kill you!

There is also the following words: "After killing him, you will not kill you again", "I will not move you to the Tianmen."... Is this a week of paper?

This kid is also arrogant, right? Forgot how it was invisible seven days ago?

This is completely unreasonable from the common sense, so everyone has added another possibility – Shen Lang invited a master to help out!

There must be helpers, and they are super strong, only to come back to find the scene. Not coming out now, it should be waiting in the dark, ready to kill Zhou Wei!

As soon as I thought of seeing the fight of gods, everyone was more and more excited, and the support for Shen Lang was even worse.

This kid still has a future, appearing in Tangcheng, stirring up the storm in the city; appearing in the sky, more exciting!

It's all about watching the fun, not to mention the parties' weeks. When he saw Shen Lang, his anger came up. When he heard this, he almost burned him!

What he cares most about is the name of his son, who has been here for seven days, just to help his son recover. Shen Lang not only dared to appear, but actually dared to let him give his son!

He immediately flew out from the sixth floor.

At the end of the semi-Xianfeng peak and the previous stage of the transformation of the gods, there is a world of difference. And he didn't play any tricks. When he came out, he went straight to killing the waves!

Shen Lang has already taken the lead, and certainly has controlled the vicinity of the field, so Zhou Wei does not give him any chance of luck, and it is directly killing!

The strength of Shen Lang, the last time he has seen it with his own eyes. This age can reach the level of half a cent, although it is a rare genius in the world, but there is still a big gap with him. Even if there is a field opportunity, Zhou Wei is still reluctant to reverse.

But he did not reverse the field, but when it came out, there was already a magic weapon in his hand!

“Chaotianyin!”

The well-informed , although not seen by the eyes, but also based on the situation, immediately guessed.

Chaotian Seal is a very famous magic weapon, and it is also the treasure of Zhenshan in the Chaotianmen. Even the first day is printed, and there is the Chaotianmen. The name of this martial art is because the ancestors used this heavenly seal to fight the world!

“Da Tian Da Yin, reprint the commandment!”

“I didn’t expect Zhou Wei to bring the treasures of the town to Chaotianmen!”

“Shen Lang is in trouble this time!”

“This level of magic has not appeared for too long, everyone has forgotten this...”

Those who watched the excitement, as soon as they saw the appearance of the celestial seal, could not help but scream and vomit with the friends around them.

But in fact, they saw it in their eyes, the brain was amazed, and then they came out and said that the scene had already been huge.

Shen Lang saw Zhou Wei appear, and there was a big seal in his hand. He was already more alert than others in the distance.

Chaotianmen’s dynasty?

At this time, he did not have time to think so much, and the whole person was ready to do everything. If you can resist, then resist, you can’t resist it, and leave the dodge at the super high speed. If this is too late, I will hide in the space of heaven.

But the last time I have been hiding, if this time I still hide invisibly, even if it is safe, the momentum and face are directly weak.

Therefore, for the eclipse of the flip, he chose hard!

When Zhou Yufei came out, Chaotianyin had been flipped and buckled down. It immediately became like a mountain. It directly squeezed the space in front of the yellow building. No matter the speed and area, there was no way to avoid the waves. !

Chapter 1243 - Shocking

This situation seems to be similar to the appearance of Lin Gongzi just now. He was also a dark scene.

However, in fact, it is completely different. Chaotian Printing is a very high-level magic weapon. When it is pressed down, it has completely shrouded the surrounding space in advance. Don't say that it is dodging to the left and right, it is impossible to drill down to the ground. .

And even if you control the field in advance, you can't affect the power and speed it presses!

Obviously, this week, Zhou Hao took out the treasure of Zhenshan directly. He did not want to let Shen Lang have another chance to escape. He must seize this time to avenge his son and vent his anger for himself.

It's too late to say it!

The crowds in the distance, when they recognize the seal of the heavens, are the time when it becomes bigger and bigger, and when everyone sighs and even fears that Shen Lang can only wait for death, Shen Lang has already shot!

A dark iron rod appeared beside him, one on the ground, the other on the top, and it quickly became bigger and longer.

Zhou Hao flew out from the sixth floor. When the sky was overturned, it was already the height of the fifth floor. When the iron bar became huge, it was on the third floor and it was against the sky.

“boom—!”

When the sky was printed on the iron bar, a loud noise was heard. Many ordinary people in the forest garden, even if they were far from close, directly fainted.

It was the bustling monks around the forest garden, and they all shook their blood and shivered their ears. This voice has spread far and wide, not to mention the whole city, but also a great scope.

In the distance, I heard the news and rushed over to see the hilarious monks. I didn't know what happened and I was desperately trying to speed up.

“What kind of magic weapon is Shenlang? It looks very powerful!”

“It's over! I can't stand it!”

“In the end, it is a heavenly seal!”

“This is no longer a magic weapon. Is it an artifact?”

While everyone was feeling the loud sounds and tremors, the eyes also saw a huge celestial seal. After the squatting, the huge objects from the top were crushed into the mud, but not a moment, from the third floor. Height, directly pressed to the ground!

The surrounding area of the Yellow House is naturally inlaid with large slate, not muddy loess, but just a huge iron rod has poked the surrounding stone slabs, and the great power of the celestial printing is suppressed, it is not these natural soils that can withstand it.

Therefore, from a distance, it is already impossible to see the sinking waves. When it has not touched the ground, the slate has broken the mud.

Seeing the hand, Zhou Wei did not have the color of excitement, but the tremors of the successive stun...

The first tremor was because I didn't expect that Shen Lang could have a magic weapon to fight against it. It was covered by the sky. He couldn't even see what it was. When the Chaotian and the Warrior's irons hit the magic, the powerful The impact, of course, also gave him great reaction.

In addition to the tremors of his heart, his arms are as if he is about to lose consciousness.

Fortunately, it was only slightly blocked, and the delay was only a few tenths of a second.

Zhou Wei seems to have seen the appearance of Shen Lang being crushed into a bolognese, but at the moment of pressing to the ground, he is a giant earthquake.

Because he felt the yellow building next to it shaking!

Shen Lang had just been put on the top of the ground by the iron rod, instead of holding it himself. Of course, he did not want to bear the attack power of this celestial seal. In the end, he did not know the power of this big seal, but he had confidence in the iron rod. of.

On the other hand, he also borrowed by the way!

The iron rod seems to be inserted on the ground, but it is actually a little oblique. Therefore, when the great power of the dynasty was suppressed, the iron bars that were bigger than the pillars were like nails knocking into the soil.

But because it is oblique, the result of knocking down from the three-story building is that it is directly worn into the foundation below the yellow building.

Shen Lang simply placed the iron bar, and then forced it into the foundation of the Yellow House by the power of the Heavenly Seal. The iron bar has become huge and indestructible. It was so fierce, coupled with the leverage effect, it did not directly fly out of the yellow building, it is already solid.

However, such a situation has made Zhou Wei very embarrassed.

After all, people stay here and they are already taking care of them. This yellow building is the most important building in the forest garden. It is protected by the formation. Now it is equal to being violently destroyed by him.

However, what makes Zhou Wei slightly gratified is that Shen Lang has also been killed by Chaotian.

Chaotianyin is a very overbearing magic weapon. People who touch it can be crushed and crushed. They can just be knocked down because the iron rod is also an extraordinary magic weapon. If you change to a person, even if he is stronger, he will not be knocked into the ground, but will be finished directly.

Looking at the excitement in the distance, I can't understand the changes in the Yellow House. There is still no clear shaking. However, Chaotian Printing suppressed Shenlang on the ground, but they all saw it.

Everyone is holding their breath, I don't know how the specific situation is going. Although Shen Lang has come here for a few days, he has created a lot of things, and the strength shown is very strong. But now this is the head of Chaotianmen, and the direct shot is the magic weapon of Zhenshan. It is hard to say...

When it was said that it was too late, it was actually that Zhou Hao flew out from the sixth floor, and then went to the landing time, carefully calculating, including the blocking of the iron bars, but also for a very short time.

At this moment, he lifted his hand and printed it up in the sky, and turned it into a heavenly appearance, resting on the palm of his hand. In the moment of the recovery, there is a huge mountain before it becomes a normal seal.

At the time of receiving the celestial seal, Zhou Wei and the distant place looked at the lively, all concerned about the situation on the ground, want to see if there is a dead body.

Then the huge Chaotian Seal was suppressed and it was estimated that it would be directly into a meatloaf...

Under the eyes of everyone and the exploration of the gods, I did see the ground that was flying over the mud, and there was a muddy flesh.

Shen Lang is so finished!

Although I have seen this process, I can guess the result, but I really confirm that it is very shocking to everyone.

This is a genius figure. The future is boundless, so it is a pity that it has fallen.

Some people also thought of the Qiu Lin Jianzong, Qiu Lin Jianzong is to support the Shen Lang, if you know this, will you kill the Chaotianmen?

It is said that the flight of Qiu Lin Jianzong is still alive. If he personally shot it, he was afraid that Zhou Wei would not be an opponent. Should he compete with the retired Zhou Yucun?

Zhou Wei had just fallen to the ground gracefully at the moment of printing. This is in front of him, and he also sees it better than anyone.

Seeing that the flesh and blood are blurred, he is shaking all over!

Chapter 1244 - Broken arm

Hatred blinded Zhou's eyes!

When he saw Shen Lang, he was already angry, and his anger and hatred burst together. Adding to the lessons of the previous car, let him decide that he must make a quick decision, and get it right away. You can't let Shen Lang run.

Therefore, when the leap came out, the eclipse of the finale was directly displayed.

Then in the little time of suppressing it, he must be engrossed. Because of the magic weapon of the heavenly seal, even if he is, he must exercise his full force, or else he may not be able to control it.

Moreover, the sky mark can be made larger, and it is generally possible to reach the mountain. However, it was just in front of the Huanglou, so he had to control the "size" and try to expand the scope of the crackdown, but he could not hit the yellow building.

Adding to the sky, it blocked the sight below. It was a little bit of time. He didn't have the heart to think about the other, just wanted to kill Shen Lang.

The shocking confrontation of the iron rod hitting it up made his heart tremble, his arm numb, and he continued to suppress it with all his strength.

The result is a negligence, a very important event!

That is Lin Gongzi...

He came out to sneer at Shen Lang, that is, “small animals, not rude to Lin Gongzi”, but in the next few seconds, he was blinded by hatred and anger, only thinking about killing the waves, completely ignoring Lin That son is a glimpse.

But the Lin Gongzi who came out first, but was trampled on the ground by the waves!

Needless to say, the results of the dynasty, the death of Shen Lang did not die, the Guanglin son is certainly unable to escape, the death can not die.

Although the front is a mud of mud, and even the clothes are broken, the basic color is still there. He has been here for a few days, and he knows about the situation of Lin Gongzi.

Looking back, I saw it when I came out, and Lin Gongzi is the dress.

And looking at the flesh and blood of the ground, it seems that there is only one person. Is it...

Zhou Hao immediately took up the headache for Lin Gongzi, immediately alerted him, and was also ready for the day.

At this time, something on the ground flew out, letting him pay attention to him, and he was directly hit and flew up.

Looking at the bustle in the distance, I saw it clearly. It was the black “pillar” that was just captured by the sky.

Of course, Shen Lang was not shot dead. When he was here, he had already applied to the field. Although the field is difficult to withstand the speed of the sky, but for himself, there is still a huge bonus.

Especially at the moment when the iron bar went to the top, he already said that he was ready to dodge.

With the speed of Shen Lang, with the “Phantom Meteor Step”, coupled with the help of the field, that speed is enough to make him beyond the observation of the average person.

Therefore, including Zhou Wei, he did not see him flying away from the side.

When Zhou Hao was better at the earthquake, Shen Lang immediately manipulated the iron rod and knocked him into the air.

Shen Lang himself has already flown and waited.

Zhou Hao immediately manipulated the sky!

Since Lin Gongzi has been shot dead, it is only to shoot Shen Lang to death, and then push this to the head of Shen Lang, otherwise he is really not good to face.

Just as Chaotianyin had just grown bigger, Zhou Wei discovered that Shen Lang was waiting for him in the air, and he did not turn his wrist!

When Chaotianyin had not had time to go to Shenlang, the black shadow flashed without it.

In the twinkling of an eye, Zhou Wei felt that the arm seemed to be light, and the hand that had been paralyzed seemed to feel that it was not printed!

His eyes looked over and the pupil could not help but shrink quickly.

his hand!

Actually, from the top of the arm, it was completely gone, as if it had been cut quickly.

The wrist with the palm of his hand, and the day-to-day seal that was about to be taken out, lost support and was falling from the sky.

The next moment, he saw the palm of the broken wrist continue to fall, and the palm of the palm print, has already left. Immediately afterwards, he immediately felt lost contact with the sky!

It is impossible for the eclipse to be cut off. There is only one possibility – just after his short-term control over the sky, the other party received the storage space before he re-manipulated it!

Zhou Wei directly wants to marry her mother!

This behavior is even worse than licking his wrist, even in the face of others, grab the magic of others!

This is not another magic weapon. It is the treasure of Zhenshan, which is based on the Tiantianmen. It has lost the shadow of the heavens. What other faces does he have as the head of the Tianmen Gate?

Zhou Hao's anger made his blood spurt on his wrist more intense.

But greeted him with anger, but it was a dark iron rod, which was smashing from above!

It was the pillar that hit him into the air before, and now it has become an iron bar, which is being knocked softly by the waves.

Losing the celestial seal, directly let Zhou Wei a bit messy, for this iron rod, his instinctive reaction is to reach out and grab. When I reached out, I realized that it was wrong...

Before the day of the day, it was his right hand, so heavy, of course, he used his good hands to hold but it is rarely used in the usual days, the right hand is the commonly used hand.

The result was just to see the iron rod coming over, the instinct is to grab the right hand. But now the right hand from the bottom of the wrist, has been directly broken a section, the wrist and right palm have fallen, he greeted, is still a blood and **** arm!

Zhou Wei realized that he was wrong, he wanted to withdraw his hand, and at the same time he wanted to hide in the yellow building.

He didn't feel that Shen Lang had any strength, but he was too embarrassed to pit him. So what he needs is a little bit of time to get back to the rhythm of losing the opportunity.

Of course, he can't stop. Shen Lang must kill the revenge. It must be robbed.

However, if you master the first wave of the opportunity, how can you give him a chance to regroup?

When I found out that this cockroach actually used broken hands to block the iron bars, Shen Lang felt incredible, and immediately rude, and smashed the past with a faster speed.

Zhou Hao's instinctive reaction was to grab the iron rod with his palm. But now I find that no palms can be used, so I will withdraw my hands. Under such circumstances, how much defense is there?

The result is that when he wants to dodge, the entire arm, from the shoulder to the broken arm, all the bones are smashed!

Just after the whole arm was eroded and the palms were gone, the pain had made Zhou Wei very uncomfortable, but the realm was very tolerable, and now the bones of the whole arm are all smashed, like an empty sleeve. The same hanging on the shoulders...

There were countless bones and nerve pains that made him have to start from the shoulders and all closed.

"Hey animals! I am still in the sky!"

He just shouted this sentence, the whole person was flying by a wave of Shen Lang, directly hitting the yellow building!

Chapter 1245 - Forest garden owner

Before the Huanglou was stamped with a “great nail” in the sky, it moved the foundation, but the influence of the shape was not obvious, and Zhou Wei felt it.

However, Shen Lang just took the control of the iron rod and flew it out. When he came back, he would come back and loosen a little more. At this moment, a stick put Zhou on the yellow building, and immediately began to show obvious changes.

Crazy cultivation of the two years of domineering Shen Lang, the power of this stick is enough to turn over the river, after all, Zhou Wei is a semi-Xianfeng peak, his full defense defense, it is difficult to directly kill him a stick.

However, when his body hit the yellow building, the collision of these two forces, there will be a venting mouth, all gone behind!

If it is a normal wall, it will be directly smashed and smashed; if it is a mountain, people will be slammed into it. Now the yellow building in the back is very strong, and it has been hit by this huge force. It has not penetrated into it. The result is that the entire yellow building has been tilted by several tens of degrees!

Looking around the lively, I was shocked by the hit of the sky. I thought that Shen Lang had become a muddy mud. I didn't expect that after a while, Shen Lang came with a big reversal. Not only did Zhou's arm break, but also the Chaotian Seal, now under a stick, Even let the yellow building be dumped directly!

Sure enough, the antiquity is not so easy to die!

“stop!”

A voice passed quickly, with unparalleled majesty, and suddenly shocked the crowd around.

This is another super strongman!

It's just two words, but it's only half a second, but when I'm living in everyone's ears, I haven't seen anything unusual. When the "hand" is in my ear, I've already seen a person standing. On the top of the yellow building.

Everyone saw it, and the man directly pressed the yellow building that had been tilted by several tens of degrees to fall back with his own pedaling power. There are big pits from the foundation, and of course it is impossible to restore the original shape, but on the surface it is not as straight as the wind has blown.

In addition to the appearance of a person on the top of the yellow building, there is another person who went to the ground, first went to check the mud of the beach, and then it seemed to be reported to the person on the roof.

Because of this person's appearance, the rhythm was disrupted, and Shen Lang did not win the battle to kill Zhou Wei, because he continued to shoot, then the younger generation left the other side to attack.

This gave Zhou a chance to slip down onto the corridor of the casual floor and quickly regroup.

"You are Shen Lang? I am innocent and innocent with you, why destroy my foundation and kill my dog!"

The tone of this person has become very strict, but he has not been overwhelmed by anger like Zhou Wei.

The person below did not stay in the following after checking and returning. He saw that the waves were floating in the air. He naturally came to the back and formed a cover for Shen Lang. There is no doubt that this is also a semi-sexual situation. .

The one standing on the top of the yellow building, listening to the tone is the owner of the forest garden, there is the strength of the semi-Xianfeng peak, from the momentum point of view, even stronger than Zhou Wei.

"You are the owner of the forest garden? You have arranged for the enemy to save the enemy I want to kill. It is hard to say that there is no innocence. But that is nothing. You didn't mix it on the same day, I am also polite. But you, this dog, It's really a dog, I don't have any knowledge at all, I actually want to help Zhou Wei to take the lead!"

The face of the forest garden owner has become more ugly, and the anger is no doubt even worse.

“Lin brother! I am really sorry, Zhou Wei is incompetent, unable to take care of Shaogongzi, and he has one more arm.” Zhou Hao has already flown up from below, and fell on the top of the building together, a look of embarrassment.

“Zhou Wei! You really should apologize, but you didn’t take care of it, but you used the Chaotian Seal to directly kill this Lin Gongzi! Even if his strength is low, helping you to take the lead does not play a role in dragging me. Don’t be so poisonous!”

“Shut up! Hugh and trustful!” Zhou Hao was busy screaming.

The owner of the forest garden had already determined that Shen Lang had killed his son. After all, the scene was a mess. When they came over, they personally saw that Zhou Wei was hit by a low wind and was hit by the yellow building.

Now, I said that my son was shot dead by the sky!

The owner of the Linyuan Garden fell on the ground, and he had not seen the attack facing Tianyin. Now he can only analyze it according to the status quo.

“Is it a beautiful yellow? There are many rivers and lakes in the distance to see the lively. This time you can still reverse black and white like the last time I said that I am a beastly person?”

The realm of the owner of the forest garden is high enough, and there is certainly a lot of knowledge. So I can see it from a review. It is indeed a huge square problem that hits the commandment.

His gaze glanced at the crowds around.

There is no need to find someone to verify, Shen Lang said that there is a reason, in front of so many people, no one can fake. It seems that Zhou Wei’s attack on Shen Lang accidentally injured his son...

“Lin brother, in fact, this is the arrest of the younger son. In order to save the younger son, I did not hesitate to use the Chaotian seal. As a result, I slipped at the crucial moment and gave the young son a harm...”

Zhou Yan saw that he had already believed, and had an explanation with a shirking nature. But this is tantamount to the death of the son of the Linyuan master who was shot in the sky. It was just a manslaughter who wanted to kill the waves.

Manslaughter is also killing.

The face of the forest garden owner changed again, but did not speak.

He sighed: “Shen Lang, my Lin and Qiu Lin Jianzong have a relationship, so I will not move you. But you come today, ruin my foundation, there is no feeling to say. You are right, the dog Really incompetent, but he did not go out to offend, is killed in his own home! Do you dare say you are innocent?”

Obviously, from the words of Shen Lang and Zhou Wei, he basically guessed that his son had taken the lead, but he was caught by Shen Lang. When Zhou Wei attacked Shen Lang, he did not care about his son’s life, and Shen Lang was under the dynasty, and he only patronized himself.

“It turns out that you are the descendants of Lin Biaozi.”

Hearing that he had a relationship with Qiu Lin Jianzong, Lin’s surname, and this strength, as well as the mysterious background, the answer has become obvious.

It seems that he personally and Zhou Wei are friends, but because he heard that Shen Lang and Qiu Lin Jianzong have a relationship, so did not intervene on the same day, just informed Zhou Wei.

But now his son died in front of him, and it became a muddy mud, so terrible, he will not be willing to give up.

My own son! Zhou Wei's son was saved a life, and he could not wait to eat the Shen Lang, not to mention the son became a meatloaf.

The owner of the forest garden frowned, and Shen Lang could think of Lin Biaozi, and let him be sure that Shen Lang was the Shen Lang. In fact, when Qiu Linjian was released from the wind a few months ago, he naturally sent further information to him.

It was written to him by the reputation of Mo Feiliu. He said that he is very important to Jianzong. If there is an opportunity in the future, he still looks at it, but he has not said a big secret.

Therefore, even if the identity of Shen Lang was confirmed, it was even more unpleasant for Shen Lang's name to call Lin Biaozi.

Chapter 1246 - Strong

Next to Zhou Wei, listening is screaming bad!

Originally, they were friends. The death of Lin Gongzi was mainly pushed to the head of Shen Lang. Zhou Hao's own arms were gone, and there was no such thing as Chaotian. Under this sad card, he believed that he should have passed this. One level.

As for the friendship between the two people will not be affected, it is a matter of the future, and now he wants to take care of, is to kill the Shen Lang.

But when I heard the conversation between the two of them, it was obviously bad for him. It turned out that this is the descendant of Lin Biaozi, and Lin Biaozi is the founder of Qiu Lin Jianzong. Even if it is separated now, the whole is also a family.

It was at this time that a voice came from afar.

"You are a scorpion! Actually dare to show up, actually still in the city of Tiandu!"

When I heard the first word, Zhou Hao's eyes lit up, and the voice of Weiyangzi!

This time he and Weiyangzi had a common enemy, and he also bought a valuable elixir with Bao Puzong, so everyone is a friend of the alliance.

Originally, he felt that as long as he was allowed to regroup, he was confident that he would kill the waves. It was only the return of the owner of the forest garden that added many variables.

Now that Weiyangzi has come over, and he has come with the people of Bao Puzong, it is naturally very convenient for him. Even the owner of the forest garden can't be like him.

Weiyangzi carried people and flew into the forest garden, and soon stopped at the side of Shenlang.

In addition to Shen Lang's defeated Wan Jianliu, there is also a semi-fairy realm.

Lin Yuan is in the yellow building, there are no masters, it is not known at the moment. However, the damage to the foundation has not come out, there should not be more than half of the master.

However, the owner of the forest garden himself, as well as Zhou Wei and Wei Yangzi, are the characters of the semi-Xianfeng peak. The other one is behind Shen Lang, and now Wan Jianliu is a half-cent.

Those who watched the excitement before, especially when they entered the forest garden and hid in the trees to watch the excitement, shivered at this moment.

It's really a fight of gods, and there are more and more gods coming. After a while, if you can't directly destroy the area around Linyuan, then they'll be so busy...

Not waiting for Weiyangzi to speak, someone is coming soon!

"Shen Lang! I can't spare you today!"

I saw two people coming in quickly, just like Bao Puzong, in the other direction, surrounded the waves.

“The owner of the forest garden, I am sorry to offend, and then go to the Mutian family, Mu Tianzhu, Mu Tianchu. This son pretends to be a vulture, killing the Mutian Songtao of our Mutian family. Today we are also rare to discover his traces. Hope to forgive me!”

The border of Wuyangzi is there, and it should have been seen before with the owner of the forest garden, so there is nothing polite.

However, this two people, Mu Tianyu and Mu Tianchu, are the realm of the half-sex, and they still respect the owner of the forest garden.

Looking at the crowds, they all sighed secretly. Now even if someone wants to feel, spit, and dare not say the sound.

Three and a half cents, five and a half cents!

Shen Lang is at best a semi-sexual situation. How can he still face such a powerful situation?

Then again, a person can provoke so many strong enemies to besiege, but also enough to remember the name of the history, it is worth it to die.

Of course, the Mutian family is not eating dry rice. Since the vultures were contacted by the Yuan in the day, they must be able to follow them. Plus the vultures are intentional connivance. It is not too difficult for the big family to turn them over. The seven days of time are enough for them to understand the truth.

The news of the return of Shen Lang, the spread of ten hundred, and then the sound of the sound of the sky, so that everyone is desperate to speed up, Mu Tianyu, Mu Tianchu is also the first time to come over.

Looking at the current posture, Shen Lang has also been dead end, which also makes them feel relieved, can beat the dog.

Otherwise, the strength of the four people who can kill the vultures with Shen Lang can only be the two of them. Naturally, they are not sure. They must admire Tianzhushan personally.

Now, along with other big donkeys, you can help from the side, and let Shen Lang have another chance to escape.

“How many people are bullying people?”

A crisp sound came from afar.

Everyone looked at the past and saw that the beautiful shadows swiftly crossed. After a while, five young beautiful women broke into the encirclement of Shen Lang and went straight to Shen Lang.

Because it is a young girl, everyone is a little bit invisible first. It is generally weaker than men. This has little to do with talent. More is a patriarchal society, and more people are more important.

But after they arrived, they were all sharp and did not converge on their own atmosphere.

For a time, the crowds in the distance were shocked.

That seems... five are the strongest in the semi-sexual situation!

what is happening?

Shen Lang is so young that he can become a half-sex, and he is already a wizard who is not a world. This may be supported by Qiu Lin Jianzong. If a girl, such a young person can become a half-sex, it must have already made a name for Han.

Not to mention five!

When did the half fairy become so worthless?

More and more people have come to see the excitement, which is the realm of the gods and the realm of the realm think about their own hard work for decades, not as good as a young girl It is really a shame.

There are a few and a half of the cents in it, and it is very speechless. They come to the capital, they can all sit on the side of the town. Many small martial art, the strongest is half a fairy. How do you now have a batch of such a half?

Among the forces that are now appearing, the weakest party is the Mutian family who followed the opportunity. They are thinking about hitting the dog.

But now a sudden arrival of a group of women's army, this one does not seem to lose to them, let them two stunned.

It's Weiyangzi and Zhou Wei, and it's also a frown.

They can all guess that since Shen Lang dares to come back, he will definitely move the rescue. Now these five girls are definitely not the biggest ones!

There are dozens of other followers of Shen Lang. This definitely goes to the Qiulin swordsman to move the rescue, and there must be big people behind.

Weiyangzi is more aware that other people are not followers of Shenlang, but monks from the earth, but the relationship between Shen Lang and Qiu Lin Jianzong is also a matter that makes him jealous.

Now there are five girls, all of which are more than half a cent, and look at the strength, but also stronger than the average half. Who is the Qiulin sword squad?

Zhou Wei is a headache. The owner of the forest garden has already admitted that it is the descendant of Lin Biaozi, and whether it is caused by Shen Lang, Lin Gongzi is indeed his death, and this will definitely be half of his head. . Maybe even he and Shen Lang hate it!

As a father, he understands this kind of hatred.

Now the situation... messy!

Chapter 1247 - Pull out, Liwei

In fact, no matter the parties in the game, or all the people watching the fun, and then five and a half cents, can not help the busy waves. Even if you solve the five and a half cents, there are still three and a half peaks on the side of the family!

Can Shen Lang be able to do three?

But whether it is the parties in the game, or watching the lively, everyone also understands that Shen Lang had dozens of followers at the last time, and now there are five powerful and half-fair helpers, and there are definitely more powerful players behind. Pressure array!

It is suspicious that everyone can weigh the comparison and not put it out. Just like scams, there are various kinds of analysis and speculation.

Therefore, although there is now a group of women, they are not willing to act rashly.

Especially though they have several parties, they are not allies of the iron plate!

Zhou Wei has a deep hatred for Shen Lang, and he has to kill it quickly. Now he has more problems.

However, although Weiyangzi is allied and said that he wants revenge, the real intention is to dig out the door to the earth from the memory of Shen Lang.

The owner of the Linyuan Garden did not fall out with Shen Lang, but now because of his son's relationship, he is not sure what attitude he will have. Maybe it's for Shen Lang and Zhou Wei!

Everyone didn't know how to be good, and waiting for other people to break the deadlock. The result was a short silence.

"Oh, I said you, one by one, and the result is that a group of my sisters came out and killed you."

Shen Lang patted the palm of his hand: "Do you want to discuss it? Is it to be singled out with me, or is it with the group? We don't pick it!"

His ridiculous words directly made everyone stunned. Originally thought that it was caught in the middle of the battle, I did not expect to become a dog bite, but now the discussion is not good how to discuss.

The owner of the forest garden, who is the owner of this room, spoke up.

“It seems that I am in Huadu, I still have no prestige. Anyone dares to break into my forest garden and treat me as a market...”

Of course, there is nothing to say about Shen Lang. He was originally an “enemy.” Is it necessary for the enemy to come in and discuss with you?

There is nothing in Mu Tianyu and Mu Tianchu. After all, they have already expressed their attitude and added a gift.

The three people who left Bao Puzong were a bit embarrassed.

But they are embarrassed, and some people are nervous and afraid!

Looking at the lively side of the forest garden, I didn't come in, but there were some bold ones, hidden in the trees, and so on. Hiding for a half-six peak, there is no point at all, really punish them, one thought can control them.

However, for many people, it is the first time that the owner of Linyuan is called Lin Huan.

In the past, everyone only knew about Linyuan. I knew that it was very mysterious. The outside of the yellow building inside the forest garden was completely undetectable. However, it is not clear what the owner of the forest garden is coming.

Some have a relationship, or the message is more informed, perhaps know the owner's surname Lin, nothing more.

After Lin Huan had just ridiculed himself, he did not pay attention to other hustle and bustle, but looked around at the forces in front of the Yellow House.

“Your family should not solve the problem! Your hatred can’t be solved, I can’t control it. I don’t want to get in! My son died because of Shen Lang and Zhou Wei, and he also has his own personal Meng Lang. I have beaten him. Nothing happens today. He will also have an accident on the day...”

Lin Huan’s attitude made everyone very surprised. He thought that he would both shoot both Shen Lang and Zhou Wei, or stand on one side, and then say it. I did not expect that he could open it, this is the vengeance!

“Zhou is my friend... Qiu Lin Jianzong has asked me to take care of Shen Lang...”

When the previous sentence was said, Zhou Wei was moved for a while. It turned out that this happened. Lin Huan also recognized him as a friend. That would be fine!

And the following sentence, but Zhou Wei is a bit embarrassed, but also let others sink.

Qiulin Jianzong!

Behind the Shenlang is really the Qiulin sword.

Not to mention whether Qiu Lin Jianzong has come to the rescue, is there a strong person waiting in the dark, the owner of the Guanglin Garden, it is interesting.

“From now on, Zhou Wei is no longer my friend, take your son and leave from the Yellow House; I don’t owe the support of Qiu Lin Jianzong, Shen Lang also goes out from here! You all go out!”

When Lin Huan said the last sentence, the momentum soared, directly making everyone on the scene feel a strong pressure.

There is no doubt that he is in Liwei!

He has just experienced the pain of losing his son. His son has been smashed into muddy meat. In such a short period of time, he can restrain the sorrowful anger and say such a remark. It really needs a great state of rest, including The situation now makes him think about the big picture.

But the problem is, if you don't show your strength, then this is not a great thing, but awkward!

Therefore, at this moment, he not only wants the forces on the scene to understand his power, but also to let him see the power of his surroundings.

Just the momentum, let everyone feel the strong pressure, and immediately there is a sword, as if directly pierced everyone's heart, making people feel chilling.

After Liwei, Lin Huan took the momentum and said to the half-sex who was still behind Shen Lang: "Put your brother!"

Then he went directly to the seventh floor from the top of the yellow building .

His attitude has been expressed, even if his son died, he also blamed himself for participating in it, not to settle accounts. But everyone's sentiment is already there. If anyone is still here, he will turn his face.

The strength he showed just now is the strongest on the scene. Zhou Wei now has no eclipse, and he has broken his arm and can't compete with it.

Of course, Weiyang will not offend such a strong enemy.

However, Weiyangzi is still very reluctant. Lin Huan's withdrawal has directly made the current situation more full of variables.

Last time he and Zhou Wei controlled Shen Lang, and the results also allowed him to escape. Now gather three peaks and half cents, and there is a chance that Shen Lang can't escape.

Can Lin Huan do not do it, but also under the order of the guest, it became him and Zhou Wei two people together.

And Zhou Wei seems to have suffered!

It is impossible for Shenlang to improve its strength in seven days. It must have borrowed a good magic weapon, and maybe even more than one.

Lin Huan did not do it, his son did not do it, and Lin Yuan would not have anyone else to participate. Just three plus five, now it has become two plus four.

Three peaks and half cents, plus five and a half cents, deal with six people in Shen Lang, as long as this invisible escape of the skin, or ten stable.

But the two peaks and half cents, plus four and a half cents, it is difficult to say. Because the four must be defeated, it is only a matter of time, and Zhou Wei has been injured, and Shen Lang must have brought a lot of magic weapons. Under this change, the variables will be big.

And this is still based on the fact that there are no other strong players in the Shenlang, or they may have to be ambushed!

Chapter 1248 - The threat of Weiyangzi

The most helpless is Zhou Wei, I did not expect Lin Huan to go directly to the order, if this time with Zhou Shaojun out, Shen Lang can not do it?

He still has the confidence to deal with Shen Lang, but his son is still a waste person. It is more difficult to protect him.

But he can't care, Lin Huan's character, he also knows a little, and he has to let him take people away. If he continues to hold it, if he does not, he will throw Zhou Shaojun directly...

Zhou Yi was helpless. He quickly flew into the yellow building and took his son out first.

Both Lin Huan and Zhou Wei entered the Yellow House, and the situation was even more subtle.

Now only Weiyangzi has a peak and a half centurion, plus Wan Jianliu and Mu Tianyi, who are four and a half cents.

They still don't know the specific strength of Shen Lang's side. The main reason is that who wouldn't think that seven days can make people leap, so Weiyang is still sure. The worry is that Shen Lang will escape invisibly.

And Wan Jianliu and Mu Tianyi, both of them have confidence in Weiyangzi, they are against a female stream, and they will not lose if they want to come.

But from the perspective of Shen Lang, the current Weiyangzi are a good opportunity to annihilate!

At this time, Weiyangzi showed a smile.

“Shen Lang, as Master Lin said, the family should not solve the problem, we hold Park Zong, and are willing to open the door to you. I can guarantee that other people will not move your friends, we can talk privately one-on-one! ”

He publicly expressed goodwill to Shen Lang. Of course, Wan Jianliu was not surprised. They knew the inside story. Mu Tianyi envious of the two days of Chu, it is awkward.

There are other things that are lively and amazing.

Lin Huan's attitude has already surprised everyone. However, the owner of the Linyuan has always been mysterious, and it is normal for the high-profile style to be difficult to estimate. They did not use them to kill Shen Lang's revenge. They also said that Shen Lang is the king's beastly adult.

How can it become private talks now and become a family?

Mu Tianyu and Mu Tianchu two, Mutian family only two of them here, there is no stronger pressure, can only rely on others. Lin Huan retired first, Zhou Wei went in again, and now he is not at the center...

Is it the end of the day, let them two people come to smash the knife?

After publicly expressing his position to Shen Lang, Weiyangzi also privately added a sentence to Shen Lang.

“Not only your friends, but also the earth friends you came with. I have invited dozens of guests, don’t you want to see them?”

The meaning of this sentence, the threat component is very obvious.

Publicly said, “I can guarantee that other people will not move your friends.” It sounds like Zheng Yumeng and other five people at the scene. With their strength, there are not a few moves.

Probably because I was afraid that Shen Lang did not understand it, so Weiyangzi only named the people of the earth more precisely.

Upon hearing this, Shen Lang’s eyes have changed a bit.

“Wu Weizi, you originally wanted to learn the owner of the forest garden, has shown a few points, but unfortunately you should not threaten me privately.”

The words of Shen Lang are very calm, but there is no change in Weiyangzi, and it is also very calm.

“Yes? Do I threaten you? I am talking to you, compared to being besieged, this is your chance.”

In fact, this is tantamount to acknowledging that “I will threaten you.”

“It seems that you already think that you have mastered my weaknesses – to protect the people around you. But you have to figure out, this will be my weakness, it will be my anger. I must kill Zhou Shaojun because He killed four of me.”

Shen Lang calmly told, and finally said: “As far as the threat you have just sent to me, I think you have done this. This is the bottom line that challenges me. The consequences are not just you, but Bao Puzong. Have to pay for your decision!”

Weiyangzi smiled and said: “Children, don’t say so much in the big words. If you have the ability, you should not engage in invisible escape. The owner of the forest garden has already ordered the guest, and everyone should not bother here. If you are not willing to move, I can I have to ask you personally!”

When Shen Lang was talking to him, he had already voiced them to them, and they were waiting in the forest garden. It is necessary to kill Zhou Shaojun!

Zhou Shaojun was the murderer who killed one or two three on the same day. The other dead ones can only be regarded as followers. If Zhou Shaojun escapes, even if the waste is alive, Shen Lang can’t accept it.

And he, he has to kill the puppies!

Last time I thought that with his departure, Bao Puzong could only get a little information from Ge Luting. Unexpectedly, in the days when he left, Weiyangzi would arrest the rest of the earth. They have read the memory of Ge Luting and have learned a lot about it.

In addition, you can also let Ge Luting come forward to summon, it is not necessary to spend any effort, you can gather people together, and then control together.

For this group of people, Shen Lang has saved everyone twice. There is no owe to anyone now, even if they live or die, they will not be burdened.

However, this can be regarded as his continuation, and it is a direct threat to provocation. If it is ignored, it is really a confession to escape. Shenlang can’t swallow this breath.

Of course, Zhou Hao did not dare to stay. In the inside, he probably knew what happened outside. He watched that Weiyang had held down the Shenlang. He immediately took the opportunity to send his son away.

Qiu can report later, since Shen Lang has emerged, and there is also the relationship between Qiu Lin Jianzong, the monk ran away from the temple.

But his son is one, and there are half of his life. If he can't save, there is no chance.

Therefore, when Weiyangzi spoke, Zhou Hao had already carried Zhou Shaojun out, and then flew directly into the air regardless of the situation at the scene. At the same time, a flying magic weapon was ready, and it was necessary to fly directly from Linyuan to Tiandu. !

Shen Lang thought that he would hide in it for a while. Considering Lin Huan, he couldn't take it anymore, and he personally had to focus on the other side to hold Park, so they were here to guard.

I didn't expect Zhou Hao to come out so soon, of course, I won't miss this opportunity!

Zhou Wei is well prepared, so from the time he comes out to leave, the speed is very fast, and he gives up the other.

Zhou Shaojun, who he personally carried, is still awake. When he sees the dark waves, he wants to split!

It is this person, this person who would have become a stepping stone for him to make a name for himself, but let him be infamous in the public! Moreover, it is also uncomfortable for him to kill him.

“Hey! Kill him!”

At this time, he couldn't help but scream, just because it was too weak and the sound was not loud.

Zheng Yumeng and others, who got the shackles of Shen Lang, just paid attention to the Huanglou, and now they are going to start, and five people are blocking from different angles.

But there is one person, faster than them!

Chapter 1249 - Surround

Of course, it is a wave.

Shen Lang originally wanted to have more experience for them. She also had a face-to-face meeting twice, and she was more familiar with it. Although he did not think that he was carrying Zhou Shaojun so quickly, his main purpose was to destroy Zhou Shaojun, not Zhou Wei.

So... he doesn't have to chase it, but raises his arm directly!

Already prepared for the holy armor, suddenly a series of shelling over the past!

Zhou Shaojun just shouted "kill him", and he was continuously bombarded and lost his consciousness!

Zhou Wei took Zhou Shaojun away, and of course he also protected him. However, his original purpose is to leave, the speed is fast, and there is still a slight lack of defense.

But no matter what, a series of shellings were also defended by him.

The problem is that with the strength of the Zhouyi Banxian Peak, in addition to the external defense, the flesh is also very strong, even if it is really hit, it can still survive.

But Zhou Shaojun is different. He is now a waste person, and during the period of recuperation here, he was just suddenly taken away, just like the patient pulled out of the intensive care unit.

So there is no need to directly hit him, but the continuous bombardment and defense shock, he stunned him!

And for such a moment of delay, the attacks of several of them have already arrived. Zhou Wei was immediately blocked, and he could not leave.

He kept an eye on his son's state and found that his son was in a coma and could not help but be furious.

“Get out!”

This violent drink, and then everyone on the scene was shocked.

Just as he appeared, everyone else paid attention to it. Everyone made various decisions.

Mu Tianyu and Mu Tianchu, two people, looked at Zhou Wei like this, obviously want to escape, no heart to fight, so did not help. Otherwise, the two of them will become Zhou Wei's dying ghosts and help Zhou Wei to block the arrows.

Weiyangzi is also making a choice. If he is now shot, it is likely that he has blocked the heavy responsibility, and Zhou Wei has ran straight. If you don't shoot, if Zhou Hao has something unexpected, then everyone can't be friends.

But soon he had a decision, Zhou Wei should not have any more accidents, and a broken arm is enough to make him cautious.

But Zhou Shaojun is hard to say!

Zhou Hao's resentment comes from Zhou Shaojun's experience. If he let him see Shen Lang's killing Zhou Shaojun, it must be hateful!

At that time they could take a profit.

Therefore, these main forces, these originally and Zhou Yi side, are still standing still, watching the six people in the Shen Lang together with Zhou Wei.

Zhou Wei, who has just erupted a powerful momentum, has not attacked a few of them yet, but he has seen the strange iron bars appear again in front of you!

Before the arm was broken by this stuff, the yellow building was also shaken by this thing, it was still on the yellow floor.

The appearance of this iron rod also evoked Zhou Hao's great resentment for Chaotian.

If we really want to divide an importance, the importance of the celestial seal is actually above Zhou Shaojun's life. It is as if for an emperor, the jade is more important than the life of a prince.

Even if it is emotional, he is more inclined to his son's life, but he can't put down the dynasty. If the swell of the sun disappears, and Qiu Lin Jianzong does not accept the account, then he is the sinner of Chaotianmen.

Even his father will whipping him...

"Shen Lang! You want their lives!"

Zhou Shaojun was fixed on his back, and Zhou Wei did not need to hold him by hand. In fact, only one hand can be used now. So now he has to use his left hand to grab the iron bar and avoid being hit.

At the same time, his field came with his heart, and he controlled the surroundings. He dragged them to gather him.

If Shen Lang continues to attack him, it is likely to accidentally injure other people, and his intention is also obvious. From one of the five people, one or two will be caught to threaten the waves.

"Just by you!"

His words were just finished, and he found that Dorothy had already arrived behind him, and one hand had already caught Zhou Shaojun's head!

This surprised Zhou Wei.

He had just controlled them, even if they were sucked closer, they would control them and would not really be close to them.

But what he didn't know was that the others were even weaker than him. Dorothy's strength was no less than that of the peaks and half cents!

And now with the evolution of the blood of the true dragon, the body has a powerful gene that is difficult to describe. Zhou Wei's field did not have much effect on her, and her speed was fast.

“stop!”

When Zhou Wei said this sentence, the body turned sharply, and the remaining left hand swung a palm to Dorothy!

It is a pity that Dorothy's speed is very fast, and the strength is even stronger. The fingers have been scratched. Zhou Wei's defense against Zhou Shaojun, even if he was avoided at the crucial moment, but still cut a large piece of flesh and blood!

“what—!”

Zhou Shaojun, who had been fainted by the past, had torn off a large piece of flesh and blood and directly woke up. Then his current physical condition can not withstand this pain, almost shocked in the past!

Zhou Weiguang avoided the deadly blow of Dorothy on his son, but ignored the stick of Shen Lang!

With his physical strength Even if you stick to a stick, there will be no big problem, it has been smashed before.

But the problem now is that after he turned around, he was going to pick up a stick, not his back, but Zhou Shaojun on his back!

When Zhou Shaojun woke up and just made a sound, Zhou Wei reacted. This made him very desperate, unable to attack Dorothy, want to turn around and turn off the palm of the wave...

It's just that Dorothy is very fast, and the waves are very fast. Zhou Wei, if he turns back and forth twice, can still calm the enemy's words, unless they are more than twice as fast as Shen Lang!

The result is that he has just turned, less than half, and the iron bar has hit his back!

When Shen Lang was in the moment, the control of the iron rod became thicker, and Zhou Shaojun was immediately flattened on Zhou Wei.

And the powerful power of that stick also made Zhou Wei's body rush forward.

Just his mind was on his son, and he ignored the control of the field. So, Zheng Yumeng and others who were attracted to it seemed to have gotten an acceleration and then lost control.

Four people attack at the same time!

And Dorothy was shunned and grabbed it straight down his shoulders, then smashed the broken arm that was hanging on his shoulder like a sleeve.

Zhou Wei did not get much influence. It was the initiative to close the arm. But now the whole arm is torn open by the hard, except that the closure of his closure is broken, and the shoulders are torn off most of the time!

Just a stick of Shen Lang, let him know very well that this time his son has died and can no longer die. There is no chance to save again. It is a purely physical destruction.

Under the pain of the bereavement, the pain of the body made him more awake!

Chapter 1250 - Encroaching

The pain of the body stimulates his nerves and keeps him calm while keeping the whole person crazy.

He can't lose his senses, or else he will probably be here today.

Weiyangzi and others who have the strength to help are sitting on the mountain and watching the tiger fight. Obviously, there are no allies at all, and they are waiting for him to consume the waves!

Therefore, he must rely on himself, must kill Shen Lang to avenge his son, but also to protect himself!

Now that he has completely lost an arm and even lost half of his shoulders, this is not something that can be explained. Shen Lang still has some advantages, and must be highly valued!

At the time when the most important son had just killed him, Zhou Wei was able to maintain such an attitude quickly. He had to say that his mood was very high, just like Lin Huan.

Unfortunately, even if he calms down, it is already late!

Because when he killed his son in a wave of Shen Lang and drove his body out, there was another chain that had already tied one of his legs!

When he calmly analyzed, he found that the leg had lost its feeling!

The nebula chain produced by the tough front is the ultimate in ice and can directly freeze people. The canoe that manipulated it is now the realm of the half-sex, and it absorbs the yin-spring of the meditation. Just not only relying on the power of the chain, she is still injecting the cold air.

The strength of this enemy, Shen Lang has been smashed, so they are also prepared, at this moment locked, in addition to the canoe, there is no other attack on the rain, the same force to inject the cold air in the nebula chain.

In this way, it is equal to the power of the three parties. If it is not the high level of Zhou Wei, where is a leg, the whole person has already become an ice block.

The strength of Feng Jiji has also kept up, but her combat experience is not very good, and there is no special practice. At this level, the magic weapon that Shen Lang gave her before can not be effective.

Therefore, she is now working as a logistical job. When the two people are concerned about the attack of the ice, she is acting as a cover and protecting them.

On the other side of Dorothy, it is “the nature is difficult to move” from the blood of his shoulder injury a lot of blood!

Frozen, blood-sucking... Is this like a master battle above the semi-fair realm?

And Zhou Hao has no chance to spit out, because it is very effective!

The ice has directly made him feel unconscious on one leg, and is still spreading rapidly to the waist, so that he has to stop doing it.

On the other side, if you broke your arm, he can stop bleeding, but now it is raging! Not only does the injury not be able to close, but it also affects his physical fitness.

Some of their girls have played well, and the main force of Shen Lang, how can they drag their legs?

Just after a stick was effective, Shen Lang also understood that the grievances with Zhou Wei could not be put down. Waiting until Wuyangzi join forces will only be more troublesome.

Now that Lin Huan is not shooting, Weiyang is still waiting for the profit, which is the key moment to eliminate an important enemy first.

Therefore, Shen Lang did not stop at all for a moment. In the case that Zhou Hao was tied and did not fly away, he hit another head to Zhou Hao's head!

Zhou Wei is now suffering from only one hand. He wants to blow the blood-sucking Dorothy and want to attack them. As a result, a stick of Shen Lang has come to the front!

This is overwhelming. He doesn't even have time to practice spells. He doesn't have the powerful power of the sky. He can only control the field while distracting them.

This time, his left hand was with a strong force, directly grabbed the past and grabbed the strange iron bar of Shen Lang.

This should be a magic weapon to come. It may be borrowed from Shenlin Jianzong. If you take it over, there is a way to change it back.

Just as his palm was about to touch the iron bar, the front end of the iron bar suddenly became sharper!

With the speed and strength of both sides, the moment of contact changes, it is too late to withdraw or change the hand.

It is normal to catch an iron iron ball, but who can directly grab the steel fork and catch the needle cone?

Ever since, the power of Zhou Wei has been sloppy, the greater the power, the faster the sharp sticks are pierced, and the moment has disappeared into the palm of his hand.

Zhou Wei immediately thought of a thought that made him a little desperate!

The reality immediately confirmed his conjecture – the iron rod suddenly swelled up after it became sharp and pierced into the palm of his hand!

The iron bar was originally a high-level magic weapon, and it has already entered his arm. In such a state, it becomes impossible to suppress it. He can only watch the remaining arm burst!

Originally his arm that had been broken by the sinking waves had just been torn off by Dorothy. Now another arm has exploded. The situation is really terrible for his character at this level.

What makes him sorrowful is that Dorothy is not wasting at all. When his arm bursts open immediately grab his blood on both sides!

The next moment, the canoe also changed its strategy. Since it was difficult to force it up through one leg, the nebula chain was immediately replaced, and another leg was wounded.

Zhou Wei just closed at the waist to block the cold from the one leg, and it was only to support a little time, and then he could calmly cope.

I didn't expect the situation to be even worse, and I didn't pay attention to the following situation. When I found out, the other leg also lost consciousness!

The two legs were frozen and frozen, and the two arms were pumped out by a large amount of blood. This made Zhou Wei's physical condition suffer a lot.

At this moment, he can operate the field, but found that he did not know when it was reversed by Shen Lang!

Until this moment, Zhou Yu was surprised to find that the strength of Shen Lang was no longer under him!

how can that be!

Seven days ago, he was still a character who controlled them casually. How can he strengthen his level in seven days?

Is Qiu Lin Jianzong not only able to borrow magic weapons, even mana can borrow?

His body and mind have been devastated, and at this moment, he was immediately invaded into the spiritual world by Shen Lang.

When he reacted and wanted to resist, he found that the spirit of Shen Lang seemed to be far better than his power, so that he had a pressure to look up.

At this moment, Shen Lang immediately controlled his consciousness and lost control of the body. Zhou Wei was immediately "smashed" by several of them.

Shen Lang was also not polite. On the one hand, he took his mental power and read his memory. After all, I got the sky, and I need to know how to use it, otherwise it would be too wasteful.
