Chapter 126 - Chaowu Hero Club

Before the Shenlang college entrance examination, I got a message from Yuezhennan.

Yue Zhennan is also a crazy cultivation, and does not often come to find the relationship between Shen Lang and Lia, that is, when there is a need to repay the soup, it is also a reliable person to arrange the Yue family.

However, in some important matters, Yue Gang still used him to contact Shen Lang to make his son and Shen Lang more closely related.

The news is that Pingxi City will hold a “Super Wu Heroes”, this super-wu hero will be held once every three years, as the name suggests, is a heroic club of the extraordinary warriors.

It is of course a great force to manipulate and host this super-martial hero. It is also usually held in big cities, sometimes overseas, or popular tourist islands, which have never been seen in Pingxi.

Moreover, in general practice, the venue and time of the next meeting will be decided in advance, and will be officially announced at the end of the previous session. This is also required to be assisted by local people.

In other words, this was not originally held in Pingxi City, and the time is not the most recent. It's a city that's overseas at the end of the year, but I don't know what's going on behind it. It's said that it's not going to happen.

Then there was a big point to Pingxi, and asked if this super-wu hero would be temporarily handed over to Pingxi to hold it. Is Yuejia willing to assist in hosting?

The news is that Yue Baichuan is there, and the old man is standing in the officialdom. Of course, he thinks more deeply than Yue Gang. He understands that this is a hot potato. No matter what kind of factors, it will not be very peaceful to be held in Pingxi.

But the problem is that he can't quit!

Since it is decided to go to Pingxi City, it is not that their Yue family can change. If they are not willing to assist in the contract, this will be handed over to others.

It's not that this would offend those big men, but it's a kind of recognition to specify who to do. The Yue family that I first looked for shows that the Yue family is the representative and leader of Pingxi. You don't want, others are rushing to.

Just like hosting an Olympics, it is an excellent opportunity to show strength and enhance visibility.

The Yue family has been in decline for many years. It is considered to be a glimpse of the world, and it will be recognized by the super-wu heroes. It is also the completion of the curve.

If I used to, Yue Baichuan would definitely estimate the other reactions, but I didn't dare to take it. But after the last incident, whether it was Daxuanmen or Linghequan, it was like the low-key crouching of their Yue family. I dare not look for the Yue family again.

So I know that it is hot potato, but for the Yue family, they still pick up. In fact, the problem is not big. It is not necessary for the Yue family to have any extraordinary military personnel to come forward. As long as the organization is well organized, it will do.

But whether it is Yue Baichuan or Yue Gang, I feel that this time is a bit clever. Is it because Yue Baichuan wakes up and recovers? They don't think Yue Baichuan has such a big face!

After analyzing the results of the commercial plaque, I suspect that this is related to Shen Lang, and it is related to the name of his first Pingxi first monk who was born!

Therefore, after letting Yuezhen South ventilate, Yue Gang personally came over and talked with Shen Lang. Asked if he is willing to sit for the Yue family, even if it is not directed at him, suddenly there may be some demon moths, and there are Shen Lang sitting in the town to be at ease.

After Shen Lang considered it, he agreed.

He also felt that the time was a bit clever, and after that night, everything was too calm, the five did not find someone to avenge, and no one else refused to accept his first challenge, always felt a bit like the tranquility before the storm.

In this case, it is better to solve it together. If you are coming to him, you will solve it, not to him. You can also see what level this super-wu hero will be.

According to the information of Yuejia, this hero will come to Pingxi City to hold it. It is considered to be “deserved and honored”. It is not easy to see the extraordinary warriors who will appear, and there are comprehensions behind them.

Promise to the Yue family, he can not run away first, or whether it seems to be afraid. Fortunately, when his college entrance examination is over, this time is coming.

This is inconvenient to tell the parents, so Shen Lang excuses to travel, go to Yuejia in advance.

For him to come to Yuefu Garden, Yuejia is hosted by the highest standard. The contemporary homeowner Yue Gang, the existing veteran Yue Baichuan, and Yue Bailun are all personally accompanying him.

They also detailed the specific situation of this super-wu hero. Two days later, more than 50 extraordinary warriors will come to Pingxi to participate in the event, mainly in China, and some foreigners will come.

The size of fifty people is not large relative to any sports meeting. However, according to the previous Yue Zhennan, a section of the extraordinary warrior is a master of the average person, and the third section is already comparable to the level of the professional boxing champion. In this way, the scale is very large.

After Shen Lang and the super-armed people have played against each other, I feel that Yue Zhennan may not be exaggerated because he does not understand. Of course, he has not played against the professional champion, perhaps the level of Ahu.

And this time, fifty people are all high-end super-wu people with more than seven paragraphs!

For Pingxi, this is a very huge force. You must know that Pingxi's black and white natives, Bai Qiye, Bai Shenghua, are just a seven-segment of the extraordinary warrior, and Yue Jia's six-part Mo Qi It is also respectful!

Specific to this heroic club, in addition to talking about the martial arts, the most crucial thing is the contest!

According to the seven, eight, and nine segments, the three groups began to catch the fight from the 16 people, and decided the strongest in the group. In addition, the two more are invited players, as a substitute, if there is an accident, exit, etc., it will be added.

In addition, each time they will take care of the local area, each of the four places will be provided by the organizer, similar to holding a wild card, and the final winner will be eligible to challenge the hero's strongest winner.

There is no problem with the organization of Yuejia. In advance, the family resort industry in the mountains is locked in, and it can be kept secret and controllable. But the local 12 places are a bit difficult.

Yue family does not have so many more than seven paragraphs of super-wu people, it is impossible to give their own, so the original plan is to give Da Xuanmen their two places each, the last two to other, Yue family do not participate.

As a result, they did not know whether they were out of caution or low-key, or because of the mentality of boycotting that night, they all refused to say that they were limited in strength, and they were afraid to compete with the heroes of the world.

It is impossible for the Yue family to order them to participate, so that in the end, it is basically twelve of that night. In addition to their five comprehensions, these are really representative, but they all seem to be arranged by Yuejia.
