Chapter 132 - Night club

The desolate request is to let Shen Lang put her into the blood crystal bracelet.

According to her explanation, this blood crystal bracelet is something she has carried for many years. Like her sword, she is nourishing and nurturing with qi and blood, and has a certain psychic effect.

Now that her body is gone, the Yuanshen is very fragile. If she enters this blood-crystal bracelet, it is equal to using her previous spirit of blood to warm her own god.

To put it simply, the speed at which Yuanshen grows is much faster than that of Shen Lang.

Shen Lang is only because she said it is her old things, see her so excited to buy it. Now that I know that there is such a good effect, of course, it will not be wasted. This thing can only be used by her, and no one else, including him.

Therefore, the Yuanshen, who lives in his body, is transferred to this blood crystal bracelet. This is the same effect as what he said before being placed in other artifacts with certain aura.

Now the desolation is his slave, and she is not worried that she will escape or harm him. This blood crystal bracelet does not need to be sealed.

But he is a man, wearing such a bracelet is a bit strange. If you put it next to you, which other girl is asking for it, it is a bit embarrassing.

So when he didn't see it, he directly put it into the storage ring. Let it be collected first, let the stagnation cool in the rest, and then come out later when it is useful to her.

After returning to Yuejia, Shen Lang did not ask them to accompany him and practiced in the room.

That time, I practiced for more than ten hours in the tomb of the King of the King, and absorbed all the auras in the underground palace, so that Shen Lang had made great progress. This month is

even more persistent, and I will not hesitate to go down with a lot of spirits. Ten batches of Lingshi have already dried up and refining two batches!

However, if you want to raise the “Yin and Yang Bozhengzheng” to the third place, you still need to have a long way to go. So bored, he is also practicing with ten spiritual stones.

Now I have regained the storage ring, so that he can carry things easily. All the Lingshi are carried, adding more than two hundred Lingshi, he can make it casually.

In the evening, in addition to Yue Jia’s grand reception, Shen Lang was pulled out by Yue Zhennan after dinner.

In the words of Yue Zhennan, cultivation is also necessary to join the WTO. Everything needs to be experienced in order to exercise your heart.

Shen Lang originally felt that there was no such necessity. His heartfelt feelings in the last life have made him very stable. But now it is not the last one. Now it is a young, deep wave. There are some modern lives that need to be understood and contacted.

Therefore, there was no further refusal, and Yue Zhennan came to the most famous nightclub in Pingxi.

Entering the bar, Yue Zhennan is very familiar with it. There are managers to entertain him. In addition to ordering some fruit snacks and beer, he also has some wines stored here.

Yue Zhennan also considered taking too many friends to have a good time, but thinking that the character of Shen Lang and other people could not come together, and could not talk to other people about his identity. In case the unopened friend offended him, Serious consequences, it is not very good.

In this way, only two of them, and asked for a big card seat, is the manager of the bar, and it still seems to be cold and clear.

Yue Zhennan used to be a big group of friends and friends, and the managers were used to it, thinking that they still came over. When Yue Zhennan felt that the atmosphere was not enough, let the manager call a few little bees, which also made the manager feel amazed.

“how do you feel?”

“It doesn’t mean anything.” Shen Lang tells the truth, he really didn’t find it very interesting. Under the huge sound, he should talk a little closer, even if drinking is not necessarily the case.

“Oh, that’s still early, the beautiful women haven’t appeared yet. You have to enjoy this atmosphere and enjoy the beauty. You are younger than me, but as old as my dad, it’s boring.”

In such an occasion, Yue Zhennan is good at making fish, and also makes his pressure in front of Shen Lang a little smaller.

The manager soon brought a few beautiful women, which is commonly known as the little bee. They are not counting wine, nor are they accompanying wine women, but the nature is also what kind. It is the bar that takes the salary to warm up, creating an atmosphere for many female guests in the show, attracting male guests. And the male guests ask them to drink, this is to drive consumption, they can have a commission.

Originally, Yuezhen South did not lack a girl, whether it was a familiar friend or a friend of a friend. I won’t take care of the little bees, but now he and Shen Lang are two, let the manager call a few to come and have fun.

But in general, this is just to accompany you to drink and chat, to promote the atmosphere and consumption, unlike the nightclub to accompany the wine can be used to move hands. Of course, that is the nature of the stipulation. If they hook up well, or are willing to be kicked out by the money, the little bees will go out with the guests.

Although Shen Lang didn’t think it was interesting, since he came, he still invested in it. However, it will take about an hour before and after. It will not really be played with Yue Zhennan in the middle of the night. It is not a experience and relaxation. It is really a waste of time.

When he proposed to leave, several little bees followed, and their work tonight was completed, and they were all part-time.

Together with Shen Lang, Yue Zhennan is also unable to play, and he is now concentrating on cultivation, and the addiction is not much let the manager deposit the wine that has not been finished, even if the beer.

As they walked out, people whistled from the bees from time to time. There is no need for a beauty with a high value, and the youthful and beautiful dress can make the male guest look good.

But walking and walking, there was a change!

Others just whistle, or say hello, invite a drink, and they are rejected. However, after a few foreigners, one of the foreigners, do not know whether they could not understand, or deliberately, directly dragged one of the little bees, and pushed it to his friends, sitting outside the country laughing haha The one is stunned.

The girl screamed, but in the huge musical voice, it was not so harsh, it could only be heard nearby, and it seemed to be laughing.

The foreigner laughed and pulled other bees. They didn't have any female companions. It was just right to pull these girls over.

Several little bees have been frightened. Many of them are students who work part-time. They also pretend to be female customers, not ladies, not specifically to fish men. Sven's response is still going to happen. This is quite a foreigner, and they are scared.
