

First Strong 133

Chapter 133 - Foreigners

Probably the things are rare, plus the hospitality of the people. So in general, foreigners are very easy to eat. Don't say that places like Pingxi are first-tier metropolises, and foreigners are still very popular.

In foreigners such as nightclubs, there are often fitness habits, good builds, tall and tall, always easy to meet the sister, and even the sisters take the initiative to post.

But it does not mean that foreigners are of high quality, and some are obviously low.

Like these few encounters here, it is no longer a matter of high quality, but unscrupulous! This is not the nightclub room that closes the door. It is like this in the bar. Whether it is a real guest or a small bee, it is a violation!

When he laughed and haha stretched out the second one, Shen Lang had already rushed to the front and stopped behind the nervous little bees.

This is a tall black man who had to catch a sister. The result turned into a man, and his open smile was closed, and his white teeth disappeared.

“What are you doing?” The black eyes waited for the waves, and the stopped hand stretched out again, pulling the sinking waves to the side.

Shen Lang raised his hand and grabbed his palm directly.

After the hand was caught, the black face changed – well, the skin color and light, and the complexion can't be seen. His hand was supposed to pull the swaying wave away. At this moment, after being caught, he immediately twisted it and turned it into a fist and ran into the chest of Shen Lang!

Shen Lang was originally grabbing his hand and preparing to teach him a few words. But this shot makes him unhappy!

Originally, Shen Lang grabbed his hand. After being screwed by him, he became a fist and got caught. The grasp is the wrist, and he will follow the black fist forward and smoothly to the wrist. In other words, let him hold, but the same can hit him.

It's not the same!

His hand went straight along the wrist, grabbed the fist that hit him in front of him, and then used the "Dazu Milong like the magical power", directly and vigorously pinch!

A fist and a fist with the other side's attack were directly pinched!

The black eyeballs are almost protruding!

He did not expect that this would be the result. I thought that this fist would go down enough to fly the Shen Lang. He would stretch out his hand to pull the girl, and no one dared to show it.

After feeling the pain, the blue veins on his face rose and he couldn't take care of the other, and immediately kicked the big feet to the body of Shen Lang!

This is basically Wei Wei Zhao Zhao, even if you can not kick the Shen Lang, can force to let go, he will keep his fist.

However, Shen Lang's hand moved directly to his fist and wrist, and then used his arm to shake his whole person. The strong body immediately fell out!

The other foreigners, one of them hugged the little bee, the other one was playing next to it, and there was a laughing drink. I didn't expect it to come over like this. The wine glass was too late to be put down and was directly hit by the body.

"Fak!"

The one who was hit, quickly held the black man to the side and roared in his mouth. The one who twirled the girl stood up and prepared to come over.

"Roll!" Shen Lang walked forward and picked up a bottle and slammed it on the man's head!

With his ability, of course, there is no need to use a bottle as a weapon. It's just that in the eyes of the public, in order not to be so magical, the bottle was used. He was stunned by him, and he stunned the man directly, and swayed and fell to the sofa.

“Let her go!” Shen Lang stared at the foreigner.

The foreigner pushed the little bee away, and then said loudly: “Do you dare to offend us? Do you know who we are?”

Shen Lang answered him with a slap, and the fan directly on his face!

“You! Yes! What! Oh! People!” Shen Lang said one word at a time, but the hand did not stop. Every word was a slap in the face: “You! He! Mom! No! Yes !people!”

This foreigner has no resistance at all. Every fight is on the same side of the face, and his face is quickly swelled up quickly. People are also hurting to stare at Venus.

The foreigner who left the black man to the side, looked at the situation, immediately slammed into the back of Shenlang's back!

Shen Lang was walking at the end. When it happened, it was blocked by several little bees. It was only a little late to catch up. Of course, he is not afraid of the loss of the waves. What needs attention is not to let him kill people!

So he stood behind and watched, “anti-” is not a few foreigners, but Shen Lang.

When I watched the slamming of the waves, I felt very cool and wanted to have a meal together. Several little bees were nervous and ran, and there were a few customers around them who were applauded.

At this time, the foreigner's punch on the back of Shen Lang's brain was a surprise to Yue Zhennan!

They are not ordinary people!

This seemingly unremarkable punch is a fierce wind, even if he is not close.

Extraordinary warrior!

Pingxi has no foreigner's superb warriors, and their identity is ready to go.

Shen Lang did not look back, waved a punch in the back, and directly confronted the man's fist.

The foreigner saw Shen Lang stunned one of his friends with a bottle, and looked at another non-stop fan, and realized that Shen Lang was not an ordinary person, so this punch is also true. If an ordinary person is hit in the back of the brain, it is possible to kill directly.

Shen Lang's backhand blocked him, and that didn't surprise him. The angle of the backhand is very awkward, and it can't play a little bit of power. Even if the other party is a superb warrior, he can do the same!

I didn't expect the fists to meet, he felt that his fists seemed to be broken and the general pain!

No, not just the fist, the power directly seems to be abolished!

Until now, Shen Lang is still a point to go, or else they will be killed directly. Originally, if they were just ordinary foreigners, when they had a drink, they would pack up their education. Finding that they are super-armed, it is not the same!

Extraordinary warriors make such a thing, do not say that they know the law and violate the law, at least they are bullying! They want to force these girls, they have no resistance, so Shen Lang also let them feel the power of no resistance!

"Forget it... let's go." Yue Jia is the organizer. It is not very good to be big. Yue Zhennan pulled the back of the waves.

"Bring them, roll!"

Shen Lang did not go first. If they vent their anger to ordinary people, the damage may be a bit large. So directly grabbed this foreigner, smashed it up and gave a drink.
