Chapter 1331 - Tree god?

Before Shen Lang did not check the situation of the tracker, I did not expect that Lu Jiaran also came here so quickly.

I have tried it now, and since I am still, of course, they can mobilize their trajectories.

The reaction of the Black Dragon King to the Emperor Huang can be sensed. The locust raised by Zhou Yucun can certainly sense its existence. Since he was killed, he must have discovered it.

Whether it is the mysterious woman, or Shen Lang is back, if it is not urgent, Zhou Yucun may be able to come back to see what happened.

And if you want to return quickly, it is natural to take the road you have already walked. It is a safe road that has already repelled the beast and retired.

Now Shen Lang is avoiding this safer road. In addition, the road is passed. Anyway, through monitoring, they can know their position. As long as they are not separated, they lock the seats of all of them.

If Lu Jia is separated from them, then of course it is better, and they are directly put them!

By now, Shen Lang has an incredible amount of information and maps, and Lu's path-searching role is not that big.

Although they deliberately choose to avoid their route, it does not mean that it is difficult to walk and detour.

Because of this mysterious valley, it is possible for someone to come once in the millennium. Of course, there is no fixed "road". There are no maps at all. Maybe they have information and clues, but they really walked up. There is no reference to them here. They are completely on the sidelines.

Shen Lang is now watching their trajectory, which is a big circle. And as long as he refers to the trajectory, he can actually go around.

When I really got up, the speed also accelerated a lot. After all, others have gone for a few hours, even if they are close to the road, they are still far away.

However, what makes Shen Lang a bit surprised is that this road is going on, and there is no danger!

According to the mysterious woman, there are countless treasures in this mysterious valley, but it is also dangerous. But now it has not met, except for the big snake and the tree spirit, the beast, the king and the beast.

This makes the mysterious girl a bit embarrassed. If the environment here is not so good, I really have to doubt that there is a problem with the information.

They are stop and go, and they may also discuss and identify directions. Shen Lang not only cuts the road, but also adjusts the road at any time according to what they are now.

In the end, in less than an hour, I'm going to meet them!

In addition to being too calm all the way, Shen Lang also found another problem, that is, there seems to be no night here!

According to the time, when they came here, it should be almost in the evening. I didn't think about it until I left, and then I went back after a few hours of disappearance. It's still not dark.

Now that I am here, there is still no darkness.

However, this is not important. Special circumstances have special phenomena but are normal.

After confirming the distance, Shen Lang took out the mysterious stone. When the mysterious girl saw it, she also understood it. She also took out the stone and concealed the comprehension of everyone, just like a stone.

But she is a bit strange, how does Shen Lang know that she is close?

As for catching up so quickly, she didn't realize that because she had been struggling against the locusts before, she had no time to take care of her time, and there was no darkness. She didn't know how long it had passed.

Shen Lang took the mysterious woman to move forward, and the last paragraph could not go fast. He realized that this time it was really not safe.

Because in addition to so many people, they have been staying for a while after they have arrived here. It's not black, they don't need to rest, and they need to discuss the direction. It doesn't take long.

There are only two possibilities – either to meet the important treasures they are looking for, or to be trapped by the dangers of powerful beasts!

But it can't be too slow. They have already stayed there. Once the danger is solved, the treasures are divided up, and it is not so easy to separate them from them.

Therefore, we must rush to the situation as soon as possible under security, look at the situation on the spot, find opportunities to make a share of the fishermen.

When approaching, Shen Lang inconvenienced to use the knowledge of the gods, through the reconnaissance function of the holy armor, to understand the situation on the spot in advance. This reconnaissance was a surprise to him!

At the scene, there were only a few people from the Huangfu family and the Lu family. Zhou Yucun was not there. It should be true that after the locusts were destroyed, they immediately rushed back.

This also makes Shen Lang slightly fortunate. If it is not a change of route, follow the traces of them, halfway through.

The seven people of Huangfu and Lu's family are now being controlled and are struggling! That's why they stayed here without moving.

What surprised Shen Lang was the enemy that trapped them.

That is a tree!

From the appearance, it is also a tree of life, but this tree is a bit like a human!

Above its trunk, there are obvious characteristics of the human race, but it is still like a tree, like a tree trunk, and a three-dimensional five-man tree.

The tree branches of the tree surrounded them all seven, so that they could not leave. But instead of killing, it's just an attack on the attempt to break the line

Now they are both sides, and only Huangfu Jiayi and Lu Yang have the ability to attack. Others can only guard themselves. But even if they are two, they are also limited to death.

Undoubtedly, this tree is completely easy to use, and they will not kill, perhaps they want to fish – for example, already know the existence of Zhou Yucun, waiting for him to enter the net!

Spiritual beasts and beasts, if the realm and wisdom are extremely high, reach a certain standard and will be placed at the “king” level. On top of the king, and then practicing evolution, it is called the beast.

Now this tree is so fine that it can easily control a batch of half-sex, including the peaks and half cents, and the strength is much higher than them. Perhaps already comparable to the beast, should it be counted as... the tree god?

In fact, on the earth, there are also myths and legends such as flower fairy and **** wood. The demon, the strange, the fine, the spirit are all-encompassing. However, as seen in the previous generation of Shen Lang, there was no real encounter with plants.

Of course, not seen, it does not mean impossible. Perhaps it is just an environmental relationship, or a broken inheritance. Like the aura of the earth that year, it is far from the mainland of Nakajima, let alone the valley is far more than the outside world.

Observing, Shen Lang fiercely grabbed the mysterious girl and took her quickly to dodge!

This tree **** is stronger after all, even if they hide the breath, it has already been discovered by it, and it is pretending not to be discovered, and a root must be rolled up.

The speed of the sloshing of the waves is very fast. With his current realm, carrying one person's weight has no effect at all.

But that root must, but not swept away, but like a flexible snake, quickly followed!

Chapter 1332 - Killed and how

Shen Lang took the mysterious girl to dodge because she still didn't know the situation.

But now that there is an attack, the mysterious girl will of course know that it has already been discovered, so the gods have explored the surrounding situation and at the same time began to take shots of the roots that followed.

I saw her finger flicking, the flames of the group flew out quickly, and directly greeted the roots that followed.

The fire can burn almost everything, and the roots of the trees will be burned. This attack is the right path. However, she underestimated the strength of the other side, the root must, did not even fear, even dodge did not evade her flame!

Just through the flame, continue to chase, the flame that she popped, but can not burn it!

This makes the mysterious face change.

Originally, she used a shawl, but she was not lethal to this shackle. But now the cast spells have no effect at all.

“go with!”

Shen Lang displayed the “Phantom Meteor Step”. Although it was not caught up, it basically followed the back. As long as he was a little slower, he would soon be hit.

So when he got around a boulder, he directly raised his hand and threw the mysterious woman back, then turned to face the roots.

The mysterious girl also cooperated immediately, and the guard fell on the boulder.

When she saw Shen Lang, she actually turned back quickly, making her a bit speechless. This kid is too big, right?

Then she couldn't take a look at the situation of Shen Lang. I quickly checked to see if there was any way to cut off this root.

Reversing the display of "Phantom Meteor Step", no doubt speed and agility are a little worse, the root must not attack the mysterious woman, but continue to follow the Shenlang, and then he came to his side.

When you want to hit the Shenlang, Shen Lang is reaching out and grabbing the front end of the roots!

Then he quickly circled around a big tree and wrapped the whiskers around.

At the same time, there appeared a willow sword in his hand, and he went straight to the roots!

Liu Yejian was originally given to Zheng Yumeng, but when they left, they all realized that Shen Lang sent them back to the earth, and they were going to a very dangerous place, so they put Qiu Shuijian, Jinxi, Chaotianyin and so on. Good things, let the waves carry, ready to go.

Shen Lang originally felt that he didn't need it. He has a lot of magic weapons now, and he can't use it. However, their concern, coupled with the ruins of the unknown, in addition to the danger is unknown, and at the same time enter the competition, will be the masters of this continent, a little more magic, perhaps also useful.

Coupled with their strength, placed on the earth, is already the top level, there is no magic weapon, no one moved, so he accepted it.

Liu Yejian was sent back in the cold autumn. It was originally cut iron, but now the roots that are cut on the bundled branches are only cut into a few points, and they are not completely cut off!

The speed of Shen Lang is very fast, and the speed of this tree **** is of course very fast.

Although the roots are wrapped around the tree, at this moment, the big tree that surrounds, all the branches and leaves are rolled over to the sinking waves!

I don't know if this is the contact, or the tree **** can manipulate other big trees. At this moment, this tree is not the tree of the tree of life, but also the tree essence that has been encountered before.

Shen Lang is slightly cold, and Liu Yejian has become a stagnant water whip!

The stagnant water whip in his hand and he danced quickly.

Bai Hong can cut the branches of the tree essence, and the corrosion power of the dead water whip is even more invincible!

In the twinkling of an eye, the deep waves have been wrapped in the branches and leaves, but after a while, they are falling, including the roots of the tree god!

When Shen Lang was out of the dead water whip, he had already loosened the root must. It of course immediately pulled away from the trunk and quickly attacked the waves.

When Shen Lang is dancing the stagnant water whip, the rest is casual, as long as it touches it, it will corrode. For that root, he is a special "care", not cutting it for a long time. , but cut off the tip for a while!

If this one has to be like an arm, it would be like cutting a hand once, but the current method is like cutting a finger off a section!

This tree **** can manipulate a lot of branches, the roots are even more numerous, and certainly can not reach the extent of the arm. However, Shen Lang is not sure that it is a

hard battle with him. Since it is now only a root must, it is necessary to give this one a little color.

After the roots had been cut off for more than a dozen segments, the other branches fell, and the tree ***** also shrunk back the roots.

“It’s a bit interesting. Kid, are you killing my people and taking the liquid?”

The tree ***** has human form five senses, he can speak, and the waves are not strange. Many demon, beast, and cultivation to the end, will imitate human beings, he should be. As for the “family” and the like, it is estimated that it is also imitating human beings.

“And don’t say what kind of tribe you are, I don’t want to kill, just want it to swallow us, how about killing it? What is the original liquid, but it is humble and beg for me! Bold!”

The voice of the tree ***** is a little bigger, but I don’t know if it is because I don’t want to imitate human beings, and it doesn’t have much momentum.

At this time, there is another root must, which is turned around the mysterious woman above the boulder!

The mysterious woman jumped into the air and dared not approach this strange root.

“Come and fight together! As long as Zhou Daxian comes back, he will be finished!”

Lv Yang shouted in the encirclement of the tree god.

Originally, they were seven people, and they were left and right, and they were teased by others. Someone just appeared, they thought that Zhou Yucun came back, and saw that it was Shen Lang and Xuan Nu, which was very disappointing.

However, it is now found that Shen Lang can fight against a part of it, and if you add a mysterious girl, at least it will increase their strength and support them for a while.

Lv Yang is a man of savvy and self-interested, but if he wants to open his mouth to Shen Lang, he will not be able to pull his old face.

However, the mysterious woman is much better. After all, it is only a woman. It is also a protection for them to go out. This is equivalent to an invitation to Shen Lang. If Shen Lang does not cooperate, it will only be even worse.

Xuan female brows close, she also reacted, Zhou Yucun should go back to find them. If you can't find it, you will definitely follow their route, and Zhou Yucun is far better than them. In other words, Zhou Yucun may come over from their way at any time!

In that case, there will be a tiger after the wolf.

But now she is alone, can not fight, if with them, it is indeed possible to cooperate and confront. If it is the side of the past, it will bring a burden to Shen Lang. It is obvious that Shen Lang has to throw her away alone.

When she was slightly hesitant in the air, another branch was photographed and she came to her side!

Chapter 1333 - Double strong confrontation

The white light flashed, and Bai Hong's attack once again!

Has already attacked the branches of the mysterious woman, was directly hit!

This is still the branch of the tree god, the same as the root must, is hit by white light, just cut, but not completely cut.

However, this assistance from a longer distance also gives the mysterious woman a little more space.

At this time, in her hand, she had a little knife!

The knife is in hand, and it quickly slams directly onto the branches that are still on her side!

This scene directly shocked Lu Yang and others, including Shen Lang...

The mysterious woman is from Yaochi. The outside world calls the Yaochi disciple a fairy. She used the scarf as a weapon before, and it also conforms to the impression of everyone's "fairy." What can be just happened, what is that?

Da Pu knife, that is the weapon used by the military commander, the woman will give people the feeling of crushing, let alone the attack.

However, this simple knife should be a high-level weapon weapon. This knife goes down and cuts the place that was just shot by white light. With this power, it is actually cutting off the branches!

The white rainbow of Shen Lang is still providing her with remote resources and cutting the branches.

The branches are also very flexible. They are not shot in a row, so when they come down, the branches are scarred. Only the mysterious woman cuts the wounds.

However, their cooperation with this is also a bit of a surprise to the tree god.

Lu Yang and others are in a spirit of strength. They have come to two new forces, and they are not inferior to them. More importantly, the two perform well and attract more attention from the tree god!

For them, surrounded by heavy branches, I have not expected to fight against the tree god, just hope to delay to Zhou Yucun.

The tree **** was slightly surprised, and the result was that there were a few more branches, and from different angles, like the mysterious woman attacked the past!

As a result, the mysterious woman is obviously unable to hold back.

After the roots had to retreat, the tree **** did not attack the waves again. He was just an emergency, and of course he would not wait, so it was a leap.

At the same time, Bai Hong continued to attack those branches!

However, in this action, the tree ***** immediately smashed over a dozen branches and roots, and asked him to take care of himself!

Shen Lang also gave up helping the mysterious woman, directly dancing with one hand, and letting the branches close to it all eroded. At the same time, the other hand still holds the white rainbow, and directly shoots at the face of the tree god!

This time, he did not rotate and changed, but shot directly in one place.

However, it is a pity that the tree ***** is a tree ***** after all, not only has not been penetrated by continuous white light, but has a protective cover that directly blocks the white light completely!

After a while, Shen Lang found that it was useless, and he was able to deal with the branches while illuminating the other trunks.

But the result is the same, the trunk is covered by a layer of protection, directly blocking the white light that can penetrate the rock.

For Bai Hong Guan, the tree ***** has already understood the power, and did not care too much. His concern is on the dead water whip of Shen Lang. Just the feeling that the roots of the branches had to touch, let him know that this thing is unusual, which makes him a little interested.

“Shen Lang!”

A voice came from a distance, just the way that Shen Lang and Xuan Nuang came.

“Zhou Daxian!”

The people of the Huangfu family and the Lu family were called up, and finally they waited until Zhou Yucun came back.

With the realm of Zhou Yucun, even if you can't easily destroy the tree demon, at least you can stand up to the court and everyone will be safe.

Everyone soon discovered that Zhou Yucun is actually more than the voice!

He had just shouted out that sentence and rushed over at the speed of the sound. It was too late to hear the sound and want to escape.

But when he arrived at the scene, he also frowned.

When he was in the distance, he felt that everyone was here, but thought it was the Huangfu family and the Lu family dragged them into the waves. The last paragraph is too fast, it is too late to find out the situation here, and now I found out that there is a big tree demon.

“interesting.”

After the arrival of Zhou Yucun, the tree **** immediately recovered all the branches and roots.

As soon as the Daxian realm came over, he felt the strength. The momentum of the light is not what Huangpu Jiayi and Lu Yang can compare. So he must take back other energy and face it with all God.

The mysterious girl had just been under the siege of several branches, and the hair and clothes were a little chaotic. Or she was wearing a big knife. At this moment, she rushed to the side of Shen Lang and landed together.

After the Emperor's family and Lu's family got out of trouble, they quickly went to Zhou Yucun.

Zhou Yucun had originally paid attention to Shen Lang's body. Now he feels the strangeness of this big tree demon, and he does not dare to care.

Anyway, as long as Shen Lang did not run, it was not a short while.

“You are... tree god?” Zhou Yucun’s slow opening.

“Human, you can call me like this.” Tree God is very satisfied with Zhou Yucun’s name.

“You want to take them...?” Zhou Yucun asked again.

“Not very good. No one has come here for a long time. I want to leave you to play.” The tree **** said that he did not know the true and false.

“Do a deal with you!”

Zhou Yucun pointed to them and said: “You helped me to catch the man I will give this woman to you and stay for you to play slowly!”

This made the mysterious woman glance at the past with indignation. Is there still a little seniority’s posture?

The tree **** is quite wise, but his five senses are still imitating the degree of human beings, so the change is obvious. It can be seen that it is a trade-off.

The strength of Zhou Yucun is enough to challenge him. Everyone may have mutual damage or a tie. And now there are nine human beings, which adds up to it.

If you only need to grab a wave, it is much easier for him to stay alone.

He looked at it and looked over there, but it was also clear. There are two groups of Shen Lang and Xuan Nu, others are a group.

When the tree **** had not decided, Shen Lang suddenly smiled: “The strength of that person is not simple. If you swallow him, you can save thousands of years of practice time. If we help you, you still have a good chance. Big, don’t think about it?”

The tree ***** wants to keep people down and “play”. Of course, it is not such a play. It is very likely to imitate human beings, including shape and concrete structure.

And the reason why it is so is because he wants to transform the human form!

The extent to which the tree of life is refined and then cultivated to the present tree ***** is definitely an extremely long process. Far better than the beastly beast, if it can transform the human form, it is a big change in the fishery gantry.

Therefore, Shen Lang said that it would not be an exaggeration to let him save thousands of years of practice time. Compared with the long practice time, the danger of being hunted by humans, beasts, etc., it is a cost-effective act to hunt a powerful human being.

Chapter 1334 - cunning

The reason why Zhou Yucun traded with the tree ***** was because Shen Lang’s stealth technique, he really did not have a broken plan. The roots of this tree are not known here for thousands of years. It is really that there is no such thing as heaven and earth, and we will surely seize the waves.

But I did not expect him to use the mysterious woman to trade, Shen Lang is even more embarrassed, directly take the strongest of him to be a bait!

Shen Lang said this, not only Zhou Yucun, Huangfu Jiayi, Lu Yang, they were also taken aback. If this tree ***** really swallows Zhou Yucun, will it let them go?

At that time, it is entirely possible to leave all seven of them “playing”!

“You traitor! Actually, the joint monster eats people, are you still human?” Lu Yang first smashed.

It’s hard to wait until Zhou Yucun came over. This is their backing. If Zhou Langcun ran first because of the dark waves, they would be finished.

Others have also accused them.

Shen Lang was too lazy to respond to them, but continued to speak to the tree god.

“Look, they said that you are a monster that eats people. This is the meaning of awkward people. It is better to eat them directly.”

Shen Lang continues to provoke, so that they are even more angry, but now the big picture is the tree **** and Zhou Yucun two, other people can not affect anything.

There was a hint of “狡猾” on the face of the tree god.

It does not know how to concise and implicitly express his feelings directly. He obviously realized that it is more favorable for him to compete with each other.

So at this moment, it did not immediately express its position.

“This kid is very embarrassed, you may not be able to hold him! He wants to provoke you and our eight hands!”

The attitude of the tree god, Zhou Yucun also saw it, so he had to speak.

I can still say that it is a transaction, and I don't have to pay anything for him anyway. There is still something to fight for the **** of the tree, which makes him feel a bit uncomfortable.

Shen Lang smiled, “How about eight? Tree God, you should have experience, they add up seven people, and I have no deep experience for you?”

He is completely emboldened. Before they were surrounded by seven people, they did not hurt at all. And he passed through the dead water whip, which has already eroded many branches and roots.

Even if it is a mysterious woman, after Bai Hong's day, it is also cut off the branches.

This is said, so that Huangfu Jiayi, Lu Yang and others are very unruly. Although they are telling the truth, it is obvious that when the tree gods deal with them, they use great efforts and only use a small part to deal with Shenlang.

After the tree ***** listened, there was also a clear tendency.

The weapon in the hands of Shen Lang, it can feel the threat. If you really have to pay a price to catch it, will Zhou Yucun be like it? Wouldn't it be a chance to kill him?

Besides, if it is so easy to catch, why do you need to let him catch it? There must be a pit!

“I work with you!”

The tree ***** faces the Zhou Yucun side and extends a branch to express his cooperation with him.

And this statement, has not had time to let Lu Yang and others breathe a sigh of relief, immediately found that the branch, immediately swollen out, became a dense and do not know how many branches, and all of them shrouded!

Although he is still not good at concealing, he already knows that he is disguised. The choice is naturally a solution of Shen Lang. If he kills the strongest, he can not be afraid of Shen Lang. But on the surface, it is pretending to cooperate with Zhou Yucun.

On his site, it was really an arbitrary attack. Except for the fact that just one branch has turned into a thousand, the ground on which they are located has quickly emerged without knowing how many roots and all of them have been encircled. .

Although Shen Lang said to cooperate with him, he still believes in himself.

Humans are jealous!

The tree ***** chose a sneak attack, but Zhou Yucun is not a young boy. He has been in charge of a sect for decades. How could he be unprepared?

When he was negotiating, he was already guarded.

When the tree **** came out of the branch, he felt that something was wrong and he shot it directly!

All the branches and roots above and below, but surrounded them, the golden light flashed inside, and then all the roots of the branches must be forced back.

Jin Guang came from the palm of Zhou Yucun. In his palm, there was a false print. Just as soon as it appeared, he pushed all the branches back. Now the virtual seal directly covers the past with the tree god.

The virtual shadow went out very quickly, and after flying out, it became bigger and bigger, and the tree **** could be completely covered.

Printed in the sky!

Shen Lang has the memory of Zhou Wei. Of course, I know that this is the supporting school of Chaotian Printing. The Gongfa is also called Chaotian Seal. It can print the illusory itself. If it is combined with the physical magic weapon, it is unfathomable!

On that day, Zhou Wei felt that he was defeated very badly, because he had not had time to show the practice of Chaotian Seal, and then the magic weapon was forcibly taken away by Shen Lang.

This monopoly of the school is also guaranteed to pass the door to Zhou Jianeng.

Zhou Yucun is already in the realm of Daxian. Even if it is not printed in the sky, it is a virtual print. It has an incredible power. Those golden light, although not destroying the branches and roots, can make the tree gods recover, showing that the damage is heavy.

Under the circumstance, Huangfu Jiayi and Lu Yang also immediately took their own people back to the farther places.

At this time, they should have been fighting side by side with Zhou Yucun, but the siege of the tree gods before has already beaten their confidence.

At this moment, they all found an excuse for themselves, “Don’t drag down Zhou Daxian,” and then quickly took the opportunity to leave and throw the crisis to Zhou Daxian to cope.

There is no darkness in Zhou Yucun’s heart, no one knows. However, he hates the stunned look!

Shen Lang knows very well that this is for the sky, if it is printed in his hands, it will definitely exert greater power.

In the past, the tree ***** has already presented a protective cover. The protective cover that Bai Hong’s light can block is just blocking the golden light of Zhou Yucun.

Although they are all virtual shadows, they are actually powerful energy condensation. When they are together, they have a huge fluctuation.

“Whoever wins will not let us go, run!”

Shen Lang gave a voice to the mysterious woman, and at the same time took out the Chaotian Seal.

“Hey! Old Zhou, if you have this, can you play a stronger force? Unfortunately!”

After all, this is a magic weapon preserved in the Zhoutian era of the Tiantianmen. I am afraid that Zhou Yucun will have the ability to summon it back. After Shen Lang’s display, he immediately gained income in the storage space.

The mysterious woman is very speechless. This is not only really killing the sons of others, but also winning the treasures of the mountains of the people. Now I dare to face the stimulation, it is not afraid of death!

“Together?” She hurriedly asked a question.

Zhou Yucun almost vomited blood, just a blow, has proved that they are all a magnitude, if you want to win the tree, it is more difficult to rely on its own strength, at most flat. But if there is a day in hand, it will be different.

I did not expect that Shen Lang actually took out the sky to seal him!

Chapter 1335 - Seated

“run!”

Shen Lang grabbed her hand and threw her away from the distance. It was not a direction with Lu Yang that they fled.

At the same time, Shen Lang is rushing straight forward!

“Zhou Yucun, I want to get back to the heavenly seal and come up with your skills!”

Just after the sneak attack was cracked and the pressure was reversed, the tree **** had already slowed down, and then it was more serious.

There is no doubt that he has a great weakness, that is, he cannot leave. However, this is both his weakness and his merits, because he is here, it is cultivated, I don't know how many millennia, all the big ones are its territory!

Shen Lang used the Chaotian Seal to stimulate, directly affecting the mood of Zhou Yucun, and then actively attacked him in the past, let Zhou Yucun want to kill Shen Lang!

Zhou Yucun and the tree **** did not have any grudges. Although killing will have huge benefits, the risks are too great. So if he can get rid of the dry waves, he doesn't mind retreating, but the other side can't live without it.

However, everything that Shen Lang just had was originally intended to chaos his heart. The main attacking hand is the tree god!

The battle experience of the tree **** is extremely limited. It is very easy to deal with them just now, completely because of the crushing in the realm. Compared with Zhou Yucun, it is actually a little inferior, so it will be easily cracked and printed by Jin Guang.

However, its realm is so high, of course, it immediately seized the opportunity that Shen Lang created for him.

So at this moment, the branches of the sky are woven into a net, directly like Zhou Yucun. The ground is a rapid crack, a large number of roots have emerged, all straight as a steel gun, shot at Zhou Yucun!

When I was attacking, I still had a little temptation. Now I am attacking with all my strength. The power is naturally different.

Zhou Yucun understands the power of these, but he still does not pay attention to it. Going straight ahead, he can catch the waves a little bit!

With the previous experience, this time he did not underestimate the enemy. When chasing the past, he directly put out the golden light in his hands, and first wrapped up the space around the Shenlang!

This time, even if Shen Lang can be invisible, he is still caught by him, and he cannot leave from this encirclement.

As for the attack of the tree god... just a little more time will be fine.

Time is extremely weak, everyone's realm is high, almost at the same time, when it is said that time is fast, Shen Lang disappears once again!

He dared to take the initiative to attack and create opportunities for the tree god. He was ready to go into the space of heaven after he felt the pressure around him.

This is expected in Zhou Yucun, but in his opinion, even if it is invisible? You are still there, and now under his parcel, you can't leave.

Then, two golden illusions were pressed together!

He is going to smash the invisible sinking waves directly to death!

The virtual prints collide with each other and directly emit a dull sound, and the impact force spreads around.

Zhou Yucun can be sure that his attack is absolutely no problem, except that he is attacking him on the side, and Shen Lang can't escape from the side anyway.

According to the normal situation, it should be clamped directly to the sinking waves, and the dead spells will disappear. The stealth of the cows, the dead can not be displayed.

It is a pity that what he saw was nothing!

There is no flat body, no shadow of the waves, and no clothes or the like.

What can you escape?

Zhou Yucun is going crazy!

What he just needed was to fight for a trace of time and watched the "smashing" of Shen Lang. This took up a little bit of time. He didn't escape the corpse with the plan as planned. The result is The branches covered by the sky were hit and slammed by the roots of countless steel guns.

The strength of the tree ***** is not inferior to that of the big fairy. His attack is of course not the same as that of the previous tree. Those who are as tough as steel guns are far more powerful than ordinary steel guns!

Zhou Yucun is a big fairy, and the protective body has formed a thick protective cover, which is difficult to penetrate, just as he did not penetrate the protective cover of the tree ***** before.

However, the number of attacks this time is too much, and his energy is on the attacking of the waves, the defense is still insufficient, so the protective cover has also suffered a lot.

Moreover, the tree ***** is not a simple attack. Directly all the unions together, squeeze him into a ball and drag it into the ground.

Look at this, it is necessary to pull Zhou Yucun into the ground and serve as a nutrient!

The moment when Shen Lang disappeared was already covered by the branches. He did not know whether he saw it or buried it directly with Shen Lang.

Under the circumstance of ten, the Shen Lang was allowed to escape, and Zhou Yucun was very depressed and angry. Now he is so violently swayed by the tree god, and he is also angry. How could it be nutritious?

When he was dragged into the ground, he burst into the golden light directly produced the explosion effect of shaking the nearby mountains.

While blasting the surrounding roots, he quickly released a batch of mites!

Besides, Shen Lang, of course, prepared the tree **** will not let him go, everyone did not make good ideas, he himself is the same. But the reality is that even if he can fight hard with the tree **** or Zhou Yucun, the chance of victory is small, and the price will be relatively large.

The most cost-effective, of course, is to let them fight each other. Now that this effect has been achieved, he certainly hides, and then budgets for a time, peace of mind, and wait until they kill you and live!

The emperor Jiayi and Lu Yang, although they escaped for a while, also believed that they escaped from the scope of the tree god, and then looked at the movement far away. after all.....

If both lose, they certainly want to be cheap!

The mysterious woman did not go far, she also stopped at a relatively safe distance to watch. However, she was not thinking about it cheaper at this time. She was worried that Shen Lang could survive in the gap between the two strong men!

As a result, it seems that the Shenlang disappeared once again, and then it was submerged by the branches. It is not sure whether it will be killed after the invisibility.

On the first floor of Zhou Yucun, another layer of tree god... Shen Lang can be invisible, but also very pessimistic!

Her mood is very complicated, I don't know if this is a sinking self to save her... but she immediately turned and left!

Whether or not Shen Lang is not worth saving her, she wants her to leave safely. In the event that Shen Lang has already sacrificed, she still stayed here and was captured by the Huangfu family and Lu family. She is also sorry for the help of Shen Lang.

The minds of all parties are different. Shen Lang is reassuring in the world of Tianshu for a few days, and then comes out again!

Chapter 1336 - Great change

The time for Shen Lang to prepare is about an hour.

Because both of them are super masters of the Daxian level, once they fight, they will be extraordinary. Zhou Yucun's goal is him, but the tree ***** has already wanted to devour him.

So there must be a bad fight!

However, because they are masters of the same level, one has experience and magic, and the other has home court advantage, and is also destined to be evenly matched.

If you hit a certain level and find out who can't help you, you may stop fighting, so as not to delay the last two losses, let others pick up the cheap.

Based on this information, Shen Lang predicts that the battle will end in more than half an hour, and then prepare a little more error, enough.

But what he didn't expect was that when he reappeared, there was only a tree ***** at the scene!

Moreover, the current situation of the tree ***** is very miserable. The trunk of the main body has been ruined. All the previous large pieces have been excavated, and all the roots have been cut off by the roots!

He will have a sigh of relief. This should not be the kindness of the other person. It is that he is a tree god. It is easier to pretend to die.

“How could this be? Zhou Yucun can hurt you like this?”

Shen Lang immediately went to the tree god, he could not believe it. Even with the addition of Huangfu Jiayi, Lu Yang, etc., it is impossible to hurt the tree god.

And before and after an hour, how did Zhou Yucun do it?

Is there any super magic weapon? Artifact?

Zhou Yucun passed to the head of Zhou Wei, in order to collect the information of the ruins. This time they also came directly to the valley, which should be prepared.

The five senses of the tree gods resembling human beings have been slashed and look very strange.

“Yes... you?...have you not died yet?”

Shen Lang nodded. “I ran. Now I am back. You are a tree god. How do you make this look?”

The tree ***** smirked: “The tree god... you are the gods! The man can’t do it, but there are a lot of great people, the human race... it really is a race that is born high!”

It is not reconciled, the time of cultivation with it, if it is human, it should be an incredible realm far better than the present.

But now, it can only be destroyed by humans.

Looking at it, Shen Lang hesitated.

“Do you still have to save?”

He took two of the original liquids from the previous tree.

Seeing the original liquid, the face of the tree is unrecognizable. This is the stock of their tree of life, he is very clear.

“Will you give me?”

Shen Lang shook his head: “Not necessarily, if you give it, you can’t save it, then don’t waste it, you have to be sure.”

The tree ***** firmly said: “I can certainly survive! I am sure!”

Shen Lang already knows the information. It is not a person who works in Zhou Yucun, but a lot of human monks. It is estimated that there is also a big fairy level, so it will be killed to this point.

Not so long ago, they easily played with the tree gods of their seven or eight human powers. Now they have reached the dead field, which makes Shen Lang a little pitiful.

“Not only to survive. You survived, and you have to re-cultivate, but it takes a long process. Do you still have this fighting spirit and sharpness?”

This statement directly makes the tree ***** speechless.

Indeed, to survive, everyone has a living mind. But if you want to let him re-cultivate to the previous realm, it will take another thousand years, he will really despair, may not be able to hold it.

“Forget it, this is also your life tree anyway, but in this regard, it should have a limited effect on you.”

Shen Lang directly throws out the original liquid.

“Thank you! Can you bother to put it in my body?”

The body that the tree **** said is the trunk that has been opened. Obviously, these winning human monks have already drained his liquid.

Shen Lang’s hand trembled, and the two groups of raw liquids flew in. As for what methods they had to repair, it was a matter of life tree.

“Thank you.....”

The tree **** thought that Shen Lang would play him and he didn’t expect to actually give it to him.

The tree can’t compare with the tree god, he quickly absorbed the liquid. With his current serious injury, this is not a big deal. To really recover, it takes a long process.

But at least his current state of mind is much better.

“I will reward you!”

The tree **** is very firm.

Shen Lang is a smile: “Forget it! I didn’t want you to return, say it again, just like what you are now... It is estimated that the liquid has been robbed, and what return can be given to me.”

To put it bluntly, he does not lick these two liquids, just because the tree **** before the burdock, fell to this end, there is a sense of superiority of charity, and there is really no return.

The tree **** said seriously: “They opened me and took away all my liquids. They broke my roots and made me unable to regenerate. They also said that there must be a spiritual vein here, so a lot of earth dig...”

This point, Shen Lang is not difficult to guess.

Like the forbidden land like the Golden Valley, where the king's beasts are long, there is a spiritual presence Like this tree can be evolved into a fine, certainly more spiritual, also Meet his guess analysis when coming in.

The tree god's liquid is definitely far better than the previous tree, and the spirit...

Shen Lang was quite sorry and did not catch up with the opportunity. But then again, even if it comes out first, it is not a good opportunity, and it may be attacked by Zhou Yucun in conjunction with other people. It is impossible to assign him to the spirit.

And then there are a few big immortals together, he is a little slower, and he has no time to enter the world of heaven, and then he will be embarrassed.

"Lingmai, of course, but they can't find it!" The tree ***** is a bit proud.

"But I want to reward you! I want to give you a pulse!"

Shen Lang still doesn't quite believe: "You are all like this, can you still protect the spirit? Have you been robbed?"

The tree ***** gestured to Shen Lang to look at a huge stone, the boulder that had previously settled on the mysterious woman.

"If you can remove this stone, you can find the pulse below. More than one! I only want you to leave one for me!"

Shen Lang is a bit dubious.

"I don't have to lie to you. It's that I moved over and they can't find it."

The tree ***** probably did what cover, and because he is a tree that cannot be moved, so when searching, everyone around it, to be sure to be near, did not think about the boulder.

Shen Lang walked over, and under the eyes of the tree god, he turned into a giant, and there was a huge iron rod, then inserted on the ground, and he slammed the stone.

As soon as I lifted it up, Shen Lang immediately felt the breath of the spirit!

He has received one and is still quite experienced.

Immediately remove the boulder and then look at it. There are five spirits!

This old tree god... is really rich!

Chapter 1338 - Challenge the great fairy

Shen Lang just shook her head slightly and said nothing.

People with high realm will feel very keen in all aspects. The mysterious woman can feel that Zhou Yucun can feel it more.

Therefore, even if Shen Lang did not specifically observe them, Zhou Yucun, who had the deepest hatred, and Lu Yang, who had a great resentment against Shen Lang, still came to him.

But the current situation seems to make them a bit tangled.

“It is said that there is a treasure trove of ancient ancient palaces under the water pool. Everyone is waiting to enter...”

The mysterious girl is still eye-catching. Although Shen Lang did not say anything, it also shows that although he has tracked it here, he does not understand the situation here. Maybe there is also the grace to push her away before reciprocating, so the quick voice explained to him.

This huge mysterious valley has a lot of resources, which is what many martial arts know. This is also because of the mysterious woman and the Lu family, the emperor's family, etc., but under the waterfall, there is an ancient fairy palace, it is much more secret.

Zhou Yucun knew this secret and came here, otherwise he would look for Shen Lang. The several great immortals that continue to arrive, as well as the big fairy who entered from the other directions of the valley, also came here.

The mysterious woman did not know this at all, and she did not hide the waves.

Just before the tree **** and Zhou Yucun battle, Shen Lang was still alive and dead. The Huangfu family and the Lu family were still watching, so the mysterious woman ran away decisively and did not take any direction.

The result was met by her master!

To be precise, it was her master who came to this ancient fairy palace, sensed that she was nearby, and then found her. Later, she came here with her, otherwise she might not be able to come here, even if the yin is wrong, I dare not approach.

Her master is a black woman with the same veil mask in front of her.

This ancient fairy palace, in the end is how a situation. The mysterious woman knows only a limited amount, she also just heard the Master just said.

As for what everyone is waiting for now, it is waiting for the change of water!

I don't know the secrets that these big fairy people know, or the news that some people have spread, saying that this fan-shaped waterfall will have a short break every time. At that moment, the water pool will open into the ancient fairy palace. aisle.

After arriving here, some people did not believe it. Under the waterfall, they sneaked into the huge water pool, but they found nothing and could not find any fairy palace in it.

So everyone can only wait, waiting for the waterfall to stop flowing and the water pool change. Because it is not certain how long it will last, everyone is ready at all times, and an hour will soon pass. But if the degree is very fast, if you don't catch it, you have to wait another hour.

Because he wants to let Shenlang know about the situation as soon as possible, he can decide to leave or stay. The mysterious woman is basically a simple and concise statement, but Shen Lang basically understands that it is such a thing.

It turns out that everyone is watching this pool, it is such a thing.

This made him feel normal.

For example, on the earth, when the Thousand Grottoes were opened, everyone was looking forward to it. Everything else was put down first. In Jingui Valley, when the Open Space is open, everyone is so absorbed.

This ancient fairy palace, analyzed according to this meaning, should be a small world in the ancient ruins. However, this incomplete relic, originally like a small world that exists in a mountain, may also be just a transmission channel, open at a fixed time, and then transferred to another hidden place.

Shen Lang has so many big eyes.

<istyle='color:#4876ff'>—This is a gorgeous dividing line—</i>

Here, I guess there must be something good. Now that I know it, of course I have to follow it.

However, Zhou Yucun, they still have to be on guard.

Shen Lang just listened to the time when the mysterious woman explained this situation, Zhou Yucun also made a decision!

“Dear friends, please forgive me Zhou Yucun. My son, my grandson and many other grandchildren have been cruelly slaughtered in Tiandu City. Today, the enemy is here, I must first take it.”

Zhou Yucun said directly, then pointed to the waves.

“That’s it! This is very embarrassing, proficient in a strange stealth technique, I have never seen it, let him escape several times, seriously suspect that he is a demon!”

At the scene, Daxie would not pay attention to the worldly trivial matters. Naturally, he would not know about Zhou Wei’s affairs. In order to make him famous, Zhou Yucun explained it quickly, and then buckled a demon hat.

“The old man is here to ask your friends to help me and help me to win this thief! The old man is willing to help in the fairy palace!”

When Zhou Yucun said this, many people were secretly frowning.

At this time, everyone’s attention is at any time through the passage of the ancient fairy palace, who is interested in managing your private enmity. By the time of their age, many relatives and friends have been bleak.

But the last sentence is to make a lot of people heart.

This is just a young man. It seems that the strength is at most half a fairy. The only thing that relies on it is stealth. As long as you help Zhou Yucun, you can get his cooperation after entering the fairy palace. Opponent, one more ally!

The ancient fairy palace, just a legend, how the situation inside, no one knows. But there are so many big immortals on the scene, half a fairy peak, half fairy and so on will not say If there are countless treasures inside, just take whatever you like, these dozens of people, who can fill up Natural harmony and harmony.

But that is impossible. There are more treasures, and more resources are only relative. And there are good things in the good things, and everyone will become a competitor.

If there is a friend's alliance, it will naturally be stronger. No, I was interested in Zhou Yucun's words.

“Oh it's you!”

Before, I helped a big fairy in Zhou Yucun to stand up and see the fierce light.

“In addition to the descendants of Zhou Xiong, my son Mu Tiantian Song Tao, also lost his hand in the sky!”

Zhou Yucun said, everyone hasn't paid too much attention. Now there is a bitter outrage. Let everyone be curious. What is this kid? How dare you even offend the Chaotianmen and Yangcheng Mutian family?

In this case, to help get this kid, you can have a temporary alliance with Zhou Yucun and Mu Tian.

“You are the darling of Mutian. It is as bad as Zhou Yucun. There is no way to teach the Son and teach Sun to be no one!”

Shen Lang finally spoke up, but did not expect an opening, actually criticized Mu Tianda's gorgeous, and everyone was shocked.

Is this eating a bear heart leopard?

“By the way, tell you, Mu Tianhai is also your son? I want to harm me in the meditation, I am killed!”

Everyone is at a loss!

Mu Tianda only knows that Sun Zi Mu Tian Song Tao is in Tiandu, and he lost his life. He did not expect that he actually took the initiative to expose Mu Tianhai and was killed by him!

“Come together!” Anyway, one is also a big fairy, and many are also big fairy. Shen Lang is simply bold and bold: “What about the Huangfu family? Huangfu and Mutianhai are a virtue, they are joint efforts to harm me, of course, they are all I got rid of it!”

Chapter 1339 - Insert 1 hand

If you are in the dark, let everyone look at it.

The mysterious girl is also closed and speechless, this kid is simply not to be killed! What is this doing? Even if you kill it, others don't know, can you say it so openly?

This is a provocation to the great fairy!

Even if you have stealth, can you avoid so many people?

“This is the sinking wave?”

The master of the mysterious girl asked a voice, and the mysterious woman was busy agreeing.

The master of the mysterious woman, of course, is from Yaochi, and is also a female practitioner. It seems that she has reached the realm of Daxian. After all, the young apprentices are so high.

“There is a daring color.”

Master's evaluation of this sentence made the mysterious woman agree with it. I wanted to say, “Why is there a courage, this guy is simply daring,” and he heard the following sentence from Master.

“But stupid!”

“...”

The mysterious woman is not easy to defend, isn't it? Zhou Yucun, Tang Dang, Daxian, have placed the following sons and interests to ask for help. You can't just argue, but it's not stupid to take the initiative to provoke more powerful enemies.

“My emperor’s family has no seniors here, but my emperor Jiayi is sure that you can’t!”

On behalf of Huangfu and Huangfutian, Huangfu Jiayi stood up and screamed at the waves.

Shen Lang directly has a white eye: “How old are you? How much older than me? Still relying on the predecessors, do you want to point your dog’s face? Go and go! What stuff!”

This is very spicy, and Huangfu’s arrogance is straightforward.

But this is the case. From the surface, his age is more than enough for his grandfather. Just now, it seems that there is no elders to be the master, but also bravely stand up, it is only suitable for Shen Lang said, instead of his age.

But he is awkward, Zhou Yucun and Mu Tian Daxie are big immortals, even if he is not too bad, his realm is poor, he can’t lick his face and rank like others.

“Mu Tianxiong, everyone friends! Let’s help together! The battle, solve this kid as soon as possible, we continue to work! Be careful of his stealth!”

Shen Lang has already ran in his hands twice, Zhou Yucun did not dare to carelessly, once again pulled everyone to deal with Shen Lang.

“This child is too arrogant and brutal, the old man can’t stand it!”

“Count me in.”

“I am coming, don’t affect the business!”

Zhou Yucun and Mu Tianda’s face, as well as the Huangfu family, let a lot of people who have been hesitating, direct support.

At this time, like Lv Feng, I have no qualifications to speak. It is the Great Immortals who can make public statements.

However, because they are all big immortals, the real big-name characters, it is very rare to let them join forces. This is because they will be cut off at any time, and everyone must solve this problem by battle.

But if they are allowed to sneak into the waves, they can't do it. Only Zhou Yucun and Lu Yang Huang Yi Chiayi and others have seen several times and want to attack.

It's just that they have to face. Like Zhou Yucun's catching an enemy that is weaker than himself, he still needs to ask for help. It's already a shameful thing. If you want to attack, you don't want a reputation.

And this time, there are so many big immortals, even if Lu Yang, who has missed two more times, she feels that it should be ten, and it will be able to escape and go to hell.

So at this moment, Zhou Yucun and Mutian Dawei are there, and there are many other Daxian, as well as Huangfu Chiayi and Lu Yang, who cheered in the back.

At this level, the mysterious woman has the heart to help, but also unable to intervene. It is her master, and she can't fight so many people.

Shen Lang alone provoked so many strong people, one is really amazing, and can be named after being destroyed.

She has also seen it a few times. Knowing that Shen Lang's biggest dependence is necessarily the magical stealth technique, I don't know if I can escape in front of many big fairy.

She is still distracted by the waterfall and the water pool, hoping that the waterfall will stop flowing immediately, and even want to shout it out, attracting everyone's attention.

But the reality did not follow her intentions, the waterfall did not just cut off!

"This, everyone together -"

Zhou Yucun saw everyone face the face, did not immediately start, immediately shouted. There was an attack command, this is revenge, and there is no sneak attack. There is no problem.

Just as Shen Lang was also ready to hide and hide at any time, there was a strange feeling suddenly!

Not only him, but the other great immortals feel it, and reveal the look of God's alert. Others who did not participate in the siege of the waves, did not dare to care.

The whole process is also a very short moment. Even the half-centen like Lv Feng has just felt the same, and there are already results.

A branch, as if it appeared out of thin air, was inserted in the open space between Shen Lang and several big immortals!

Although it is just an ordinary branch, it looks like it is picked up by hand, but this ordinary branch has a strong sword on it!

Even if it is only a smattering of the sword on the branch, it can already show the strength of the coming person, and the degree of its appearance out of thin air, all of which indicate the identity of the other party.

This branch will appear at this point in time, immediately in the middle of the waves and their middle No one will think it is a coincidence.

For a time, everyone was silent.

Zhou Yucun and Mu Tian Da Yu are slightly frowning, and reason is also to make them feel that they should first wait and see, and see who is coming. But the emotions let them understand that if you wait and see, you will probably miss the opportunity!

Two people looked at each other. Other people are helping. Of course, they will wait and see. They have ***** hatred. What Huangpu Chiayi is doing is not helping.

Both people understand each other's meaning, so take a step forward together!

This is a statement, but also a test, the result is that after they took a step, they immediately felt the branches inserted on the ground, and the sword was so strong!

As if in an instant, it has become a sword, and it is a sword held in the hands of a strong man.

Both people are desperate!

This shows that the other party is fully aware of the situation here, and can also show strength from a distance. This is also a statement, even a warning!

"Where is the friend! Is this determined to maintain this thief?" Zhou Yucun slowly asked, talking directly to the branch, as if it was a person.

Of course, the branches do not speak, and from the point of view of the other party's need to manipulate, the distance must be a little far away, and the voice of the voice may not be transmitted or transmitted.

However, from the appearance of the Jianqi branch, to the silence of everyone, to the temptations of the two, and the response of the other party, and now Zhou Yucun finished. Ten seconds have passed in time.

For a dozen seconds, for Daxian, it is already possible to straddle a long distance.

Therefore, when Zhou Yucun did not wait for the branches to answer, everyone felt that someone was approaching quickly!

Chapter 1340 - He De He can

Just after the people have not arrived, a branch has been imposing, and now people come, naturally let everyone on the scene hold their breath.

There are more than one person, but three people.

When they arrived nearby, the degree had slowed down, and then they fell alongside Shen Lang.

Undoubtedly, from the branches just now, it can be seen that this is a swell.

“I am you.”

Shen Lang smiled slightly and there was no accident. In fact, it is very simple. In this world, there are not many people who will support him, let alone support his strength.

“Mr.”

It's not that Gao Hanqiu came in person, but his close disciple, the head of Qiu Lin's Jianzong.

The other two are naturally Xu Yuyue and Count Dracula.

Mo Feiliu is a disciple of Gao Hanqiu. He respects the incomparable figures of the Master. Of course he does not dare to ignore any small eyes and respectfully.

Xu Haoyue does not need to say, when the Shenlang Lianhua gods have not yet arrived, he also attached to respect, after all, is the boss of the boss.

Compared to the respect of both of them, Count Dracula is much more natural.

“With yours, every time I see it, let me stunned. You are a leap every day!”

The feeling of Count Dracula is also what Xu Haoyue wants to say. It is really watching the leaps and waves. Mo Feiliu also feels the same, because the strength of Shen Lang is far better than the last time he met, and the time is less than one year.

However, to be shocked, Count Dracula is really the biggest, because when Xu Yanyue saw Shen Lang, there was also a peak in the real world. When Mo Fei saw it, he would not say anything more. When he first saw Shen Lang, he was the young boy who just started.

Of course, after so many years, Count Dracula himself has made great progress, especially after this. He has really evolved to be reborn, perhaps not a vampire.

“Don’t laugh at me, who are you better than me?”

To be honest, Shen Lang knew that they were strong, but he had empty eyes and experience. The realm was not enough, and they could not see their strength, because the gap was too big.

Now it is different, and the gap between everyone is getting closer.

The last time I was in Yuxianmen, I was able to make Wei Qingcheng and Huoshan elders jealous, indicating that their strength is not inferior to Wei Qingcheng.

Wei Qingcheng and Huoshan are both half-sex level, and the two of them are naturally more than half a cent. And with the cold autumn in the Qiu Lin Jianzong for a year, they also made great progress.

Needless to say, Mo Feiliu, as a close disciple of the cold autumn, there are two or three hundred years old, many people think he is gone. Retreat to the present, the strength is also unfathomable.

From now on, Shen Lang estimates that Mo Feiliu should have reached the peak of Daxian, the strongest of them. Xu Haoyue should be similar, but he is weaker than him. He has benefited from the longest cultivation time. The environment of the dead forest is not as good as here, but it is not bad.

Count Dracula is the weakest of the three, but it is also a bit stronger than the average big fairy. However, he is a relatively alternative one, which is evolved and cultivated.

“Mr. laughed, you can get to us soon.”

When Mo Feiliu said this, it was not a flattering, but the length of Shenlang made him feel scared, and it was also the trust of the master. Even the characters that the Master respects are so important are not ordinary.

After the three of them came, they chatted with Shen Lang, and they left the Zhou Yucun and Mutian Dawei out of the room. It was undoubtedly a bit embarrassing.

The other big fairy, did not recognize it, because Mo Feiliu is older than them, they can only confirm that this is a stronger than them, but they don't know the specific identity and naturally dare not speak.

But there is still a wonderful thing in the scene, that is Lu Yang.

Because he has come down all the way, he has already hated Shen Lang very much. This is different from the hatred of their hatred. It is completely uncomfortable to see the waves.

The newly emerged branches made the atmosphere change. In his view, no one suppressed everyone, but others refused to hide after not knowing the situation.

Now that it has been determined, although it is also a big fairy, but one does not know, he estimates that it is the same as the Shenlang who does not know where it comes from.

Just three big immortals, even if they can support the Shenlang, they can't resist the pressure on this side. After all, there are those who have direct enmity, such as Mu Tianda and Zhou Yucun, as well as them and the emperor Chiayi and others, as well as other great immortals who are willing to support.

It's just that it's from ten to ten, it's a minority and a majority, and the advantage is still on their side.

So in the case that Daxian did not speak, his first voice broke the status quo.

"Several predecessors, Daxian. Who are you in Shenlang? He is a murderous demon. We are looking for revenge here!"

When Lu Yang's words were spoken, he immediately let a group of big fairy secretly smashed up!

They can all feel the strength of each other, and people are coming together. On the powerful theory, the unity is different. They just help without this interest involved in the war.

It is the two most admired people, Mutian Dayou and Zhou Yucun. They are still waiting to see.

Now Lu Yang's words, they pushed everyone out, and they stood up and bowed.

Other people can still speak out, and they don't stand up. Zhou Yucun and Mu Tian are both squatting, and they can only bite their heads.

"Where..." Zhou Yucun has just opened his mouth, and Mo Feiliu has already responded to him.

Obviously, he just knew a sentence to the branch.

"Tangcheng Qiulin's Jianzong Mo Feiliu, these two are the guests of our Jianzong. Mr. Shen is..."

Shen Lang is the person whose master is called a brother. Mo Feiliu is going to say that he is a predecessor in formal occasions, but think of his current age and quickly change his mouth.

"Mr....one is a very respectable person from our sword."

Before the Qiulin swordsman, he made a speech for Shen Lang, but the news of the gossip was limited, and it was at most half a cent. People who don't care are also unclear, and people at the scene don't know this.

Therefore, when Mo Feiliu was so attitude towards Shen Lang, everyone was shocked.

Who is Mo Feiliu?

The head of Qiu Lin Jianzong, the gate of the Tang Dynasty in the center of the Han Dynasty, is a legendary figure. When many people were young at the scene, they were already the head of the Qiulin sword. Many people even forget it. If you don't specifically say it, you will often regard him as the forefront of the history of Qiu Lin Jianzong.

Whether it is the status of the martial art, the background of identity, or the age of the elderly, and the cultivation of the individual, it is enough to hold every big fairy on the scene.

The other two great immortals can make him so polite, and it must be a big one.

Can Shen Lang He De can make Mo Fei flow the door so respectful?
