

First Strong 142

Chapter 142 - good temper?

When Shen Lang heard the sound outside, the brow immediately wrinkled, and the **** quickly detected the situation outside.

Mo Bai did not exaggerate. He really contacted Tian Jingwen and immediately acted. At the moment, there are a few policemen outside, and Mo Bai is standing on the corner.

Mo Bai is very clear that he will not catch the current situation, nor can he catch the current situation. Therefore, the police who came over directly knocked on the door and said their identity and origin.

At the moment, next to them, there is a suit man, the manager of the hotel, who is whispering with a smile: "Zhangsuo, we are the most high-end five-star hotel. It is impossible to have such a situation. It must be Wrong..."

"Is there not that you have the final say, nor is it that I have the final say. Since there are people reporting, we must of course have to go to the police!"

The man, known as Zhang, was stern and stern, and nodded to the door just now, and stopped to stop.

"Xu manager, I have already given you the face. I have not come out to open the door. Do you still open the door for me?"

Manager Xu is very embarrassed, but there is no way. Since they say that they have received the report and can accurately and accurately reach the specific room number, it will not be without wind and waves. He only hoped that it was a misunderstanding, and he came to apologize when he came.

Under the staring of the three policemen, he reluctantly stepped forward, knocked on the door first, and then opened the door with a work card.

"Hello, sorry..."

After Xu opened the door and apologized to the guests inside, he was opened by the police.

The three people quickly came in and saw Shen Lang and Zheng Yumeng sitting and eating, and quickly came over to them.

Zheng Yumeng lived in a superior suite. There is a living room. At this moment, the three people's positions intentionally blocked the direction of the bedroom and the bathroom, preventing them from hiding.

“What happened to you? Are we breaking the law?” Zheng Yumeng stared directly at the Zhang.

Manager Xu followed in, he was embarrassed, but he couldn't speak.

Zhang sneered and said: “We have received reports, this room has a recruitment activity! You are a lonely man, first go back with us to cooperate with the investigation! All the trash cans must be checked, no evidence can be missed!”

Zheng Yumeng was still younger than Shen Lang. He could have been able to stand still. Hearing this, he could not help but be ashamed and annoyed. To say that she and the man opened the house, it is already very much, and even said that she was recruited... the lady who came over!

“The hotel staff is here, you can let them check! This is my room, I am staying, how can I do that!”

Manager Xu also whispered: “Yes, yes, it must be a misunderstanding.”

“Whoever said that you have checked in, it is impossible? An experienced veteran ticketer like him, in order to protect his information, will let the woman come to stay!”

Zhang sneered at Shen Lang, he did not forget this man is the goal!

“You, you...” Zheng Yu was so angry that he could not speak.

“Moreover, it is also possible that you are recruiting a female ticket! There is no saying that it must be a sly chicken. Maybe it is your duck?”

Zhang said this, let the other two immediately laughed, and he laughed himself, feeling really wit.

“Hey!” The chopsticks in Zheng Yumeng’s hand were cut off directly, and no one ever insulted her.

“Is it finished?” Shen Lang spoke up and said to Zheng Yumeng: “Show them your passport.”

Zheng Yu Meng took a moment and then quickly went to get her passport.

“Foreign friends and power, who do you choose?” Shen Lang looked at Zhang. “There is no problem with you. Does she have the right to call the consulate? Without evidence, I see who you are responsible for!”

Zheng Yumeng has taken out his passport and showed it to them.

Zhang is very embarrassed, and this is tricky. Just like the sarcasm of Shen Lang, he was originally busy with Tian Gongzi. Now it involves foreigners, and it is different.

Just a phone call, Tian Jingwen will tell him in detail, if Zheng Yumeng is a foreign girl, it is Chinese.

“I will complain to you! Don’t apologize to me, I will find the consulate and find foreign media!”

Zheng Yumeng was just confused. Now she has reacted. She is a foreigner.

“You, you are a foreigner, great! There are suspects to investigate.” Zhang said that he was already guilty, and then turned his finger at Shen Lang: “What about you? You can’t check in! The law stipulates that everyone stays in hotels and hotels. Need to register, you have violated the law!”

He is very clear about this action. If he dares not to make a big noise with foreigners, he wants to hold down the waves.

“Do I have stayed here for the night?” Shen Lang asked.

Zhang’s speech was speechless, and it’s only just in the evening. As long as he leaves and stays there for the night, there is no loophole.

“I don’t understand the law very well, but I also have lawyers in China. I can let lawyers talk to you!” Zheng Yumeng saw that Shen Lang had nothing to say, and immediately added one.

Zhang did not look at her. They are not afraid of lawyers. I don’t want to provoke her, but I don’t want to be a foreigner. If the argument is too big, the leader will definitely sacrifice them to calm down.

“Please!” Shen Lang got up and took the initiative to shake hands with Zhang.

Originally, Zhang was riding a tiger, and Shen Lang’s handshake made him feel that he was a step. He reported to Tian Gongzi and let Tian Gongzi handle it himself.

“It may be a misunderstanding of the report, we will investigate! You are good at it!”

Reluctant to say a word, he left with two other cockroaches. Manager Xu wiped the cold sweat and quickly apologized and closed the door.

“Or you have a good temper and reason. I just wanted to marry them!” Zheng Yumeng is still a bit angry.

“Come here.” Shen Lang looked at her and had a good temper? His temper is not so good!

Zheng Yumeng strangely followed Shen Lang to the door opened the door and immediately saw a good show happening outside!

Shen Lang did not directly explode them, it is to see that they are Xiaolan, behind Tian Jingwen. But just taking the initiative to shake hands, is to inject a vitality into his body!

They just went out, and now they are going to Mobai. Shen Lang directly controlled Zhang with his knowledge of God and asked him to kick and kick against Mo Baiquan!

Mo Baizheng wants to see how it is handled. According to the plan, they are all taken back to the place. Shen Lang detained, and Zheng Yumeng came out again by Tian Gongzi. He did not expect to hit him!

The other two looked at Zhang's anger, thinking that it was just caused by the foreigner. The intelligence is this white, so they also started to work together and become three people arrogant!

Manager Xu was stunned and didn't dare to go forward.

"You are crazy!" Mo Bai, who was besieged, yelled and fled, and his head hit Zhang.

Zhang was knocked over and vomited a big blood!
