

First Strong 1431

Chapter 1431 - Will hold the Park

“Master Shen, is there a result?” When Shen Lang came up, he asked inquisitively.

The speed is so fast, he does not believe that there is a result, and he is afraid that there is no way to sink the waves. In fact, after a long time, he is also a dead horse as a living horse doctor.

“There is a result. But...”

“You said, you said!” I was surprised by the sky, but when I heard the turning point, I was nervous. Is the result that the door owner and the elders are dead?

“But I don’t think they can give me any compensation. I will take this one of your beads. If you stay here, you may be robbed by others.”

Shen Lang is a bit awkward, because I said it was not necessary.

I grew a sigh of relief in the sky.

As for the result of this god, he is already psychologically prepared. Since he has seen Shen Lang, he has not given any benefits, and will definitely be taken.

If you can’t save the doorkeeper and the elders, they will be a symbol, and they may be robbed.

If Shen Lang directly said that he would take the gods, he would not have any dissatisfaction, but would also accompany the smile.

Just heard the turning point, I thought the doorkeepers were dead.

“There is no problem, although I am not the owner, but I think the doorkeeper and the elders will definitely be offered with both hands. You don’t need to care, I don’t really have any rewards now.”

“Okay. Nothing is wrong with you, you are better to hide it. If they don’t, they will be watched nearby. Weiqingcheng, Huoshan, they will be handed over to me!”

When you say this in the sky, there is nothing to be embarrassed about Shen Lang.

“Thank you Master Shen Lang!”

He took a deep sigh of the sky, and when he looked up, Shen Lang had left the Imperial Gate with the Emperor.

“I understand, these human beings are your friends, and then they are caught. If you want to fight, let me come!”

The Emperor and the Great Beast felt that the situation had been clarified. It followed the Shenlang and never came in handy. It always felt that it could not reflect its value.

Just in the pastoral garden, I will start to fight against the sky, but it is too weak, and I can’t play the advantage of it. Shen Lang can also beat it.

Therefore, it is eager to come to a powerful enemy. It is best that Shen Lang can’t cope with it. It can be done by it to show its value.

“I don’t want to be an Emperor, I didn’t tell you carefully, you are completely clear.”

For Shen Lang, a good word, let the Emperor behemoth quite comfortable.

“Don’t be a god, you call me a god, you are very polite. We are now friends of the contract, you have trouble, that is my trouble, do not need to be polite to me. What are the tricky enemies, give it to Me!”

“Then I really don’t like you.”

“That `s a deal!”

This time the enemy is the longevity son of Bao Puzong. From the narrative of the sky, Shen Lang can't determine what the realm of the longevity is, because Daxian is enough to crush Yuxianmen.

Judging from the influence of Mo Feiliu, the longevity can not be a great god, it should be the realm of Daxian.

It is precisely because of such speculation that Shen Lang dared to take this one without any concern, because he could handle it himself.

However, the Emperor's behemoth is willing to act as a thug, which is of course a good thing.

From Yuxianmen, to the crack in the space, there is still a distance. They used to use the spacecraft magic weapon to go fishing, and later the spacecraft magic weapon has let the Shen Lang robbery.

What is strange about Shen Lang now is that the long-lived son came to the place with the Emperor Baozong, who solved the Yuxianmen after the destruction. It is already a day, why is it still imprisoned Weiqingcheng and Huoshan, but not into the space? What about the door?

These problems can only be solved if they get there.

Fortunately, at the speed of his present and the Emperor's behemoth, he went to the door of space and could not spend too much time.

On the road, Shen Lang also confirmed that the son of Bao Puzong's eldest son should be the same as Zhou Yucun. If it is a great god, it should have been detected for a long time.

When it was about to reach the door of space, Shen Lang also noticed that the Emperor's behemoth did not have any abnormalities, which confirmed this.

If there is a great god-level powerhouse there, the Emperor's behemoth will be the enemy.

“who?!”

When the two of them crossed the sky, some people immediately screamed.

Shen Lang slowed down slowly from the air, and the eyes had already seen the situation on the spot clearly.

Not far from the door of the space, Wei Qingcheng and Huoshan were very weak and unable to move.

Surrounded by the people of Bao Puzong, Wan Jianliu and Ge Luting are there.

“It's a deep wave!”

I just asked the two disciples of Bao Puzong, and Wan Jianliu and Ge Luting both recognized the Shenlang and immediately shouted.

The words of both of them attracted the attention of the most powerful one on the scene.

The strongest one is undoubtedly their eldest son.

The eldest son was originally sitting alone in a farther place. Now that he hasn't seen how he moved, he has quickly moved to the crowd between Bao Puzong and then opened his eyes to look at the waves.

“The Sovereign! This is the Shen Lang!” Wan Jianliu quickly stressed again.

“Wan Jianliu! How did I warn you, have you forgotten?”

Shen Lang did not look at the longevity, and said to Wan Jianliu directly and coldly.

Wan Jianliu immediately felt sweaty.

On the same day, he personally saw that Shen Lang had killed Weiyangzi. There was already a huge shadow. I couldn't think of the current realm of Shenlang. It has already surpassed the peak and half of Xianfeng. It is already a big fairy.

This pressure is completely unintentional, and it is from the inside out.

Of course, he couldn't forget it. On the same day, Shen Lang said that he only killed Weiyangzi and gave them a warning to let him put away his mind. If he continued to hold the patriarch and wanted to continue to invade the earth, he would not mind giving Bao Puzong Went out!

However, the pressure is so great that there is a lord here, and Wan Jianliu is still straight.

“Shen Lang! What are you doing? We are the genius of Bao Zong, and the brothers of the Central Committee have been killed by you cruelly! You are still threatening to destroy us. You are really a soft persimmon?”

This is still good at bewildering. At this time, the experience of Weiyangzi in advance can encourage all the same enemies. It is said that it is necessary to destroy Bao Puzong, and it will make the sovereigns very uncomfortable.

As for Glu Ting, he also realized that the “sacred rape” of the earth was still disgraceful.

If Bao Puzong successfully enters the earth and quickly unifies the earth's comprehension world, then he will be the local spokesperson and the most powerful one in the realm of comprehension.

But now that this matter has not been successful, and it has been blocked by Shen Lang, there is a feeling of not lifting the head, and quietly hiding behind.

Chapter 1432 - I have enough dogs.

Wan Jianliu itself is a half-scent, the strength is not weak, or else it will not become the general manager of Tiandu.

But the first time I saw Shen Lang, I was violently beaten. The second time, Shen Lang was even killed and killed two peaks and half cents.

So he left a great shadow, can now be tough, or because the Sovereign is here.

But if the lord does not speak, he does not dare to continue to talk.

Just after I finished speaking, it was stiff.

When Shen Lang arrived, it was confirmed that the longevity son was the realm of Daxian. Then the other disciples of Bao Puzong have a peak and a half fairy, and Wan Jianliu is such a semi-precious realm. The other lowest is also the peak of the gods.

With a team of this size, wanting to attack Yuxianmen, Yuxianmen has no resistance. Want to invade the earth, all the earth's cultivating martial art, there is no resistance.

However, with the strength of Shen Lang now, I don't care at all. There is also a great god-level behemoth beside him!

"Is it a long-lived son? Give me the two masters of Weiqingmen in Yuxianmen, and now I will go back to where you are, and I can forgive you this time."

The eldest son has been watching the waves and has not spoken.

Now Shen Lang is also talking to him, and when he says this, he will be irritated by Bao Puzong!

"Kid! You are looking for death!"

"What are you, dare to be so attitude towards the Sovereign!"

"Next year, today is your sacrifice day!"

They have never experienced the things of heaven, so there is no shadow for Shen Lang, and it has just been provoked of anger, and it is now vented.

The long-lived son who had never spoken suddenly raised his hand slightly, and everyone immediately felt it and was quiet.

“Hand over the things of Yuxianmen, I can forgive you this time, and spare you a dog. Otherwise, you and Yuxianmen have to die.”

He said very calmly, without a trace of fire.

Upon hearing this, Shen Lang basically has a general understanding.

The reason why they stopped here is not that they have not entered, but after they have entered, they cannot travel in the chaotic world of dense fog!

There is a certain way for Yuxianmen, but it also needs to rely on the spaceship magic weapon, using the magic weapon to pass through the dense fog.

However, things were taken away by Shen Lang, and they did not know that Shen Lang was handed over to Qiao Yuxian. Therefore, under the premise of not finding a sinking wave, it can only pass through Yuxianmen.

And Wei Qingcheng and Huoshan, they are probably also squatting in their ancestors, and they are incapable of building a ship magic weapon.

Trapped here, it is estimated that they have absorbed their memories, and then let people test. But before you can find out the way to confirm, you don't dare to go in with everyone, so as not to get lost.

Now the emergence of Shen Lang, for them, is simply sent to the door.

“I shouldn't have fantasies. Wan Jian is like this. It's not like this. It's not hard to think that it's all influenced by your longevity.”

Shen Lang shook his head and sighed: "I said it clearly last time. I believe that Wan Jianliu also passed the words to you. Since you are not looking for death, I will fulfill you today."

"Just by you?" Longevity said faintly.

Obviously, he also can see that Shen Lang has reached the realm of Daxian.

However, according to the previous information, in the days of Tiandu, Shen Lang was only a peak and a half, so short can break through the realm of Daxian. Nature is related to the ruins, and he also heard about it.

But no matter what the odds, the age of Shen Lang is there, the time of cultivation is there, even if it reaches the realm of Daxian, it can't be compared with the old Daxian.

Therefore, he was very determined, and he would suppress a new big fairy.

The provocative attitude of Shen Lang, in his view, is nothing but a new born calf is not afraid of tigers, is the young people's expansion mentality, do not feel that this is a confident performance.

Shen Lang smiled slightly: "Why do I do it? Killing you these fish, I will be a dog!"

"Hurricane!"

"presumptuous!"

"court death!"

Everyone was roaring up, Shen Lang was able to kill the Weiyangzi, and the strength must be there. The other disciples, including the peak and the half, did not dare to challenge.

But they still have the lord of the Great Immortal, and this screaming that they can kill them with a dog, it is really deceiving!

The key is that the Emperor's behemoth is now a dog, and it is still a small pet dog. Its strength at the level of God is what they can see through?

Even if it is Weiyangzi, I just think that this dog should be spiritual, but I have never thought that it is stronger than Shenlang!

"I was going to kill you, and you seem to kill too much. It is against the heavens. But when you take the shot, you will kill tens of thousands of innocent people near Yuxianmen. It's not too much to kill you. It is."

After Shen Lang finished speaking, he immediately passed a thought to the Emperor.

"The Emperor, I will give it to you, I will save the two people."

"a piece of cake!"

"You have to kill them, eat them, just like you."

"it is good!"

The Emperor's behemoth does not know Wei Qingcheng and Huoshan, but the situation from the scene is probably understandable.

How did you communicate with Shenlang? It is not clear. If you can only confirm that the communication is not smooth, you need to do it.

Shen Lang waved his hand and gestured to let the Emperor beast start.

"Longevity, don't say I bully you! First remind you to go all out, or else you won't have a bone!"

After that, he went directly to the place where Wei Qingcheng and Huoshan were located. Wei Qingcheng and Huoshan, although they were banned, they could not speak, and the state was very sluggish, but people still Sober.

When they saw Shen Lang, they almost burst into tears!

The spaceship is the kid who snatched it, look for him!

However, in the end, Shen Lang actually came to save them, and they must avenge the people of Yuxianmen, and they must kill Bao Puzong!

This makes them very embarrassing.

It's just that they can say "Looking at the rising waves". When they first came, Shen Lang's opponents in the sky were not, let alone the two of them, they were able to survive, and they were also trying to solve the problem. Exchange of information.

Even when I came over for the second time, I have grown to the same level as them, but that is already very bad.

He De He can, can kill the longevity of the Great Immortal Realm?

They are hard to believe and hard to understand.

Now Shen Lang actually does not do it himself, just let a dog come out to challenge the eldest son!

This allowed Wei Qingcheng and Huoshan to almost close their eyes and wait to die... Isn't that looking for death?

This kid is in a mess?

Doesn't he know the eldest son?

How can I make such a crazy decision?

The eldest son sneered a little, and of course he could not do it with a dog.

He felt that this was Shen Yao's intentional humiliation and wanted to use a dog to disturb his mind and anger him, so he could take advantage of it. Of course he won't let Shen Lang do it!

So at this moment, he immediately split the two sides, while blocking the waves, and prepared to directly kill the dog.

But at this time, the dog suddenly became huge!

Chapter 1433 - All swallowed

A dog can grow bigger, not to mention the big fairy, even the other disciples who are not stunned.

After all, there are some beasts that can grow bigger. Shen Lang can make this dog shot, it will be a fierce beast, not a big deal.

But the longevity is the pressure of this dog!

He was originally a two-pronged shot, ready to suppress the Shenlang, and the dog that he released was directly slaughtered.

But now whether it is an attack on Shen Lang or an attack on that dog, it has no effect!

He is a veteran Daxian, even if he did not go all out, it is definitely a strong attack, but now there is a feeling of sinking into the sea.

It seems that there is a sea around him, which directly isolates him.

In his realm, I don't know how long I have never encountered an adversary. Even in the same realm, when it comes to this generation and age, it will not be casually fired. Generally, there is a grudge that is solved by talking about it.

Unless there is an environment like a ruin, the eldest son has gone, but he has not encountered it with Shen Lang.

When I went to Yuxianmen, the longevity son personally shot it, in order to solve the problem faster, but also came to Liwei.

Now this time against the Shen Lang of the same great fairy realm, it is a real shot.

However, such a shot directly made him doubt life.

The Emperor's beast does not actually enlarge the body, but restores its original appearance. It is also afraid of recognizing human fears, so it keeps a small body shape, and now it is rare to stretch your muscles.

Otherwise, with its strength, it is easy to crush against the longevity, and it is impossible to meet the enemy with physical changes.

The attack of the long-lived son was sinking into the sea, and it was suppressed by it.

Its way is somewhat similar to the control of the field by the human strong. Now everything except the swell is free to move, and the rest is under its control.

Even if the eldest son is a big fairy, he still can't escape.

So the result is that the long-lived son watched Shen Lang walk to the front of Wei Qingcheng and Huoshan, and watched the dog and became a huge dog.

Other disciples of Bao Puzong have not responded.

Because they did not resist the shot, they still did not feel the suppression.

For them, naturally, this is the master has not yet shot, or else, a big dog in the district, what is it?

But now, they will not think that this is just a dog. It's such a huge body, even a dog, it's a king's beast-level dog.

After the Emperor's behemoth restored the size of the body, he stretched his body and snorted.

With its mouth open, the most powerful of the Emperor Baozong disciples, but also the peak of the realm of the gods, one by one can not control, completely flew to the inside of it!

This is scaring everyone. Half-seven and the peaks and half-sevens are quickly retreating, and now it seems to be trapped in the quagmire, and it is impossible to move easily!

“metropolitan!”

Everyone was screaming, it seems that this beast is weird. It is much stronger than they expected. If the lords can't stop it, they will have to be eaten!

The strength shown by this seems to be a beast ***** level!

The eldest son is now secretly complaining.

After he failed a blow, he immediately began to attack, but still, no matter what kind of attack, it is a sea of sinking.

At this moment, can you not see the situation of the disciples? Can you not worry?

It's just useless to worry, he's actually involved more!

Just as the disciples did not appear at the beginning, the control of the Emperor's behemoths around them is stronger and stronger. If they do not move, do not struggle, they do not even feel it.

The longest child has the strongest strength and is also attacking. As a result, he has to bear the greatest resistance.

In other words, even if he wants to rescue other disciples, there is no way. Because he is attacking or rescuing, the power is sinking!

“Shen Lang! Help! Forgive! I don’t dare! Don’t eat me!”

Ge Luting had just hid behind everyone, so even if his strength is the weakest one, he supported it for a while.

If it is not right now, he will decisively ask for mercy.

However, Shen Lang did not look at him, and his words have not been finished, and people also flew to the mouth of the Emperor!

Soon the scene disappeared most of the scene, and the rest was that Wan Jian flowed them in a few semi-prestige realms.

After asking for help from the lord, they have not received a response. They realize that things are not so simple, and they can only help themselves.

It is a pity that the attack on them now is a level beast ***** in the realm of the gods!

Not to mention the difference between a few realms, even if it is a big fairy, it is also a part of the round.

The result was that they only supported a little more time and then flew over to the mouth of the Emperor.

“The Sovereign Holds!”

The last peak and half centus began to despair. When he is now resisting himself, it attracts more powerful resistance, knowing that this time it is impossible to stand up.

After telling the last sentence to the longevity son, the peak and half of the fairy also flew into the mouth of the emperor’s behemoth!

However, he is the peak and the half, even if it is so long, I still want to explode again. In the same spirit, I hope to give the other side a little trauma.

It is a pity that even if he wants to blow his body, he can't finish it in the mouth of the Emperor's behemoth, and he is directly engulfed like everyone else.

When the eldest son arrived at this moment, he began to feel a little uncomfortable.

He also hoped that he would have a little more time to explore and have the opportunity to find the weakness of this beast, which can be targeted.

But the more you, the more powerful the big dog is.

It is not just a big dog, it is a fierce beast, and even the king's beast and beast is not enough to describe it!

"Shen Lang! I admit defeat! You let them go! You take away the people of Yuxianmen, I will leave everyone here, never again!"

In a short period of time, the longevity has experienced various attempts, but there is no effect at all, and he realized the gap with the other.

And this trip is with the elite of Bao Puzong, and now all have been swallowed into the belly by the giant beast, if you don't rescue them immediately, it is really finished.

The whole world is of great appeal to the eldest son. But even if you can lay down such a piece of land, you need to be guarded. It is too expensive for him to manage alone.

I didn't want to become the long-lived son of the light pole commander, and quickly made a gesture of admitting and surrendering. Staying in Castle Peak is not afraid of burning wood. He feels that as long as he has time, he will definitely be able to dig the information of this big dog.

Chapter 1434 - Great fairy

"Now let go! Late! The opportunity is given to you, you are not sure."

Shen Lang responded faintly to him.

The eldest son is depressed.

You are a new big fairy, threatening one sentence, I have to admit defeat, the face of the old Daxian is not going to be?

Who can think of you as a beastly god!

Who can think of a beast that can be your dog!

This beast is also a little face. These are the strengths of this level, and even give people a dog!

Pooh! Don't you have the dignity of your beast?

The eldest son of the abdomen is abdomen, but the whole person is already guarded.

All the disciples have been swallowed up, and he is too late to be angry, because it is his turn!

In the absence of any effect on several attacks, he chose not to move, so there was no resistance for the time being.

But if he doesn't move, the other party will eat him, and it will be as easy as other disciples.

"Beast God! Let's make a deal! As long as you put our disciples who hold Pu Zong and let me go, I can provide you with a lot of panacea!"

"We have the best panacea for human beings, which can make you more powerful and can help you improve your cultivation! We are the master of alchemy, we will never lie to you!"

As long as they can redeem a life, they can save the disciples. The eldest son decides that he can escape with his tail and revenge.

Anything about medicinal herbs can be refining.

However, he is now negotiating the transaction of the Emperor's behemoth, but the Emperor's behemoth has no reaction at all!

It's like someone is trying to catch a group of ducks and killing them. Suddenly a duck talks to people about the conditions, saying that as long as they don't kill it, they can provide compensation such as duck eggs...

But this falls in the eyes of human beings, that is, the screaming of the duck under the horror, what is the meaning of it? Even if you know that you are afraid of asking for mercy, you will not pay attention to it.

The beastly beast of the human world, after reaching the level of the king, will open up wisdom and learn to imitate human beings. Because they can realize that the human form is the way to their future cultivation.

It may also be that the ancestors have influenced and left such genes, or they may be purely learning.

So after the Beast God, many of them are familiar with human speech, and even morphed into adult form, learning in the human world and practicing in the form of human beings.

But the Emperor's behemoth comes from another world, where humans will not cultivate, and like other beasts, they are the bottom. That is a world dominated by giant beasts!

And this dog god, is the master of the world beast, is the beast of the beast.

So, how can you learn to imitate people?

It communicated with Shen Lang. At the beginning, Shen Lang said the animal language, and later it was direct spiritual communication.

Looking at the eldest son at the moment, that is, watching a group of food, I will not care about the food.

After having no communication with the beast, the eldest son looked at Shen Lang.

Shen Lang has already arrived at Wei Qingcheng and Huoshan, but he is not in a hurry to save them.

The purpose of his coming here is to prevent Bao Puzong from invading the earth and to save people just by the way.

So at the moment, it's a good look at the excitement.

Seeing the eyes of Changshengzi, Shenlang shrugged, and he casually lobbied for the meaning of the Emperor's behemoth. He clap his hands and lifted the imprisonment of Wei Qingcheng and Huoshan.

"Shen Master..."

"Don't thank you!"

Both of them were moved and almost cried out.

One is the head of Yuxianmen, and the other is the elder of Yuxianmen, the most respected figure of the martial art.

Although they are placed in the whole world, they are a small martial art, but they are the only ones in a thousand miles.

This time, it was done so long, and suffered all kinds of persecution again and again. Under the action of Daxian, the more painful is the persecution.

And they can't die if they want to die!

Not only can't die, but also remind them that the disciples of Yuxianmen are still holding the hands of Park Zong.

Suddenly there are rescuers falling, so that they all suspect that they are dreaming.

Shen Lang ignored them, but waved his hand and asked them to heal themselves and rest.

His eyes are still in the eldest son.

The eldest son has already understood this time, the big dog and beast god, do not know how to be confused by the Shen Lang, only listen to the words of Shen Lang.

He wants to live, and asks that Rao can only ask for mercy from Shen Lang!

While the Emperor Behemoth looked at him, there was no direct hands-on, and he realized that the other party was teasing prey, or treating the disciples as an appetizer, he was the main dish!

Dignified, it was actually treated as a dish!

And this is not a metaphor, the other party is really waiting to eat him!

This is really ridiculous. Looking at the whole of the Han Dynasty, no one believes when I say it.

But now it is so absurd, it is such a reality.

“I beg you!”

The eldest son has already tried it. When they reach this realm, the gap of strength is not enough to make up for it.

Because of self-confidence, it was a conquest for a small sect, and an attack on a wild and backward world made him feel that he was handcuffed and did not prepare any magic weapon.

There is no killer at this moment, only begging!

While begging for mercy, he also collapsed!

At this time, suddenly an attraction, let the longevity burst!

Originally, he did not move, and the control of the Emperor's behemoth did not affect him. But he is a sneak. The Emperor's behemoth did not know what he was going to do, and he opened his mouth and sucked him up!

The longevity child is always at a high level of alert. A moment is not right, immediately burst into a burst of attack, while the body is quickly rushing to the front.

His goal is Weiqingcheng and Huoshan!

Although he also knows that this time, Shen Lang will chase it, and the Lord is sure to stop them from going to Earth, not to defend Qingcheng.

But since Shen Lang saved them, how much should still care about it. Now he does not have any hostages, and one can catch one.

It is a pity that in front of the gods and monsters of the great gods, this slippery head has no effect at all!

His shot against the attraction of the Emperor's behemoth, once again, has no trace of the sea, and he did not take a step forward and was controlled.

Immediately after the body of the eldest son, he flew out uncontrollably.

There was no sneak attack on Wei Qingcheng, but they quickly reached the mouth of the Emperor.

"I don't accept it!"

After practicing for a long time, it became a big fairy who was shocked by one side, and also a strong person in the entire Han Dynasty. Actually swallowed by a dog, this is too humiliating!

But what is the use of dissatisfaction?

Just like a city of Yuxianmen plus tens of thousands of people, but he was wiped out by him. Just like the imperial concubine, it is impossible to struggle.

At the next moment, there was no more his voice, and the Emperor's beast swallowed him directly.

Chapter 1435 - Shen Lang is coming again

"Sorry, I don't usually eat people."

It is not so easy for the Emperor and the Great Beast to digest so many comprehensions, especially the Great Immortals. But when they swallowed that moment, they completely suppressed them, and the rest was slowly digested.

It expressed it to Shen Lang and also reduced the body and made itself the size of the original dog.

"Understood. You are the Emperor, you just worked hard."

"Nothing, nothing, willing to serve."

The Emperor is really a little embarrassed because it really doesn't know how long it takes to eat people, but those are really attractive.

In contrast, it is like swallowing a group of giant beasts, and the lord king, can you be upset?

I used to come to see the world with Shen Lang. I didn't expect to be full of food. This is really beneficial to evolution.

But I am sorry, just a little bit, more is afraid that Shen Lang will misunderstand it to eat people, and then deal with it, so it will be expressed.

The two of them set aside, and Shen Lang looked at Wei Qingcheng and Huoshan.

“Two, how is the situation?”

Wei Qingcheng and Huoshan quickly thanked them and said that their bodies are not serious, and it would be nice to take a rest and recuperate.

In fact, Shen Lang can see that they are not hurt, but they are also embarrassed to let Shen Lang help to treat.

Of course, Shen Lang will not treat them with them. He just said a little, because he happened to pass by, he has saved the disciples, such as Changkong, and then asked about their situation.

I heard that Shen Lang rescued the disciples of Yuxianmen from the pastoral garden, so that they were grateful again and again, and then talked about the situation.

After the disciples of Yuxianmen were arrested, the eldest son read the memory of Wei Qingcheng.

Originally, those disciples were to be used as hostages, forcing them to hand over the magic weapon of the spacecraft. As a result, there were still spiritual bubbles.

In general, the human body will not be able to benefit from the spirit, but the long-lived child is of course aware of the goods.

Therefore, all the imperial people were locked into the pasture, and then forced to create spiritual bubbles. And for their requirements, it must be more strict.

The animal husbandry's formation has also been revised to prevent them from leaving. I also used the spirit control method of Yuxianmen to ensure that one or two people can stay in control and have a long-term benefit.

If the waves are not coming, then everyone in Yuxianmen, like the monks who have been imprisoned by them in the world, directly contribute spiritual strength to death.

Wei Qingcheng's memory was extracted, and the longevity son confirmed that the spacecraft magic weapon was indeed taken away by Shen Lang, and they did not have the second magic weapon spacecraft that could enter the chaotic space.

So the two of them were brought here to help them explore the safety of the planet.

As for the one god, of course, it is also known from the memory of Wei Qingcheng, and also went to the scene to see.

The eldest son himself has also tried it. It is impossible to realize any secrets. It can only be manipulated by Wei Qingcheng and Huoshan.

Both of them, whether in the memory or in the mouth, said that the ***** bead must be in that position, everything can not be changed, or else it will not succeed.

In the view of the longevity, the ***** bead is only one of the media, and the environment is a battle of the law, plus the secrets of the exercises, combined, in order to allow Yuxianmen to have inside the door of this space. Understand.

Can not move the beads, they moved them two people. According to their memory, the disciples were arranged to explore inside.

Entering the door of the space, what will happen specifically, they are not clear, can only wait for a long time without consequences, and then arrange new people to pass.

Up to now, a few dials have been arranged. Every time there is no gain, they will destroy both of them and let them think about excavating valuable things to redeem.

The arrival of Shen Lang until today.

Of course, in their narrative, many words of loyalty were added. In order not to affect the world of Shen Lang, they would rather die than to be unyielding.

Shen Lang did not **** them back. This is still the site of their Yuxianmen. The strong enemy is gone, they can go back.

There is no relationship between Yuxianmen and Tianji Zong, and there is nothing to manipulate the secret method of the bead. Shen Lang did not ask much.

After the separation, Shen Lang decided to continue to take away the Emperor's behemoth and sway in this world.

There is such a "going dog", it is almost impossible to cross the world!

Shen Lang decided to go to Tiandu for a trip before going to Tangcheng!

It's not that you want to prevail, but with his current strength, he is not afraid of anyone, nor is he going to take revenge.

In terms of enemies, Bao Puzong has already looked like this. Zhou Yucun of Chaotianmen also died. Mutianda also killed. Others are not climate, and Huangfu's family and Lu's family are not afraid if they have the heart to find revenge.

On the one hand, I went to see the gods and beasts on the one hand, and on the other hand, I also inquired about the situation.

Qiao Yuxian and other earth monks, do not know how, but it has not yet returned, perhaps hidden in the capital, perhaps to venture elsewhere.

Shen Lang reappeared in the sky, will inevitably cause a sensation, will let them take the initiative to find him In the end is also a friend, at least to let them safely go back.

Going to Tangcheng after the day, it is actually going to buy some items.

When I went to Tangcheng last time, I was so poor that I could buy more if I went there, whether it was a weapon or a resource for cultivation.

As for the cold autumn, they should still be closed in Zhoushan, and they will not be able to go to the autumn forest.

However, this itinerary is temporary and may change at any time.

If you go to the heavens, there is still a long way to go. Fortunately, the two of them are also fast, and there is no urgent matter.

The Emperor and the Great Beast are also very satisfied with the situation of looking at the human world.

When I arrived at Tiandu, I had already made it quite embarrassing. The distance along the way was more than 100,000 miles. I also saw some gatherings of human beings on the road.

Until the day, it is the real city that has seen the bustling city.

However, this prosperous, it is nothing to say about it, because the day when Shen Lang showed it to it, it was a thrilling metropolis in the basin.

It's just that the Emperor's behemoths are still unclear, thinking that they are all in one world, and that they have gone so far, they have not seen a city with such signs, how great the world is!

When Shen Lang appeared in Tiandu City with a dog, the news spread immediately!

“Shen Lang is coming again!”

This is a message that everyone is spreading after they know it, and some of them are spreading loudly.

Many of them are heard in the realm of Shen Lang, which makes him a bit strange. Has he been so famous?

Or who gave the reward, and when he appeared, spread the news?

Chapter 1437 - Daxian

(Sorry, I made a mistake in front and revised it again. But I can't change the title.)

For the source of the news, Shen Lang did not care too much. Those who knew the ruins of the ruins were all awkward, but they did not say anything about their own sects.

And this kind of revival is to use the prestige of Zhou Yucun and Mutian Daxie to raise the waves. Then there is only one possibility – Gao Hanqiu passed the news of the Qiulin sword.

Only the Alpine Autumn Festival will help him unselfishly.

“I thought someone wanted to buy my information.” Shen Lang smiled faintly: “Is there no other major events happening here recently?”

Shen Lang actually wants to inquire about the situation of the earth's monks, but Ji Qiandao does not know his true origin, and it is not convenient to ask directly.

After all, there were so many earth monks, and they also cheered for him. If they have had anything to do, I want to come to Ji Qiandao and I heard about it.

However, after Ji Qiandao heard his words, he was serious.

“Actually... everyone is so expecting you to appear in Shen Daxian, just because there is a big event here!”

“Talk.” Shen Lang nodded, want to listen to him and talk about what is going on.

The look of Ji Qiandao is solemn, even if it is on the site of Jijia, it adds a layer of sound insulation.

“It is like this. Not long ago. There were a lot of people coming in the sky. The number is not much, but it is very special. One of them... is like you.”

“like me?”

Shen Lang is a little surprised, there will be someone like him?

Ji Qiandao shook his head apologetically: “It doesn’t look like you, but it shines like you.”

“...” Shen Lang directly eyes.

“First of all, this person looks very young. He claims to be in his thirties. In addition, his strength is very strong. After the day, he quickly became famous, so everyone knows this person.”

Shen Lang did not interrupt, indicating that he continued to speak and made all the things clear.

This person is called Qi Ming, claiming to be from a foreign country, coming from a distant country!

The news of this light shocked everyone. Because the scope of the country is huge, but beyond, there is no one to go. Among them, the distance from the Tiandu City to the miles of the mountains is a great barrier.

In addition, there are some directions. According to historical records that have been visited, it is said that after the endless wasteland, it is a sea world that cannot be explored anymore.

Because of the external exploration, it seems to be an endless road, more than a million miles, so history has been explored by the predecessors, there will be no more people continue to explore.

After all, it will take a long time to go all the way, and it is easy to get lost, and there are various dangers.

At the end, there is a sea that cannot be crossed, and everyone is disappointed. It has always been felt that it is possible to reach another country, that is, it is not a mountain.

So there will be that entrance, and there are one rest points. On the one hand, it is for the sake of the ruins. On the other hand, it is also the predecessors who have the heart to explore and not climb the mountain. It seems that it has not been successful.

No one knows what big problems have been encountered.

So now suddenly a group of people came to claim to be outside the territory of the Han Dynasty, and did not elaborate on their origins. Everyone naturally does not believe.

And this young man named Qi Ming, like an urgent need to make a name for himself, directly on the platform at the end of the central street in the city, began the challenge to Tiandu City.

In the face of Tiandu City, in fact, the slogan is to challenge all the strong people of the entire Han Kingdom!

Qi Ming's strength is very strong, but he has not deceived people, but has made the road clear. If the strength is far away from him, he will not bother to do it, or simply beat and let the other side know.

As long as you have the courage to challenge him, you will get compensation for resources, or medicinal herbs, or Yuanlingshi, or other medicinal materials.

He is specifically at what level, and no one knows clearly. According to the strength he showed, everyone speculates that it is probably the realm of Daxian!

And a big fairy in his thirties, this is very horrible and very unbelievable.

The conditions of Qi Ming are also very clear. Basically, half a fairy goes up and will be easily defeated by him. Only the peak and the half, will let him be an opponent to deal with.

In addition to his presence in Tiandu, he also let everyone spread the news, saying that he will stay here for a long time, and welcome experts who are far away to challenge.

Of course, he also has a limit, that is, the strength is lower than him, and does not limit the age. If it is at the same level as him, it is limited to one hundred years old.

In other words, if there is a big singer in the field to kick the pavilion, it must be within 100 years old.

This is a strict limit!

The aura resources of the mainland China in the mainland of China have far surpassed the earth, so their realm is far better than the earth. Like Ji Qiandao, they are also half-sex. At the age of six or seventy, or fifty or sixty.

But the front can rely on resources and exercises, and later it requires savvy and opportunity. It's not so easy to reach the peaks and half cents, often eight or ninety, nearly a hundred years old, only to have the opportunity to reach the peak and half of the fairy and after the peak of the semi-centre, still need a longer long practice, only have The opportunity to break through the big fairy.

For example, Zhou Wei is already a very young peak. That is because he is the son of Zhou Yucun, and Chaotianmen is in charge of their family. The exercises, resources, etc. are all extremely inclined.

Moreover, Zhou Yucun was also able to break through the Great Immortal at an early date, so he pushed his son to the peak of the half-six.

Zhou Yucun himself is also in his 100s, and the other big immortals are also like this. And the likes of Qiu Lin Jianzong's Mo Feiliu, although very powerful, but also two or three hundred years old.

Gao Hanqiu is now a great god, but it is not his life on earth. It is here that it has been cultivated for hundreds of years.

Therefore, this Qiming's restriction is within a hundred years of age, and it is a hurdle for all the great immortals in the Han Dynasty.

Everyone is talking about it, and I don't know that there is a big fairy who is less than a hundred years old.

As a result, the news was passed out, and no martial art had a big fairy to challenge.

It is possible that in addition to the conditions of this age, the great immortals are all awkward and do not bother to come up to the challenge. Besides, this kind of thing is not worthwhile!

The other party is just a young man who doesn't know where to come out. If he wins, he won't add any honor. Instead, he will lift the sedan chair in his personal capacity.

If you lose, it is that the evening is not guaranteed, directly affecting the reputation of individuals and sects.

Therefore, the spread of the news, there is also a person to come to challenge, but basically some of the more genius, younger peaks and half cents.

The strength gap between these people is there. No one can beat this outsider in the same way. Instead, the number of people with challenges is increasing, which makes him famous.

Until today, Shen Lang is here.

Chapter 1438 - Collectively

Everyone will quickly spread the news of Shen Lang, because Shen Lang has already proved his strength here.

In the public, I killed two peaks and half cents, indicating that there is a strength to fight with this one, and the news from the past few days has revealed that Shenlang has the power of Daxian.

The most important thing is that although everyone is not clear about the specifics, it seems that Shen Lang is only in his twenties.

If you have reached the realm of the Great Immortal, or the realm is still a little bit, the combat strength is enough, and there is no problem at all. Far from being within the 100-year-old limit of Qi Ming, it is even younger than Qi Ming. It is necessary to defeat Qi Ming and be even more glorious!

Originally, Shen Lang was here, and it was also an external spoiler. He made the sky full of wind and rain and he ran away. Everyone will not support him as a person.

However, Shen Lang is also a personal grievance, and did not provoke the entire Tiandu City, and did not challenge the entire Han Dynasty.

Now Qi Ming has clearly stated that he is from other countries. The challenge is the young strong in Han. No one comes out to fight, or loses, it is a shame for everyone.

In contrast, Shen Lang became very cute.

Originally, he was the first red man. Some people wanted to see if they could summon him, but they didn't have any clues. They didn't know whether they had gone through the retreat after leaving Zhoushan.

Now that he really appears, of course, it has become the goal that everyone expects. It is the first person to defeat the outsiders and defend the dignity of the country.

So after he entered the city, the news spread immediately, and many people followed him, hoping to have the opportunity to speak to him.

Just because his previous image was too fierce, those who had no relationship, dare not come forward to talk to him.

Ji Qiandao invited Shen Lang to stay in Ji's house. He is also ready to tell him about this situation, so that he can think about it in advance so as not to be stunned when he is openly asked.

So now Shen Lang asked if there was any major event, and he did not hide it. He said this in 1510.

Shen Lang is a bit speechless: "I said, I missed me so much, I dare to want me to be a hitter."

He is actually not angry with any empathy, he is not a person of this world!

Even if this Qiming, the entire younger generation of the Han Dynasty, the younger generation could not lift their heads, and he did not have the emotional impact of a dime.

However, the origin of this Qiming is to make him a little curious.

According to this statement, Qi Ming and his party came from another country. In the far distance around Han, it is to the beach, and the distant overseas is the other big 6 such as the city.

The entire 6th Central Fairy Island is protected by a huge array of methods. The outside high-tech spacecraft cannot log in. It should be difficult to cross the sea directly.

So there are people from other countries who come here. The situation that is known now is theoretically to look through the mountains.

In the history of the Han Dynasty, no one has successfully read through the mountains. There are no dangers in the end and no records.

Of course, this may be the same as the arrival of the earth monks. After someone successfully flips through it, they don't want to come back, or they can't come back. In the relevant historical records, this kind of ignorance is the record of failure.

And the opportunity that these people are now appearing is also quite special.

It is roughly in line with the millennial relics of the millennium!

If it was before, there were no other territories coming over for hundreds of years, and suddenly it was said that it was from other countries, it is still relatively difficult to convince.

But now that there are not many relics, it is possible.

Because of the ancient ruins, there may be entrances and exits on the other side of the main peak of Zhoushan. If someone goes in, come out from here. That is to pass the ruins and cross the mountains that I can't usually pass.

"It is not for you to be a thug, but everyone dares. This is the hope that you will come forward to uphold justice and win glory for all the monks in the Han Dynasty." Ji Qiandao played a bit of awkwardness.

He was able to get in touch with Shen Lang and just said this thing. Of course, he also wanted to persuade Shen Lang from the side to agree.

Shen Lang shrugged indifferently: "Let's see it! I have no interest, and I have passed the age of fighting for the limelight."

"..."

Ji Qiandao is quite speechless, how old you are! It's a tone that has been indifferent to the fame and fortune.

However, Shen Lang's strength is stronger than a lot of old predecessors, and he dare not say anything more.

"Really, the last time Zhou Shaojun asked me to go to the stage, because he directly killed my four servants, but also insisted on publicity on the platform, otherwise I would not be interested in playing with him."

"Yes, yes, you are a big fairy, you don't bother to be like the average person. Your limelight is already the first in Han Dynasty, and you don't need to show off. This foreign Qiming is not qualified to compete with you."

Ji Qiandao can only follow the words of Shen Lang.

With the big event of Qi Ming, the earth monks are naturally not likely to become high-profile people, and Shen Lang is not good enough to ask.

Ji Qiandao entertained Shen Lang with the best banquet, and everyone continued to talk about the old feelings.

Originally for the people of Daxian realm, eating and drinking is nothing, it is a form. But this time Shenlang is interested in letting the Emperor feel the wine and food of the human world.

In fact, the food here in Tiandu is still incomparable with the earth. After all, the exhibition environment is different. Those who dominate the world are self-cultivators. They don't care too much about their daily diet.

But compared to the behemoth world, these are already very refined.

The Emperor's beast has never eaten this way, whether it is the way or the food, it makes it feel very special. At the beginning, it was to give Shenlang a face. Since the arrangement of Shen Lang was made, I would taste it, but I would never be bored.

For the body of the Emperor's behemoth, of course, I can eat it any more. Ji Qiandao is also interesting. Now the Shenlang has a good appetite for the spirit, and adds a lot.

However, the banquet was not finished, Ji Qiandao was interrupted several times!

Although Ji's people reported with the ear, Ji Qiandao himself did not leave, but how could he get a sinking wave?

Not only the words of the rewards were heard, but it was also clearly sensed. Outside the Ji family, several people came.

These people are a purpose – please! After knowing that Shen Lang came here, he specially invited him to go out and play the sound of Qi Ming.

As for the return of them, of course, because they are all half-sex, peaks and half cents, they were injured and humiliated on the stage, and they have no chance to take revenge. They hope that Shen Lang can shoot.

“You have to deal with them! Let them not wait, see my mood, I will go see if I feel in the mood. No mood, they ask me no use.”

When Shen Lang opened his mouth, let Ji Qiandao smile and smile. He also knows that it is not a sigh, but he is not polite. He just goes out and conveys this meaning. Let others spread, don't let anyone bother.

Chapter 1439 - Comrade

After waiting for the Emperor's beast to eat and drink, Shen Lang let it take a break, and then let Ji Qiandao sort out the relevant information of Qi Ming.

Ji family is also a big family. The industry in Tiandu is not small. As the general manager here, Ji Qiandao certainly cannot avoid all aspects of co-ordination.

Qi Ming's business in Tiandu City, although no one in the Ji family came to power, there is no such plan, but the relevant information is still concerned.

However, this is not the same as the earth, the city, the city, and other places. There is no image data here. What Ji Jidao can provide, that is, some cases of manual recording.

For example, when Qi Ming began to appear, there are several people in the specific line, where they live, what names are now known, and what strength is probably.

There is also the number of people who have fallen into the ring, and the extent of winning or losing. These are all flow-filled.

Such information, Ji Qiandao naturally wants to send a letter to the family, is prepared, so when the sun is needed, it can be provided immediately.

Shen Lang probably scanned it once, but there was a rough understanding, and there was not much help for the information he wanted to know.

Qi Ming, they came from another country, but his self-proclaimed, no one else can prove it.

The strength of the other party is clear, no one can hold it, and naturally it is impossible to force information and the like.

Looking at the evolution of this situation, it is estimated that some sects will also be unable to hold their breath. At that time, regardless of the age limit, they will be arrested directly and then ask for information about other countries.

After pondering it, Shen Lang felt that it was a good opportunity now.

When Qi Ming first came, there would be a lot of worries, but now after a period of great collapse, a lot of local young masters will be cleaned up, which will make him arrogant and arrogant.

And if you wait until the other old Daxian can't stand it, it will not be able to take his shot.

"Shen Daxian, if we wait, if there are people challenging, let's go to the scene to see." Ji Qiandao carefully gave a suggestion.

He felt that Shen Lang did not take the shot and felt that there was no interest. For a big fairy who has never been traced back, whether he is personal or Ji family, he can't give much benefit that can make him look good.

If there is no interest, then you can only let him go to the scene, feel the humiliation of the local monk being defeated, or see the arrogance of the other party, perhaps to stimulate his fighting spirit.

Shen Lang looked at him: "Why do you want to see someone else? Is it because I am afraid of losing?"

"No, no, you will definitely not lose, my strength is the clearest." Ji Qiandao said busy.

"Qi Ming can't wait for someone to challenge in the ring all day, I don't run away, let's arrange it. Next time, I challenge him!"

After Shen Lang finished, he threw the information back to him.

Ji Qiandao couldn't help but get excited: "Shen Daxian, are you promised? I know that you are in a hurry and will stand up for everyone! After you know it, you will be very happy!"

Shen Lang waved his hand and motioned that he could go.

What is the eagerness of the public, for everyone, he just wants to know more information from Qi Ming. And on the ring, defeating the convincing Qi Ming is the fastest path.

After Ji Qiandao left, Shen Lang took a break and then went on a shopping trip with the Emperor.

When the dog is full, he has to walk the dog!

The Emperor's behemoths are not very interested in the various architectures, customs, and customs of the human world, but the wine and food just made it extra interest.

So now I am excited to go out with Shen Lang, and maybe there are other delicious things.

Its response fell into the eyes of Shen Lang, and it also had a care.

Originally it was fooled over, a god-level beast god, going to the earth is also a nuclear bomb, you must watch it.

Nowadays, getting along with each other is also very close to each other. Now it is very interested in tasting food, and of course it will be more good.

When going out, Shen Lang specially called the two Ji family people to follow, and when they saw what they were selling, let them go errands.

The Ji family's people were also relieved. Ji Qiandao went out. If the guest wants to leave, they can't stop it, and they dare not follow suit. But if you don't come back, you can't tell Ji Qiandao.

Shen Lang is as easy as walking a dog.

And his swaying through the city, no doubt has made many people onlookers.

What he needs is to spread the news again, so that the earth monks in Tiandu will come to him.

All the way to the central street, crowds crowded here, but seeing the waves coming over, everyone took the initiative to give way.

And the second of the shops at the door of the welcoming guest, watching Shen Lang since excited and nervous.

Of course, they also want to come in, such people are spending power. However, before Shen Lang's actions, I was afraid of a bad greeting, and gave my store a smash. The store of Bao Puzong was smashed, and now it has been cleaned up, but it has not been rebuilt. Probably holding the mind of Bao Zong on the fat of the earth world, I have not taken care of it here.

The store that Shen Lang had traded, the general manager Luo Fatzi heard the news, and had already ran out personally, greeted at the door, and looked at Shen Lang and said hello.

Others are worried that they are afraid of encountering the end of Bao Pu Zongdan. Before Luo Fatzi did a few big business with Shen Lang, he was not worried that Shen Lang would engage him.

Now that Shen Lang's status is different, he does not need to worry so much. Instead, he can sing the familiarity of Shen Lang and Shen Lang, and is similar to Ji Qiandao's initiative.

However, Shen Lang did not enter his shop, just snorted a few words at the door and continued to walk forward.

Luo Fatzi is of course a bit disappointed, but he also understands that Shen Lang has gone to the ruins, and certainly has a lot of good things, and he has not seen the resources there.

All the way to "walking the dog" to the collapse of the platform.

Shen Lang is also a bit embarrassing.

This place has been here for the third time. The first time he and Zhou Shaojun and several other Chaotianmen disciples, when they first came here, became famous directly.

The second time was blocked by Zhou Wei and Wei Yangzi. They lost their lives in the world of Tianshu and let them think that they had escaped invisibly.

Come here again, and what do you want to do again and again?

Looking at the downfall with nothing before, Shen Lang shook his head secretly. The real big fairy level of the fight, such a downfall can not bear. It can be seen that every time before the downfall, no matter what the situation of the outsiders sees, it is actually Qiming that controls the situation and controls all the situations on the scene.

Chapter 1440 - It's better to hit the day

"It's better to hit the sun than to choose the day!"

A voice came from afar and rang directly through the air, and then a figure appeared quickly, falling directly on the platform, watching the deep waves.

Shen Lang looked at the past and saw a young monk in his thirties. He really has a realm of Daxian. At this age, it is very rare.

This realm is estimated to be as young as Shen Lang is younger than him.

With the emergence of Qi Ming, several people immediately followed.

At the moment, from the side of the street, there are a lot of people watching the fun.

When Ji Qiandao went out to arrange the next gauntlet, he had already spread the news. When Shen Lang went all the way to the dog, it was already spreading.

Everyone heard that Shen Lang came to the side of Fujian, and of course they thought that they would start soon, and they all came crazy.

And Qi Ming over there, of course, will also grasp the big events in the city, when the chain reaction after Shen Lang entered the city, they have already paid attention to them. Waiting until Ji Qiandao represents the next battle, Qi Ming immediately said that it is not too late, start now!

Shen Lang is swaying through the city, leaving traces along the way. Everyone is talking about him and tracking him. He doesn't need to inquire about it. When he gets nearby, he can determine the whereabouts.

The sound of "choose the day is better than hitting the sun" is to directly implement the challenge of Shen Lang.

Originally, some of them followed the Shenlang. At this moment, they quickly occupied a good position and prepared to watch the battle of the two great immortals.

Daxian!

This is not a lot of small martial art. Those who have the basics of the sect, Daxian is also the head, the veteran, can have one is very good, and two are very powerful.

At this level, basically no need to take a shot, there is really a contradiction, but also to ventilate each other to solve.

And even if the big fairy really wants to start because of the kind of learning, it will definitely be a very secret place, and it is impossible for ordinary people to see it.

Qi Ming's reputation has been greatly enhanced because of his openness. Half-sen, the peak of the semi-fair shot is not so common, but how many can still have a chance to see. For example, before Shen Lang was published here.

But now, everyone knows that Qi Ming should be the realm of Daxian, and the legend of Shen Lang is already the realm of Daxian!

The two great immortals, openly fighting, this may not be seen once in a few decades.

In addition to the surrounding area, the nearby buildings are also full of people, and everyone does not want to miss every detail.

There are also a large number of passers-by who are rushing from the streets. Like Luo Fatzi, it also directly let the clerk shut the store, let's talk about the excitement together.

As for the customers in each store, I didn't follow the Shenlang before, but now I heard this, and of course I came over immediately.

There is no doubt that this time, although rushed, it is sensational, much larger than twice before Shen Lang.

Qi Ming has set up a platform for many days here. It is also the first time that this scene has arrived. This also makes him more satisfied.

At the same time, he looked at the eyes of Shen Lang, and he was more careful.

Because he understands that the enthusiasm of the monks in Tiandu City is not because of his sudden increase, but because of the influence of this young man.

This young man seems to be younger than him, and his strength is not under him. This is a strong enemy!

However, Qi Ming did not have the slightest tension. His eyes were full of light, and there was an excitement that finally found his opponent!

"I heard about you, Shen Lang! You just asked someone to write a gauntlet to me. It is better to hit the sun than to choose the day, how can we solve it today?"

When they came to Heaven, it was the time when Shen Lang's rumors spread, and it would be strange to know that Shen Lang was. And today's state of the city, there is time to reflect on him.

"Is it tolerated here?"

Shen Lang faintly asked.

Qi Ming nodded. “Yes! If it is someone else, I am confident that I can bear it here. But it is yours, I really don’t know. It’s not just this downfall, this block, the nearby buildings, all of them. May be destroyed.”

The two casual conversations made the onlookers startled.

The reason why they dare to grab a little closer to see the excitement is because they have seen the battle of Qi Ming before and feel safe. Now I want to see the big fairy.

When you hear that all the neighborhood buildings will be destroyed, it is not that easy. Nowadays, so many people are watching the fun here. Once they want to escape, they will be blocked. It is too late to escape.

Besides, this is the shot of Daxian, which will directly destroy the nearby neighborhoods. Even if they are not congested, they can’t escape.

I want to see the excitement of a rare sight, but in comparison, life is more important.

There were a lot of weaker hesitations on the spot, and even thought about leaving first, even if I turned back to listen to others.

However, people still have a herd mentality, because there are so many onlookers on the scene, so everyone still feels impossible. The two great immortals will certainly have some scruples, and it is impossible to ruin everyone.

“That is the meaning of Xiongtai... Is it better for us to change a place?”

Seeing that Shen Lang is undecided, Qi Ming can only suggest it. In fact, he has been a little hesitant. After all, this is not a place he is familiar with, and everyone is keeping his hostility.

Now if you let Shen Lang decide to change a place, there will be any design ambush!

Although he feels that the realm of Daxian, he should not bother to use such a means.

But after all, this time he challenged all the monks in the entire Han Dynasty. For a long time, many people have felt that they have no face. This may be with a winning heart.

From the slightest hesitation, Shen Lang immediately guessed his mind.

“You are a guest, you decide where to change! I suggest to go to an empty place outside the city.”

He looked around again: “You want to make a name for yourself, you must have someone to witness, then we are not in a hurry, let the people who are willing to follow the past keep a safe distance and be ready to start.”

Hearing the words of Shen Lang, Qi Ming was relieved.

He still understands the general situation here. Tiandu City is not a wasteland or a mountain. If you want to design an ambush, you can only choose one place, not all places.

And the farther the spread, the larger the scope, let him choose the specific location, which also shows the other party's ups and downs.

“Good! Since Xiongtai said so, I am not welcome. We will choose a place outside the city!”

After Qi Ming finished speaking, he said to the surrounding: “You are here! For the safety of everyone and the architecture in the city, I and the friend of the Lang Lang decided to go to the city outside the battle. If you are interested, you can follow up with you.” “”

After that, he flew up into the air, not too fast, and the line flew in a random direction outside the city.
