

First Strong 150

Chapter 150 - 1 sword waste

This time, the super-martial hero will be a re-emergence opportunity for Yuejia, and it is also a severe test, so the top and bottom are extra attention.

Just now Tian Luning was angry and screaming at Yuefu Garden. Although it was received by Yue Baichuan and Yue Gang, Yue Qiang and Yue Sheng were also very concerned.

Everyone can't follow the villa that entered the Shenlang, but they are waiting nearby. If there is any need, you can take care of it at any time.

The door was not closed, and everyone could faintly hear the situation inside. Although it was not clear, it was obvious that there were masters who suppressed the Yue family. This master will not be the deputy mayor of Tian, that is the young man who followed.

After seeing Yue Bailun being beaten, everyone was shocked.

In addition to his age and generation, Yue Bailun is the first master of the Yue family. The last time the Yuejia crisis, he did not have a formal shot, it was the solution of the swell of the wind and the wind, so it did not detract from his confidence in the heart of the Yue family.

I was just being beaten out!

Yue Qiang Yue was busy and took the people and carried them to the grass next to them. Specifically, what kind of treatment is needed, they still need to wait for Yue Baichuan to speak.

The atmosphere inside the sword was more intense, and finally waited until the Shen Lang appeared. After a while, I saw the scene in front of me...

Some of them saw it with their own eyes, and some saw it through surveillance. Shen Lang directly exposed the momentum of the comprehension and left a very profound impression on them.

So if you just stunned a comprehension, they wouldn't have much shock.

Just this comprehension, easily stunned the first master of the Yue family, and already had a terrible image. At this moment, it was like a dead dog by Shen Lang, and they were shocked again.

“Play well!”

“kill him!”

“Kill him!”

They all whispered.

Then they found that Shen Lang and the comprehension were gone, just like the wind, and once again entered the wind. Let them all admire, this is really a super super master!

Several people in the living room are looking at the doorway. They haven't seen it clearly. They saw a flash of people, and Shen Lang returned with Chu Yuncheng.

Tian Luning has renewed his expectations. He hopes that Chu Yuncheng will be able to turn over the waves, just like the domineering of Yue Zhennan and Yue Bailun.

I didn't expect to take a closer look. Chu Yuncheng, who was sloppy, had a face and water at the moment. His hair was all attached to his head. Half of his face was swollen bigger than a hamburger. Just like a person changed just now!

And from the beginning to go out, and now come back, are all smashed by the neck, not at a quick fight, but being pinched out!

Regardless of the future, now Shen Lang can be so powerful that Chu Yuncheng, Yue Baichuan father and son still have a spirit.

Tian Luning is faint at the foot!

His biggest reliance is Chu Yuncheng, or the Chu family behind Chu Yuncheng, or else he can't and can't tear his face with Yue. As a result, Chu Yuncheng, who had just been ruthlessly smashing the Yue family, was actually swayed by the smashing wave that did not know where it came from!

Feeling the pain on my face, Chu Yuncheng returned from the feeling of shame and suffocation. I immediately found myself standing in the hall, and Shen Lang actually looked down on them on the stairs.

Everyone has an illusion, as if nothing has happened, just an illusion.

But Chu Yuncheng half of the pig's head and a face of water stains, reminding everyone that this is not an illusion, but a one-sided sling!

"Now I apologize, I can still let you go!"

Shen Lang is still an understatement, but just now people feel that he is a mouth cannon, but now they have felt a strong momentum!

"I said your mother -!"

Chu Yuncheng screamed, and as a monk with a profound knowledge, he would not admit defeat. He only felt that he had been sneaked, and the strength of the other party was speed!

He won't fight speed with each other, but prepare for a spell attack! He reached the realm of returning to the late Yuan Dynasty. As long as he successfully casts spells, he will not give the opponent a chance to attack, and it is almost crushed!

He opened his hands, this time has been to ignore all the people around him, including his uncle's uncle, as long as it can defeat the sinking waves, it is not ruined directly by this villa!

But when his mana was unsuccessful, the room was cold, and everyone did not see what it was. The eyes were all gathered on Shen Lang.

Chu Yuncheng was incredibly fixed in the body, and after a few seconds, slowly fell to the back.

Even if he returned to the realm of the late Yuan Dynasty, he did not see it clearly. He only thought that Shen Lang seemed to have used any weapons, and then he was hit by himself – not a moment, but his hands and feet and eyebrows!

“Cloud City!”

Tian Luning saw that Chu Yuncheng fell down and could not help but scream. Then he saw that Chu Yuncheng had a little blood on his eyebrows, and his hands and feet seemed to have blood.

“You, you... actually killed Yuncheng! You are dead, you are dead... Chu family will not let you go!”

Shen Lang just stood on the stairs and did not come down. He directly ingested the unsold sword inside the storage ring. The cold light flashed, but in fact, five swords continued!

He slowly walked down and looked at Chu Yuncheng, whose eyes widened and seemed to die.

Tian Luning, who had just squatted on the edge of Chuyun City, was so scared that he sat down on the ground and climbed to the side.

“Kill him? What is the difference between killing him and pinching an ant, why do you need that trouble?” Shen Lang sneered aloud and then looked down at the Chuyun City on the ground: “Tian Jingwen is not clear.” What’s wrong with you now, definitely not clear. Go back and let your parents live! The monks can’t be scornful!”

“Well... you wait.” Chu Yuncheng said a few words very weakly, you can see that he is very uncomfortable at the moment, and in addition to resentment, there are fears!

If you die, what is conscious? If you live, you will realize how painful it will be for a lifetime! That is really a hundred times more painful than death!

When I heard the sound of Chu Yuncheng, Tian Luning was a long breath. No matter what, at least people are still alive, otherwise he can’t tell!

Yue Baichuan and Yue Gang are also secretly relieved. Shen Lang is to make Chu Yuncheng more uncomfortable than death. By the way, the Chu family will be given a horse. But for the Yue family, if you kill the Chu family here, it is an unclear misunderstanding, and it is very likely to destroy the disaster.

Shen Lang just had the five swords, and he was arbitrarily picked up by Chu Yuncheng! The sword of the eyebrow is a warning to let them know that he is completely able to kill Chu Yuncheng between the tricks.

And this is not the key!
