

First Strong 167

Chapter 167 - Smash

Looking at the Chu River was stunned and fell to the ground, everyone at the scene was relieved, this duel is over. Although this result is completely different from everyone's previous guess, the accident is even more surprising.

Although facing Shen Lang, it is a bit embarrassing. But fortunately, he was not familiar with him. He did not say anything to him in person.

However, at this moment, the waves stopped, and everyone's eyes were on his face. I dared not talk about it and waited for him to speak.

Xie You thinks he should say something. After all, he just came forward and presided over justice. Although you can't promise anything, there is a reconciliation that may make things better.

Just as everyone waited for Shen Lang to express his position, he found that he had come to the side.

Under the sorrow of everyone, I saw that Shen Lang grabbed a big stone that had just been kicked!

"This this....."

"What is he doing?"

"Is it necessary to put..."

Everyone looked and whispered, and Shen Lang picked up a big rock at this time. Would it be necessary to play with a broken chest? It is also impossible to attack other people, only one target...

"Shen Lang, please calm down!" Xie You quickly rushed to the exit reminder.

Someone pulled him next to him. Although things will be big, what does it have to do with them? Chu family and Shen Lang who can die and can see the lively.

Shen Lang ignored it and returned to the Chu River. Then he glanced at the audience and held the marble of the display directly. He smashed down on one knee of the Chu River!

Everyone took a sip of cool!

When such a large piece of rock smashes down, it is not that the knee will be crushed, and the thigh bone to the calf bone will be smashed...

No one at the scene made a sound. It was so quiet that I could hear the evening breeze. The sound of the knees in the stone smashed it, and it was particularly harsh. They let their hearts squint and faintly felt the knee hurt.

Many people are glad to not be offended by the waves, or else it will be a hundred times more painful than death!

The coma Chu River was so excited that he was so excited that he couldn't help but screamed.

"You... Laozi's legs!" Wake up, feel the source of the pain, and then see the stone pressed against the leg, Chu River could not help but scream.

Shen Lang looked at him coldly. Without saying anything, he grabbed the stone directly, as if he was just grabbing a piece of bread.

"You, what are you doing..."

Under the turbulence of the Chu River, the stone in his hand smashed again, this time on the calf to the sole of the foot!

Such a large piece of stone smashed down, and did not need to sink the "Da Shoulong dragon like a magical power", directly let the feet twist and deform. The Chu River was sweating and almost fainted.

He wants to fight wildly!

This time is no longer like the threat of life and death in the head and neck. The legs and feet are already like this, and it can be attacked regardless of it. But struggling for a moment, he found that he could not gather strength!

“What have you done to me?” Chuhe began to panic. This is more panic than licking his legs and feet. He can have today’s trust and support by Chu Mofeng, and the most important one is his strength.

Once the problem is repaired, it is equal to the fact that he has no body. Of course, he is more afraid than losing one leg.

Shen Lang did not speak, and the hand grabbed the stone again.

At this time, let alone the Chu River, everyone else feels that the back is cold. Is it not enough for Shen Lang to smash a leg of Chu River?

“You will regret it! You will kill me if you have the ability! Chu family will not let you go! That Zheng Yumeng, Yue family, your parents! Everyone has to die!”

Although it is a roar of sorrow, it is obviously a bit sinful.

Shen Lang still just looked at him, did not say a word, and the stone in his hand, once again smashed down!

This time, it was kneeling on the knee of the other leg, and the thigh to the calf was cut and crushed.

The Chu River fell to the ground and leaned back on the ground. He had already hurt his entire face and was sweating. If ordinary people, direct shock stunned. But because of his strength, his willpower is much stronger than the average person. Even if it is so painful, it is not enough to make him faint.

Coma is a protective mechanism, and you have to endure the great pain when you are awake.

Shen Lang did not speak, and basically did not give him much time to consider, and once again grabbed the stone.

“Don’t...”

Like Chu Yuncheng, this is just a matter of picking up the tendons and tendons, but I can still find a way to treat them. But like him, the bones and legs of the legs and feet are smashed and smashed, and there is no way to save the Chu family.

One leg has been completely scrapped, and this one is almost the same, basically it is about to stimulate his bottom line.

Shen Lang did not stop, still lifted up, and then deformed the other one, and the toes were basically broken. Chu River is not so easy to collapse, can not be merciless!

Xie You swallowed a bit of slobber, and his heart was quite nervous and scared.

He first offended the sin, and if he was so energetic the night before, it was that he was finished. Fortunately, it was only at the time, and there was no grudge. I didn’t say anything that made him angry.

Shen Lang once again raised the stone, his eyes were on the arms and crotch of the Chu River.

Chu River is really going crazy, this guy is simply killing him! One leg is divided twice, and the arm is estimated to be divided twice. This will not die immediately, it will have to bear huge painful impacts. And if this is the case of squatting...

“I said... I said...”

He finally realized that Shen Lang was not threatened at all, nor told him about conditions. To live, he can only ask for mercy. And be quick! Otherwise, wait a few times for this huge stone, and it is better to die than to die.

Staying in the green hills is not afraid of no firewood As long as you are alive, there is still a chance to revenge. If you die, there will be nothing.

He quickly said an address quickly. “You can’t verify it now. If the girl is not there, or if it hurts, you can kill me no later!”

“Give me a car!” Shen Lang finally spoke.

Upon hearing this, Chuhe finally breathed a sigh of relief, and it seems that he will not be crushed for the time being. Xie You and others are also relieved, although it was just a short time, but they have already seen what is hot!

I can’t believe this is a monk in a small place like Pingxi. This level of calmness is the mercenary and killer who was born and died in the profession. It is just that.

Yue Zhennan quickly agreed, and ran down, ran and called to arrange the car.

No one dares to comment on this.

Shen Lang did not use the stone to smash the Chu River, but stunned him again, and did not care about his injuries.
