Chapter 172 - twin

What is the eyesight of Shen Lang, and when he looks at the attitude of Chu River, he knows that he can't reveal anything. It is even possible to deliberately make a mistake and use his hand to kill Zheng Yumeng.

Since there is no value, and so vicious, it is rude to kill him directly.

After filming him, Shen Lang opened the door. In addition to Yue Zhennan's outside, Bai Shenghua was still outside the corridor in order to avoid refusing to report back.

"Take this up and deal with it."

Shen Lang directly threw out the body of Chuhe and let Bai Shenghua deal with it. Putting a corpse in the room is ultimately unsightly.

Bai Shenghua stunned for a moment. He did not know how the Chu River violated Shen Lang, but the person who allowed Vice Mayor Tian to be respectful, must have come to the forefront, but now he was killed casually. Is it not a matter of raising his hand to kill him?

He quickly took the initiative to go up and pull the body, said that he would handle it personally, and he would certainly handle everything first and foremost.

Shen Lang ignored them and returned to the room.

The situation of Zheng Yumeng can only be solved by himself.

The silver needle naturally needs to be removed as soon as possible. Chuhe may not have planned to let her live at first. After all, she is the fuse, and it is the chief culprit of Tian Jingwen and Chu Yuncheng.

So now Shen Lang does not make too many optimistic considerations, and must do the worst.

In fact, because his current cultivation is not high enough, if the realm is high enough, he can completely guard her soul, so that she will not be hurt, and then re-stabilize after pulling the needle.

After hesitating for a while, Shen Lang felt a move and thought of a way.

He immediately took the blood crystal bracelet out of the storage ring, held it in his hand, and then communicated with the bleak Yuanshen.

“Master, what do you have to tell?” Desolation in her relics to cultivate and restore, although the time is short, but the effect is very significant, it seems to have absorbed a lot of life before.

“There is an opportunity now to give you a flesh.”

Desolation began to bow down and recognize the Lord. There is no hope for the body to be able to get the flesh. However, after Shen Lang is to raise her with her own god, it is equal to sacrifice part of her to protect her life, the feeling is different, and it is fully recognized by Shen Lang.

A few days ago, she also bought her relics of the blood crystal bracelet, which is very exciting. Not to say that she is a slave, from the perspective of the exchange of equivalence, she feels that it is also necessary to do things for Shen Lang.

Shen Lang will not call her for no reason, so I thought there was something for her to do. Unexpectedly, I heard that it was an incredible surprise to give her a flesh!

“Is there any special factor?” Desolation immediately asked, although there was not much contact, and it was totally unbalanced, but she could still feel that Shen Lang was not a sinister, and would not kill a person casually. She won.

From the perspective of letting her practice, the body is best to be a self-cultivator, which is even more difficult.

Shen Lang let her see Zheng Yumeng: “There is a friend here who is stuck in the Baihui point. It is not necessarily dead when taken out, but there is a great chance that it will be a vegetative person. I am going to let you enter and control this body.”

“I understand!” Desolation immediately promised: “I will not possess this body, just help to save her, wait for her to be fine, I will leave.”

This is exactly what Shen Lang means.

Let the desolation of the gods attach to it, you can ensure that Zheng Yu dream will not die, and the chance to keep the soul is greater.

Saved the bleak and raised her, let her do this, and there is no use for guilt, but this is just the meaning of the first layer of Shen Lang!

Just Shen Lang said to give her a flesh, is really to give her, but not exclusive, but is ready to let her share with Zheng Yumeng!

One body, two souls.

Before the fusion of the former Yuanshen, he was also equal to one body and two souls. The same was true when the desolation Yuanshen was boarding on Yue Baichuan. But all of them are dragging another soul, including affecting the body.

But the fundamental reason is that “unconsciousness”, such as his awakening into one, is no longer a burden on the body, but a huge change. Yue Baichuan was invaded, and the desolation was on the verge of extinction, and naturally a large amount of absorption.

Now he is hosting and controlling, giving desolation methods and restrictions so that she will not drag Zheng Yumeng’s body. And if we can make two peaceful coexistences that are almost equal, we can achieve mutual promotion.

It is certainly unfair to Zheng Yumeng to let people’s bodies go out to share. However, her current situation is that the chances of death and vegetative are the greatest, and her vitality is that her desolation is equivalent to saving her life.

If you are not your own, say bluntly, after her death, you can let the desolation live alone to enjoy her body.

Therefore, twin sharing is also a balance of Shen Lang.

Shen Lang believes that Desolation will do its best. After all, the time following him is still short. She has enough patience to wait for her body to be obtained later. However, in order to allow her to cherish and protect this body, she chose to reveal her deep meaning. Gave him.

“So... can it really be? No, I don't doubt the master, you can do it. The coolness is grateful!”

After knowing the purpose of Shen Lang, Desolation was really excited. After all, compared to the soul of a god, it is just an energy spirit that is not attached, it is still very fragile, and it is more difficult to cultivate. Now relying on the blood crystal bracelet, it is also a little bit of residue from the past.

If there is a flesh, then the situation is different, she has a foundation, everything can be repeated, and work hard again!

“Go! Pull the needle first.”

Shen Lang put her god, from the blood crystal bracelet into Zheng Yumeng's body.

After a while, Zheng Yumeng slowly opened his eyes and looked at the Shen Lang. He screamed: “Master...”

Desolation is very embarrassing at this moment How many years! Although she survived, she only perceives everything, including the invasion of Yue Baichuan, and also stunned him. Now it is really a person, and once again “see” the world with his eyes.

“Focus!”

Shen Lang did not pay attention to her feelings, and the command of the scenery was heard. After confirming that the desolation has controlled the body, he reached out and stroked the silver needle.

Zheng Yumeng's body trembled significantly, but because of the bleak soul control, there was no such problem as death.

“Stabilize! I pass your control!”

Shen Lang snorted and began to teach directly to the desolation. It is also clear that the two of them are divided into primary and secondary. Everyday is Zheng Yumeng. The desolation can't compete for control. It can't be disturbed. It is only when she is in a coma and sleeps.

On the other hand, when it comes to danger or the opportunity to cultivate, it is mainly desolation. After all, in the experience and other aspects, Zheng Yumeng is far from her, even if the same body, it can be better to play.
