Chapter 174 - Pearl of rice

“Where are we going now? It’s like being in a guest room, a lonely girl is a girl, and it’s not good for a long time, right? Master.”

Zheng Yumeng got up from the bed and squinted his eyes.

Hearing her words, Shen Lang dispelled the thought of just a trace of wretchedness and evil. He does not care about the opinions of others, but the purpose of coming here is to save her. People have already saved, and of course they have to leave.

And he first swept the whole building quickly, and immediately frowned slightly.

Sure enough, Tian Luning has already killed it!

“Clean up, let’s go!”

After Shen Lang finished, he turned and left.

Zheng Yumeng quickly hurried to find her luggage and threw it in the corner of the room and hurry to get it.

She was arrested, and Chuhe did not even intend to let her go. Of course, she did not kindly help her with her luggage. The reason why I didn’t give up was because at the airport, when the luggage was thrown away, it would soon be lost and found. In particular, she still decided to fly, and it is more likely to cause suspicion.

I have already brought it over, and I am ready to work with people. When the time is to destroy the dead, I will deal with it together.

Bai Shenghua took people to deal with the body of the Chu River. Yuezhen Nanben wanted to follow the supervision. However, I am afraid that Shen Lang will be disturbed by Zheng Yumeng’s healing, so I am still at the door.

“Is it already done? Is Zheng girl okay?” Seeing him coming out, Yue Zhennan was busy asking.

“Go!” Shen Lang nodded and went forward.

Yue Zhennan is a little sweaty, do you want to be so cool, even if Zheng Yumeng is fine, other girls, should wait.

He looked back awkwardly, and Zheng Yumeng had followed in a hurry, seeing her carrying her luggage and busy helping her pick it up.

The three elevators came downstairs, the security captain who had blocked them before, and now they were sweating and coping with Tian Luning who had just arrived.

Facing the deputy mayor of Tian, he did not dare to block it, but the situation now seems to be very chaotic. If you put people on it, it will be difficult for the seven masters to clean up the scene.

When they were stuttering and looking for reasons, they saw that a few of them came out. Tian Luning did not pay any attention to him and went straight to Shen Lang.

For Shen Lang and Yue Zhennan, Tian Luning apparently has received the information, and is not surprised. Just watching Zheng Yumeng, his eyes are a bit complicated. He listened to Chu He and said, without his shot, no one can save her! Even he has no absolute grasp!

But now this girl is still alive and kicking here. Is Chu River forced to save people? What about the Chu River people?

“Shen Lang, you met again.” Tian Luning made a greeting to Shen Lang.

Followed by him, there is also a young man who is about the same age as Chu Yuncheng. At this moment, he is looking at them with hostility and vigilance.

“I don’t want to listen to nonsense!” Shen Lang said coldly: “If you are prepared for sincerity, if you are satisfied, you can save your son. If you want to come to me, the few people who ambush outside, Still really not enough!”

When I heard this, Tian Luning's face changed. I heard that Chu River was scrapped and taken away by Shen Lang. He had no sense of security at all, but he had to solve it, otherwise he would wait for Shen Lang to come to the door. Passive.

Therefore, he temporarily called a group of police forces to escort, but this is inconvenient to say "private work", so people are waiting outside. In case he encounters an attack, there is a reason for the police to come out. At that time, he will be shot at the very moment and he may be able to take a shot.

But his talents have just come in, a few car people are still outside, even the people of Bai Qiye may not know, Shen Lang actually knows in advance!

He felt a desperate, and the comprehension was terrible!

The powerful comprehension of such a powerful comprehension of the Lianchu River can be a disfigured comprehension, of course, even more terrible!

Yue Zhennan had already seen Tian Luning, habitually maintaining his original posture, but immediately thought that he was already a self-cultivator, and immediately became quite a chest.

"Deputy mayor of Tian, others are not clear, do you still know the existence of the comprehension?"

He is not experienced enough now, and he is not skilled in power control. At this moment, in order to show that he is already a self-cultivator, he immediately gathers strength and shows an imposing manner, directly intimidating Tian Luning!

Tian Luning had seen him last night, and he found the difference. Yue Zhennan last night, like his son Tian Jingwen. Now it seems that they are more like the temperament of Chu Yuncheng!

Is Yuezhennan South also a self-cultivator?

This is only overnight! This conjecture made his heart shock. Legend has it that the Yue family has a few hundred years of end, and even if it is boasting, it still has some strength!

The young man next to him, has not spoken, but now is a sneer: “The beads of rice also dare to shine? But the comprehension of the district!”

During the speech, he raised his hand and waved an invisible temperament, immediately dispelling the power of Yue Zhennan and in turn forced him to the south of Yuezhen. Although he was not injured, he was also breathing.

“The pearl of rice? What are you?”

Shen Lang sneered, his hand stretched out, and the young man immediately felt a strong force, directly pulling him to the front of Shen Lang, and the whole body seemed to be banned, without any resistance.

When the last word was finished, his neck was actively sent into the hands of Shen Lang and was firmly clamped.

Tian Luning remembered the experience of Chu Yuncheng last night and quickly called it up: “Mr. Shen asked for mercy! This is Chu’s Chu Yuntianzi is the cousin of Yuncheng. Please show your mercy, don’t Wounded Yuntianzi!”

It’s not that he cares more about Chu Yuntian, but he saw the scene of Chu Yuncheng’s injury last night. He was seriously injured when he couldn’t see it clearly. And the same Chu family, Chu Yuncheng is his nephew in the end, Chu Yuntian is a cousin, it is separated by a layer. This time it was not his face, it was because of the injury of Chu Yuncheng.

“Clouds... son?” Shen Lang took a taunt, then released his hand.

Tian Luning stared at his hand and saw that his hand was loose, and it was a little relieved. As a result, the tone had not been loosened. He saw Shen Lang raised his hand again and then slapped his hand. Go out!

Yue Zhennan and Zheng Yumeng next to Shen Lang did not see the scene last night, and watched with interest at the moment.

Tian Luning has seen it. He thought that the Shen Lang is also going to turn Chu Yuntian into a pig head like Chu Yuncheng... Think about the face of Chu Yuncheng, he just looks at his face and feels hot!

Shen Lang was a slap in the face, but this time it was not a face, but a fan on the head of Chu Yuntian, directly blowing Chu Yuntian to the whole person and fell to the ground, and then motionless.
