

First Strong 176

Chapter 176 - The road to the strong

Shen Lang did not pay attention to Tian Luning and Bai Shenghua. From the clubhouse, let Yuezhen South drive directly to the resort.

When I came, I threw the Chu River in the trunk, so the blood did not appear in the compartment. Yue Zhennan drove in front, and Shen Lang and Zheng Yumeng sat behind.

“Miss Zheng is safe and sound, and finally can relax a little.” Yue Zhennan spit a sigh of relief, and opened up the atmosphere. “Miss Zheng, you don’t know, after Langge heard that you were caught by them, it was a big anger. On the spot, a senior master of the Chu family did not know him!”

“Really?” Zheng Yumeng blinked and looked at Shen Lang.

Shen Lang frowned and said to Yue Zhennan in front: “Well driving, remind you by the way, Zheng Yumeng is not my girlfriend, you don’t have to think about her.”

“Ah? This, this...” Yue Zhennan saw them down the stairs this morning, and of course they felt that they were together last night.

Although the time is short, it is possible to like everything. If she doesn’t like her, Shen Lang will not get involved, and she will offend the deputy mayor and even the Chu family.

Besides, he can see it clearly tonight, because the Chu River used the threat of Zheng Yumeng’s poisoning to make the wrath of the waves. In the end, direct killing, I believe it should also be found that Zheng Yumeng was injured.

“You don’t want to hit her idea. She is now my apprentice. Hey... count as a disciple! It’s enough to be my apprentice, and test it. So you are an uncle!”

When Shen Lang’s words, Zheng Yumeng’s ‘噗哧’ laughed. “Yes, Master, I will be very obedient. Uncle Yue is driving well!”

“...” Yue Zhennan was speechless.

However, he still does not believe that it is so simple. He thought that he had no chance to worship Shen Lang as a teacher, even if he was a disciple. It is more cost-effective to say that it is a little brother, but such a big brother, there are several younger brothers to keep up with its development speed! Is it a long way, or is it a younger brother? That is the little scorpion!

“If you have anything, just say it!”

“what?”

Shen Lang’s eyes, too lazy to respond to him.

Of course, he can see that the atmosphere of Yue Zhennan’s opening was not really relaxed, but it was easy. Obviously, there is still a huge pressure in the heart. It should be the words that Tian Luning said, let him worry about the safety of the Yue family!

“Oh... I have something to say.” Yue Zhennan quickly reacted, coughed and sorted out the wording.

“Lang brother, frankly, I don’t have no confidence in you. You are mysterious and invisible in my mind. But what is the wind? I don’t know, but since it is The home of the Chu family, I want to come very deep. You are looking for a door after a month, is it really sure?”

After listening to his words, Shen Lang was slightly surprised. It turned out that he was not worried about the safety of the Yue family, but his safety!

“I don’t know. I just listened to people around me and said that the Chu River is the righteous person of the Chu family.”

Yue Zhennan was surprised, almost came a sudden brake!

The daring of Shen Lang’s understanding of Chu Mofeng is just a few more talks than him!

“I said the boss, can you rely on it? I don’t know how much the Chu family is, but I can compare it. A Chuyun city that is similar to my age can hold everyone in our family! The Chu River is obviously more powerful than Chuyun City, and it can hold everyone in the villa except you. This Chu Mofeng...”

Shen Lang faint smile: “I don’t know how to beat it!”

The last time I came back from Phoenix Valley, isn’t there anyone in the ancestral hall of Yuejia who is optimistic about him? At that time, he was sitting in the last row. Don’t say that the two comprehensions, Fengxiang and Feng Dejun, were the super-wu people and they could not see him.

In the end, in the face of Daxuanmen, Linghequan and other monks in the middle of the Yuanjing, isn’t he going to sweep?

It is said that tonight, before the hands-on, the onlookers, from the extraordinary warriors to the monks, all felt that he was to be crushed by the Chu River. The results of it?

Chu Mofeng will definitely be much more powerful than Chuhe, but how about it, or – just know it!

Shen Lang is not afraid of challenges. He is not willing to be partial. He wants to know more powerful people and challenge more dangers in order to get more growth.

When he was just reborn and awakened, he was worried that there is no comprehension in the world today, so that his talent is truly lonely.

Since the real world still exists, he certainly has to step in and understand the higher people.

Is it the “first strongman in Pingxi”, and the three-point land in Pingxi?

That was when Zheng Man became a barbarian here, in order to be able to find his reincarnation, instead of like to be king here.

Chu Mofeng, must be a powerful person, but it will never be his terminator, it will only be a stepping stone for his road of strong waves!

Not very powerful, only know when you have played!

Listening to Shen Langyun's light and light words, whether it is Yue Zhennan or Zheng Yumeng, I feel a strong self-confidence, as if Chu Mo is in front of him, he is also calm and calm.

"I believe you, Master is the most powerful!" Zheng Yumeng took a sweet slap.

Yue Zhennan is a bitter smile: "I want to practice crazy! To keep up with the pace of the wave brother."

After he finished, he couldn't help but swear.

He is a typical rich man, and there is a big brother on it, there is no pressure to take over, not too comfortable. Then there is a chance to get through the meridian After thinking about the truth, you can compare the Niubi, you can not let the family pass the loss.

But now the ideals and visions are different. They have already surpassed the Yue family, thinking that they can keep up with the pace of Shen Lang.

"Me too! Uncle Yue, see who is making progress!" Zheng Yumeng smiled and waved his fist.

They will not be more than two hours in a row, and this time, the entire atmosphere of the resort has changed. Everyone did not talk loudly on public occasions, and became a good relationship to the private room discussion. The monks like Xie You, who are coming, are reporting to the family and martial art behind them.

Yue Gangyue Baichuan, they did not rest, heard the report, and immediately came over to meet.

Shen Lang asked about his situation after he left. He learned that the villa was arranging people to prepare for a new match in the night, while other guests were resting in the room.

He went directly to the apartment building in front of the apartment, and then slowly opened: "Everyone, I am Shen Lang, Chuhe used scorpion means to harm my friend, I have been killed by

me! I have already passed the Chu family relatives The mayor, taking the words to the Chu family, in order to avoid him adding fuel, once again let everyone be a witness and bring words...”
