Chapter 187 - Chu family response

In the face of Shen Lang, Yue Qiang did not have the attitude of talking in the study room, still maintaining enthusiasm and respect.

If it wasn't just the unintentional observation of the gods, Shen Lang would only think that it was awe, even if he felt the distance from his attitude, and he was not familiar with it. Now I understand that the other person is hiding the fear and afraid to ask him to leave.

"You have to wait a minute." Suddenly, Yue Qiang, who is preparing to retire.

"What is the order of Mr.?" Yue Qiang said respectfully.

"You should be a little bit now... please let God feel the difficulty of sending God?"

"Ah?" Yue Qiang looked at him with surprise, as if he didn't understand what he meant.

"When the deputy mayor is here, it will be clear." Shen Lang looked at Tian Luning: "Yue family is not under my control and has nothing to do with me. You came over that day just because I lived here. Just for the guests. All is my hands, right?"

Tian Luning and Yue Qiang are a bit surprised, but dare not say anything.

"It is still the same sentence, tell Chu, don't anger other people, it has nothing to do with Yuejia. I will leave here later, of course, I will not hide. I already know that Chu Mo is not higher than Chuhe. One point, it should be much stronger than me. But since I said it, it will do it!"

Tian Luning heard that Shen Lang said that Chu Mofeng was very strong, and that it was a little confidence and momentum.

"I just came to tell the Chu family to decide. For your message, my family has heard about it, but the old man is disdainful and bullied. The Chu family will not be exhausted, and the Chu family is not a no one. At that time, there will be the same as Yuncheng. The Chu Yunlong of the generation will take over! The Chu family will also openly spread the words."

After seriously speaking, Tian Luning added another sentence: "In addition, the Chu family also said that during this time, the Chu family will not move you, including your family and friends. But I hope you take care, including family and friends, don't accident I went to the Chu family's head. The Chu family is distinguished and has its own pride!"

To say this, Tian Luning, who had eaten the previous two times, had a feeling of exalted. In particular, Shen Lang admits that Chu Mofeng has strong strength, and he also deliberately used "Jia Yue", indicating that it is his father-in-law.

"Very good. I like Chujia really keep their pride, don't make blood flow into the river." Shen Lang smiled lightly.

Yue Qiang was listening to it, and it was both excited and relaxed. If the Chu family really does not bother to be innocent, then the Yue family will be lucky to escape.

"By the way, the Chu family is honorable. In addition to having its own pride, it also has its own dignity. If you kill the Chu family, you must pay the price. Your declaration of war, Chu family received, but if it's a delay, and when people don't show up, don't blame Chu!"

Threat, the threat of red fruit!

Yue Qiang was shocked. Shen Lang said that after a month, Zheng Yumeng and Yue Zhennan have been arranged. The rest is his family. It is not difficult, but the Yue family is not only a lot of people, but also There is a big foundation.

If the sun waves do not appear when it comes to the time, the knife will be on the head of Yuejia!

"Reassured! I will not renege on my words, my promise, what is the Chu family in the district?" Shen Lang laughed.

"I also reminded by the way that Chu Mofeng is a master's existence, and it really makes me worry about it. I didn't understand the situation beforehand. But what Chu Yunlong is still a province, you are not seeing, what? Chu Yuntian son, but I was stunned by my slap."

Tian Luning is not a self-cultivator. He does not understand the specific situation. He does not know how to refute it. He dares not say anything. He can only nod.

“Fell!”

This is a bit of a surprise to Shen Lang. Tian Luning deliberately ran over, just to convey the words of the Chu family? Isn't it ready to ask for help to save his son?

“Deputy mayor of Tian, how is the situation of the son? You don't want to save him?” Shen Lang asked.

After hearing this, Tian Luning once again had the feeling of glaring, and he seemed to wait for Shen Lang to ask him for help.

“If you have a hard work, the dog is too uncomfortable, let him be punished! But to disappoint you, my old field has a breeze and can't satisfy your sincerity.”

When he said this, Tian Luning had an urge to laugh.

“So very good.” Shen Lang nodded. He valued his son so much. The root of the problem was that he came with Chu Yuncheng. It will be so free and easy now, and it is sure to transfer Tian Jingwen to Chu.

After the initiative, he grasped the hand of Tian Luning.

Are you not very arrogant? Isn't it forcing me to show my sincerity before I can lift it? Can't start now? You don't need to rely on you!

Tian Luning is trying to fall a few more words, the habit of leadership, let him shake hands and let go of it when he touches it, but at the moment, he feels that there is a rush of power to upload it from the hand, let him play a spirit.

“You... how are you taking me?” He looked at the waves in shock.

Shen Lang shrugged: “How do I do you? Are you not good?”

“No! You haven’t shook hands with me before. This is intentional! You must have been a black hand to me!” Tian Luning was a little excited.

He studied the surveillance pictures of Shen Lang and Tian Jingwen, and there was almost no direct release. Mo Bai and the police officers also said that Shen Lang is very evil. Moreover, he saw the unbelievable shots of Chu Yuncheng by Shen Hai, and seized Chu Yuntian in the air.

In addition, the Chu River, which is said to be much more powerful than Chuyun City, has also been killed. It can be seen that Shen Lang is really evil! A powerful comprehensioner will have a spell that is too normal.

Just the abnormal feeling, it must be Shen Lang and he has a black hand!

“You are so mean! I can’t harm my son, I want to hurt me!”

For his accusation, Shen Lang smiled slightly: “The Chu family you have said has the pride of Chu family, maybe they can do it. But you, it is hard to say, I am afraid that you will turn around and engage me, look for My family is in trouble! But then again, this is a question, you can let your very powerful old man give you a diagnosis.”

“You, you... you really have a black hand for me! You are too shameless!”

Tian Luning is very regretful. When he finishes, he will leave. What is it to force? Still shaking hands with him, this is good, a wave of unrest has started again!

“Do not send.” Shen Lang pointed to the door.

Tian Luning was angry and difficult, but he did not dare to insist. If you are irritated, no black hands, directly twist his neck then the doctor can not cure.

When Yue Qiang just sent Tian Luning to the door of the community, he found that Shen Lang had to leave, and quickly rushed to persuade him.

“Don’t be hypocritical. You don’t all blame me for tiring you. I hope I will leave soon?” Shen Lang returned directly to him.

“But... no, no, where are we going, we are very grateful and welcome.”

“You are afraid that I will not go to the appointment, will the Chu family blame you?”

“Nothing...” Yue Qiang is very embarrassed, but obviously this means.

“Oh! Chu family is a few old in my eyes? Your Yue family is a hair, my promise, it is much heavier than you!”

After Shen Lang finished, he left. If this domineering, let Yue Qiang stay stunned. Seeing that Shen Lang stopped the car, he reacted and called to report to Yue Baichuan.

The secret discussion in the study room is still discussing the problem of Shen Lang. When Yue Qiang said that Shen Lang was gone, Yue Baichuan only felt that the old face had no face to see people...
