

First Strong 2081

Chapter 2081 - Kill them all

Starting from tonight, Tangcheng, there is only one Qiulin sword!

This is said, and the factions that are present in the field are all trembled.

In the context of this world, it is very normal for a large force to manage the surrounding miles.

For example, Helan City, because there is a strong Helan family, over time, what was originally called the city, it is not important, everyone is called Helan City.

There, the Helan family is the existence of ruling. Others may also have small sects and families, but they can only be attached to the apology.

They are afraid and not qualified to challenge the Helan family, and the Helan family is not likely to give them a chance.

From a certain point of view, this is like a kingdom, but because the land is sparsely populated, it is not the existence of a state system.

Ji family, Mu Tianjia, is the imperial small place of the Imperial Gate, this is not the case.

The ancient martial arts of Yaochi, Kunlun and Ginkgo Valley are a bit different because they themselves occupy an excellent environment without the need for secular resources and population work.

Tangcheng and Tiandu are bustling big cities with a large population and vitality. Days are the city of trading, and Tangcheng, there are multiple sects coexisting, forming a win-win situation.

Although everyone does not share resources, it will be consistent with the outside world. Other forces want to intervene. It is extremely difficult, so there has been no door to annex.

In the context of the Kingdom of China, the Great Britain Association was held to provide opportunities for the younger generation. It was also an opportunity for selection, and the talented young people in the Han area were selected for ten years.

When the exhibition is open-air, and there are Tangcheng sects who have rich resources, they are naturally willing to vote.

This also caused them to prosper, so that the sects of other small cities could not compete, they were to train and transport talents, and formed a siphon effect.

It has always been such a stable situation and a virtuous circle.

But now, the factions have been frustrated before, and now the Qiulin swordsmen have to dominate the Tangcheng, even if they are not destroyed, they will kill all the dissatisfied, only a few obedient. In the end, it was a big injury, and the surviving was also a vassal of the Qiulin sword.

As a result, Tangcheng became the only one of the Qiulin Jianzong family.

“Mo Zongzhu, our various factions, have a long history in Tangcheng, more than a thousand years! We are willing to coexist peacefully with Qiu Lin Jianzong, not to be...”

One person spoke up.

But Gao Hanqiu has been reluctant to reason with them.

The reason is to hold the hands of the hard fist.

If they are not coming back tonight, if it is not easy to be calm, you have to take the axis and stand up to support the portal...

That night, it was a group of them who killed all the survivors of Qiulin's swords and then pushed them to the heads of those people. After that, Qiulin's swordsmanship was also a natural elimination of the history of Tangcheng.

There is no one, and Mo Fei has a light pole lord, plus the ancestors of Gao Hanqiu, and really will not have the heart to pull a martial art again.

So now, from the back, I have been squatting in the cold autumn, I want to kill and vent my anger!

Originally this fire was to be sent to the enemies who killed the Qiulin sword. But now these local sects in Tangcheng, first hit up to find death!

When Gao Hanqiu finished the sentence, everyone on the scene burst and died!

There is nothing in one sentence, there is no struggle at all, and all the factions have committed together, all violent!

The ease of being near, and the other disciples who are not close, this moment is full of blood!

After the accident, they were scared and could die at any time.

Finally, when the lord and the ancestors came back, just a group of people came to make them nervous. I heard that the tough front was not only robbed of light, but also burned out, everyone is very angry!

Because the foundation is not enough, the tough front is a source of resources for the Qiulin Jianzong, and is the most important foundation. Younger generation disciples must work until the tough front.

It is not only the industry of the martial art, but also the blood of their guardianship.

The martial art was destroyed, the tough front was destroyed, and the blows against them were very large.

And just now, the ancestors of the ancestors personally shot, first ritual soldiers, these guys who smashed the fire, they killed together, and issued a counter-attack, so that everyone is boiling!

At this moment, they have forgotten how many pounds they have, only one thought, the ancestors only need one command, they will fight hard!

“Flying! You are going out and killing them!”

Originally, Mo Feiliu, as the sovereign, still has a big picture, but this time the impact is unprecedented. Don't kill the martial art, the lord, what is the correctness?

These want to come to the fire robbery, scribble the roots, even if the cold autumn does not shoot, he will also shoot.

However, if he takes the shot, he may be forced to drive away, not so embarrassing.

After all, he is a close disciple of the late autumn, not like the brothers who have gone through the war, but they can't compete with the world.

But he is very respectful of Master. As long as Master opens his mouth, it will definitely be 100% executed!

At this moment, Master is in front of him. This is what all the disciples can hear from outside. Naturally, it represents the determination of Master.

Mo Feiliu quickly agreed.

This matter, he already has a care, saying that if it is to be destroyed, it will really be destroyed. He has already let him personally take it. He can't let the old man's family run for himself!

“No, you bring other people and go with the lord. They want to destroy you, accept the Qiulin sword, it is time for you to pay back your teeth!”

“Yes!”

Easy to agree quickly.

Other disciples are also happy to agree.

This is the master of the ancestors personally ordered the Sovereign personally led the team!

They can follow the battle, it is a lifetime of glory!

And there is a sovereign, there must be no security problems, and this will definitely be a hearty attack.

It is easy to be a successor, and young people are relative. In fact, they are not too young, and all aspects are more mature. When he thought a little, he understood the intention of the ancestors.

The age of the ancestors is already very large, and it is impossible to guard the division forever. The Sovereign is also older, and it is impossible to do everything in the future.

Qiulin Jianzong, want to regroup, want to stand up again, the future still depends on them!

Their strength is not enough. This can't be done overnight. It takes time. But now, it is necessary to use ***** battles to temper their will and spirit!

The things that the Sovereign can do alone, the ancestors let them follow, that is, let them also get blood! Only blood can wash away their shadows, in order to inspire their fierceness, in order to keep their future days, keep wolf!

Chapter 2082 - Enemy guess

Shen Lang and Xu Yuyue are all understanding of the cold autumn. Just understand that he is doing this. It is both revenge, scribbling the enemy, and training the soldiers. The disciples who have survived now have experienced blood.

Grief can make people grow, and tragic can make people tough.

Mo Feiliu is also able to understand the meaning of such a layer, so I was prepared to do it all in person, and decided to leave a group to let other disciples participate.

Xu Haoyue took the initiative to ask, to follow the pressure.

He felt that after coming here, he had been eating white and drinking, and there was no need for him to help. Although he followed the cold autumn, he was a little embarrassed.

Therefore, the initiative to follow the past, in case other sects have hidden old predecessors, Mo Feiliu is not difficult to support.

In this regard, Gao Hanqiu did not refuse.

After everyone left, there was a cold autumn and a deep wave, plus white.

Although Bai Yu does not understand personnel, but also is interested in it, he has pushed people and knows that such a thing has happened. Gao Hanqiu should have something to say.

Not to mention what is against her, at least her relationship is too shallow, it is not deep contact with Shen Lang, let alone Gao Hanqiu.

So she took the initiative to guard the flames on the grounds that others had left, so as not to spread the fire.

As for the safety of Qiu Lin Jianzong, of course, she does not need to worry about it. It really needs someone to invade. Shen Lang and Gao Hanqiu have already known it early.

“Lang brother, do you think I have done something wrong?” Gao Hanqiu sighed and exchanged with Shenlang.

“Yes.”

Shen Lang comforted one sentence.

How many years have he lived in Gao Hanqiu, he himself is not sure. What is certain is that he will live longer than Shen Lang.

Tianshan Jianzong is everything he had in the first half of his life, and Qiu Lin Jianzong is everything in the latter half of his life.

One is to be defensive and to carry forward; the other is to build, guard, and carry forward from nothing.

The latter is harder in terms of time and difficulty.

It is like the hometown of the hometown, just like your own home.

Up to now, he has already blurred his hometown in his hometown. Everything is now his own home. Being destroyed by everyone is of course very painful.

This pain is not only his personal, but also Lin Biaozi, and a group of their two pro-disciples!

“There will always be something that needs us to guard. I told you no? I came here this time because something happened on the earth...”

In order to transfer his emotions, Shen Lang said that the light ***** made his way to the earth. He killed the gods and chased them into the world of giant beasts, and then went to the Guangmingshan with the behemoths. I said it all.

Seeing the cold autumn from the top of the Yaochi event, Shen Lang did not have the opportunity to talk to Gao Hanqiu, but chose not to say it!

Because this is his business, he is willing to protect the earth, and the cold autumn is already a person in this world, and it is not good to bring people into it.

Yes, Gao Hanqiu knows, and will not stand by, whether it is for him or for the homeland of China, will give a force.

However, Shen Lang himself did not have the slightest grasp of the God of Light. Even if he broke through the realm of the Great God, there is still no grasp of the First World War.

Gao Hanqiu is the peak of the gods, and the battle with the gods of light, the results may not be good.

I will say it now, on the one hand, to divert his emotions, so that he will not have a burden because he feels that he wants to destroy the enemy. On the other hand, he also let Gao Hanqiu realize that there are still many powerful enemies in this world!

From the perspective of the Yaochi event, Gao Hanqiu is almost the strongest one.

This time, Qiu Lin Jianzong was attacked. No matter who the enemy is, what is it for him? Shen Lang can't let him underestimate the enemy!

If it is a general discussion, it will only be a face when it is light. But this is a struggle between life and death. Once you are underestimated and stunned by anger, you will most likely lose your life!

To tell the light gods is to let Gao Hanqiu know that there are people outside the sky!

After all, now Gao Hanqiu is an ancestor of several hundred years old. He is an ancestor of the ancestors. Even if he is still respectful, such as his brother, Shen Lang can't really warn him like the education of his younger brother.

Therefore, he is based on his own fiasco, to explain this truth.

What is Gao Hanqiu?

I will understand it as soon as I hear it.

"Lang brother, you mean I understand!" He solemnly agreed.

"Before the dragon revived, one person could hold me and snow and snow, and he was finally killed by you. According to you, the light **** is even more terrible, it shows that the world is big, there are many more Low-key super strong!"

Shen Lang nodded and did not confess his own guess.

"I don't think you have offended anyone. The other enemy of Jianzong's offense is not at this level, and it is more likely to be directed at me."

"But it's really coming to me, I can't make such a slap in the face, so there's no other benefit except to provoke you a strong enemy."

“So I have guessed if there are people hidden in the Dragon Gate! They must still have people lurking in all sides, but we went to the information to bury the Dragon Valley, and no one else knows. Even if there is any way to inform the Dragon Revival, May commit the crime ahead of time.”

Gao Hanqiu nodded. “I have also considered these, the hidden embers of Longmen. If we know that Long Fuxing has been destroyed by us, it may be unscrupulous. But it is impossible to know a few days in advance.”

“So, there may be enemies that we don’t know, or don’t think of! You must calm down as a target!”

“understand!”

The mood of Gao Hanqiu was also calmed down a lot. The enlightenment of Shen Lang made him realize that the level is different. The sects around Tangcheng are nothing, and the enemies behind the scenes need to be highly valued.

“Lang brother, what about God? How are you going to plan?”

Shen Lang smiled faintly: “Although we can’t beat the bright gods, but I also cut a lot of his minions last time. And one thing, limited to the space rules of the earth, he can’t come in person, it is the realm of the gods, It may not be able to travel.”

Gao Hanqiu nodded silently This point, he later analyzed it, so I understand that my homeland can’t go back, no longer remember to go back and see.

“This is to get the time... Of course, it may be that others have not taken us seriously, and have not taken one earth as one thing.”

Shen Lang is a bitter smile.

“But I and the Emperor and the Great Beast must still go to the bright mountain again. Fan Xueyu will not let her follow, don’t bother her.”

” Count me!”

Gao Hanqiu said immediately.

“It won’t be so fast, we need time. Let’s deal with your enemy now!”

The words of Shen Lang, it is the cold autumn can also understand – he is not an opponent! Can only hope for the future.

“You said... will it be the people from Guangmingshan?”

Chapter 2083 - Enemy

“I have also had this conjecture. On the other side of the light, I will investigate it. It is not difficult to know that my relationship with you is close. But that is the sentence, to destroy me, I will not be able to get into you again. I am alone, and the autumn is gone. Lin Jianzong, not only with you, once exposed, it is an enemy of the world.”

Shen Lang is also the key to doubt the bright god, with the strength of the other side, coupled with the Qiulin sword, will not be afraid.

But the problem is that Guangmingism is in the remote Guangmingshan. It has always been different from other gates. They also have their own routes. To other lower-level worlds, to develop theology and collect the power of faith, there is no need to compete with the factions for resources.

Not to mention that the right path of the world will definitely be the beginning of the Qiulin sword, but at least will attract everyone’s eyes, you can not make a big fortune.

And Shen Lang always feels that Guangming God should not bother to do this.

Just like the original disdain to kill him and the dog god.

As a result, Gao Hanqiu also feels reasonable.

Two people are negotiating, and suddenly there is a feeling that God spreads out.

Soon, the white owl in front of the fire tree outside, also felt.

She went there to guard, it was originally an excuse to retreat, the fire of the people of Qiu Lin Jianzong, of course, will be measured and isolated, will not burn their own hills.

At this moment, someone came to see and quickly converge with Shen Lang.

Before the various forces around Tangcheng came together, Gao Hanqiu ignored it and did not need to come out of the building.

But this time, he and Shen Lang are out!

Bai Hao did not ask more questions. From this battle, she could feel even more severe.

They just noticed it, and now they are waiting outside, and the three figures have already approached quickly.

“Come on! Waiting for a long time!”

Gao Hanqiu slowly said that the sound was transmitted directly in one direction, just heard where they arrived.

After the three figures were near the Qiulin sword, the speed slowed down a bit. I probably wanted to check the situation clearly. Now, if I hear this, I will accelerate again.

Three enemies, at least one big ***** realm, two big fairy peaks, wearing a cloak and wearing a mask.

This information, like the one obtained before, is undoubtedly the enemy of the Qiulin sword.

They will be one step later than the local sects, which is actually understandable.

After all, they have fewer people, and it is impossible to focus on different directions. And if it is hidden in the Qiulin sword or around, and afraid of playing the grass and stunned.

So they stayed in Tangcheng, but they were not close to Qiulin. Perhaps they choose to stare at which other sect!

The other sects of today had a joint movement and they were alarmed.

However, according to the information of the various factions, this is to annihilate the embarrassment of the embarrassment, and it is not the prey they wait for, and will not follow.

However, they may also be paying close attention to the situation here. Afterwards, Mo Feiliu's murderous departure will naturally be able to guess what is going on.

These situations are secretly analyzed by Shen Lang and Gao Hanqiu, and may not be true. But this is what makes them worried, because these strong people are guarding in the distance, are they still alive?

However, they are worried that they will be seriously concerned. They will pay attention to it and wait for it. On the surface, they still have nothing to show.

The three figures came directly across the air and appeared on the Jianlin Mountain in Qiulin, and they fell in front of them.

"This is the return of Gao Zu Shi... oh, these blasted bodies are all from nearby factions? Hey, oh! Just come over and watch the fun, and all of them will die."

"The ancestor of Gao Zu Shi is so big! It seems that Mo Feiliu is also taking people to encircle other sects?"

After the three people landed, one of them went forward, looked at the body on the ground, and then taunted the yin and yang.

Gao Hanqiu and Shen Lang both looked at them three and wanted to capture more information.

Although it is face to face, but also three to three, but in fact, the enemy is dark, I know them – at least know the details of the cold autumn, but they know nothing.

“How are they?” Shen Lang asked faintly.

Worry is inevitable. The other party has at least one big realm. Even if Mo Feiliu and Xu Yuyue can fight against the other two, the whole is not an opponent. Not to mention the easy to wait for others, there is no chance to escape.

“What do you say? This little friend is a close friend of Gao Zu Shi? Hey, I didn’t expect Gao Zu Shi to be old, but he had a good!”

Still just the person spoke, the other two did not say a word.

But this is not the strongest of the three.

If Mo Feiliu and Xu Haoyue are here, and they hear that the other party is so insulting to the cold autumn, they will turn their faces directly in anger.

But Gao Hanqiu and Shen Lang himself are indifferent.

What kind of friendship are they, what kind of identity do you have, and you don’t need to explain anything to others.

The misunderstanding of the enemy is also good, and the deliberate banter is a kind of psychological tactic.

The other party was deliberately laughing.

“It seems that you are the default! Although in our opinion, it is a bit smoky, but as long as you like it, we will not evaluate anything. Well...”

When he said this, he provoked a disdainful grin and deliberately stared at Shen Lang.

I don’t say anything in my mouth, but it’s obviously a scornful taste.

“Take off your body skin! Have already done a tortoise turtle, and continue to shrink the turtle in the end?” Shen Lang sneered a past.

He is also analyzing quickly in his mind.

The last time the ancestors were coming to attack him with a mask, just to prevent public appearance.

These people attacked Qiu Lin Jianzong before, perhaps it can be said that it is disdain to take off the mask, but since it is directed at the cold autumn, or directed at him now no face, there is only one possibility.

People you know.

People who know, of course, have a lot of strength. Those ancestors have it, but they will do so, and count the number, that is, the apostles of the gods of light.

Of course, the other side's face is not exposed, and naturally there is no indication of what is on the trail. Before the show is revealed, it is still uncertain.

However, Shen Lang and Gao Hanqiu will not be stimulated by the other party's words, and the other party will not be moved by the radicals.

“It turned out to be you.”

Suddenly, the words of Gao Hanqiu made Shen Lang a little surprised. I did not expect that he had recognized the identity of the other party!

This also allows Shen Lang to adjust his mind immediately. Since it is known for the cold autumn, it will not be the light god. Who is it, it is not known for the time being, but it also means that this should be handled by the cold autumn, he just helps to get started.

Chapter 2084 - It turned out to be him

“Gao Zu Shi, are you finally remembering this?”

The one who spoke, disdainfully mocked.

The strongest of the three people, this time is also a mask, revealing the true face.

The other two, look at him like this, too.

These three people are gray and white, even though the spirit of the people looks good, the age is obviously not light.

In contrast, the scene should be the oldest in the cold, but it must look younger.

“Why are you doing this?”

Gao Hanqiu sighed and murmured.

Shen Lang decided not to participate in the speech. Since it is known, it is up to them to communicate the previous grievances, but he is also staring at three people.

At this moment, I saw the faces of the three of them. Two of them are naturally unseen, but the one in the realm of the gods is a little familiar.

Familiar with? It was not seen at the Yaochi event. Who would it be?

Shen Lang secretly frowned, but the brain combined with the reaction of the cold autumn, plus their three reactions, and this Qiulin sword...

“You are Lin Biaozi? You are not dead?”

He could not help but be called out.

This time, I almost destroyed the Qiu Lin Jianzong. I don't look at the Buddha's face when I look at it. I don't say the status of the Qiu Lin Jianzong itself. It's the status of the cold and cold autumn. This is bound to be a great energy to dare to do.

When guessing the enemy, Shen Lang repeatedly thought that he was tired, and even felt that the great possibility was done by the Light God.

However, he did not think that it was actually another founder of the Qiulin swordsman, Lin Biaozi.

It's no wonder that just that person, even if he has always been scornful and disdainful, but the term used is "high ancestor" rather than "high ancestor".

Gao Hanqiu is the founder of Qiulin's Jianzong, and the descendants of the disciples in the door are the masters of the ancestors. A good relationship with outsiders will be so respected.

However, the general guest set is a general name called "old ancestors."

The ancestors are not the name of a certain realm, but the honorary title of the comprehensive status of age and generation. Whether it is the head or the elders, it is often the oldest predecessors who do not ask the world.

Just after Shen Lang heard this person called "Gao Zu Shi", because of the tone of the relationship, I thought it was just a satirical taste, I did not expect a real relationship.

The two of them should be disciples of Lin Biaozi!

Since it is Lin Biaozi, Shen Lang is not good at saying anything. Although he really wants to do it, he must stand tall and cold, and there is something else.

However, Lin Biaozi and Qiu Hanqiu jointly founded Qiu Lin Jianzong. This is a partner of at least 100 years of deep friendship. There are any problems, and it is not understood by others. He is not convenient to directly intervene.

There are several reasons why Shen Lang did not recognize Lin Biaozi at first sight.

On the one hand, although he knew Lin Biaozi in his previous life, he did not have deep friendships like Gao Hanqiu. Even Xu Haoyue was not as good as the kind of understanding he had seen.

Xu Haoyue can be respectful to him, one is because of direct and indirect benefits, and the other is because of the relationship between Gao Hanqiu, he is very admired. It is just reverence and lack of closeness.

On the other hand, it has been hundreds of years, and Lin Biaozi does not say that the face of the face changes, there will be a big difference.

And, in the story of the cold autumn, Lin Biaozi is already dead.

Some of the strongest people who explored the “no return to the sea” in the past did not arrive, and some of them came to die, or they could not stand on the competition with the locals. There are not many who can stand on the ground.

Because of this, I don’t know how much time it took to come to Tangcheng’s Gao Hanqiu and Lin Biao’s need to jointly create.

But now, no matter whether it is killed or injured, the cold and cold autumn should be the only one.

Shen Lang did not recognize Lin Biaozi, it is normal.

Lin Biaozi did not recognize Shen Lang, it is more normal.

For the same reason, and Shen Lang is not only a change in appearance, but also a reincarnation.

But after Shen Lang called his name, Lin Biaozi was also in vain.

“Oh it’s you.”

He stared at the waves for a while and sighed.

“After I heard about your business, I thought that this is the close disciple he cultivated, to commemorate you. It seems that you are a reincarnation. Also, besides you reincarnation, who can fly so quickly? “”

Shen Lang smiled slightly: "It's rare to remember me, and it's a long time to reunite."

Lin Biao's ability to partner with Gao Hanqiu is naturally a comparable person, at least at the time. Coupled with the common background and the changes in the strength of Shen Lang, it is not difficult to guess.

The two people with him, I couldn't help but be surprised to hear this.

Originally, they did not pay attention to Shen Lang. I know that this person is also a close disciple of Gao Hanqiu.

Now I can't help but re-evaluate the sinking waves, so that their masters can see it this way, since they are not ordinary people.

Bai Hao is also a little surprised, I did not expect that Shen Lang is a reincarnation, it is no wonder that young people have been so extraordinary.

"With you, it seems that today can not be good." Lin Biaozi did not bring any emotional color. "However, it has something to do with you."

Shen Lang nodded.

Recognizing this person is Lin Biaozi, Shen Lang naturally remembered one thing. That is also a relatively important thing, not so easy to ignore.

When he was in Tiandu City, Zhou Yumin of Chaotianmen said nothing, he killed the servant who followed Shen Lang, and then Shen Lang publicly dried him, then his father Zhou Hao came, and Bao Puzong's Weiyangzi.

When I started, I was in a place called Tianyuan in Tiandu City. There is a young man in the forest garden, because he feels that the waves are arrogant, he is angry and shot, and he is rubbed by Shen Lang, and when he uses the celestial seal to smear in the Zhou dynasty, the Lin Gongzi is killed by the sky.

This made Lin Huan's owner Lin Huan personally come forward. On the one hand, he was a friend Zhou Wei, on the one hand, Qiu Lin Jianzong took care of Shen Lang, his son's death, it was Zhou Wei and Shen Lang killed together. There are also factors that do not listen to warnings.

Lin Huan finally suppressed the fire, chose not to help, and cleared the grievances and drove them out of the forest garden.

From the situation at that time, Lin Huan is taking into account the feelings of Qiu Lin Jianzong, or it may be known that there is some taboo in the cold autumn.

Of course, that would not be his only son.

But in any case, the grudges are like this.

Lin Biao did not know what was going on, but he came back to seek revenge. He must have gone to Linyuan to visit future generations and know this.

However, Shen Lang did not mention much. He was not afraid of things, but he could also see that Lin Biao's move was to have another hatred with Gao Hanqiu, and it was not a small enemy. Otherwise, it would not be destroyed by oneself. The sect.

The resentment of Lin's descendants is just a matter of convenience.

Chapter 2085 - Old age

There is not much friendship between Lin Biao's and Shen Lang, and because there are not many people from the same earth, they will say a few more words, and they don't need to be old.

After that, his eyes looked at the cold autumn.

"Old high, you should have nothing to say?"

Gao Hanqiu sighed: "Lao Lin, no matter what misunderstanding you have for me, you should not ruin the Qiu Lin swords. This is our common hard work, killing those, are your descendants, Yu Xinhe endure?"

“Wait! Don’t say so nice. This Qiu Lin Jianzong, not the Qiu Lin Jianzong created by the teacher, is your exclusive Qiu Lin Jianzong! Even if we have our disciples, choose to rely on you, it is to recognize the thief as the father, even more damn!”

The person who spoke before immediately squirted directly.

The cold autumn froze slightly.

Now it is his conversation with Lin Biaozi, that is, the waves that are not lower than their generations, they are not involved in interruption. Bai Hao is quietly listening on the side, Lin Biaozi’s disciple, but rushing to scream at him, is very unruly.

However, he still did not take advantage of this to make a fuss. If he wants to solve the problem, he will ask for the same issue. He can’t make the atmosphere stiff because of a small problem.

“Li Wei, you misunderstood. These children are disciples of Qiu Lin Jianzong. They are not relying on me. They are all for the swords. This is our sect. You are the same in the same year, and I am the same.”

Gao Hanqiu’s patient explanation did not get a good effect. The one named Li Wei was directly scorned.

“Cold and cold autumn! Don’t put gold on your face! You are different from us!”

“The Master and us, the one-minded swordsman, is the sword of everyone. And you, you have captured the fruit, and the sword is for your own sake, for your swordsman!”

The other one did not speak, but also opened the door.

“Lao Lin, I don’t talk to them about the two juniors. Let me tell you directly! What happened in the past, no matter what the result, has nothing to do with me; not I want to harm you!”

After a pause, he added: “And I have now figured out the original.”

“You don’t feel ridiculous?” Lin Biaozi sneered.

“Did you not worship him? Do you dare to say it to him?”

He is talking about Shen Lang.

“He doesn’t know at all, you didn’t finish it with him. Are you afraid that he will be disappointed with you?”

Shen Lang looked at them indifferently, no matter what he heard, he would not have any disappointment.

In the last life, he was a genius in the upper class, but it was only the earth. Strictly speaking, it was only China, and even the peak of the earth could not be counted. In other corners of the world, there may be more than him.

This world, he has experienced more.

The concept will change.

The so-called “the only constant is the change itself.”

Even if Gao Hanqiu really did something to worry about Lin Biao’s business, he can understand.

Because of his understanding of the cold autumn, it will certainly not be intentional injury, there must be a reason.

This is his trust in the two brothers!

However, at this time, Shen Lang does not understand anything. Of course, he will not evaluate anything at random. It is one thing to trust and help others. It is another matter to understand the truth of the facts and understand the two sides of one thing.

Gao Hanqiu gave a slight breath.

“But you have destroyed my foundation and slaughtered me most of the people. I am angry and I am going to fight with you. But since you are coming back from Laolin, if you bring someone to retaliate, it is necessary to make it clear!”

Li Wei sneered: “What else is clear? Can you still say black as white? The clues to the Yungong Holy Land in the past, aren’t you coming? You didn’t go, but we all plunged in! You Is this a pit pit, or is it a knife to kill?”

Shen Lang was slightly surprised, Yungong Holy Land?

Also related to the Yungong Holy Land?

This clue to light immediately let him analyze a rough estimate.

Gao Hanqiu ignored Li Wei, but continued to talk with Lin Biao.

“The clues to the Yungong Holy Land that year were from me, but I don’t know if it was a trap. No one knows it is a trap! I wanted me to take someone.”

“Get it! You are still selling it!”

“At the time, it was clearly that you were tempted to respect the Master! Say that there is a holy medicine in the holy place of Yungong, you can let the teacher treat the wounded and prolong the year, and say that you don’t feel relieved to go alone. You have to stay and guard the sword, so let us go with the master. !”

Lin Biao did not speak, but his two disciples condemned.

This is a deep understanding of the waves.

This may have been a matter of one or two hundred years ago. They feel that they have been harmed by their own people. Can they not feel uncomfortable? It will be extreme, extreme, and normal. If there is an opportunity at this moment, it will naturally vent its vent.

When he was in the forest of death in the past, he was stunned by Chu Yunfei for a year or two, and he was already angry and retaliated.

“Don’t be excited. Since everyone has met, they will be right. You will tell you what you said. Xiaogao also said his situation. If there is any misunderstanding, everyone is a discerning person.”

Shen Lang finally opened the round.

Li Wei and two people, originally intended to sneer at Shen Lang. But after all, their age is also very high, extreme and extremes are certainly there, and the state of mind is also there.

On the sensible side, they heard the words “small high” and combined with Master’s attitude. Let them have a glimpse of their hearts and dare not be rude to Shen Lang.

Gao Hanqiu continued: “We were all hurt in the past, not light. You are still young, and Lao Lin and I are very old. If there is no good solution, I will die for a few more years!”

“We want to find a way, find a way, not a day or two, have been to many places, tried a lot of drugs. The legend of Yungong Holy Land, you do not know, the legendary big door, the founding father is to go The cloud palace holy land has changed!”

“Get this news, do you think that I don’t want to go by myself? It is related to cultivation and life!”

“If at that time I went with Laolin, how many of you, can you keep the sword of Qiulin?”

“We must leave a support for the overall situation! I gave it to Lao Lin, as long as he can come out from the Yungong Holy Land, even if he can’t bring back anything, he can hold the sword after I die!”

“I don’t want my disciples to follow me? You two dare to say that you don’t want to go at that time? Lao Lin knows you best, you know best, this is what you follow!”

The cold autumn is the predecessor, and the specifications in the Yaochi event are all able to sit on the table. It is rare to say that a big call is so excited.

“You don’t come back and forth, and the other sects are the same. We are all sad! But what can we do? That is a huge loss for us. We can only guard the swordsman more carefully!”

Although the words of Gao Hanqiu are reasonable, Li Wei is still sneer.

“So, we can’t come back. You have control all the Qiulin swords, and all of our remaining teachers are dead. You are still alive and still alive!”

Chapter 2086 - The sincerity of Shen Lang

Gao Hanqiu is a bit helpless.

“The time has passed so long, they will die, this is what you can also expect. I am not dead, but later I have another chance. Just like everyone thought you were dead, but you have an encounter and you are not dead. ”

“We are not dead, you are not reconciled!”

“Is it because you saw that I didn’t die, wouldn’t you be reconciled?”

In the end, Li Wei is a younger generation, repeatedly screaming, letting the cold autumn that wants to resolve peacefully, also has a temper.

“You have killed so many of your own people and ruined your own business. I am already angry and ready to fight all over the world! I found that you are still alive, I am very surprised, I can let go. What about you?”

Gao Hanqiu also just played the title.

Li Wei is the younger generation. It doesn’t matter if you pick it up. It doesn’t matter if you tear your face. As long as you don’t directly follow Lin Biaozi, there is room for manoeuvre.

“I don’t know when you will come back. If you come back and find out that I am already dead, are you satisfied? If I find that I am still alive, I will make you more annoyed?”

Then he directly to Lin Biaozi.

“Lao Lin! We are a partner who has come to Tangcheng for a long time together! We are buddies who trust each other and can fight back to back together. How can I want you to die? You want to take over the sword of Qiu Lin, a word of things !”

Lin Biaozi is also the same old man. He has no direct opening, but has always let Li Wei represent it. It seems that the apprentice is rude, but his acquiescence is a gesture.

Will do this, that is, leave a little space.

Li Wei is getting bigger, he can also take a look at the bottom. If he talks directly, then he will only start the war.

Now that I have said this, I basically said the views on both sides.

As a bystander, Shen Lang has mastered an approximate situation.

In fact, Gao Hanqiu has more control, but what he said, Lin Biao's three, certainly will not believe.

Therefore, it was not easy to insert too many sinking waves, and this time it was also open in time.

“I understand that one is probably. It is now necessary to clarify the latest information that can be combined.”

“Is there a place for you to talk here?” Li couldn't help but scream.

Originally from the attitude of Master, he did not dare to look down on the waves. But just after the cold autumn reprimanded him, he was about to send out the fire. The young man of Shen Lang spoke, and he drank it directly.

“Li Wei!”

Lin Biaozi still has some scruples about Shen Lang.

This is mainly from the predecessors of the Shen Lang, when the light was too strong, when the waves were falling, he was not too big. And the back is all deified by the high cold autumn. So even if he is reincarnation now, there are still signs of influence on him.

“In your relationship with him, you naturally help him.”

Shen Lang smiled a little: “How much do you know what kind of person I am. I want to support Xiaogao, I don’t need to find any reason!”

“...” Lin Biao’s silence.

Although he has limited contact with Shen Lang, he has been with Gao Hanqiu for a long time. He knows that their relationship is very iron. Shen Lang has to protect the cold autumn. It really does not matter for any reason.

“You will choose this time to attack, and you will definitely understand the situation. Some time ago, there was information about the Yungong Holy Land, and Xiaogao also took Mo Feiliu.”

Obviously, no matter when they came back, no matter what way they inquired, they know that Gao Hanqiu is now the ancestor of the great god.

Even if Lin Biaozi thinks he can fight, Li Wei and Mo Fei will fight each other, and now there is Xu Haoyue, and the final result is that both lose.

Since they have been wronged for a hundred or two years, they are naturally reluctant to lose both. So I have been holding back and waiting for opportunities in the dark.

However, when the previous relics were opened, it was a good opportunity. They did not choose to do it, maybe they came back later.

Anyway, they all know the latest thing, confirming that Gao Hanqiu and Mo Feiliu left, and then chose to do it.

First of all, the Qiu Lin Jianzong was destroyed. Anyway, it was not the apprentice of the high-cold autumn. It was the loyalty of the murderer who loyal to the cold and autumn, and there was no psychological burden to kill.

“...” Lin Biaozi is still silent.

This is equal to the default.

“The specific process will not be said. If you have any channels, you can inquire about it. This time, the level of going to it is very high. It is not qualified to understand the level of Tangcheng. But it is almost completely exhausted. There are also many people who have died.”

“How do I say, you won’t believe it, I will let you see my memory directly!”

When talking, Shen Lang has already intercepted a part of the memory separately. The related one is that Cui or He Long revived the Dragon Gate. There are only key contents, and some that cannot be disclosed are not involved.

Then directly transfer this memory to Lin Biaozi through the idea.

When this memory was transmitted, Lin Biao was hesitated, but after receiving the threat, he accepted and merged.

It doesn’t take long for him to understand it directly.

Shen Lang did not wait much, and then continued to talk.

“The facts have already proved that they have used the excuse of the Yungong Holy Land. In the past few thousand years, the adventures have been triggered again and again. The strong losers do not know how many, leading to the decline of some sects, and later They took the opportunity to go out.”

“The ones that you encountered in the past were only one of them. Now this time is the same.”

“I believe that Xiaogao is a human being, otherwise it will be safe and sound first. There is...”

Shen Lang sighed: “As one of the ancestors, you really don’t have to hate future generations. They don’t know anything, they are innocent. Besides, if you come back to ask for Qiu Lin Jianzong, I believe Xiao Gao will not refuse. cross!”

Lin Biaozi continued to be silent.

When people sometimes, they will be blinded by hatred.

It will be normal for them to become extremely extreme and extreme for a hundred or two years. However, before the death of Qiu Lin Jianzong so many people, on the one hand, venting anger, on the one hand, there will be feelings.

Even if they hate them, they are all descendants of their own sects. It is impossible to kill them so much.

These days, they also have more calm thinking.

So I just saw the cold autumn directly fire, but Lin Biaozi, still more silent, no direct worry.

Now I have listened to the explanation of Gao Hanqiu, plus the explanation of Shen Lang, especially the memory directly to him... The identity of Shen Lang, with this sincerity, makes him realize that it may be really the truth!

But it’s hard to ride a tiger!

One or two hundred years of hatred, the longer you are suffering, the more you feel long, and perhaps in their feelings, it is thousands of years.

How can this be left to the explanation of the fluttering?

Besides, if you choose to believe, it means that they are wrong, they are wrong, just squat. They paid a painful price and were victims, and they should be understood to be relieved.

But now they are the disciples who have killed most of the Qiulin swords!

Chapter 2087 - I can pinch you

The core of the martial art has been eliminated. Now, except for the cold autumn and Mo Feiliu, there are only some young disciples who have been disdainful before.

They have to take over the Qiulin swords, and Gao and Mo should not stay, and the next one is an empty shell.

Lin Biaozi is so old, can't have the mind to start another business, re-teaching to pull young disciples, and more trouble?

"Qiu Lin Jianzong... We don't need it."

After the silence, he still gave such an answer.

Li Wei and another disciple frowned.

Originally, according to the plan, they are going to kill the cold autumn!

Now, listening to Master's meaning, seems to let go of it?

They didn't get that memory, they didn't know the specific situation, and naturally they were not willing. At this moment, their eyes were fixed on Lin Biaozi.

"What about your grievances? How to deal with them?"

Shen Lang asked this sentence, looked at Lin Biaozi, and looked at Gao Hanqiu.

The mind of Gao Hanqiu is also very complicated.

From the time he came back to the present, he was screaming at the fire and was ready to fight for his life.

But this enemy came out, it was a few of Lin Biao, so he did not know how to send this anger.

Kill them three and avenge everyone?

Isn't that also killing Qiu Lin Jianzong himself? And it is still one of the ancestors who killed, and the first generation of disciples such as Li Wei, like Li Wei, who had been a master for a while!

From this perspective, killing them is even worse than killing disciples.

No revenge is not enough, and revenge is not good.

From a personal point of view, Lin Biaozi is a partner, a buddy, and a brotherly friendship.

It is also difficult to make him to start with Lin Biao.

Therefore, the cold autumn is very painful and tangled.

Lin Biaozi is also.

Even if he does not admit, the memory that Shen Lang gave to him has proved that it may be the fact that Gao Hanqiu never intentionally killed them.

Now that people have killed so much, the martial art has been destroyed seven or eight.

keep mistake? Hard to the end?

That is to kill the cold autumn, Mo Feiliu, can you really feel at ease?

More importantly... can you kill it?

Originally, according to the plan, they were divided into several dials, and Yang Huantian and others were eliminated. They both angered the cold autumn and reduced the possible help.

The second wave is like this. I saw that Mo Feiliu took people out, first gave up, and concentrated the strength of the three people, together with the focus of the cold autumn.

Finally, ambush Mo Feiliu and other survivors.

In a way that breaks down one by one, they don't need to lose both sides, they can really revenge.

But now, when I came to the present, I found that Shen Lang had a huge gap with the news they had heard, and she already had the strength of the Great God!

And to confirm that it is the reincarnation of Shen Lang, it is also determined that this is true, not pretending to support the scene.

There is also a strange woman next to it, who does not feel like a human race, and the strength is likely to have the level of the great god.

Coupled with a cold autumn, then the three of them will be defeated!

Li Wei, they have not thought of this, Lin Biaozi has already thought of it.

"You talk about it! Since you dare to show me your memory, in your capacity, I can't believe you."

Lin Biaozi chose to let Shen Lang come to preside over justice.

But this is just to listen to see if there is a way to have the best of both worlds. If you want them to plead guilty, it is absolutely impossible to comply.

Gao Hanqiu did not have a good plan. After Lin Biaozi said it, he also handed it to Shen Lang.

"Lang brother, I don't know how to deal with it. Do you have a good idea?"

Shen Lang can see that both of his brothers are caught in a tangle.

It is impossible for everyone to return to the previous relationship, and the sentiment has been exhausted.

However, Lin Biaozi wants to do high and cold autumn, he naturally will not agree, and Gao Hanqiu can not get rid of Lin Biao's three.

"I don't have a better way, I can only say that I can provide an idea!"

Shen Lang did not sell off, and said it directly.

"The situation has already been the case. The public will only damage the reputation of Qiu Lin Jianzong. Just look at Lin Biao's you can't let it go. I believe that Xiao Gao is unsettled and will break with you."

Lin Biao's gaze is complicated and looks at the cold autumn.

He can't do it either...

But this can't be done, is it because you can't afford it, or is it because you can't do it?

"Let's stop here! Lin Biao's three of you, leave here, not to hide in the world, change your face or change your face, don't associate with Qiu Lin Jianzong. Xiao Gao also gave up looking for their revenge, then no such thing happened."

In the words of Shen Lang, both sides sounded like they were talking to each other.

But is there a better way?

No.

Lin Biaozi has no way to kill Gao Hanqiu and Mo Feiliu, plus the psychological factors of understanding information, stop here, or the best choice.

Gao Hanqiu can't kill them for revenge, and it is impossible to treat these murderers as seniors to welcome Jianzong.

“What?”

Just as the two were ready to promise, Li couldn't help but swear.

“I don't care if you are a reincarnation of the predecessors, this is the hatred of the Qiulin swords, you can't take your fingertips!”

“The cold autumn is not dead, how can we stop!”

In his view, Qiu Lin Jianzong ruined and ruined, anyway, there must be no feelings anymore, but the cold autumn must be killed!

This is a danger that will lead to great scourge at any time, and it is also the chief culprit in their revenge.

“I can pinch you at any time.”

Shen Lang casually controlled the surrounding field directly, using the dragon's “world of the gods” approach.

This hand is to let Lin Biaozi and Gao Hanqiu, but also can only be aware of it, but it is too late to dodge and resist.

Li Wei and the two, even the awareness was not noticed.

When Shen Lang said this, he hooked his finger and Li Wei went to him.

“When you killed so many disciples of Qiu Lin Jianzong, did you feel as easy as crushing ants?”

Shen Lang's finger pointed at Li's eyebrows.

“me too.”

Although Shen Lang did not attack him, Li Wei still felt that the eyebrows had the illusion of being poked into a big hole!

He can't move anymore even breathing is extremely difficult.

Before killing Jianzong disciples, it is really easy for them to be. Because even the strongest Yang Baotian is just his apprentice generation.

But now, he feels that he is the ant that was crushed!

Shen Lang's finger pressed, and his head will be broken at any time!

"I accept that I will stop here. I will leave them with both of them. I will not appear as Lin Biaozi in the future. Qiu Lin Jianzong can open our identity and remove me and let the remaining disciples see it as a hatred."

Lin Biaozi couldn't watch the old disciple die in front of him and immediately gave in.

Chapter 2088 - Graceful

Shen Lang's suggestion is that both sides have no choice but to accept a better option.

Especially the strength he just showed!

Strength is the last word!

It is his origins, or he can get a lot of attention from Lin Biao, but it is not awe.

The first hand of Shen Lang has already made Lin Biaozi realize that he may not be able to do it.

An alpine autumn has already required him to join hands with two disciples to solve them in batches. Now there is an equally powerful Shen Lang, and there is a woman who is unknown, so that he can only give up.

This also includes the fact that he is looking for troubles in Shen Lang. The death of Lin Huan's son is a component of the death of Shen Lang, and it is not directly killed by Shen Lang.

If his strength is crushed, of course it will be maintained, but now that he has no such grasp, he can only pretend to forget.

Gao Hanqiu heard his words and sighed.

“According to our side, the ugliness is not exaggerated, and this matter will not be revealed. You are still the ancestors of the disciples who admire the disciples.”

“As for the future...we can't keep it every day. If you want to get rid of the rest of the people, you can do it at any time. Be good at it!”

The words of Gao Hanqiu have already revealed his heart.

He was able to get it. Now it is because there are Shen Lang and Bai Yu here, so he has to give in.

But don't say that they are swaying, they are Gao Hanqiu himself, and they are not always allowed to guard. The other party really has to have resentment, still can still attack the Qiulin sword, attack him.

He can't do it now, and he must bear the consequences.

Can you eliminate Lin Biao's grievances? This is also a method of no coercion. The truth has already been said, and they can only look at their own.

To really move other people, Gao Hanqiu is no longer able to reorganize and revenge anything.

Lin Biao did not respond to his words, what else can he say.

I used to hide my identity. Now I have already exposed it. If I attack Qiu Lin Jianzong in the future, will Gao Hanqiu attack the Tiandu Forest Park?

Qiu Lin Jianzong also has one of his, Lin's descendants, all of them are personal, and have nothing to do with Gao Hanqiu!

Lin Biaozi's gaze is to look at Shen Lang here.

Shen Lang just waved his hand at random, and did not touch Li Wei. His body flew back and returned to where he was.

Then everyone felt that the surrounding area had disappeared.

Li Wei's face is blue.

On the one hand he is afraid!

The situation just happened is very dangerous. If it is not for Master to openly accept the conditions of the other party, he will be destroyed if he fails.

On the other hand, he is very unwilling!

He felt that Shen Lang was a sneak attack. He had an empty temper and had no chance to play.

However, whether he is afraid or not, he has to admit that the strength of Shen Lang is that he cannot challenge.

Master can definitely fight, but Master has to deal with the cold autumn.

The two of them were originally to assist in the interference and help Master to kill the cold autumn. Now the other side has such strong support, they have to bow their heads.

“go!”

Lin Biaozi said slowly, then turned and jumped.

Regardless of their mood, Li Wei and the two quickly followed up and left.

Once Lin Biaozi left, they were two of them, not an opponent at all.

After flying, Lin Biaozi waited for them to keep up in the air and paused.

But after all, I still didn't say anything, flying away.

Gao Hanqiu has been silent.

Shen Lang is also not good to comfort him. After all, they are old brothers who have been together for many years. As a result, they have become like this because of misunderstanding.

The departure of Lin Biaozi just marks the grace of both of them.

Of course, counting forward, from the moment Lin Biaozi ruined Qiulin Jianzong, it has already been extinguished.

Even for the descendants of the dead, Gao Hanqiu is not familiar with it, and there is no such thing as Lin Biaozi's friendship. But these are the disciples of Qiu Lin Jianzong, and they can't be said morally.

"The fate is a bit of a doctrine, don't think so much."

Shen Lang reluctantly comforted Gao Hanqiu, this certainly has no effect, but he does not break this quiet, white can not say anything.

Gao Hanqiu also reluctantly smiled.

"Long brother, if you are not here today, I really don't know how to deal with it."

This is the truth, even if he has lived a long, long age, and has encountered various situations, but he has never thought about this situation.

"From a good direction, Lin Biao's three of them are still alive, and it is a good thing. The murderer found it, and it is a solution. It is also a good thing."

Calm and bitter smile, this is comforting...

The murderer is anyone, he is angry; but Lin Biaozi, they are not angry, but painful.

It is even more uncomfortable for oneself to kill oneself than any other to seek revenge, win the treasure, and win the land.

“Okay. How old are you? Even if the disciples are destined to have this robbery. For thousands of years, those who have been killed and destroyed by the Longmen may have hundreds of thousands, many more than the Qiulin sword.”

The head of the cold and cold autumn can only be so comforted by myself. Counting the source to the gantry side can make him feel better.

“We solved the problem of the Longmen, which means that we don’t know how many people are saved. But in the factions, there are still, how many gantry cultivation people lurking, or not.”

Shen Lang this is to divert his attention.

Gao Hanqiu sighed: “No matter. The world is too big to manage so much.”

Originally, the cold autumn was still ambitious. It was longer than the earth to live here, and there was a sense of belonging. When his personal strength and status can reach the top level in the world, he is naturally willing to shoulder the corresponding responsibilities.

Similar to the ability, the greater the responsibility.

And even if it is a big-named faction that is invisible to the world, it will be involved in the event of survival in the world. This is a historical responsibility.

Gao Hanqiu did this, but also for the feeling of the sword of Qiulin, the greater his credit, after the death, the Yuyin of the Qiulin sword can get longer.

Of course, in the long run, it depends on whether anyone can take over, but whether it is Mo Feiliu or younger, it takes time.

Just like this time to get the Dragon Gate, although there is no announcement of the world, but Yao Chi knows. Any other things, there may be other sects knowing, pile up more, can look at the past face to look at the Qiu Lin Jianzong martial art more than But now, he seems to be old.

The heart is old.

Fighting so much is nothing more than a disciple to the grandchildren, or else he can completely think like a child, just for the sake of self-confidence.

Who are you still now?

Shen Lang knew that his mood was low, and he continued to comfort him without any help. He asked him to do something right. Using the communication jade, the news that the enemy has found and things have been resolved cannot be released.

Gao Hanqiu also realized that this is very important, or else those who have deep knowledge of the big names will not be able to shoot them out.

That is to open up the contradictions, forcing a deadly battle, but also a ugly foreigner!

Chapter 2089 - Personal cultivation

After Gao Hanqiu sent the information out, it triggered another series of reactions.

In the past few hours, everyone was watching and discussing in private, trying to figure out what the situation was.

Really started to investigate, almost no!

After all, this is something for others. Even after Yaochi's statement, he began to support him, but he only said that if he really wants to start helping the investigation, he still needs to figure out all the conditions so as not to be hurt.

As a result, they have not participated yet, and they have already closed the case!

This speed has undoubtedly surprised all the sects.

This reflects the powerful strength!

In everyone's cognition, dare to move Qiu Lin Jianzong, there is no doubt that there is a lot of energy, at least there is the strength of not afraid of the cold autumn.

The performance before the high cold autumn also proved this.

If it is not the enemy is strong enough, Gao Hanqiu will not have no clue, and will not need to ask for help, this is a big love!

But in such a short time, Gao Hanqiu has not only found the enemy, but has solved the problem!

How fast is this?

Imagine that they have some distances. After leaving the forbidden place, they have not returned to the martial art.

Gao Hanqiu returned to Qiulin, and found the enemy to go to the door, ask for help from the outside, and then find the enemy and solve it... The whole process is too fast, right?

Later, the ancestors who originally exchanged information privately began to explore this issue.

It is related to the face of Qiu Lin Jianzong, Gao Hanqiu can not take this thing to speculate, indicating that this really happened. And with such a quick resolution, there is only one possibility – the enemy does not go far!

If the enemy is already far away, then it really needs to be searched all over the world.

The enemy did not go far, and once again went to the door after the cold autumn, so that the problem can be solved so quickly.

The problem is coming again, dare to attack the Qiulin sword, it can only say that it is not afraid of the cold autumn, but after all, it is time to take advantage of him.

Dare to kill him when he came back, only to prove the power of the people who killed the Qiulin sword!

But such a group of people, still solved by Gao Hanqiu!

This old guy is strong enough.

Everyone immediately associated with it. Before the cold autumn and Shen Lang, and Yao Chi Xuefei and others, they acted together.

After Gao Hanqiu issued an announcement, Yao Chi also took the lead in making solidarity.

However, Xuefei Snow will definitely not follow the Qiu Lin Jianzong guest, which means that Shen Lang and Gao Hanqiu together!

Such an analysis and discussion made them feel that they understand the truth:

No matter what the big guys are, they are sure to prepare for the cold autumn, only to dare to attack. The result will be feathers, naturally because of the variables of Shen Lang.

How can these enemies end up, can also guess that the relationship is not close enough to the cold autumn, it is not convenient to ask, the relationship is closer, it is a gesture of condolences, and the private chat on the side.

It is very necessary for Gao Hanqiu to realize the public release of the information, but then he will continue to have a private letter to ask, which makes him a little tired.

The information that can be used for help before is also published by himself, and other people ask in a way of concern, and it is not easy to ignore it, at least to perfuse the response.

But to say that he really feels gratified, it is impossible.

Because this is after the matter is solved, it is all in the water! When the help information was previously published, no one could contact the initiative. Public solidarity is also under the leadership of snow and snow. More people, pretending to be ignorant of it.

Shen Lang is like it!

Because the current cold autumn, the mood is very low, a little things make him busy, in order to let him shift the mood, even if it is irritating, it is better than the pain.

“Small high, you can cultivate it yourself.”

The sudden suggestion of Shen Lang makes the cold and cold autumn slightly puzzled.

“Do you think he is very talented?”

Mo Feiliu, Li Wei, and their second generation of pro-disciples are the fourth generation of Qiulin.

Undoubtedly, in the fourth generation, he is good in all aspects, and the comprehensive is top-notch, in order to be selected as a successor by Mo Feiliu.

But ... is also relatively top-notch. If the talents of the unscrupulous are really amazing, then Gao Hanqiu may have already accepted him as a pro-disciple, or let Mo Fei pass away as a disciple.

Just like snow and snow, it is like a snowy scorpion.

“Not a gift is not talent.”

Shen Lang smiled and said: “Now there is a generation, it must be filled as soon as possible. It is not a mediocrity, it is cultivated by the successor of the sect, and now he is only.”

The cold autumn was silent.

This is back to the topic of avoiding talk.

It is because Lin Biaozi has killed Yang Baotian and other third generations, other fourth generations and many younger ones. It is easy to become a choice.

But he can't avoid it anymore.

What happened to the successor, he did not worry, let Mo Fei flow slowly to cultivate, still have time. Now there is no time, and the seedlings must first pull up a seedling.

Easy to be the best candidate and the only one.

He also understands the meaning of Shen Lang. Mo Feiliu's conventional cultivation mode is not good. Let him personally cultivate it. To put it bluntly, it is to help you to improve your strength!

It is the level of the semi-Xianfeng peak, and it is at least necessary to raise him to the level of Daxian to be safe.

"Listen to you."

After thinking about it, he promised.

When Shen Lang came to Tangcheng for the first time, he and I had no idea, and there were contacts afterwards. But this time, there is no such thing as personal friendship.

Qiulin Jianzong really needs to quickly complete the next echelon. The next step is to expand the number of each echelon. It is easy and must not be topped in advance.

More importantly, he still has to find something to do in the cold autumn, lest the old high mood depression.

In fact, calm down and think about it, whether it is Shen Lang or Gao Hanqiu, it is a bit of a fortune.

No one thought that it would be the people who knew Tangcheng and Qiulin's Jianzong and others. If Lin Biao's three people did not choose to kill the cold autumn first, they would directly intercept the leaving team...

Li Wei and two, but repaired to a much older brother than Mo Feifei, the two of them can deal with Mo Feiliu and Xu Haoyue.

If it is Lin Biao's shot, it is not difficult to kill them. Li Wei and the two can kill others and others.

That can completely destroy them, then there is one in the cold and autumn!

Fortunately, they all felt that Mo Fei flowed with the average junior embers. It was not a climate, and he could kill at any time. I didn't want to waste all of it because of their waste. This allowed them to escape!

Now waiting for their return, Gao Hanqiu still has a bit of restlessness.

In the event that the three of Lin Biao who just left, catch up and kill Mo Feiliu and others?

Shen Lang said the forest garden, which is the soft underbelly of Lin Biao's. Unless... Lin Biao's has already transferred the descendants of Linyuan before the Qiu Lin Jianzong revenge!

Chapter 2090 - Collective retreat

In the end, Shen Lang and Gao Hanqiu, still choose to wait in the Qiulin sword.

If Lin Biao really wants to destroy them, then it is too late to catch up, and keep it tonight, can't keep it every day.

Therefore, I still wait and see, and wait for them to come back with the mentality of "children and grandchildren".

Fortunately, in the end they all came back and nothing happened!

Mo Feiliu personally shot, Xu Haoyue is just a side of the rush, do not need him to do it, even Mo Feiliu is only the strong of the various factions.

Other weaker ones are still not easy to bring people to practice.

Because of this, their speed is not very fast, and they will not return until the middle of the night.

Although the night attack is successful, there is no guarantee that the other party will still have hidden people. They are now few in number and lack strong people. Of course, they dare not stay in the station.

The Tang dynasty factions were basically destroyed, leaving a few in the Tang Dynasty, or in the field, or the old predecessors who lived in seclusion.

It will take time to clean up the mess. It is also a bit difficult to control the Tang City with the strength of Yi Yong and others.

But when he came back, Mo Feiliu also personally shot and searched various collections of various factions.

When I came back, Gao Hanqiu also announced that the killing of Qiu Lin Jianzong had been eliminated and had been solved by them.

This news, for everyone, is very uplifting!

Gao Hanqiu is the master of Mo Feiliu, the master of all of you. He said that he has solved it. In their view, it should be killed, and there is no need to see the body.

Gao Hanqiu immediately announced his plan. He personally cultivated it easily, and Mo Feiliu and Xu Yuyue cultivated other people. It is necessary to let everyone improve a realm in the shortest time!

For those who are easy to wait for, today is bound to be an unforgettable day.

During the day, I still hide in the forbidden land. I don't know when I will have a chance to go out. I don't know if the enemy will come.

In the evening, the ancestors and the lords returned and gave them a sense of security.

Then he tidy up his grief and clean up the mess, and then watch the anger of the factions.

Then the ancestors personally shot and defeated the various invaders. Then take the initiative to attack, directly destroy the factions!

In the first martial art that went out, everyone was like a wolf, and all the tensions, grievances, and anger that had been suppressed for many days broke out, and all the factions were attacked as enemies of the door.

Killing will stimulate blood and suffocation, but killing will also be boring.

With the annihilation of one after another, the feeling of murder, let them start a little stunned and flustered.

They don't want to become bloodthirsty demons!

But the sects personally led the team, and the family went to the door, and they could not retreat. Only self-comfort: If they are not the ancestors, they are all there, as long as they show up, they are killed by others!

Persevere in the end, all of them are muddy blood, etc., the body is exhausted, the state of mind and state, there is a huge change.

They are no longer embarrassed, no longer afraid of death, and have different views on life.

Come back, I learned that the true enemy of the ancestor has been solved, and the unknown shadow in everyone's heart is also scattered.

In the end, there was another surprise. The ancestors and the lords and Mr. Xu helped them to promote a realm!

The difficulty of upgrading a realm is to look at people.

If the realm is low and the talent is high, it will take less time to upgrade a realm and less resources will be needed.

If the realm is already high and the talent is average, then it will take more time and more resources to upgrade one realm.

This may be years, decades, and even some people have no hope for life!

Nowadays, the words of the ancestors will be at the cost of speed, and will help them to improve as soon as possible. This time will be greatly shortened.

This is the best news for the Qiu Lin Jianzong disciples who have experienced a variety of conditions.

With such an important thing, the work of reconstruction was temporarily postponed. In the simple building, the building began to “cultivate” overnight.

This time, Gao Hanqiu also directly ordered Xu Weiyue. If he did not treat him as an outsider, he told him to work with Mo Feiliu.

But for Shen Lang, it is not improper to be an outsider. It is impossible for Gao Hanqiu to give orders to Shen Lang.

Shen Lang did not take the initiative to ask, he and Bai Hao, they acted as the law-protection work for all of them.

Although Lin Biaozi knows Qiu Lin Jianzong, it is a long time ago. After all, the core resources are controlled by Mo Feiliu, and the ordinary resources are distributed by Yi.

Therefore, even if Yang Huantian and others were eliminated, in terms of resources, the losses were limited, and even the tough front was not robbed.

And their anti-killing overnight is to **** most of the resources of the various factions, including those who lost the tough front.

Now I want to help everyone improve. Of course, there is no regret in the cultivation of resources. Whether it is a system of medicinal herbs or a psychic elixir, they are fed a large amount under their supervision.

Gao Hanqiu also arranged a gathering of the spirits, coupled with the Lingmai, directly produced the best practice place.

Everyone had a fierce battle. They were also very tired and weak, and some were also injured. The situation of such overdraft, the absorption of aura and efficacy, is like a dry field encountering heavy rain, the speed is far better than usual.

Shen Lang is considered to be free. He is the biggest one in the funeral harvest, but there are gains and burdens.

The spiritual power of the Dragon God is still in his spiritual world, and it is still a complete hidden danger. Once it is engaged with the masters of the same level, it is likely to detonate.

To this end, Shen Lang handed over the work of guarding the law to the day.

Qiulin Jianzong has a large array of guardian mountains. It is considered to have the first layer of defense. It is difficult to break the enemy of the great realm. It can also delay a little time.

Therefore, Shen Lang is also assured.

Of course, he himself entered the space of the heavenly book, where he can use more time.

However, considering that there will be variables, he will come out to understand the situation after a while.

So closed and closed for five days.

For Shen Lang, it actually means that it will be closed for more than a month. After completing a stage, it will come out to understand the situation, and then continue to retreat, so it has been more than a year.

After spending more than a year, although he did not fully integrate all the spiritual powers of several dragons, he has completely calmed down the magical spirit of the spirit!

This is a reborn change!

Because it was able to withstand it at the time, it was to expand his spiritual world several times. It was the mysterious material of the Yungong Holy Land that prevented him from falling apart. Now that the mental power of these disorders is calmed down, it is equivalent to stabilizing this new state.

In other words, the mental strength of Shen Lang is at least several times that of the same level!

And this expands the limit, and can continue to gradually absorb the spirit of the other two dragons.
