

## First Strong 2331

Chapter 2331 - crisis awareness

Shen Lang will want to play these evil ideas, although it is a temporary intention, but in fact it has nothing to do with the vultures, the fuse is actually a flower fairy!

Like the dog god, let the dark waves have a shadow, just the \*\*\*\* of light.

But in fact, afterwards, think about it, Guangming God actually despised them, and they didn't reveal each other. They just crushed them with a glimpse of ideas.

If you really want to be able to defend, even if you can't control the transmission of the door of the Three Realms, you can't track tens of thousands of miles at a time, but you can intercept them when the Gate of the Three Realms starts.

Counting is that there is a kind of attitude that looks like an ant, crushing you and letting you go is nothing but careless and trivial.

Therefore, it seems that there is no urgency for giving him a sense of oppression. Although he is going to find the way back, it is a distant matter when he goes.

But today, from the Baihua Fairy, I feel an urgency!

At the time in Baihua Valley, the Baihua Fairy did not reveal any hostility, but she did not take the five people, including the Zixiao ancestor, as one thing, but it was touched by Shen Lang.

He is not afraid of the five of them, but if you really want to do it, you still have to pay great attention to it. It is a tactical strategy.

The Baihua Fairy is completely unconcerned.

This makes Shen Lang think of the \*\*\*\*\* of light.

So at that moment, I read the memory of the vulture, ready to start from the evil, read more resources.

Now that Guangming God did not come to the door, he did not regard him as an opponent, but what if the light \*\*\*\*\* is true?

Don't forget, I went back to Earth a few days ago, but he took the city of light and took away a lot of the gods of faith. Although it did not destroy the device, it can continue to contribute to the light of God.

But the light \*\*\*\*\* should have learned it, then it can't be transmitted quickly, but that is also something that belongs to him. Can you be robbed of it?

There is also a true god...

If others want to seek revenge, the consequences will be very serious. Even if you don't go down to the earth, if you are here, the good cold autumn with him, and everyone involved in Qiu Lin Jianzong are very dangerous!

If it is the light gods, let's not say that the people of Qiu Lin Jianzong are Shen Lang, Count Dracula, dog god, and even the cold autumn, there is no resistance!

In the end, the Baihua fairy is also putting pressure on him. If he wants to get him, he may be rebellious, and he must first flick.

In the final analysis, it is because the strength is not strong enough!

Even the dog gods are irritating, let alone the waves.

Even if he has surpassed the strength of his previous life, he is already the world's strongest, but here, there are more powerful, or enemies!

Shen Lang now has a huge amount of resources. It is not a problem for him to continue to improve and cultivate, and then enter a big realm.

But the more you go, the more resources you need.

He is a person who is fast, and after all, there is a limit. If you want to get more help, or reduce the risk of relatives and friends, you must let the dog god, the cold winter, they also follow the promotion, the nature needs more It is.

Under such circumstances, it can no longer be passive, and must take the initiative to plunder resources.

Plunder must also have a bottom line. It is not the best goal to rob the innocent sects and the evil sects.

After combing the memory of the vulture, Shen Lang also had a general understanding of the evil world.

Vultures can't say that they know everything, but at least his level, which can be seen by him, is basically clear.

Those who are really guilty of dying, those who have the bottom line, are also clear.

However, even if the target is clear, Shen Lang can't do it right away. Now it needs to be in the Qiulin, and wait for the cold autumn to go out.

Gao Hanqiu is to promote Xu Yuyue and Mo Feiliu. After the customs clearance, it is the turn of Shen Lang and then retreat.

Before going to plunder, you must also consume a wave of existing stock.

The attitude of the dog god, Shen Lang is also in the eyes, seeing it back, it is quiet and angry, but also has a decision.

Shen Lang immediately brought it into the space of Tianshu and let it retreat inside.

Before letting it go out, it is to defend the enemy, and the manpower is not enough.

But now the enemy's problems have been solved, from the robbery alliance to Lin Biao and others, to the Zixiao ancestors, this is equivalent to killing more than 30 great gods!

In the short term, who else can gather so many gods?

The two waves of the latter wave can be regarded as a chain reaction triggered by the alliance of the robbery, and they want to fish in troubled waters.

The emergence of the robbery alliance is a miracle that has not happened for a thousand years. It is because of the relationship between the Yungong Holy Land and the release of a group of people who should have been trapped to death.

Otherwise, there are more than twenty great gods at the same time to grab the territory.

Of course, it goes back to the root cause, perhaps the biggest variable, or because of the waves!

If there is no Shenlang that wave to the Yungong Holy Land, it will be all pits, even if it will not die, the rest will be trapped inside.

Like the wave two hundred years ago, perhaps it will be dead forever.

In the past few thousand years, because of the manipulation behind the scenes of the Longmen, the big and the small have no idea how many strong people have been harmed by the trap of the Yungong Holy Land.

This wave, this association is the biggest one of their layout, the number of pits may not be the most, but the level should be the highest!

If there is no deep wave, then the ancestors of the great \*\*\*\*\* level will not return to the collective. For the strength of the whole world, it is a heavy blow.

Then "survivor" Cui or, in the short term, will be one of the few great gods. In addition, the people of Longmen secretly assisted him, and the great gods who did not go to the Yungong Holy Land would not be their opponents.

It will be a sweep of the whole world, and after the completion, the gantry bird will bow and confuse Cui.

As a result, Longzhentian's revenge in the thousands of years ago finally ushered in the day of Dacheng.

That future is the world of the Dragon Gate.

The butterfly, Shen Lang, has invisibly produced a huge effect.

And this is more than thirty of the great ancestors, and now it can be regarded as directly falling into his hands, which is almost unprecedented.

All parties will then be careful to keep a low profile.

In particular, to prevent the release of some relevant information, he can survive, he wants to continue to live, he must be pleased.

When he discovers that he wants to besiege the complete disappearance of the Baihua Fairy, he will only be more frightened. If he does not need to indulge in the waves, he will become the "number one blow" of Shen Lang.

In this case, the dog \*\*\*\*\* can go back to retreat. Count Dracula did not reach that level and would not take him in.

Chapter 2332 - Leaving the retreat

There are Shenlang backing, Gao Hanqiu can safely promote them in the space of Tianshu.

By the time of the customs clearance, Xu Haoyue and Mo Feiliu had reached the realm of great deity.

There are two great realms guarding the Qiulin sword, which can make you feel relieved when the cold autumn is absent.

This is a certain defensive ability. If you encounter such a situation, you will be able to defend yourself.

Immediately, Shen Lang told Lin Biaozi that a group of people had come to the door and told him about it.

For the result of Lin Biaozi, Gao Hanqiu is very sad and very helpless.

But he did not have much surprise.

Because so many years old friends, naturally understand. Even if I haven't got along with each other for two hundred years, Jiangshan's easy-to-change nature is difficult to change. What kind of personality will be roughly, and what direction will change after the extreme, can be guessed.

On that day, Lin Biao's departure, Gao Hanqiu will also guess their follow-up actions.

In fact, he hopes that when they are against the robbery alliance, they can stand up and help!

In that case, even through the crisis of life and death, the suspicion of liberation is achieved. It is also possible to formally greet them a few and put down the previous things.

Even if there is a knot, the relationship will not be back, and on the surface everyone can be a family.

However, on the same day, Lin Biaozi did not appear, and it was Shen Lang who accompanied the Gao Hanqiu fight in the end!

He vaguely thought that Lin Biaozi was actually watching, and maybe even hoped that they would fall, including the fall of the Qiulin swords, and then stand up and regroup, so that is the new martial art, the past is like a cloud.

Therefore, it is now known that when everyone retreats, Lin Biao's collusion attracts outsiders to lead the wolves into the room, and Gao Hanqiu is not too surprised.

This result is a personal choice, and he has nothing to say. Shen Lang and Lin Biaozi did not have any personal relationship, in order to protect the Qiulin sword, and destroy it.

In addition to Lin Biaozhi's affairs, Shen Lang said the other things, including letting the Xueshan School stop and leave, learned the things of the Baihua Fairy, and then went to the Baihua Valley.

For the results of vultures and other people, the cold autumn is not unexpected. These guys provoke who is not good, but they want to provoke the waves! Is Shen Lang a good bully?

But think about it again, from the robbery alliance with him, to Lin Biaozhi and others, to the Zixiao ancestors and others, Shen Lang's military exploits for such a period of time is simply something that no one else can ever see!

Finally, Shen Lang also said his concerns and gave his own advice.

For the grievances of the Guangming gods, I have mentioned it with Gao Hanqiu before. I did not elaborate on this. This time it was told about it, including the previous grievances, the consequences of glazing Mingshan, and the follow-up to this time. .

After listening to Gao Hanqiu, it is also very cautious.

He knew very well that Shen Lang did not tell him in detail before. He felt that even if he went with him, he would not be the opponent of Guangming God and would not want to be tired of him.

I will tell him now that it is because of the recent chaos of change, so that Shen Lang is worried that the other party will shoot, and it will naturally be tired of him, so he wants to let him improve together instead of wanting him to defend the enemy.

As for the cold autumn, of course, there is nothing to say, since Shen Lang has such a strong enemy, it is equal to his strong enemy!

If he can't deal with it now, then try to improve it, and then everyone will be together!

There is no need to consider anything, just follow the meaning of Shen Lang.

The meaning of Shen Lang is that he, the dog god, and Gao Hanqiu have been retiring for a while, and everyone tries to improve their strength to prepare for the unexpected.

It is unclear whether Bright God will not shoot or when to shoot, but the later the shot, the more time they will prepare.

On the contrary, their situation is urgent!

So after confirming, I immediately made a simple settlement. The situation above Qiu Lin Jianzong was handed over to Mo Feiliu, Xu Yuyue and Count Dracula. The three of them “goed out”.

They are the departure of “Zhengda Bright”!

It’s not just about letting Mo Fei flow know them, but also letting Qiu Lin Jianzong know this thing up and down!

Everyone doesn’t know the specifics, but seeing them leave, this is evidence of not being made.

In the short-term, the light \*\*\*\*\* killed here?

Shen Lang is in retreat, where is the retreat? If you can’t give an answer, you will be angered, and it will also give the light \*\*\*\*\* a direction to guess.

Now that the public has “leaved”, whether it is questioning or reading the memories of different people, they can “prove” that they really left the Qiu Lin Jianzong.

Guangming God should not be able to learn about Qiu Lin Jianzong and lose their clues.

After officially leaving Qiu Lin Jianzong, this is the entry into the space of heaven.

Dog gods have their own methods, and Shen Lang and Gao Hanqiu have no more exchanges.

Now it is no better than the year Gao Hanqiu is the nominal younger brother. In fact, in the experience and theory of practice, it is more than a hundred years of experience.

Everyone’s research tendencies and opinions will not be the same. You can’t simply comment on who is tall and who is low.

Shen Lang's "Yin and Yang Bo Ruozhen" is excellent, but limited to the vision of the previous world and the overall level of the earth, he himself has only cultivated into the realm of the Great God.

Gao Hanqiu is based on the guidance of Tianshan Jianzong and Shenlang. In the world for hundreds of years, he has cultivated to a higher level, and naturally has his own set.

And to the age of Gao Hanqiu, even if it is enlightened again, it will have its own stubbornness. Besides, if you are suitable for yourself, you don't necessarily have to be very close to others.

So now, between them, there is no one who points to who they are, and they will cultivate their own. The dog \*\*\*\* is different. On the one hand, it recognizes the gap and can accept it humbly. On the other hand, it is on the theory and the practice. It is like a white paper, and it is not easy to cause confrontation.

In terms of resources, Gao Hanqiu does not need Shen Lang to provide him now. The last time he was buried in Long Valley, he also allocated a lot of resources. Like the essence of heaven and earth, now to the disciple of Qiulin Jianzong, it is a waste of violent things. Staying in the future is still early.

He did not feel sorry for the enemies he was going to face, and he used it himself.

However, Shen Lang still gave the belief of Shenshui in the part of the cold autumn, which is the power of pure faith and a powerful supplement to the mental power. This is a strong aura and cannot be replaced.

Arranged properly for the outside world, and they are fully prepared for each other. The rest is to let go of all the thoughts. For the time being, regardless of the outside, they have completely entered the state of retreat.

This retreat is a hundred years!

Of course, because it is in the space of heaven, the time outside is only the past year.

Chapter 2333 - Retreat

The life span of human beings is limited. For a hundred years, whether it is against the waves or the cold autumn, it is not a short time.

If there is no magical alien space in the Golden Bible, they will not be able to do one-off cultivation for a hundred years, and there will always be various problems.

Especially on the earth, with rapid population growth and rapid changes in science and technology, not only will many countries have a rise and fall in a hundred years, but the world pattern is likely to change dramatically.

In the modern age, it is too difficult to find a place that will not be disturbed for a hundred years.

This time, they are completely unconcerned and fully dedicated to cultivation. They are directly in the century and have a very abundant time and will not be interrupted by any one.

Almost no public appearances of the cold autumn, Qiu Lin Jianzong only Mo Feiliu know that he is still alive, other high-level famous big factions, may not be contacted for many years.

So in the last one or two hundred years, most of his time, he spent his time in retreat. But that is not a one-off, because after a while, he always needs to know about the situation, so as to avoid the situation that is out of control.

The Yaochi event level represents the division of interests. There are some newly discovered ancient ruins, and there are abnormally changing forbidden places. Many of the information is only blocked to the scope of these famous schools.

Gao Hanqiu can squeeze into this circle, of course, not purely for fame, but also for resources. Not to mention the welfare of the sect of the sect, he also needs a lot of resources to cultivate.

This time, a hundred years of pure cultivation, he is also a hearty feeling.

After Shen Lang's awakening, it seems that the time of cultivation has not been seen for ten years, but in fact, after possessing the space of Tianshu, he also has many small retreats. It is a small retreat for a year or a few years, and it will not add up to a hundred years.

This kind of direct retreat for a hundred years is also an unprecedented luxury for him.

The effect is not the same, just like a sleepy one can take an emergency, but certainly can not compare with a high quality sleep.

Although the dog \*\*\*\*\* is more simple, in fact, its current cultivation effect is far from what it used to be. The last retreat, which combined the mysterious poisonous grass seed, is very big.

The resources given by Shen Lang, it is not completely absorbed, this time and successively swallowed a lot of strong powers in the realm of the gods, a process of crazy growth.

Moreover, the dog \*\*\*\*\* also has a sense of crisis. In front of the flower fairy, it also directly feels the pressure, so it is even more angry.

After spending decades, Shen Lang broke through to a higher realm.

It is almost the realm before the cold autumn, it should be regarded as the peak of the Great God. And there is still a lot left in the belief in the essence of God and the essence of heaven and earth.

There are still a lot of spirits and spirits. The wave that Shenlang mainly consumes is obtained from the magic dragon. Before it was controlled, there was no spiritual power, and the dragon marrow, etc., and the Dragon Ball was also absorbed.

To put it simply, this time he did not rely on resources to forcibly emancipate the seedlings. Instead, he built the foundation firmly in a few decades, and all of them were absorbed naturally, and this broke through to the peak of the Great God.

Then I did not rush to go any further, but continued to use it for decades to make the foundation more solid and ready for further improvement in the future.

After the completion, Shen Lang also made an inventory of the resources he has now. Now there are still many people left in his life, but the following is not a problem.

Spiritual, spiritual, he is prepared to give gifts, or slowly absorb the dog god, he himself is using the essence of heaven and earth. Belief in God water is used to enhance mental strength.

Now he still has a dragon ball, and so many great ancestors, refining a person Dan.

For a hundred years of cultivation, there is also a great change for the cold autumn. Originally the first ancestor, with the strength of the Great God, now he has reached a new realm.

Because his realm is better, he wants to upgrade to a higher realm, and consumes more than Shen Lang. Therefore, he consumes most of the resources he has allocated in the burial dragon valley, including many harvests that have been ruined in the past. The fire energy power of the killing warrior.

The dog \*\*\*\*\* has refining everything in the past 100 years. It has completely made a leap. “The combination of animals and plants” is like it, its strength can still be seen in the cold autumn!

Before everyone was ready to leave the customs, Shen Lang also asked about their respective gains.

Everyone has a huge leap, but to continue to make another big leap, more resources are needed, and it takes more than a hundred years, so I have not waited any longer.

“In the old story of this world, God is the ultimate goal of everyone, and the fairy is second. The Great God is a product that cannot be obtained. This is even more true for Daixian and Banxian...”

Gao Hanqiu popularizes the common sense here Shen Lang immediately searched for the memory of the Zizu ancestors. With the long history of Kunlun, in fact, it knows more than the cold autumn.

To put it simply, the Great God and the Great Immortal are an alternative to lowering the standard in the absence of God and Immortal.

All the great gods, after repairing to the peak of the Great God, there will be a big leap in the general leap, if you can win the past, you can become a real fairy!

Because it is too difficult to cultivate into a fairy, it is difficult to reach hundreds of years old. If there is no romance, even Chitose may not be able to achieve it. And Shouyuan, who wants to be a thousand years old, is also extremely difficult. It can't live for thousands of years without becoming a fairy.

Therefore, this is a bit contradictory. Later, there are the sayings of the Great God and the Great Immortal, and there is a division of half a cent.

Above the fairy, it is God!

Originally, there were gods and immortals, but because it was too difficult, it was easier to reach the standard of the Great Immortals and the Great Gods. Therefore, it became a consensus later. In order to distinguish, the true gods and immortals are called true gods and true immortals. .

These Shen Lang are actually very well understood. In the previous myths and legends of China, there were also Tianxian, Dixian, Renxian, Banxian, Dalujinxian, and Jiudian Shangxian.

Now that Gao Hanqiu mentioned it, he realized that he had a problem, a very serious problem...

Originally, according to the prediction of Shen Lang, Guangming God is higher than the peak of the Great God, so he calls himself God. The fairy flower is almost the same as the legend of God. It should be the peak of the great god. It is almost to enter the realm of God.

But now it is discovered that the gap between the great gods and the peaks is to the true fairy. There may be a two-stage division of the true fairy. The fairy of the flower fairy is close to the god, perhaps it should be the peak of the true fairy, and the \*\*\*\* of light is here. The extent of the true God!

This also echoes the true \*\*\*\* worship that is called the true god...

Chapter 2334 - Not a true god?

The reason why Shen Lang did not pay attention before was because it was restrictive. For example, if you touch a lower level, such as Wei Qingcheng, if you are not easy, then the big fairy is the peak of their distant view. The great \*\*\*\* is already a legendary existence, and naturally it will not pay attention to the real god.

The strong people at the level of the Yaochi event are all in the realm of the gods. They are all ancestors of the various factions. They are already standing at the peak, and naturally they will not easily admire others and will not be mystified.

They are very few geniuses. When they reach a large age, they can reach the realm of great deity. They tend to look more realistically. They feel that they are true immortals and true gods. However, they are creating a farther goal for themselves. They may not be able to achieve it. .

Therefore, they will want to go further, but that step may not be achieved in their lifetime. Instead, they will not go to the true fairy \*\*\*\*\* in the legend of Gao Gaoyuan, and no one will mention this.

Shen Lang has read a lot of memories. If all of them have to be digested one by one, then his own head should be pasted, and all of them are search-related memories.

I didn't know that there was a higher level in the future, so I didn't search for it. I only understand it now.

This makes Shen Lang secretly smile.

He is preparing for this "100-year" retreat in order to cope with the attack of the Light God.

According to the original analysis, it should be considered the peak of the Great God, and there are enough resources, plus a hundred years of retreat, it should be able to go further, then it can surpass the flower fairy, the same level as the light god.

The dog \*\*\*\*\* has eaten so many great gods, plus a hundred years of evolution, should not be inferior to the light god?

After another hundred years, he has risen to the peak of the Great God, and it is also stable and proper. So he was not in a hurry, spent decades to stabilize the foundation and then advance, and then did not irritate, continue to use tens of years to stabilize.

Even if others are old-fashioned gods, they have the foundation of the strength of hundreds of millions of believers. Then, if they are three in one, they will not lose?

But now counted, Gao Hanqiu should have stepped into the realm of the real fairy, the dog \*\*\*\*\* should be similar, he is the peak of the gods. But the fairy flower that is close to God should be the peak of the true fairy, not to mention the \*\*\*\*\* of light.

How familiar is Gao Hanqiu with Shen Lang?

Talking about this topic, Shen Lang was silent even if he did not show his smile. He immediately guessed it.

“Lang brother, you have overlooked a problem.”

“Ok?”

After successfully paying attention to Shen Lang’s attention, Gao Hanqiu talked about it.

“Bright God, Baihua Fairy, there are two meanings, one is the contemporary individual, and the other is the inheritance name.”

Needless to say more, Shen Lang will react.

Regarding the evaluation of Baihua Fairy, whether it is “nearly close to God” or “smashing the great gods”, it is a legend of the past. I don’t know how many hundred years ago or thousands of years ago.

The generation of Baihua Fairy, with this strength, is not equal to the next generation of flowers and fairy, not equal to the contemporary flower fairy, but also has this strength!

Just like Qiulin’s Jianzong, Mo Feiliu is a contemporary lord, and it’s a long way from the cold autumn.

The same is true of Guangming God. Perhaps they have ever had a leader who has reached the realm of true God, created a great foundation of Guangmingshan Park, and sent disciples to establish a millennium in the earth and in other worlds. Foundation.

But the light gods that do not represent the successor of each generation are true gods!

“Bright God” and “Hundred Flowers Fairy” should be similar to the identity of “Yao Chi Head”, “Kunlun Head” and “Qiu Lin Swordsman”.

The heads of the factions and the heads of the families are looking at the cultivation of contemporary successors. It is best to have talents and strong people. If there are no ones, they must not be vacant. Therefore, there are certain standards, but they will not be rigid.

“Maybe, the light \*\*\*\*\* you have met before is not the true God.”

In the face of Shen Lang, Gao Hanqiu is not convenient to say too arrogant words.

But now he can already understand it. The true fairy realm, even if it can only be regarded as the primary stage, is also a huge difference from the previous peak.

He had been able to easily restrain more than a dozen strong people in the realm of the gods before, but now he has to deal with the realm of the gods, no matter one or ten, there is confidence in crushing spikes!

The light \*\*\*\*\* that makes Shen Lang and the Emperor’s behemoth have psychological shadows is of course very powerful. However, at that time, Shen Lang was far from reaching the realm of great gods, separated by a realm, and could also make up for the gap through magic weapons, tactics and experience. Perhaps Can also steal and kill.

But apart from the two realms, it is really powerless. And apart from the three realms, it is a normal phenomenon that the others can be crushed without showing up.

Just like the elders of the Tangcheng family, they went to Qiu Lin Jianzong to find the troubles of Shen Lang. In the abyss of the Houshan Mountains, there is no need to show up, a thought, you can throw them out into the mountains dozens of miles.

At the time, those people felt that was not in the power of God.

His further words are also the appearance of the saying, and immediately let Shen Lang figure it out.

That’s right! At that time, he and the dog \*\*\*\*\* were not strong enough, and they were on the site of others. This would be such a disparity.

Now he and the dog \*\*\*\*\* have progressed two big steps. The outside world seems to be more than a year. In fact, it is more than a hundred years of cultivation, and there are more clouds and holy places and the burial dragon valley. Opportunity!

The strength that Shen Lang now has is also soaring. I don't know how many times. Now he has to deal with Daxian, Daxian Peak, and it's a spike. It's already possible to get along with each other!

"I am in the picture."

He has already smiled, and this is a recognition of the psychological shadow.

The dog \*\*\*\*\* did not interject, and of course it also had a small psychological shadow, but now I understand it.

This makes it even more exciting!

As Gao Hanqiu said, isn't it already capable of fighting the light god?

Then you can be ashamed of snow!

Shen Lang saw the look of the dog \*\*\*\*\* and reminded him of it.

"Don't worry, no matter what kind of situation, it is our speculative analysis. The reality still needs to be more careful! Others have a strong foundation, and it is still very low-key, the outside world is extremely limited, we can't act rashly."

The last time, it was too mad. I felt that there was a dog god, and I could rush to challenge the light \*\*\*\*\* before I encountered Waterloo.

Now that he has calmed down, it is impossible for the gods of light to grow fast, regardless of resources or time, they are their great advantage.

Therefore, as long as the light \*\*\*\*\* does not come to the door, a little more time to prepare, they will be more secure.

It's not too late for a gentleman to avenge a decade. Now, after more than a hundred years, the time outside is only over a year.

#### Chapter 2335 - Jianzong Dazhen

Gao Hanqiu is now advancing with great strength, and he still cares about his own martial art. Remember for a second [Look at ☆^→ Book◇阁], the wonderful novel has no pop-up window for free reading!

After all, it has been a long time, and a lot can happen in a year.

If the real world is also a hundred years old, it will not be so careless. In a hundred years, there will be great changes.

After coming out of the Tianshu space, everyone went to Qiulin, and soon returned.

There is indeed a big change in the time of year.

The roughness of the reconstruction of the Qiulin swordsmanship just after the disaster has been completely renewed. At that time, it was a temporary settlement, and then after a wave of changes, there was no innocent reconstruction.

Now it is not only rebuilt, but also more magnificent and more magnificent than the original Qiulin swordsman!

The foundation of Qiulin's Jianzong was built in the same year as Gao Hanqiu and Lin Biao, and the latter was expanded on the basis of the original. With the development of generations, although there are many people, there are also screenings, some of which are in Tangcheng. For example, "Tough Front" is a big stronghold.

So enough, there will be no major changes, and more repairs are security aspects, such as guarding the mountains.

This time it was destroyed, and the temporary reconstruction after the disaster was also based on the original.

However, after Mo Feiliu was promoted to the realm of the great gods, he had the heart to let Master's efforts grow up, and Qiu Lin Jianzong could not fall on his hands!

This includes both the improvement of the strength of all remaining disciples and the external form.

That night he led the team to destroy the Tangcheng factions. After the two battles that Shen Lang helped, it destroyed many powerful enemies. This is to broaden the name of the Qiulin swords to a larger scope.

It also needs a more prominent face to meet the increase in the reputation of the division!

Although there are fewer people, he is already in the realm of the gods. The two elders, Xu Yuyue and Count Dracula, are also the realm of the great gods. Looking at the world, it is also a big sect.

This incident not only makes it easy to plan and arrange, but Mo Feiliu himself has personally worked on it and quickly solved some difficult things.

Tangcheng is so big, there are also a lot of craftsmen. The Qiu Linjian, the biggest force in the local area, has been refurbished, and the craftsmen recruited, where can I dare to work? Think about the destruction of other sects, they don't want to die!

The work that requires great power, Mo Feifei personally dealt with, and the other is the careful construction of the craftsmen, giving the Qiulin swords a big change.

Come back to see all the changes, Shen Lang is quite satisfied.

I don't need him to worry about anything. When I come back, I have changed a lot. Of course I am satisfied.

But the cold autumn is a bit lost!

He is not dissatisfied with the current style, and the previous construction has also been destroyed. Only the original site is still there, and the temporary reconstruction is also a rough reflection.

Now I can't see the original shadow at all. What makes him feel is not architecture, but time!

Lin Biao they completely disappeared. When all the buildings built by Lin Biao were completely disappeared, it was really the end of their time.

When they came back, it was natural that Qiu Lin Jianzong was up and down.

Mo Feiliu and others are quickly welcoming, very excited.

Mo Feiliu is very worried about a situation, that is, Master has raised his strength to be truly independent, and then completely let go, will not come back in the future!

Xu Haoyue also had similar concerns. He knew that Shen Lang and Gao Hanqiu had returned to Earth before, but he did not know the current situation of the Earth. He also left for a few years. In case Shenlang and Gao Hanqiu are going back to Earth, they will not come back. What?

In the end, that is my hometown!

However, he did not say why he did not bring him before. He also knew that Gao Hanqiu needed to stay with him to help watch Qiu Lin Jianzong.

But I have never left it for so long, this time it is also very anxious for him.

It was very exciting to finally see them coming back.

The Count of Dracula was very calm, and their friendship was not so profound.

After the guest set off, he returned to the room.

It is now a high-profile parliament, and it is also an environment for isolation.

Mo Feiliu immediately reported to Master about the changes in the past year.

Of course, it is a big event in the world. Every aspect of the Qiu Lin Jianzong, the cold and cold autumn will not matter, even before he did not manage much. Now you can see it on the surface, and you don't need to say anything else.

After they left, there were all kinds of rumors that as many of the great gods were destroyed, and the joint attack on the Qiulin swords of several martial art groups was extinguished, the behind-the-scenes pusher was naturally the elimination of the Snow Mountain faction.

Put an end to being spared, always worried that Shen Lang has ulterior motives. If he does not make enough contributions, he is afraid of being conspiracy.

Therefore, he screamed at the autumn forest swords, blowing the waves, blowing the cold autumn.

Put Qiu Lin Jianzong into a strong one!

Later, he also secretly inquired. I have heard that the suspected martial art who wants to deal with the Baihua fairy has no movement, very low-key.

This made it impossible to guess a result – Shen Lang shot!

Although he did not know the specifics, is it that Shen Lang and Gao Hanqiu have joined hands with Baihua Fairy, or they have teamed up with them to deal with the Baihua Fairy, and then black and black...

The result has always been this, which makes him even more afraid, and continues to build momentum for Shen Lang, Gao Hanqiu and Qiulin.

Mo Feiliu actually did not know to put an end to the situation. He saw this result. He knew that the Xueshan School was very friendly and shouted for Qiu Lin Jianzong.

With the strength of the Snow Mountain faction, Yao Chi is also on the basis of neutrality, praising the achievements of Qiu Lin Jianzong in fighting against strong enemies. Then the low-key and cautious factions felt the wind and began to praise it.

Originally, Qiu Lin Jianzong entered their eyes, only the high cold autumn, the high cold autumn is the cold autumn, the autumn forest Jianzong is the Qiulin sword. It includes Mo Feiliu, which also has the peak of Daxian, not inferior to many heads, and is not valued by everyone.

This time it is not the same, Qiu Lin Jianzong has brushed a great sense of existence and they stayed in Tangcheng's many probes eyeliner, also collected the changes here.

The outside world knows a message, Mo Feiliu has reached the realm of great deities, and the other two mysterious elders of Qiu Lin Jianzong are also the realm of great deities!

And Shen Lang and Gao Hanqiu are mysterious departures.

This change makes everyone guess. Many people think that this is Shenlang and Gao Hanqiu fishing, deliberately leaving, the purpose is to attract others to move Qiulin, and then they will do it again!

Think about the results of those people in front, who dare to come again!

Now, regardless of the cold autumn, the strength of Qiu Lin Jianzong is not inferior to their various factions, and even stronger, and the cold autumn has entered the level of the Yaochi event, there is no reason to crowd out.

Taking advantage of their chances of "great renovation", everyone congratulated through tokens and arranged for people to come to give gifts.

Qiu Lin Jianzong was officially completed on stage and became one of the famous schools.

Chapter 2336 - Yaochi Association?

Like the previous Yaochi event, or the ruins and the Yungong Holy Land, Gao Hanqiu has Mo Feiliu together. To put it bluntly, it is to brush his face, so that in the future he will die, Mo Feiliu can support it.

However, the people of other factions attach only to the high-cold autumn, and they will only be able to set aside for Mo Feiliu.

Now it is different. The strength of Mo Feiliu has reached the realm of great deity. His own age, he can also compare with the ancestors of various factions, no one dares to ignore it.

The gifts sent by each of them also have great value. Everyone wants to take advantage of this opportunity and do a better job.

The six sects, in order to appear that they did not know, did not know that the ancestors involved in the murder of the Qiulin swords were destroyed, but also enthusiastically prepared more value gifts.

The same is true of the Snow Mountain faction. They help to blow, but they also come from a courtesy, but they do not dare to come over.

These changes are also to let Mo Fei flu, in addition to the Master and Mr. Shen, but also because his strength is stronger, only to be recognized.

To this end, Mo Feiliu is more careful to guard the Qiulin sword, so as not to be sneaked by the stronger people.

Until now, in addition to visiting gifts, Qiu Lin Jianzong did not encounter enemy attacks.

But to put it another way, there is one exception, that is Yaochi.

Yaochi is always neutral, and Xuefei Snow also has her pride. When Qiu Lin Jianzong encounters an attack and wants to deal with the robbery alliance, she will privately greet and suggest. In the Qiulin, the sword was red, but she did not send someone to add icing on the cake.

“Right, Mr. Shen, there is another message...”

After the report was finished, Mo Feiliu remembered another thing and then said what he wanted to say.

Gao Hanqiu slightly frowned, his eyes swept over.

Seeing Master's dissatisfaction, Mo Feiliu also hurried to continue.

“This is the case. A few days ago, Yaochi passed a message. He said that it is necessary to hold a social gathering. There are a group of female disciples of appropriate age who can have more contact with the talents of other factions. If they are satisfied, they can also marry.”

“Where... it seems to include the Vatican... To be exact, the Vatican is the most prominent one.”

Although he hurriedly said it, it was still a little bit vomiting, and he also aimed at the reaction of the swell.

In the cold autumn, I realized what the situation was. I didn't blame him, but I looked at Shen Lang.

Shen Lang is a bit wrong.

Yaochi actually wants to engage in a friendship society?

Isn't this a blind date?

Is this going to marry a disciple? What is the purpose?

With the strength and heritage of Yaochi, it is said that there is no need to pass a large number of marriages to increase the sense of existence.

But it sounds like I want more marriages.

Among them, at the last Yaochi Conference, it was also a face-lifting Fan Xueyu, and as the top seed, it was launched to attract more people.

Mo Feiliu's attitude is naturally understandable, because it is obvious that Fan Xueyu is familiar with him, and they are the same age, it is easy to think of an anecdote.

The three of them did not say anything, the dog \*\*\*\* was a little unbearable, and it felt it, but did not know what to say.

“and after?”

“I haven't started yet, just sent this message. Counting the days... It should be coming soon.”

Mo Feiliu is slightly awkward, because Qiu Lin Jianzong does not have the right person. At present, it is rebuilt and there is no such thought, so it is not too concerned.

It is now to see the Shen Lang, only to think of Shen Lang and Fan Xueyu, only to talk about this.

“I contacted Xuezhangmen...”

The cold autumn coughed a bit.

He feels that regardless of whether Shen Lang has this idea, he should be embarrassed to say that he should be allowed to come.

Judging from the age of the two now, he can say that he is forgotten with Shen Lang, or he can be regarded as an elder. He said that he is better than Shen Bo's own opening.

He opened his mouth and Shen Lang understood his thoughts.

“Okay, don't take care of people.”

“Hey... Is this really good?” Gao Hanqiu said again.

Shen Lang looked at him with a slight helplessness.

Big brother, you are really immortal!

People at the level of the squad, but still pay attention to the scandal between men and women?

You should guess the reason for Yaochi's move. Is the underlying reason behind it?

Yaochi is not only a member of the famous group, but also a special member. They have undergone major changes, and it is very likely that something will happen in the whole world.

Gao Hanqiu is a smile, and Xu Yuyue exchanged a look you know.

The old brothers were a little joke when they were young, and they felt that it was embarrassing to say Shen Lang.

Shen Lang is too lazy to explain to them, but continue to think about it.

“Or I asked Snow is not snow.”

After a little tangled, he made a decision.

Gao Hanqiu preconceived the misunderstanding. Even if he is reasonable, he will feel that it is just an excuse. It is not as good as himself.

“You can do it, but pay attention to what the attitude is.”

Gao Hanqiu’s appearance as a deaf teacher, as if the elders and young people went to see their parents.

Shenlang has a communication token, which can be contacted separately. If you contact the private channel, others will not see it.

He also has no scruples, and in front of them all, he directly sent information to Xuefei.

Can fall in the eyes of the cold autumn, Xu Haoyue, it is a bit too happy, I think he is anxious, afraid that Fan Xueyu was married, so can not wait to ask the snow is not snow.

“Today’s return to the home I heard that Xuezhangmen wants to be a federation for the fairies? Is it a regular activity in Yaochi, or a good intention of Xuezhangmen, or is it a trouble, you need to use marriage To protect Yaochi?”

The previous sentence is still a guest set, and the latter is a single-word inquiry.

Although the relationship is not high and cold, but everyone is in the Yungong Holy Land and the Funer Valley, it is also a comrade-in-arms who died together.

And from the beginning of the understanding in Yaochi, because the Fan Xueyu, because of the cold autumn, but also her own conjecture, always worthy of Shen Lang is good, when Shen Lang needs help, it plays a big role.

Yungong Holy Land and Funeral Valley, from the results, can be regarded as Shen Lang with her to get the benefits. But when I first went to the Yungong Holy Land, everything was still unknown. At that time, Snow and Snow were willing to stand up and hang on with them. It was a good support.

Therefore, if Yao Chi is really in trouble, Shen Lang is willing to help. – Just like a flower fairy, that relationship is much lighter than Yaochi.

After this message was sent out, Shen Lang looked at their two old guys silently.

“You, use your brain. With the tradition of Yaochi, the style of snow and snow, even the young talents in the world, the female disciples who want to pursue Yaochi will be tested. Where will the initiative be held? ?”

A few of my old buddies, it is rare to have a young mindset, take a break from Shen Lang, listen to this sentence, Gao Hanqiu also seriously.

Chapter 2337 - Recruiting?

Gao Hanqiu and Xuefeixue naturally have known each other for a long time. It is not a thick private exchange. After all, Yaochi is a female practitioner who is not close to men, and is also pursuing a neutral style.

But because of his strength, everyone can appreciate each other.

Through contact, Shen Lang has clearly understood the style of Yaochi. In the cold autumn, it was “crowded in” this circle. Of course, it is more relevant to all parties and it has been studied in a targeted manner.

The information that Mo Feiliu said now will make him joking, and it is also because of the involvement of Shen Lang and Fan Xueyu. If it is completely irrelevant, he will definitely think about it and feel the wrong thing.

Mo Feiliu just had the same idea, but he was not able to perform more clearly because of his seniority.

At the moment, I heard the words of Shen Lang, and the attitude of Gao Hanqiu. Let him realize the problem. He immediately took out the communication token and handed it to Gao Hanqiu.

The token has been handed over to him for custody, and he is now qualified to speak on an equal footing with other ancestors. But after all, it's still a little bit worse. It's not the same as the cold autumn.

Shen Lang shook his head and motioned that he didn't need it.

"I have already asked, wait for the echo."

"It should be nothing, maybe it's just that Yaochi wants to change it."

Gao Hanqiu This is to appease the Shenlang sentence, but it is also sentimental.

A year ago, there were many major events, such as the ruins, the Yungong Holy Land, etc., all of which were all major events in the world. The robbery alliance that emerged later was also a challenge initiated by the outside world, a variable that affected the big pattern. .

Coupled with the dual-core of the high-cold autumn and the Shenlang, let Qiu Lin Jianzong rise strongly, and all of them are big changes.

Like the Yaochi event, it has been held for thousands of years, and quite a few of the famous schools have been fixed. The part of the rise and fall of the rise and fall is also put into a long time.

It is only a few decades and more than a hundred years that the gantry can be used once.

Counting the last big impact on the pattern, it was the time when the Earth's heroes came to the world through the return of the sea.

However, the wave of impact is still a low-level comprehension. For example, the Qiulin sword is built here in Tangcheng, and slowly settled down.

However, the Tangcheng factions, which were looked up by the imperial Yuxianmen, are at the top of the Yaochi event, but they are at most medium sects. They are not qualified to talk to them.

Therefore, from another world, a large group of people appeared in the group, but such things did not cause them to cut into the investigation, because they did not look at it.

And a year ago, these tens of thousands of ancestors of the realm of the gods have been a major blow to the entire world of comprehension.

Yao Chi's principle is to remain neutral and not to form alliances with other sects in order to ensure their objective independence. It is also possible for them to maintain the host of the Yaochi event.

But for thousands of years, there are certainly many rules, many principles, and there will be times when they will be flexible.

For example, if a female disciple of Yaochi is married to the outside world, in the short term, she will be an ally in a non-aligned manner. In the long run, if they develop well, they will also have some sects that are friendly to Yaochi.

That is a means to help Yaochi to consolidate its position. The current situation makes them feel that change and pressure, and they want to marry outside, is a normal situation.

And other famous big schools, should also be very welcome!

Because they killed more than 30 great gods a year ago, although more than twenty of them were originally "not existing", suddenly more, but there are also dozens of original big names.

If you go further, Shen Lang will at least kill more than one, and the Yungong Holy Land is also dead, that is, a shuffle.

The two of them are so powerful, and behind the waves, they have been speculated to have powerful forces. The strong rise of Qiulin, the sect, will continue to kill the Quartet?

Most of the factions have only one ancestor of the great realm of the gods, and they can't stand the killing of the waves and the cold autumn.

Those who have lost their ancestors are even more stunned. They are eager to hold a thigh and can fight for a little development time so as not to be destroyed.

It is directly proved that the people who participated in the fight against Shen Lang – Caohai and Yungong Holy Land Tong Xian Weng, and so on, no one else to see and know, and put an end to them to Qiu Lin Jianzong, that is, the factions themselves know.

They are even more afraid that Qiu Lin Jianzong will seek revenge, and Gao Hanqiu seems to be able to speak, and Shen Lang is not simple. If you can get in touch with Yao Chi at this time, say a few words to Xue Xue, who has a good relationship with them, and you can get shelter.

Gao Hanqiu will not control the specific trifles of the martial art, but the general trend of the world has always been mastered and enlightened, and it is completely insightful.

After waiting for a while, Xue Feixue returned to the information of Shen Lang.

Shen Lang looked at the private channel information of the communication token.

“It seems that you are just out of customs. If you have the heart, welcome to come to the association to be a guest, and other interviews.”

Shen Lang directly read this out and let them all hear it.

“What is the meaning of the snow palm door?” Mo Fei is a younger generation, can only use the way of doubt, do not dare to chaos.

The current Shen Lang is not only talking with his master, but also far better than him. Even he can break through the realm of the gods, but it is still the light of the dark waves.

Therefore, his previous respect was due to Master, and he is already very respectful of Shen Lang.

Gao Hanqiu said that the speculation that Mo Feiliu could not say it was said.

“Snow Palm will be released in advance for a long time, seemingly to expand, let more young talents go. But the bigger possibility is to want to spread the words to your ears!”

“She is not convenient to invite you directly. It can only be passed from the side. If we don’t respond here, she will guess that it is a retreat. If it is time, you still haven’t appeared. I guess I will find an excuse to push back. Or be adjourned in several batches.”

Shen Lang is a bit helpless: “Is it going?”

“It’s not that we are smashing But the snow palm door is definitely what you are looking at! The special introduction of Fan Xueyu is to let you go to friendship. If you don’t go, you may be taken away by others. It!”

Xu Haoyue also echoed: “Lang Ge, Qiu Ge said that there is a reason. Xuezhangmen is responsible for the entire Yaochi, the means of dog blood, but also nothing wrong. With your current momentum, become the Yaochi son-in-law, no one Dare to provoke Yaochi.”

“She just wants to recruit you!” Gao Hanqiu confirmed another sentence.

Mo Feiliu and Xu Haoyue did not dare to show anything, and Gao Hanqiu was obviously a little gloating.

He is already a lot of age, perhaps the oldest one, and naturally no one will recruit him. However, Shen Lang is still the identity of young people. Even if there are memories of past lives, even if the space in Tianshu has been closed for a hundred years, he is still a young man on the surface.

“Van Xue, the little girl, is good.” The dog \*\*\*\*\* also interjected and said.

Shen Lang didn’t have a good air and directly licked it, and you are a big beast.

“I don’t have any interest in recruiting anything. But what is the situation, it is still unclear. I am worried about what troubles Yaochi has encountered. Xue Feixue helped me, supported me, and did not participate in harming me. If Any trouble, I still have to help.”

“Hahaha, don’t look for so many excuses, you are going straight now, no one will laugh at you!”

Chapter 2338 - It's not going to work.

Shen Lang's rational analysis also feels that Gao Hanqiu's argument makes sense. Snow and snow should only want to marry and maintain Yaochi's leading position.

And wanting to recruit him, it also has this meaning, when she was in Yaochi, she had said something similar.

Even before the flow of clouds, there have been similar ideas, want to let the mysterious woman follow the waves. But after knowing that Fan Xueyu and Shen Lang are familiar, they can only give up.

Compared with Fan Xueyu, Liu Yun is not as good as himself, let alone her disciples.

However, the current pattern of Shen Lang is different, and many views are different.

Whether it is a friend or a woman, he will not resist, but it will not be the same as the secular concept. Simply put, it is impossible to get married.

Even if the best Fan Xueyu of Yaochi follows him, he can't really be like a "female girl". And if you just take care of it, then you don't have to have such a relationship. Friends who have helped each other will also take care of them.

However, this is his idea. Xue Feixue will also have her thoughts, and people are not clear about his ideas.

In total, Shen Lang still has to look at it.

If Xue Feixue is really engaged in this fraternity for him, he knows, then make it clear, don't let her give Van Gogh to the pit.

In case of any trouble, I will solve it by the way.

Shen Lang originally wanted to ask Mo Feiliu about the specific time, but think about the relationship with them, joking and not joking, do not care.

Even if he goes now, they will laugh and ridicule, and there will be no other ideas.

In this case, there is no need to waste more time.

Therefore, a resignation, Shen Lang directly used the door of the Three Realms to transfer to Yaochi.

The last time I didn't come, I sent it directly to the head of the snow-free snow retreat. As a result, she didn't have a state of smashing, which made the scene a bit awkward.

Moreover, Yaochi is not close to men, and it is directly sent to Yaochi. It was still a bit rude. It is not too urgent now, so the Shenlang is also transmitted directly to the outside.

This is where they first arrived, on the edge of the waters outside Yaochi.

If it is inside Yaochi, the door of the Three Realms transmits the spatial fluctuations of the past, and snow and snow can directly feel it.

But if you are outside, it is not necessarily the case.

Since Shen Lang followed the principle of visiting, it was officially announced that a communication token was used to give Xue Feixue a message.

When the female disciple of Yaochi came to pick him up, Shen Lang also looked at the waters of the lake. When he first came here, he was alarmed by the giants.

The huge embarrassment that has reached dozens of miles is really shocking. Even the gods and behemoths in front of it have become small, and human beings are more like ants.

And the giant python can also listen to the control of the voice of Fan Xueyu, it is not easy.

Shen Lang is now more powerful than the original. I don't know how many times. At this moment, I want to explore God and find out where the underwater giants are.

But he immediately took control of his own ideas.

Although he doesn't know how many times he is powerful, it is too big, and he still doesn't know if there are any other magical places. If you really want to do it, I don't know if I can fix it.

Besides, this is to visit the guest, there is no need to provoke the guardian beasts of others.

Instead, he is stronger now, and it is transmitted. He should have found him and will come soon!

When Shen Lang was preparing to give another message to Xue Feixue, he felt an idea.

"Come directly into the last place." This is the idea of snow and snow.

I think that when she didn't need to come out, she would be able to knock down the Emperor's behemoths in the air. It was really extraordinary.

Shen Lang has already arrived outside. If you want to enter the Yaochi sect hidden in the waters of Yaochi, no one will lead the way.

The meaning of snow and snow is of course to let him directly use the door of the Three Realms and send it to the platform. He is too lazy to arrange people to pick him up.

Shen Lang slightly indulged, and immediately transmitted the past.

Just as he first reported, it was out of courtesy. If snow is not snowing, there is also a time to wear clothes. Now let him go and be ready.

Once again, I came to the gimbal, and Shen Lang saw snow and snow.

Sure enough, Xue Feixue has already dressed in white, waiting for his arrival.

"The last time you came here directly, what kind of courtesy is it now?"

For snow and snow, Shen Lang is slightly white, did you not see it last time? Do you want to show me?

“Snow palm, you should know why I am coming.”

“In order to be a small girl?” Snow is not a faint smile.

“I want to know the deep purpose of this association...”

Deliberately ran over, just to ask clearly, here are the two of them, Shen Lang did not circle, directly asked his guess.

Xue Feixue listened to his words and showed a smile.

“I am very pleased, Shen Lang, you really is a good person.”

“...”

“You are better than I thought. If you like Xiaoyan and are willing to do everything for her, then I am happy to see it. But you are purely because of your friendship, guessing if Yaochi is having difficulties, I am willing to help. More rare...”

Shen Lang interrupted her praise.

“You just say it. What is the problem? If it is just a regular arrangement, then I don’t need to worry and worry.”

Snow is not a snow sigh.

“There are both.”

“What do you mean?”

Shen Lang slightly frowned, if this is the case, it means that I really have trouble.

Snow and snow sighed softly: “You don’t have to worry about not yet in sight... our patron saint giant python... I am going to die.”

This makes Shen Lang even more surprised.

Python, it’s almost impossible!

This trouble is bigger than other troubles!

The martial art of Yaochi did not know when it was founded, nor did it know how the original ancestor fairy had conquered the giant python, but the giant python guarded Yaochi, which must have been at least for thousands of years.

Such a god, not encountering an attack, the life expectancy is extremely long, and the environment of Yaochi is good, which can make it live longer.

Although Shen Lang has only seen it once, it is unusually mighty. How can it not be as short as a year or two?

“The giant python is a beast, even if it is not going to work, it will not be a problem for a few years. But this is a huge impact on Yaochi, we have to deal with it first.”

Snow is not a bitter smile.

Originally, because of the inexhaustible relics of the millennium, Shen Lang helped open all the ancient treasure chests, and also went to the Yungong Holy Land, the safe return must have a big effect.

This is the bright future. She should have developed better with Yaochi and become a prominent ancestor in the history of the martial art.

Who can think of it, there will be a huge fall!

You can't live forever, you will eventually fall, but with its long life, you can't think of it.

It will disrupt the snow and snow rhythm.

Chapter 2339 - Dilemma

Shen Lang is still frowning.

Xue Feixue said that there is no problem. If there is a problem with the giant python, they should really make a layout in advance, and they can continue to support it for several years.

But he still feels that it is not quite normal, and the scale of the embarrassment will not be just a few years. It is necessary to have a process of decline, how should it last for decades and hundreds of years.

It's just awkward. It's sure that Xue Feixue is more clear. Since she said so, she must have confirmed it, unless she does not want to tell him the truth.

"I may not ask, but since it is a friend of the snow, it is not polite. Is it a recent injury?"

Snow did not snow and nodded.

"I know your doubts. Normally, even if the gods are declining, there should be a slower process. There will be signs early. But..."

She sighed again. "In fact, the gods have already begun to decline, but they have not let us know. It has been deteriorating until now, and I feel that there is not much time before I understand this."

This is reasonable.

If you have been in a hundred or two years, it will begin to decline, but it feels that it can still hold it. It has not been expressed. No one knows. Yaochi will not question it for no reason, and it is even more impossible to give it a "physical examination."

If there are any foreign enemies encountered, Shen Lang can help, but the natural death of the guardian beast, he has no way.

It is extremely difficult to breed so many great beasts, and it is not clear how they survived in ancient times.

Judging from the remains of the Dragon Valley, it was also involved in the Battle of the Ancients. I don't know if this head is old or not, but it is very likely that it will be left in the world now.

This is also destined to be unable to train successors for it, just like the dragon elephant beast of Tangcheng Baijia, it is also impossible to cultivate young animals.

“Is there any way to save?”

Although it is sensible to guess, there is almost no way. If there is, Snow Snow will certainly not regret it.

Snow is not hesitating, and then tells the truth.

“I have thought about giving the gods the keel, the dragon's marrow and the essence of the heavens brought back by the funeral dragon valley. But the gods are huge, I am afraid that it is a drop in the bucket.”

In her words, there is obvious helplessness.

When Shen Lang heard it, she understood why she had hesitated. This is because she is afraid of saying this and asking for help.

Snow is not tangled, and Shen Lang is completely understandable.

Because in the hospital on the earth, there is a similar tangledness happening every day.

If you have a terminally ill family, do you want to spend a lot of money to save?

If you don't save, just watch your loved ones die and die, what is filial piety? Conscience? What is your heart?

Rescue, often just for a period of time, or even a few months, can also avoid suffering, and will die. As a result, the family is often short-selled, selling houses and borrowing money, and the living people must continue to bear the results.

Snow is not facing snow now.

What she manages is not a family, but an ancient sect of the 10,000-year-old foundation. Individual feelings, interests, principles, etc. must all give way to the ancient times in Yaochi.

Aside from the gratitude of the guardian of the guardian, from the perspective of interest, the rescue is actually to protect the Yaochi.

But what if the effect is not big?

In order to let it last, it will inevitably require a huge amount. If all resources give it, it can only last for a few years, or decades of life. For Yaochi, that is not enough.

The same resources are placed on the Yaochi disciples, which are more long-term benefits.

This involves a trade-off.

Snow and snow are definitely not making decisions right away. The fraternity is also releasing the wind in advance. The purpose is of course to see if it can be better for more female disciples.

The standard of Liangzhu depends not only on the strength of the martial art behind it, but also on the long-term plasticity of the individual and whether it is subject to heavy weight.

This does not mean that she has given up the giant python, but she must make this long-term plan no matter what she does not give.

After listening to it, Shen Lang also calculated it silently.

If there is a need, there are still a lot of keels here, and it is nothing to Yaochi.

But is it the snow and snow, will it be a drop in the bucket?

From the perspective of physical size, let alone the keel brought back, it is a whole dragon, eat it all, and fill the stomach.

However, it cannot be simply said by volume. Otherwise, it will not be the ancient dragon, or the more ancient dragons rule the world, but it will be paralyzed.

Now also the same, many beasts are huge, but they are not human opponents, they are the human race to dominate the world.

Of course, dominating the world is also related to major situations, big opportunities, and the number of factors. Whether the dragon is more advanced than 鯢 is hard to say.

At least in the funeral valley, I saw the body of the dragonfly, and there are more dead bodies of the dragon.

“Let me see you!”

After considering it for a while, Shen Lang said one sentence.

The snowy snowy face is dignified.

“Shen Lang, you know very well, I hope that you are with Xue Yu. In that case, no matter where she went with you, no matter what origins and secrets you have, you will definitely help in the future. of.”

“But that’s built on your relationship instead of taking out your collection to help us. It’s not the same!”

From the interests of the funeral dragon valley, Shen Lang took the initiative to give some of the essence of the world to them, she can confirm that Shen Lang is not a stingy person.

But other people are generous, and she can’t be taken for granted.

If Shen Lang has a request, it is better to say that even if she wants her to dedicate herself, she can consider it or better accept it. But Shen Lang is purely helpful, that is, it is unbearable for the big man, this can not be earned.

Yaochi can stand up to the present in a neutral position, because all aspects have their own principles, not unscrupulous means.

Therefore, Shen Lang did not say it clearly, she refused first.

Shen Lang shook his head: "Do not worry, I have my own care, precious resources, I will never give it. I want to discuss it with it, see if it is in the end, can there be a way to continue."

Snow and snow did not look at him for a while.

Shen Lang, a young man, is too special. It has been filled with all kinds of incredible miracles since she saw it.

If there is anyone who has a better way, then it must be him.

This is a person whose strength is low and can be ruined. The sinking waves that were not in the realm of Daxian, in her eyes, are low in strength.

Behind it is the Guangming Mountain, the Great Wilderness, the Cloud Palace Holy Land, and the Fun Valley. Which one is not dangerous? But he is all over the way.

Chapter 2340 - Why are you

"I try. But the \*\*\*\* is a beast that has lived for a long time, I have to ask for it."

Snow is not really guaranteed, because from the age of generation, this is called the level of Yao Chizu. In terms of strength, it is also the strongest in Yaochi.

Shen Lang nodded, this is understandable.

As the patron saint of Yaochi, in fact, most of the time, that is, the existence of deterrence. Occasionally, I also showed the sense of existence and let the outside world know that the giant python of Yaochi is still alive.

Really not encountering a very powerful enemy, it does not need it to shoot, it will not shoot.

Just like the lightning source of Shen Lang, the power is huge, but with its identity, it is not able to be sent.

After the snow was not finished, he closed his eyes and entered another state.

They naturally have a way to connect with the giant python, and it is not convenient for Shen Lang to track her thinking, just waiting patiently.

But for a few seconds, Snow and Snow opened his eyes.

They are communication at the level of consciousness, even if she needs to explain a bunch, it can be done very quickly.

“God promised, but...”

The snowy snow looks a bit weird.

Shen Lang nodded and motioned her to continue.

He and the ape have only one side of the relationship. If it is not the control of the Vatican, he or she may be engulfed by him and the dog god.

Now let him go and see if there is any way to save the disaster. Others will certainly not believe it. If there is no condition, it will not be normal.

But...should not be like “eat him if he is not cured”?

How to say that he is also kind.

“The meaning of the \*\*\*\* is... let you go alone.”

For this decision, Xue Feixue is obviously a bit unexpected.

Even if she had seen Shen Lang before, she just expressed this layer, and said that Shen Lang has many amazing good words, but after all, it is an outsider.

You shouldn't trust the average human being. If she is still with her, how can she let Shen Lang go alone?

After she finished speaking, she realized a little.

Will it be like this in the past, if Shen Lang can have any good way, it will be gone, if not, it will directly swallow people!

If she is there, she will certainly beg for love. She has lived for a long time, and she has seen through these things, so she avoided it directly.

“very good.”

When Xue Feixue just wanted to understand, I heard that Shen Lang had already agreed.

“I think.....”

She was about to say that she was accompanied by her, but was interrupted by Shen Lang.

“The decision of the gods is justified. Let me go see it alone. How do you go past, you need to give pointers.”

When he said this, Shen Lang sent an idea to the past.

“I understand your concerns. But it will inevitably have doubts. Since this request is made, it may pay attention to every move here. The attitude of you and me has changed, which will inevitably aggravate its suspicion. Rest assured, I can handle it.”

Snow is not snow, then I understand why Shen Lang promised so refreshing and interrupted her words. Not because he didn't understand, but instead saw it more clearly!

This made her both praise the young and old, and admire the courage of Shen Lang.

If you have never seen a jealous person, even if you understand the legend of Yao Chi, there will be no such big reaction. Because I haven't seen it with my own eyes, it's hard to imagine how huge it is for dozens of miles.

Or, even if you can imagine it, the picture is imaginary, and it will not give people real oppression and shock.

Take the earth, you can imagine the rain of bullets, even watching movies can reflect the rain of bullets in 3D, but the feeling of being in the rain of bullets is still far from perfect.

She knows that Shen Lang has seen giant pythons. At that time, the strength of Shen Lang was much weaker. It is undoubtedly more shocking. Now I can think of a person who will see it, it will be even more dangerous, but still dare to be alone.

This is really amazing!

“You are a peerless genius, and there are many insights that ordinary people don't have. I hope you can help God find a good way. Please, please!”

Snow is not a serious face of snow, and bowed to Shen Lang.

Shen Lang also seriously nodded, and received her gift, no guest.

Because he is very clear, Snow Snow is not only a thank-you to him, but also a component of performance.

If the giant python is paying attention to the situation here, then if you see this scene, you should be more convinced of Shen Lang, and it may not be against him.

After the thank you, the snow did not lift the hands, and a force directly lifted the waves.

Shen Lang knew that she was going to send him to the donkey, and there was no resistance, so she followed her.

Immediately after his body, he crossed an arc in the air. From above the platform, he crossed the space directly and entered the waters of Yaochi.

This is also a bit magical, as if it has directly crossed a space and went directly into the waters.

Yaochi has a variety of methods, Shen Lang is deeply experienced, such as this Yuntai, it is not a simple high platform; entering their treasure chest, not directly open the door.

At this moment, in the waters, Shen Lang did not let himself show the slightest defense, so as not to be hostile as a giant. Just a little sense of what is going on around.

Because I saw the hugeness of the last time, I am now in the water, but I am afraid that it is actually in the stomach.

“Is this man you want to see me?”

A sound is heard.

But it is not the sound that the ear hears, but it is directly conveyed to his consciousness That’s right. The gods and beasts, we have seen once. This time, I listened to the snow palm and said your dilemma. I want to see if I can help. ”

Shen Lang does not need to search for where the giant python is. He just raised this idea and he received it.

“I still can’t solve the problem, you are like the ants of the ants, why can you help me?”

Obviously, I feel that it is a bit of anger for Shen Lang to want to enjoy it.

But the more you live longer, the more you want to live longer. You only have one, and if it dies, it is extinct.

Therefore, this should be a bit of a desire to die as a living horse doctor. As for the snow and snow, there is no expectation, because it is very clear because of the situation of Yaochi.

Now its anger is also driving a powerful pressure, and there is a direct way to crush the waves.

Familiar feeling!

Shen Lang returned to the feelings on the steps of the Temple of Light.

This is the power of the super strong, no need to start and come forward, an idea can suppress the death.

If this is the last time, if you are not doing it, hang it here. Or wait for the Vatican to come again, and the heart will be ashamed, and will not go to the bright mountain again.

Now that this problem has been encountered, Shen Lang will be more calm. I have already experienced it once, naturally more clearly, and his strength is even stronger, I don't know how many times.

So for the pressure of sputum, he is very indifferent.
