Chapter 238 - Tian Luning

Because Tian Luning is a deputy mayor, it is easier to find than Xie and Chu.

Shen Lang waited directly for the rabbit, and when he saw Tian Luning's car coming out, he followed.

When walking to a road without a car, a brick fell from the sky, slammed on the hood, shocked the driver, and quickly stopped to check.

The driver just came out and had not figured out what was going on, and he had already fainted.

Shen Lang directly boarded the bus, replacing the driver's position.

"How do you do it?" Tian Luning just asked, and found a stranger coming in. "who are you?"

"be quiet."

When Shen Lang's hand waved backwards, Tian Luning immediately felt a huge pressure, which made him unable to move. He could not even speak and breathe, which made him horrified.

He is not an ordinary person. He knows the existence of the self-cultivator and immediately realizes who is in the car and immediately cooperates with the immobile.

Shen Lang started driving.

He didn't actually drive the car, but when Yuecheng South drove him to pick him up, he learned a little. Originally, I also learned to learn the car after the summer vacation. I have money to buy a car.

What happened later, let this normal plan become like this now.

However, relying on a simple understanding, he also dared to drive, because his ability to perceive is far better than the average person, a little wrong, and can be corrected in time.

He can try to drive even the aircraft, let alone the car!

Starting to stop and stop, let Tian Luning behind is very scared, but did not dare to speak. The result was only after a while, and it was already driving normally.

Shen Lang drove the car directly to the suburbs and opened to the wilderness of no one.

The flat XS area is not big, it will take a long time, Tian Luning began to be afraid. Secretly touched the phone, ready to call for help.

The result was that the phone was just taken out, and there was no dialing. I found that the phone jumped up and ran to the front!

Then the pressure that had already been released, once pressed him, and waited until it was about to suffocate before releasing it.

Under the cough and gasping, Tian Luning no longer dared to move.

“Who are you...you, are you a self-cultivator? I am a fellow practitioner of peace and peace. I know you.”

Seeing Shen Lang did not pay attention to him, he could only add another sentence.

“In fact, there is one thing you may not know. Although I am an ordinary person, my wife is from a family of comprehension. I don’t know if you have heard of the Chu family. Master Chu Mofeng, that is my old father-in-law. !”

When he said this, Tian Luning was waiting for Shen Lang to be surprised.

He also wants to be clear. Those who dare to kidnap him must have come. They should not be the comprehensions of Pingxi. It is necessary to carry out the identity of the Chu family.

“know.”

“Know?” Tian Luning secretly frowned, knowing his relationship with the Chu family, and he has already made it clear that Chu Mofeng is his father-in-law, the other party actually did not react!

“Do you know what you are doing? From the public level, you are kidnapping government officials. This is a very serious crime. On a private level, you are not looking at the Chu family. This is Serious provocation!”

He took out the usual bureaucratic momentum and directly intimidated him.

“What about that?” Shen Lang asked.

Nbsp; “You, you...”

Tian Luning began to rush, the official identity did not care, the identity of the Chu family’s son-in-law, the other party did not care, he did not have a card.

He is also guessing what kind of comprehension is offended, but what you can think of is the Yue family!

It is said that Yuezheng of Yuejia has also become a self-cultivator, but last year’s clean-up process did not find the trace of Yuezhennan. Yue Gang also has a son, Yue Zhendong, who has been sent abroad to expand his business in the early years, and he does not know how the situation will be.

He suspected that Yue Zhennan or Yue Zhendong came back to him for revenge, so what they thought in their minds was the appearance of their two brothers, contrasting with the dark waves that they could see later.

This is not the case, and with Shen Lang not cutting hair for a year and a half, they have seen it twice, it seems to be very different.

Where do you know that this is the one that he has been dying for a year and a half.

Driving the car to a barren hill, Shen Lang let Tian Luning get off the bus and took his mobile phone.

“You, you...” I thought for a long time, and when I came down and saw the front, Tian Luning began to have a familiar feeling.

But what he thought was not that Shen Lang was coming back, but whether Shen Lang would have any brothers or the like.

Shen Lang looked at him like this, then extended his palm and used the “Da Shou Mi Long Xiang Shen Gong” to shoot directly on the roof of the car.

When the roof flattened down, the glass was crushed!

Then he lifted his foot and kicked the car directly into the ravine!

Tian Luning immediately became soft and almost fell.

Shen Lang did not stun him, let him accumulate pressure along the way, just reached the peak.

Because he is an ordinary person, telling him what realm, or how deep the spells, in fact, the effect is not so good, ordinary people will use the common items of life to compare.

The car was smashed and the car was kicked out, which had a greater impact on Tian Luning.

“You are... Shen Lang? You are not dead?”

When asked this, Tian Luning’s voice was a bit dumb.

Shen Lang did not answer him, grabbed him directly, and quickly flew into the mountains, until he reached the top of the mountain, and put him down.

“After your driver was found to have sent it to 100 million yuan, it will not wake up until the evening. I took his wallet phone before I got on the bus, and the certificate is here.”

Tian Luning’s face became even more ugly He had thought about delaying as much as possible. As long as the driver woke up, he would call the police and then according to the positioning of the car. It is estimated that this should already be I came over with the police.

I didn’t expect Shen Lang to think about it, and it has already been calculated. The driver did not have contact information and documents, could not contact the relevant personnel, but just fainted, it seems to wake up at any time, so that there will be no alarm, time will be dragged over.

Shen Lang crushed the driver’s mobile phone and then took his mobile phone.

“Speak by yourself! Otherwise, use your mobile phone to send messages and lie to your wife and children. Shouldn’t the problem be?”

Tian Luning asked reluctantly: “What do you say? I don’t understand. Although we had grudges at the beginning, it has been so long.”

“Is there no sequelae left in Tian Jingwen? But if I take another shot, I will not be merciful. I don’t know how hard his head is!”

Shen Lang’s words reminded Tian Luning of the car just now. If a palm is shot on his son’s head... When he met for the second time last year, he also saw Shen Lang directly stunned Chu Yuntian. Chu Yuntian was Comprehension!
