

First Strong 240

Chapter 240 - Drawn dog blood

After Tian Luning had touched the phone, it was already unlocked, but did not have time to dial for help.

After Shen Lang sucked his phone over the air, he closed his fingerprint and pattern lock screen, and the sound was turned off, because he would definitely have it from time to time.

At that time, Tian Luning thought that it was just silent, and did not think of this layer.

When Shen Lang stopped, he used his mobile phone WeChat to send a position to his wife and son Tian Jingwen. And left a simple sentence: I have something to talk to you, a person coming, right away!

After sending it out, he took Tian Luning to the top of the mountain.

After I finished the game, I looked at it. There were several missed calls and some missed video calls. They were all sent by them.

There are also a few voice messages. At the beginning, whether he was his wife or Tian Jingwen, he asked him what was going on. How do you go home in a remote place?

But because of this serious command tone, plus the latter did not respond and did not answer them. Let them all feel a little uneasy, I don't know if there is any fear of letting Tian Luning know, and the last one indicates that he is already on the way.

Shen Lang stuffed Tian Luning's body into the car in the ravine and placed it in the driver's seat, so that his injury looked like it was caused by falling. As for whether he could explain it, he was too lazy to pay attention.

After waiting for about half an hour, a car came to the vicinity and was looking for it.

Shen Lang's knowledge was observed. It was Tian Jingwen who was driving. A middle-aged woman sitting next to her should be his mother Chu Lei.

"It should be near this..." Tian Jingwen got off the bus, searched with his mobile phone, and called Tian Luning.

Chu Lei then got off the bus. She looked around and there was no other person. She just cried out loud.

"Laotian! We are all over, come out! Come out and be clear!"

"Don't think that you have discovered something terrible secret! Want to let this son know about it, make me ugly?"

"Don't you come out? Are you still having fewer women playing outside? What happened to me when I played a few men? You have long been obligated!"

"The old lady is not looking at your son's face and tearing his face. Without my support, you are a fart! Do you dare to call us here to settle accounts?"

"Dad! Are you near here?" Tian Jingwen listened to his mother's drink, although he was psychologically prepared, but still a little embarrassed.

Shen Lang was already preparing to come out. I didn't expect to hear Chu Lei say such a thing, it is also a bit speechless.

It seems that he is too serious, and ordered them to come alone, did not pick up their calls, did not respond to them, let them think too much!

Tian Jingwen may have said to his mother. The result is that Chu Lei thinks more. He thinks that Tian Luning found out that she is playing outside with a man and will be called alone to solve this problem.

Originally, Shen Lang led them over, mainly because they wanted to kill Tian Jingwen through threats, and let Chu Lei tell more information about the Chu family. I did not expect them to stage a family ethics drama.

However, Chu Lei's words gave him a new idea.

Tian Jingwen will certainly not know more than Tian Luning. The key is Chu Lei.

Chu Lei's strength is not too strong, it is estimated that it has just reached the state of returning to the Yuan Dynasty, with her origin, to this age, this level is definitely not qualified. And she married Tian Luning for many years, and it is estimated that the understanding of Chu family will not go anywhere.

After the plan was to force them to be confessed, they would be killed together.

But now think about it, although it is the daughter-in-law married, it is the Chu family, and -->, the fastest update of the latest chapter of the first strong!

And in the key place of Pingxi, after the news, it is inevitable to let the Chu family doubt.

Now Chu Lei's reaction can have another solution.

Shen Lang is still far from observation, and did not show up, but it is a stone that pops up and falls in the direction of the ravine.

The sound of the stone, let Tian Jingwen and Chu Lei go over there, and then saw the car in the ravine below!

“dad!”

“Laotian!”

The two of them screamed and hurried.

When I came to the ravine, I saw that the roof of the car had crashed into that shape. It was estimated that it was hitting a big stone. I found that Tian Luning was injured and had no breathing.

Suddenly, Chu Lei and Tian Jingwen both cried.

Tian Jingwen is a demeanor of the big and the young, but in Pingxi City, he is the identity of his father. Now his father is dead, of course, the feeling of the sky is falling.

Chu Lei is sad and sad.

She was born in Chu, and she can look at Tian Luning, an ordinary person. It must have been because of her deep feelings.

As Tian Luning's status is getting higher and higher, there will be a little problem with men and women. She also looks at her son because she has grown up.

But after all, there are decades of feelings. Now I see Tian Luning's end, combined with the previous information, I thought it was because I found out that she was playing outside with a man, and there was guilt in addition to sadness.

Shen Lang immediately left the scene, no need to arrange more, this is a scandal, Chu Lei will certainly not let the spread out, so Tian Luning will certainly be under her request, low-key treatment, will not go to the forensic autopsy and the like .

This can give him more time and can get a few Chu family children.

The Chu family's base camp is in Yunzhou City. Their secular foundation also depends on Yunzhou. Yunzhou's leading business group, Dachu Group, is the business of Chu.

Shen Lang stunned her heart and did not go back to visit her parents' graves. Of course, she did not visit Yuejia.

Now what he needs to do is a shadow. Before the discovery of Chu, try to kill as many people as possible!

He left Pingxi City on the same day, and used the way of taxi charter to go to Yunzhou.

For the Chu family, if you only kill ordinary children, such as the ordinary grandson Tian Jingwen, they will not let them care more. To let Chu Mofeng hurt, kill must be those excellent children!

Shen Lang is ready to start from the beginning of the understanding Chu Yuncheng, Chu Yuntian two went to Pingxi City, and Chu Yunfei who killed him in the dead forest!

But now the youngest generation is the best, but it is not Chu Yunfei, but Chu Yunlong.

When the Chu family brought back the news, it also said that if Shen Lang was a challenge in the past, Chu Mofeng would not bother to shoot, and there would be Chu Yunlong of his peers.

Shen Lang has now come to Yunzhou University, because Chu Yunfei and other three people, now studying in Yunzhou University!

Yunzhou University is not a top university. With the ability of Chu, it is no problem to let the children go to the best universities. There is no problem abroad, but they would rather stay in Yunzhou.

With the origin of their family, they don't have to rely on famous universities to guilt, and they don't need to rely on alumni circles. What you really want to learn, what Yunzhou University can't do, can be obtained in other ways.

The University of Yunzhou, they are donating one after another, and they have been cultivating generations of generations. The children of Chu family have always chosen Yunzhou University as their first choice.

Tian Luning will know this because he knew Chu Lei at Yunzhou University.
