Chapter 247 - Kill and kill!

Shen Lang gave her a little time and let her digest it. This is an unacceptable thing for anyone.

After a while, Zheng Yumeng smiled and said: "Master, you can rest assured, I can accept, I will not resist. In fact... I should thank her, if she is not helping, I can't progress so fast, And she is a bigger part, isn't it?"

"Almost." Shen Lang nodded.

This is the fact that progress should be said to be the biggest part and the advantage of the body. But the body is shared, when manipulating the body to practice, Xin Yu's Zheng Yumeng, in any case, can not be compared with the sorrow of the sword fairy god.

"That's also good. When she wants to come out, come out. You tell her, I have no opinion."

"In the beginning, it was to save you. There is no way to choose. But in the end, you don't respect you. If you have been lurking and not affecting you, it is affecting now, so you must tell you clearly."

Shen Lang once again comforted one sentence: "But you can rest assured that when she borrowed your identity, that is, my parents received overseas settlements, and then came over to help me revenge this time. There is no disadvantage to you and Zheng family. local."

"I understand." Although Zheng Yumeng is difficult to accept, he must accept this.

At that time, if Shen Lang was more concerned about the bleakness, she could completely ignore her life and death. After she died, she would inject her sorrow into her body. Without sharing, she could completely replace her.

"Revenge... I also said that I should avenge you, but I understand now that my strength and combat experience are definitely far worse than my sister, let her use the body!" Zheng Yumeng made a decision immediately.

This is the best arrangement! Although she also wants to help the sun, I hope to participate in it, but if I can't help, I will be sorry for it.

Shen Lang nodded and gave the fire spar to her: "This is what you take, and with Liuyang, you can make your repair faster!"

Zheng Yumeng took over and felt the heat of the stone.

Her heart is also excited, desolation can actively control the body, and she can only be passive, because the desolation is stronger than her. If she becomes more powerful, she will have more initiative, and she will be able to help more.

"I will work hard!"

After she had collected it, Shen Lang communicated with her consciousness and let her control her body again.

"Explain with her?" asked a bleak sigh, "She is a good girl, it is estimated to scare her."

"She understands and accepts and is willing to let you help me with revenge."

Desperate nodded.

There is no nonsense between the two people. In the past year and a half, whether it is bleak or Zheng Yumeng, they want to avenge Shen Lang. In addition to cultivation, there is information about collecting Chu.

This piece is actually done by Zheng Yuqing. Although Zheng has already been overseas, he can do a lot of things after he has money. For the Chu family, there is a lot of information collected.

Three people were killed in Chu Yunfei, Chu Yuntian and Chu Yuncheng, and the factory was burned. I believe the Chu family will soon know about this and will react immediately!

They must act now to get rid of a few more!

Desolation is already very strong. At this moment, with the addition of two people, it is even more powerful.

The following company of Dachu Group is holding memories. It is in the conference room on the 10th floor. Suddenly, a loud noise, the floor-to-ceiling glass window shattered, and everyone looked back and saw a piece coming in from the outside. The cement pier, actually came to the fore, and directly took the general manager of the main position to a smash—>>, the fastest update of the latest chapter of the first strong!

!

Yunzhou's famous high-end nightclub canopy club, Chu boss is putting a new foreign girl, with a "speaking foreign language" on the table in the office, inexplicably piercing a sword from behind his head, donating blood to the girl .

The director of Chu in a certain bureau of Yunzhou, on the way to work, the car suddenly lost control, slammed into a wall, and the car accident died on the spot!

.....

"Family! Who is targeting us? Haven't you detected it yet?"

In the secret chamber of the Chu family, Chu Yuxiong roared.

Now the patriarch of the Chu family is his father Chu Mofeng. However, Chu Mofeng does not specifically control many things. In fact, it is Chu Xiangxiong who is the master of the house.

Chu Yuxiong was originally a genius and strong man. It was the pillar of the future of the Chu family. Now he has reached the peak of the virtual world, waiting to break through the realm.

Once successful, it is officially become a new patriarch, and Chu Mofeng can retreat.

Such a wealthy family must have a real master class town!

Yesterday, I received a report saying that two Chu family had died in an accident. One is an accident, and the two may be artificial.

By the third time today, Chu Yuxiong immediately arranged to Yunzhou University, and let the three people who are still studying in Chu Yunfei, Chu Yuncheng and Chu Yuntian go to the scene.

This is the cultivation of outstanding young children. These young people have reached the peak of the Yuan Dynasty, and the future must be the mainstay of the Chu family.

Chu Yunfei is even more, has entered the dead forest, and has now broken through the genius of the virtual world. Not surprisingly, the future will become a core figure.

Chu Yunlong and Chu Yunfei, both of which are the successors of the Chu family in the third generation.

Originally, Chu Yuxiong felt that there were three of them, no matter who they were, the strength was absolutely enough. Chu Yunfei is more than enough to handle things.

I didn't expect to receive the information that they had arrived at the factory for a long time, and they received information about the factory fire!

And then the contact has not been able to contact them three people, and the rescued team captain proves that all three of them are inside, but do not know how the situation is.

Wait until the fire and organize workers to extinguish the fire and start cleaning the scene, it is already dozens of minutes later.

The message that was obtained was that there were four bodies inside, basically confirming that in addition to Chu Huanrui, Chu Yunfei and other three people also died inside!

This makes the Chu domain male violently thunder!

Although three are not his son his genius son is the first generation of the young generation Chu Yunlong. But as the current agent, the future patriarch, the loss of any Chu family, is his loss!

Chu Huanrui has nothing to lose, but the loss is not big, but last year, in the dead forest, he has lost three outstanding children who have returned to the peak of the Yuan Dynasty!

Now I have lost two of the peaks of the Yuan Dynasty, plus a genius child who is still in the virtual world!

This can no longer be taken lightly. In addition to immediately arranging all kinds of inquiries, all the core members in the city are called together for a meeting.

If the accidental death of the Chu family was made in the past, it was a provocation against the Chu family. The killing of Chu Yunfei by the three of them was a direct declaration of war against the Chu family!

As a result of the meeting, when the information was summarized, I found that the children of Chu family were outside, one after another died!

Although these are not elites of cultivation, they are also the secular cadres who support the Chu family. One or two have no effect, and more damage, will make the Chu family collapse at the grassroots level!
