

## First Strong 250

### Chapter 250 - Chu family core elite

The Chu family is not eating dry food, can find Zheng Yumeng's information, and of course know the details of last year. The ordinary comprehensible who can be easily captured by the Chu River can not kill Chu Yunfei who is still in the virtual world after one and a half years!

They suspect that there must be a helper, perhaps her master or someone at home.

At the level of Zheng Yumeng, it is the highest level that can be reached in the early days of the virtual world. This is also consistent with the highest level of their current assassination.

They adjusted the hotel's surveillance and found that she had come back with a long-haired man before, but the picture did not capture the front.

In order to prevent Zheng Yumeng's helper, they chose to arrange a person to lead the team, plus a bunch of gunmen to control the entire floor.

In addition, the core master of the Chu family is waiting in the opposite building, and even arranged the sniper, just waiting for the helper to appear.

Shen Lang is not like they prepared in advance and can arrange everything quickly, so it is directly to the rooftop of the building, just above them.

Because neither side thought of this, everyone's attention was in the opposite room.

Therefore, when Shen Lang's shot broke through the floor-to-ceiling windows, they found that the enemy was on the top of the head and immediately rushed.

When they went out, it was the opposite of the Chu family who was caught and smashed out of the sky. When they came up, they only saw the scene of the "Lion scorpion" of Shen Lang, and thought that "Zheng Yumeng" was taken away by himself. .

Therefore, there will be leisurely enjoyment of the sound wave of Shen Lang.

Shen Lang is standing on the edge of the roof and seeing the bleak has already succeeded. The gods searched the past, and immediately knew that there were snipers below, and they snorted directly. The sound waves penetrated directly, and the snipers who were aiming at the bleak were shocked and died!

Seeing that Shen Lang used the lion cub in front of him, the Chu family who came up stunned, and the opposite person had been fainted... but immediately understood, it must be attacking the sniper below. .

But they don't mind a beater.

This can use the lion's voice, it must be the one who really killed Chu Yunfei's strong accomplice!

Zheng Yumeng is nothing, and does not need a sniper, and he can certainly be caught.

They don't arrange dozens of people like the opposite, only three people, but all three are the elites of the Chu family, and they have already surrounded the triangle.

"In the next Chu Yunlong, still trapped in the midst of the virtual environment. My two uncles, Chu Weiwei, Chu domain, is still in the late stage of the virtual. You ask yourself how to escape?"

The people behind the Chu family, not only introduced themselves, but also introduced the other two.

This self-introduction is even more of a power showdown!

According to their speculation, the enemy should be in the early days of the virtual world, taking advantage of the sneak attack and experience to kill Chu Yunfei, who was shortly after the breakthrough. Now that the strength of the three of them is put out, it is almost a one-sided situation and does not need to be done.

"Escape! You can jump from here, I can catch you!" Chu domain said coldly.

Shen Lang turned back and quickly scanned the three of them.

According to the bleak information, Chu Yuwei and Chu Yuhai are the core figures in the second generation of the Chu family, which is a little bit worse than the Chu Xiangxiong who is actually the master.

Chu Yunlong heard about the big name in the Chu family posture that was relayed from Tian Luning last year. It is the leader of the third generation of the Chu family, and he is a stronger genius than Chu Yunfei!

Now, when I look at it, I really can afford this name. It seems that Chu Yunlong is only twenty-five and six, and it has reached the middle of the virtual world! What he said is “still trapped”, indicating that it has already been reached, is —, the fastest update of the latest chapter of the first strong!

There is no breakthrough to the end!

As the cultivation progresses to the back, the difficulty is greater, the higher the steps are, and the more resources are needed. Don't look at Chu Yunfei's breakthrough in the virtual world. If you don't die, you may not be able to break through the middle of the virtual world in a few years.

“Very good. Just a little shrimp, I still feel that I am not addicted. I will kill you three. Chu Mofeng should be a little bit responsive?”

Shen Lang reveals a smile, and he is not sure about Chu Mofeng!

Of course, there are so many strong people in the Chu family who are still in the virtual world. If they are together, he will not win. But now, it is equivalent to dispersing them.

The three together, for the Chu family, is a big bang that has never been seen before, but for Shen Lang, it is equivalent to breaking one by one!

“Let's relax!” Chu domain said with a anger.

Chu Yunlong still maintained a good demeanor, but when he heard that Shen Lang did not put them in his eyes, he was disrespectful to his grandfather, and he also sank his face.

“We Chu family does not kill the unknown, report the name!” Chu Yunlong said coldly, it is a bit weird, I feel this person is a bit familiar, but I can’t say where I have seen it.

“Idiot!” Shen Lang smiled and stunned: “Listen, your grandfather, I am the sinking wave that you have been hurting! Grandpa is coming back for revenge today!”

The same is revenge, he used to reluctantly suppress the anger, so a very important goal Chu Yunfei, is to use iron pieces to live a decadent, and then burned!

But now that the parents are still sound, the mentality has been opened up, and they can calmly and calmly ridicule them.

“Shen Lang?” Chu Yunlong’s face changed: “Which is the first monk of Pingxi!”

“The first monk of Pingxi is in your eyes in Chuzhou, Yunzhou. Isn’t it the scum that you bully? You said that you wouldn’t move my family and friends. After I hanged in the forest of death, I also started to work with my parents. Dozens of innocent workers! Yue Jia is also picked up by you!”

Speaking of this, Shen Lang did not smile, and his anger rose.

He is coming to take revenge!

Not to give in because parents are still alive!

Because the other party will do his parents, it is offensive to his scale!

This is only because Mo Qi, a small person that everyone did not think of, was rewarded because of due diligence and intention, not the other person’s kindness.

Besides, Yue Baichuan Yue Bailun, what about them?

Some people in the Yue family suspect that he is tired. The two old men can still be considered quite interesting. Yue Gang can also come forward to deal with the aftermath, and it can be regarded as a benevolence.

What about those workers? The fate of these people is because of a revenge from the Chu family!

Since this is that Chu family, you must pay for the revenge of others!

“It turned out to be your beast!”

“There is a sky! Let your beast keep alive, let me take revenge for me!”

After all, they have not seen the waves, they may have seen the images, but they are only unclear. They all thought that they were dead for more than a year, and they didn’t think much.

Now I heard that this person is the Shen Lang, and the two of them are equally angry!

Their son? Chu Yuncheng, Chu Yuntian?

If Shen Langyi thinks wrong, if it is the father of Chu Yuntian in Chuyun City, he will not stop talking and will do it directly! Now I can’t help hearing his identity. It should be the father of the three Chu family who were killed in the dead forest.

“Does the sky have eyes? That heaven should let me send you to reunite!”

Talking, Shen Lang has moved!
