Chapter 272 - Toasting, not eating, drinking fine wine

Shen Lang looked at the palace owner. She was determined to ask him to ask for the inner lion of the golden giant!

“Sorry, no.”

This time he was clearly rejected, but the ice palace owner stared at his gaze and asked: “Is it not, or was it taken by you?”

“I took it, is there a problem?” Shen Lang’s face raised a smile and directly admitted.

“In addition, the thousand-year-old Yangshen discovered by Xie’s family is not as far away as Chu Yunfei, as you said, should you get it and take it?” The palace owner also smiled.

At this point, both of them are full of smiles, but they have nothing to do with enthusiasm and even politeness. They are all a little bit of a smile.

Shen Lang shrugged unscrupulously and did not deny it or admit it.

“You buckled this to Chu Yunfei’s head and wanted to make Xie and Chu home trouble.”

These are the numbers of Chu Yunlong used by Shen Lang before. They said in the comprehension group that it seems to have spread, so the Lord of the Ice Palace also knows.

“Right, there are three in Haitian Town. They have trouble finding Xiaoyan and the voice. You are helping to drag them. The result is that you can’t come back. You said that they were killed by Chu Yunfei. Actually... are they all in your hands?”

“Miyak, what do you want to say?” Shen Lang’s face cooled down.

Originally, he and Haitian Town had no grievances, and they would not grab his head. It was to help the rain, but actually helped them guard the snow fruit.

Now the meaning of the words in the main language of this palace is actually to use this as a key to force him to hand over the inner giant of the golden giant!

The palace owner has already let Shen Lang be disappointed.

“Nothing, just want to say, this information adds up, makes you very dangerous! I can think that others may not be able to guess, so the Ice Palace is actually taking a lot of pressure to shelter you.” Ice Palace Still keep a smile.

“Understood, I will leave.” Shen Lang nodded. “Is there anything else in the palace?”

“You misunderstood, not letting you leave. Instead, I feel that you should pay a little more sincerity!”

“Is it? Unfortunately, I have already eaten the inner giant of the golden giant. I have eaten the medicine of the first yang, and I have eaten it. Is the palace owner eating me?” Shen Lang satirized.

The lord of the palace smirked and smiled: “You, the child, dare to seduce me... Our ice palace does not repair the evil method of yang and yin.”

“...”

Shen Lang is full of black lines, he said to eat, not what to eat, is really eating him!

“Let’s do it. Seeing that you are also very sincere, it is better to take out the elixir, the bones and the skin that you still have, and see if we have what we need. Or... the golden giants Nedan and the first Yangshen are both It’s very masculine, it’s yours, it’s also in your body. Give a little blood to us, and the effect is barely acceptable...”

Shen Lang almost angered and laughed.

It turned out that it was not just the inner Dan who wanted the golden giant, this is to take all his income in the dead forest! Even put his blood out!

Looking at the lord's gaze, it fell on his ring, apparently guessing that the item was stored in this magic weapon.

“It makes sense. The elixir will give the ice palace, and it will definitely play out

The biggest effect; I also ate a lot of elixir, I absorbed it and then merged it. Putting my blood out, it may not be so overbearing, it may be better for refining. ”

“Yes. It's just like this. It seems to be a little wronged by you, so I would like to ask you to discuss it.” Gong Gong nodded and admitted that he did not feel excessive.

Shen Lang secretly sneered, this said! It seems that she is still very civilized to discuss, or else, he will be arrested directly!

“No grievances. But I am weak after I am seriously injured. I have too much blood sputum and I am wasting my waste. It is better to let me stay in the Ice Palace. I will be a blood donor, so that it can be effective for a long time.”

As for the irony of Shen Lang, the palace owner did not seem to hear it. Instead, he praised: “Yes, I think so. If you provide blood, we can have more medicine for a long time. Of course, you don't have to worry. We will protect you safely and will raise you well. If you stay, you can often see the rain falling.”

“Well, this is really great.”

Shen Lang applauded and made a fascinating look: “The ice palace seems to be a woman. I am a man who stayed behind. Isn't it in the country of the daughter? I really want to be happy! But the palace owner can't stand it. At the time, come to me...”

“Hey! To be honest, I don't think you are old, just afraid that nutrition can't keep up.”

“Ah! Yes, the ancient doctor has a cloud, a drop of fine blood! It should be more expensive than my blood, or I will not donate blood, donate directly to you? The palace will not press me Stay alone and swallow...”

“presumptuous!”

The lord of the palace can not see the sacredness of the swells, but the front can still endure, hear the back, so thin and thin, so she can not help but anger.

“Don’t be excited, although the palace owner is older, ugly, with the rain, the voice, even the Keling, just now, can’t compare, but close your eyes! Maybe you have experience, mouth First-class work? I can explode you hundreds of drops every day!”

When Shen Lang said this, he not only smiled, but also exaggeratedly raised his eyebrows, and his eyes were unscrupulously glanced directly at the chest of the palace.

In fact, this palace is very beautiful, it looks like it is only twenty-seven. It is the mature Feng Yun Fan, it has nothing to do with the old and the ugly. It is not much better than the rain, but in terms of the body’s richness, it is still better than the rain.

It’s better to compare it with the rain. But Shen Lang actually said that even the voice, even Ke Ling can not compare. How can she keep calm?

A woman, if she is very calm about her appearance and age, is often really old and never beautiful.

As the Lord of the Ice Palace, she said that she is “experienced and has a good job in her mouth.” Isn’t this a curse? Not to mention the last sentence, it is an insult to burst her mouth!

“It seems that you are toasting and not eating fine wine!” The palace owner coldened his face: “Then don’t blame me, you are welcome!”

“Hey, it’s like you just looked polite!” Shen Lang stepped back a few steps to the edge of the cliff.

“Do you want to jump? Hehe! Give me a fight and die?” The lord disdainfully sneered: “You can try it! Before you fall, I can catch you back. You are already a medicine I want.” Do you know the

bear bile? They are all bears of the living bears, and you are the same, will raise you and become a blood man!”

She stretched out her hand and there was a tens of meters of slender iron chains in her hand. She could use this thing to bundle the sinking waves back!
