

## First Strong 285

Chapter 285 - I know your secrets.

Gao Li and the Sovereign are both old, the realm is very high, and the cultivation of the mind is also very high.

They never thought about it, and one day they would be shocked again and again!

Jianling is a forbidden place in the Tianshan Jianzong. This is a secret. Ordinary disciples do not know this thing at all, nor do they know this place.

Only the core figures like the lord or the elder will know.

But they really don't know why the Jianling forbidden land, why it will become a forbidden place, what is inside.

The secret record that the lord can read is only a few words for Jianling.

According to the speculations of the predecessors, it is estimated that Jianling should be the sword of the first generation of the ancestors. That is the most symbolic thing of the Jianzong. It is the foundation stone. It will be repaired separately by the Jianling and banned by high-end arrays.

Because of this, they were already taken aback when Shen Lang said Jianling.

Shen Lang actually knew that they did not know the secret of Jianling, and said that he knew!

Two old guys, almost a little bit stunned.

“You, who are you in the end... Why do you know the secret of Jianling... Jianling...”

The lord felt that he could not continue. He did not want to believe that outsiders knew more than one of his lords, but the facts made his reason have to believe.

“Don’t think so much, I don’t have any intentions for your swords. I know that Jianling is still the relationship between the high and cold autumn.”

“You mean...” A move in the high centrifugation: “Is Jianling a cold autumn public?”

“Not bad!” Shen Lang looked at them: “Since you don’t know, then I can’t tell you anything. Still, just like I did, I respect you, so I will discuss with you in advance.”

Gao Li and the Sovereign did not laugh at it.

If Shen Lang really knows how to enter the Jianling, then stay here and look for opportunities to sneak into it, they may not have noticed. It will be an active statement, and it is really sincere.

“Can you...” The lord is finally unable to withstand it. If you can see the secret of Jianling before you die, it is a wish.

However, he also understands that his lord, the family did not even look in the eyes, to the face of the Tianshan Jianzong, or face the face of the cold autumn!

Therefore, if you are away from the elders, you can still learn a little bit of love. He has no love.

“Can you let the high elders follow in? Since it was built by Gaozu, I believe that the descendants should have no opinions on the entry of future generations.” The sovereign immediately changed his mouth.

As long as he knows it, he will tell him. If there is any gain, it is also the blessing of the sect.

Shen Lang glanced at him and looked at Gao Li.

The high distance here is a bit embarrassing.

From the beginning, he was in a high position. Even when the lord was under Shen Langjian, the tone was still hard, and the lord first bowed and softened.

But now that the news came out, it made him feel embarrassed.

On the one hand, Jianling is one of the biggest secrets of the sect, and he also wants to know about it.

On the other hand, this is still left in the cold autumn, as a descendant, he wants to know more.

But now the situation is very clear, just like the Qiushui sword, if you don't ask for the Shenlang, you want to force him, not only can't force the result, it is likely to be pitted like a sovereign!

It is really difficult for him to let go of his old face and ask for the waves.

“Well! If the elders are willing to follow, go in.” Shen Lang hesitated and finally spoke.

This said, let Gao Anan relieved a sigh of relief, and he was relieved of his request to Shen Lang. The sovereign was also relieved. Anyway, he has no face, no matter how much he loses his face.

“When is that time...” Zong

The Lord asked immediately.

“Look at the elders.”

When Shen Lang spoke, Gao Li immediately turned back.

“Don't worry, scabbard.”

Shen Lang reached out and took over the scabbard that he had flew over and put the Qiu Shui sword into the sheath.

Gao Li and the Sovereign exchanged a look with each other and they all had to take it!

What is enshrined in the altar of the sword is the sabre of the patriarchs of the past. Some of them are not so good, and some are really weapons of the gods. Qiu Shuijian is in it, and it is not obvious to the mountains. It is only because the cold and cold autumn has been used to be respected.

But no matter which sword, they can't summon the sword far away, not to mention the scabbard can summon the past.

For a time, they were a little more awed by this young man called Shen Lang.

Even if he is in general strength, but his origins are definitely not ordinary. The ancestors behind him are not inferior to the chilling ancestors!

The sovereign is that remorse!

I knew so mysteriously, I would cooperate with it earlier, but it would be a win-win situation. Why bother to get the end now?

Gao Li has a vigilance.

I remembered the choice of the Chu family that Shen Lang just said. If they follow the strong inertia of the inertia, they may fall to the end.

Although it is hard to bear with the loss of a sovereign, now it is to stop the loss in advance, and maybe there is another make-up.

“What do you mean by looking at me? Is the key to the opening of the sword to me?”

Gao Li could not help but ask, he thought of a point, he is a descendant of Gao Hanqiu, is it necessary to open a high blood?

“You think more.” Shen Langhehe smiled: “I mean, you are not trying to save the lord? Then I have to arrange for him to treat, can't do it here. When you arrange it, we can go to the sword at any time. Ling!”

Gao can not help but face the old face, it is really a peacock to open the screen for self-love.

However, this is a business, he did not dare to neglect, and looked deeply at Shen Lang: “You wait!”

Then he took the lord and hugged him and quickly left the cave. As for the half of the body, there is no need.

Shen Lang picked up Qiu Shuijian and looked at it.

“Old friend, I haven’t seen you for a long time!”

He is also really a bit embarrassed.

Qiu Shui Sword is not the same as the unsold sword, just like Gao Hanqiu and Zheng Man.

Gao Hanqiu was his friend in the same year, because he is the Tianshan Jianzong, and he is good at using swords, so Shen Lang gave this weapon of the gods to Gao Hanqiu.

Zheng Man is his follower, and the gap in the later period is huge.

For example, Gao Hanqiu is like a bleak or falling rain. The gap is not much friends Zheng Man is like a follower of Yue Zhennan.

If this world is breaking through the peak, it will face the catastrophe again. For Yue Zhennan and even Mo Qi, such followers, he will also give a part of the gift, but the degree can not be too high.

This is no longer a close relationship, but their strength at that time.

The sword that he did not use was used by him. It is also a sword, but it is not the same as the grade of Qiushuijian.

That can only be regarded as a weapon of the weapon, this is a magic weapon!

When the Qiushui sword is in the hands of the cold autumn, he must be recognized as the master. But the cold winter has already died, so Shen Lang reactivated the connection with it.

Because his original opinion has produced sword spirit!

In fact, this can also be seen, the high cold autumn of that year, is a friend he highly valued, in order to give such a gift. Because of this, he just borrowed in a win-win situation.

I did not expect that the current sovereign could not understand his kindness.
