

## First Strong 301

Chapter 301 - Shameless Master

After the name of the Tianshan Jianzong was spoken, everyone on the scene was surprised and revealed a look of ignorance.

“It turns out that he is the Tianshan Jianzong. It is no wonder that he dared to make a hard battle with the Chu family.”

“It’s just that the Tianshan Jianzong can’t be considered? Is there a lot of masters who have the real world?”

“It’s hard to say! Tianshan Jianzong is very mysterious, and it is relatively rare to communicate with everyone. No one can tell how their strength is.”

“Maybe this sinking wave is a pioneering general who reappeared!”

Compared with other people’s guesses, the canoe is really awkward.

A few days ago, she and Shen Lang played against each other. Shen Lang was not her opponent at all. As a result, it was only a few days after she disappeared. It was completely different. She also killed the Chu Mofeng.

At that time, he left the ice palace, and it is very likely that he went to the Tianshan Jianzong.

Although their teachers have the word Tianshan, because the Tianshan Mountains are too broad, everyone is not a neighbor. For the Tianshan Jianzong, it is not too much to know about the canoe.

But this is not much because it feels very little. She has to know more than most of the young people on the scene.

For example, the Qiu Shui sword, such as the high cold autumn, is known.

Gao Hanqiu is not the founding ancestor of Tianshan Jianzong, but a founder of hundreds of years ago. He started the reputation of the Tianshan Jianzong and brought it to a peak.

In the past few hundred years, there have been some well-informed and knowledgeable good deeds, ranking the top ten swords in the world.

These swords are not the swords that are famous in the world or used by celebrities, but the magic weapons recognized by the comprehension community! Every one of them has a great origin, and it has extraordinary power.

Qiu Shui Sword, said to be the sword of the high cold autumn, was ranked seventh.

Being able to enter the top ten and get the recognition of most of the self-cultivators is actually very powerful. It has overwhelmed countless swords. For example, the swords of the Tianshan Jianzong enshrine a lot of good swords.

In addition, Qiu Shuijian only shines in the hands of the cold autumn, and there is no one behind Tianshan Jianzong to show it.

This will inevitably make future generations doubt that it will be a big splash. Is it the relationship between Qiu Shuijian and the relationship between the user and the cold autumn? So it has affected its ranking to a certain extent.

“Tianshan Jianzong?” Shen Lang laughed. “Of course I have nothing to do with me.”

This answer, everyone does not believe, or do not want to believe.

Shen Lang came out of Pingxi. It was suddenly emerged and turned out. The Chu family could not investigate his details. The only thing that can be contacted, that is, the relationship of falling rain, makes the Ice Palace suspicion.

Now, if you know that he is from an ancient sect with a long history and is now very mysterious, everyone believes it can be accepted.

Otherwise, does it seem that they are too incompetent?

“It doesn’t matter? Then this autumn water sword... isn’t you stealing from the Tianshan Jianzong?”

Xie Daolin was just a little polite. He discovered the origin of the sword and suspected that he was a high-ranking ancestor of the Tianshan Jianzong, fearing that he would cause unnecessary trouble.

Now that Shen Lang said that he has nothing to do with Tianshan Jianzong, of course, he has deliberately detained the name of a theft sword.

Shen Lang slightly sneered: “Turn off your ass? Which green onion do you count?”

Seeing him is such a arrogant gesture, the young monks onlookers have no temper. I thought he was dead before. It seems that people really have this strength.

Only when the canoe is secretly anxious for him, why bother to say so ugly? Xie Dao Ling can be the master of the real world. He just saw the end of Chu Mofeng, and he will be extra careful. It is impossible to sneak up with the Qiushui sword.

“For the evil demon, the righteousness of the world, everyone can be smashed! You just sneaked and killed the master of Chu Mofeng, this is already a big sin, or theft of the sword of the Tianshan Jianzong...”

Xie Daolin shook his head and sighed, a pair of hate iron is not steel.

“I am the oldest one on the scene. It is necessary to stand up. You will bring the sword and let me take you to the sky! I can give you a chance to defend, but not kill you on the spot.”

Shen Lang turned a blank eye: “It’s all old foxes, what kind of little white rabbits are there? Put the sword on, take me to the Tianshan Mountains? This translates, is the sword for your own sake, send me to heaven?”

“Whatever you say, since I am a young man, I must stand up and let me go. I can’t let the heroes who are not present, we laugh at us as cowards!”

The meaning of Xie Daoling, everyone is the same conjecture as Shen Lang. If you want to \*\*\*\* a soldier and want to have a good reason, then you can do it.

Everyone can understand that in the end, it is a famous person. Can't you publicly say that you can grab it? But this last sentence is to take them out of the way, and disguised that they dare not stand up and move the waves into cowards.

This time, they have made a lot of anger. Whether they are envious or jealous, they have no idea of robbing, and have no hatred with Shen Lang. Why should they stand up?

“This old guy! I am hypocritical, but I have to make it shameless to step on us all.”

“Hey, today is a long-term experience, and I have seen the noble style of these real people and masters!”

“Hey! A little whisper, the hypocrisy is vengeful. If you let him hear it, be careful not to go today!”

Basically, everyone still dared to speak out, and at most privately whispered.

They dare not thank Dao Ling, and Shen Lang will not be polite with him at all!

I have just killed a master of Chu. Why are you afraid of a master?

“I understand it. The shamelessness of Xie's family is rooted. Your old man is very shameless! He wants to kill and win the treasure, but he describes himself as a hero and everyone else as a coward...”

“Qiu Shuijian is the seventh in the world? I feel that the sharpness of Qiu Shuijian can't pierce your skin!”

When the words were said, there were some young people who laughed innocently.

Qiu Shuijian can pierce Chu Mofeng, but can not pierce the face of Xie Dao Ling, how thick this face is!

Originally because of the gap in strength let them and Shen Lang feel a great distance, and now they talk, they are back again, in the end everyone is still friends!

Xie Daoling heard the laughter below, and the sharp eyes swept over, letting everyone scream.

At this time, Shen Lang was jumping and jumping from the cliff!

“Today’s protagonist is Chu Mofeng, your old man is not qualified! I will say hello to you thank you!”

When the wind came from Shen Lang, Xie Daoling immediately reacted and flew directly out of the cliff. It was necessary to chase the sinking waves. Otherwise, the death of Chu’s dozens of yesterday will be the Xie’s tomorrow!

Not to mention the lure of a magic weapon!

Others also rushed to the past, seeing that Shen Lang did not fall down the hill, but quickly flew away among the trees. Although Xie Daolin was a little late, but also chased the past.

Others, who want to follow the fun, are too late.

Chapter 302 - I will collect interest

The canoe was the fastest climber on the top of the cliff on the top of the mountain, watching the waves crash away from the cliff. She is actually relieved, I am afraid that this kid is going to do another job with Xie Dao Ling.

Before she had seen the means of Shen Lang, even if he jumped from this Biyun Peak, he should not have anything to do.

But watching Xie Dao Ling go with her, she has a hint of worry.

Shen Lang has succeeded today, including success in her previous years, but in addition to having certain strength, more is based on the plan and wisdom.

Now that Xie Daoling is chasing after him, it is not his opponent to talk about the stamina.

But she has no way, and does not say that she has missed the opportunity. Now it is difficult to catch up with the two of them. Even if she really catches up, she is not the opponent of Xie Daling.

Although other people are still unfinished, today's excitement is already very rare. Now that Xie Daoling has gone, it is a discussion that can be said freely.

Just now everyone did not dare to vomit Xie Dao Ling, and now they all began to talk openly. They all said that compared with Chu Mofeng, there is still a master style. Xie Daoling is really shameless.

Many people have no ulterior motives. I hope that Shen Lang can escape. Even if they want to thank her again, they will support it!

Those who are older or older are inconvenient to talk openly. Even if they want to watch the excitement, they want to see the decline of the Xie family, and they can't drop the words.

After watching the lively, one or two hundred monks on the scene, mainly two thoughts.

Some people want to hurry to leave Biyunfeng, where there is a signal from the base station, and quickly get out of the battle situation here, grab the first time the participation of the first scene.

The other part is much more mature. Large-scale gatherings of one or two hundred self-cultivators like this are relatively rare. Since they have come, everyone has to leave Biyunfeng together and witness the birth of miracles. Of course, there are many common topics that can make friends.

To put it bluntly, it is also a good friend!

For example, as the palace of the Tianshan Ice Palace, the canoe was surrounded by dozens of people. Everyone wanted to know the palace of the Ice Palace.

Legend has it that the disciples of the Ice Palace are some beautiful women. The palace owner wore a veil and could not see how old it was. But even if he is not young, he knows the palace owner and has a chance to know the young female disciple of the ice palace.

The canoe kept a high cold and kept a distance directly from the younger generation. Apart from the elders of some family sects, the young monks just nodded.

She also wants to leave immediately, so that she can know how the ending of Shen Lang is, and if necessary, save him.

Spend two flowers on each side and say the other side.

Shen Lang is not a reckless person. Xie Dao Ling has just been able to wait for his work. He saw the process of his fight with Chu Mofeng and learned all his routines.

The same way to go again and again naturally does not work, so he is very polite to thank Dao Ling, but at the same time is ready to evacuate.

This is not a confession. The purpose of his re-entry today is to kill the Chu Mofeng and to complete the goal. Xie Daoling is a half-way slaying.

Want to escape in front of a true master, can not be solved first by jumping off the cliff, Shen Lang relies on the holy armor!

When the body fell to half, he had already started the flight function of the sacred armor, but it was the height of the trees below the hillside, and it was a quick flight.

Of course, this is not to be too exaggerated – above the peak of Biyun, there are one or two hundred self-cultivators looking at it!

At the height of the trees, on the one hand, it is a little farther from the peak. On the other hand, there can be a cover of the branches, which will have some interference to the line of sight.

This plan is correct. The only shortcoming is that it has gone a little slower and more time to land. It gives Xie Dao Ling a little more time to pursue.

However, there is only one person in Xie Dao Ling, Shen Lang is not so much scruples, flying for a while, when Xie Dao Ling is about to catch up, fiercely accelerate, and then directly smash people!

Of course, the holy armor can be counted on the head of the flying magic weapon, but let one or two hundred people see that he has such a powerful flying magic weapon, spread it out, and add the autumn water sword, there will inevitably be many people to kill him to win the treasure!

Even if he is not afraid, he does not have so much time to be vigilant and waste.

It is not a problem for Xie Daoling to discover. This is the sword that wants to \*\*\*\* him. It will only be more exciting than spreading it out.

After Shen Lang opened Xie Dao Ling, he did not leave Yunzhou quickly. Instead, he came to Yunzhou City and went directly to the headquarters building of Dachu Group.

The floor-to-ceiling window of the office of the chairman of Dachu Group is oriented to the direction of Biyunfeng. Someone was far away, waiting for good news from there.

Suddenly, a man suddenly appeared outside the glass!

When the people in the office were not ready, the glass was broken and the outside people came in.

This is a twenty-story high-rise building. It is impossible for ordinary people to appear outside. The people who come in like this will come up with the answer.

“You, who are you? How come, how can it...” The chairman of the board of directors asked nervously.

“Chu Moting is it?” Shen Lang sat down directly in the chair of the chairman.

The person inside was silent, and then slowly asked: “How is my brother?”

“Dead.” Shen Lang said directly.

After listening to the court, Chu Moting was shocked, but did not speak up. He is very clear that if the elder brother is not an accident, it is impossible to let Shen Lang kill a carbine.

However, he couldn't understand why he would die in the hands of Shen Lang in the district!

"You moved to a senior?" He couldn't help but ask, this is the only possibility.

Shen Lang couldn't help but laugh: "Is it strange? Is it worthy? I kill him like a dog!"

"..." Chu Moting sighed: "When you become a king, what do you want?"

"I came to collect interest!" Shen Lang knocked on the table: "I have just publicly announced As long as the Chu family does not seek revenge, I can see it as one hundred and two clear. But the interest still needs Received!"

"What interest?" Chu Moting asked with patience.

"You are not so pure? You have said that the defeat of the king, I have publicly promised to let go of other people in Chu, how many hundreds of large and small, do you need to pay a little price?"

Shen Lang is a bit uncomfortable. In fact, if he gets compensation in Chu Mofeng, he will not come, but there is nothing good in Chu Mofeng.

"You open it. I try to be satisfied!" Chu Moting smiled and sighed.

"Take me to the accommodation room in Chu Mofeng, I want his collection!"

"You!" Chu Moting was a little angry, but then calmed down, this time for a while, without the support of his brother, not to mention the killing of the gods in the face of Shen Lang, is to face other martial arts families, have to hold their tails It is.

".....it is good."

Chapter 303 - Search Chu Mo Feng Treasure

Shen Lang did not directly ask Chu to ask for anything, this is the key!

Chu Mofeng did not carry anything, not because he was afraid of being taken away by Shen Lang, but never thought that he would lose!

Therefore, in normal terms, his collection does not have a way of arranging the inheritance, so that other people in the Chu family can be divided, and it is likely to be in his residence.

Chu Moting is the younger brother of Chu Mofeng. Among the people who live in the Chu family, they are high-ranking. However, his strength is much worse. He has been practicing to the present age, but it is only in the late stage.

In the end, it is also quite powerful. Just like the Yuebaichuan brothers, they only came back to the early days of Yuanyuan, and they were far away from the beginning of the virtual world.

However, the Chu family's heritage is different, and the exercises and resources are not comparable to the Pingxi Yue family. The Chu family headed by Chu Mofeng is also one of the core elites in the late stage of the virtual world.

It is not as good as the brother-in-law, but also inferior to Chu Zixiong, including his own son.

Originally, his age would not be too much. More than a month ago, the core elites such as Chu Yuxiong, Chu Yuhai, and Chu Yuwei were all degraded. Chu Mofeng was not there, and Chu Moting had to come out to preside over the overall situation.

Nowadays, he shoulders the great events of the Dachu Group and the Chu family inside and outside. Looking for revenge for the Shenlang, there is a Chu Mofeng to complete.

Now, in the office of the chairman of the Dachu Group, looking at the enemy who killed his son and grandson, Chu Moting is not the only revenge!

He has lived to this age and has no chance to go any further. The original hope was in the son of his grandson. After the Chu family suffered a major disaster, he was forced to think at a higher level.

Like Chu Chuxiong, he began to look at things from the perspective of family development.

I just learned that even my elder brother has fallen, it is not a problem of family development, but a question of survival!

Compared with the entire Chu family, the hatred of his sons who have died can be suppressed.

Besides, even the winds of Chu Mo are dead. What else can he do?

Revenge is just an excuse for the other party!

So he did not hesitate for a long time, he agreed to the requirements of Shen Lang.

Shen Lang did not fly any more, just holding the Chu Moting, sitting in his chairman's car and going back to Chu.

Along the way, Chu Moting was silent, without any resistance, which made Shen Lang a little speechless.

It seems that Chu Mofeng is not only the backbone of the Chu family, it is a spiritual totem! After knowing that the wind was dead, Chu Moting had no sense of rebellion.

Perhaps it is because Shen Lang can kill Chu Mo, then it should be able to destroy him?

When I arrived at the Chu Family House, Chu Moting came directly to the building in the middle with Shen Lang. It was the place where Chu Mofeng lived.

He also explained that Chu Mofeng is often a cloud tour, not necessarily how much time to live here, others do not dare to turn over, it is not clear what is there.

Shen Lang did not care to send him out, and then began to search for himself.

Today, I successfully killed Chu Mofeng. Shen Lang was not too surprised. This is planned to be practiced countless times in my mind. It is also a must.

But he ran to the residence of a master of the real world to search for treasures, but he did not think of himself.

It is estimated that Xie Daoling did not think that he would be here in Chu Mofeng?

From the time of coming in, the knowledge of Shen Lang was investigated. There are many buildings in the entire house, but there are no people living, they are all empty.

Today is New Year's Eve, it should be the day of reunion at home, but because of his appointment, I have experienced the disaster of more than a month ago, so that the survivors have a lingering fear. It is estimated that they are hiding in relatives and relatives, or directly to the field. Go on vacation.

So better, Shen Lang does not want to do anything, really want to hurt the old and the weak.

There is nothing in the building of Chu Mofeng from top to bottom. It's not that there are no items such as decoration and decoration, and antiques and calligraphy are more powerful than many collectors.

The key is that there is nothing good to help with cultivation!

After some searching, Shen Lang also unknowingly put a lot of antique calligraphy and painting into the storage ring, and finally locked the target in the study.

The study's decoration is antique, with quaint tea sets, some ancient books, and even a guqin.

If this happens in the home of a modern big boss, it is an arty style, but it is really a classic fan.

After Shen Lang's inspection, through the full observation of the gods, behind the bookshelf, to the back of the wall, there should be a few square meters to the space.

But in this mezzanine darkroom, he couldn't explore it, and he removed the bookshelf and found no organs.

It is almost imaginable, this should be a layout method to hide this dark room. And this array of law, even Shen Lang can not be seen at a glance, it is still a bit complicated.

It is true that, with a little more time to study, Shen Lang is confident to crack this battle.

But Xie Dao Ling is still in Yunzhou, perhaps misleading. Maybe he didn't expect him to come to Chu Mofeng here, but what if he woke up?

Chu Moting has just been honest and has no resistance, but now outside, will he be honestly waiting?

If he calls Xie Daolin to call them, he will soon come over.

Shen Lang does not put Chu Moting in his eyes, but Xie Daoling, still can't despise.

So after a simple attempt, he took the Qiu Shui sword directly and directly opened the tactics in a violent way!

After the opening, a broken dark room appeared behind the bookshelf.

When Shen Lang entered, it was only a few square meters. Compared with the spaciousness of the outside study room, it seemed very ruthless. The things piled up inside were quite crowded.

Look carefully, he is laughing and laughing!

The first thing that shines in the eyes is the gold bars that piled up the wardrobe!

It seems that Chu Mofeng is not an old age, has experienced many changes in the times, and is still obsessed with the hard currency of gold.

There are at least a few hundred pounds of gold here, and the current price of gold is also worth at least one hundred million!

The value of one hundred million, for the stock market, is nothing at all. But one hundred million in cash is really a small start-up capital. As long as the children are not too bad, this can be used as a renewed principal.

Since the search was made, Shen Lang was not polite, and all of them were collected. In addition, from a box, found 50 medium Lingshi!

It is estimated that the elementary Lingshi has already been handed over to Chu Shixiong for management and distribution. Only the middle Lingshi will supervise it.

There are also some small boxes, which are still locked, so that Shen Lang is excited to use a sword to break the lock.

The result is the secret of the Chu family's exercises!

This is useless garbage for Shen Lang!

But think about the better the Chu family has grown up, the more likely he is to find revenge for him, and he will take it all away.

Some other medicinal props are also accepted. Finally, two things for the high places, it is a surprise for Shen Lang.

magic weapon!

Still two!

Chapter 304 - Yin Xie Dao Ling

Just at Biyunfeng, when Shen Lang killed Chu Mofeng, he also collected his Tianling Bell, which is also a magic weapon.

But who is more like this magic weapon?

Even if you don't use it, giving away is a great human feeling. What's more, the strength of Shen Lang is not yet in the realm of ignoring the magic weapon.

These two magic weapons, before Shen Lang and their imitation fakes have met.

One of them is a \*\*\*\*\* boat, which is the same magic weapon. Before Chu Yunfei fled in the dead forest and framed the sinking waves, Chu Mofeng was based on this imitation.

It is a one-time consumption of props, and the magic boat is a real magic weapon, no matter the speed of flight and the length of flight, it is not comparable to the imitation.

In addition, it is called a hybrid bullet, which is a magic weapon similar to launching a cannonball. The last time Chu people were thrown over and bombed the entire hotel was the imitation prop of this thing.

It can't be said that this is a reference to the design of the artillery shell, and it is very likely that it is the same idea, or that the former has seen the shells inspired by the magic weapon at the moment. After all, the invention of ancient gunpowder originated from alchemy.

The effects of these two magic weapons need not be said, as can be seen from the one-time imitation props that I have seen before. However, their cost of use is also very large, and it is necessary to consume Lingshi as a driving force.

After receiving these two things, Shen Lang was satisfied.

When he was busy in the work, he did not forget to separate his mind and pay attention to the situation outside.

Chu Moting is very honest, just staying outside, looking helpless, and occasionally answering the phone, is also simple to deal with, and did not call people to report.

This made the harvesting waves very satisfying, but at this time, he felt a strong presence and landed in the Chu family house.

Xie Daoling!

Although Xie Daolin was opened by him, the big direction was still seen. However, after tracking to Yunzhou City, he doubted it again. He felt that Shen Lang is likely to be related to the Tianshan Jianzong. This is to flee to the west.

So he quickly chased the past, and there was no trace of the waves in the search, and he reversed his thinking. Perhaps Shen Lang is guessing his guess, so don't leave, but may go to the Chu family!

Besides, the Chu Mofeng is dead. The Chu family has no successors of other people's strength. The collection of his life and the treasures of the Chu family's ancestors also made Xie Dao Ling awkward.

Just right to protect them from staying, excuses to search for Shen Lang, turn the Chu family to the bottom!

After the decision, he immediately returned to catch up, with his strength, so back and forth, but also able to support.

After coming over, Xie Daolin's knowledge immediately searched for Shen Lang and instantly rushed over.

Shen Lang has already appeared on the roof at the moment, and the official Shenzhou boat stepping on his feet.

“Go back and reflect on it! Don't want to thank the family for getting the same end, just look for me to seek compensation and compensation. As long as the sincerity is enough, I can let you have a horse!”

Xie Daoling recognized the Chu family's magical magic boat, could not help but have a red eyes, Chu Mofeng's collection, Chu's treasures, has been the first to get this kid!

“Let your mother get a fart! Leave it to Laozi!”

Xie Daolin's people leapt directly, and at the same time almost controlled the space of this large piece!

Shen Lang was prepared, and he also saw that he seemed to have signs of putting a magic weapon.

Although I really want to take the magic weapon of Xie Daoling, I still have the safety first. When I spoke, I have already spurred the magic boat. When Xie Daoling took the shot, it quickly passed away and disappeared immediately. Sky!

It is necessary to rely on the speed of the individual to catch up with the flying magic weapon. Xie Daoling can't do it. Under the anger, he took a picture directly and took the building where Chu Mofeng lived and collapsed!

Chu Moting looked at the scene where Shen Lang left, and already knew that the ancestral magic weapon was searched and scraped away.

This made him lose his heart and soul. As a child of Chu, he simply saw his ancestors.

Then Xie Daoling took a shot and collapsed it, letting him burn in anger!

The magic weapon that has been stolen will not be destroyed after all. If the family has excellent children, one day it will be strong and it can still be retrieved. After all, that thing was not the invention of the Chu family, and it was also robbed.

However, the buildings destroyed by Xie Dao Ling are different. This is the place where the owner lives, and is the most important place for the Chu family. Destruction is a great offense and contempt for the Chu family. Although it can be rebuilt, the meaning is different.

Moreover, the ancestral halls of the Chu family are connected together, and this palm is shot together with the ancestral hall of the Chu family and the ancestral tablets inside!

Shen Lang flew directly to a city hundreds of miles away before he took the boat and continued to pack a taxi.

Now Xie Daoling is still staring at him, still be careful.

In the car, he went to WeChat again to see the information in the group.

Everyone who came to the scene today has already left Biyunfeng. After the signal, everyone talked freely in the group.

It is a group of young people, and there are no people from Chu family or Xie family. There is no need to have so many scruples.

For the Chu Mofeng, of course, everyone will not spit anything out, after all, the deceased is big. But Xie Daoling, because it was ugly at the end, it became the focus of Tucao.

The more and more sturdy, the more and more people have begun to worship, in the end is to see with their own eyes, it is not the same feeling. And in the end, when they dare not speak, Shen Lang is also thanking Dao Ling.

As for the results of the two of them after leaving, it is also the focus of everyone's attention.

After Shen Lang finished reading the information, he opened his mouth again.

“Thank you for your concern, I am fine, Xie Dao Ling did not catch up with me, but I suspect that he is only a blind man to chase me.”

As soon as he appeared, it immediately sparked everyone's hot debate.

“My grass! The wave brother appeared! Sure enough, it is the wave brother that the master can kill!”

“Today is really good! Receive a younger brother?”

“Is Shen brother really a Tianshan Jianzong?”

“Lang brother is not injured today?”

“Lang brother said that he wants to drink with us! The result is running!”

“Why is it that Xie Daoling is a fake chase after you?” Someone also asked the key points.

Shen Lang replied with the preparation: “Because I found out that he went to Yunzhou. As for drinking, I was prepared to drink with everyone at Biyunfeng, but you also saw it, halfway through. A thank you. I don’t dare to brag that I can kill two masters in succession I can drink together, or talk a few words in person, so that everyone can have no regrets. But now it is like this, there is nothing to say. .

“Yes, Xie Daoling, this old guy is also shameless, how can the masters fight in the wheel?”

“You said that he didn’t chase you, but went to Yunzhou? Go to Yunzhou?”

“Is it! I know! Chu Mofeng master died, Chu family group dragons have no head, he must want to grab the various magic weapons of the Chu family ancestors!”

“Rely! Shameless! Is this OK?”

“It turned out to be like this! I just heard the news that the Chu family house seems to have been collapsed. I asked if this is the case!”

The rhythm was brought up immediately, and the person who asked the question quickly replied, saying that the Chu family defaulted to being destroyed by Xie Daoling!

In this way, you don’t need to talk about anything more, and everyone is thankful that Dao Ling is shameless. A bit of a brother, this is not for Chu Mofeng to collect the body, go directly to the Chu family!

Chapter 305 - Return to Pingxi

The rhythm is brought up, and the waves will not matter.

He did not say that the Chu family was to let Xie Daolin robbed, but given such a guide, others would naturally piece together.

This kind of yelling to the mausoleum will only result in a reputational impact, and may not have substantial trouble.

But if you don’t come first, then when Xie Daoling said that he had taken away a few magic weapons from the Chu family, it was late!

I believe that the people of Xie Dao Ling must be more than those who believe in him. The people who dare to move the waves are certainly more than those who dare to thank the Tao.

Now, through the young disciples of various factions, it is more credible than Shen Lang's statement. The spearhead will point to Xie Dao Ling. Even if Xie Daoling opens again, no one will believe him.

Today's New Year's Eve, all kinds of transportation are very busy, taxi drivers are not willing to run too far, and finally helpless, Shen Lang can only go to the airport.

It's already New Year's Eve, and I've been going home in a variety of ways. It's not a city with a lot of traffic, but I bought him a ticket.

In the evening, Shen Lang returned to the airport in the city next to Pingxi, and he couldn't get a car. He simply flew back to Pingxi with a \*\*\*\* boat.

Parents are not there. This place of life in this world is just a hometown. There is not much to remember.

Desolation (Zheng Yumeng) has already passed the Zheng family's way to help him get a fake passport certificate. After completing the revenge on the Chu family, you can go out and meet your parents first.

As for the Xie family, still have to take revenge, it can ease.

Shen Lang will be back to Pingxi today, the key is that there is still one thing left!

Mo Qi.

This is just a superb warrior. Don't say that the gap with him is huge. It was the first time I saw it, and it was not in my eyes. But I did not expect to accept this extraordinary warrior, but it has played a huge role in saving his parents.

There are hatreds to report, there are more to report!

Mo Qi went to Licao County because Shen Lang asked him to protect his parents. After the confluence with the desolation, the Shennan couple was transferred abroad and his mission was completed.

But he still stayed and waited for Shen Lang to come back.

His firm confidence in Shen Lang is actually the same as the bleak. He thought that he was controlled by Shen Langyuan. Since he did not die, he said that Shen Lang must still be alive.

After seeing her for more than a month, Shen Lang also let her contact Mo Qi and let Mo Qi return to Pingxi City.

This time, he came to find Mo Qi to report. After arriving in Pingxi, I first found a hotel to stay.

On New Year's Eve, I still need to come out to live in the hotel. I am still alone. The waiter on duty, MM, casts a sympathetic look on him.

After arriving at the room, Shen Lang opened the previous mobile phone card, and then sent a message to Mo Qi's number, told him the hotel and the room number, and let him come over to meet.

After turning on the mobile phone card, he also logs in the long-lost micro signal.

More than a month ago, he had just come out of the dead forest. After logging in to WeChat, he received various information and he was stimulated. After starting the revenge plan, I bought another card.

Now maybe I haven't boarded WeChat for a long time, and watching many of the groups inside, it seems to be another world far away.

However, it seems that his heart has received a little warmth!

Because there are classmates like Jianghe.

At that time, his factory had a fire, burned a lot of people, his parents died, and he disappeared. In the class of students, it caused a sensation.

Later, everyone walked along the path of their own life, admitted to college to go to college, did not take the upper vocational school, and some directly worked.

Then, of course, there will be a new circle of friends, and the classmates will become deserted. I also waited until the Chinese New Year last year, when someone greeted the gathering and the like, it was a little more lively.

This year is also the case, and it has been deserted for a year. When the New Year is over, some students who have studied in the field have returned to Li Cao. When they want to meet with Zhang Luo, they are active again.

When the river last year, there was a separate message asking about Shen Lang. Even if there has been no response, he will ask about it after a while.

Now in the New Year, he has a private letter asking if Shen Lang has returned to the New Year, and repeatedly inquired in the classmates, asking if anyone knows the news of Shen Lang.

This is the best classmate before Shen Lang. After he came back, he did not contact the river. On the one hand, he was worried about the Chu family. He was afraid of being tired of him. On the other hand, he thought that everyone's road was different. The farther it is, there is no need to add any more sadness.

Now I see the message from Jianghe, let him feel a warmth in his heart, and understand that in the eyes of real friends, it is not because you are well mixed to find you, but the more you don't have the news, the more you worry about you.

He felt that he should see the river once, even if he said goodbye in the future, he would not regret it. At least people know that he is still alive and living well.

From the chat records in the group, Shen Lang also knows the current situation of the river.

His grades are not good, he did not go to college. After he graduated from the college entrance examination, he was driving a truck and earning a little hard money.

Shen Lang is going to help him, not directly giving him much money, but letting him have a career.

In addition to the rivers, there is also a persistent, Yuezhennan.

At the beginning of Pingxi's incident, Shen Lang was mainly known through the message of Yue Zhennan.

After being killed by the Chu family, Yue Baichuan and Yue Bailun, there is no pillar at all. Together with the official representative of Tian Luning, and other comprehension martial arts families, the Yue family has fallen for a year and a half.

At that time, the Yue family, which was famous in Pingxi, is now in a storm.

Yue Zhennan left under the instigation of Yue Gang and left Pingxi to hide. But in fact, he did not stay away, that is, hiding in the palace of the king's graveyard to practice!

Every time, he needs to buy food and drink water, and every time he will see if there is any information about the waves.

Like the rivers, it is also an irregular message.

He received his message today and said that he is coming back for the New Year. I also heard that Shen Lang is back, and I have already found a revenge for the Chu family. I hope I can see him again.

Shen Lang is also a bit embarrassed. The Yue family was afraid of him and he was tired. The final result also proved that he was really tired.

Everything started in the early days of Yue Zhennan. From being curious, admiring and following, he was implicated in the Yue family. Otherwise, Yuejia is still a big family of balance power in this small place, Yuezhennan South is also a son.

Since I am back, I don't know when I will come back later. I will also see Yue Zhennan once and give some compensation to Yuejia!

He then returned the message to Yue Zhennan.

Chapter 306 - I will change 1 cut

Mo Qi was rushing to the hotel as soon as possible. When he knocked on the door and saw Shen Lang, he was excited.

“First, sir...”

“Come in.”

Shen Lang let him in, and Momo was excited, then bowed to him.

“This makes it impossible to make it impossible!” Mo Qi busy flashed to the side, and he was forced to hold up the waves.

Shen Lang said seriously: “You saved my parents, just like my own savior.”

“That's all I should do...” Mo Qi was so seriously praised, and a little cramped. “In fact, I am incompetent. Otherwise, I will not burn the factory. There are so many workers...”

Speaking of the workers, he looked a lot bleak.

I have never seen Shenlang's parents before the desolation, and everything is for the sake of the waves. Falling rain is to go to his house to eat, and the feeling is different.

And Mo Qi is not only protecting the Shennan couple, his identity is supervised at the factory, although nothing is done, but for the sake of safety, he has clarified the situation near the town, let alone everyone in the factory. .

So for others, including Shen Lang, those dozens of people are just a bitter number. But for him, it is dozens of lives! Although there is no personal relationship, it is also a group of people who correspond to each other!

Mo Qi's look makes Shen Lang imagine his feelings. He is still like this, completely acquaintance parents, the feeling is deeper!

"Do not worry! I have already avenged everyone, and the biggest thing behind the scenes has been solved."

At the level of Mo Qi, I was not exposed to the situation of comprehension. Shen Lang did not say much, but simply expressed it.

"I know, I know that Mr. will be..."

"You sit down, I want to repay you!" Shen Lang did not say that he was scared to control him: "The previous ban on you, I will immediately lift, and let you become a comprehension!"

Mo Qi opened his mouth and did not make a sound.

He originally wanted to be a guest, saying that it was his mission, not asking for a return.

However, the freedom to release control and the realm of the comprehension he longed for made him unable to refuse.

In the same year, Shen Lang once promoted Yue Zhennan and Zheng Yumeng to Guiyuan. Now his strength is far better than that of the original. It is not difficult to promote Mo Qi to the Yuan Dynasty.

Mo Qi resources have a poor foundation, and there is no such super talent as Zheng Yumeng's rain, but the victory is hard enough.

At the beginning, Shen Lang upgraded him from the six-segment super-martial warrior to the seven-segment. In the past year, he relied on the resources of the treasures that he had given earlier, and his hard work and hard work. It is.

He is still very proud of this achievement, and feels that for another year or two, he may be able to break through to the nine paragraphs. After five years, maybe you can become a self-cultivator. If Shen Lang returns, give him more resources, maybe in two or three years.

But now it is discovered that the current Shen Lang, with the boy who had punched his master at the beginning, has a huge difference!

Just a short while, Shen Lang directly promoted him to a realm he did not feel, and made him a self-cultivator!

Such an opportunity can only be one time, but also because of the rescue of Shenlang's parents, so he cherished it very much, and immediately combined with the basic cultivation practice taught by Shen Lang, began to comprehend himself.

“Now, you are already a self-cultivator. I teach you your skills and it is suitable for you at this stage. If you work hard, you will have a chance to go further.”

“Thank you, thank you! You are just mine...” Mo Qi was very excited.

He wanted to say “Master”, but he remembered that his master was blown up by Shen Lang, and he did not say it. However, immediately squatting under the gimmicks, it is an expression of the courtesy of the apprentice.

“This is what you deserve.” Shen Lang let him get up: “I will say it clearly, you still have a chance to go further, but because of the relationship between age and talent, plus cultivation to the back, you need to consume a lot of resources. Want Very high and not realistic.”

“I am very satisfied!”

Mo Qi said that he is sincere. He only hopes to become a self-cultivator. As in the place of Pingxi, he can already be the backstage of others, instead of offering a beating as before.

This was given to him by Shen Lang, and he had achieved his long-term goal in more than a year. If you follow Shen Lang, it is still possible to go further and further.

But he also has self-knowledge, he and Shen Lang have a huge gap, want to follow and can not keep up with others' footsteps.

“Follow me to go to Yuejia! It is your old club.” Shen Lang looked at the time and prepared to go out.

“Yes.” Mo Qi answered with a voice, and then a little emotional: “Yue family has been more than a year, it is not good...”

“Reassured, I am back. I will change everything!”

Mo Qi was excited, and there was no doubt about Shen Lang’s words.

On the side of Pingxi, the comprehensible can almost walk sideways. In the past, the Yue family was not the Yuebaichuan brothers, so they needed help from these extraordinary warriors.

A year and a half ago, Shen Lang was the first in Pingxi. Now he can turn him into a self-cultivator, and he can change everything!

Then come to Yuefu Garden, Shen Lang and Mo Qi are quite embarrassed.

Knowing that Shen Lang is coming, Yue Gang has personally greeted him at the gate of the community. For the protection of his son, he did not let Yue Zhennan stand here.

After going to the Shenlang ceremony, I explained it.

Shen Lang does not matter, Yue family is now a bird of surprise, Yue Zhennan is the only seedling of the family’s future hope, it is good to protect.

Yue Gang came with their own home, and did not inform other brothers, purely a personal friend’s reception.

“Lang brother!” Yue Zhennan has already waited, excited to rush over. “Mr. Mo Qi is here too!”

“Two sons.” Mo Qi still maintains his previous attitude.

A year and a half apart, Yue Zhennan looked at the “swelling up” of a little bit of the waves, but also victorious is just growing up! This is simply a great change in life!

Similarly, Shen Lang is also on his body, and he saw that Yue Zhennan had a clear transformation. After the vicissitudes of his son, he began to feel a little manly.

“Mr. Shen, the matter of the Order of the Order... I am sorry, it is our love of the Yue family, and it is your trust.” Yue Gang took the initiative to apologize.

Although he understands that Shen Lang will not blame them, it is not that they can stand it, but still bear the responsibility, so as not to affect the attitude of Shen Lang to his son.

“Nothing, I should thank the Yue family. When I am no longer, you are doing what you want, and I will give enough compensation to the injured and injured workers.”

Shen Lang is not very heavy, because parents are still alive. But in their opinion, of course, it is easy to do not want them to have too much pressure.

“Hey...hey!” Yue Gang was just a bitter smile, and did not say anything about the Shennan couple, so as not to make Shen Lang sad.

“I am coming today, thank you. I want to bring back what belongs to you!” Shen Lang spoke directly.

Chapter 307 - Go back

The words that Shen Lang said, it is to make Yue Gang a little embarrassed, not very good to pick up the following words.

Yue Zhennan looked at it and only said to him: “Lang brother, after you came back, we also heard a little. You killed dozens of Chu family and avenged all the victims of the fire. It is also equal to avenging the experience of our Yue family. But”

He paused and sighed: “The Yue family has been declining, it can be changed without a moment. There may be more dangers, so”

“I understand your worries.” Shen Lang interrupted his words: “You support and believe me, but you should consider it for the Yue family. I am offended by the Chu family. If you are in the forefront, wait for the Chu family to come back. There is a danger of destruction.”

The two fathers and sons of Yue Gangyue Town nodded silently. If they were only personal, they could choose to force the waves. But now the family has received a lot of pain, they are now under pressure and can't get everyone to gamble.

“Your news is slower, you should haven't heard it yet.” Before they doubted, Shen Lang himself announced the answer: “I have already killed the most powerful Chu Mo in the Chu family today!”

They were sluggish, and after a while they showed a shocked look.

Originally, they were not able to reach the Chu family. However, last year, a small group of people could crush them. Afterwards, they did not reveal the traces and killed Yue Baichuan Yue Bailun.

Therefore, they do not need to know the difference between the virtual environment and the return to the realm, and do not need to know the power of the real world. Just this contrast, you can know the Chu family's power.

It is also from last year, they are no longer at a glance, but will be more inquiring about all aspects of the news. Although many messages are backward because of the level of contact, they are somehow learned.

Chu family is not that they can compete, so even if the old father was killed, the family was completely suppressed, Yue Gang can only be like a grandson.

The waves that picked up after Shen Lang's return came to them, which made them more worried, for fear that they would be dragged again.

Today, my son sneaked back to the New Year, Yue Gang was happy, but he was worried that he was contacted by Shen Lang.

Now I heard that Shen Lang said that the Chu's most powerful Chu Mo has been killed, making them really unbelievable.

“Chu family, there is a plate of scattered sand. What they are facing now is how they are not smothered by other martial art families. They will not dare to reach out to Pingxi again. As for the Pingxi, they are supported by them, they should spit out the embezzlement. It!”

I wanted to be at the Chu family here. Shen Lang used the power of one person to force the factions to force them to succumb.

As a result, after he was left in the forest of death, these guys got up. Doesn't that mean indirect attack? Even if Yue Jia insisted on it, he would have to breathe a sigh of relief.

Yue Gang and Yue Zhennan exchanged a look. Yue Gang has the identity of the owner and is not convenient.

Yuezhen South is a bite: “Good! You want to do them, I will follow you! The dead birds are in the sky, afraid of a hammer!”

Shen Lang looked at Yue Gang: “I need you to provide the detailed address of each of their various families, and I am here for the New Year. I will solve it for you. To be detailed!”

Although Yue Gang felt that the risk was quite big, the last time he was quite sloppy, the result was that the old father and the old man were both pitted.

But now the Yue family is getting tougher. Two sons can't come back when they stay abroad. The other one lives a dark life. He also feels wrong.

“No problem! I have been oppressed by them all the year. I have been asking for help one by one. It is still very clear.” When he said this, he was still a bit bleak.

Well, he is also the owner of the Yue family. The Yue family is on an equal footing with their various factions. Even if he has already gone downhill in his hand, he can still stand up with his father. The result was that because of the appearance of Shen Lang, the eyebrows exhaled for a month, and when they did not rise, they fell quickly.

In addition to clearing the detailed address, Yue Gang also described it one by one. Because he is not a self-cultivator, he is afraid of dragging his legs, or else he wants to go together.

“Yes! I will go back when I go. If you don’t mind, I will be eating New Year’s Eve with you tonight!”

“Of course I don’t mind, it’s our pleasure. Go now? I will arrange the car!” Yue Gang said.

Shen Lang shook his head: “No need. You all follow me to see it!”

Yue Zhennan thought that Shen Lang drove over, and Mo Qi was unconditionally convinced that there was no doubt.

The two of them followed the Shenlang out and did not react, they felt like they were flying!

When Yue Gang came out, he found that they had no shadow!

Shen Lang used the \*\*\*\* boat, and brought them directly together. They are all in the small place of Pingxi, and soon they are near, then reduce the speed and height, corresponding to the detailed description of Yue Gang.

In fact, you don’t need to look carefully. He directly screened out and sorted it out.

The first one they went to was Ye Family!

According to the information revealed by Yue Gang, although it was the five factions that had been suppressed by him before, they re-pushed back, but there are still differences.

Cai Shuming, like Linghe Boxing, and several of their veterans have reached the strength of the late Yuanyuan, and that night was directly blown up by Shen Lang. Ye Long of Yejia and Li Shengyi of Daxuanmen were all abolished, and contemporary heads such as Ye Shifeng and Li Hang were killed in the Palace of the Tomb of the King.

In the evening, there were still some people who had been killed in the Yuanyuan. They were all badly hurt, and the super-wu heroes in the back did not participate. But still look at the foundation of each family, the death and injury in the night is less, the natural stamina is stronger.

Although Li Shengqi and Ye Long have been abolished, their life experience is still there. There are Daxuanmen and Yejia, which they host, which are obviously stronger than the other three.

The development of this year has turned into a unique show of Ye Family, and it has the most resources to seize the Yue family. It is already the strongest party in Pingxi.

Yue Gang's conjecture, Ye Jia should have received the support of the Chu family, so he can suddenly grow up vigorously, otherwise, other families will not see them alone.

In the end, this is a force that has been balanced for hundreds of years.

Shen Lang has to go back to eat New Year's Eve, of course, from the strongest first come.

After the corresponding Ye Family, Shen Lang let the gods fly directly to the past, with both of them falling into the yard.

Ye Jia is in a Yejia Village Perhaps it used to be the same ancestor, but only a part of it became a self-cultivator.

The current Ye family is very lively. The younger junior is in the wide courtyard and has a seat in the courtyard. It seems that the evening dinner is a gathering of the whole family.

Shen Lang took them both and landed directly on a large round table.

"Ye Long? Is it dead? The old man came to visit you!" Shen Lang said faintly, no need to swear, the sound was peacefully transmitted to the ears of everyone inside.

"Which hair is it?"

"Looking for death!"

"Who is not so educated?"

Immediately screaming, the young people of Ye Family rushed out. Today's Chinese New Year, but someone asked Ye Long to die, this is simply a taboo!

### Chapter 308 - Ye Jiatiancai

The last time in the Yue family, Shen Lang destroyed the Ye Long, the elder of Ye Family. For many years, he was raised at home. Plus the age is big, so everyone is jealous of his death.

On New Year's Eve, when someone came to the door to curse the father, they were angry.

After the young people first rushed out, the other older ones followed.

When they came out of the yard, they saw three arrogant people standing on their desks.

“Who are you? Dare to run to us, Ye Jialai screaming?” One person walked closer, and asked the soldiers after the ceremony.

“Calling Ye Long, you are not qualified to talk to me!”

Shen Lang waved, and the man flew out directly from the air, knocked down the wall and fell into the coma.

This shot, I suddenly shocked out the Ye family.

“That is Yuezhennan! That Yuezheng hidden by the Yue family!” Someone called and recognized Yuezhennan next to him.

“This is... Shen Lang!” Some people recognized Shen Lang. Mo Qi was only an extraordinary warrior before, and no one recognized it.

“Shen Lang? Which sink?”

“Which one?” The recognized person gave a wry smile and then whispered, “Come on the big brother!”

Shen Lang's gaze looked over. The person who recognized him was the first person to meet Ye Jia's, the earliest Ye Fan who was the bodyguard of Bai Shenghua Bai Qiye.

Seeing his gaze looked over, Ye Fan retired, and went to the back of others, afraid that Shen Lang would kill him again.

Shen Lang just saw it at a glance, this kid has recovered almost, I don't know how much effort Ye Family spent.

"Shen Lang! What are you doing to our family? We don't offend you!" Ye Shiguang said.

Ye Shiguang had a deal with Shen Lang before, and he was able to speak, so he stood up.

Shen Lang looked down at him. "Do you think you are qualified to talk to me?"

Ye Shiguang was dumb. He was not qualified to participate in the last time, either the Tomb of the King or the Yue family, but it was because of this that he remained sound. After a group of people fell, it became more important.

However, in the face of those who can kill Ye Long and can explode Cai Shuming and other veterans, he is also weak first.

Just under this stalemate, there was a voice inside.

"You are the sinking wave? I have been waiting for you for a long time!"

As I spoke, one person stepped out. Seeing him coming out, the young Ye family who was standing in front of him took the initiative to let him go and let him go to the front.

"What are you? Are you waiting for me?" Shen Lang sneered with disdain.

"Ye Kuzhu! My father, Ye Shifeng, is in your hands. I have many people in Yeja who are dead in your hands. There are more people in Pingxi who are in your hands. I have been waiting, I hope there is a chance. Revenge in person."

Although he called for revenge and complained about the crimes of Shen Lang, the voice was very calm, just like his whole person.

When Shen Lang looked at him, he already knew why Ye Jiahui was the only one in the five.

The Chu family only allowed Tian Luning to dominate them on behalf of the constraints, and did not bother to support who. Ye Jiahui's rise this year is because there is one more powerful person who is still in the virtual world!

It is the leaf of the bamboo in front of the eyes.

It is necessary to know that even with the resources and heritage of Chu, the young people who broke through the virtual world will be Chu Yunlong and Chu Yunfei. In Pingxi, the highest in the past was the late return of their veterans.

Now Ye Family has a young and imaginary powerhouse, which is undoubtedly a level of sweeping in Pingxi. No matter whether it is Daxuanmen or Linghequan, it is only tempered to be crushed.

Yue Gang still doesn't know the news, and it also shows that the Yue family has not finished.

"Revenge? Just you?" Shen Lang is still facing with disdain.

Even if it is the pride of Ye's pride, what about it? He just slaughtered a master of the real world today!

"Shen Lang! You don't want to be arrogant, my big brother is a super strong person who is still in the virtual world! To kill you with only one finger, if you know each other, it is best to hurry for mercy!"

After Ye Kuizhu came out, Ye Fan's bottom gas was thicker and he called it up, and then he said to Yue Zhennan: "Yue Zhennan! Your Yue family is already a drowning dog. Do you dare to follow him? Believe it or not. Have we destroyed all your Yue family?"

"Noisy!"

Shen Lang raised his hand and waved Ye Fan, who was screaming, and was rolled up and slammed into the wall. This is much more than the previous one. It is a hole in the wall!

Then there was no call for even the call, and life and death were unknown.

“You are too violent.” Ye Kuzhu shook his head. “Master said that you not only killed my father, but also took my air. Seeing your strength, I really got a great gas flow.”

“Have your Master told you that if you don’t have enough strength, don’t you come out and force it?”

Shen Lang laughed and went straight to the front of Ye Kuzhu.

Ye Kuzhu was originally going to talk about the soldiers after the ceremony. I didn’t expect Shen Lang to start, but I didn’t expect the speed to be so fast. When he saw it, it was too late to want to dodge.

“You...” He only had time to make a sound, and he found that his throat was shackled, and the whole person was lifted up.

“Super strong? Where is the super?” Shen Lang teased: “Hey, my favorite is to pinch the super strong!”

Ye Kuzhu is completely stunned!

He was so calm and calm. On the one hand, he followed the spirit of Master’s cultivation. On the other hand, after returning to Pingxi, he was completely crushed. Others did not resist his qualifications at all.

He just put on a high force, even if his brother was beaten out, it is still a high-profile appearance. In the next moment, I found myself being caught by someone, and I can’t move!

The sinking wave in front of him at this moment is to hold him by one hand, so that he can’t move. This kind of comprehensive suppression is only in front of his master.

Shen Lang is still a lot younger than him!

“Let’s be merciful!”

A sound sounded, Ye Long came out under the help of people Shen Master, please be merciful, bitter bamboo is not only the children of our Ye family, but also the disciple of Fuyang real people, also Looking at the face of Fuyang’s real person...”

“Do you take the Fuyang real person to pressure me? Believe it or not, I directly blasted him?” Shen Lang sneered.

Ye Long burst into a groan, just now he said this, of course, is intended to point out the real people of Fuyang, but Shen Lang obviously does not buy it!

He witnessed Shen Lang’s blasting of Cai Shuming and others. Now the genius of Ye Family’s centuries is about to break down and let him smash.

“No, no, I don’t mean this. I don’t know Master Shen is coming back. The old man has a long way to go. You come here... I understand, I must pay compensation!” Ye Long is not the first time, before Yue Jia is the active compensation, let Shen Lang let them go.

“Take the one from the Yue family, go back one by one! Give you a minute.”

When Shen Lang’s words, Ye Long was taken aback. The Yue family’s business, Ye Jia took over the biggest points. If you want to go back and don’t say whether you are willing or not, how can you handle it in one minute?

Chapter 309 - The bones of old bones

Ye Long is very embarrassed: “One minute... This time is a bit too quick, what is going on, how is it...”

“Take too much, but still come? Is it possible? I can help you, how about killing one minute? Start with your genius!”

When Ye Long heard this, he immediately smashed it!

He was scrapped by Shen Lang. When so many old friends were killed by him, there was already a psychological shadow. Last year, I dared to come out to dry the Yue family. On the one hand, it was the identity of Tian Luning itself, and the Chu family was carried out. On the other hand, I heard that Shen Lang had already been hung up.

This year, the return of the leaves and bamboos is naturally a day of exuberance, letting Ye Jia swept the haze of last year and re-emerged in rapid expansion.

Just in front of Shen Lang, bitter bamboo is not even a chance to fight back!

Yue's comprehension resources were deprived sixty years ago, and now it's a secular business. Compared with the leaves and bamboos, these are nothing at all. Even if they don't, Ye Jia himself can develop more time.

Ye Kuzhu is not only the genius of Ye Family, but also the air transport against the sky, becoming a disciple of Fuyang real people, so it will become a true comprehension of the virtual world. Contrast Ye Fan, but even the return to the Yuan Dynasty has not been reached!

Now the threat of Shen Lang, let Ye Long immediately waved his hand, called Ye Shiguang, and ordered him to quickly handle the problem.

Ye Shiguang did not dare to neglect. He immediately called and quickly called several key leaders in the relevant industries to let them contact the Yue family immediately to discuss the return.

Because time is limited, this is not a tone of negotiation, but a command that is directly forced. If it is not reached, don't think about it for years.

Although the relevant person in charge is inexplicable, but to hear Ye Shiguang's tough command, even if he is not willing, he can only choose to implement it.

"We have already done it, you have seen it. You can contact the relevant person of Yuejia to inquire about it. If it is not done, it is our problem. Of course, the Chinese New Year is definitely a holiday, and you may not be able to contact it. , you can transfer more time."

Ye Long looked at the sinking waves, indicating that he should put the leaves and bamboos.

“Yeah, I hurt you last year. Have you been okay for more than a year? Is it full of resentment against me?”

Shen Lang suddenly asked an irrelevant one, and Ye Long made a mistake.

He is a young man, and of course he has a wealth of life wisdom. Can he give a negative answer to such a problem? Isn't that looking for death?

“It's very good. I am now in my old age and enjoying my life. Only after I found out that I have been delayed for decades, I should let go of my attachments earlier and live in the present. You saved me, how can I blame?”

When answering, he carefully watched the waves and saw if the answer was satisfactory. If he was not satisfied, he would add a little nice.

Shen Lang nodded with satisfaction: “Is this your heart?”

“Of course, of course!”

“Do other people think so?” Shen Lang glanced out.

Others don't know how to answer well. Under Ye Long's gaze, Ye Shiguang hardened his scalp to represent him.

“To be honest, we also had a place where we couldn't figure out before. Later, we found that my father was more relaxed and natural, and I could enjoy the happiness of ordinary people. Without the pressure of cultivation, we also figured out that it was really one. A good thing.”

“It's very good. Since Ye Jia hasn't felt resentful about the old things that Ye Lao has done, I am glad to accept it. I am relieved...”

Ye Long was relieved a little, but always felt that things would not be that simple.

“Then I can help, so that everyone at Ye Family can enjoy this benefit...”

“What?” Shen Lang’s words have not spoken, and everyone has screamed.

What are the benefits? This is to abolish all the self-cultivators of Ye Family!

“What are you doing!”

“Why should we all abolish us!”

“It’s just a deception!”

Ye Long raised his hand and stopped everyone’s noise, and then slowly asked: “Master Shen, the kind of grievances you impose on our Ye family, whether it is the life of the world, or the cultivation of my old man, we are all Forbearance, we did not find you, nor did you find your relatives and friends to seek revenge. Why do you want to kill them?”

“Is there?” Shen Lang shrugged: “If you kill it, I should not waste your tongue and directly destroy you! I don’t want to kill more than the New Year, so I just take your repairs. It is.”

“First, the previous things, our strength is not as good as we recognized. Second, we did not look for it. Even when the Chu family came back last year, we did not sigh!”

Ye Long was originally a waste man, but now he is excited and hard to stick to his two points.

Shen Lang slightly frowned, carefully counted, Ye Long said it makes sense. Ye Jia did not participate in retaliation for him, otherwise his or relatives who were close to each other should also suffer, and the locals could find more in-depth than the Chu family.

“You have heard about the revenge of the Chu family. We have heard about it. But if you are strong today, we will kill if we want to kill it. What is the difference between it and the Chu family?” Ye Long said before Now, at the juncture of life and death, no matter how much.

“You probably don’t know. At noon today, I killed the Chu Master, the strongest master of the Chu family.” Shen Lang stared at Ye Long.

Ye Long heard a tremor, and the other people's reaction was not so strong. The leaf bitter bamboo that he was holding was a big change. He obviously knew what level of Chu Mofeng was.

"You are amazing," Ye Long said with a thumbs up: "Our Ye family is now like you, it is like an ant, you want to pinch it to death. Just abolish us, leave us a life, but it is a favor, right?" "

He said one thing, then went one step forward: "You just let us return, I don't say anything. But now your decision, I am desperate! I am also a waste, anyway, please kill me!"

Shen Langshou a loose throw the leaves of bitter bamboo on the ground, pointing to the front of the dragon: "You are an old bone is hard! You said that I have too much before, but you last year When I forced the Yue family, I was a gentleman? The Yue family is not my relative, but not because of my tiredness?"

Listening to his words seems to have a chance to turn around, Ye Long smiled bitterly: "At that time, the Yue family was instructed by Chu, and the deputy mayor of Tian hosted it. What can we do? We don't do it, Yue Baichuan Yue Bailun is our end, Ye Jia Will be engaged together."

After complaining, he said directly: "You will go and ask, are we Ye Family, and even others, have you ever moved a Yue family? If so, my head will kneel down to kick you, no complaints!"

Shen Lang looked at Yue Zhennan, Yue Zhennan shook his head. "Ye Lao is really correct. Although the Yue family is very miserable, there is no one who is killed or injured."

"In the end, we are all roots, Chu...and all of you are foreign forces. This is why you took advantage of your power last year. The Yue family has been alone for a month, but it has not killed us even one person. ""

Ye Long is not welcome, including direct comments on Shen Lang.

Chapter 310 - Subject

After listening to Ye Long's words of life, Shen Lang found that he still thought the problem was too simple.

These martial art owners in Pingxi are hundreds of years of grievances. When they compete, they can fight for life and death, but they are still guarding the bottom line and not killing them.

Therefore, after the deprivation of the comprehension resources, the Yue family was not destroyed, but it took a path in the secular officials and business.

Looking back now, when I was at Yuejia last year, it was really true. They sent pressure to the various factions, and the Yue family finally had no choice but to surrender.

It was because of his intervention that Cai Shuming and others were blasted.

After Yue Baichuan was awakened, and there was no pain in hitting the dog. Instead, when they were in the Chaowu Heroes' League, they wanted to let them all together, but they pushed.

“Master Shen, I have already offended you anyway, and I will ask again. If we don't come out at the time, can Tian Luning be able to level off the Yue family? Will it be more embarrassing to the Yuejia industry and related people?”

The problem that Ye Long throws out makes Shen Lang and Yue Zhennan unable to answer.

They are not familiar with Tian Luning, but according to normal practice, Tian Luning wants to control the industry of the Yujia family. There are only two options. One is to find the reasons for the important responsible persons of Yuejia through the official channels. On the other hand, let the Chu family take the shot and continue to kill the Yue family and ask for mercy.

“That should be counted, should you thank you?” Shen Lang stared at Ye Long.

“I don't say that we are good people, but the tacit understanding of internal grievances, everyone is obeying. And the industry of Yuejia is in our hands, like you can come back now, you can also return to Zhao. If it is Tian Luning or Chu family, one year More time, enough to \*\*\*\*\* the blood.”

Just as Shen Lang thought, Ye Long hit the ground.

Everyone was taken aback, but they did not dare to help him.

“Master Shen, last year we gave you the first person in Pingxi. Unwilling or helpless, it is equal to acknowledging that you are a member of Pingxi. I heard that when you challenged the Chu family, you used Pingxi Shenlang, so we You should not be seen as an outsider anymore.”

“Oh?” Shen Lang faintly said, he does not care whether the Pingxi circle accepts him, this is the circle he can wipe at any time!

“Your photo of Yuejia is also a loyalty. I Ye Long, on behalf of Yuejia, willing to follow you with Yuejia! You are certainly not rare, I just want to express our determination. If there is any violation, even if I am slaughtered Ye Jia, young and old, I have no complaints!”

Ye Long fights for the self-cultivation of the Ye family and slams into the waves. It is obvious that he attaches importance to the family. Now he can use the Ye family to make an oath, and also shows his determination.

“Lang brother! Forget it, we are here to get back to justice. We don’t have to kill people and kill the people. We can turn it into a jade. That is the best policy. It is a family that has been rooted for hundreds of years.”

Yuezhen South Station came out to persuade Shen Lang, and then said to Ye Long: “Big bamboo brother can worship the high man as a teacher. It is already the pride of our Pingxi. If you want to come, you will not be in the pool. In the future, you will be able to bring more to Pingxi. The influence, first congratulations, Ye Lao!”

Ye Long understood the person and immediately said: “There was a lot of change in the bitter bamboo, but basically it was recovered from Da Xuanmen and Linghequan, and there was no such thing as Yuejia. The future is the same! As for his personal thoughts To avenge Master Shen...just the results have been obvious.”

Yue Zhennan said that he had concerns about the leaves and bamboos. Ye Long made a statement on behalf of Ye Kuzhu, and would not take advantage of the repairs to engage in Yuejia.

Throwing the leaves and bamboos that are slowly coming over, this time it is said to Shen Lang: “You are very powerful! You can kill Chu Zhenren, I am practicing for another ten years, not your opponent. But I will not admit defeat! One yard, one yard, I will not retaliate against the Yue family, but you leave me a life, and when I am strong, I will find you revenge!”

Although he is very determined, he can’t conceal his despair!

He was originally a relatively talented child of Ye Family. In accordance with the normal direction, he would be able to take over the Ye family in the future and cultivate to the late Yuan Dynasty. Even if it was the top.

The result was coincidental, and it was taken as a disciple by the real people in Fuyang. The resources for pointing and enjoying were far from being comparable to those of Yejiia, and the speed of progress was also fast.

When Ye Shifeng died in the Palace of the Tomb of the King of Heaven last year, when he was at the peak of the Yuan Dynasty, he felt a sense of restlessness. At that time, his master, Fuyang, had calculated the situation for him, but said that he did not change anything when he went back. Only when he practiced to the virtual world, he had this strength to break.

When he broke through this year and returned to the virtual world, he learned that the Ye family had undergone major changes, but the enemy he wanted to find was trapped in the dead forest and could not come out. He might have no revenge in his life.

This made him very disappointed and felt that he had lost his goal.

However, under Ye Jiayu's mourning situation, he needs a new banner like this. So I stayed at home for a few months, showing the ability to show muscles, and I got more resources for Ye Family, and I was alone in Pingxi.

Later, I planned to leave Ye Family and go back to practice. As a result, I heard that Shen Lang came back and asked for a revenge on the Chu family. He was excited and continued to practice at home while waiting for Shen Lang to come back.

Tonight, the Chinese New Year, finally Shen Lang also came to the door.

However, he had prepared for a long time, but he did not even have the opportunity to display it. He was directly taken by the second, and he was shamelessly caught by one hand!

Just saying that, rather than saying something to Shen Lang, it is better to say that he is to strengthen his beliefs, so as not to collapse!

But he is out of despair, more painful!

Because he said this, Shen Lang did not look at him, he simply ignored him!

In Ye Family, he has enjoyed the reputation of the famous teacher Gao Tzu and Ye Jia genius in Pingxi. The result is not worth a sneak peek. This gap makes him unbearable.

“Well, you are convincing me. I will not kill the other ones one by one. You are speaking on my behalf, I hope to solve it this evening. I don’t want to wait until next year!”

After the New Year’s Eve tonight is next year, it will be a night’s time.

“No problem!” Ye Long did not fear, directly agreed. “The strength of Master Shen makes the old man awe-inspiring; but when young people have strong power and can listen to the weak, I will respect it!”

He had stumbled, and now he is going to worship. I was already prepared for the \*\*\*\* splash. I didn’t expect Shen Lang to change my attitude. It really made him look good!

It is not difficult to do it. As long as the strength is strong enough, it will be bullying!

It is not easy to be benevolent. First of all, I have to give up my heart, to disperse my shackles, and to be able to put the following, not because I have already said that I have to support my face and die hard. This is especially difficult!

Ye Long admitted that Shen Lang Pingxi was the first, thinking that it is not a long time in the big stage of the world.

Shen Lang returned, has already been famous in the world, but he is not optimistic about the future, Mu Xiu will be destroyed in the forest wind!

Just after a turning point, he realized that this young man has a heart that is far better than his imagination, and the future is limitless!
