

First Strong 35

Chapter 35 - Pick me up 1 punch

Strength represents everything!

The change in attitude before and after Yue Zhennan was because Shen Lang easily defeated Ahu.

For Yue Sheng, perhaps defeating the three paragraphs, the five-segment strength of the super-wu people, is nothing, has not yet qualified for him.

But now Shen Lang is a fist, hard-boiled six paragraphs of the extraordinary warrior, but also implicitly prevail, it is not the same.

Every high period, in fact, the strength is a lot of strength, and the number is much less.

Mo Qi will certainly not be convinced, even if he has rich combat experience, he may end up losing both.

The master of the six paragraphs is a fortune for the Yue family, the three paragraphs can be lost, and the six paragraphs cannot be lost!

Therefore, Yue Sheng quickly raised his hand and gestured to Mo Qi to stop, then looked at Shen Lang: "One hundred and fifty thousand!"

This time, Shen Lang did not look at him, but looked up and looked at Mo Qi.

The strength of the six segments is really unusual.

I thought that even if I didn't hurt Mo Qi, I could let him fall back to the sofa, but I didn't expect to take a little step back. However, Mo Qi was so embarrassed that he shot him directly, and he did not have the slightest affection.

"Come and not be indecent! Take me a punch!"

This time, Shen Lang stood up, without any tricks, and directly hit the front of Mo Qi!

Yue Sheng brows his head and wrinkles. Once he hits it, he will not stop.

Mo Qi has not sat down yet. He just stopped. Shen Langyi said that he still has to punch a punch. He has already prepared for it.

Two people fist to fist!

“boom-!”

After one sound, the two men’s arms were still in the air, and both of them stared at each other.

Yue Sheng and Yue Zhennan were both nervously watching them both, hoping that Mo Qi was not injured, or else they would all approve.

“Yes, there is still some strength, come again!”

After a pause, Shen Lang nodded, and the fist was closed, ready to punch again!

“You...oh-!”

Mo Qi was forced to calm down. I thought that Shen Lang was the same. I didn’t expect that Shen Lang had nothing to do with it. I had to punch again. Under this opening, he directly vomited a blood, and then the person fell back. On the sofa.

“But so!”

The punch of Shen Lang is more than a punch when sitting. The power is mostly. Seeing that Mo Qi was injured, he also understood that he is not inferior to the six paragraphs in terms of pure power!

Yue Sheng’s face changed again.

A six-segment extraordinary warrior, Yue Jia can not afford to lose. And an opponent with six strengths, he personally can not afford to offend!

This is why he has nearly doubled the price increase, but now it seems that the strength of this Shenlang is estimated to be more than six paragraphs!

Yue Zhennan did not have such a big impact, because he had watched Ahu being beaten and interrupted his legs at the same time.

After seeing Yue Sheng did not speak, he gritted his teeth and took the initiative to stand up.

“Shen Laodi, Mr. Mo Qi is a master. Let’s talk about it until now. I will ask the two to drink good wine later! Haha... Are we still going back to jade? Is there a psychological price for Shen Lao? To be honest, we Very sincere, but two million is also a little hard.”

His round playing field made the atmosphere a little better.

Now Yue Sheng has understood that Shen Lang has a bargaining power. He has already added 1.5 million to it. Yue Zhennan is the owner of two million, and he acquiesced.

Shen Lang is standing now, which is equivalent to looking down on them.

“Two million can’t be less! You should have some medicines that have vintages, and give me some tips. This incense burner is my addition.”

Shen Lang is now getting more money, and can’t take it back to his parents. They will be scared. The key is to buy medicinal materials, and the medicinal materials market can only be used for quantity. If the year is longer, it may not be possible.

Since the Yue family is quite powerful, it naturally has a collection, or it can be collected.

So it’s really important that he doesn’t sound like a “thumb”. As for the incense burner, he is too lazy to sell it, just give them a little compensation.

This condition was proposed to let Yue Zhennan and Yue Sheng exchange their eyes. Yue Zhennan does not have to say that it was originally promoted, this time Yue Sheng is also acceptable.

“Mr. Shen really heroes out of the juvenile, it is my eyes.” Yue Sheng arched his hand and his attitude changed a lot. “I promise you on behalf of the Yue family!”

The ambiguity of Mo Qiqi is not right. The injury is only one of the reasons. What is more important is the frustration of being defeated by a young man he can't see.

Yue Sheng did not want to stay and look at his face, and he stood up: “The two things, I took it away. The herbs and money, Zhennan will be delivered. In addition, if there is something like this in the future, you can also trade with us. !”

He is referring to jade.

Shen Lang immediately understood that the Yue family value is not the value of jade, but the above energy!

It seems that the Yue family is not someone who needs to practice, that is, someone is seriously ill or old.

This is not a hammer sale!

Shen Lang smiled faintly: “That depends on your sincerity.”

This made Yue Sheng stunned, and then thoughtfully looked at Shen Lang. “Thank you! We will show our sincerity through Zhennan.”

He also believed in the source of the ancient tomb, and there was a re-transaction that was just a slogan. The attitude of Shen Lang can make him feel that there is still a drama. Can this kid find the tomb? Is there something that has not been hollowed out?

He did not directly ask, nodded to Yuezheng South, and Mr. Mo Qi left the suite first.

Yue Zhennan respectfully sent them out and told the drivers outside. After a while, I came back to close the door.

“Call – finally do not disgrace the mission.”

He took a long breath and smiled at Shen Lang. Can make both parties satisfied, that is, a win-win transaction. As a younger child, he is able to complete such a match, which is also an intangible credit.

Seeing that Shen Lang didn't speak, he smiled a little: “I won't forget it!”

When I said that I took out my mobile phone and asked for a mobile phone, I transferred the account of two million to Shenlang directly. Obviously two million of them are acceptable and they are already ready.

“The medicine you want will be ready, I will send it to you tomorrow. It is not too late, I invite you to eat. There are more restaurants in the city than you...”

Shen Lang shook his head: “Go back, I will eat at the restaurant below.”

Yuezhen was stunned by Nan, but he immediately woke up. Before Mr. Mo Qi vomited blood, he did not have anything at all. It is estimated that there is internal injury, but it has been holding on!

“Yes, then you can just book it directly into the room. If you need it, tell them. If you are a student, I won't take you to other entertainment venues.”

After the Yue Town South guest set, he left, and he was relieved. This is the bottom of the Shenlang, and it should be similar to the six-sectoral super-wu. It would be incredible to easily defeat the six-segment warrior.

As soon as the person left, Shen Lang used his mobile phone to connect.

The antique market needs to go in person, and the medicinal materials have a market price. When he searched for it, he has already locked in the largest medicinal herbs. Now that you have money, you can contact the other party directly and talk about the type and quantity of the medicine.
