

## First Strong 361

Chapter 361 - Big flicker

If it is Zhou Yumin, it will definitely be embarrassing to be modest, but Huang Zheng and Shen Ye, now Lingshi is destined to get back, can bring the magic weapon back, and feel the loss is a little less.

Both of them rushed to collect the magic weapon, for fear of being robbed again.

And the West Gate is now regardless of them, and staring directly at Shen Lang, it is a formal battle.

“Call!” Shen Lang is stopping.

“What’s wrong? Can’t you be afraid of the skyless waves?”

Ximeng said with a sarcasm: “Who gives me confidence? Where can I be stronger than you?”

“Don’t think too much, where am I afraid of you? What I want to say is him!” Shen Lang pointed to Zhou Yumin.

Everyone glimpsed, I don’t know why Zhou Yumin was involved.

Zhou Yumin did not work with them, it was a bit marginalized, and there was no sense of existence alongside.

“What happened to me?” Zhou Yumin was calm.

“You are all coming to challenge me. They have already sent Lingshi. What about you? Do you still want to stick to the challenge?”

When Shen Lang said this, in addition to Zhou Yumin, including the Ximen seal, they all sneak up.

Is this the top ten outstanding young monks in the rankings?

Is this still a super strongman who is comparable to the master of the real world?

It is like a profiteer who sees money!

They suddenly understood why there are so many spiritual stones in Shen Lang? The daring is the lord of the geese!

To be like today, a 20 or 20 win is easy to save.

Zhou Yumin shook his head: "I am sorry, I am not challenging. I will not be stronger than Huang Xiong and Shen Xiong, so I have self-knowledge."

This makes Huang Zheng and the night two people still a little comforted to listen to, so that Zhou Yumin is not as good as himself.

"You are modest! The two of them worked together, and the result was the loss of forty Lingshi. You alone, without losing the stone, does it mean that you have earned twenty Lingshi compared to them?" "

"This proves that your ability is much better than them, and you just didn't want to attack me with them. It also proves that your character is much better than them."

The praise of Shen Lang, let Zhou Yumin he is like a man on the back. This makes him how to get along with them both?

Originally, he said that he would not be stronger than them, and he would give them two faces. Now that I have been sentenced to Shen Lang, I have no room for manoeuvre.

Ximeng's impression of Zhou Yumin was also good, and he helped him play a round.

"Shen Lang, you don't have to provoke their relationship anymore. Since Xiao Zhou gave up the challenge, you can come with me!"

“Or not!”

Shen Lang waved his hand: “You don’t know, you have to challenge me, not only three of them, it is said that the fourth place to the tenth place in the heroes challenged me!”

Zhou Yumin nodded and he knew the matter.

“Now I have two, plus one to give up. It is estimated that half of the people will be scared, but there are still half left. If they are willing to lose to me, they are also forty spiritual stones!”

Profiteer!

Everyone is stunned and said that they still want to earn a spiritual stone!

“The second and third, I was embarrassed to challenge me, or feel disdain. But this time I spread the news of their two abuses, maybe the two are also interested in coming to me. ”

Hearing the waves to spread the news of their abuse, the two faces are very ugly. Abuse the wool! They are missing for a while!

“If this wins, it is 80 spirits, a big business. If you start with you now, I will defeat you, where are they dare to come? Then it is a big loss!”

The West Gate was originally a little impatient with him. Hearing this, he was even more angry!

“Do you really have a thick skin! Can you beat me?”

Huang Zheng and Shen night clenched his fists, secretly encouraging: Simon’s predecessors!

“That is another way of saying that you defeated me. Maybe it would be to abolish me. Then I have no chance to earn these spirits. So you listen to it more comfortable?” Shen Lang said with a smile.

The West Gate was silent, and he was listening to be comfortable, but you added the last sentence, isn't it just playing me?

"Don't forget your identity!"

"What is my identity?" The West Gate frowned.

"I am not saying that you are the identity of the Promise, nor is it the identity of the Master League. You are Xie Dao Ling, please help!"

"What about that?" Ximen sealed did not understand his meaning.

"You are Xie Dao Ling who invited to help the boxing. That attacked me is what your work or mission is. You are here with me today. If we know the inside story, it will be said that you challenge me."

Shen Lang smiled: "If you don't know the outside world, you will say that you can't beat me. Combine the three young masters and set up a trap to harm me! This will help Xie Daolin, and your reputation will stink!"

Ximen seal brows tightly locked, this is really possible!

Some of them can ask for no news, but Shen Lang will definitely say it, and it will add fuel and even reverse black and white. Unless he kills him!

But if it is to kill the mouth, outsiders will speculate in this direction.

"I didn't expect you to be so clever, your mouth is so powerful, you can say that I can't do it!" The West Gate seal satirized.

Hearing this, Zhou Yumin was relieved, and Huang Zheng was disappointed, so that they would not dry up.

"Want to say that you are working hard, of course, this is a small friendship, he will blow it!"

After Shen Lang finished, he leaped directly to the back: “See you later!”

Behind him is the Shenmu Cliff, almost straight, even if everyone knows that he will definitely not fall, but the probe looks at the past.

As a result, there is no need to wait to fall to the bottom of the cliff. In the middle, Shen Lang will drive the boat and fly away directly, leaving them four on Shenmu Cliff.

Ximen seal face ugly, he wants to earn face back, the result was fooled, and Shen Lang ran away!

“I won’t let this kid go...” He could only mutter, in order to save a little face in front of them.

At this time, the Shenlang is happy to fly back to Tiandong City.

Fifty medium spirit stones!

This harvest is already very good The two magic weapons, he really can not see, or Lingshi affordable.

As for the West Gate, it is offensive to offend. Originally, he came to help Xie Daoling to deal with him, which belongs to the enemy.

However, Shen Lang will find an excuse to fool him. He is not afraid of him, but has deep meaning.

As he said, once the door is closed with the West Gate, the level is different. If you win, other people will definitely not challenge him any more. If you lose, the West Gate will be controlled, and there will be no right to speak to the Xie family.

Therefore, he chose this point and did not directly conflict with Ximeng. Last night, he bombarded so many industries, and he did not get a penny.

When I came back in the evening, Shen Lang landed near Tiandong Square, and then I noticed the surrounding environment and went to the hotel where I lived.

Still not close, I feel that something is wrong, the “eyes” before, come again! Ming’s dark eyeliner, all to explain a little – Xie Jia finally found his fake identity check-in information, this time should be ambush waiting for him!

Chapter 362 -

Shen Lang immediately alerted, this is the Xie family has been ambushed!

In the end, it was on the site where Xie’s family had been working for decades. Whether he had changed places or not, it was only a matter of time before he found it.

The layout of Xie’s family is basically the same as that of Chu before, but it should be learned. Now the people who come to the front of the line should be dominated by the extraordinary warriors and ordinary people, and there will be no children from Xie.

The core is necessarily Xie Dao Ling.

Killing these flaws has no value, and it may only trigger the bombardment of the relevant departments, which has little effect on Xie.

At this time, when you go to thank you, you may not be able to kill you by surprise.

Have had the experience of Xie You and Xie Yuan yesterday, they will not let Xie Jiazi’s children go to the front. The bombing last night will inevitably allow them to transfer the family to the children, and even ambush the master to wait for him to enter.

After considering this, Shen Lang quietly retired.

He has nothing left in the room, but at most the room deposit is no longer needed.

Originally, I went far, but Shen Lang felt that I wanted to stimulate it. I just circled around Tiandong Square and chose another hotel above the high-rise building.

When you check in, you are going to face the room in the direction of the original hotel.

When you arrive at the room, order the restaurant and send it to the guest room. In addition to watching the situation there, Shen Lang continues to go on the line!

There is no impenetrable wall!

Although Zhou Yumin did not leak out of themselves, some people still pay attention to them, and they may have guessed from some clues or words.

But they can only guess that they are in contact with Shen Lang. When it comes to the specifics, the results are not known.

After the twirling, the people in the WeChat group began to break down, and hoped that he would expose it.

After Shen Lang went online, he began to expose the material directly.

“Yes! There are three challengers who have contacted me. I am back, so what do you guess?”

Shen Lang and both eyes – to expose!

Everyone was excited immediately and asked how he got the result.

Some people are more eye-catching: “Lang Ge said that he is back, indicating that he has already completed the fight with the three challengers! It looks good, it must be won!”

Other people think that it makes sense. If it is lost, does Shen Lang still have the mood to expose it?

It is estimated that it will be embarrassing to go to this group again. Even if it is on the line, it should be explained, and it will not be such a relaxed gesture.

“Rely! I said the wave of the cow! I was the first to insist on the first wave!”

“They still have strength, but compared with Shen brother, there is still a gap. After all, Shen brother is actually fighting out.”

“In fact, they are also, what are you not willing to do? The top ten in the world is already a very bullish character. If it is me, it is estimated that it is difficult.”

“Get out of the way! Don’t say it, the top 100 will not have you.”

“Don’t brush the screen! Let the wave brother expose. Lang brother, what is the effect this time, have you won 30 medium Lingshi?”

As soon as I said this, everyone was excited, but it was a medium Lingshi, thirty!

They are mainly based on the Yuanyuan, and a few have broken through the virtual world. They are still in the first class. It is very good to get a medium spiritual stone. In their martial family, it is all stocks.

Shen Lang accepted several challenges and easily won 30. Of course, everyone is very envious.

“Thirty? I got fifty!”

The words of Shen Lang let them talk about it.

“Fifty? Isn’t that just winning three people, and at least two of them have spent twenty stones?!”

“They are not geniuses, the martial art family is willing to give them so many challenges.”

“I found the Huang Zheng of the eighth place in the heroes list, the ninth night, the tenth Zhou Yumin. Huang Zheng and Shen Ye are more shameless, in order to win me, I want three people together!”

“Zhou Yumin still has aerobics, refused to join forces with them, and he quit.”

“There is no need to say the answer. Huang Zheng and Shen Ye have joined forces, and I have been playing with me to find my teeth!”

“They all want to win my spiritual stone and put a bet of twenty. The result is naturally lost to me!”

“There are ten Lingshi, because when they are fighting, the two magic weapons of both of them have been taken by me. In order to buy it back, I can only spend ten more Lingshi!”

“They invited the Ximen seal to arbitrate. If they don’t believe it, they can ask the Ximen seal. Yes, they didn’t have a stone, or the ten seals that the Ximen seal helped.”

“But the West Gate is not a good thing. I want to grab my Lingshi. Fortunately, I run fast.”

When Shen Lang exposed the material, everyone held back without interrupting, watching him read the sentence one sentence at a time, everyone has a variety of slots. After he had finished the exposure, he immediately commented fiercely.

However, they still have a choice. There is no intersection of Huang Zheng and the night. It is already embarrassing. Now there is a chance to criticize it.

But like the West Gate, it is not that they dare to comment casually, pretending not to see the latter sentence.

Shen Lang came out to expose, just want to master the initiative of public opinion. It is not for them to preside over the fair criticism of opponents. After they finish speaking, they will not participate in the discussion, and they will play the fermentation.

Today, he has harvested fifty Lingshi, and he is in a good mood.

At this moment, I hope that the fourth to seventh will come over to Tiandong, and quickly contact him. The mood of harvesting is a bit too much to wait!

There are more people who add him, but there is no direct superficial person on the list of heroes. He does not pass.

After taking a shower for dinner, Shen Lang got a private micro signal.

Just log in and there is an added message popping up. The message of this person's note is:  
"Through! I am a princess!"

This makes Shen Lang very speechless You are a princess, I am still an emperor!

He ignored it directly, and then looked at other news, including the rain.

In addition to worrying about his safety, Rainy said that the palace owner asked her to ask for his WeChat. It seems that Xie Daolin asked the palace owner to express his feelings.

She is a smart person, and has no influence on Shen Lang's decision, so as not to change her mind to give her face. Just reminded that the palace owner will add him WeChat.

Shen Lang only reacted. Just the note, it should be "I am the main character", it may be voice input, the palace is not universal, the input method intelligently inputs the high frequency princess.

On New Year's Eve, the Tianshan Ice Palace's current lord of the palace was also in person to Biyunfeng. Like Xie Daoling, she was one of the highest and most powerful.

Now this is Xie Daoling looking for her as a lobbyist?

Ximeng is his own. Will the canoe be conveyed to Xie Dao's peace of mind?

Chapter 363 - Go to the peace of mind

After considering the situation, Shen Lang passed the addition of the canoe.

"Princess? Now that the princess is working in a place like a nightclub." He deliberately teased.

Soon, the boat was returned to the message: "I am the Lord of the Ice Palace."

"It turned out to be the palace owner. What are you looking for?"

"I went to Tiandong, went to the hotel where you lived, and came out to meet you once." It was refreshing and straightforward.

Shen Lang was a little surprised and looked at the hotel where she lived. Where is she actually there?

“When I meet at the hotel where I live? Is it necessary to...about? I am not such a person!”

“Roll! Xie Dao Ling invited me to be your peace and harmony, come back and talk!”

Shen Lang’s pretentious question: “Return? How do you know that I have not returned to the hotel? Have you checked my room? Oh! This will not be a trap that leads me back?”

“Xie’s family has arranged people here, but I am here, it will not be a trap.”

“Oh... it’s like you didn’t dig a pit. I didn’t send someone to lie to me in the past?”

“Less nonsense!”

“Hey! Listen to what you said, it may be dangerous for me to go back. I seem to be more reliable now to leave Tiandong, goodbye!”

Shen Lang does not doubt that there are problems with the people who are in the boat. Whether it is from the relationship between the rain and the river, or the attitude of the river, you can see that even if you have a opinion on the boat, it is also a small problem of personal grievances. Xie Daolin colluded with him.

But he will not give the initiative to others!

Seeing him say this, the canoe immediately dialed a video call.

Shen Lang directly smashed her video.

“What? I am in the hot springs, not suitable for video.”

“Gone a hot spring! I have been waiting for you for a long time, don’t waste my time, give you thirty minutes, come back soon.”

I can dial the video and see that the canoe is already in a convenient place to talk. Now I have not typed it and sent a voice directly.

Shen Lang returned to her one: "Oh!"

This reply was obviously a little irritating, but she didn't have a second back, but it took a while to come back.

I don't know if it is a carefully considered relationship, or I typed it and deleted it.

This time I came back to the text, trying to have no mood, and being objective and clear.

"Xie Dao Ling wants to talk to you. He doesn't want to fight any more. He will also come up with enough sincerity. In addition to me, there are several masters to witness. Come on, give me a face!"

There are other masters, Shen Lang certainly guessed that there is a West Gate seal.

Think carefully, Xie Daoling wants to ask the Ice Palace to come, it should be to win the trust of him.

"Good! I will give you a face. I am not afraid of the Longtan Tiger Cave. I am afraid that you will be embarrassed when you arrive."

After Shen Lang finished, he added another number.

These days of observation, he has discovered that although this group is some young people, but because of the scattered relationship, they also have a strong martial family behind them.

And because he just exposed it here, it has made this group stand out in value, and many people are paying attention to the information they forwarded.

Therefore, before he went, he continued to expose the incident as usual, and he held the initiative of public opinion.

“Brothers, Xie Jia asked someone to ask for peace. This time it was not the West Gate that I didn’t understand, so I decided to go.”

“The brothers who have not left Tiandong can come over and watch. Just before the hotel opposite the coffee shop, I lived there before.”

This time, I not only talked about the matter of negotiation, but also said the detailed address, so that some people are excited.

They quickly went to Tiandong before Aite, and they immediately rushed over.

“Speed a little! Support for the Langge platform, although they are some real masters, but we are all behind the support!”

“Your support is very useful! I used to be on the lookout, but I can only make a living on the outside, but can I rush to the master?”

After Shen Lang finished, regardless of their analysis and discussion. If you first confess, you will spread out. If you encounter an ambush, you can immediately suppress the Xie family.

Then he cleaned up and walked slowly through the hotel where he used to live.

When you are close to the hotel, you will feel a lot of people watching.

As he walked into the hotel lobby, a middle-aged man greeted him.

“Mr. Shen Lang, my name is Xie Jun, I am here to meet you, many seniors, they are waiting for you.” Xie Jun lowered his voice and said a word.

Shen Lang glanced at him, his politeness was revealed, and there was an irresistible hatred in his eyes.

“You are the father of Xie You?” he asked directly.

Xie Jun did not expect him to ask, he stunned, and then slowly said: “No. I am the father of Xie Tongwen.”

“Oh! There is a father who has his son. It seems that you are not a good thing.”

The words of Shen Lang, let Xie Jun, who had been crushing hate, almost broke out.

In the face of the enemy who killed his son, he really wants to swallow.

“Don’t ask the guests to come up?” A voice rang at their side.

It is Xie Dao Ling.

Xie Daoling was not in the vicinity, but the situation was observed here by the gods, and it was directly transmitted.

In the end, it is the master of the true state. The voice is transmitted here. It is not compressed into Xie Jun’s ear, but it is ringing beside them, as if it is speaking on the side.

This is also a show of hand, after all, Shen Lang and he did not face each other.

“this way please!”

Xie Jun has already suppressed his personal hatred and invited Shen Lang to go in the direction of the elevator.

There was a Xie family guarding the elevator. When I heard Shen Lang arrived at the hotel, I had already occupied an elevator. When they are in the past, there is no need to wait.

Xie Jun accompanied Shen Lang into the elevator and pressed the elevator on the top floor of the hotel.

“You want to kill me for revenge for Xie Tongwen?”

“...” Xie Jun tried to squeeze a smile, saying that he did not mean this.

Shen Lang said directly and bluntly: “You don’t have this qualification! It’s Xie Dao Ling can’t do it. You dare to have such a thought, that is, the lead that will make you all old and young!”

Xie Jun heard very angry but then it was a loss of despair.

is not that right?

He is still in the middle of the virtual reality, and it was originally a powerful figure. The masters of Chu Mofeng who can survive the surviving of the waves are killed. They killed Xie Xun last night, and many masters could not catch up!

What else can he kill and kill?

If there is no such ability, of course, there is no such qualification.

If you are not qualified to dare to have such an idea, it is a dangerous signal that drags your family!

Shen Lang may not be able to kill all of Xie’s family, but it is not difficult to kill his little family!

The elevator went up, he didn’t dare to speak, his back was cold, and he even worried that Shen Lang would kill him directly in this elevator...

After all, Shen Lang is a nickname for killing the madman, and he does not follow the routine. If he is unhappy, he may really kill him!

Chapter 364 - Multi-party

Xie’s family is focused on this, but they are not ambushing in the rooms before Shenlang, but in a luxurious executive suite on the top floor.

After the elevator arrived, someone in the corridor had knocked on the door and reported that when they walked over, they had opened the door and let them in.

Entering the room, you will find a large living room with a sofa in the back and a coffee table in the middle.

At this time, in addition to the empty sofa in the direction of the door, there are people sitting in the other three directions.

After Shen Lang entered, Xie Jun bent over and left, and then closed the door.

There were a total of five people sitting on the sofa, watching the sinking waves come in, and did not stand up.

Facing the direction of the door, two people sat, one is Xie Dao Ling, and the other is the West Gate seal that was also met at Shenmu Cliff not long ago.

Sitting on the right hand side is almost the same age, needless to say, naturally it is also a master figure who Xie Dao Ling invited to help the boxing.

On the sofa on the left hand side, only one person was sitting, that is, a canoe with a veil.

They didn't stand up because they were all above the waves in terms of identity, but as Shen Lang came in, the atmosphere was completely different, and their eyes were all gathered on Shen Lang.

Shen Lang went straight and sat down on the empty sofa.

"Old Xie, Ximen Daguang, Palace Lord... You are good."

Shen Lang smiled and said hello, then looked at the two on the right: "The two don't know, should they pass by last night?"

Lao Xie, Ximen Daguang...

These two names make the faces of Xie Dao Ling and Xi Menfeng a little bit awkward, and the other three people are also crying and laughing. This is not like an enemy to negotiate, but rather like the attitude of their old friends.

“Haitian Town Miao Zan.”

“Treading horses, Ma Shibin.”

Two simple openings on the right, self-reported the door.

Shen Lang immediately became clear. It seems that Xie Dao Ling’s invitation to help the boxing was not just picked, but the invitation of those families who went to the dead forest that year.

In the year of the Ice Palace, there were two rains and sounds. The three of Haitian Town, one of them was called Miao Yong, died inside.

The one who stepped the horse was alive, and Shen Lang erased his memory, which seemed to be called Ma Yansong.

Now that the ice palace is here, Miao Zan is probably the father of Miao Yong, representing Haitian Town. Even if Ma Shibin is not the father of Ma Yansong, he is also an elder.

“To be honest, I came out of a small place, I was ignorant, I have never heard of the names of the predecessors. But I have never heard of it before, let the Simon is big... Real people are very upset, so... I will be long-awaited!”

Shen Lang and his fists set a few words for them.

Both Miao Zan and Ma Shibin’s faces are not good-looking. What is this long-awaited?

You said that you haven’t heard it better!

Not to mention the West Gate on the other side, the face is almost green! It seems that he is extremely careful.

“Shenlang Xiaoyou, I told you that you have a sharp tooth. They don’t believe it. Now you have performed it for yourself. Haha...”

Ximeng is psychologically prepared. After all, this is the third time.

“To be able to invite you to the face of the Lord of the House today, I believe you know what we are asking you to come over,” said the West Gate.

Shen Lang smiled and looked at them: “You are all guests, what do you have to say, let the old thank you owner! Or do you rely on the palace owner?”

“Shen Lang, I and some of their predecessors are not idle and have nothing to do. To come to Tiandong, not to join in the fun, is to hope to resolve the grievances of both of you.”

The canoe was opened across the veil, and then the fingers were gracefully stretched out: “The Xie family is actually very sincere. I hope that you will calm down and everyone will seek common ground while reserving differences.”

Xie Dao Ling, who has never spoken, will give a few punches to them.

“This time I have worked hard, I thank Dao Ling, and I believe that I have been famous for decades. But now I am forced to be so tempted by a younger generation.”

Xie Daolin’s self-deprecating feelings a bit, and said to Shen Lang: “Of course, I am not complaining about you, but afterlife is awesome! You are strong, and you are very hot, regardless of the consequences, these are rare qualities!”

This sounds like a compliment. In fact, it is all ironic, and Shen Lang is also smiling.

At this moment, if Xie Dao Ling does not have the slightest emotion, he will feel abnormal, and there may be a trap.

“So?” Shen Lang looked at the front and shook his head. “Xie Xie, your hospitality is not good. How can I prepare a cup of tea for me? Burn more water.”

“Oh! I am afraid to prepare, I am afraid that you suspect that I will be poisoned!”

“Oh...” Shen Lang took a look at his head: “Yes! I have forgotten it. Xie has a colorless and odorless worry-free fragrance. It is said to be very poisonous. Last time Xie Xun poisoned me. I am not dead.”

“Look! My character is really sloppy. I don’t know how to die. I still thank the family!”

Originally, Xie Dao Ling was just a satirical sentence. He was so introduced by him, and immediately reminded other people that Xie’s family seemed to have such a poison.

Although all of them are identifiable and invited by him, it is impossible to poison them, but they always feel bad.

“Shen Lang! I will invite you here today. In addition to the grievances of you and Xie, we have a thing to settle with you in Haitian Town.” Miao Zan could not help.

“The last time I died in the forest, we were three young talents in Haitian Town. No one came back. No one knows what is going on. We are not sure about the geniuses we have come out with, Chu Yunfei said, The three of them, together with the two of the Xie family, were killed by you!”

Miao Zan This is ready to be troubled When it comes to this, the sound is also severe.

“But you didn’t come back, we are dead and there is no evidence. But you came back years ago and declared that it was Chu Yunfei. We had to re-investigate, including looking for the ice palace’s fairies, Liu Jia and the Tama faction to investigate.”

“It’s a pitiful day! Stepping on the horse and sending it to the horse, I found that Ma Yansong was wiped out by the memory. The horse brother recovered the memory through the powerful mana, let us know the truth!”

Miao Zan pointed to Shen Lang: “Hai Rui, Situ Yang, Miao Yong... The three most promising young people in Haitian Town, all killed by you!”

Ma Shibin, who was next to the horse group, sighed: “You didn’t kill Ma Yansong, just erase his memory. I stepped on the horse to express my feelings. Thank you for not killing. But you are too angry! You have been Chu family, Xie family have hatred, what are you complaining about in Haitian Town?”

“Oh... maybe our family, Ma Yansong, is a bit stupid, and I was able to escape. I haven't been killed by you.”

#### Chapter 365 - Laughing knife

Shen Lang counted other people, certainly still to Xie Dao Ling, after all, Xie Daoling invited.

But I didn't expect it to be Haitian Town and the Tamar School. I didn't even think that the memory of the Tamar School was actually restored.

In fact, technically, it is not surprising to be restored, because he only just broke through the third weight of “Yin and Yang Bo Ruzhen”, and there is still a gap between the strength of the real world. It is not surprising that people from higher realms are relieved. .

Unexpectedly, the anomaly discovered when Haitian Town went to the inquiry, so that Ma Yansong said everything after he recovered his memory.

Now that Xie Daoling is going to make trouble, Miao Zan is also going to make trouble, and Ma Shibin is naturally with them.

After all, “not killing grace” is just to talk about, and will not really be grateful.

And the West Gate seal, needless to say, before the Shenmu Cliff, it is already ready to move, want to shoot.

Only for him, impressing him is definitely not the benefit promised by Xie Dao Ling, but also the Lingshi possessed by Shen Lang!

Five masters in the house, four of which are enemies!

The rest of the Palace of the Ice Palace is in a canoe. If you do not participate in the siege, you should be able to do it. But it is definitely impossible to make him stand up against other people.

She is not a rainy day, they have no such friendship, and the identity of the palace owner means different responsibilities.

Shen Lang quickly analyzed it, and then naturally smiled: "First of all, I want to ask, why did you not find it in a year and a half? When I came back, they were besieged, they found that it was wrong, and then came back. ?"

"What do you mean?" Ma Shibin frowned.

"It doesn't mean anything, just assume it. What if you have any Ma Yansong, the so-called restoration of memory, is it compiled to harm me?"

"Aridly! Why is Ma Yansong going to harm you? He has no enmity with you!" Ma Shibin angered.

Shen Lang nodded: "The same words ask you, since there is no enmity, why should I erase his memory? Since there is no enmity, why should I kill three people in Haitian Town?"

"That's because... because..." Ma Shibin sneaked at the opposite canoe and couldn't say it.

Since the memory was restored, Ma Yansong said that it was all, including the fact that they had to grab the Ice Palace Snow Ginger together.

In fact, whether it is Ma Shibin or Miao Zan, I understand it. Since the four of them chased the Ice Palace for one night, it was the waves that dragged them and they escaped.

The two of them have not lost their memories, and this time they will inevitably report to the palace!

Probably because of this reason, the last time in Yunzhou Park, it is very likely that the ice of the ice palace will save the Shenlang!

But these people did not know before, others know!

Now that they know it, they can only pretend that they don't know. Otherwise, they can't face the Ice Palace first.

“You just said, in the dead forest, the enemy I have to deal with directly, there are Chu and Xie, add up to six enemies! That is the genius in the same age.”

“Why should I provoke four more enemies? I am crazy? To an enemy ten? Why don’t I go to provoke the people of Xuan Lingzong, Liujia, and the Ice Palace?”

A series of problems with Shen Lang made Miao Zan and Ma Shibin speechless.

Not only dumb, but also awkward!

The opposite of the palace owner obviously knows this, but I don’t know whether it is to maintain the sinking waves, or to stop thinking about the dead and not to find them.

But this does not mean that others don’t care!

They can face each other together, and they naturally avoid this aspect, but they always feel that they are losing money to the Ice Palace.

I can only comfort myself, saying that it is in the forest of death, and it is one of the tests of the jungle to force the robbing of the weak meat.

But now facing the question of Shen Lang, knowing that he is killing the murderer of the three sons of Haitian Town, but he can’t argue with the openness of the light. From the logic, the words of Shen Lang are completely without problems.

“Ximen brother, let’s say something fair!” Miao Zan transferred the words to the west gate.

To deal with all kinds of things, the West Gate is more noble than their experience, and their status is more honorable, so this can only be turned for help.

Ximeng smiled and nodded: “Just the palace owner said very well. We are here today to seek common ground while reserving differences, so that everyone can turn it into a jade, I think it makes sense.”

After saying a set of words, he directly looked at the waves.

“Shenlang Xiaoyou, what happened in the dead forest that year, none of the other people here have personally experienced it. Everyone has different opinions, and I can’t say who is necessarily the truth.”

“Where I am the youngest, I would like to say a few suggestions to the old seller.”

“In any case, the past will let him pass, and everyone will not be interested in pursuing it. When is the report?”

This is said, Ma Shibin is okay, anyway, his family has no loss. However, Miao Zan frowned. He represented the interests of Haitian Town and was destroyed by three outstanding children! How can it be past?

“Miao Zan brothers certainly do not agree with me, but I will ask, if Shen Lang did not return at the end of the year, does Haitian Town recognize the result?”

“That’s the case, but...” Miao Zan wants to say that it can be the same? At that time, Chu Yunfei said that the murderer stayed in the forest of death and there was no revenge.

However, after the anti-bite of Shen Lang, and the verification of the truth, of course, can not let go of the murderer.

“Don’t be, the deceased has been smashed! Even if you kill the swell, they can’t resurrect.” Then he said to Shen Lang: “Like Shen Lang, you killed the Chu family and killed the chickens and dogs. Can’t resurrect. Add killings!”

This said, Miao Zan is not convinced, Shen Lang also frowned.

“Our people who comprehend the truth, this is contrary to the heavens, and it is against the sky. It is not good for us to create more killings.”

Ximeng sighed a bit, and then continued: “Let’s say thank you brothers, it may have been confused with the Chu family, but now, at least four people directly involved have been killed, Xie Jiayan face Loss, economic losses are also hundreds of millions. Not enough?”

Shen Lang faintly asked: "What do you mean?"

"That's it! A write-off. You are a very optimistic genius. If the damage is degraded, I can't bear it. Thanks to the brothers, I am now laying down my dignity and face to talk. It's not easy. You have escaped several times. It also shows that you know that his strength is not under you!"

This is a soft and hard come together, the face is also given, and there are warnings.

Then suddenly there was a turning point: "As for a few people in Haitian Town, after all, people are gone, they are some good teenagers who are as promising as you. You now have hundreds of thousands of medium spirits, just mean, Humanitarian compensation is given to them, and people are better. How?"

Fuck!

Shen Lang couldn't help but sneak, the old guy smiled and hid the knife! Pressing on the faces of several of them and summing up is waiting for him to be slashed!

Now pretending to say that he has hundreds of thousands of medium spirits, they are no longer hateful, it is a huge lure!

Several of their families, together with not so many Lingshi reserve, who can bear to live?

Chapter 366 - Seeing the poor

really!

After the seemingly inadvertent disclosure of the information in Ximen, everyone's eyes once again gathered on Shen Lang's body.

This time, let's not say that a few of them have changed their eyes, that is, the eyes of the palace's main canoe have changed a bit.

However, even if the boat fell slightly, he did not believe this. Because of the relationship between the rain and the rain, she knows more about the situation of Shen Lang.

In terms of his Lingshi, basically the big head comes from the Chu Mofeng, and there may be Tianshan Jianzong who is not sure about the relationship. But it is extremely rare to borrow the Qiushui sword. It is impossible to give a lot of Spirit stone gift.

Therefore, Shen Lang has dozens of medium Lingshi, she believes, saying that there are hundreds of thousands, she does not believe.

But she doesn't believe it is not important!

Several other people, including Xie Dao Ling, have a mentality of "being credible."

This is what Ximeng said. If he doesn't understand it, will he talk nonsense?

Before that, I heard that the Ximen seal had a WeChat exchange with Shen Lang, and he also said that he was watching Shen Lang and Huang Zheng and Shen Ye at Shenmu Cliff.

Just now, the Ximen seal mentioned that Shen Lang had obtained 50 medium-spirited stones, but there were many, but they have not yet shaken them.

Now I heard that there are actually hundreds of thousands. The 50 that I earned in the evening today are not doubtful, but like evidence.

He can easily get fifty Lingshi, maybe five hundred are also true!

Even if the West Gate is exaggerated, take a step back, the light is the collection of Chu Mofeng, plus 50 tonight, that is not a small one!

There are also at least three magic weapons, such as the Qiushui Sword, and the Shenzhou Boat and the Mixed Yuan Bomb.

Now they are here, if you start to divide the four people, you can at least get a magic weapon, and you will get more Lingshi compensation if you don't get it.

For a time, their minds have lived up, what kind of grievances, what face, have been thrown aside, thinking about the benefits!

But now there is also an ice palace owner here, if you want to pull her into the gang, it is estimated that the score is relatively large, in order to impress her, so that everyone can be divided.

Otherwise, you have to add her to destroy it!

“Shen Lang, aren’t you the Pingxi bird that doesn’t pull out the place? Is there still so many Lingshi? Bragging?”

The canoe can be so young and get the master of the palace. In addition to its strength, it must be very good in all aspects.

No one needs to say it, and she doesn’t need to reveal anything. She immediately guessed the minds of other people, and immediately explained the disguise in the tone of doubt.

Shen Lang smiled faintly: “I want to say that I don’t have so many Lingshi. They must also believe in the old Ximen instead of believing in me. Besides, this master, just wanted to \*\*\*\* me at Shenmu Cliff, but fortunately I ran fast!”

He seems to be answering the canoe, and it is actually a ruthless irony of the West Gate.

“He just revealed this news, that is, I want everyone to start killing me together! Saying, you should not be so shameless?”

This said, Ximeng can’t bear it a bit: “Shenlang Xiaoyou, can’t say that. I saw the stone that you have sunk a box. If I have a robbing heart, you think you can stay with you. Where?”

“You want to grab it, you can grab it!” Shen Lang is ruthless.

“I just said this, I want you to see it in humanity, give you a little help. Just like you just grabbed someone’s magic weapon, ask for a redemption, I can’t bear it, just help you pay ten.” Spirit stone. This is humanitarian!”

Ximengfeng said that he was so great, and he was serious. If he had not seen him with greed, he was really easy to believe.

“Well, humanitarianism? I have a lower moral level, I am not interested. You will not want to make a donation?”

Ximeng smiled a little: “Of course, I just suggested, would you like to give it, it is your freedom. My starting point is kindness, I hope that you can turn it into a jade!”

“Since it is a jade, why can’t they compensate me?”

“compensate you?”

“Compared with your number, qualifications, contacts, etc., I am a vulnerable group, but I have the determination to fight to the end. And I only have one person, kill one enough, kill two to earn one!”

Shen Lang is a polite sneer: “For example, you are the Promise, and the real man of Ximen is very powerful. You may have disabled me casually, but there should be many people in the Promise Gate. Can I kill enough?” ”

“Shen Lang!” Ximengeng sank his face: “I have repeatedly said goodbye, I hope that everyone can seek common ground while reserving differences and solve the problem. You can not force everyone to destroy you!”

Before it was Huang Zheng, they were still in the night, or Xie Jia. For him, they were all others.

Now Shen Lang actually dared to take the Promise to say things, even if it was just a metaphor, it made him very upset.

“You don’t want to destroy me? But don’t pull justice, you kill me, it’s a mystery!”

Shen Lang glanced at them: “I will put the words here! If you want to solve the problem, I will give the ice palace the face of the palace today, and I am willing to solve it. If you want to move me, I will measure it first. After a while, you can’t stand the blood flowing into the river and the crowds are going to end!”

When this was said, there was a heavy effect.

Haitian Town and Tama are not here, Xie will be the first to bear the brunt!

They look at me, I see you, I hope others will come to face.

Ma Shibin has a reason, he has no direct grievances with Shen Lang, and of course he wants Miao Zan and Xie Dao Ling to go!

Miao Zan's silence is that this is the site of Xie Dao Ling. Everyone will help him first, so he will come first.

Xie Daoling is the most affected because of Xie's family, and now the wind is disturbed by the West Gate, no longer their personal grievances.

"Oh! Don't say anything about the crowd! I was invited by Master Xie. Let me invite you to come. It is also the meaning of several masters. They will definitely not let me lose your face."

The canoe wrinkled his brow: "It seems that I can't talk about it You go! Wait until you really have the sincerity to say it!"

She will take the words to live with other people, and then say that Shen Lang has no sincerity to evict the guest. In fact, anyone at the scene can see this thought, and wants to win a living path for Shen Lang!

The picture is poor!

The picture is poor, if you don't show it again, you have to miss the opportunity!

"And slow!" Xie Daoling called out.

"Do you have any better suggestions for Master Xie? Wouldn't you really have to pay him?" The canoe said deliberately.

Xie Dao Ling arched his hand: "It is rare to rely on the face of the palace to invite Shen Lang to come face to face. I don't want to be on guard against him every day, and I don't want to thank other people for living in the shadow..."

He asked Shen Lang in a positive color: "What is your condition?"

"Take sincerity, apologize and compensate." Shen Lang is not polite with him.

Chapter 367 - Compensation suggestion

"How to apologize? How to compensate?" Xie Daoling asked again.

When the two of them spoke, the others did not interrupt and looked at them.

Shen Lang knows very well that Xie Dao Ling wants to open the Xie family first!

When he opened the Xie family, he would have no scruples and burdens. He could completely chase the other waves alone, or he could join forces with them.

"Apologizing is of course to ask you to thank the master for putting a sentence below. If you compensate, you will have a medium-spirited stone. I don't want you more. Thanks to the family, many are worthless. Twenty core members!"

Xie Daoling has not yet opened, and the West Gate seal has already been said.

"I don't think it's fair. I really offended you. Two of them died in the forest of death. Two more days have been killed by you. You have also lost hundreds of millions of dollars to Xie's family!"

"Other innocent people have been implicated, do you still need to pay for their lives?"

Shen Lang looked at him: "This has to ask Master Xie. Biyunfeng and Chu Mofeng fight, he came to chase me! Yesterday at noon, I want to see friends here, you ambush to kill me; today morning Xie Xun invited me to a decisive battle. You ambush to kill me..."

"The big official of Ximen, I am just thanking you, I haven't counted with you yet!"

The West Gate seal stopped, and I wanted to preside over justice. The result was a fire!

“Apologize, I can, but there are not so many Lingshi. Xiejiazi, the average is mostly, there are not many valuable. If you ask for money, I can have one million lives, and the Lingshi can be up to ten!”

Xie Daolin’s opening price was up.

This attitude made the boat a little surprised. Although it was a negotiation for peace, the focus was on seeking common ground while reserving differences. I did not expect Xie Daolin to speak so well.

“The deal!” Shen Lang is also a refreshing promise.

“I represent Xie, represent myself... apologize to you!”

Xie Daolin did not have the slightest embarrassment. There are identities here, and there is no face in the requirements and requirements, so he took the initiative to complete the apology.

Then he took out ten Lingshi, probably the bottom line he was ready for.

“From today, the grievances of both sides are written off!”

“Yes!” Shen Lang took over.

There is nothing to say about the Canoe, she still does not believe that things will be solved as simple.

“Very good, very good.” Ximeng smiled and applauded, and said: “Now you can talk about joining the Master League. We still recognize your strength. Now, there is no grudge with the Xie brothers. The Alliance welcomes you!”

“I don’t want to.” Shen Lang stood up. “The problem is solved, I will leave.”

“No hurry, such a big thing is done, it’s time to celebrate. The young people at home have arranged a celebration, some occasions that young people and men like. We several old men also sing and drink with you, how ?”

Xie Dao Ling changed his attitude and became very enthusiastic. He asked the canoe next to him: “Do you want to go with the palace owner?”

“No, I am not used to it.” The canoe refused directly, and then looked at Shen Lang.

“Then please ask the palace owner to go back to the room first, and say hello.” Xie Dao Ling made a gesture to ask her to leave first.

The canoe looked at Shen Lang and wanted to let him leave.

In this way, the fools can see that they are not good, and there are certainly other arrangements.

But Shen Lang is nodding. “Then I am not as respectful as my life. Good night!”

It’s a bit helpless to go to the canoe. She is here, they still have a bit of scruples, but it’s just a few points. Now it’s obvious that she is going to open her, that is, to start with him!

Is this guy stupid, really believe in Xie Daolin? Still hearing what men like, is it heart-warming?

After shaking his head secretly, the canoe got up and left, and gave everyone a slight ritual, then turned and left the room first. What will happen to Shen Lang, wait for him to go!

Without the canoe, the atmosphere at the scene changed immediately and it became a lot easier.

“How, do we need to say more? You are a smart person!” The Simon seal closed his smile.

“What to say?” Shen Lang’s pretense: “Don’t you want to celebrate with me? Could it be that I promised to join the Masters League? I really have no interest.”

No need to discuss, to their level, are savvy.

Miao Zan immediately echoed the opening: “I represent Haitian Town, we must ask you a fair!”

“If you join the Master League, I can bless you a few points. If you don’t join, you are not your own. I can’t do it.” Simon Feng shook his head.

Ma Shibin looked at their eyes and looked over: “I was invited by the brother-in-law, of course, I went back and forth with him.”

This made Ximen seal a little dissatisfied. Just thanked Dao Ling, it was already a little dissatisfied with him. Ma Shibin came again so that only he and Miao Zan had two pairs of Shen Lang.

Xie Daolin slowly said: “Xie Jia and your grievances have been solved. Now is my personal grievances, what you have done, I have no face, and I am very upset!”

This statement made Ximen seal satisfied.

“Okay, everyone’s opinion is already very obvious, and I am watching you now.” Simon looked at Shen Lang.

“Look, I am not going to drink with you...?”

Miao Zan snorted: “When is it crazy to sell it? You don’t want to involve the Ice Palace, we don’t want it. Just thanked the brother who has put down his dignity and gave you face. Now the Lord has left. It is when we settle accounts. It!”

“How do you count, just say it, I am honest, I will not turn.” Shen Lang looked at them with a smile.

Lost Canoe does not believe that he does not know that he has so many Lingshi, so he just did not understand.

The wealth has already revealed the white waves, of course, I understand that the Xie Dao Ling’s commission has been fulfilled. I want to open the house and I want to deal with the past.

What can he say? Directly debunking, leaving the canoe, is to let her do difficult multiple choice questions.

Even if she is willing to work side by side with him, it will only let them kill her!

Shen Lang didn't want to involve others, so he made a scene with a smile.

They will be left at this moment, and everyone will not turn around.

“When we are human, we will not be as absolute as you are, and there will be room for it.”  
Ximeng refused to stand up and open the conditions.

“Chu Mofeng is dead, Chu family is not absolutely! Master League must supervise and shelter, you have to return the two magic weapons of the Chu family, and all the Lingshi, and I will return them to them.”

“anything else?”

“I just had Huang Zheng, Shen Ye and my Lingshi You have to come out, and I will give them back.”

“anything else?”

“As you said before, buy a life! Your life is only one, should it be worth more? We have four people on the scene, one person is a medium-spirited stone, I swear by my reputation, you can definitely let you go!”

“Otherwise... you are not only four of us who are offended, we are all four, and there is a master league!”

The conditions for the closure of the West Gate are equivalent to letting Shen Lang surrender two magic weapons, plus five hundred medium spirit stones!

This is really not “absolute”, but it is almost scraped.

Four masters of the real world, the four sects behind, and then do not know the huge master league!

One layer is more threatening than one layer!

Chapter 368 - Monster 4 Master

At the last sentence of Simon's seal, the atmosphere of the entire suite was cold.

All four of them have reached the strength of the real world. Among them, the Ximen seal is stronger than a few of them, and it is in the middle of the realm.

This is not a joke at all, although they have not caught the waves since yesterday, but one is not to go to the scene to adjust the tiger away from the mountain, the other is a tightrope carrying a magic weapon.

Now Shen Lang people are in this room, not to mention other arrangements of Xie family, that is nothing, just four of their masters here, you can guarantee that a fly will not fly out!

Xie Dao Ling slowly took a sip of the teacup.

"We all know that you have got the Chu family's sacred boat, but you will not have the opportunity to display it. You have already escaped."

"However," Ma Shibin said with a smile: "The ice palace's lord has not gone far, if you are working hard now, or can still attract her back. As for the consequences, I believe you should be very clear?" .....

They showed the evil smile of "the man knows."

The answer is obvious. If you can choose, they will open the canoe and avoid direct confrontation with the Ice Palace. If the canoe is added to it, it will be destroyed with him!

By then, they can say that Shen Lang killed the canoe, and they eliminated the waves for justice!

But just after Ma Shibin's words, they triggered their evil smiles, indicating that they might do something else before the killing!

Although they are older, they are cultivated to the realm of existence, not to mention that the function of that aspect is not degraded, that is, the appearance looks like it is only about sixty.

In this realm, the cultivation of the mind is not low. In general, it is long ago that it will not be addicted to the physical pleasure.

But that is the palace of the Ice Palace! Even if the canoe has been veiled, they are not very clear about the appearance, the identity of light can have a strong sense of conquest.

Of course, if it is a river, maybe they will not have this interest, and it is still a young girl.

Shen Lang shook his head: "Treading the horse...hehe!"

Originally speaking, for Ximeng, the picture is the interest, which is understandable. Like him, he lived at least 70-80-year-old old guys, and in the realm of the present, if there is no huge interest, it is really a matter of public interest to impress him, but it is fake.

So it's not good to be uncomfortable, but it's still not to the point.

If Ma Shibin's threat is said, he will be down!

Even if he threatens or emphasizes that he wants to kill the canoe, it is still a normal threat.

But when they are old, they make hints that they want to turn people round. Even if they don't necessarily do this, they just say threats and they are disgusting enough.

"Four masters, if I really satisfied your request, I handed over these magical weapons, even my autumn swords, will you really let me live?"

Shen Lang said that the "four masters", but the eyes are the Ximen seal, the other three people, he has dismissed.

Ximeng is also a polite role as the “Boss”. Originally, Xie Dao Ling was the landlord. Now it is a reversal. It is another negotiation.

“My old face is here. I am not only a Promise, but also a Master League, or a position in the league. If I say it, it is Jinkou Yuyan!”

“Can I be honestly obedient? You are not afraid to look back, I will find your junior revenge? I know that I can not have your honor shackles.” Shen Lang continued to ask.

Ximeng laughed and said nothing, and did not directly express anything.

Several other people laughed too.

The answer is self-evident!

They have to offer the conditions for this compensation. They just want to easily capture all the resources of Shen Lang. After they have arrived, even if they really “put a horse,” it is just a life, it will inevitably He is gone!

“So, even if I am honestly obedient, I will cooperate with you. I am certainly not going to end well, then why should I obey?”

Miaozan said: “Do you still have room for bargaining? We don’t have direct hands-on, do you think it is a scruple for you?”

“If you say it, you will still give the Ice Palace a little bit of face!” Ma Shibin is still very dissatisfied with the “hehe” of Shen Lang.

Shen Lang applauded and smiled. “Good! I came to the main face of the Ice Palace. You will give them a little face. I don’t need to blame her.”

Then he said to Xie Daoling: “Xie Xie, your business is doing well. In front of the outsiders, I am generously compensated for ten stones. I will ask for one hundred when I turn around. I can’t see it, you will do it. business!”

“I advise you not to struggle, let’s cooperate with it. We still love!” Xie Dao Ling said slowly.

In their view, Shen Lang said that the East said that it was delaying time. But they are also delaying the time!

This hotel was lived before Shen Lang, they also found it in the afternoon. The canoe is not living here, but the place where you are responsible for accommodation.

She has just left, but still in this building, they will find out.

They don’t want to be extra-budgeted, and they don’t want to be notorious. Don’t mind waiting a little longer, wait for her to leave and then start.

“I am here to explain a little bit here. Xie Jia, Wujimen, Haitian Town, and the Tamar School are all tired of you. Oh, I am sorry, I can’t be tired, I should say a little more, Haitian Town Miao!”

Hearing the waves and talking to them, they all showed disdainful sneers.

“Shenlang, do you really think that you can still leave here alive?” Ximeng shook his head and shook his head: “I love again, I can use it, you will be ignited. Today, we are presiding over the Chu family.” Kill the days of your killing madness!”

After this was said, Ma Shibin Miao Zan was flashed and immediately went to the back of Shen Lang and blocked the doorway. In addition to the balcony direction, there are Xie Dao Ling and Ximen Seal.

“She has left by car, do it!” Simon nodded and ordered the attack.

At the moment of his opening, Shen Lang is also moving!

He just pulled east not delaying the time to wait for a miracle, but to make plans and deduct the possibility of success, negating the opportunity is not big.

At the same time as the opening of the Ximen Gate, he immediately took out the Qiu Shui Sword and quickly cut it out with his own heart, and his feet slammed!

Some of them are experienced seniors. You don't need to wait until Ximenfeng says "hands-on" and you will know what you look at.

Goodbye Shen Lang shot, I know that he was blocked and left in succession, is to cut the floor and fall downstairs!

Of course, they would not give him the opportunity to drive the boat. Ma Shibin, Miao Zan and Xie Dao Ling three, almost at the same time, took a palm to the bottom, and together they shattered the whole floor and fell down together.

The West Gate Seal is a raised hand, and a huge suction gap covers the seat where Shen Lang is.

In this way, the three of them can follow him to the next level, and his rising space has been covered, they will not give him the opportunity to continue to cut the next layer of floor!

Chapter 369 - Escape from birth

Obviously, Shen Lang can also break the floor, but with the Qiu Shui sword, of course, the speed is faster and the effect is better.

So the four of them did not care about what to avoid, and they shot the siege together.

After all, he still has a \*\*\*\*\* boat. Once he gave him the opportunity to leave, he would have trouble chasing it. These two days have already been experienced.

When Xie Daoling and other three people smashed the floor at the same time, the body was also sinking and falling down, falling faster than the masonry to the next layer.

Still formed a situation of before and after the package, do not give Shen Lang a chance to leave.

But when they fell, they saw that in addition to the shattered bricks and stones, there was a floor that completely cut a large circle, and it had already fallen into the air, but no one was there!

Still in the west gate seal above, his calm shot is to cover the place where the sinking waves fall, so that he has no way to go, no chance to fly again, but to continue to cut the floor, they three people It is bound to be able to control.

Unexpectedly, Shen Lang waved his sword and cut the floor and the sofa, but the people went to the ground, but they did not want to speed up the fall, but they quickly flew up!

So when the Ximen seal came out, the envelope was successful, but it was covered with an empty space. The Shenlang people had already reached the ceiling!

When others went to the ceiling, there was a rapid explosion, which directly opened the ceiling to a hole!

Therefore, the rapid waves that flew up quickly did not stop at all, and flew away from the hole!

This is already on the top floor, above is the roof. But in fact, if you want to go above, the difficulty is much bigger than the next level.

Because there is a thermal insulation layer on the top floor, then the top is the roof. The length of the single sword can directly cut the ceiling of the lower layer. The ceiling above is cut, but it is not enough for the roof.

Therefore, before the shots of Shen Lang, no matter which of them, it seems to be a normal choice, they thought that he was going to fly away from the balcony below.

But even if the sound of the East hit the West and led the three people to fall to the next level, the West Gate seal failed, and it was too late to pursue him.

However, the action of Shen Lang is a series of swords. While the sword is cutting the floor, he has raised his hand to attack. When he flies to the ceiling, he already has a passage and goes out directly without having to break the sword. The passage to the rooftop.

The West Gate seal thought of the mixed bullets!

But the situation just now is not a mixed bomb.

On the one hand, the magic weapon is displayed, it still takes a little time, even if it is very short, it is his chance.

The power of another mixed bomb, not to mention ruining the entire building, will at least ruin the entire ceiling, and the entire house will be strongly impacted by the explosion!

But just like a small directional bomb, it blew a hole directly.

Of course, these thoughts just flashed past, and Ximenfeng himself followed the hole and flew out.

After the three people found out that they were wrong, they also flew up from the hole in the floor, and then flew out to the top.

Until this time, the large round piece of floor, and then fell on the floor of the room below, a loud noise, and other bricks falling into the noisy.

Fortunately, the next level is also such a luxury executive suite, because there are fewer guests, and this time is empty, or else you will be scared to death without being killed.

When the four of them flew out of the top of the platform, the Shenlang had disappeared, and probably took the magic weapon to the fastest speed and tried to escape from Tiandong!

Looking at the hole that appeared on the roof, Ma Shibin muttered: "How did he do it..."

This effect is not a force or a magic weapon, it is more like a bomb. For a short time, Shen Lang had to cut the ground and swindle them down. How can he still do this under the supervision of the West Gate?

This is related to the secrets they don't know!

Holy armor!

Shen Lang is not a fool. Even if he breaks through the fourth weight now, he can already fight against the masters, but a few battles are still very dangerous!

This is different from the original Xie Tongwen and Chu Yunfei. Those are young people. In terms of experience, they are still lacking. He can use them with ease.

But like Xie Daoling, the age of their realm is not only a lot of actual combat experience, but also a great conspiracy.

Chu Mofeng is underestimated, just because he is the first one, and will not wait until other people. What's more, the West Gate Seal is more likely to be in the middle of the real world!

So when Shen Lang came over, it was already equipped with the holy armor.

The guidance of the city and the city, and the guidance of Bi Haihuan, also made him more aware of the manipulation of the holy armor and handy.

Just when nonsense talked about each other's time, Shen Lang calculated that the success rate from which direction to leave would be higher.

The first one was negated. Although it can fly directly from the balcony, others can think of it. There are two people on the front, Xie Dao Ling and Xi Men Feng.

It is not a problem to open the door at the back. If you want to leave, it is impossible to open the door like an ordinary person. If you want to wear the wall, it will be similar to the back and the left.

In comparison, "Go to heaven" is a better choice!

There is also a layer of insulation on it, and there may even be a water tower just above the roof. Just cutting a layer of floor down is an easier way!

But the opponent can certainly think of this layer, so he finally chose to "Ming Xiu Road, dark crossing Chen Cang."

When the sword was cut to the floor, the other hand had already been lifted up, using the equipment of the sacred armor to open a hole in the top, and when the West Gate seal reacted, it had already accelerated to the fastest escape day.

Imagine that, almost at the moment, they thought he was relying on the mixed bombs and the gods to escape.

“It’s a pity!” said Ximeng, hateful.

Others just listened to him. He had seen the hundreds of medium-spirited stones in Shenlang. It was something that made him very jealous.

“Ximen brother, do you say that he will be slaughtering our brothers tonight?”

Xie Daoling looked at the lights in the distance frowned.

Although this time everyone is responsible for it, but the Promise Gate, Haitian Town or something, it is in a very distant place. Xie’s family is in the city and is the most dangerous.

This is what he has been worried about before!

But he did not expect that four people were sitting in the town, but actually let Shen Lang escape.

“Notify the owner of the WeChat group and kick him out immediately! Don’t give him the opportunity to attack us.” Ximen Feng immediately ordered.

“Good!” Xie Daoling promised: “Please also ask a few brothers, continue to help me guard Xie!”

He held a fist to several people.

Last night, Shen Lang was at the end of the day. All of them were just destruction. There was no wounding. Under the anger of this evening, it must be as he said – blood flow into the river and the head is rolling!

Chapter 370 - Desperate home!

“Xie Laodi, I think we are guarding this evening, it doesn’t make much sense.”

“Ximen brother...” Upon hearing this, Xie Daoling quickly yelled.

Ximenfeng interrupted his words: “You can rest assured! How can we disregard you? But from the common sense, he is now running under our siege, and he will not dare to stay in Tiandong.”

“but.....”

“He fled, indicating that he is not our opponent. Is it?”

“Ok.”

“He escaped. Your first thought is to let all of us guard the children of Xie, right?”

“I’m.....”

“You think so, we think so. It is better to be able to wait for the rabbit and get him back to death. Do you think he can’t think of this?”

After some dialogue, Xie Daolin began to calm down a lot.

Yes, with the shackles of Shen Lang, I can definitely think of this.

“He didn’t dare to come to the appointment yesterday. After he was murdered last night, he did not dare to continue to attack Xie’s family. Instead, he chose a building without people. What does it mean? Explain that he knows that we are guarding, afraid to go to the door, completely avoiding Thank you!”

“What do you mean...” Xie Daoling tried to ask.

“As long as the Xie family does not go out and does not reveal any information, he will not understand the truth of the family, and he will not dare to work on Xie!”

Speaking of this, Ximeng screamed a bitterly: “On the contrary, Haitian Town Miao, Tama, and my Promise Gate... but it is impossible to prevent, I don’t know where he will go!”

Miao Zan and Ma Shibin frowned. "You said so, I want to go back right away."

"Don't worry so much!" The West Gate swayed his hand: "He flies fast, and he can't fly thousands of miles. It needs more support. It's impossible to fly directly to our martial art. What age is it? A phone call can be put The information is passed back and everyone is ready."

"Ximen brother said, it is our heart." Ma Shibin smiled.

This is the case, but still worried!

The encounter with Chu Mofeng was not long ago. Xie Daolin's anxiety in these days, they are also in the eyes, in case the real nest is attacked, the problem goes directly to their own body.

"Kick him first! Hurry. In terms of my communication with him, this kid is very conceited and very arrogant, and very cautious, there will not be many strange netizens. As long as he kicks out the group, he can't speak. We will sum up and give him some charges!"

The West Gate seal urged again.

Xie Daolin quickly called Xie Jun and asked him to handle the matter well.

Xie Jia retreats to his home, but he will not wait, and of course he will find ways to grasp the initiative.

Why can they know the information of Shen Langfa for the first time?

It's not just that people who have made good friends with Xie's family are mixed in the group, but they're going to thank the family after they've been thankful at the beginning of the year, so they'll get the Xie's family in, and Transfer the owner.

It's just this person who has kept a low-key and forbearance. No matter what Shen Lang said, he doesn't come out with a spray, just a silent screenshot to convey the message.

"What happened last night! You can make a big fuss." Miao Zan suggested one sentence.

“Yes! Although the outside news said that there were no casualties, it was just an accident. But we can spread another message to the world of comprehension, saying that it was suppressed against the secular, and actually killed hundreds of people!”

“Not only a few hundred people, but also outstanding identity, they say that those security guards and workers who work night shifts are all innocent people at the bottom. He is the invincible devil!”

Ximeng nodded and pointed to the hole in the roof.

“There is an explosion here, and the floor is damaged. It can be said that the hotel guests have been killed by dozens of them. Including the buildings that were damaged last night, find some serious photos of the scene and spread them out!”

“And... I will bring the Ice Palace to our camp, and directly say that she will see them with us. When the waves break our reputation, we must be more worried and more convincing. When she blames herself, it is a follow-up, and not many people will care.”

When they discussed how to frame the sinking waves on the rooftop, they did not know that the waves were above the sky!

He has just skyrocketed, it is really skyrocketing, just like at the beginning of Biyunfeng, let yourself hide in the sky.

However, at that time, the cloud was used. It is now dark and flying high. As long as you don't pay attention to it, you will not find him.

The reason why I choose to go to the heights is to think that after they come up, they will look for the direction of his departure and see if they can catch up. No matter which direction you go, it is impossible to disappear.

They didn't catch up last night, considering the safety of everyone in Xie's family. Together with the Ximen seal, they only helped to protect, and they didn't kill him.

The situation is different this evening, maybe they will keep going!

So he went straight to the heights and took advantage of the fixed impression that the average person would not escape to the top. After waiting for the West Gate to watch them, he had already flown to the sky and hidden in the darkness.

In addition to being a little safer, he also wants to see how they will arrange.

There is light below, although he can see clearly from the distance, just can't hear what they say.

Unexpectedly, they did not catch up immediately, but stayed on the roof.

You don't have to guess, you should be in the discussion, including analyzing where he will appear next, or how to post information, and even they may be staring at the hotel where the canoe is staying.

But since they are here, Shen Lang is not in the air!

He flew at high altitude and flew to the community where Xie's family lived, which lowered the height.

Xie's family has a community, but some of them live in other places. This time it is because of danger, so that everyone can gather together, so that Xie Daoling can be guarded by one person.

However, staying in the community is the elite of the Xie family, the second generation, the third generation of the main male. The old and the weak women and children were sent to relatives' homes for temporary residence.

Because they don't say self-protection, they don't even have the ability to escape. It's totally tiring and they don't have much value against Xie's family except the blood, it won't be attacked by the enemy. The goal is not the goal of Xie Dao Ling's protection.

After Shen Lang was lowered, the gods swept away and immediately became aware of the situation in the community. This point is still early, everyone is not scattered to each household to sleep, concentrated in several places.

Mixed bullets!

Holy armor!

Shen Lang began to bang up!

The attack range of the hybrid missile is not small, and the power is huge. There are many weapons modes to choose from in the Holy Grail. He is a large-scale bombing and then a fixed-point blow to escape.

Less than half a minute before and after, the destruction of a building in the Xie family community was directly buried in it. And if I escaped, I didn't figure out where the enemy was there, and I was blown up with a broken bone!

At this point, Xie's family was basically destroyed. In addition to the old and weak women and children who lived in the home, the self-cultivator left a commander of Xie Dao Ling.
