

First Strong 421

Chapter 421 - Mysterious death insect

They are all here, and everyone is sitting together, but when they arrive at the scene, they can clearly feel that they are just sitting.

These people have already died!

The only thing still alive at the scene is the West Gate.

From a visual point of view, they should have been dying before dying, but they did not succeed and finally died. Ximeng did not know whether it was because of its strength, or because other factors had escaped.

“Dead...all dead...Our Promise Gate is dead this time.”

Ximeng seal found that someone came over, but he still kept the alert, but he saw that there were five people in Tianshan Jianzong. It was the opposite of Shenlang and he was desperate.

“What happened?” Seeing that Shen Lang did not express his opinion, he was only observing, Gao Li asked.

“Come on! Shen Lang, don’t you want to kill me? Kill it! I don’t have the power to resist now, you can kill me and vent your anger!”

Simon seal screamed and reached out and made a neck smear on his neck.

“Kill me here, you don’t have to be afraid of the Promise Gate to find revenge on the Tianshan Jianzong, and don’t be afraid of the Master League.”

“Hey! Do you think that letting me say that the Promise Gate and the Master League will let me let you go?” Shen Lang sneered.

Ximeng shook his head and shook his head: "I didn't. I was finished this time. My brothers and sisters have fallen. What is the meaning of living?"

He said it was very sad, and he could not bear to let go and praise.

However, Shen Lang did not believe that Ximeng was a man who was much more than a normal monk.

"Good! Then I will fulfill you!"

Shen Lang raised his hand and directly sucked the West Gate seal and grabbed his head in one hand.

"Shen Elder!" Gao screamed. "That... you can't solve it."

Looking at the front door of the door is dead, the last one, Shen Lang will start to destroy people, Gao Li is really a bit unacceptable.

奕是 is not qualified to speak, just watching.

"He is my enemy. I am now a man of the Tianshan Jianzong. If he let him go, he will retaliate to the Tianshan Jianzong. Do you think that the family should not solve it?"

Shen Lang faintly stated the facts and then asked questions.

Gao is a slogan, if he is personal, he can spare the West Gate, but he is not afraid to gamble when he is related to the Tianshan Jianzong.

The Western Gate Seal was to see the heart of Gao Li's ambiguity, so he gave up the resistance, so he let Shen Lang hold it.

At this time, Shen Lang suddenly laughed.

“No wonder you are desperate. It turns out that you are really short-lived, and you still want to pretend to be a big husband without fear!”

Shen Lang’s words made them a bit surprised.

“What is the status of them? Is there any contagious problem? You...” Desolation reminded me.

She guessed that Shen Lang had just seized the head of Ximeng, and had already understood the physical condition of the other party, but the environment here was too strange. The Promise Gate is probably just smashed out from the heroes, or be careful.

“There is a problem, but it is not as simple as infection.”

Shen Lang shook hands and sent the Ximen seal directly back to where he was sitting.

“They are invaded by some mysterious bug in the body!”

“How do you know?” West Gate could not help but be surprised.

Their situation can be seen, but it is only superficial, there is no scar on the outside, how can we see the internal cause of death?

“After their worms invaded, they have been fighting for resistance, but they have barely come here, and finally they can’t support it. It is estimated that this time has been swallowed up!”

Shen Lang’s words made everyone feel a little confused.

The Promise Gate is also a master class. It can be this end. Of course, they must also be careful. They are unconsciously taking a few steps back.

Ximen sealed a sneer: “Yes, we have encountered a mysterious worm...”

“You should be the first to hide, let the other door to fight! After the bug has retreated, you will come out, so you think you have not been attacked.” Shen Lang looked at him with a smile.

“What do you mean?” The face of Simon’s seal changed.

The high wrinkle brows: “The moment of life and death ignores the same door, it is really unjust!”

“It doesn’t matter, he was finally invaded by bugs, just the difference between a little later and a little later.”

“What are you talking about! Impossible! I have not been invaded by bugs!”

The Ximen seal suddenly stood up.

“You don’t come close!” Gao Lizhen Jianjian came out of the sheath.

This mysterious bug can kill them all. Originally, it was not safe in the vicinity. This Ximen seal is still not dead yet, that is a mobile source of infection!

“Otherwise? Can my eyes penetrate their bodies? Of course I am the clue I just discovered from you!”

Shen Lang sneered: “Have you just checked your luck and found that you are not abnormal?”

“You, you...” The West Gate is now a little panicked.

Originally, he was determined, but Shen Lang did not know the situation at all, but he seemed to see the same thing. He said it was basically the same. He just grabbed his head and put him away!

“Can you tell me what is the situation?” Ximen seal bite his teeth: “How long does it take me?”

“How long have they been in? Your condition is better than them, probably entering the larvae, which is much slower.”

Shen Lang said that there is a clear eye: “But it seems that it should be rapidly growing and changing in your body, taking you as a nutrient. Maybe for growth, it will give you more time.”

As soon as I heard that there were larvae in the body, the West Gate seal felt that the whole person was not good, as if it was really on a certain internal organs, and the insects were biting.

“Don’t they burn it! If you don’t wait for the bug to be empty, you have to drill it out. When you get into your body together, you will die soon.”

Shen Lang shook his head and said to others: “Let’s go!”

Originally, I was still a little bit guilty But now I know this situation, it is nothing. Not to let him go.

People are like this, the fear of “contagion” itself is greater than the “contagion problem.”

Although they are masters of comprehension, they are also people. The things that are feared are different, and the essence is the same.

Today, in the heroic chaos, they saw the resurrection and saw a huge beast. It is entirely possible to have a mysterious killer.

“Shen Lang!” Ximen seal quickly stopped him. “You can find that there must be a way to save, right?”

While speaking, he did not forget to immediately display the magical spells of the three real fires, completely burning the same door sitting on the plates, and then he left a distance.

Sancha really fired them all quickly, but the burning body could not reach the level of three real fires. After a while, I felt that the outside was heating up quickly, and the insects inside began to break out and then quickly danced. It’s up!

Chapter 422 - Magical reward

Like praising and Dorothy, the beginning is still a bit suspicious.

It is not suspected that Li Lang is lying, but that he may be threatening the enemy.

I didn’t expect that a lot of bugs broke out and flew out, so they were all taken aback.

Ximeng seal saw his face changed even more, he is the closest!

Although they are farther away from the Shenlang, they are not too far away.

Gao has already pulled the sword from the original, and the sorrow is also a quick sword. They are also preparing to form a shroud with swords, not to let these insects fly out, and then completely kill!

Otherwise, in this foggy environment, it is troublesome to chase after it from behind.

Once again, I saw Qiu Shuijian in the hands of "Zheng Girl".

This is the object of the cold autumn master!

Who can not pay attention? Only the cold autumn public can be so generous!

This made him more convinced that Shen Lang was the reincarnation of his ancestors, and he also understood that the relationship between the two girls and Shen Lang was not ordinary.

It's said that the fire is burning, can he be unprepared?

Before he came, he was equipped with a saint under the clothes!

The real purpose of this time is to force the insects to fly out and let everyone realize the seriousness of the matter.

And he himself has already been ready for the holy armor, and as he waved out, he directly bombed a bomb from the cuff!

This is the black technology of the city of the river basin, which controls the scope of the bombing, and the fire flashes, completely annihilating the worms, and the corpses of the Promise that are still burning.

All the gray smoke flies out, leaving the ignition light remaining, and the falling ashes...

“...!”

Everyone on the scene was stunned.

They have just seen it basically, and Shen Lang is a casual one, and it has such an effect!

Everyone knows the power of the mountain and the cracking of the sea.

But like him, he has limited a range, and understates it to vanish it. What is this spell?

This is too overbearing?

Whoever offends him and is attacked by him, isn't there even a chance to dodge and even defend?

Installed a wave of Shen Lang, a touch of disdain: “Can't burn a bug... West Gate seal, you can do it yourself. Let's go!”

“Wait, wait a minute!” Ximenfeng hurriedly called.

“Don't follow us!” Shen Lang sternly: “From a safety point of view, I should burn you together! Just high elders, we have girls, we can't bear to let me kneel. You don't Force me!”

Shen Lang said this, let Gao Li is grateful and embarrassed.

This is the reincarnation of the ancestors, and it is for the safety of everyone. For such hidden dangers, it should be solved immediately.

“I think.....”

When the high door is open, the West Gate seal is not good, it is convinced! Everyone really wants to burn him!

“Wait! Wait! Save me, save me... these are yours!”

The Simon seal took out a bag and shuddered and opened. There were no less than twenty or thirty medium-sized stones.

Shen Lang looks at his thief, and it is estimated that before they arrive, this guy is searching for other materials that have died on the same door.

“What is this? You didn’t see for yourself that I have harvested a thousand medium spirits today? Are you worse? Oh! In terms of time, it should be yesterday!”

The disdain of Shen Lang makes the West Gate seal very embarrassing.

Yes, he sold a “entry ticket” and directly invested in a thousand Lingshi. And they have no door, they tried a lot of caves and tried to come in.

Compared with a thousand medium-spirited stones, what else can get into the eyes of Shen Lang?

The West Gate seal had been sweating for a moment, and he seemed to feel that the bug had begun to bite him.

“Shen Lang! I want you to swear in the name of the ancestor of Tianshan Jianzong!”

“Do you have a neuropathy?” Shen Lang sank.

“West Gate Seal! Are you going to challenge our Tianshan Jianzong?” Gao Li was also angry and drank.

“No, listen to me!” Ximen Feng said quickly: “I have something that will definitely make you feel good, but you must swear to save me! Otherwise, I would rather have it with me!”

“Can I believe in you?” Shen Lang sneered.

“How can I believe that you can save me? So everyone needs a constraint.”

“I didn’t say I can save you!”

Shen Lang snorted and took a walk with everyone.

But the more he said, the more the West Gate seal thinks reversed, and Shen Lang must have a way to save him!

This guy just wants to kill someone by knife and take revenge on the insect, because letting him be bitten from the inside to the dead is more painful than killing him directly!

“I beg you, there are really things that will make you feel good, you will be interested.” Simon sealed in front of death, no need for dignity and face.

“Well, I admit that I can save you, but why should I swear to the ancestor of the Tianshan Jianzong? Which hair do you count?”

Shen Lang said this, let Gao Li and Yang Yang are very happy, there is a feeling of exalted.

Before the high separation, I felt that Shen Lang was the reincarnation of the ancestors. He believed that he was caused by the exchange of interests. Now he feels that it is really his own elders to maintain Jianzong!

“We... got a jade peach. If you can save me, I will offer it!”

The Simon seal gritted it out, and quickly pulled out a transparent glass bottle with a slightly opaque transparent fruit.

“Yu Taotao!” Gao Li snorted.

The bleak eyes are also bright, only Dorothy is stunned, not knowing what it is.

Shen Lang is also really heart-warming.

The jade peach is actually not a peach. The name of “Peach Peach” is to show that it is like the magic of the Heavenly Palace. And because it is slightly turbid and transparent, it has become a “jade peach.”

The magical thing about the jade peach is that it can make the person under the service greatly improve, and like a general monk, it can basically be pushed directly to the real world. Even when it comes to the real world, it can enhance a realm.

Another magical place is that it is not like other treasures, has its own defects, has its own inclination. It has no side effects, and such a forced increase will not affect the limits of the future.

This thing is really amazing, it can make people crazy, and Shen Lang does not know that there is such a thing in the heroic chaos.

It seems that the walking of the Promise Gate is directly transmitted to the heroes, so it will get such a good thing. It's time to meet mysterious bugs and leave.

“If you don't save me, I will eat it directly, I would rather waste it on me!”

Ximen sealed and laughed, if he ate. Although it is impossible to work immediately, if it is enough, kill him directly, break the stomach, and take the jade peach out.

Even if he was chewed, he did not absorb it, and he endured the nausea to dig out his stomach, and it also had this effect.

But now he has a mysterious death insect in his body, killing him to break open, is to find death!

Chapter 423 - vicious

Shen Lang looked at him seriously and said slowly: “You are not afraid that I am cheating on you?”

Hearing this, the West Gate was flustered. The more he said this, the less he believed.

“Shen Lang! No matter how I used to yell at you, I am also a decent person, and life is a matter of life.”

He showed a “person who will die and his words are good” attitude.

“My door is dead! Let me go back and pass a message? I used to be wrong, I apologize to you!”

“High elders, what do you say?” Shen Lang asked.

Gao Li has some reservations, but this Ximen seal is not only a personal grievance with Shen Lang, but even in the dangerous time, regardless of the same door, it is simply a scum of rejection.

However, after all, he is a relatively old-fashioned traditional person. There is no way to die. He is still dead, and he does not want to watch Ximen’s death here.

“This... or you decide it yourself!” After hesitation, Gao Li still let Shen Lang decide.

Shen Lang slightly sighed: “Good! Look at the sake of the jade peach, I will save you first.”

“You guarantee first!”

“I promised in the name of the Tianshan sword ancestor master!”

Now I saw the state that Ximen Seal was about to be scared to death. There was also a huge lure of Yuxi Tao, and they did not feel that they were wrong with Nazi.

The Ximen seal is actually not trusting to Shen Lang. He always feels that Shen Lang will want to make him die even worse.

Now in the face of high separation, using the name of the Tianshan sword ancestor, it is really a bit of peace of mind.

If he knows that Tianshan Jianzong has no relationship with Shen Lang, he does not know whether he will vomit blood...

Shen Lang raised his hand to indicate that other people should not come close, then went to the front of the West Gate and reached for the bottle.

After a closer look, to confirm that it was really a jade peach, he immediately closed it up.

“Get out!”

Ximen seal quickly pulled his arms out.

“sword!”

Shen Lang reached out to the back and threw the autumn sword away.

Shen Lang waved his hand and quickly cut his sleeve open, revealing his arm.

Although he is an old man, his arm muscles have not shrunk.

Immediately after everyone’s gaze, Shen Lang’s sword fell, and the sword tip quickly broke his arm and dug out a piece of flesh and blood!

Just as the West Gate seal was hurting, I saw that the worm had flew out of the mass of meat, and quickly flew out to the face of Shen Lang!

“Be careful!”

Desolation, high separation, etc., are all true, but it is too late to rescue.

In fact, it’s just an instinct to scream out. It’s too late to really wait for this to pass into the ear of Shen Lang and then dodge.

However, since it is a shot of Shen Lang, can you be unprepared?

This dead insect is not only very fast, but also very penetrating, and can be quickly drilled into the human body. The West Gate seal has not been detected in the body, so it is obvious!

Shen Lang wants to force and pay attention to the size, directly a sword to turn it into two ends.

At the same time, his other hand was banned from the air, avoiding the splash of body venom after a short period of time.

Looking at the two worms that had solidified in the air, the West Gate seal had forgotten the pain of dig a piece of meat on his arm.

“It turned out to be true... still, still? Shen, Shen... Master, please find them all!”

Just because of the attitude of Shen Lang, he just believed that there was really, and now I saw it with my own eyes. Of course, I was even more shocked.

These strange death worms, the masters who survived the real world, can penetrate, can't suppress it, and soon eat the interior, so he can't be afraid.

“Nothing. Just one!”

“you sure?”

“When they attacked you, you fled, others were besieged, and many entered their bodies, so they quickly became like this.”

“You should be nervous at the time, and this is even smaller, so you enter your arm and you are not aware of it.”

Shen Lang kicked a hole in the ground and prepared to bury the bug.

But after thinking about it, I still burned it with a fire!

“This is really a larva, entering your body, is ready to ***** your nutrients to grow, so temporarily staying in your skin, not going to your dirty, no excessive choking. You are lucky!”

Shen Lang threw the autumn water sword back to the bleak.

“Yes... luck, I met Shen and Shen masters, or else I followed the dust.” Ximen seal took a long breath.

“You bandage it!” Yang Yang reminded me.

“You got lucky to get the jade peach, or else what do you do to me, why let me save you?”

Shen Lang bluntly sneered.

“And! With the speed of this larva, you get the jade peaches rushing back, the result is not to follow their footsteps, is to let it swallow up your stepless door!”

This made the West Gate seal a cold sweat.

Even if you don't grow asexually, you can kill him when you grow up. For the unguarded, the Promise Gate, everyone will become prey and food one by one!

In the end, he brought back a demon, a demon who broke the door!

“You didn't want to save me before, just want to kill people with a knife, and destroy the door of the Promise, you are too vicious!”

After the death of Ximeng, he showed a very resentful look.

“Western predecessors, you are too much. We sink the elders to save your life!” Yang Yang could not help but say a word.

Shen Lang smiled faintly. “That is your best or worst result. Do you think that with you alone, can you get there?”

The West Gate was sealed for a while.

Although the Promise Gate and the news he heard in the Master League made him feel confident that he could go out, but on the premise that there is a team, is it okay for one person?

It's that Shen Lang doesn't kill him this time, and because he has a lot of Lingshi's disdain to grab him, what other teams? Have you encountered any team that has nothing to gain, and haven't robbed him of it?

"Let's go!" Shen Lang spoke up and went straight ahead.

Several of them quickly followed, and no one would pay attention to the West Gate that had just wrapped the wound.

Looking at their backs, Ximen seal reveals a look of bitterness.

Yuxi Tao is such a good thing already got it, but still have to let go for his life, how can he be willing?

Just because of the curse that I couldn't resist, let him now want to follow the Tianshan Jianzong, and there is no such face, and others will not let it.

It is extremely dangerous to leave him alone here, not to mention a dead end.

In desperation, even if he is reluctant, he can only follow them far behind.

They have a head start, what is dangerous is what they encounter first, and he can greatly reduce the pressure to identify the direction.

"That person... has been following us."

After a while, Dorothy couldn't help but say it.

“Just let him.”

“Would you like me to kill him? He used to want to harm his master. Now he is not willing, and he will definitely harm his master in the future.”

Chapter 424 - Temple

Dorothy's words make Shen Lang very helpless.

What kind of person is Ximeng, he saw it as early as Tiandong.

This can be well-prepared on the surface, but after a huge interest, it will be another face.

The last time I knew that he had hundreds of medium-spirited stones, this time, not to mention, I had earned a thousand medium-spirited stones outside, and I just got the jade peach.

With the grace of the West Gate, it can be blamed.

It's just here, he has one person left and he doesn't dare to come. Once he is allowed to go out, he will inevitably find a way to make a trick.

If you are alone, Shen Lang will not let him go!

You don't even have to wait for life-saving exchanges. In such a forbidden place where the weak meat is strong, there is no civilization to speak. If you have a fist, you can steal it. If you have a fist, you will be robbed.

Dorothy and Desolation are real people and don't need to hide anything.

But now there are two high-sex and sacred ones. They are the Tianshan Jianzong, and they have always been in the west, guarding the principle of more traditional principles.

It is difficult for them to change their mindset before they have personally encountered such problems.

And now everyone is a team, even if someone really wants to grab them, Shen Lang can not sit idly by.

So the answer is no solution – this time they will not encounter it, and they will not be able to change their mindset. Naturally, they will not be able to watch and kill the West Gate.

“Forget it.”

Shen Lang shook his head.

His impression of Tianshan Jianzong is still good. After he went out, he also happened to be retreating there. There is no need for a Western Gate to make everyone feel at ease.

“We have already gained something. The possibility of encountering good resources here is much lower than that of the heroes. Is it better to fly directly to the sword?”

Desolation suddenly gave a suggestion.

Shen Lang instantly understood that Desolation was to see his helplessness, so he was prepared to use this way.

They flew away, and there was no way for the West Gate to follow. When he was alone, the probability of being in danger and not going out was much greater than following them.

“Alright, save a little time.”

Shen Lang directly launched the Shenzhou boat and called them all together.

When the gods made their way to the show, they disappeared far away, and the West Gate was left behind.

The West Gate seal was not far behind, and immediately felt the change of the magic weapon, and immediately knew what was going on, and it was so angry that it was so arrogant. The ancestors including the Tianshan Jianzong were also smashed.

“bad!”

Shen Lang called and stopped.

“What’s wrong?” Everyone asked.

Shen Lang is a bit sweaty: “It is very difficult to identify the direction in it. I have been calculating it. How much has been deviated, how much has gone, I have a number in my heart...”

“But we rushed out from the heroes, although we tried to keep the original way back, but there were still deviations, and then we encountered the West Gate seal. Finally, we just walked for a while, then we flew in the usage.”

Everyone didn’t know what to say, the magic weapon flew very fast, and now I don’t know how far the deviation is!

But no one blames the waves, although they don’t know what the secret picture looks like, but even if there is an exact map, it is very difficult to identify the direction in this misty world.

“We... fly back?” Dorothy suggested.

Shen Lang shook his head: “Because of the speed, there is a slight deviation, and the final gap is very big. Just like flying a plane, you have to correct the route at all times, and it is a computer calculation that gives all the data to speak.”

He pointed to the surroundings.

“On the outside, you can locate through the environment, and there are deviations that can be corrected. Here, how much has been deviated in the process, how much will it return now?”

“It is not clear that the two deviations add up to a larger error.”

“It doesn’t matter, we still have time, or let’s go slowly! Look for a point to confirm the direction.”

Gao is busy and comforted one sentence. In this respect, everyone can't help, and it depends on Shen Lang.

"The only way is this." Shen Lang said helplessly.

However, the decision he made was not that everyone continued to move, but continued to manipulate the gods, but the speed slowed down, and the lower direction went forward.

The direction of the flight is also the direction after calculation and speculation in his mind.

If you fly a little slower, there may still be deviations. Even if you walk, there will be the same, but you also need to find other reference objects to locate.

After several twists and turns, constant reference and correction, after a few hours, Shen Lang finally found a temple with them!

This temple stands on the plains, completely ignorant of the age of construction, and does not know how long it will last.

But on the surface, it can be seen that it has already weathered the weather, and I don't know if the transmission array inside can still be used.

Entering the temple, you can see a huge statue, but the age is too long, not only can not see the specific looks, but also has been ruined to half destroyed.

"From now on, now, although I have been away for a long time, I have encountered a lot of things, but in fact it is about twenty-four hours."

When Shen Lang talked, everyone looked at him quietly.

"I mean, it's rare to come here once. If you go out, you won't be able to come back. Finally, think about whether you should go out so fast."

He pointed to the back: "There is a tower behind, there is a transmission array at the top. You think about it, I can check if the transmission array can not be used."

Everyone agreed.

These twenty-four hours, the boring roads accounted for the majority, but there are also various dangers and huge gains.

For the monk, such an adventurous life, if there is interest, is still very worthwhile.

They are completely trusting Shen Lang. He goes alone, and no one is worried that he will run first.

When I came to the tower behind, Shen Lang just entered, and was jumped out by several people to surround him!

“It’s you?”

The structure of the tower and the temple are special, and it is impossible to detect the situation inside with the outside world.

Follow the sound Shen Lang to see clearly, it is a person of Xuan Lingzong.

“Oh! Yes, you still found it here.”

“Master Shen!” The master of Xuan Lingzong was busy drinking other people and arched his hand at Shen Lang.

“Thank you for your guidance, let us really find this temple, but unfortunately, we have searched the temple tower, there is no transmission.”

He actually has a bad story. Everyone was stunned by him, so I can see him now.

Shen Lang nodded. “I just found it in front and I am looking for it. Do you want to wait in front?”

“This...” Master Xuan Lingzong was a little hesitant.

They are now the first to occupy this tower. If there is a way out, of course, they should be counted. If you lie to them, what should I do if Shen Lang finds a way out?

Chapter 425 - Reverse black and white

Seeing their fears, Shen Lang laughed.

“Don’t worry! Although you disrespected me before, but you can trust to take the lead in buying tickets, it is also a good impression to you. It means that you are here, and you will not pit you. If you find the way, you will leave. of.”

“Thank you Master Shen!” The master was thankful. He needed a promise from Shen Lang.

Shen Lang stared at him and added another sentence: “Again, we are all here, you really want to stop me. Can you stop it?”

“Don’t dare, don’t dare, we definitely don’t dare.”

The master of Xuan Lingzong shook his head quickly: “You all come with me. We used to say hello to the elders in the past.”

Watching them go out, Shen Lang went straight to the top of the tower.

As Xuan Lingzong saw, there is no transmission matrix at all.

But that is for them!

After checking the waves, I saw the key.

There is a mural on the top wall of the tower, and the murals are in a falling position with a fuzzy seal.

Shen Lang took out the jade seal that was obtained in Qingchuan City before, and compared it to the previous one, exactly the same!

This is why he bought box ancient books and jade seals because he had seen them before.

The transmission array here is certainly not born, it was built by the ancestors of the predecessors, and there are traces left.

No matter what the export of other martial art is, here is his goal.

After it was confirmed, Shen Lang did not immediately print it on, but went back to the temple in front.

As soon as I entered the temple, Shen Lang discovered that the atmosphere was wrong.

In the vast temple, it is not only the four people they left, but also the couple who added the Xuan Lingzong. This is actually a lot of people!

Look at this, it should be that shortly after he left, several teams arrived at the same time. The teams should be gathered together on the road.

What's more, that is, in these crowds, there is the West Gate seal!

This old boy is a big life, the Promise Gate is dead, he is still alive, a person alone on the road, can keep up with other people's team, come here safely.

Seeing him coming, Desolation and others immediately came over to him.

"Master Shen, have you found out..." The master of Xuan Lingzong came back from Shen Lang and asked a question.

But halfway through, I realized that there are a lot of outsiders here. Tianshan Jianzong can take them back together, but may not bring so many people, and quickly hurry.

"It's really a narrow road! I thought you left early, didn't you think you were still stuck here?"

Ximen seal immediately satirized against Shen Lang.

At this time, Shen Lang heard the master of Xuan Lingzong passing his voice to his ear.

“Master Shen is careful! When we just came over, they have just arrived. These people have your enemies!”

“The few on the left side of the Ximen Gate are in Haitian Town. The Haitian Town is a multi-alliance, and the right one is the Tamar. The three more people in the past are the strongmen of the Master League headquarters.”

Xuan Lingzong’s helplessness, originally encountered Shen Lang, lowered his attitude and begged for help, or you can go back with them.

Unexpectedly, for a while, the enemies of the deep waves came in groups!

This is also a good thing, even if the GPS positioning is not so fast!

When Shen Lang heard his voice, his eyes were also scanning to observe them. The other party is also observing him, did not pay attention to the Xuan Lingzong.

He also felt too clever at first, and now it seems that they should be allied together. The Ximen seal just happened to meet, and only those who are not right with Shen Lang will accept him.

Ximeng is a human fine. I just came in to see the addition of the Tianshan Jianzong, as well as the Xuan Lingzong.

I thought they were facing each other. After all, when they were on the hillside outside, Shen Lang let Xuan Lingzong have no face.

But I just saw the master greet Shen Lang and immediately changed my mind.

At this time, when Shen Lang and everyone looked at each other, he began to ignite.

“You! It is possible to say that robbing resources in the forbidden place may have this tacit understanding. But everyone is a righteous person, don’t you kill it?”

“Shen Lang! The person with the Tianshan Jianzong, barely weak, not only robbed the jade peach that we got from the Promise, but also killed everyone!”

He must have said this to them before, and now he wants to continue to provoke the relationship between Xuan Lingzong and Shen Lang.

Jade peach! This is a great temptation!

When the words were spoken, Gao was directly angry.

“West Gate! I have learned your brazenness, but I didn’t expect to be shameless to reverse black and white!”

“Highly away! You Tianshan Jianzong this time is making a big hair, not including the resources you are full of here, just a thousand medium spirits, and grabbed our jade peach, it is enough for you to laugh It’s dead!”

“You...” Highly angry, but the bickering is not the opponent of the West Gate.

“We have no door, not only died, but have been smashed by the waves! I have a sword in my hand, do you dare say?”

The Simon seal raised his hand and showed the wound he had bandaged.

“That is to save you!”

“Everyone listens! He confessed! Also said to save me! How great, a Tianshan Jianzong, hehe!”

Ximeng was half-truthful and half-fake. He found that he was a long-distance tradition and was more likely to be wrapped around, so he deliberately said so.

Later, “confirmed the recognition”, just let him tell the lie, others will believe.

“If it weren’t for my life that met my allies, it is estimated that I have been killed under your sword!”

Ximeng was indignant and pointed at them and then gave a fist to both sides.

“Friends! I have been planted with the Promise Gate I can go back alive, it is already lucky, and I don’t have to be for me. Be careful, don’t provoke them!”

He looked at everyone for the sake of thinking, but he used “careful” and “don’t provoke”. The invisible singer, as long as the strength is strong enough, will be against the Shenlang side.

Then added a fire: “But I don’t know if they want to **** everyone’s resources...”

The West Gate seals the high pressure, and the Shen Lang has no openings. It makes the Xuan Lingzong very anxious. If you want to fight, what should they do?

If you don’t help the waves, you may not take them out; if you help Shen Lang, you will offend a lot!

“That... can I say one thing? Our Xuan Lingzong came to this thousand caves and found nothing, but it has experienced many dangers. Now we have not gone out yet, can we let go of the grudges first, there is nothing You can wait for it to go back and talk.”

Although Xuan Lingzong is now the weakest party, he has to come out to do this peace of mind.

Chapter 426 - Persecution

Xuan Lingzong does not want to please which side, he needs to go back safely, not to blame either party.

But his words have just been said, and immediately remembered a few opposing voices!

“No!”

The sound comes from the inside of Haitian Town, the Tamar and the Master League.

Haitian Town's last trip to Tiandong and Shenlang's face was only one of Miao Zan's, but they were outside, and they always had the same temperament.

And that time in the dead forest, Miao Yong, Situ Yang, Hai Rui, the three of them are together.

When I saw Shen Lang, Miao Zan and Ma Shibin of the horse group were behind the crowd.

At this moment, they have two openings!

They are not what they want to say with Ximeng, but the encounter of Ximeng, which makes them feel the crisis!

If Shen Lang and Tianshan Jianzong, the people of the Promise Gate are really killed, the West Gate is powerful and embarrassing, and it is normal to escape.

But what about them?

If you wait to go back, isn't Shen Lang going to take the Tianshan Jianzong and start to kill the Miao family and the horses?

In case the Shen Lang adds a reward, you don't need them to do it yourself!

When he was in Tiandong, he was able to reap the rewards on the Internet, and the people who killed the Promise Gate, the Miao, and the Tamar were able to redeem.

Needless to say now, the news of his thousand medium-spirited stones has already made everyone crazy.

It is undoubtedly very difficult to go to the Western Regions to find the Tianshan Jianzong and to defeat the Tianshan Jianzong. In comparison, attacking them in the dark is much easier.

So at this time, the two of them had to jump out against the suggestion of Xuan Lingzong, and they must solve the problem here!

“Shenlang, they robbed the jade peach, that’s it, who is more powerful, who can grab. But it is too much to kill all the same people of the Promise Gate!”

Miao Zan has a look of indignation, but the words also emphasize “Jade Peach”, and “that’s it” to indicate “who is stronger, who can grab”.

This is undoubtedly a reminder to everyone, Shenlang has a good thing, and more of the fruit of the fruit to encourage the waves!

“Yes! They still want to kill people. If it wasn’t for the masters of the West Gate to escape, all of us were blinded by the ambition of the wolf!”

Ma Shibin followed the suggestion, and there was some hint in the words – grab the things of Shen Lang, as long as the killing and destroying the mouth can be blinded!

Ma Shibin can affect the Tamar, and Miao Zan can only affect the people of Miaoja in Haitian Town.

Now they say this, it is the other people in Bohai Tianzhen, especially the three of the Master League headquarters!

Even the people of Xuan Lingzong.

Because Shen Qian had harvested a thousand medium Lingshi before, so even if they are a little more people now, they are not afraid of the benefits.

Although there is only one jade peach, but Lingshi can share a lot, it is also a great harvest.

“Our Masters Alliance is originally the most just, fair, and objective equality organization. If any monk encounters injustice, we will stand up and maintain it!”

“In addition to the Promise Gate, the Master of Ximen is in the ranks of our Masters. In the public, we can’t ignore this matter!”

The strongman who has just spoken against the Master League has repeatedly expressed his position.

Obviously, their eloquence is still much better and their posture is very high. There is no such direct agitation as Miao Zan Ma Shibin, but a moral hat of justice and fairness.

“I... I would recommend it...”

The master of Xuan Lingzong’s face was very embarrassed, and he suggested it. As a result, all of them directly squatted back, as if they were to be divided into the side of Shen Lang.

“My friends of Xuan Lingzong, are you called Tang Shichang? You are also a member of the Master League! I hope that you are also on the side of justice!”

This is said to make this master of the Tang dynasty, who is called Tang Shichang, even more embarrassed.

Originally, he did not help each other. Even if it was a suggestion, it was for his own safety to evacuate.

The words of the Master League can be said to force him to express his position!

After reaching the realm of survival, the Master League will recruit, the geniuses like the top ten of the heroes like Zhou Yumin and Huang Zheng will be recruited when they have not broken through the real world.

In addition to some very powerful and strong martial art families, they are generally willing to join the Master League.

For some of the weaker ones, there is a sense of belonging with a sense of honor. Some are inconvenient to refuse, to join a face.

The Masters Alliance is a loose association organization, and only the Alliance Headquarters is a true organization.

Like these three people, they are the headquarters of the league, and the West Gate has held a position in the Master League, and in fact is a member of the headquarters.

In general, the Masters League does not have the power to instruct all the masters to join, but just that person has used this relationship to force the Tang Dynasty to change its position.

If you don't join them, it means that the offenders include the Masters League, and that's more!

Tang Shichang's heart is also tangled in drums. Whether Shen Lang has found a transmission array is still unclear. They have a master league on one side, and it is estimated that they can also master the way to leave!

“Dang Shichang! Do you want to stand on the side of Shen Lang?” Miao Zan also followed and asked.

“Forgot to be outside yesterday, he rushed you down as a dog?”

At the time of the death forest, Xuan Lingzong was not injured, and there was no direct complaint with Shen Lang. So what he wants to provoke is the conflict of yesterday.

When Tang Shichang heard this, his face was even more ugly.

“I said Tang Lao, you are also a young age, Xuan Lingzong is also famous, do you want to give a baby a bad boy to be a dog?” Ma Shibin also satirized.

The West Gate Seal did not speak any more. He has successfully provoked everyone.

What he needs to play at this time is the weak who has been bullied. It is too aggressive to be disgusting.

The Tang Shichang, who was hesitant, made a reversal decision because of Miao Zan and Ma Shibin's words!

“It's ridiculous! What do you say about justice? www.mtlnovel.com~ You know that the party is the same, even to rob others of resources.”

After saying this, Tang Shichang has no turning back, and it is even more exciting to bite his teeth again.

“Our Xuan Lingzong dare not say such greatness, at least one yard of the code, they drive us down, we are not good, but we are not as good as people! But they will not be with you!”

Supporting Shen Lang is because it has been verified twice, and it is really a way to live. Said to let them come here, they really found the temple.

Although they have come in and have found it, there are still elements of luck.

Moreover, for the more powerful Shenlang Tianshan Jianzong side, they are still so attitude. If Xuan Lingzong joins their camp, isn't it a dog?

After being stimulated by both of them, Tang Shichang simply took the risk of gambling and stood on the side of Shen Lang.

Chapter 427 - Alliance Headquarters

“A good Tang Shichang, a mysterious spirit!”

The other two people in the Masters League have never spoken, and one of them applauded and praised.

The other one said: “You are so envious of us so many people, is it to be an enemy of Haitian Town and the Pegasus? Is it to be an enemy of the Masters and the people of the world?”

This is already a warning of the threat of red fruit!

The Tang Shichang was originally very entangled, and the pressure was huge. But now that a decision has been made, there is nothing to say.

He is very calm: “If you are not with you, you are an enemy of the world. What do you care about?”

Several people in the Xuan Lingzong behind him, I also felt a lot of pressure, and the decision on Tang Shichang was actually disappointing.

They are still willing to choose a strong side, although Shen Lang is also strong on the side, but obviously more people are stronger, at least a few times, the Master League headquarters is even more unfathomable.

However, Tang Shih-tung made a decision on behalf of Xuan Lingzong, and they can only agree.

Shen Lang has been watching and changing, and he is not as angry as Gao Li, but he is watching the clowns like their clowns.

The statement of Xuan Lingzong's Tang Shichang was not thought of by him.

If you think about it carefully, you can guess that Tang Shichang is counting on him to take them back, but it is not easy to support him after the pressure of the Master League headquarters.

Everyone has no friendship, and if they want to have no selfishness, then there is a ghost.

“Xuan Ling Zong has a bone!”

Since people are bravely supporting him with great pressure, Shen Lang must of course have a high-profile praise.

“In fact, they are both private grudges, or as you said, they are just the scorpion of justice, want to **** my resources. Master Tang can be so objective, Shen has already admired!”

Shen Lang pointed to the side: “Please ask the friends of Xuan Lingzong to be on the sidelines. After going back, I will definitely thank you! I will never let my friends suffer!”

His sentence is to give to Xuan Lingzong, but his own personnel are all feelings of heart.

is not that right? Just because it is a party of his friends, whether it is the bleak Dorothy or the Tianshan Jianzong, there is a huge gain.

In the Xuan Lingzong, this is a slogan. However, the phrase “after going back” should be regarded as Shen Lang’s promise to let them go back.

And let them be on the sidelines, there is room for manoeuvre, no need to confront the Masters and Masters.

“Do you think... can you still go back?” said one of the Master Leagues.

Originally, everyone still had to pretend to look like a few words, but Xuan Lingzong had already reached the other side of the camp, and other people in Haitian Town joined by default.

At this moment, they directly showed the meaning of the Shenlang Tianshan Jianzong, plus the Xuan Lingzong completely ruined!

“What about the Master League? It sounds very bullish, how do you call it?” Shen Lang smiled and asked politely.

This attitude made the person slightly frown. For the “bad name” of Shen Lang, they have already been like a slap in the face, Ximen Feng, Miao Zan and others, and this road is naturally popular.

This made him suspect that Shen Lang had ulterior motives, and certainly not just asking for a name.

In fact, when they came in, it was also the Hualing stone statue Shen Lang bought the “admission ticket”, which belongs to the second batch. Shen Lang was a bit impressed, but I didn’t know that they were the Master League headquarters.

“Lu Plain, Xuyangzi!”

The other one next to pick up the words, introduced just called Lu Plain, he himself is Xuyangzi.

“The two of us are only in the middle of the real world. This is Yu Wenxiong Yuwenba. It is the real person in the late stage of the real world. You don’t have to blow high and it is the peak of the real world, but it is only the late stage.”

Xu Yangzi is not only self-introduction, but also directly open everyone's cards!

Undoubtedly, in the eyes of everyone on the scene, the biggest card of Shen Lang is the high separation that was previously publicly stated. It is the super strong person who lives in the peak of the real world. No one dares to ignore it.

However, just now Ximen Feng dared to spray directly away. Obviously, on this road, I have already known the real realm of Gao Li from Yu Wenba.

The masters of the early and mid-term of the realm of the realm, of course, can't see through the later period of their lives, they can only fear.

However, Yu Wenba is not the same. He himself is also in the late stage of the real world. Even if it is difficult to see through it directly, he can feel the fear of him from the high body, and he can analyze the real world of high separation.

As soon as the board was put out, Haitian Town opened its mouth.

"I am Haitingzhen from Haidian Town, Haidian Town. You should not forget that Hai Rui, an outstanding child who killed Haijia in the dead forest two years ago."

Haiting really hasn't said anything about it. Now, if this is said, it is equivalent to claiming the attitude of the Hai family.

Whether it was the leading attitude of Hai Rui in the three people of Haitian Town, or from the name, Haijia is very likely to be the strongest party in Haitian Town.

In addition to the Miao family, the other party also stated: "Situ Huiyun! Situ Yang is also dead in your hands."

This self-introduction and expression is regarded as the representative figure of each of them, and other people have no more openings.

Looking at this posture, Tang Shichang is also secretly sighing.

One of the reasons for his previous bet, but also because Shen Lang said that Gao Li is the peak of the real world, three levels higher than the average master, it can be crushed!

Everyone outside is worried that they have earned a thousand medium spirits and they dare not do it. It is proof.

But now the Master League has declared that it is just a spur of the waves, but the high distance is actually only the end of the real world!

In the later period of the real life, it is also two levels higher than the average master. It is very powerful. Can not stand the other side also has a strong player of the same level!

The remaining two are in the middle of the real world, and the West Gate may be in the middle of the real world.

Others, such as Situ Huiyun, Haitingzhen, Miao Zan, Ma Shibin, etc., even in the early days of the real world, the light is far better than Shen Lang and Tianshan Jianzong.

Tang Shi changed his eyes and looked at the past. Seeing Gao Li's face is really a bit ugly, it seems to be right!

And look at the other (praise), obviously have nervous concerns, and two are girls... weak and stubborn, already self-evident.

The waves that have been noticed by the public have not changed in the slightest, and they are still very calm.

“Very well, I am a bit of a person who is a bit of an identity. I don't kill a nameless person. You can still be an opponent. If you are otherwise awkward, you don't need to know the name.”

Everyone thought that Shen Lang would be soft, or hand over the jade peach to seek peace. I didn't expect that if I said it, it would be a direct fire!

Hey!

Those who can come here, whether it is Haitian Town or the Tamar School, at least they are still in the virtual world, and they are actually dismissed as blasphemy!

At this time, there is another change outside!

Chapter 428 - Grab the waves

Under the arrogant atmosphere, a little bit of movement, it is easy to directly fire the gun.

But now this movement comes from the outside, so that everyone is quiet, and listen carefully.

Like the tower behind it, the temple is banned. Shenlang can't sense the distant situation with the gods. Now it can only be heard.

Soon everyone will be clear, the change is not another beast, but the human footsteps.

With regard to Qiangjialing, many sects have their own secrets. A considerable part of it is considered to be able to enter. There are also some people who know the secrets of the temple.

Just a few of them arrived together now, and now listening to the movement, there are several people coming together.

After a while, the footsteps have reached the door of the temple.

This group of people was outside, but it was not able to sense the inside, and the people inside did not speak and did not ring.

They are accelerating the pace and coming in, only to see the atmosphere inside.

Shen Lang glanced at it. There were more than a dozen people coming in. It should have been met on several roads and joined together.

However, their situation is much worse than that of the Master League Haitian Town. Some of them are seriously injured and there are also dead bodies.

Going to the temple, they are a great sense of security for them. I didn't expect to come in and see a bunch of soldiers who are strong and strong.

"Everyone... interrupted, we... just come in and take a break." One of them reluctantly bowed and said hello to the surrounding hands.

"Have a rest over there!" Shen Lang pointed to the empty corner.

There is a lot of space in the shrine, and when this group of people comes in, it will not be crowded.

The dozens of people rushed past, but in addition to being seriously injured, the others stood still and kept vigilant.

"It has nothing to do with other people. This is our personal grievance with Tianshan Jianzong." Xu Yangzi said coldly to them.

Since Shen Lang has already spoken first, he will not go to say anything nice to these people.

Among the dozens of people, some people have recognized that they are the headquarters of the Masters League. They have vowed to promise that they will rest on the side and will never blend.

Xuan Lingzong Tang Shichang was a sigh.

Just now he also hopes to come to some powerful people, perhaps to change the current situation.

But if you think about it carefully, it would have been impossible.

Everyone is scattered, and it is a coincidence that I can get here at this time. Besides, even if there are soldiers who are completely uninjured, what can they do?

They have not been injured in the Xuan Lingzong!

Will anyone dare to come out to preside over justice?

“What are you doing! Listen to the rumors, reverse black and white, advertise justice, but in reality!”

Gao left the station, “I want to move my Tianshan Jianzong, ask the sword in the hands of the old man to answer it!”

He couldn't see the age of 100, and Zhenhai sword was in his hand, which made him suddenly reveal a transcendent atmosphere.

When a super strong man in the late stage of the real world came out, all the masters on the scene held their breath.

It is just the arrogant Xu Yangzi, in the face of the strength gap, can only let the high away more arrogant.

Not to mention other people, they can only be secret belly.

“High off! Your opponent is me!”

Yu Wenba also stood up immediately, directly and hard.

These people at the scene already know that Gao Li is in the late stage of the real world, and he is not worried about Yu Wenba.

But those who have just come in are still unclear about this situation. They are said to be the strongest of the Tianshan Jianzong's true peaks. They can't help but retreat a bit to avoid being smashed and pond fish.

And there are still people who dare to directly call the board, but also surprised.

Whether it is the two peaks of the real world, or the two of the last realities of the real world, they are far better than them!

Everyone regrets... I thought it was safe to go to this temple, but I didn't expect it to be more dangerous.

“Shen Lang! Come out!”

Haiting really stood up and directly challenged Shen Lang.

His voice attracted everyone's attention, but Xu Yangzi and Lu Plain were slightly frowning.

They are all very clear in their hearts. There are Shenlang sects supporting the Tianshan sect. It is for the former grievances. It is impossible for Haitian Town and the Tamar to revenge.

Just like Xuan Lingzong, he is not convinced. Haiting can really pick up the waves so decisively, certainly because of the huge benefits!

Who can get the thousand spirits of the thousand, of course, is a huge gain. But there are so many people in this camp, no one can swallow it, it must be divided.

The jade peach is not the same, there is only one. Just a part of the Lingshi, it is better to get the jade peach.

It's not that the value of jade peach is bigger than a thousand Lingshi, but this thing is priceless and there is no market. Lingshi can also get it by other methods. This thing will not appear, and there is no possibility that someone will sell it. .

The other party's strongest high station is out, it is the Yu Wenba of the Master League, and Shen Lang should of course come from them!

Because the jade peach is not on the high body, or on the body of Shen Lang, of course, can not let Haiting really take advantage of it.

“The sea master! It is the responsibility of the Masters Alliance to preside over the Promise Gate and the Ximen Brothers. You should take revenge and let it be. Let him be handed over to us!”

At the same time as Xuyangzi opened, Lu Plain had already cooperated to face the Shenlang.

Haiting really listened and frowned. In order to get the resources of Shen Lang, it was also because the teacher was famous!

Tianshan Jianzong had nothing to do with them, and he did not want to fall out with the Tianshan Jianzong. Even if Shen Lang is really the Tianshan Jianzong, it is only for him alone, that is not right.

Don't let him start with Shen Lang now, can you shoot two girls? For the shot that is still in the virtual world?

This has made him win, and he won't have a face.

But if you don't take it, you won't be able to share any benefits later!

“Or I am coming! We have a big hatred in Haitian Town and him Even if I am really incompetent, there are Miao and Situ helpers. The two masters cut off the two female repairs for us. it is good?”

Xu Yangzi directly opened, and Lu Plains stood up again. It is said that Haiting should only surrender. Unexpectedly, it was directly hitting him!

And let them both go to clean up two female repairs, this is only about twenty female girls!

“Hai Haizhu, what do you mean by this?” Xu Yangzi Shen Shen.

“Fuck!” Shen Lang burst into a foul mouth.

“What do you guys do? When Laozi is your dish, grab the pork of mys... ah! You will fight for yourself, and you will be able to compete with Laozi!”

Although they are competing for guilt and are beneficial to their own side, Shen Lang is still directly scorned.

Because they can't really fight, they can't hurt, and they don't hurt his ass.

Chapter 429 - Bully you with a rusted sword

Haiting Zhen and Xu Yangzi also understand that there is no benefit in this moment, and Shen Lang is tempted to guilty.

How to divide the resources, and if you win, let's solve the problem together!

When they were communicating, Desolation and Dorothy also looked at Shen Lang and wanted to ask for his opinion.

Obviously, now they are in a downturn in terms of overall strength. If they want to win, they must fight quickly and quickly.

On the other side, Gao Li and Yu Wenba, who have already stood up, are squatting and have no direct shots.

When they reach their realm, they can decide the outcome by one stroke. They can sense each other's level and do not need direct hands-on.

They are like the nuclear weapons of both sides. They exist as deterrents. Once they are really hands-on, the lethality will be too large and they will not be easy to use.

Lu Plain in the headquarters of the Masters League has already arrived in front of Shen Lang. After Xu Yangzi suppressed Haiting, no one interfered with him.

“please.”

“You also have to work with my master?”

Desolate and sneer, grabbed in front of Shen Lang, Qiu Shui sword has fallen into the hand.

Lu Plain is a master in the middle of the real world. A delicate girl suddenly comes out in front of him. It is a big contrast.

Although many people realize that these two girls are not simple, the strength may even be comparable to the master, but they will still not look at it.

“roll!”

Lu Plain did not look at her, but stared at Shen Lang.

Haiting really showed a hint of gloating, and he was letting them deal with two girls. I didn't expect them to be in front of Shen Lang.

There is also a female monk over there. If Xu Yangzi takes a shot and stops him, the sinking wave is still in his hands!

“Hey-!”

The Qiu Shui sword came out of the sheath and made a scream.

“Little girl! Don't think that you are holding a sword, you will be invincible. Besides, Qiu Shuijian is far from the best in the world!”

Xu Yangzi said in the back: “If you are obsessed with it, don't blame us for bullying!”

In terms of age, they are almost no smaller than the grandfather of “Zheng Yumeng”. Unfortunately, the body of the house is now desolate, and will it be smashed in front of them?

“Autumn swords will not be invincible in the world, but you are more than enough!”

After the cool speech speaks, there is no politeness, and the sword is directly forwarded.

She just didn't wait for Shen Lang's order to go out and ask for help. She just wants to let Shen Lang have a little more space for maneuvering. She can block one.

In fact, when there is no sword, it has already increased her confidence. Now it is the Qiu Shui sword. Although the time of integration is short, it is not a level sword.

The bleak and active shots made Lu Plains snorted.

“Not self-reliant!”

He was not polite, and when he raised his hand, there was a sound of wind and thunder, but there was no change.

“Not good! This temple suppresses spell attacks!”

He said this, telling others, so as not to mention the road. And he himself is a quick change, ready to take the autumn water sword.

It is a pity that he is not a general master. Although he is only the strength of the early days of the real world, he is the first realm than him, but the past life is a sword fairy!

In this temple, the mana is suppressed, but the sword and moves are not affected!

When everyone just heard him, he heard another whisper.

There is a sharp eye, it has been clearly seen, he did not take the autumn water sword over, but was almost abolished shoulders, and the result of the grab, is to cut his thumb directly!

“It turns out that you have known that the mana is suppressed here. Is this your dependence?” Xu Yangzi snorted.

The warnings and injuries of the plains in Lu’s plains surprised everyone.

From this point of view, it is not only the suppression is so simple, it is simply suppressed!

Whether it is the person in Haitian Town or the West Gate seal that provokes others, they are promptly modifying the countermeasures. And the dark mana is used to sense how much it has been suppressed.

Xu Yangzi was talking to him when he was talking.

“Look at it! This is the fifth comet sword in the world!”

Although the first few in this world are arranged, no one knows the original truth, and even who is ranked, there are many versions.

But in the public’s consciousness, the fifth in the world is definitely more powerful than the seventh in the world.

This is why Xu Yangzi just disdain the cool autumn water sword, because he has a better sword in his hand!

“Is it a star sword? Are you ready to give it to me?”

Shen Lang looked at it and then shook his head directly: “Although it is still pretty good, it is a pity that it is not as good as Qiu Shui Sword. It should be far worse!”

“Frenzy!”

Xu Yangzi’s decision, from him is also a sword repair!

He has no confidence in the sword, but in addition to Gao Li, other people have confidence. Now everyone’s mana has been suppressed, and his sword has his space to play.

“Don’t say that I am bullying, pull the sword!”

Shen Lang shook his head and sighed: “Why do you talk so much nonsense? You should rush to attack me. You don’t know if the villains in the movie are all dying?”

During the conversation, a sword appeared in Shen Lang’s hand.

Everyone’s eyes have increased. What kind of sword is this, and the rusted sword is usually broken at any time.

“Are you sure you want to use this sword to play against me?” Xu Yangzi was angry and laughed!

He invited out the fifth sword of the world, even if compared with the seventh Qiushui sword, it should also be dominant, but it will always be a grade of sword.

I thought that Shen Lang could give Qiu Shuijian a girl who called him “master”, and that he should have a better sword.

Unexpectedly, it is such a broken sword, which is obviously deliberately insulting him!

“Although I am a bit bullying you, but I have to use wood swords and bamboo swords to do it with you You guess I will insult you again. So bully you!”

The words of Shen Lang made everyone on the scene cold and sweaty.

It’s not like this! A rusted sword actually said that it is the seventh sword of bullying in the world. How much less insulting than a wooden sword?

“court death!”

The 璀璨剑 immediately shines, the sword is erratic, can’t tell the difference between true and false, with a little starlight, go straight to the waves!

Shen Lang is not just not dodging, and one hand is behind, with a rusted sword in one hand, casually smashing a sword.

The people of Tang Shichang and other Xuan Lingzong are secretly anxious, secretly smashing the waves at this time to install what equipment!

This sword is not a problem of rusting the sword, it is a problem that will be directly killed!

Others are waiting for the scene of the rusting sword

Chapter 430 - Broken sword

Just like before coming in, Gao Li is just a foil to Shen Lang.

Now Gao Li and Yu Wen Pa are not directly hands-on, both of them are squatting, although not easy, but the attention of outsiders has come to Shen Lang here.

Lu Plain and Desolation were originally in the fight, but only a sword cut his thumb, and found that the suppression of mana here, so that he has retreated to the back, the two did not continue to fight.

Under such circumstances, the swords of Xu Yangzi and Shen Lang have naturally attracted the attention of all.

When looking at Shen Lang with a rusted sword, don't say these places, irrelevant third parties, it is their own high separation and praise is also secretly anxious.

Dorothy is a foreigner and does not know the sword, but the appearance of the two swords can be seen by looking at the appearance!

It feels like riding a bike that is broken and ready to drop the chain, just like a brand new sports car...

The only one on the scene is not nervous, it is desolate!

First of all, I am a big expert. I have never seen this rust sword, but I have heard it before.

On the other hand, she is also very familiar with Shen Lang. The last time I gave her a sword, it was because I got the Qiu Shui sword.

This time I gave her Qiu Shui sword to her, she should have got a better sword. Is this a rust sword?

If this is the case, then this sword should not disappoint?

“Ding!”

A short, crisp sound, let everyone sigh with a sigh of relief, knowing that he did not read it wrong, that broken sword was really cut off by the Star Sword.

The rest of the suspense is whether Shen Lang will be killed.

But looking at them, should you want to catch him alive?

Xuan Lingzong and later people all squeezed a sweat for Shen Lang. After all, the enemy on the opposite side is definitely not going to make him better.

At this time, the only miracle is to leave high, and see if Gao Li can not hold Yu Wenba.

However, this thought is only enough to flash in everyone's mind, let alone speak, it is that the molding is not stable. They saw it clearly and immediately fell into the eye!

Just cracked, it is indeed the sword was cut off, but the broken is not the ruined sword, but the shining star of the extraordinary star!

Shen Lang, Xuyangzi, and the third party who watched the bustle...

Everyone's eyes are wide, it is hard to believe what the eyes see, how can this be the end?

And Xu Yangzi himself is even more incredible, so that he has forgotten the continued attack and has a moment of loss of consciousness.

He is probably suspecting that his eyes are wrong, or that there is an illusion...

Everyone has made a fuss – is it because Shen Lang has displayed what illusion is not achieved?

When Shen Lang smashed a sword, he broke the 瑾星剑, but it was not entirely based on the sharpness of the sword!

This rust sword is only on the surface. In fact, of course, it will not break easily. Otherwise, I don't know that Shen Lang opened the blood with blood.

However, the Xing Xing sword is not rubbish, it can be ranked fifth in the world, no matter how it is arranged, it is only a slight difference, so there is not much water.

So it seems to be just a glimpse, but the place where the rust sword is facing is the most vulnerable place of the comet sword!

This fragility is two-fold. On the one hand, the fragility of the sword itself, although the sword is one, it still has problems such as strength.

For example, a wooden sword, ordinary people can also break it from the middle, but it is very difficult to break from the tip of the sword, that is, the force and other reasons.

On the other hand, it is the power of Xu Yangzi!

Xu Yangzi almost did the sword and the sword, and his strength came with the sword.

Shen Lang was a quick sword when his power was transmitted to half of the blade.

Under the strength and speed, a sword in the weak place is an incredible scene that everyone sees.

After the success of a sword, when everyone is stunned, the sword that Shen Lang picked up will be cut again!

Xu Yangzi has not had time to recover the sword, but also forgotten the continued attack, a faster and more sturdy sword, and cut the half of the comet sword, half cut again!

“Ding!”

This voice awakened everyone.

Yu Wenba and Gao Li and two people also stopped confrontation and turned to look at this side together.

“Impossible! How is this possible!”

Xu Yangzi looked at the broken sword in his hand, and the whole person almost went crazy!

This sword is not his own, it was given to him by his master, and he has always been his favorite, and is also a good thing envied by countless people.

The fifth comet sword in the world!

Now it was cut off by a ragged rust sword!

Where is this reasonable?

It was unacceptable once it was cut off, and it was immediately cut off again!

“You, you... cheating! You pay for my star sword!”

Xu Yangzi roared, and at this time, there is still a half-point master of the real world, which is exactly like an ordinary person who is red-eyed.

Seeing him looks like he is going to be desperate with Shen Lang, and he has lost his calmness.

The Yuwenba bystander cleared, and quickly slammed: “Be careful!”

In addition to reminding him, he also gave the crazy Xu Yangzi a “drink” and woke him up.

But it was already late, and he was attacking the waves, just in front of Shen Lang.

Now crazy and quite a sword, he still uses the broken sword in his hand. He suspects that he is confused by illusion.

The result of this sword is that the sword is at least two feet away from the sinking wave, and the rust sword of Shen Lang is directly sealed by a sword and cuts him off!

The time of the scene is so quiet that a needle can be heard on the ground...

No one had thought that the famous sword of the comet, the sword of the fifth in the world, was actually cut into three sections by a wave of rusted swords.

I didn't even think of this huge and incredible stimuli, so that the Xuyangzi in the middle of the real world collapsed in a crazy way and temporarily lost his reason.

And Shen Lang is so embarrassed... It's a killer!

Even if he did not carelessly, he took advantage of this rare opportunity to directly kill Xuyangzi!

Everyone is silent, and there is only one thought in the heart: Xuyangzi should be the fastest to die is also the most dead master?

Not fast enough?

Just a few seconds before and after!

Not enough?

The sword was destroyed, and a flaw was caught by the throat!

Everyone who looks at Shen Lang's eyes is full of incomprehensible complexities.

Regardless of his opinion, I have to admit that this kid is really weird!

It seems that it is not strange that there is any miracle on him. And if he is enemies with him, he can't give him a little chance. Otherwise, he will definitely settle you!

And this is not over yet!

When Lu Luping reacted to Fu Xuyangzi, I wanted to see if there was any rescue, and there was a scene that surprised everyone!
