

First Strong 431

Chapter 431 - Off your ass

This time it was not caused by Shen Lang, but Dorothy.

Dorothy is a vampire!

For the blood, she is naturally sensitive.

Usually killing people to **** blood, it is illegal to ban, but blood can fly in front of you, can you see the waste?

If it is the blood of ordinary people, waste will be wasted, but this is the blood of a master of the real world!

This is sprayed from the throat and is the blood that shocks everyone.

In the eyes of Dorothy, it is delicious, it is a treasure of Dabu!

It is like a cola watermelon when it is hot, like a dead person facing a soup... it is an instinctive reaction.

However, she still paid attention to the way, and did not rush to **** the blood, but quickly sucked all the blood.

So what everyone saw was that a blood dragon was sprayed from the throat of the broken waves, and the blood of Xuyangzi was continuously drawn.

On the other end, it was the young blonde who swallowed all the blood!

“This, this is a vampire!”

Finally someone called out!

For a time, everyone was staring at Dorothy. This blonde girl had seen it before. At that time, she thought it was the Western comprehension. I didn't expect it to be a vampire!

Lu Plains still had a glimmer of hope, to see if Xu Yangzi could save his life, but now the blood has been drained in such a short period of time, even if he has not completely broken his throat, he is too **** and dead.

He is holding a dead body, but a semi-dry body that is obviously flat.

The Ximen seal had succeeded in instigating Haitian Town, the Tamar, and the Master League headquarters. People are waiting for the show.

He didn't expect to take advantage of the profit. All he needed was revenge – he couldn't get the jade peach, and of course he couldn't afford the cheaper wave!

Originally like the cards that Xu Yangzi put out before, how can they be a stable situation?

Unexpectedly, just one shot, Lu Plain was injured, and Xu Yangzi was directly killed!

He was thinking about the countermeasures, and when he saw this scene, he immediately shouted.

“Shen Lang! Also said that you are not evil! You have colluded with vampires and murdered our monks! You are simply a traitor, a national scum!”

Although they are masters of comprehension at the scene, they are only powerful. For the “non-family”, “dissident” and “foreigner”, there are still ordinary people's rejection.

Many people immediately yelled.

“Scum! Overthrow the traitor!”

“Everyone kills him together!”

“He is the enemy of the world!”

Not to mention that they are the ones who watch the excitement. At this time, they are also hostile to Shen Lang, but they dare not say it directly in order not to get into trouble.

Shen Lang’s rusted sword was raised, and he looked around at the audience. He said slowly:
“How about a vampire? Close your ass!”

“You collude with vampires, that is, national scum! It is a traitor!”

“Not just a traitor, it is a traitor!”

Some people in Haitian Town roared, but as the eyes of Shen Lang swept over, they immediately snorted.

“If I am a traitor, you don’t even count people. He is a beast! Every age is old, you can’t win Laozi, and you are angry here!”

“You are angry, you are still angry youth! You are all a group of people who are not dead! You have no future, and how to cultivate is like this!”

“I am a young man! I am qualified to be angry! I am only like you at this age, this is the point, I bought a piece of tofu and killed myself!”

As soon as Shen Lang opened his mouth, he salted them into the pain!

Those who can come to Qiangjialing, except for the genius of Zhou Yumin, are at least forty-five years old, and most of them are 67 years old and 70-80 years old.

There is not much hope for progress, and I want to find opportunities and resources in this ancient ruins.

Usually they are all provided in the martial art family. It is also respected by all parties when going out. Where is someone so rude to them?

Although they seem to be younger than the actual age because of their relationship with the real thing, it is still more than the ordinary people, but it is still old.

Always a pain in them, there is a pain in the repair.

In the martial art, they are all high above, but compared with Shen Lang, it really seems insignificant, so it is younger than they are stronger!

“Okay! Don’t talk nonsense, a young man still relies on his mouth, can’t be a shame? Have the ability to come out and compare with me!”

Shen Lang sneaked a bit, and then began to point directly.

“Who, Haiting is really right? You just didn’t hang it? Come! Xuyangzi has already been smashed, and there is no bird in this Lu Plain. It is your turn!”

This said, let Lu Plains glare.

He is the master of the middle of the real world, the elite of the Master League headquarters, was actually rated as “no bird use”!

Haiting is a bit embarrassing.

He just wanted to get the top spot, take Shen Lang, and he has the right to choose the trophy, and he can get the heaviest one.

But the scene just now has already made him feel comfortable.

This temple will suppress mana!

The rusted sword that Shen Lang held, did not know what it was, and it looked very powerful. Even the fifth star of the world, the sword of the comet was cut continuously.

If it is not the problem of the sword, then it is really a common rust sword, then the strength of Shen Lang is even more profound and unpredictable!

He wants benefits, but don't want to die!

Just one death and one injury, all are masters of the league, Haitian Town did not shoot, he did not shoot, Haijia will not lose face.

“Shen Lang! You are crazy!”

Haiting is really serious: “We have just seen it, you killed the master of the Masters of the Masters in the Master League!”

“How about that?” Shen Lang picked it up with a sword and picked up the remaining half of the comet sword and grabbed it in his hand.

“We Haitian Town has personal grievances with you, but today I am willing to give this opportunity to the Masters Alliance and let the Masters Alliance take revenge first!”

Haiting really just attitude also let everyone look forward to a few points, want to see how he will abuse the waves, did not expect to actually push to the Master League!

The third party watching the excitement is a little bit sorrowful, and everyone in Haitian Town is a little discouraged.

However, he was discouraged, whether it was Haijia or Miao Situ, he felt that his hand was wonderful!

This Shen Lang is obviously not good and the generations, the tone of Haitian Town to fight, it is better to let the Master League go, everyone can just take the profit.

A few of the Master League headquarters, one hangs one, and one has a broken thumb, and the West Gate is also a sword in the arm.

Who else can I still have? Let Yu Wenba come to the shot? Who will restrict the high separation?

Lu Plain directly glared at him, then looked back at Yu Wenba.

He was not really reconciled, but everyone just saw it. He even claimed that Shen Lang was the master's maid, but what face?

Chapter 432 - Big elder

Yu Wenba is also a bit difficult to ride at this time.

The confrontation between him and Gao Li, the reason why there is no direct action, is that both people have a good heart, and feel that the strength of the other party is not under them.

Therefore, maintaining a strategic balance point, once it is done, even if the mana is restrained here, the realm of the two of them will be a great destruction, and even the temple may be demolished!

But everyone still needs to leave from here, and the Masters Alliance is now also staring at the resources of Shen Lang, not like the direct and quite rich Tianshan Jianzong can not get rid of.

At this time, if Haiting really comes out, it is of course the best.

The hot potato can be thrown back to the Masters League, and the Department is now waiting for him to speak.

“Shen Lang, you are a member of the Central Plains monk, actually colluding with the Western vampires, murdering our Central Plains monks, really want to be self-suppressed in the world?”

Yu Wenba asked for a cold drink, and then waited for Shen Lang to answer, and immediately said to Gao Li.

“High elders, you are the great elder of the Tianshan Jianzong. Shenlang as the address of the Tianshan Jianzong, colluding with the vampire, you know? What is your attitude?”

“This one.....”

When he is high, he is really ignorant!

This Dorothy, when he came to Miyang Town, was the first time he saw it, including another “Zheng Yumeng”, and he did not know the origin.

Both of them seem to claim to be “masters” on the surface, so even if it is not the Tianshan Jianzong, Shen Lang can believe, he also believes.

But I did not think that Dorothy was actually a vampire.

When I look at his attitude, the savvy person Ximen Feng knows that there is an article to do, and immediately screamed.

“Look! The elders must have been blinded by this scum, and they don’t know the vampire! This is the problem of Shen Lang’s scum!”

When this word came out, it immediately led to a wave of rhythm.

What is the overall strength of the Tianshan Jianzong, and then say it. At the moment, the high distance is one of the two highest in the field, and he has to consider his influence.

Therefore, the Tianshan swords can be taken out, but only for Shen Lang, the problem will be much lighter.

“I will say it! Tianshan Jianzong is a famous decent, how can you do such an anecdote?”

“Yes! This kid must have blinded the Tianshan swords.”

“If we are, we must be annihilated!”

“It’s calculated in humanitarianism, not in the righteousness, but also in the sect!”

“I think the elders should also draw a line with him!”

Some people in Haitian Town and the Tama Division immediately whispered and they could all be heard.

I first sent a high hat to the Tianshan Jianzong, and gave a suggestion to draw a clear line with Shen Lang.

The successful West Gate seal, but also the interesting closed mouth, so as not to be offensive. He just came out and provoked a few words at a critical time.

Yu Wenba looked at Gao for a while and then looked at Shen Lang.

“Shen Lang! One person to do things alone, if you and Tianshan Jianzong draw a clear line, not tired of the reputation of this millennium door, I respect you as a man!”

This is also a fire, and he is trying to get away from Shen Lang himself and Tianshan Jianzong.

It's very embarrassing to be away from high and praise.

From the reputation of the Tianshan Jianzong, they are not afraid of offending people, they do not want to collude with the stigma of the vampire to murder the righteous.

The Shen Lang is too important for the Tianshan Jianzong, but it can't just be cut off, and it is not just that Dorothy **** blood.

Desolation is a cold sword holding, and it is not affected by their words.

Dorothy found that it was troublesome for Shen Lang, and it was a bit embarrassing. And just ate so much blood, it also made her a little inflated.

Shen Langjian pointed a finger and confronted Yu Wenba.

“Yu Wenba! One person to do things alone, if you and the Master League draw a line, not tired of the reputation of the Master League – assuming you have a reputation, I can also respect you as a man!”

From repeating his words, Yu Wenba's face was ugly.

“What? You blame my resources and want to kill me, does this not destroy the reputation of the Master League?”

Shen Lang sneered: “That Laozi just slaughtered you an old dog, what is it? What **** his dog, I don't want to tarnish this temple!”

“You are arrogant!” Yu Wenba could not help but anger.

To describe Xu Yangzi as an old dog, of course, they have smashed their master league together, then they are not much better.

Yu Wenba and Lu Plain were furious, and Ximeng was thinking about countermeasures.

He learned the eloquence of Shen Lang, that is, he did not dare to say that he could argue too much, not to mention other people.

His eyes looked at Gao Li, and it was a good breakthrough to think that it was still a traditionally conservative one.

“High elders, or you come out to say a word! You are highly respected, and the great elders of the Tianshan Jianzong, will inevitably take the sword as the most important, we listen to you.”

This said, let Yu Wenba first suppress the anger, and then looked at the high separation, want to see how he answered.

Gao was just awkward, but this time it was Shen Lang who was jealous of them. He had time to think and sort out the wording.

Seeing the West Gate seal as a target, he was willing to let him expel the Shenlang from the Tianshan Jianzong, and said coldly.

“Listen to me, is it? The elders of Shen are of course the pride of our Tianshan Jianzong! It's all your Ximen seal. This dog thief is here to play with you!”

“...”

Ximen Feng old blushes, I thought that the traditional conservative high separation, even if it does not directly open the boundaries, he can also make a fuss from the hesitant attitude, did not expect to directly marry him!

“Xuyangzi is publicly stated. He is a master in the middle of the real world. He just used the fifth sword in the world!”

“Do you think it is our elders who bully him?”

“Is there just a girl from Dorothy? Is there a collusion? He is not enough level, and is killed by our elders. You are not ashamed, but you are too embarrassed to swear!”

The centenarian man, the words are still graceful, this is the most difficult thing to say when he said it, and the foul language can not be said.

However, Ximen Feng just said that he is highly respected, at least the realm there age and seniority are also there, this saying, let everyone on the scene listen to the deep thought.

The master of the middle of the real world, holding the sword of the fifth in the world, was killed by a 20-year-old young man with a rusty sword, and a face?

When there was no speech in the audience, Gao Li was holding a fist against Shen Lang and then solemnly announced.

“And! You listened, Shen Elder is now the chief elder of our Tianshan Jianzong! I am just a former elder. You still want to provoke our relationship?”

The words came out, the audience shocked!

What happened to Shen Lang, everyone heard a little, suddenly mixed with Tianshan Jianzong, still people have doubts, guessing whether it is for the transaction of this thousand caves.

But now the chief elder of Tianshan Jianzong, the super strong in the late period of the real world, is high in the public, claiming that Shen Lang is the current chief elder!

This directly shocked everyone's eyes...

Chapter 433 - Shoot dead

The West Gate and Yuwen Pa, which had been forced to force a high position, were all embarrassed.

Gao Li is a statement, but it is a strong wave, even can be said to humble yourself to set off the waves!

What else can you say?

The West Gate Seal is a revenge against Shen Lang. This time, the whole army of the Promise Gate will be wiped out, and it will inevitably lead to a slump. The jade peaches they have harvested are gone. Naturally, you can't see the waves, so you can't help but kill the waves.

But others are different!

Miao Zan and Ma Shibin were offended by Shen Dong in Tiandong, but as a martial art family, there is still room for manoeuvre.

Haijia is better to say, just Haiting really means a few words.

As for the death forest, it can be regarded as an old thing and not pursued.

A few of the Master League, there is no grudge with Shen Lang, it is entirely the West Gate seal in the provocation, and then with a huge lure.

Now the board has undergone a big change, although they are really degraded here, just a Xuyangzi.

But it has already reflected the strength of Shen Lang, and the confrontation with Lu Ping, also reflects the strength of another girl.

And the female vampire, how strong, everyone is not clear.

Gao Li is added to the strength of the Tianshan Jianzong...

Can Tianshan Jianzong be willing to be regarded as the chief elder, can Shenlang have no big skill?

If this time, they all unite, but they can still have a strength, but they have not won. Everyone who plays his own small attention will certainly be defeated!

Judging from the true attitude of Haiting just now, it is bound to steal chicken.

Although the jade peach is good, life is more important!

Yu Wenba didn't want to lose both sides. After hesitating, he made a quick decision.

"I have always respected the elders. Since the elders and the Tianshan Jianzong can trust the Shenlang, I think it should be misunderstood..."

He is the representative of their side. When you say such things, everyone can feel the attitude behind them, and they are relieved.

"Shen Lang has not blinded them. It is the thing of the Tianshan Jianzong. We don't interfere. If the Ximen seal has blinded us, it will be investigated by our Masters Alliance!"

When he said this, he did not look good at Ximeng's eyes—the strength of Shen Lang, not exactly what he said!

"So far! Anything to go back and say."

Going back and saying... This means that the service is soft, but it is just a step down.

Xuan Lingzong and other people who came to see the excitement were relieved.

If they don't fight, they won't be risked by being caught and fish.

Haitian Town and the horses of the horses are also secretly relieved.

Although they are not convinced, but just the death of Xu Yangzi, and the end of the fifth comet sword in the world, so that they can not convince and can only kneel, who is willing to die!

In addition to Hai Tingzhen, no one can match the strength of Xu Yangzi.

Not to mention that the mana is also suppressed here, so that they can have a greater play.

“Shen Lang, what do you say?” After Yu Wenba finished speaking, he also consulted Shen Lang's opinion.

Gao Li has already stated that they are respected by Shen Lang, and of course the two parties agree.

Shen Lang is like a smile and looks around the audience.

Haitian Town and the Tamar Division, especially Miao Zan and Ma Shibin, were seen by him.

Many people are screaming badly, and with the fierce name of Shen Lang's kid, I'm afraid I won't give up!

According to legend, when the strength of the guy is low, he dares to challenge the behemoths, let alone their strength.

“Of course, our high elders, our Tianshan Jianzong, are all peace-loving. Since Yu Wen masters have said this on behalf of the Master League, I still have to give face.”

“But?” Yu Wenba heard that he still had a turning point.

“But I am a bit skeptical about your IQ!”

“You don’t do anything!” Yu Wenba whispered in a low spirit.

He is already tolerant, but not afraid of them! I just think that the risk is too big to make a decision. If Shen Lang does not give face, he does not mind.

Everyone is secretly complaining, and sure enough!

As for the legend, Shen Lang is a person who is not afraid of fear. This is why Yu Wenba, who is in the late stage of the real world, has to sneak a s...

“I doubt you, you, and your IQ!”

Shen Lang pointed to Lu Plain, Hai Tingzhen, and then all of them.

“I don’t know why we don’t have IQ? I want to hear it!”

Haiting is really a person who can enter and retreat. Since Yuwenba was first shackled, he did not mind being accompanied.

“When the West Gate seals a mouth, will you play around with you, and IQ? If it is as he said, I killed the Promise Gate and grabbed their resources. Will I leave him alive?”

This counter-question, let everyone think about it.

is not that right?

The grievances of Shen Lang and the Promise Gate are, in the final analysis, the grievances of the Ximeng seal. They really want to kill, and they should also kill the Ximen seal. There is no reason to kill other infinite gates, but let Ximen seal alive and leave.

“The truth is that they have been attacked by mysterious death insects in the Promise Gate. The West Gate has been sheltered because of the same door. The injury is minimal. Finally, everyone else is dead. He is still alive!”

“This is the case!” Before the high separation, he was taken out of the West Gate and now he finally got a chance to say it.

“When we saw them, the other people without the gates were dead. We saved the West Gate and he wanted to follow us!”

Before the high separation force, let Shen Lang do not mind giving a high hat.

“Actually, I am not so great. I am a high elder and kind. It is so bad to see him. So I did not kill him for revenge. I did not expect that he would turn black and white upside down, causing you irresponsible people to harm me!”

“And these high men, you have been provoked by a few words. IQ? Is it greedy blinded?”

In the words of Shen Lang, Yu Wenba and Hai Ting are all awkward. In this way, it seems that there are still many loopholes. The biggest loophole is that the Ximen seal is still alive.

“You have to believe me! He really snatched the jade peach we got!”

Ximen seal watched the wind changed, everyone did not believe him, and it was a bit unsettled Shen Lang! Do you dare to swear to the ancestor of the Tianshan Jianzong, saying that you don't have jade peach? ”

“I am paralyzed to you!”

A wave of smashing, this is what he wants to pull out, but now it is actually a high departure!

The West Gate Seal was equally strange, but I just looked at it, but I saw that Gao Li had already reached him and shot it on his head!

The West Gate Seal was shot dead by a high one!

Shooting dead...

In fact, he has the strength in the middle of the real world. Although he will be crushed by high altitudes, if he really fights, he will not be so vulnerable to being shot. Can suppress the mana here, so that he is not as good as usual, plus the whole God is guarding the waves!

I didn't expect that Gao Lihui would suddenly take a shot. Even a high-distance person would make him wrong. This is equivalent to a strong person who is higher than him and attacked him. Can he not be killed?

Chapter 434 - Learn to do business with Shen Lang

Everyone on the scene, when they heard that roar, thought it was a smashing wave.

It is praise, and I wonder if I have got it wrong. Immediately after seeing the shot of Gao Li, it was confirmed that it was high.

“High elders!” Yu Wenba hurriedly screamed, but it was already late, and it was already shooting the West Gate.

“Take my grandfather to say things, no tolerance!”

Gao Li sighed and showed his attitude. Even if he did not shoot the West Gate, he would not give Yu Wenba a face, and he would continue to pursue it.

Everyone is silent. If it is to say things to their own masters, of course, it is not allowed. Maybe they don't have the ability to do this, but at the very least they will protest.

Yu Wenba saw that the Ximen seal was dead, and he did not say anything any more. He couldn't make it for a dead person and a high point of departure.

He thinks that this can only blame the West Gate for doing things yourself...

Shen Lang sighed: “I have a bad temper, but he can also anger the highly elders who are highly respected to this extent. It is also the best.”

After leaving the West Gate, Gao returned to his own camp.

“People are killing me. On the one hand, he has provoked so many people to hunt us. On the one hand, he is insulting my ancestor. You want to give me a scum hat. I don’t care if I am old!”

He said this, many people can only laugh.

They dare to buckle the hats of the waves, in fact, to a large extent, because of the age of Shen Lang.

When you are a 20-year-old boy, you have pressed down on them for decades. Who can be convinced?

Now it is high-scoring to say this, to have strength and strength, to have qualifications, and even if there is any criticism, it will not be said in person.

Besides, this is the thing of the West Gate, and no one is here. The Master League headquarters is not for him. What else do people have to say?

Shen Lang shook his head and said to Yu Wenba: “It’s all gone, just forget it!”

“What about you?” Yu Wenba looked at Haiting and others.

“We all listened to the dispatch of Yu Wen master.” Haitian Town and the Tamar Division did not want to work with Shen Lang, of course, with the advance and retreat.

Yu Wenba looked at everyone, and then said loudly: “Everyone will come to this temple, you should know that there is a transmission method!”

When I heard him say this, everyone was refreshed.

“I will go find the transmission array, but this is the secret of our Master League, and it will cost a lot. If you want to go out, pay us Lingshi!”

When I said this, everyone was stunned. I wanted to go out with it. I didn’t expect to collect the money!

Looking at the waves in the bleak, I couldn't help but laugh. This guy is clearly a kind of student. He sold the "admission ticket" when he came to Shenlang.

Shen Lang gave her a calm look and continued to see Yu Wenba's performance.

"I originally wanted twenty medium-spirited stones, but considering that some of the martial art personnel were damaged, it was not fair, but it was still by the head! One person has five medium-spirited stones!"

Some sects have one person and two others. To get twenty Lingshi, I must feel too expensive. If you have five, you can accept it. Adding it is almost the same.

The total number of people on the scene, about forty or fifty people, can also harvest more than two hundred medium spirits. Not as good as before, but it is also a lot of income.

And if there is such a thing, Yu Wenba is estimated to "restrict purchase", and then raise the price later.

"Since Shen Lang...the elders have made an example, we will follow suit. The top ten people, five Lingshi!" Yu Wenba really began to play restrictions.

The crowd at the scene is complaining. This is not something that everyone has come in. Like those who come from behind, many people are injured and dead, that is, they have no gains and are in danger.

People originally wanted to bring back the serious injuries and bring the bodies back. Now, is this price still necessary?

For a time, no one went to the Lingshi!

This time, Haitian Town is headed by Haiting, and everyone is waiting for his position. They have a large number of people, and if they really want to pay, they will have dozens of Lingshi.

No one wants to buy, let this scene smash.

Yu Wenba used to watch Shen Lang playing very slippery. I didn't expect it to be really easy to sit up. He felt that Shen Lang should be looking for a childcare leader.

But who else can he look for now? If the West Gate is sealed, you can still care for it...

"I said... Master Yu Wen, you learned my business, didn't learn the essence!"

The words of Shen Lang made the original Yu Wenba even more stunned.

"I was able to convince everyone that one had the reputation of the Tianshan Jianzong, and the other one was that I answered it. If I couldn't get it, I would compensate Lingshi."

Get a reminder of Shen Lang, Yu Wenba blame, or quickly fix it.

"Even if you are assured! We are the headquarters of the Masters League, not only have a reputation guarantee, but also the ability to pay. If you can't get out... one person compensates for five medium spirits!"

Although Depressed and others are curious about why Shen Lang is not in a hurry, he also teaches the other party to do business, but he is completely confident in him and will not say anything.

Xuan Lingzong's Tang Shibian was anxious. He originally expected to follow them and Shen Lang also agreed.

But now if the Masters Union is going to manipulate it, they will have to pay another 20 medium spirits!

Although it will pay twice, everyone is still hesitating.

At this time, Shen Lang spoke up. "I will bring a head! We have five people, and four of them, make up an integer. This is fifty medium spirits!"

"Shen Elder!" Tang Shi became amazed, did not expect Shen Lang will help them to marry Lingshi.

Shen Lang waved his hand: “Don’t be polite, I promised to take you out, won’t let you marry a spiritual stone. Remember, I will never treat friends badly!”

This time, not only the Tang Shichang, but also the few Xuan Lingzong who had been kicked down by the boulder, they were all convinced of Shen Lang.

Other people, including Haitian Town, are very envious of them. If you don’t need to make your own spiritual stone then it doesn’t matter.

It is a pity that Shen Lang will not give them a spiritual stone!

“Good! I have accepted it, fifty, if I can’t go out, I will pay you fifty!”

Yu Wenba had a smile and had a good impression on Shen Lang for the first time.

This guy is quite good, not only telling him the key to business, but also taking the initiative to pick up fifty Lingshi to take the lead!

It seems that it is really the provocation of the West Gate...

It is a pity that although Shen Lang took the lead, others are still not coming forward. They are still holding the money and watching, want to see if the Tianshan Jianzong and Xuan Lingzong can really go in, if not, then say.

“You have nine, and I have more than ten with Lu Plain. After you buy it, it is not five, it is ten Lingshi!”

Yu Wenba also learned to sink the waves, directly raise the price, and it has doubled!

Chapter 435 - Business has to do this

Unfortunately, there is still no effect, limit purchase price, no one buys!

The scene is once again...

Shen Lang secretly laughed, this Yu Wenba is also interesting, just to see that he has gained a lot, but did not consider the market.

When we came yesterday, everyone was full of expectations. They all thought that they would go in and do as soon as possible, and there were dozens of dozens of martial art groups. The herd effect is easy to highlight.

Now, no matter whether it is a martial art or a number of people, it is only about one-tenth. People on the scene may have a lot of gains, and they have paid a huge price including life.

At this time, if you ask for a high price, it is not reluctant, but you feel that you are looting.

However, Shen Lang did not remind him, but gave a good suggestion.

“Master Yu Wen, I don’t think you should go to the transmission array first, waiting for us to leave in batches, and everyone will have motivation.”

Yu Wenba is right, I heard this and I feel that it makes sense. Lu Plain was left here, and he himself began to search inside the temple.

“It’s idle, too, let’s do business as well!”

Shen Lang smiled and opened, then took out the meat of the giant rhinoceros beast.

“We joined forces to kill a high-ranking beast, this is the dried beast. You can take it directly, you can have a good effect, and it is better to take the refining effect. You are all experts, you don’t need me. The young man has come to say more.”

Looking at the appearance of a wave of profiteers, Lu Plains snorted.

Others just watched, but they didn’t go forward.

“Speaking of it, our Xuan Lingzong came here with nothing. This fierce beast, we will take a little back to decorate the facade!” Tang Shi sighed and then came to the front of Shen Lang.

Shen Lang understands that although this is one of the reasons, but more importantly, Tang Shichang is grateful to him for helping out twenty Lingshi.

This is to reward him, but also to be trusting.

“As long as a medium Lingshi, these are yours.” Shen Lang smiled and shot.

Tang Shi became a bit surprised. He originally wanted to give ten Lingshi, at least five Lingshi, to help Shenlang bring a business, but he did not expect to accept him.

Is this a gift? Is it as he said before, not treating friends?

Although they all think that Tang Shichang is a child care, but looking at him a medium Lingshi, he bought so many high-ranking beasts, and others could not hold back.

Just a spiritual stone, can't buy it, can't buy it!

Some who have not harvested, but also want to buy a little to decorate the facade, not to empty the back of the shackles, they also come up with one, two Lingshi buy.

In fact, the value of a medium Lingshi is not small. You can buy a lot of things at a trade fair like Qingchuan Tangyuan.

Everyone will feel very cheap, one is because in the Qiangjialing, this is the high-grade beast meat that Qianglangling got, and the value is of course different.

Another one is because yesterday's Shenlang admission ticket sold 20 to 50 medium Lingshi. Just Yuwenba took out the road to buy money, and also set five ten Lingshi.

In this way, the fierce beast of Shen Lang is very affordable.

After those who bought it later, Haitian Town and the Tama Division also bought it because they couldn't help it.

Of course, Haiting really wouldn't buy it, and Miao Zan and Ma Shibin would not dare to approach Shen Lang.

After a while, Shen Lang sold fifty Lingshi.

Seeing that his fierce beast is constantly coming out, everyone is becoming more and more curious, what a big beast!

However, the bigger the vicious beast, the longer the living time should be, or the higher the level, the more valuable it is, so they are all satisfied.

Shen Lang is because these fierce beasts are too much, and some of the stock is cleaned up. Therefore, the price of the sale is also casually said. In the end, it is indifferent to make a profit.

When they traded, Yu Wenba had already searched the temple, did not find the transmission array, and went to the back tower.

Lu Plain saw the back and his attitude changed.

He silently calculated that if the dried meat is in its original state, and with the skeleton, it should be a huge beast.

He estimated that the West Gate is to want them to grab these, and the jade peach just flicks them.

Such a big beast, meat is already the least valuable part of it.

"You want it? Nothing!" Shen Lang looked at Lu Plains and deliberately did not sell it to him.

"I don't want meat, skin or ribs?" Lu Plain said faintly.

He doesn't feel embarrassed. Open the door to do business, and don't give money.

"Of course. But the price can be different!"

Shen Lang smiled and took out a piece of skin and a rib. “The skin has five medium-spirited stones and ten gluten. No problem?”

Lu Plains took over and looked carefully. The value of this fierce animal skin and tendons is indeed worthwhile.

But he put it down: “I want better!”

He has already figured out the size of the beast, even if there is a gap with the actual, it will not be a small one. That must be just a small piece of skin, and the ribs are also a piece.

Even if he can't get it all, he wants bigger and longer!

“That depends on how many Lingshi you can afford, everything is possible.” Shen Lang said with a smile.

The plain of Lu's eyes noticed that Haiting's eyes were also seen, and he could not help but frown.

If the fierce hide is made into clothes, it has a strong defense effect and can be passed down from generation to generation. The ribs can be made into weapons, and the same can be passed down.

“I can give you fifty!”

He really bit his teeth, fifty medium spirits, it is indeed no small value.

With the price of Shenlang, you can buy ten pieces of skin and five pieces of ribs.

Of course, everyone knows that the bigger the skin, the longer the ribs, the greater the value.

Shen Lang nodded and saw that he really took out fifty Lingshi.

Immediately selected a large piece of skin and a long rib to him this transaction is both satisfied, but heard their trading price, Haiting really dispelled the willingness to buy.

Five and ten, he can afford it, but that is not what he wants. He bought the Lu Plains, he wanted fifty, and he was a medium-sized stone. He also had a large number of Haijia.

Looking at the short time of Shen Lang, I sold a hundred medium Lingshi here. Gao Li and Yang Yang are very happy. If you change them, you can't really do it.

Gao Li also used his eyes to sing and praise, so he learned how to study as an elder, and later he would be the lord, but he should be omnipotent.

“Is there anyone else? I don't just collect Lingshi. If you have any other resources, whether you don't want it or it's superfluous, you can take it for identification. The agreement is exchangeable.”

Shen Lang saw that Wu Plain had 50 spiritual stones, and they were together before, and certainly there are gains. It is good to be able to get some benefits from several people in Haitian Town.

Chapter 436 - Who is going with?

Shen Lang wants to test it and see what they have gained. However, Haiting was more embarrassing than he had imagined, and he did not come to exchange.

But think about it too. What he has now, that is, the flesh and bones of the beastly beast, is not needed by anyone. If the bone marrow is taken out, the attraction will be even greater.

But that thing is very effective for improving the strength. How can Shen Lang just sell it out?

He is cleaning up the inventory!

After a while, Yu Wenba returned.

“Master Yu Wen...” Lu Plains just called out and immediately saw that his expression was a bit wrong.

Yu Wenba did not have a very excited look, but it was a bit embarrassing and ugly.

Everyone's eyes on the scene gathered on his face. I guess he might not have found the transmission array. Everyone's expression was complicated.

First of all, they did not spend money to buy Yuwenba. At the same time of gloating, they felt that they were losing money. Otherwise, they would earn twice as many spiritual stones.

Then they began to get nervous again. Even the Masters League failed to find a way out, and they were even harder to find!

However, there are still some people who hold conspiracy theories. They feel that Yu Wenba is not necessarily found. It is likely to be deliberately pretending to be like this. The purpose is to raise the price!

“Sorry... I was too high-profile...”

Yu Wenba came directly to Shen Lang and smiled bitterly: “I have searched this temple and the tower behind it many times, and I have not found a transmission array.”

“How could this be?” Lu plain shouted.

Everyone else whispered, although he guessed it, but it was still very hard to hear him say it.

“Maybe it’s been a long time. Maybe it was already dead at the last time it was opened, or it was destroyed. It is also possible... there are many temples like this, we didn’t find the right one.”

Yu Wenba sighed and gave him the Lingshi that had just collected Shen Lang.

“and many more!”

“Is there a clue to the elders?” Yu Wenba shines brightly. Since this Shen Lang has the secret map of the Tianshan Jianzong, he knows the way to come in, and perhaps knows the clues to go out!

“I mean...” Shen Lang pointed to Lingshi: “You didn’t find the transmission array, you have to compensate me for the fifty Lingshi.”

Originally, Yu Wenba’s mood was not good. When he heard this, his face sank directly.

“Don’t be kidding, let’s find a way to leave!”

Shen Lang shrugged: “Who is joking with you? Or can you lose? Just what you said! Forget it, forget it, if you can’t afford it, say it, I can let you go.”

Can’t afford to lose!

Let go of you!

Yu Wenba’s face is red.

He is a strong man in the late stage of the real world. Here, there is only a high energy to shoulder him, and Shen Lang actually humiliates him like this!

“Kids! Don’t be too much!”

“When I just gave you fifty Lingshi, you are happy, but I don’t feel too much. Now I want you to pay, just say too much?” Shen Lang shook his head, and he couldn’t look at him.

Those who did not want to spend the spirit stone to him, this time are all gloating to look at him, so that Yu Wenba can not continue.

“The number is clear!”

He found fifty Lingshi out and slammed it to Shen Lang.

Shen Lang nodded with satisfaction and collected all of them.

Just why did he help Xuan Lingzong to come out with a stone, why should he add five more integers, just to make a little more compensation!

“Everyone! There is no transmission in this temple. Now I will ask, do you want to go with us to find other temples?”

Yu Wenba said aloud to everyone.

Just gloating to see the excitement, I have returned to the urgent issue.

Haitian Town and the Tamar are better. Those who have come later are safe to arrive here, and they have to look for it. Naturally, they are nervous.

“Don’t worry! If you follow us, as long as one person delivers two medium spirits, our Masters Alliance will protect his safety, including the transmission out!”

Yuwenba is equal to pulling a little more people, and has come up with a big discount on the price.

“Of course we are following the master of Yuwen.” Haitingzhen made a decision on behalf of Haitian Town.

“We are also a horseman.”

Although it is still necessary to spend the Lingshi, one is still acceptable.

Some other third parties are just about to move and want to follow the past.

Tang Shichang is watching Shen Lang, I don’t know how to be good. He just supported Shen Lang and thought that Shen Lang had a way to leave.

Now there is no way for even Yuwenba. Maybe Shen Lang has not found a way out.

“But my ugly words are ahead!”

Yu Wenba said coldly: “Shenlang master is so powerful, naturally it is disdain to be with us? To his blessing, if the friends of Tianshan Jianzong want to follow, one person is twenty medium spirits!”

Everyone did not expect this time, there is still a good show.

However, this is only for the price increase of Shen Lang and Tianshan Jianzong. They are not affected and are still happy to see it.

Ten times!

The 50 Lingshi that Shen Lang had just claimed, lost it again! I have to return the original fifty losses!

There are also people who are gloating to see Xuan Lingzong, followed by Shen Lang, so that they are also innocent.

“Master Yu Wen, are you targeting me?” Shen Lang looked at him with a smile.

Yu Wenba was still a little bit impressed with him. As a result, this kid didn't know how to lift it up. He forced him to compensate 50 Lingshi. Can you not target you?

“No, it is because you Master Shen is too powerful. I admire!” Yu Wenba arched his hand.

“Okay! If that is the case, then I will admire you.”

Shen Lang also said: “Everyone! Actually, I can open the transmission array, and send everyone out here. If you want to go with Master Yuwen, please hand in Lingshi, and we will go back later.”

This made everyone quiet, staring at the sinking waves, not knowing that he was deliberately lifting the bar, or really have a way.

“Master Shen, do you really have a solution? And, what conditions do you need?” Haiting really asked a question He not only represents the individual, not even the sea, but the whole sea. The power of the town is responsible.

It is ok to leave a spiritual stone to leave here. But how long does it take to find other temples on the road? This is uncertain. Whether it will be dangerous or not, it is a variable.

In comparison, if Shen Lang is certain here, he will be willing to stay as long as the price is right.

“Of course I have a way! The conditions will not be excessive.” Shen Lang laughed: “Xuan Lingzong is my friend, they do not need to pay any Lingshi, but also the first to leave!”

When this statement came out, everyone looked at the eyes of Xuan Lingzong and became a little envious.

If this is the case, then Tang Shichang has just had a look at his thigh.

“Other people are a spiritual stone, but if you are a group with Yu Wen, I must of course treat them differently. One person has two spiritual stones. As for Master Yu Wen himself, I believe that I will not follow me.”

Chapter 437 - Way to leave

When the conditions of Shen Lang are opened, there is a contrast between Yu Wenba, and it seems to be a lot of good.

In addition to Xuan Lingzong's free, other people only need half the price, that is, Haitian Town's stepping horses send them the same price, the key does not need to travel again, and there will be no more dangerous variables.

The so-called tit-for-tat of Shen Lang makes Yu Wenba's face very ugly.

“Well, you are going to have a wave! I will see how big you are!”

After finishing this sentence, Yu Wenba said proudly: “Everyone testified that if Shen Lang can find a way out here, I am willing to give him twenty Lingshi!”

Then he looked at Shen Lang again: “If you can't find it? What do you do?”

“What's the matter for you?” Shen Lang shrugged: “I haven't gambled with you, you give me twenty stones, I don't want to accept it!”

“...” This is so mad that Yuwenba can't speak.

Shen Lang ignored him and continued to say to other people: “I will not accept your Lingshi, and I will send the friends of Xuan Lingzong first, and then you will find me again!”

When everyone listens, they are relieved. Anyway, there are others who are making mice.

Xuan Lingzong because there is no need to pay anything, as long as Shen Lang can find the transmission array, then there is nothing.

Yu Wenba, who was ignored, is very reluctant.

“If you can succeed here, me, me...”

Shen Lang smiled and said: “Oh, don’t say that I don’t respect the old. If you don’t accept your Lingshi, you will take it out.”

Yu Wenba wants to express his attitude that he does not believe in Shen Lang, but he did not expect it to be perfunctory!

As if he can’t pay the Lingshi!

“Shen Lang, you listened well. I don’t need to gamble with you. If you don’t succeed, you don’t have to pay for anything. As long as you can succeed, I am willing to pay you fifty stones!”

Yu Wenba is going out this time, for the sake of face!

Moreover, he is also confident. He just checked the temple and the tower behind him from the top to the bottom and examined it many times. There is no transmission matrix at all.

Although Shen Lang was the first to check it, he did not believe that Shen Lang could hide the transmission array and he could not find it.

Now is not the time to send everyone out, nor to earn the Lingshi, but the time when he and Shen Lang are competing.

“Don’t you? When you are old, keep a little bit.” Shen Lang shook his head.

The more he is not so rare, the more he makes Yu Wenba feel that he is not looking at him.

“I don’t go, I am waiting to see!” Yu Wenba made an invitation gesture: “Master Shen, please!”

Shen Lang nodded to them from the bleak and high, indicating that they had a good idea here, and then went to the back of the tower with the Xuan Lingzong.

Yu Wenba does not need to check first to see Shen Lang. It seems that he knows directly where the transmission array is and can’t help it.

However, it is not convenient to follow it, and the prohibition here makes his sense of the gods unable to sense the situation in the back tower.

“Do not worry! There will be no danger.”

Shen Lang comforted Xuan Lingzong Tang Shi to change them, let them wait underneath, and then he first went to the top of the tower.

When he reached the top of the tower, Shen Lang took out the jade seal and injected it directly into the atmosphere, and then printed it on the imprint of the mural.

Soon, the murals changed, there was a projection, and then a transmission array appeared in the middle of the ground.

Shen Lang injected the Lingshi again, and then called the Xuan Lingzong people to come up and let them go back first.

“Occasionally, actually...” Tang Shichang also studied here for a long time, and did not find any transmission array here.

“Let’s go back.”

“Thank you! Thank you!”

Tang Shichang knows that Shen Lang will not tell him the secret, only one thing can be determined – this person is not easy!

He is glad that he chose to support Shen Lang today, otherwise he will be embarrassed.

After they left, they waved down and found that everyone had come to the tower from the temple in front.

“Are they delivered successfully?” someone couldn’t help but ask.

Shen Lang smiled and said: “Otherwise? Just for a while, I killed them and I didn’t have time to hide the corpse. I can’t even eat the belt bones?”

This joke is to make everyone a little creepy.

There are vampire maids around Shen Lang. What if he is really a madman?

Although everyone knows that this is ridiculous, it still can’t help but be a bit skeptical.

Yu Wenba stood up at this time.

“I will come first! Since you sent them away, it means that the transmission array is already open. I will go with you!”

He took out fifty of the Lingshi directly and put it in a bag.

“Really, this is yours!”

He felt that Xuan Lingzong was obviously a group with Shen Lang. If he did not, he would hide and cheat. Others followed Shen Lang and didn’t know what the outcome was. He needed to go in person.

When I came to the top of the tower, I looked at the transmission array that appeared out of thin air, and then carefully examined it. This is where he has been.

After a moment of silence, Yu Wenba could not help but ask: "How did you get it out?"

"I said that I just built a new one, do you believe it?" Shen Lang joked.

"..." Yu Wenba did not answer.

He didn't know if he should believe it. If Shen Lang really had this ability, it would be too shocking. But if it is not, it seems that he is very incompetent compared to Shen Lang.

"But! I am leaving first."

He threw the Lingshi to Shen Lang, and then said to the following: "Do not worry! There is a transmission array."

Then there was a chilly Yuwenba, which was first sent away.

When Shen Lang went down again, everyone would completely believe it. Those who only need a spiritual stone, and quickly send the Lingshi.

"Master Shen, look at this, and this..."

Someone wants to ask him, the back of the dead body and the seriously injured same door, can not be avoided.

Shen Lang nodded: "Do not give up and not abandon the same door. This is your loyalty. It is the opposite of the West Gate seal. I respect it. Your one is also free!"

Originally they wanted to be exempted, at least the corpse was exempted. I didn't expect that Shen Lang would have saved them from them. Thank you very much.

It seems that Shen Lang is not like the sinister evil in the legend, but also the temperamental temperament.

Everyone has left Haitian Town and the Tama School, and they are honestly handed over to Lingshi. Yu Wenba has gone, and of course they can't find it themselves.

Only Miao Zan and Ma Shibin, when they were close to Shen Lang, were careful to watch out and dare not look at him.

After everyone had been sent away, Shen Lang's own team left.

"This is what you started out? Then do you want to..." Desolate asked.

This is asking if you want to do it, and you won't be able to use it after they leave.

Shen Lang shook his head: "It's all the gifts left by the ancestors. If they come here, let them come out."

The five of them were also sent away together.

Unexpectedly, just after coming out of the world of Qiangjialing, there has been a great change. Before they can see the situation around them, there has been a strong attack that has come to the front!

Chapter 438 - In the end

When I just sent out the array, I encountered an attack. It must have been ambushed, just waiting for them.

And can seize the opportunity, can be such a clever attack, must be a super powerful!

When the transmission arrives, the space will be slightly distorted, and the general monk is not able to sense it. It can only be seen when people appear.

The very powerful ones may be aware that they can successfully ambush in advance.

Shen Lang, the last five people they sent, praised, of course, can be skipped, the highest in the realm is high.

It is a pity that although the age is high, the number of crossings is very limited, so in the process of transmission, it is still impossible to take care of it.

In the near term, of course, Shen Lang has the most experience.

Years ago, I came out of the dead forest. During the Chinese New Year, I went to the watershed city-state in that forbidden place. It was a round trip, plus I went to Qiangjialing yesterday. The other person is once, Dorothy is twice (she died when she went to consciously), and Shen Lang was four times!

So at the moment when I felt the attack, I first reacted, or Shen Lang.

If he wants to dodge himself, the problem is not big, but other people have no choice. He greeted him, and when everyone heard it, it was too late.

Even if he grabs a dodge in one hand, there are at most two, which can't make everyone dodge, but like the strength of the poor praise, can't catch up, if it is not good, it will be killed!

In the time that counts from zero to ten seconds, Shen Lang has no time to analyze so much, and can only make a decision, the best possible decision, regardless of the outcome.

At that moment, he directly ingested a large giant rhinoceros skin, blocking the direction of the attack, and shrouded everyone.

At the speed of Shen Lang, you can only do this.

Immediately after the five people were blasted out, the fierce hides only helped them block a layer, when they could not block all the power.

But there is such a thing, for them, it is enough!

The high-altitude landed and flew straight up, Zhenhai sword has volleyed out in the direction of the back!

The bleak autumn water sword was also sheathed, quickly on the ground, to prevent it from flying out, and then swinging from below to attack.

After a scene in the temple, Dorothy understood that if she shot, it would probably bring criticism to Shen Lang.

So at this moment, she did not attack, but did a good job in logistics.

She grabbed the weaker strength and quickly flew out to the front, letting Shen Lang have no worries.

Shen Lang put away the fierce animal skin and turned around in the air to look back.

It was just timely, but everyone was shocked, but it was not hurt.

At this moment, Gao Li and Desolation attacked from above and below, and with his words, it was the upper middle and lower roads.

It is Yuwenba who attacked them.

Yu Wenba was the second one to be sent out. It was originally a bit of a disappointment.

However, after coming out, I saw the excitement of the masters' alliance staying in the logistics, and he was stunned and rekindled.

Regardless of whether Shen Lang is mastering the secret secrets of Qiang Cave, or his own special understanding of the formation, this is a hidden danger!

They have already killed Xu Yangzi and Ximeng, and they have irreparable suspicions with the Master League. After he leaves, with his two years of growth, the Master League can not limit him!

Then someone came out one after another, reminding him again and again that the opportunity is in sight!

The chance is only once!

Therefore, Yuwenba did not have so much time to consider. After observing the people who came out, it was almost ready to attack the last Shenlang and his party.

His chances are only the moment when they are unprepared.

The attack has just failed. Now, in the face of the counterattacks of Gao Li, Shen Lang and Desolation, he is certainly not an adversary.

Immediately did not attack, but turned into a backing.

“Yu Wenba! I didn’t expect you to be so mean and shameless!” The old comrade Gao couldn’t help but scream.

Now the place they sent out is still in the valley where they entered.

However, the numerous caves that appeared on the slopes of the valley have completely disappeared, as if the valley had experienced a local high-intensity earthquake, and all traces were smeared by landslides.

Just now, Xuan Lingzong and others, who have just returned to the hillside, have not left yet.

Yu Wenba’s sudden shots were not thought of by them, and no one could stop it.

After a moment, Dorothy grabbed the squat and fell on the opposite hillside. The three people, Shen Lang Gao Li and Desolation, chased Yu Wenba to the mountain.

“Hugh and wicked people first complain! You Tianshan Jianzong, killing the two masters of the Master League in Xuyangling, Ximeng, Ximen, this account, we will eventually count with you!”

Just grab the first shot, it is Yu Wenba to master the opportunity.

If they can send them out, they will kill them successfully. Everything is so good, it can be explained unilaterally by him.

Now that he failed and was denounced, he said the reason for the preparation.

Before in the temple, it was not them alone. There were still many people who saw the death of Xuyangzi and Ximeng. He took revenge, of course, it was a matter of righteousness.

In the face of the current situation, Haitian Town and the Tamar are of course far from the crowd, not to say anything.

They had a hatred against Shen Lang. Although they had fortunately lost the Shen Lang, they were paid for the Lingshi trade, and they paid more.

From their point of view, it is even more gloating, and the Master League and Shen Lang are working hard.

Others, people who have suffered casualties, have also received preferential treatment, but their strength is limited, and they are afraid to say anything.

Xuan Lingzong is basically the same mentality.

I had to choose to stand on the side of Shen Lang before, because I was counting on him to go out. Now that they have not left, they can't afford this risk compared with the positive offensive masters.

“The death of Xuyangzi and Ximeng, many people have seen Not that you can reverse black and white. As for accounting, we will accompany the end!”

Shen Lang sneered a sneer, originally he did not understand this master league, but because of the relationship of the West Gate, there is no good feeling.

When Yu Wenba left, he was willing to gamble and lose 50 medium-spirited stones. He still made him look a bit stunned. Now it seems that they are still a class of people.

“let’s go!”

There is no suppression of mana here, but both sides are the same. After all, Yu Wenba can only resist high opposition. Coupled with Shen Lang and others, the Master League will be finished here.

After releasing the rumors, Yu Wenba decisively took people away.

“Master Shen!”

After the people of the Master League left, Dorothy and Yang Yang rushed over, and another shouted Shen Lang.

There are things in these two days, for the time being, the first three are

Chapter 439 - Phoenix promise

Shen Lang actually thought about catching up and killing Yu Wenba.

However, after returning, it is different from the environment of Qiangjialing. There are also many people here. Some people just take pictures with their mobile phones, or direct information is sent out.

The things of Xuyangzi and Ximeng can still be argued, and Yu Wenba’s just sneak attack is also their reason.

But if you rush to kill and kill, it will really make the Master League make a fuss, put him and the Tianshan swordsman to the seat of the public enemy.

This time, the harvest was quite fruitful. It is the right way to hurry up and retreat and improve strength.

The fist is strong enough to be able to run wild.

When I heard someone calling, Shen Lang did not respond and turned to look at the past.

When I first came out, I encountered such a sneak attack and made him have no confidence in the people around him.

“It’s us!”

A group of people rushed over, Shen Lang recognized it, is the person of the water moon, and the one who stopped him is Zhuo Yuan.

In addition to Zhuo Yuan, Liu Zifeng and Yang You, who met him at the Qingchuan City Hotel, were there, and Feng Youji was probably an ally with them, and they were still together.

That time in the hotel, Liu Zifeng was very proud. According to his meaning, he wanted to directly grab the Shen Lang.

After the wind, no Ji and Zhuo Yuan warned him not to provoke the waves, he was not reconciled, just forbearing not to cause trouble.

When I came over yesterday, I saw that Shen Lang and Tianshan Jianzong were together, and there were high-level escorts from such a high-level escort. The attitude has changed.

Just Yuwenba’s words, everyone heard, Shen Lang and Tianshan Jianzong, actually killed two Xuyangzi and Ximenfeng!

This has already left Liu Zifeng with no temper, and this time it is hidden behind, and does not dare to have any unhappy attitude.

“Master Shen, thank you for your success last time. We are also saying that we will definitely find the same level of heaven and earth in the thousands of caves.”

Zhuo Yuan held a fist and shook hands again, and thanked him again. Before he spoke, he also added a soundproof cover to prevent outsiders from listening.

“It seems that the water and the moon are not small this time.”

From yesterday to the present, it has been more than twenty hours, there is no day and night, and everyone should be racing against time.

But there are only two kinds of things that can come out so quickly. One is that the harvest is not small, do not want to night long dreams, leave the bag as soon as possible. The other is that the strength is not good enough to damage, leaving the preservation of strength.

The people of Shuiyue Cave are here, and it seems that they are not injured. It should be the former.

“Fortunately, we are not insulting, so we are also fulfilling the agreement.”

This time, Shen Lang has a huge harvest. The giant rhinoceros beast has so many bone marrow spinal cords. Although it is not a flying beast, it is not a “phoenix”, but the effect is almost the same.

So for the appointment of Shuiyue Dongtian, he was not so concerned. You should even thank them, or he won't know the news.

“Zhuozhen people are not trusting people. Then I have to ask for a set of people. If the elders of Shuiyue Cave are in need, let us keep it.”

“No, no, I have to say it. It is already very grateful that Master Shen can let us save the emergency.”

Zhuo Yuan said very seriously, and then took out one thing, and handed it to Shen Lang.

“We are lucky, hunting a flying beast.”

He gave a small bottle containing the newly acquired “Pearl”.

When I said this, Zhuo Yuan was still a little proud. It is not only good luck, but also strength to complete.

Just added the soundproof cover, I just don't want this news to be spread out, so as not to bring big trouble to the water moon.

But such a happy thing, can not be open to force, or very depressed, so could not help but revealed to Shen Lang.

“Congratulations! But this matter is just telling me. Don't talk to the masters. What the former Yuwenba is, is to take people to **** our resources, and finally we killed two of them before we were born.” “”

Shen Lang is impolite to damage Yuwenba and the Master League. This is not a compilation.

“Yes, yes!” Zhuo Yuan is also a bit embarrassed, in case Shen Lang wants to grab them... This is the guy who can kill even the Master League headquarters!

Since they have got a flying beast, the phoenix will certainly not only be this, Shen Lang is not welcome.

Although he has a lot now, this thing is not too much, it is even harder than Lingshi.

“Then I will be welcome.”

After receiving it, he gave fifty of the medium Lingshi after Yuwenba, and ordered thirty more.

“Thank you.”

When Zhuo Yuan got these Lingshi, there was obviously a hint of relief.

This makes Shen Lang catch it. I guess they should take out the spiritual stones of the reserve, so they will not feel bad about the treasures.

Now he has a lot of spirits, and other resources are more good.

“Zhuozhen, you know that I have harvested a lot of Lingshi yesterday. If you have anything else you want to sell, I am willing to take over, the price is good.”

The words of Shen Lang let Zhuo Yuan shine, and then immediately discussed with several other voices.

Their Lingshi reserve is also limited. The previous eight thousand Lingshi is eighty medium Lingshi, plus yesterday’s entry is twenty tickets.

Even if the harvest is quite rich, it is also hollowing out the Lingshi. And this is not convenient for large-scale sales, so as not to lead to embarrassment.

This is one of the reasons why they will be trustworthy, selling it privately to Shen Lang, but it is more reliable.

Now Shen Lang’s suggestion has also made them feel excited and continue to sell to Shen Lang. They don’t have to leak the wind, but they can make up and even get more Lingshi reserve on the basis of resources.

I don’t know if I want to interfere with Shen Lang to see them discuss, or really want to stay for a long time, the wind and no Ji and charmingly walked to the front of Shen Lang.

“Shen Lang’s younger brother, this time there is nothing in the family. Can you give others a little comfort?”

“Ha ha!”

Shen Lang laughs and does not speak Do not provoke this wind without Ji.

“The next time I don’t know when I can see you, people can think of you. You don’t want people to be obedient, do you want to send a little souvenir?”

She said that while leaning closer, she was not afraid of watching anyone, nor did she care about fame or something.

“Is it a good idea to cut one of your two **** and make a souvenir?”

Originally, she and Dorothy, who are close to the wind, are staring at her. But suddenly, I didn't think of it.

Shen Lang listened to a little sweat, the wind is not big enough for the milk, but cut one down, he can not keep as a souvenir.

“This little girl, is it a little envious to me?” Feng Jiji smiled softly, did not mind, and intentionally licked his chest.

Chapter 440 - Package tying

Desperate nodded: “I am very envious.”

“Where are you envious of me?” Feng Wuji deliberately stretched out and made his chest more exaggerated.

“Envy your skin, my sword is not expected to break.” Desolation said seriously.

Originally, they heard that both of them had a high degree of separation and praise, and they did not speak. They pretended to be surrounded by guards.

But when I heard the words of bleak, I couldn't help but smile.

Feng Wuji is also a bit stunned. She was originally looking at the bleak and a bit cold, deliberately teasing her, but she did not expect that she would return to such a satire.

“You just look away, my sister's face, that's a blow. But younger brother, you can touch it!”

Feng Wuji still keeps a smile, then put his face in front of Shen Lang.

Desolation wants to lick her face, but it is outside, she is a bit sarcasm, it is not convenient to really do it.

“I will touch it!” Dorothy smiled and stretched out a hand, and he would touch it on the face of the wind.

The wind is no Ji, but it is shrinking back: “Oh, that’s not what I want, I can make Shenlang’s brother take advantage of it, and can’t let girls take advantage of it.”

“Okay, the wind is no girl, we are not so familiar with you.”

Shen Lang heard her repeated “Shenlang Brother”, a little bit chilly, and made a gesture to let her back.

Seeing his serious attitude, the wind did not dare to say anything, just gave him a smile, and then waved.

“Let’s contact again!”

Desolate turned a white eye, and did not seem to understand how Shen Lang would provoke such a popular woman.

In fact, the jokes of the wind are not warm, but also the warmth, did not let the atmosphere cool down.

And a few of them have already negotiated the results.

“Master Shen, we still have this...”

When Zhuo Yuan spoke, he added other people to the side to form a fence, so that outsiders could not see the details.

Shen Lang did not care too much. According to his estimation, the other party was just like him selling the fierce beast meat, just to clear the inventory.

Unexpectedly, it attracted attention.

“This metal card was found in the temple we came back to. It might have been hidden in the statue, but it collapsed. But what is the use and what is it, I don’t know.”

Zhuo Yuan is really, there is no buyer like the trade fair, making up some magical origins.

Shen Lang took it over and looked at it carefully. This looks like a dark iron, but I can’t be sure what the metal is. There are some sly patterns on the top, I don’t know if it is decorative lines, or some words.

The metal card is not large in size, the length is equivalent to a book, the width is only about half of a book, and the thickness is only the extent of the general remote control, which is a little thicker than the mobile phone.

“This thing... is there a set, or something?” Shen Lang asked.

Zhuo Yuanzhang shook his head: “I don’t know. Maybe every temple has a piece!”

“I originally wanted to bring it back, as a witness souvenir to Qiangjialing. But Master Shen knows a lot about Qiangjialing, and it may be useful to you.”

Shen Lang nodded: “Let’s do it! It’s brought back by Qiangjialing. I will accept it first. How many Lingshi do you want?”

“This... you look at it.” Zhuo Yuan did not know if he was embarrassed to ask for a price, or did not know how much to open.

“Is it? Then I will give a... Elementary Lingshi. Is it OK?”

“Haha, I am laughing. As you said, it is also brought back by Qiangjialing. Even if it is a souvenir, it is a unique one.”

“So how much do you want?” Shen Lang put the metal card back in his hands.

From his attitude, it seems that there is not much interest in this thing, and it is of little value.

This made Zhuoyuan sigh a sigh. Originally, Shen Lang had harvested a lot of Lingshi, and the wealth was rough. It seems that something unusual is coming out, that is, he wants to make him bold.

But if this is just a **** like a tablet, only the commemorative value, there is no practical meaning, then it really will not give much Lingshi.

“Ten... medium Lingshi, can you watch it?” He opened a price for a dim sum.

Shen Lang shook his head.

Zhuo Yuan is a bit disappointed!

Originally, this thing was brought back. It was able to make him famous in the name of Shuiyuedong. After that, he did not know how many generations passed. Such a metal card should be preserved, and it can be proved that he brought it back from Qiangjialing.

But now the sects need Lingshi, so they are willing to trade.

Ten medium-spirited stones are his psychological price. If it is lower, it is better to collect it.

“That’s it! Do you have any other items to sell, take it out together, and calculate the general ledger together!”

Upon hearing this, Zhuo Yuan was relieved. Shen Lang shook his head but did not refuse, but changed another way.

If you tying it, you can sell it, as long as you can sell it.

He immediately took out another thing that was prepared.

“This is the claw of a flying beast. It can be made into a weapon.”

I took out a pair of claws and immediately made Shen Lang uninterested. He wants the phoenix, or the inner dan, but this is also the collection of Shuiyue Dongtian, it is impossible to sell it.

His expressions are written on his face, and Zhuo Yuan is also a bit embarrassed.

They are indeed clear stocks, and it doesn't matter if they bring them back. It's better to change the Lingshi.

As he gritted his teeth, he took a breath and took out a small bottle.

“This phoenix!”

Seeing him come up with the phoenix, Liu Zifeng they are all anxious.

They remembered the scenes that they wanted to buy and couldn't buy at the beginning. In the end, they simply asked for the Shenlang to get it, but they still owe their feelings.

However, in order to show that he is sincere, Zhuo Yuan insisted.

“That one sold to me, it is a repayment of the promise. This is to sell 80 spirits, you should not be reconciled?”

“No, it's a good cooperation with Master Shen.” Zhuo Yuan smiled.

Of course, he is also a bit unwilling, but it is not good to ask for a price. If he wants to find another buyer, it is more troublesome.

“That's it, these three pack together a hundred medium spirits, this paw is not, how about the two together?”

Shen Lang is still abandoning package and tying are not the claws.

Liu Zifeng, they are eighty Lingshi sell unwilling, now offer a hundred Lingshi, tying that metal card, this is satisfied.

I have to know that the bottle was sold to Shenlang at the original price, but the price at that time was also the price after many auctions. It was already very high.

Now this paw is not, the metal medals are all rejected by the ten stone, which is equivalent to saying that this bottle of phoenix is sold more than 90.

“What do you say?” Zhuo Yuan said excitedly, immediately put these two together into the hands of Shen Lang.

“This paw is also together!”

They themselves disliked Shen Lang and disliked it, which means that it is not worth a single stone to sell alone, simply to be a sneak peek.

Shen Lang gave him a hundred Lingshi, and then threw his claws to the wind without auspiciousness: “The wind girl, gave it to you.”
