

First Strong 441

Chapter 441 - Desolation

"I hate, how can I send someone's claws." The wind did not sing a sigh of relief, but still smiled and accepted.

Even if you don't see it, it's relative. If you really want to sell it, you can still change a little stone. It is also valuable to build weapons.

Zhuo Yuan did not expect him to be used for human feelings. Shen Lang turned his hand and gave it to the wind. It seems that he really does not look at it.

But it doesn't matter. They got one hundred and eighty medium-spirited stones this time, and they added a hundred of them that were consumed before, and there is surplus.

But think about Shen Lang at least 900 Lingshi, this is the real surplus, no, it is simply wide!

In fact, the Lingshi possessed by Shen Lang is now more than a thousand!

I have just given them one hundred and eight, have not spent just earning it.

In the temple, Yu Wenba first compensated him for fifty spiritual stones, and he was not convinced, and actively raised fifty Lingshi.

Coupled with the "buy money" of other people, now that one hundred and eight, even those who "sell meat" have not finished, let alone "sell rubber bands."

The cooperation between the two sides was pleasant, and a lot of resources were obtained. Together with Lingshi, the water moon and the sky did not dare to stay any longer, and immediately left.

Feng Wuji is an ally, I don't know how to divide it, or leave with them.

The process of their trading did not take long to go, and the various factions on the mountain were still there.

Others can't hear what they just said, but in fact they can still guess. If it's just old, can you use it?

Only Shen Lang and Tianshan Jianzong, even the strongest of the Master League headquarters can easily kill, and no one dares to come forward to grab the waves.

How about Yuwenba? Still not a sneak attack, just ran with a tail?

Some people on the mountain are waiting for their own martial art. After all, there are still many who have not come out.

There are also some who tried to run a lot of caves yesterday and did not find an entrance. They are not willing to stay here.

But there are also some people who are waiting for the waves like the water moon.

Xuan Lingzong.

Xuan Lingzong was first transmitted, and if they want to leave, they can leave far.

However, Tang Shichang, still waiting for Shen Lang to come out, ready to thank again before leaving.

When Yu Wenba attacked, they could not stand up and help. It was a bit embarrassing.

It was followed by the run of the water moon and the sky, and it was not convenient to go forward, until now.

"Master Shen, this time I really appreciate it. If it weren't for you, we might have been wiped out!"

Tang Shichang took a few people and came over and smashed it to Shen Lang.

“Master Tang is very polite.” Shen Lang smiled and said: “Your previous sentence is already my friend, and I don’t need to say more thanks.”

Tang Shi became a bitter smile, “but we are not worthy of friends, when Yu Wenba just...”

Shen Lang interrupted his words: “This has nothing to do with you, and your choice is correct.”

Before in the temple, even if it was for the sake of profit, it would be very difficult for Tang Shi to change him once. Of course, it is impossible to come back and then join the masters.

“If I send you more things, you are too embarrassed to accept, but since it is a friend, I am not good at collecting your Lingshi, this is returned to you.”

Shen Lang sent the prepared twenty Lingshi to the hands of Tang Shichang.

“This... how does this make it?” Tang Shi changed for a while.

This time they went in, there was no gain, and finally they took a Lingshi and bought a bit of fierce beast from Shenlang.

The whole is a bit bleak and poor, but seeing those who are behind, or being seriously injured or dying, let them see it, and there is hope in life.

But to say no regrets, of course, it is fake, but it took the price of twenty Lingshi!

Now that Shen Lang is going to be returned to them, it is not the same. It is equivalent to traveling for free.

“Receive it.”

“Thank you!” Think of so many Lingshi of Shen Lang, Tang Shichang will not be polite.

After collecting the Lingshi, and then a few words, they will go first.

“They may not really appreciate you. They will only feel that you have earned thousands of spiritual stones. They will return their own 20th to their friends, and they will not give a little subsidy. They will blame you for being stingy!”

Desolate and softly spit a sentence.

Shen Lang smiled a little: “There is this possibility. But in the past two years, I have always been counted by others. It is rare to support me. I will take care of it as much as possible.”

Looking at the back of their distant, and sighed.

“Dominoes raise their brethren and bear rice to revenge. Because of this possibility, I just returned their spiritual stones and did not give them more gifts.”

These twenty Lingshi are actually gifts, but there is a refund of the head, this fixed number.

If it is a direct gift, give ten, maybe you will think of twenty; and twenty, you will want fifty, one hundred.

After saying this, Shen Lang smiled and glanced at the four of them.

There is no sound here.

They all understand the meaning of the eyes of Shen Lang: Will they also be “Rising Mien Fighting Rice” and “Dominion”?

In fact, for the age of Shen Lang, Desolation and Dorothy can still be assured.

Desolation has been verified before he lost in the forest of death, loyalty. Dorothy, as long as he can continue to be strong, she should also abide by her vows.

However, the Tianshan Jianzong is actually difficult to say. Their relationship is for the cooperation of interests. I have been very grateful to the fifty medium spirits before. Now that I have reached a thousand, I am not sure that the mentality will be unbalanced.

If you murder him because of “uneven distribution,” you are chilling.

“Shen Elders please rest assured! Our Tianshan Jianzong is absolutely not going to happen.” Gao Li solemn promise.

“Of course, we are our own people, we will not.”

Shen Lang smiled, but it would not be truly reassuring. – He did not think that Gao Li was treated as a reincarnation of the cold autumn.

It is the reincarnation of the cold autumn, it is not only the true self of Jianzong, but also the ancestors! It is a high-ranking direct ancestor. Of course, he will not betray, and he will also control the Tianshan Jianzong who is not allowed to betray the waves.

“Buy a little more!”

Shen Lang did not continue this problem that easily affected the internal and qi. After the completion, they did not need their consent, and said aloud directly.

“Friends from all walks of life, you are in the Thousand Grottoes, the resources you have harvested, if you can’t use it, feel the chicken, you can come to me to trade here. Our Tianshan Jianzong price is fair and virgin!”

Even if they didn’t sleep, they were only one day and one night. They went deep into the heroes and the scope was limited. Want to get more resources, the most direct is to buy!

Although other people may not have the strength to have them, but when they go in, they really look at luck. For example, the luck of Shuiyue Cave is good.

In the case of Shen Lang, the people who had not left the mountain immediately caused a discussion.

Tianshan Jianzong can get the Lingshi, they know, and they watched them harvest so many Lingshi yesterday.

Are they now harvesting precious resources? If so, will you be willing to trade it?

Chapter 442 - Backyard fire

After some entanglement, some people have come over, but more are coming and watching.

The deal that is willing to come out is of little value. Others may not get anything good, or they don't want to take it out.

And more to watch, but also want to see what others can sell. Nothing to see is attractive, and there is no more to play.

This makes Shen Lang a little regret.

However, it is understandable to think about it. This is different from the anonymous trading meeting like Tang Yuan. It is outdoors, everyone is watching and knowing your identity.

For example, if someone sells a hundred medium-spirited stones, the result is that someone is bet on the road, or if they go to the door, they are in trouble.

If you don't say anything else, it is Shen Lang and Tianshan Jianzong, and others will not rest assured.

There is nothing to gain, and Shen Lang will not stop.

Haitian Town and the Tamar Division, when he communicated with Shuiyuedong Tianzhuoyuan, he ran first.

They dared to smash the waves before, because there were Yuwenba who supported them. Now Yuwenba ran away, and of course did not dare to stay.

If you choose to leave, you will not go to the town of Miyang again, but will leave directly here.

On the road, Shen Lang also considered how to place the problem of bleak and Dorothy.

The identity of Dorothy Vampire is exposed, and the Masters Alliance will definitely make a fuss about it. It is not to worry about Shen Lang, but she may encounter troubles such as attacks.

So for the time being, let her go back overseas, and this time she sucked the blood of a Xuyangzi in the middle of the realm. (The waste of the Ximen seal) also took her a while to refine.

Not to mention the massive blood clots of the giant rhinoceros being collected, which allowed her to evolve into a more powerful realm.

But it takes time. After going back, in her own family, she can practice better.

Desolation can stay, and practice with Shen Lang. She has any problems in cultivation. Shen Lang can also help.

However, her body does not belong to her alone. In normal times, she still has to return to Zheng Yumeng.

After consideration, Shen Lang decided to let her go back with Dorothy, and it would be safer to practice overseas.

In less than two years, it is really not easy to cultivate to the present realm. Both of them are working hard and hard.

There is no end to cultivation. If peace of mind is king in a small place, this is enough. But the goal of Shen Lang is far from it!

After arriving in the city, Shen Lang told her decision.

Dorothy and Desolation want to be with him, but I heard that he also wants to retreat and practice. For the time being, there is nothing to use them, they can only give up.

Dorothy has the blood as the best resource, but Desolation and Zheng Yumeng share the pure woman's body, and the consumption in the later period is huge.

Shen Lang did not have any embarrassment, directly gave her hundreds of medium Lingshi, plus a part of the “Rhinosu”, the rhinoceros horn and the skin, the tendons left in the Shen Lang here.

He did not send them to the airport, let them go back to arrange the trip back, he returned to Tianshan with Gao Li and Yang Yang.

Returning to the Tianshan Jianzong, the lord is very happy. After they left, they have been worried. After all, Qiangjialing is not an ordinary place.

Now all three people are back in good condition, have not harvested resources and did not say, at least safe, and got some experience.

However, I met them, not only one, but also the elders who were in retreat before.

What is the vision of the two worlds?

Although I can see that Zun Zun is really happy to return from them, I can see that the atmosphere is different now!

Before the Tianshan Jianzong, it was the core circle of the four elders and the patriarchs. The chief elders were separated from the real world, and the other three were in the middle of the real world.

The Sovereign Supreme is the beginning of the realm of existence, and there are two other elders who have reached the beginning of the realm of existence.

Now all five of their elders are here, and in addition to the two elders who have accompanied the last seat, the other three elders who have gone out of the way have a wrong attitude.

“High elders, is this the elder that you are willing to give way to?”

“This is not my disciple, how can I be the chief elder?”

“This also hurts our lord into the present, this is the enemy of life and death, can you serve as a great elder?”

After one of the openings, the other two followed and denounced.

When I was sitting in a wheelchair, my expression was a little embarrassed. The current situation is obviously not what he can control.

Originally, the four elders were higher than him. Even if he was the sovereign, he must maintain respect, let alone he is almost a waste.

“The elders have already broken through the post-reality period? It is really gratifying!”

It’s obvious that Gao’s departure, and the three of them have realized a breakthrough in the late real world. Probably the change of the breakthrough, alerted other people, so let them all go out.

“Shen Elder, I will introduce you to several other elders. This is the elder of the elders. This is the elder of Chen Yuhe. This is the elder of Yang Yuansong.”

Gao Li avoided their questioning and first introduced it with Shen Lang.

“And this is Song Song elder, this is Jiang Yu elder.”

The last two nodded, gave a bit of a reluctant smile, it was a greeting, obviously they are the other two elders.

After he introduced him, he continued to ask: “High elders, how do you explain this?”

Yang Yang gave the chair to Shen Lang and Gao Li. There is no such thing as his speech, and there is no qualification for him to sit in the house.

“Hey elders, do you think I need to explain where?” Gao asked a whisper.

“Yes, you are the chief elder! But the Presbyterian Church has always been five people, and it is not going to cover the sky with one hand?”

Gao is still very dull But with the tone of the sacred, his face began to shroud cold and proud.

“Hey! How can I cover the sky with one hand?”

“This unidentified person came to the holy land of Jianzong and took the sword of my ancestor and killed my brother! Your elders not only did not take it seriously, but they still wanted to be this elder!”

“Give a little spiritual stone to the district, and directly put him in the position of chief elder! What do you want? Do you want to sell my millennial swords?”

The more severe the sacred sacred, the worse it is to shoot the table.

The other Chen Yuhe and Yang Yuansong did not speak, and there was no expression on their faces. They could not see how their minds were.

Shen Lang looked in his eyes and his heart was very bright and clear.

The situation on the surface is that this sacred sacredness has already broken through the realm of the real world and has the same realm as the high. This incident gave him a reason to worry, and wanted to take the opportunity to seize power!

Chapter 443 - Specific contribution

Although Shen Lang does not understand these elders, from the current situation, it can be seen clearly that Yu Sheng has been supported by two elders, Chen Yuhe and Yang Yuansong!

Yan Zun should also support them. After all, he was smashed into a state like this. Before he was high, he had to take the big picture as a priority. If there is a chance, he will not blame.

As for Song Tang and Jiang Yu, their identity will be even more awkward, and they will be more advanced than praise. The major events of the Presbyterian Church are still not able to interrupt them.

“Jokes! You think that this thing has not been discussed with you? But I have all discussed it with the lord! Why sell the swords!” Gao Li angered.

But he couldn't say too well, because at the beginning, he discussed with Zun Zun that he wanted to use a reputation elder to hold Shen Lang in order to get more secrets about the loss of Jian Zong from him.

Hey sneer: "Look at the lord now! How can he refuse to have your elders when we are all retreat?"

"Moreover, everything is not a word for you? Who dares to resist you? We didn't dare before! But now this relationship is too big, and I have to stand up and speak out!"

Yan Zun is very embarrassed, but he does not dare to look at the high eyes.

Gao angered and laughed: "Oh! It seems that this elder will be my word? I will ask you, are you here today, is it really for the benefit of the sword? I think it is for your personal Benefits!"

"Interesting! Really interesting! You gave the position of the sword elders to an unknown foreigner. This shows that you are selfless! We have nothing to do, just questioning you, it becomes personal self-interest!"

He smirked and applauded: "I didn't find it before. The elders are so beautiful."

"High elders, we are respectful of you, but you have a bit too much. How come we have personal interests? Do you think we should give us an explanation?"

Yang Yuansong sighed and said this, but also represented their posture.

Before, they were three people and one sentence. Now Yang Yuansong also spoke. Chen Yuhe also sighed: "High elders, who is he?"

"I will answer it!"

Shen Lang interrupted their step-by-step approach to high separation.

"In fact, you can force the palace here, and you have already learned all the truth from the lord – if the lord does not lie."

“This is me...” I don’t know what to say.

He was very wronged in his heart, and in his current situation, both sides manipulated him casually! Don’t say that now, when it’s in good condition, it’s also a crime to offend the four elders!

“High-off energy proposal, the lord can agree, nothing more than that, want to use the position of the elders, invest in me, what I get from me, will make Tianshan Jianzong more powerful.”

“Fat! The Sovereign has been smashed by you like this. The elders open their mouths. Can he disagree?” Yang Yuansong had already been squandered.

“Hey! You look at the lord like this? Do you think that the lord is such a person with no bones? I think he is able to bend and stretch, for the sake of the lord’s responsibility and the interests of the sect, can not care about personal grievances.”

This is the spray with Yang Yuansong, but this has almost made the tears fall!

Shen Lang did not give him face from the beginning. He also always felt that he was a shameful face and he felt that he was jealous of him. He did not expect Shen Lang to understand him.

“You feel that I don’t deserve it. I feel that I have given a little something, so this is a conspiracy of the elders. Then I will ask, what is your contribution to the elders?”

Hey sneer: “What contribution do I have and I need to report to you?”

“You are only forcing the palace now, and have not overturned the previous decision. According to that decision, I am the chief elder of the Presbyterian Church. You really need to report to me!” Shen Lang smiled.

“You – no – match!” The sarcasm of the word “裴” .

“Without matching, it is necessary to look at the data to speak, not to rely on an age to be able to cross. 荀 Zongzhu!”

After a cry, Shen Lang shook his head again: “Forget it, don’t let you do it hard, but fortunately, you almost know the situation. You can talk about the situation of Jianzong.” How many spiritual stones have been contributed to Jianzong in the past ten years!”

“This...” screamed secretly and smiled. This is really not the place where he can interject.

“Talk about it, I will see how much elders are more than fifty medium spirits in my area. If he can be more, one more, I will add ten!”

Shen Lang is now rich and rich, in addition to a few hundred for the bleak, he still has a thousand or so, completely arrogant.

As the second elder, Zhai Sheng has certainly contributed a lot to Jianzong for decades, but some of them cannot be directly measured by Lingshi.

If you only count Lingshi, then it is limited. After all, fifty medium spirit stones, this is the level of sweeping a Chu family.

“You can’t say that! The contribution of the elders of the elders is a spiritual stone?” Yang Yuansong immediately refuted.

Chen Yuhe also nodded: “Yes! Besides, what do you think of our Tianshan Jianzong? Open a shop to do business? Can the 50 Lingshi in the district be a senior?”

“To open a store to do business, all the major shareholders have to agree! With a shareholder’s consent, there is a problem!”

I don’t forget to run on the high side.

“Oh sacred! If you want to contribute, you really have nothing to do! You are all the same! As elders, the resources you consume are enough to offset your contribution!”

Gao can't help but join the battle: "How much did the elders consume? How much did the elders contribute? How long has it been for Shen Lang to join the Jianzong, how many years have you contributed?"

This question let 裴没 not say good-natured: "What about you? You do not consume resources? You consume more than us!"

"Wait! The elders' previous contributions don't say that this time they went to Qiangjialing, the high elders brought back huge resources, which is impossible for all of you to add up!"

When Shen Lang spoke, a hundred pieces of medium Lingshi were thrown directly onto the table.

Fifty and one hundred are just a number, and even "zones" can be used. But such a small pile appeared on the table, still very shocking.

This is still a medium-spirited stone. If it is a 10,000 elementary stone, it may be more impactful.

"That's because we didn't go, we went..."

"If you go, bring your body back! What do you think you are?"

Shen Lang began to sink his face. "Is it really in the middle of the real thing? I just killed one! I don't believe you can inquire about the Xuyangzi of the Master League!"

Chapter 444 - issue a challenge

Of course, they do not believe that Shen Lang can kill the strongest in the middle of the real world. Because of the information obtained from the deity, Shen Lang should be the level of the peak of the virtual world.

There is no signal to contact the outside world at this time. If you ask Gao, you will definitely help the waves.

They are all human, and they immediately look at the praise.

The praise is the successor cultivated by the deity, and will respect these elders, but it is said to be the most loyal to the deity.

They looked at the past, the eyes of the three elders, of course, made him feel the pressure and nervous.

“Don’t be afraid! Praise, return to the sword, we will give you the master!”

“Yes, you debunk the lie of this liar.”

The sorrowful smile said: “I was because the elders looked at me and made me nervous. In fact, the elders did not lie, he really killed the Xuyangzi of the Master League headquarters easily...”

“And... Shen Elders also easily cut the fifth star of the world used by Xu Yangzi into three segments.”

“What? What kind of **** you put!”

Originally listening to the previous sentence, I did not believe in the sacred sacred, I heard the last sentence directly smashed up.

“Do you know what you are talking about? Put the world’s fifth comet sword into three paragraphs, you think it is your sword!”

Outside the Masters League, they won’t be clear about each, but Xu Yangzi knows.

This is the Tianshan Jianzong, who knows more about the same sword repair. The fifth star of the world is in Xuyangzi. They are also concerned and know, just as many people know that the Qiushui sword is the Tianshan sword.

It is precisely because of this that they are completely unbelievable when they hear the waves.

But now that it is praised, it is far more outrageous than Shen Lang. It is easy to kill Xu Yangzi, and it also cuts the star sword easily!

“It’s true... I have evidence!”

He said, took out his mobile phone.

“The phone has no signal in it, but the basic functions can still be used. I am the weakest one, and everyone kept me behind.”

He said that he opened the mobile photo album.

“When Xu Yangzi provoked the elders, I took a picture with my mobile phone. Sorry, Shen Elder, I didn’t take a sneak shot, just want to try to figure out the sword of your master.”

He chose to shoot in ultra-high definition. In order to facilitate slow-motion playback, it was only a few seconds, but he recorded the process.

Now show them to them, it is to play back with slow motion, but in fact, their movements of the sword, or blur is not really cut, only slightly capture the track.

However, Shen Lang’s first sword cut off the Qixing sword, the second sword took another part of the Qixing sword, and the third sword directly killed Xuyangzi... These results, they still see clearly.

They are temporary victims. No one has ever gone out. It is impossible for someone to send information to them in advance. That means that this is not a fake.

Besides, it seems that it is really a comet sword and a Xuyangzi. It is impossible to break the sword to help the smashing of the waves! Take a step back, these are all inquired.

Looking at the eyes of Shen Lang, their three eyes are more complicated, and they dare not have the aggressive attitude before.

“The contribution of the elders of Shen is not what you can compare, not even what you can understand...”

Seeing the atmosphere eased a bit, Gao Li sighed a sigh: "Light is the handwriting of the cold autumn ancestor, it is a great contribution! Not to mention the elders' understanding of the classic genius, I was deeply inspired after listening to me. It's a great help to shock the peaks."

"Is the interest brought by the elders of Shen, is it only for me to benefit?"

"Hey! You have been respectful to me before, now you have broken through the real life, you want to replace me, right? And don't say that you are far from my opponent. In the long run, your goal is satisfied with the truth. Late stage?"

This is ironic, and he is disdainful and pitiful, and does not regard the sacred sacred as the opponent of the same level.

Hearing this, the face was a burst of red and white.

It is precisely because he used to respect Gao, but now he only wants to show his own strength. It is nothing more than a mentality of "wife-in-law".

Gao Li said this, Yan Zun also told him, but he could not listen, how can a 20-year-old young man point to a hundred years old? That must be a childcare!

Including the so-called Gao Han Qiu Zu Shi manuscript, he felt that it was also faked by the high-departure association, or else no one else knows, how could an outsider know?

"What about you? If you don't talk far, don't you want to break through the current period of survival?"

"The two of you followed up, except that the sacred sage is strong, and he is worried about the presbyterians. Is it a worry that the elders will come out?"

"It's ridiculous! Sad!"

Originally, this time the harvest was huge, and Gao was very happy.

Although the right to distribute is in the hands of Shen Lang, the Shenlang foreigners (Xuan Lingzong) can generously give twenty Lingshi, and Tianshan Jianzong will inevitably receive a great gift this time.

These resources will give Jianzong a big step in hardware strength, plus the guidance of the elders, the software will be upgraded, and the revival is expected.

I didn't expect to come back and poured a cold water, even ice water!

Originally their intentions, even if Shen Lang knows, can be regarded as respected and acceptable. Now that this is the case, can he still have no heart?

The words have already said this thorough part, Song Tang Jiang Yu two, are regrets and regrets.

When the sacred sacred came to the end of the real world, perhaps it was really the limit, but they have not yet reached the middle of the realm, and the road behind it is still growing!

There are better pointers, a lot of resources, and almost no requirements for the swords. What is wrong with such elders?

However, their people are too light can not control this situation, even if you want to open, there is no way.

“Get it! It's your side's remarks. I don't have your guidance. Is it different from the end of the real life? I believe that it will not be a problem to break through the peaks of the real world in time!”

Although he wants to get resources, he wants power more!

If there is no absolute power, then there are more resources, and the right to distribute is not here, or to look at people's faces.

I have always been far from a realm, I have to bow my head, and now I can finally sit on the same level. How can he bear it?

After saying this sentence, Yu Sheng no longer cares about the high separation, but directly faces the Shen Lang.

“You said that before you overthrow, you are the chief elder, right? Then I will challenge you, the chief elder! Now if you can win me, I can be convinced, can’t win me! Sorry, this chief elder, I will do my best!”

Chapter 445 - You are dying

Yu Sheng was also awakened by the phrase “far from my opponent”.

He does not agree with this sentence, but even if he is on an equal footing, he has just broken through, and he is still inferior to the old master of the real world.

So if you want to challenge, it is best to be against the waves!

Although he has just praised the use of video to prove that Shen Lang can really kill the strong man in the middle of the real world, he is the late strong.

As long as the dry waves were turned over and the people were expelled, he would naturally sit on the position of the chief elder. At that time, I ran over again, leaving Gao Gao’s faceless in Jianzong. Tianshan Jianzong was the real boss!

“You challenge me?” Shen Lang smiled lightly. “With yours?”

“Less nonsense! If you didn’t steal the position of our chief elder, you also use me to challenge the word? I am respectful of the position of the chief elder! For your wastewood, I see a fight. One.”

The imperial elders of the embarrassed elders said that “see one hit one”, so that Shen Lang almost laughed.

“Sounds great!” Shen Lang held back and smiled and gave a thumbs up.

His attitude, no matter who it is, is ridiculed.

Hey, Shen Shen came down.

He will first declare that he wants to occupy a rationale, but also to let Shen Lang take the initiative to fight with him, so that Gao Li has no chance to participate.

“However, I really want to remind you first. You have already had problems with your cultivation. You can live for up to three years and fight for a big elder!”

After Shen Lang finished, he shook his head again: “Do you think that I am young anyway, and the days of living are still growing, so let you enjoy yourself?”

“You can only live for three years!” said Sheng Sheng, not angry.

A yellow mouth child, even dare to say that he has cultivated a problem, but also cursed him for three years!

The high sentiment of a very bad mood, but I remembered the comments of Shen Lang on the West Gate seal, could not help but ask: “Shen Elder, what you said is true?”

No matter how disappointed with the sacred sacred, it is the second strongest of the Tianshan Jianzong besides him.

The problem of guilt can still be solved through negotiation. If it is dead, it is the irreparable loss of Zongmen.

“You can ask himself!”

Shen Lang shrugged and said casually: “He probably couldn’t break through for a long time. When he was in a hurry, he took the poisonous insects like Scorpio and used poison to boost his potential. He crossed the bottleneck.”

“what?!”

Hearing this, not only high, but also Yang Yuansong and Chen Yuhe stared at the sacred. It is Yu Zun, and Song Tang Jiang Yu two, and even praise, but also surprised to look at the past.

“A ridiculous! Who is talking to you?”

裴恼恼恼恼恼恼恼,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,
,,,,,,,,,,,,,

Shen Lang stretched out a lazy waist, and said undecided: “You have deceived others and can’t deceive yourself, and you can’t deceive your body.”

“Oh! Yes, you are eager to force the palace, probably want to sit on the chief elders, use the secrets of Tianshan Jianzong, resources, what to continue, or do you know that the consequences will be so serious?”

These days, Gao Li is always with Shen Lang. He has a certain understanding of his demeanor style, and he believes that he is a reincarnation of the cold autumn. Of course, he completely believes in his words.

“Oh, holy! This is not a trivial matter! The method of poisoning the shackles, although it was handed down by the ancestors, has only been for us to refer to and warned us that we can’t use it! You know the consequences!”

The high distance is very strict, while others are shocked.

裴怒怒: : “I did not! He is who you are! Why do you believe him so much, do not believe me!”

“The sophistry is useless. You have a black line on your arm. Should it be on your shoulders? Wait until the heart, you are finished! Hey, three years is the best result.”

When Shen Lang said this, everyone’s eyes were on the arm of the sacred.

A sacred sleeve that was unconsciously covered with sleeves.

At this time, one hand grabbed the past and grabbed his wrist.

When Sheng Shengyi raised his hand, he would be angry. As a result, he found that everyone had been pulled up, only to find that he was sitting in a wheelchair.

Yan Zun is a waste man at this moment. If he is a little stronger, he can kill him.

But as the lord, he knows more about the role of the sacred sacred sacred sect of the Tianshan sect, so he is not afraid of angering him and he will be killed by mistakes, and he still grasps his hand.

“Let go!”

Sheng Sheng held back, but Yan Zun quickly opened his sleeve and saw a faint black line.

Everyone else is staring, needless to say, naturally understand that Shen Lang is right.

“Shen Elder, can you have a way to save the life of the elders?” Yan Zun looked eagerly at Shen Lang.

Shen Lang reveals a mocking smile.

“Lord, are you ordering me, or are you begging me?”

Just forced him to step down from the palace, and now ask for help?

When I said this, the atmosphere on the scene became very embarrassing, and all of them felt hot on their faces.

But if things are really so serious, compared with the life of the sacred, other chief elders, even face, are things that can be put down first.

“Please,” Yan said seriously.

“The Sovereign, please save your sacred! Although he is offended, he is mainly in retreat before, because I did not communicate with them.”

Gao Li took out the responsibility of his boss and did not care about his previous attitude.

“I have no problem! I don’t need anyone to save!”

Regardless of whether or not you know this, he must be hard to support.

“When you are an outsider, how can you know the secrets of our swordsmanship? What are your plans for Jianzong?”

Shen Lang snorted: “I will know this because I know more than you. I will observe it because I am more careful than you. Don’t say that you eat more salt than I eat, knowledge and age may not be Cheng Zhengbi Everyone feels very puzzled, this is too god? Even if it is high and he colluded with it, it is impossible, high is not found.

Now that I heard his words, I feel that there is some truth.

“You heard that the parties are ill-healed, and you eat salty carrots!”

Then he stood up. “I have the origins of Tianshan Jianzong, and the grudges. When I came last time, I have already made it clear to the lord. Do you still think that I am plotting you? What can make me pay attention to it? One, what are you worthy of my plot? Too much to see yourself!”

Shen Lang took all the stones on the table.

He is a generous person and generous to friends.

He is also a stingy person, the other side makes him unhappy, but also generous fart!

These spiritual distribution rights are in his hands!

Chapter 446 - Kneeling retention

After listening to the words of Shen Lang, Yan Zun is also a while.

I thought that he had made such a mistake at the beginning, but from the back, it seems that Shen Lang does not really figure out what the Tianshan Jianzong is.

If it is a secret, Shen Lang seems to know more than they do;

To say that the sword, in addition to taking the autumn water sword, the last time there is a good opportunity to take away other good swords, but he is to let the high and the praise, he did not take one.

To talk about resources such as Lingshi, Shen Lang is a gift to Jianzong.

And if it is the elder's reputation and power, this has never been proposed by Shen Lang, he and Gao Li proposed...

What the elders can think of, other elders can actually think of it, but they have never touched the waves, and they are not familiar with them.

They are in different positions, unlike the sects who consider the whole situation, but first consider their own rights.

Yan Zun also suffered too much. They did not suffer from Shen Lang's body.

Gao Li is not the same. He listened to Shen Lang's words and was very excited.

He is the only one that values!

Still not obvious enough?

Because of his preconceived speculation, this sentence is also regarded as evidence that the deep wave is the reincarnation of the cold and cold autumn, or else an outsider, the source is deep, and will not be directed at him.

Since it was the reincarnation of the ancestors and the revival of the Tianshan Jianzong, as the first person of Jianzong, Gao Li felt that he should be the best in the end.

"Oh holy! You want your life, this is your personal choice. You don't have to be much smaller, I don't need to worry about you."

The high-sounding tone, from the previous anger, became calm and serious.

Everyone looked at him and waited to hear the “but” turn behind him.

“But! The act of Jianzong is not your personal choice. If it is because of your power struggle, it will upset Jian Zong Zhongxing’s great cause, and I will not allow it!”

Gao Li said that he glanced at other people and said coldly: “Whether it is sacred or you, whoever has opinions, will come to me! The wheels are still group, you will come if you come, I will take it!”

When this was said, the atmosphere at the scene became tense.

Qi Sheng and others did not expect that Gao Li would actually release the attitude of breaking the net for the sake of Shen Lang!

According to their previous calculations, this time taking Shen Lang to make a fuss, forcing Shen Lang to leave, Gao Li leads to blasphemy, and Sheng Sheng is the chief elder.

In that case, the Presbyterian Church is still five of them, Chen Yuhe and Yang Yuansong, and they will be kicked out without worry.

Zhai Sheng reached the goal of being a great elder. Gao retired and did not affect everyone’s respect for him. After all, he just kicked Shen Lang out.

The attitude of Gao Li was very hard, but it is still the level of the game. Now it is a battle with them!

It’s all decades of old acquaintances that can cause such a forced palace today. One is that the sacred sage is strong, and the other is that Shen Lang makes them feel threatened.

In general, the high face and the face are still awkward, but not ready to do it.

Well now, Gao Li is already completely turned face!

Chen Yuhe and Yang Yuansong both looked at the sacred sacred, and they also wanted to see what they meant.

Can't really be the three elders besieged high?

After saying this, the high separation, but it is in front of Shen Lang.

Because Shen Lang has stood up and took Lingshi away, if he does not retain it, he will naturally leave.

Going high now is to keep the waves.

And the way he stayed was beyond the expectations of everyone – including the waves!

I saw him walked in front of the sinking waves, slammed down, and then directly hoe!

“High elders!”

Yan Zun and others were shocked and quickly called.

This is a 100-year-old elder, the first person in the Tianshan Jianzong, actually because of the guilty, just to admit the mistakes!

This is too strange, right?

They really have to doubt what Ecstasy has been drunk by Gao Lang.

Shen Lang is also surprised: “High elders, what do you mean? You are not sorry for me.”

“I am serious, I am not an apology, I want to apprentice!”

Apprentice!

Everyone sucked a sigh of relief. Shen Lang is only 20 years old. At the very least, he has reached the beginning of the real life. How can He Deshi be able to let the high-level worshipper in the late stage?

This time, no one spoke, it was incredible, waiting for him to explain.

“In fact, when you can summon the Qiushui sword and open the Jianling forbidden land, I already know.”

what do you know?

Everyone asked in the heart, but they were afraid of interrupting the high separation, but still did not speak.

“You must be the reincarnation of the great ancestor!”

When this statement came out, everyone who was otherwise surprised could not help but be blinded by the blue sky, but suddenly realized!

Summon the Qiushui Sword and break the Skull Lord.

Enter the sword tomb, get the ancestors hand book.

These are the things that the previous generations of the lords could not do. It would be the so-called origins of the sects who can know?

There is also an interpretation of the Gao Hanqiu manuscript, which is said to have made a lot of gains.

These are only the high-cold autumn people to do it, it is not surprising!

It is no wonder that Gao Li will be such a strong attitude, even at the expense of the position of the chief elder.

It's not the old and the high, but the young man is probably his ancestor!

“You...is really imaginative.”

Shen Lang could not help but smile.

He finally understood, no wonder to go to Qiangjialing, Gao Li respected him to be like a younger generation, and turned him into an ancestor.

He is reincarnation, but it is not the reincarnation of the cold autumn.

“Dangdang – rush!”

His helpless smile, falling in the eyes of everyone, thought it was said to be high!

For a time, everyone opened the stool and squatted down.

The deity that has not been seen below the waist is to bend the head as much as possible.

“I have seen the great ancestor!”

Although this is very powerful, it is not easy for them to accept, but Gao Li is not only the chief elder, but also the descendant of Gao Hanqiu!

In other words, it is possible for the founder to admit his mistake, but no one will mistake the ancestors!

Of course does not include 裴。.

The sacred sacred is to kick out the Shen Lang. Although I did not expect it to become such a situation, I still doubt the heaviest one.

“You are wrong, I am not a cold autumn, I am a sinking wave.”

Shen Lang shook his head silently, and he was a high-profile person who admits his ancestors.

“I know! You are now Shen Lang, so I will not ask you to be a high master. I am willing to worship you as a teacher!”

Gao Liyi expressed his understanding. Even if Shen Lang was reborn, he only used other methods to protect the Tianshan Jianzong. It is impossible to admit it.

“When I am in this realm, I have to learn not the simple swordsmanship, but the deepest level of understanding and understanding. Your understanding of the Gaozu division manuscript is enough for my teacher!”

Gao Li is very serious, not only to maintain the reincarnation ancestors, but also Shen Lang really can afford.

Chapter 447 - Also worship you as a teacher

After listening to the high separation, Shen Lang said a little helplessly.

“The first time I came to Jianzong, I really did it for the Qiushui sword. I believe everyone is very clear about the whole process. For the second time, I made a reply. You invited me to be an elder, I didn’t think about it.”

“It was a bit more enjoyable. I also went to Qiangjialing with a sword to share a piece of cake. Now it is not pleasant...”

Shen Lang stared at the sacred sage. “You may not understand my situation. Although I am not a big man, I have experienced many things. I am seeking the power and interests of Supreme Avenue and the Tianshan Jianzong. I really don’t look at it!”

When he said this, the momentum made everyone on the scene shocked.

Everyone thinks that he is not bragging, not a joke, but really pursues the road to nowhere!

Although Yang Yang said that he couldn’t speak, but with the Qiangjialing and his party, he has already deeply realized the gap with Shen Lang and is also an eye-opener.

Now Gao Gao is squatting and squatting, and he is the successor of the sect. If he has no responsibility at all, he is really not worthy!

“I believe that the elders of Shen said, not to mention the huge gains in the Qiangjialing. Just as the elders helped other sects enter the Qiangjialing, they harvested a thousand medium spirits!”

Just after Shen Lang, I took out a hundred medium Lingshi, plus I sent 50 before, and the handwriting still made them feel heart.

A thousand medium spirits, almost scared them!

This is not a high-speaking statement, and praise has not yet been courageous in front of the Sovereign and the Presbyterian Church.

In the end, it is all for the sake of benefit. The sacred is for the chief elders, and the others are still the same.

Yan Zun is the sovereign, or praise is the sovereign, they are elders.

Gao is the chief, or the sage is the chief, they are also elders.

In exchange for high separation, they are allowed to keep their existing interests.

Shen Lang let Tianshan Jianzong rise, they may get more benefits!

“In fact, we are not saying that you are trying to misbehave, but no one knows your origins.”

“High elders don’t need to be excited. What kind of person are you, can we still not know?”

“That is, if you are a high elder, you can be sure that Shen Elder is the reincarnation of Gaozu, and we certainly recognize it.”

“Just by the teacher, this rule...”

Because of the excessive reaction of high separation, Chen Yuhe and Yang Yuansong have already changed. Now I heard the great gains of the praises, and it is immediately heart-warming.

The two of them sang together and found a step down from their own feet.

However, for the high-departed teachers, they are still a bit unacceptable.

In that way, they are also smaller than Shen Lang.

For the sake of personal interests, this is to be stubborn. However, the high disengagement can slam the sinking waves and declare war on all of them, so that he has to believe.

Now that Chen Yuhe and Yang Yuansong have expressed their support, he is almost equal to being isolated!

Yan Zun should also support Gao Li, Jiang Yu and the two will not have to say, it will follow the flow.

The situation that was originally well-placed was calculated and stabilized. I did not expect to reverse it and became a lonely man.

Moreover, he used the “forced palace” once, and morally, he stepped on him first.

If he persists in the end, then he will only be separated from the high.

The best result of the time, it should be both losers!

Still have the strength to conquer the waves? Can you still hold Chen Yuhe and Yang Yuansong?

If you fight and fight high and tear your face and fight to lose both ends, the last thing is to let Yang Yuansong or Chen Yuhe take the position of chief elder...

Then do it!

Chen Yang and the two of them went down the stairs themselves, but did not give him a step, so that Zhai Sheng is now riding a tiger.

“I think... Since the Elder Supreme may be the reincarnation of the High Emperor, there is no problem with the elders.”

Yan Zun said his statement: “High elders are convinced, of course I believe in ability, and I am convinced in my generation. Oh, I have no chance, and you may have a lot of elders in the future.”

He is still a lord, and his speech is still weighty, and this sentence also shows that the interests are not only high, but other elders will benefit.

The rest is the generation, the high can be awkward, what else do they say?

For a time, Chen Yuhe and Yang Yuansong nodded, and Jiang Yu’s other two elders were also attached to the situation.

“However, I still hope that the elders and elders will not see the elders. He is also dedicated to the public, and I have not explained enough. I hope that the elders can solve the hidden dangers for the elders!”

Yan Zun bowed his head and gave a step to the sacred sacred.

Although the sacred sacred heart is still unwilling, this is already the case. If you don’t follow the steps, you will not be able to clean up!

“I believe that it is not so easy. If you can really solve this problem... I believe that you are the reincarnation of Gaozu, and you are also a teacher!”

Hearing this, the people other than Shen Lang at the scene finally sighed with relief.

Regardless of whether support does not support the sacred sacred, it can only be pressured to let Gao Li expel the sinking waves. When Gao is determined to fight, they are helpless.

Now even the sacred sacred clothes are soft, and the rest is technical operation.

Gao Li has already overdone, and now everyone sees it, and the tone is moderated.

“Master, what can you do if you look at the situation?”

Everyone looked at the dark waves and they all quieted down.

People have already said that the only thing that Tianshan Jianzong pays attention to is the high one!

The words of Zun Zun and Zhai Sheng can only be regarded as wishful thinking.

I just had to go to a battle with them, and I was still asking for help.

Looking at this scene, the sacred sacred that would have been replaced by expansion, is not a taste in my heart...

He has already passed the moving age, but he can't live through the life and death. This is still very affectionate to him. He asks himself that he can't do this.

“Get up.” Shen Lang raised his hand and lifted the high.

Then I smiled a little. “Since I can see this problem, it is certainly not difficult to solve it, but...”

“But what?”

Gao Li, Yan Zun and Qi Sheng asked at the same time But why should I save him? You are dissatisfied with me, I am leaving. With my current strength and resources, it is also a small matter to open a school! ”

荀尊和裴圣尴尬尴尬, really!

This is not a question they want to want, a question that people are willing to do!

“I waited for a limited vision, and asked Master not to give up the sword!”

It's not easy to see that Zong Zong is promising. How can I miss Shen Lang? How can you retire to fall apart?

Look at the high distance and have to go down, Yan Zun also has to roll down from the wheelchair... Shen Lang had to stop.

“Okay! Give you face, I can solve his problems, and even the initial relief can be achieved, but first he must trust me completely!”

Seeing Shen Lang's eyes look over, everyone's eyes are also coming over.

Chapter 448 - Reconstruction

He is secretly frowning, so in public, he has to promise, if there is any problem?

But if you don't agree, you can do it again and again. Even if you leave high, you may not be able to stay!

“I also said clearly! In addition to your unknown origins, I also want to become the chief elder, can get more resources, perhaps you can find a solution.”

All of them have come to this place, and everyone has seen everything, and the sacred sacred bachelor's recognition.

“If you can cure my problems, my sacredness is convincing and loyal to you. To say trust, I can't do it, but if you have anything, I can do it!”

“Good.” Shen Lang nodded, “Sword!”

Gao Li immediately reacted and immediately handed Zhen Haijian over.

Shen Lang pulled the sword out of the sheath, and the tip of the sword pointed at the holy.

The pupil of the sacred sacred contraction, is this the trust you want?

What if he killed him?

The prince ministers who failed in the history of the palace, there is nothing to end.

But I have just said that I will do it. If I don't dare this time, it will be too shameful.

“bring it on!”

裴让 keeps himself calm, but secretly is ready.

Shen Lang quickly out of the sword, before everyone has seen clearly what happened, the tip of the sword has been swaying in the sacred body!

Everyone's heart has been raised.

It is the highest distance from the scene, and it is also a bit skeptical. If Shen Lang really wants to kill people?

Things have progressed to this point, and no one has stopped it.

The sword fell from the sword.

In an instant, the clothes of the sacred sacred were cut and dropped one by one, revealing the upper body.

Just the first hand, in fact, is not too magical, like the Jianshan Tianshan Jianzong, it is the lowest praise in the realm of the seat, can also be done.

But because it is the shot of the sacred sacred, it is very likely to take the opportunity to kill, so this scene still makes everyone a little surprised.

It's even more amazing that you are holy!

If it is him, it is that the tip of the sword does not need to be touched, and the sword can also tear the clothes.

However, the sword that had just been smashed, but there was no sword gas that affected him. It was just a cut of clothes.

He also understands why he wants to "trust" because if he moves, he will be hurt!

Of course, it may also be a conflict.

"please."

He was still a little bit proud, but now he has used honorific words.

The upper part of his body was presented, and everyone saw it clearly. Not only did he have a black line in his hand, but he also had it!

No wonder he will be in a hurry!

This is inconvenient to say, and can only be redeemed in this way.

Before waiting for everyone, Shen Lang has already fired a sword quickly!

It's not the same as the scratching. Now every sword of hiss is bitten out!

The momentary work, in the different meridians and acupoints of the sacred sacred, was stabbed by the tip of the sword, followed by blood vessels.

After being cut off, the blood vessels pierced and blood began to flow out, but it was not red, but with a hint of black purple...

Shen Lang received the sword back to the sheath, Zhenhai sword still gave high away.

Everyone looked at the sacred, waiting to see his reaction.

The sacred sacred for a moment, did not say anything, and did not have any action.

After a while, there was already a blood mark on his body, and the latest blood had begun to become bright red.

“it is good!”

He called a sacred sacred, then reached out and waved all the black blood on his body to the empty tea cup in front.

The thorns of his blood vessels have quickly condensed.

He also refused to wear clothes, and took his sword directly, and squatted in front of Shen Lang and put the sword on.

“The faculty is the teacher, the master is on! Please accept the sacred worship!”

Shen Lang is about to refuse him, but Sheng Sheng is thinking of it.

“I was offended, but you are not satisfied with it. You are guilty of sin, please ask Master to punish!”

Everyone thought that he put the sword on, it means that he would not move again, but he did not expect it.

Shen Lang looked at it, and Sheng Sheng has already expressed this way. If he does not accept it, he may actually let the singer go to get some vitex to carry it.

“it is good!”

Shen Lang was also welcome, grabbed the sword, did not pull out the scabbard, and went straight to his back!

The defense of St. Instinct, but at the moment of hitting, I immediately gave up the defense.

He must show his sincerity, or else he will not be liquidated, and the “special care” of resources is also troublesome.

“Wow—!”

Abandoning the defensive sacred, I did not expect that Shen Lang is not a meaning, but really smashed his hand!

He was called directly and then fell on the ground.

Everyone also clearly saw the back of the scabbard hit, and quickly appeared bruises.

But did not say anything, did not pull the sword, indicating that Shen Lang just wants to make a gas, and did not really hurt people.

Chen Yuhe and Yang Yuansong could not help but exchange one look with each other quickly.

The two of them were also following the sacred sacred. Although they had turned their backs early, did they know that they would liquidate them?

At this time, the sacred squatting on the ground raised his body again, and there were blood marks in front of him and at the corners of his mouth.

“Thank you, Master!”

When you look closely, you discover that the blood he spits out is also black and purple.

Only then did he understand that Shen Lang was a part of his treatment, but he also sighed in his heart. It seems that this elder is really foolish!

Regardless of whether the saint is truly sincere, without this confession, Shen Lang will not have this hand.

“You should be able to feel the change, but this is only the first issue. It is not so simple to completely cure.”

Shen Lang said faintly, he threw the sword back to him.

“Yes. Thank you Master!”

“Thank you Master!” Gao Li is also very pleased.

“Thank you for Shen Elder!” Yan Zun is also very excited.

Looking at the reaction of the sacred, it seems that this problem can be solved. In this case, at least Tianshan Jianzong has two elders who are in the late real world!

Other elders, of course, also thanked.

However, everyone is very clear. Even if it can really be treated once, Shen Lang will certainly not do this.

This is the means of controlling the sacred, and it is the same for them.

In this way, the “forced palace” dissipated, and Shen Lang became the first person of the Tianshan Jianzong, the chief elder.

Since it was carried up, Shen Lang will do something, and directly change the Presbyterian from five to nine!

He is the chief elder. The following are Gao Li, Qi Sheng, Chen Yuhe, and Yang Yuansong. They are all elders. Then there is the Sovereign, Song Tang, Jiang Yu is the elder, and praise is the substitute elder.

This is a reference to the secular official system, the elder is similar to “conventional.”

This is to let Chen Yuhe and Yang Yuansong do not have to worry about being kicked out of the Presbyterian Church. Even if they expand, they are still high-level elders.

It is also an incentive for Song Tang, Jiang Yu and praise, so that they can work hard and accelerate to advance, and one more hope.

Chapter 449 - Enwei

The original Tianshan Jianzong was the first person to leave, and he has already worshipped Shen Lang.

The Sovereign deity has symbolic meaning and has little authority.

The second strongest sacred sacred, the thorns headed for the first time, the results were tidy and honest, also apprentice.

Under such a large environment, there has been no objection at all, and almost nothing is said by Shen Lang.

The Presbyterian Church “expanded the move” and everyone accepted it.

Shen Lang certainly knows Enwei and Shi, or it is still difficult to convince.

One hundred medium-spirited stones that had been taken before, and later unhappy. Now I took it out again and handed it over to Zun Zun.

This is his contribution to the Tianshan Jianzong. There is absolutely no objection to the high separation and praise of the Qiangjialing. It is certainly not convenient to ask them.

However, from the words of praise, I know that Shen Lang has got a thousand medium-spirited stones, and there is still a bit of itching.

“Don’t be reconciled! I have more, I earned, don’t owe you anything!”

Can Shen Lang 申朗 not see their minds? In a cold sentence, they all smashed them all over again.

They are a bit embarrassed to listen to, although the hope is defeated, but this is also true. If it is the spiritual stone they have earned privately, it is impossible to turn it over.

Give a slap to the sugar.

After Shen Lang dispelled their greed, they took out a hundred medium Lingshi.

“The one hundred just now is a contribution to Zongmen. This one hundred is my personal gift to the Presbyterians!”

People are greedy. They don’t say “ugly words” in front. Now give them a hundred, they won’t feel much, but they will feel that they are stingy!

After crushing their expectations, giving another hundred is a good comfort.

“Sovereign, how do you think it is better to distribute?”

Shen Lang pointed to the one hundred Lingshi in front of him, and then added: “Of course, except me.”

Yan Zun secretly smiles, can such a thing be said in public?

Even if you discuss the distribution, you will discuss it with me privately!

Now ask him how to distribute, of course, throwing this hot potato on his head.

However, he is the lord. He has the right to decide in name. In addition, he has a lot of experience and knows how to balance.

“First of all, I would like to thank the elders of Shen Da for their incompetence and inability to contribute to Zongmen. Secondly, the decision of Elder Shen Da is very correct. The Presbyterians are the pillars of Jianzong!”

The warmth of the flattering is also the time for Yan Zun to give himself a little more thought.

“The elders are cultivating to the back, the more resources they need...not as good as this!”

His decision is a step-by-step grading. According to the realm, there is less controversy.

In the late period of the real life, Gao Li and Qi Sheng, a person of twenty medium spirits.

Yang Yuansong and Chen Yuhe, who lived in the middle of the realm, had fifteen medium-spirited stones.

The Song Tang and Jiang Yu in the early days of the real life are ten people.

“In addition, I praised one person and five people, but I have already ruined people. I will give it a compliment.”

“Sovereign! How can I be...” The praise is very embarrassing.

Song Tang and Jiang Yu are both a bit uneasy: “The sovereign, we are also unworthy...”

“Okay, don’t be arrogant. The arrangement of the Sovereign is for the development of the whole sword!”

Gao is so vocal, he and Xu Zun are the same mind. It is necessary to divide the ladder to balance feelings, but comprehensive development is a must!

In terms of the strength gap, the high separation from the sacred, far more than the high Song Tang Jiang Yu double, the gap is only reflected in respect for them.

Because the value produced is different, they get twenty and thirty medium spirits, and the effect will not be too big. But the ten for Jiang Yu Song Tang, their role will be very obvious.

Highly dismissed, and Sheng Sheng and others followed, no matter what, fifteen or twenty medium spirits are also a huge gain.

“Very good. That’s it!”

Shen Lang nodded with satisfaction: “This is my gift to all of you. If you can make a breakthrough and need resources to boost, I will give stronger funding!”

“Thank you for being an elder!”

Thank you all for your collective support.

This time, it is a thankful thank you.

“The dry meat of these high-ranking beasts is decided by the lord and the lord how to distribute them to the swordsmen!”

Shen Lang sold a part of it. Now it’s all the rest, and it’s full of piles of dried meat, which shocked everyone.

How many fierce beasts have you hunted?

Or maybe... what a big beast?

“The elders led us to kill a huge beast. Nothing can be taken away. Because there are too many, the meat is sold for a while.”

He praised the pride and said that although he was dragging his feet at the time, he was able to participate in it and he was also honored.

“All the disciples of a generation thanked the elders for their gifts!”

Shen Lang took out some skins and tendons.

“Every choice is the same!”

When you heard the words of Shen Lang, everyone was busy with the hand.

“no, I’m fine.”

“How are we so funny?”

“The elders keep themselves and keep it.”

“Really don’t?” Shen Lang smiled and laughed: “The price of the other martial art is five medium-sized stones and ten gluten.”

When this statement came out, everyone’s heart jumped!

The fierce beast meat has little effect on their realm, and it is not attractive. Of course, it will not compete with the disciples.

These skins and tendons are also generous. I did not expect that there is such a value!

Yang Yang said a few times, seeing Shen Lang did not report his unhappy eyes, it will continue to expose.

“The plain of the Masters Union, who spent fifty medium spirits, bought a fierce animal skin and a rib of the elders.”

When I heard this again, everyone couldn’t take it, and quickly picked it up.

Whether it is kept by myself or given to a disciple, it is a very good gift.

The rest of the skin and the ribs and the waves were collected, and the ferocious beast was finished.

“I naturally still have a lot of resources. But if you don’t owe you, you won’t give it casually. You have to create value! Whether it is for me or for the Tianshan Jianzong!”

Shen Lang reiterated it again.

“The manuscript of Gao Hanqiu I don’t know if it is high or it is preserved. You can discuss it. The Presbyterians can learn in moderation.”

This made everyone shine, but before they were only one person away!

“If you have any questions, you can discuss each other and ask the elders. If you still have no solution, come back to me. Remember, looking for me too easily will only make me look down on your potential!”

Everyone was taken aback. It is said that the elders are hard to understand. Can they understand it so easily?

However, it is necessary to be recognized by Shen Lang, and the qualifications are limited. Then it will be troublesome...

“I will retreat in Jianling for a period of time. When I come out, I can point you out. I hope that you all have progress!”

Shen Lang is now the first person in the Tianshan Jianzong. He also pays attention to their eight Presbyterian churches, but they will not go to all the people and things in Jianzong.

After he commanded, he prepared some food and water for him, and then went to the Jianling forbidden land and began to retreat.

Chapter 450 - Physical evolution!

Although it seems that they are all guilty now, in addition to treating him as an ancestor, others are ultimately because of interests, and loyalty is still open to question.

Therefore, after entering the forbidden land of Jianling, Shen Lang will close it from the inside to avoid being affected.

When he was in the New Year, he broke through the fourth weight. It is only more than a month since the time is up. It is almost impossible to break through the fifth weight of “Yin and Yang Bozhenzheng”.

However, it is very necessary to retreat and retreat. It is very practical to be able to harvest more stars and improve your own strength.

In the heroic chaos, a large amount of marrow fluid of the giant rhinoceros beast was harvested, and Shenlang already had sufficient resources.

The two bottles of “Pearl” sold by Shuiyue Cave Day are not of such significance.

The altitude of several kilometers here, compared with the plains, has already been like an airplane in the air. It would have been more rapid to absorb the power of the stars.

However, there is another restriction here, that is, the Jianling forbidden land is in the mountainside, and a mountain peak is blocked.

Therefore, Shen Lang did not rush to absorb the power of the stars, but first refining these fierce beasts.

The resources he owns will not be casually distributed to Tianshan Jianzong. These loyalties are still limited, of course, they are not hospitable.

Because there are too many, he is not afraid of wasting a little, and does not need to carefully absorb it slowly, and directly fills the bottle.

Then, in the other hand, holding a few medium Lingshi, while absorbing the energy inside the Lingshi, refining the marrow fluid.

If this scene is seen, it will inevitably make him lose his home, and he will also worry that he will not be able to withstand it.

However, in this Jianling, there is no one to disturb, and he is very confident in manipulating.

It is a pity that the Lingquan here was once drunk by him. It is now more than two months, but it is slightly moist.

Otherwise, Lingquan will absorb the marrow more quickly.

Inside these myeloids, the most bone marrow spinal cord, when entering the body and being quickly refining a little bit, Shen Lang has a very exaggerated sense of expansion!

At the beginning of Shen Lang, in order to have the ability to protect himself, he first cultivated the “Da Shou Mi Long Xiang Shen Gong”, and later cultivated the “King Kong is not bad body spirit.”

At that time, he made his flesh and bones, and he got two leap-forward enhancements!

Also for the future strength improvement, laid the foundation of the body.

Afterwards, all the way to cultivation and improvement, his body is following the promotion of the realm, and did not deliberately strengthen the body.

For example, the current realm, in conjunction with the “Da Shou Mi Long Xiang Shen Gong”, is a person who can far surpass the same level in strength.

The use of “King Kong is not bad body skills”, the defense ability is far better than the same level of people.

But now the refining of the marrow of the giant rhinoceros beast makes his body begin to appear geometrically enhanced!

This is not independent. It is a physical enhancement that focuses on nourishing and improving his physical strength.

Shen Lang did not suppress it, just like the flying beast of the beast, it will be called “Pearl”, which is the characteristic of the giant rhinoceros.

However, he himself is maintaining a high degree of vigilance and is guided carefully.

His flesh is already stronger than the same level, but after all, it is the human body. Compared with the giant rhinoceros beast, the pure physical strength is still much weaker.

If you don’t control it, you can’t stand it anymore!

A little bit, again and again.

When Shen Lang refining the marrow fluid, he will once again reinvent his own body!

This time of quenching, no matter which aspect, is far better than the time to get started.

Its strength and difficulty are like the power of an ordinary person to exercise an elephant... not to mention the pain.

This is why Shen Lang has to prepare a large number of medium Lingshi.

The huge amount of aura that can be quickly absorbed will allow him to be replenished and nourished in time.

One month.

Two months.

Three months.

Shen Lang was completely retired for three months before all the bone marrow spinal cord refining was completed, and the remaining brain was not used.

This is the general three months of purgatory!

The harvest is of course equally incredible!

Although the pure flesh can't compare with the giant rhinoceros beast, after all, it is the hill-like skeletal muscles.

But he is not "enhanced" now, it should be described as "evolution", far beyond the limits of human flesh!

The three months of consumption of the marrow fluid and hundreds of medium Lingshi, did not increase his realm, it is entirely spent on the evolution of the flesh.

For the result, Shen Lang is still very satisfied.

Look at the time has passed so long, you should also go to the Tianshan Jianzong to see if the elders need him to point.

Shen Lang did not continue to refine the brain of the giant rhinoceros beast, and clean up the opening of the sword.

After coming out, Shen Lang flew directly to the direction of the sword court, but the random gods swept the valley, but was surprised to find that they did not find traces of the disciples!

Is this a group meeting?

He has not encountered this situation, and immediately the gods directly explored the Jiange, and the elders lived in the Jiange.

The result was that Jiange did not find a person!

This makes Shen Lang slightly frown, even if it is a retreat, it is impossible for everyone to retreat at the same time. This must be something!

Before they were holy, there was another place to retreat. In order to be undisturbed, it was under a palace.

Because of this, when Shen Lang came for the first time, he summoned Qiu Shui Jian and Yu Zun to start the work. It was only high and rushed to the past, and did not let them go out.

Even if they all realize that the Gao Hanqiu manuscript has gained something, and wants to retreat, there will be a big elder who will sit in the town, and he will not be able to cultivate himself.

Before arriving at the Jiange Pavilion, Shen Lang once again inspected the entire valley and immediately found some signs of something wrong!

This trace is not the gateway to the retreat, but the direction to the valley exit!

The disciples of Tianshan Jianzong are usually practicing in the valley. There is no electronic signal, and there is no entertainment. It is equivalent to retreat.

If there is something, it is generally not going out. At the entrance to the valley, there are special disciples.

But now, the place leading to the entrance is a lot of footprints!

This is not caused by a disciple, but because the entrance passage is small and a large number of people pass in a short time.

Everyone is a monk with a certain realm. If you go out with ease, there will be no footprints. Only in chaos will it be.

What happened outside?

It is possible for all disciples and elders to go out. It is only possible that there are foreign enemies invaded!

Shen Lang didn't know how long it was. He quickly flew in the direction of the valley, and then went out from the magic array and went to the rock on the edge of the pool.

Although there is some conjecture, but in the eyes, it is far beyond his expectations!
