

First Strong 461

Chapter 461 - Refining breakthrough

The disciple of Jianzong, who handled the instructions of Shen Lang, handled it well, not only cleaning up the mud on his body, but also freezing him in order to prevent the smell of the body.

After Shen Lang opened the ice, he checked it carefully.

Yuwenba does not have any armor and weapons, and the pocket of the clothes is a small object such as a mobile wallet.

In his hand, he did not see the magic of storage space like the ring bracelet.

Shen Lang is a little bit unwilling, and Yu Wenba is unlikely to leave the item in the residence.

The last time I went to Qiangjialing, this time I came to Tianshan, it was a distant door, and it might be dangerous. How can I not carry some resources?

Then open the clothes and immediately see a small piece of jade worn around.

Shen Lang tore it off, injecting into the gods and inspecting it, and immediately gratified.

I am looking for this thing!

This jade is the magic weapon of Yuwenba's storage space. The space magic weapon is made into a ring bracelet, etc. It is actually made for portable, but also made into bottles, bags, etc.

For example, the bleak blood crystal bracelet is also, this jade is also.

Because the owner is already dead, Shen Lang has checked the situation inside without difficulty.

Yuwenba has a relatively small storage space, and the items placed inside are rare items that have been carefully selected.

In addition to the most obvious small pile of medium spirits, there are some medicinal herbs.

And let Shen Lang for the purpose of the side, actually found a Nedan!

The size of this inner Dan is not comparable to that of the giant rhinoceros, but it should also be the last time it was obtained in Qiangjialing.

However, apart from Nedan, there are no other beasts.

Recalling that they were a group of people, it is estimated that they hunted the beasts and they also divided them together.

Yuwenba is the strongest of them, and naturally it will be the decisive factor, so it is assigned to the most valuable Nedan.

Other things may be a few in Haitian Town, and there are also some horses to send them.

It's no wonder that they didn't want to come out to trade last time. They didn't want to let them get the news of the beast.

The items of Ximeng and Xuyangzi should be divided together by Yuwenba and Lu Plain.

Neydan, which was obtained three months ago, did not go to refining. Shen Lang estimated that he should still get other things, such as Xu Yangzi, who first refining those.

The same is true for Shen Lang. The three-month retreat is also the first bone marrow spinal cord in the refining medullary fluid. The remaining brain is not refining.

And the inner litan like the giant rhinoceros beast, as well as the jade peach, is of course still in the collection, waiting for a better time.

But now Yu Wenba's body is a wake-up call for him.

The best thing to keep, can only be regarded as a collection, only fully refining and absorbing, can be regarded as truly own!

Otherwise, it is a cheap enemy.

Take out the things inside, Lingshi probably has about a hundred or so, and the medicinal herbs are given to Yan Zun, which is used for Jianzong.

The corpses were also handed over to them for preservation. If there are Yu Wenba's disciples coming to the younger generation, they can ask for a ransom. If no one wants them, they will be disposed of.

After the treatment, Shen Lang has nothing to do, and no one has ever invaded.

He came to Jianzong, just to retreat.

At present, there is a half-month agreement, but also to sit in the town of Jianzong, to guard the retreat of elders, so that he can not completely retreat.

However, with his past experience, it is far from being high.

Before going to Jianling to retreat, just don't want someone to bother, you need to concentrate on your whole body.

Now in his room in Jiange, he began to refine the brain of a part of the giant rhinoceros.

He used it for three months because the giant rhinoceros beast had a lot of myeloids. But now it's just the brain, there are not so many.

And he does not insist, do not need all refining and absorption.

After a little absorption of refining, Shen Lang has a strange feeling.

It seems to feel the soul of the ancient heroes!

The heroic chaos will cause the beasts, beggars, etc., which is the result of the immortal spirit of the ancient heroes, and the fusion of resentment and aura.

This giant rhinoceros is based on the name of the shape, and does not know what it is.

Now refining the feeling of its brain, let Shen Lang think that although it is a fierce beast, it is also inherited, the blood of the ancient heroes!

Of course, it is very weak, only to make him feel a little.

With the current realm of Shen Lang, it is impossible to touch the level of the ancient heroes in Qiangjialing. Now it is just a little more feeling.

A week later, Shen Lang refining all the brains of the giant rhinoceros beast!

This is a pure flesh evolution with the previous three months, and there is a complementary effect that directly pushes his strength a big step!

Although it is not enough to break through the fifth weight of “Yin and Yang Bo Ruozhen”. But in terms of realm, it is also equivalent to the mid-level of the real world.

This is not the most important thing. The key is that after Shen Lang discovered the refining brain, he went beyond the limits of the body and seemed to be able to fully play it out!

Although the body already has this power, it may not be able to manipulate it very well. Now it is the perfect fusion.

The retired elders have also begun to gain something.

The enthusiasm of the strength has always been a breakthrough in the real world, becoming a veritable elder!

Have the qualifications of the Presbyterian Church, and also have a better preparation for succession.

Song Tang and Jiang Yu have made significant progress, but they still have not broken through to the middle of the real world.

Chen Yuhe and Yang Yuansong are basically the same. They have grasped the instructions of Shen Lang and implemented them into cultivation.

But to break through the late stage of the real thing, still need more time and resources.

Qi Sheng, because of the second treatment of Shen Lang, has basically alleviated the side effects. Although it has not been cured, the impact on him has been much smaller.

And he is not all inspired by poison, he himself is also stronger than Chen Yang, and now it is to stabilize the late real life.

The more cultivation, the more humility the people have.

He now clearly realizes that it was ridiculous to force the palace at the beginning, and thought that he could sit on the same level as Gao.

In fact, the high-level masters of this old-fashioned post-reality really can single out all their elders without problems!

Gao is still in retreat.

Everyone is also very looking forward to If the high separation can break through the peak of the real world, it will be a happy event for the entire Jianzong!

Zhai Sheng has already recognized the gap between Gao and Li, but he has only worked hard and will not fight for anything.

Besides, now both people are worshipping Shen Lang as a teacher, and Gao is also his brother.

day after day.

Gao has not left the customs, so everyone is starting to feel a little anxious.

If he can't go out in time, then he can't accompany Shen Lang to Zetian Lake!

Shen Lang is already the owner of ZTE, which is recognized by Jian Zong, and can't be lost.

But everyone can't ask questions. If you are disturbed at a critical time, you will be in trouble.

Finally, the day before leaving, Gao went out!

Chapter 462 - Preserving the true peak

High departures, so that all elders are excited.

Regardless of the harvest, at least his own level is there, plus the sacred, left and right protection, can give Shen Lang some help.

But when we saw the high separation, everyone was embarrassed.

I haven't seen it for more than ten days, but the feeling of leaving it to everyone is a bit strange.

"High elders, you are getting younger and younger!"

A compliment of praise, let everyone react.

Indeed, strangers are strangers young!

Gao is a centenarian, but because of the high realm, the appearance looks like the average person is sixty or seventy.

This is still his first intention as a sword, and he intentionally saved a little bit of relationship.

But now that he has not seen it for a short time, his appearance is as young as he is in his teens, and he is less than 60 in his 50s!

“It seems that the elders have broken through the peaks, so congratulations!”

Others are not as strong as they are, nor can they see any change in his realm.

Now it is the same level of sacred sacred, I feel that the gap with him has opened a huge gap, only to sigh.

Although she was psychologically prepared, the high distance broke through the peak of the real world, and the mood of the sacred sacred was a bit complicated.

However, he is also a fateful one. In this life, he has almost no possibility of surpassing the high separation, and he will always be under him.

High away from the smile, nodded by default.

“Let’s go see Master.”

Yan Zun and other elders were all excited.

Save the true peak!

Tianshan Jianzong has the master of the true peak of the realm, and the strength has reached a new level.

Just like last time, if there is a peak in the real world, even if the other party has five masters who survive the real world, they dare not attack.

Together, everyone gathered in the residence of the swords and waves to share this good news.

“Master. Thank you for your guidance. Gao is not insulted and has successfully entered the peak of the real world.”

When I saw Shen Lang, Gao was so serious that he was squatting.

He did not inflated because of his strength, but he still regarded himself as the second person of the sect.

And the thank you to Shen Lang is also a complete respect for the rules, not to ignore it.

“Not bad! You can understand success, and there are further possibilities behind.”

Shen Lang nodded, no other people’s surprises, just encouraged one sentence.

This scene was originally a bit weird. In everyone’s opinion, the realm of Shen Lang is only the beginning of the real world.

But it is teaching the survivors who surpassed his three realms!

However, because the last time Shen Lang spiked Yu Wenba’s feat, all the elders on the scene felt very normal.

裴 则 is a little more than others.

In the face of the high separation after the peak of the real world, his mentality has changed, and it has become more respectful invisible.

That is the awe of the strong, and there is no change in the mentality and state of Shen Lang.

And when it comes to “further possibilities,” it really praises a progressive disciple!

Can say this, it shows that his eyes can still see farther!

If you have not reached the realm of the back, can you still be so calm and far-sighted?

In addition to the reincarnation of the Gaochun Qiuzu, what else can you explain?

He immediately decided that he would be completely and honestly obey the teachings of Shen Lang!

“Thank you for Master’s teaching, Gao will definitely not forget the original heart, and concentrate on cultivation!”

Other elders have been motivated, including the recent breakthrough.

Without the promising future, it was greatly gratified.

If the original grievances were not put down with the elders, would there be such a day?

Now Shen is so young, and there are decades after the centuries to point out other disciples, enough to make the swordsmen shine!

Although it was not revived in his hands, it was also promoted by him, and he could also be named in the history of the sect.

“The breakthrough of high elders is a happy event! Under the guidance of Elder Shen, everyone has great gains. But...”

Yan Zun reminded me: “The elders are going to the appointment of Zetian Lake, we will discuss the business first!”

Already had already discussed the alternative plan, Gao Li did not go out, that is, Sheng Sheng and Yang Yuansong accompanied Shen Lang.

Now Gao is not only out of the customs, but also a successful promotion, of course, can be better arranged.

“Go with me and stay with me! Yang grew up guarding Jianzong.”

“Yes!”

Although Shen Lang was a simple casual arrangement, the three named people immediately agreed.

“Whether the Masters League will adjust the tiger to the mountains, it is hard to say. After we leave, we must be more careful, and even choose to close the mountain gate!”

Shen Lang reminded Yan Zun, they used to live a quiet day, and some time ago encountered a crisis, but also a little fuss.

“Okay.” Yan Zun nodded.

Then everyone went out first, leaving behind the two.

“Master, you... seems to have made a breakthrough, is it...” Gao Li’s words and stops.

Before Shen Lang retired for three months, there was no obvious improvement in the realm. Now, in ten days, it is raised from the initial stage of the existence to the medium level.

High from the current realm, you can see the situation of Shen Lang, he is worried that Shen Lang is for the sake of Ze Tianhu and put the jade peach down.

Yuxi Tao can enhance the magical power of the first level, of course, the better the back!

Gao Li is not trying to use it himself. I hope that when Shen Lang breaks through the realm of the gods, it will be used again. Now that he is still young, it is a pity to use it.

Shen Lang certainly understands his mind and smiles.

“Do not worry! It is different from what you think. My breakthrough is no problem, the realm is stable. It is you, you need to consolidate.”

As for the specific difference, he did not say much.

“Yes!”

Gao Li completely believes that since Shen Lang said so, it must be the best.

“Take the Master to take care of it and give it to the phoenix marrow. Fortunately, this shock was successful and it was useless. Master will take it back and leave it to the younger brother in the future!”

The reason why Gao Li has waited until today to break through is because he did not use Shen Feng to give him the phoenix, relying on his own strength.

Shen Lang showed a glance of approval. It’s really good to be able to fight so hard at the age of one hundred.

He couldn’t help but keep his eyes on the light. He was actually very hard, and even the poison was not afraid to ignore it.

Gao Lining would like to save him to leave this younger brother, so that he is also very embarrassing!

“If you are sure of refining this evening, let’s take it first! As for the future, I am ready to attack the peak.”

Shen Lang showed another bottle of phoenix, which was obtained in the hands of Tianzhuo Yuan of Shuiyuedong.

When Sheng Shenggang saw the phoenix marrow, he still felt that the swell of the waves was the reincarnation of the cold and cold autumn. After all, he was still eccentric to his descendants.

I did not expect to stay for him!

There is a sigh of relief for him. It’s no wonder that it’s not as good as a deep wave, not as high as it’s too far away.

Chapter 463 - Hanging island, challenger

Leave them both, in fact, there are no more detailed plans to discuss, Shen Lang is confident in his own arrangements.

Having them both left and right arms can also make him more convenient.

There are only a few things that need to be smashed. After all, Gao Li has already had a cooperation. He is still afraid that he will be in trouble.

The next day, the three of them left the Tianshan Mountains and rushed to Zetian Lake.

Zetian Lake is not too big, not a very famous lake.

If it is not Shen Lang mentioned this place, let Xia Yuntian and others meet with the third party, and will never think of it.

However, it is also good to have a small reputation, that is, there are few tourists, no development, and it is convenient for them to fight.

The Hanging Island is an island in Zetian Lake.

Because the surrounding is surrounded by high-pitched rocks, the daily appearance is the inverted bowl shape.

However, in the winter, after the water level of Zetian Lake fell, the following revealed a large circle indented, which was mushroom-shaped at a distance.

At some point, when the lake and the rock are the same color, the distance looks like it is like an island hanging over the lake.

After arriving at Zetian Lake, Shen Lang understood that the Hanging Island is not well developed.

Mainly because the place is relatively poor, the roads to and from here are not repaired, and it is necessary to develop a large amount of funds to develop tourism resources.

Because there is no resources on the island, no docks have been built, no roads have been opened up, and no local residents have gone up.

Generally, only some expedition friends will rent a boat and try to climb up to conquer.

But basically when the water level is high in the spring, the water level has started to drop in the summer, and the temperature is relatively high, no one goes there.

Other occasional tourists are also renting a boat around a circle.

“It’s so good, even if there is a big fight, it won’t hurt ordinary people who are innocent.”

After understanding this, Gao was sincerely praised.

He is more traditional, adheres to the principle of morality, and is very satisfied with the place chosen by Shen Lang.

Shen Lang did not rent a boat, but in a place where no one was, he used a boat to fly and took them to the island together.

Before landing, first slow down a bit, and low-level has a general understanding of the entire island.

Under the surrounding rock, there are also several small hills inside, mainly based on rocks.

Finally, it falls on the most visible rocks on the island.

“Master, did not say the specific time on the day, are we waiting for them all day?”

He looked at the empty island and looked at the distance.

“You can also arrange some traps or something.” Shen Lang smiled.

He was slightly awkward. He just wanted to show his muscles. The time he was half a month ago, it was forced to let Shen Lang be alone.

After he broke through the post-reality period, he still hasn't officially shot it!

"I think... we should first think of a way out."

Gao Li is more cautious, although he has now reached the peak of the real world, refining the phoenix of the night last night, it is a lot more stable.

But the age and the old character have made him plan ahead.

"You can go shopping."

Shen Lang does not care that he is enjoying the scenery on the rocks and taking photos with his mobile phone.

At this moment, I still have a mood to take pictures, so that the sacred sacred is a little speechless, and the high escaping is a secret praise: it is a master! It is calm, it is the atmosphere!

They come early, and others come early too.

When Gao Lihe and Sheng Sheng split his head to look into the suspended islands, Shen Lang saw someone stepping on the waves.

"Is it the master of Tianshan Jianzong Shen Lang? I just wait and see, don't get me wrong!"

A group of people who came quickly from the lake, saw the waves on the top of the rock and heard them in advance.

Shen Lang stretched his finger to the rock next to him, indicating that they could come up.

These people went down the island and leapt to the top of the rock.

They are not familiar with Shen Lang, nor are they friends. They just watched the fun. After they came up, they also greeted the distant hand and did not come.

After a while, someone came.

“The North Sea Qiaojiaqiao Shuyu Road is too much, it is the meeting!”

This person’s attitude must be arrogant and many, and did not say hello to Shen Lang, nor is it transmitted to Shen Lang here, it is directly reported to his own name.

When he leapt to the island, he first looked at the rock next to the crowd.

Then I flew in the air to the rocks where the waves fell.

Because the Shenlang is the most visible rock, and when it falls to the side, it is short.

Behind this Joe Shu Yu, he followed an inconspicuous old man.

The old man did not speak, the body is also ordinary, has been silently followed by the back of Joe Yu.

“Joe Gongzi! I haven’t seen you for a long time!”

“I didn’t expect to see Joe in here.”

“I haven’t seen you for a few years, and Joe’s style is better than that of the year!”

The first-time monks, when they saw Joe Shuyu coming over the waves, quickly swept them over and complimented each other.

Qiao Shuyu glanced at them, only nodded faintly, and did not return one by one.

Look at his appearance, you should not remember, can not tell the specific person who greeted him.

“You are Shen Lang? I heard that in the past two years, you are the most arrogant one in the whole world?”

When Shen Lang came up, he had observed it very clearly.

The appearance of this Joe Shue looks like thirty years old. In fact, it may be a little bigger. It should be no more than forty years old.

He is so arrogant, it is indeed a arrogant capital, the North Sea Qiao family is a big deal, it is in the past life, Shen Lang also knows.

But now the focus of Shen Lang’s attention is not this Joe Shu Yu, but the humble little old man behind him.

Qiao Shuyu seems to be in the middle of the real world. At his age, he can do so. It is already very unsuccessful.

After all, the geniuses of the “Top Ten Outstanding Young Monks” who were in the same name as Shen Lang, like Zhou Yumin, Shen Ye, and Huang Zheng, are just the illusory peaks.

Although it is limited to 30 years old, but give them ten years, it is no problem to break through the real situation. It is more difficult to survive in the middle of the real world.

But in the view of Shen Lang, that is nothing, but the little old man behind, a little bit can not see the real thing, it is certain that at least the end of the real situation!

“Hmm? arrogant? Do I have it?”

Shen Lang said with a smile: “I am very kind and amiable Otherwise... how can you take care of you?”

This said, let the other monks have been taken aback, this Shen Lang is really arrogant, actually talk to Joe Joe!

Qiao Shuyu sneered a sneer, suddenly raised his hand and threw a bunch of things over.

Shen Lang reached out for a move, but it was actually some medium Lingshi, probably as many as twenty.

“How? Give it to me?”

“Don’t pretend to be crazy and sell silly! Lingshi you have already received, I want to challenge you!” Joe Shu Yu said coldly.

Lingshi? challenge?

Shen Lang is a bit inexplicable... After thinking about it, I have come back to taste.

It is the heroic list. When it was ranked second, it seems to be Joe Shuyu?

Chapter 464 - Have made an appointment

“You are the second place in the top ten outstanding young monks?”

Shen Lang couldn’t help but ask, this was originally a group of WeChat groups, and he directly ranked him in the same group.

His focus at the time was at Xie’s home, and he was also a joke about the heroic list of this grass-roots team.

Therefore, when Zhou Yumin came to challenge him, he had to introduce himself first, including introducing Huang Zheng and Shen Ye, otherwise he would not be right.

Even if they introduced it, Shen Lang did not hear about the genius of these geniuses!

At that time, in addition to Zhou Yumin contacted him, I heard that he was challenged from the fourth to the ninth.

Only the second and third places did not move.

Things have been going on for months, he never thought about it, and he really can't remember this person.

But this falls in the eyes of Qiao Shuyu, which is deliberately pretending to deliberately show his disregard for him!

"Sure enough, I have learned!"

Is this the default?

Shen Lang helpless, it is no wonder that Qiao Shuyu directly registered the number and came directly here.

The goal is to come to him!

"It turned out to be the same thing, but I am a bit questioned. The ranking of the heroes list, I know that some small monks are in pain, but the standard is not under 30? You..."

"I am very old?" Qiao Shuyu had a very dark face and became even more ugly.

"Oh... I don't mean this."

Shen Lang was a little sweaty. He saw that he had been repaired to reach the middle of the real world. He thought that he only looked like a 30-year-old appearance. In fact, he was a few years old.

I did not expect that Joe is a young man!

"Oh, I didn't expect you to be a master figure. It's not a grade with other firewood."

"Humph!"

This made Joe Shuyu still comfortable, and he certainly didn't see those who entered the list with him.

But his strength is still being second, even if it is an authoritative ranking, it is uncomfortable.

“I know it’s a mess, so I didn’t bully you before!” Joe Shu Yu was a bit proud.

“However, I heard that you killed the Xuyangzi in the middle of the realm a few months ago, and killed Yuwenba in the late stage of the real world half a month ago. Then I will not bully you!”

“It turns out that you, Joe, is a bit of a principle.” Shen Lang smiled and gave him a thumbs up.

This is heard in Joe Shuyu, it is ironic!

After all, he did not kill the record of the late real world.

“Less nonsense! Ten spirits of sincerity, 20 challenges, just you have received the Lingshi! Ready to accept my challenge!”

“Not today!”

Shen Lang shook his head: “Today I have an appointment with the Master League. I have to come first and then.”

“I am here first!”

“Not the same, now I am different from my brother, I want to make an appointment with me, I have to make an appointment in advance.”

Shen Lang put his index finger and threw away twenty Lingshi.

When they were on the island, the sacred and high-altitude were discovered, and they were coming back, and they also returned to the highest rock.

When they were standing next to Shen Lang, they also saw these people on the scene, and the focus was on the two of Qiao’s family.

The little old man behind Qiao Shuyu didn't have any eyes on Shen Lang.

At this time, I saw the high separation and the sacred sacredness, and the gaze was only a little more gaze, and the focus was placed on the high separation.

From this aspect, Shen Lang basically confirms that this little old man is very likely to be the peak of the real world!

With Joe Shuyu, it is natural to protect him.

Coupled with the name of Joe Shuyu as Joe, it is obvious that he should be an important younger brother of Qiao.

“Shen Lang! Don't give you a few colors, you will open the dye shop!”

“Hey... Joe, are you going to scare me?”

Shen Lang smiled and asked: “There are not just two of us here, there are other people, then I will tell you to comment!”

“First of all, in that heroes list, I am the first, you are the second, you challenge me, you have to follow my rules!”

“I have already followed your rules. You have just received the Lingshi! Can you refuse to retire?” Joe Shu Yu sneered.

“Secondly, the Master League was here with me about half a month ago. I opened the appearance fee, but three hundred medium-spirited stones, and finally they paid 200 yuan!”

The Masters of the News Master will definitely not say it. Those who came first will be exclaimed after hearing it.

Two hundred medium-spirited stones, that is really a big deal.

“So, whether it is from the income of the appearance fee, or from the first-come-first-served order, it should be that I first played against the Master League. Qiao’s family is arrogant, can you tell me the truth?”

Shen Lang laughed and laughed and buckled a big hat in the past.

Joe Shu Yu was too angry to say anything. If he wants to stick to the priority challenge, it is to force the strength of Joe’s family.

“Jokes! With your ability to fight with the Masters League headquarters, can you still live? When I challenge you, don’t you let the world laugh?”

Shen Lang stretched out a lazy waist: “Okay, you just want that first place in the heroes list? I will give it to you! Anyway, they are casually arranged. After that, you are the first. I quit the top ten. OK. What?”

“fart!”

Joe Shu Yu was furious: “I am willing to work with you? Those who don’t know the heights of the squats! You must accept my challenge today!”

“Then you are looking for a row of people.” Shen Lang’s face also sank: “Since Laozi was ranked first, of course, all the cats and dogs have come to challenge me. If anyone promises, isn’t it exhausted?”

A cat and a dog!

Joe Shu Yu is almost ready to go!

At this time, the unmoving little old man reached out and took a picture behind him, and instantly calmed him down.

“Master Shen! After you have played against the Masters League, our son will not win, so I hope you can get ahead of time!”

“Don’t want to face the Master League headquarters? I will fight with Joe Yu Yu first They will play against me again, so I mean, you are the helper of the Master League wheel battle?”

Shen Lang taunted, of course, he is not afraid of Joe Shu Yu. But Qiao’s family is quite a bit. For example, this little old man is not easy. He can’t easily squat, and delaying will consume too much.

“Use the wheel to deal with my master? Desplicable! Come and fight with me!”

He was directly smashed, and he wanted to show his strength.

This made the scene quiet, and the strength of the late real life was that Qiao Shuyu was also suppressed.

Qiao Shuyu said coldly: “Shen Lang! Don’t talk hard, we don’t bother to join forces with the Masters League, and it’s even more impossible for them to invite the wheel war. Just you are in the Tianshan Mountains, I just happened to have time!”

“Then I take a step back, as long as your bid is higher than the Master League, I don’t mind sacrificing my reputation, first fight with you!” Shen Lang stared at him and joked.

Chapter 465 - I am talking about the standard.

This statement is out, not waiting for Joe Shuyu to open, others have been shameless!

Just after Shen Lang has said that the Master League is prepaid for his two hundred Lingshi appearance fees, now that Joe Shuyu is bidding higher, it will be more than two hundred.

“You are a bit too much! You need ten medium-spirited sincerity gold to challenge you, twenty can accept double pay, this is what you shouted!”

“Yes! You just accepted the spirit stone of Joe’s son!”

“If you can’t play it, you can accept it. If you see that Joe is so powerful, you can sit on the ground to deny it?”

“You are also a character now, how can you do this?”

These first come, they started to help Joe Shuyu speak.

Qiao Shuyu spread his hands: “I heard no! Just right!”

Then he turned and arched the other people: “Thank you for being fair. We can’t afford this spiritual stone, but we can’t be regarded as a big man!”

“Not bad! Joe has a demeanor.”

“This is really what Joe’s son is.”

“Master Shen Lang, you are also a master now, you have a little demeanor! Can’t you just be a young man who is bullying or a virtual world?”

Shen Lang looked at them coldly.

“Do you know that I am a master? How do you still ask for the standards of a few months ago?”

“This... a few months ago, it was what you said, you can’t refuse it.”

“Then you can take the standard two years ago to ask for it. Two years ago, you were still a virtual monk, you don’t need sincerity, you don’t need to pay the fees, you can bully me directly, you come!”

Being so stunned by Shen Lang, the man did not dare to speak.

He dared to speak, but also felt that the waves were disdainful to him, and now the Shen Lang, but it is said that the super strong people in the late real world have been killed!

How many lives does he dare to bully?

“You made up your mind?” Qiao Shuyu shook his head: “I am a little disappointed!”

“Today is my Master and Master League agreement here, what do you guys ran to gesticulate?”

Gao Li proudly despised Joe Shu Yu, disdainfully said: “What about Joe’s children? Can you run rampant?”

“Yes! These pugs squint and please you, our Tianshan Jianzong does not care about your Joe family!”

Joe Shu Yu frowned.

It’s just a sacred sac, he can’t deal with it, let alone high.

The little old man next to him came out again: “High elders, you are the predecessor of the Tianshan Jianzong. Our son is not known at a young age, but there is absolutely no disrespect for the predecessors.”

His opening is not only a tribute to Joe Shu Yu, but also reminds him of his high status.

If you are away from the shackles, if you shoot, it’s a big bully. You have to do it with him!

“Listen to your own servant’s tone, Joe Yong is it?”

Gao Li broke his name. “You are also a person with identity. Since you said that you will not be disrespectful to your predecessors, then is his attitude towards my master, is it an attitude towards his predecessors?”

“joke!”

Joe Shuyu didn’t dare to talk to them with two bars. He couldn’t help hearing this.

“Do you call Shen Lang a master, and raise him up to a generation longer than you? Sorry! You are calling him an ancestor, that is just a personal matter inside you! Who else recognizes it!”

“It seems that I should teach my children to Joe Qunxian!” Gao looked away.

Qiao Yong was busy stepping forward and blocked in front of Joe Shuyu.

“High elders are angry.”

“Going on the side! You are not my opponent!” Gao is unceremonious and directly scorned Qiao Yong.

Qiao Yong shook his head: “Now the elders, I am not an opponent. But Tianshan Jianzong and Beihai Qiao family, there is no future innocent, why not?”

“Then you have to ask your attitude about the so-called Joe son!” Gao Li snorted.

“Wait.” Shen Lang raised his hand and stopped. “You don’t want to step in.”

“...” Gao Di, although hesitant, but nodded and agreed: “Yes.”

“A district is a bunch of Joe Yu, it seems like I want you to protect, this is not good to pass out.”

Shen Lang seems to complain in Tucao, but his attitude is relaxed and natural.

“This Joe son, who is not willing to add money, but also wants to join the team of the Master League, I am very difficult to do!”

“It’s better to wait for the Masters Alliance to come and see if they can sell your Joe’s face?”

This statement is that the previous Qiao Yong is a bit embarrassed.

Gao Li and Qi Sheng immediately reacted, Qiao Shuyu is Qiao Shuyu, why should Tianshan Jianzong be on the Beihai Qiaojia bar?

When the people of the Master League come over, no matter who they are and who they don't, they are all together.

"In fact, our son should be able to wait..." Qiao Yong said, looking back at Joe Shuyu.

He used his eyes to tell Joe Shu Yu that he must recognize the situation in front of him.

Although Joe Shuyu has just topped the high, but it is not an opponent, even Qiao Yong is not an opponent, he does not dare to come hard.

"When I can wait for it! The reason why I want to break the queue is that I am afraid that someone will be in the hands of the Masters League. I have been pressing me since then."

After satirizing Shen Lang, he complained without any anger.

"I really should catch the **** who make the **** list!"

After hearing his words, Qiao Yong was relieved a little, and he was afraid that the son would really be tough. The current high is not the average person.

"Now I am affirming! I welcome you to spread and spread."

Shen Lang patted the palm of his hand. "The pricing of a few months ago is not the same as my current market. At that time, I just killed one of the early days of the real thing. Now... Hey!"

The answer does not need to be clearly stated. Everyone knows that the Xie family is directly snoring and challenged many sects such as the Promise Gate.

More importantly, he later killed the Xuyangzi in the middle of the realm.

Half a month ago, it reached a new peak, and Yu Wenba, who was in the late stage of the real life, was also killed.

“So I want to challenge me, I have to prepare enough admission fees. At least one hundred medium Lingshi. If I look bad, it may be added to two hundred or three hundred.”

Sit down!

“Master Shen What you said is justified. But you are still an outstanding young monk, or the number one in the heroes list. Other people challenge you, according to new standards, but Joe is on the list. Yeah.”

“That is, Joe and the top ten of the other heroes, to challenge you, should follow the previous standards?”

“The rules are my decision, I am talking about standards!”

Shen Lang glanced at the past, and he looked at him with a dumb voice.

They just want to help Joe Shu Yu to talk, but the thighs may not be able to hold it, of course, dare not turn his face with Shen Lang.

“Joe Gongzi, you still have to raise a little more money to talk about it! The Masters League is rich and rich.”

Shen Lang pointed to the distant lake: “Look! The wealthy landlords are coming, you can’t talk to them about the queue!”

Then he smiled and said: “As long as they agree, I don’t mind inserting you first!”

Chapter 466 - Union owner

The arrival of the Master League, so that Joe Shu Yu did not continue to say more, looked at the past together.

The people of the Master League this time can be regarded as a big deal, and there are more than a dozen!

Just like they have just come, they are also coming directly and quickly.

“Shen Lang! Are you ready for some helpers?”

When they are not too far away, they can see each other clearly. Except for the water, one of them is flying.

It was Xia Yuntian, when he first said it, he also reached the island.

Those who come to see the excitement in advance, hear this, and quickly want to open a little distance, so as not to be seen as a helper on the side of the wave.

The two men of Qiao Shuyu did not move, and they were also observing the lineup of the Master League.

“No rude, go cool!”

The words of Shen Lang are said to have been heard on the island and on the lake.

As he spoke, he simply waved his hand.

Xia Yuntian, who had just flew into the air with Yu Jian, turned a bit and was coming to the island.

When he saw Shen Lang waving, he was also taken aback, and he was alert, but he was still a step late!

Suddenly, he was hit by a fast and incomparable force. Even if there was defensive alert, he was not injured, but the impact was too great.

When people fly in the air, they need to concentrate on their own. When they are in a hurry, they lose their balance and focus, and let him fall to the lake immediately!

“Get up!”

Xia Yuntian was very embarrassed, but immediately gave a low drink and re-emerged with the sword!

If you fly back into the air against the surface of the water, it is not a loss of face.

But at this time, there was a force banging over...

He hasn't flew yet, the sword has already flown out, and the man has fallen into the Zetian Lake!

Just the confrontation between the two of them has attracted everyone's attention.

However, Shen Lang is determined to stand on the huge rock of the Hanging Island. Of course, everyone is watching Xia Yuntian who has suffered a change.

It was a surprise to see him even the wolf.

However, everyone is also aware of the strength of Xia Yuntian, and they do not need to go to the rescue. They are all very alert to avoid attacks.

Xia Yuntian re-emerged in the water, shaking off the water in the air, and quickly forced the water on his body.

The sword was also closed, and when it fell on the rock, the clothes were half dry and not too embarrassing.

"Shen Lang is not a sinking wave, no loss at all!"

Xia Yuntian laughed at himself with a sneer, and then arched the people around him: "You are embarrassed, before you made a joke."

Those who came first, and quickly returned to the ceremony, only the two of Joe's family stood up and said nothing.

"I will introduce it! This is Master Tang Banshan, the master of the Master League!"

Tang Banshan has nothing to do with the Tang Dynasty of the Xuan Lingzong. Otherwise, they will not be in that state last time.

However, Shen Lang is estimated to have a relationship with Tangyuan in Qingchuan City. Perhaps the behind-the-scenes boss of Tangyuan is this Tang Banshan.

“The Master of the Mid-Levels is not only the superpower of our headquarters, but also the superpower of the true peaks. I am here today...”

“okay!”

His introduction has not been “blowed” and was interrupted by Tang Banshan.

“Yuntian, you haven’t found out that the high-brother of Tianshan Jianzong has already broken through the peak of the real world.”

Tang Banshan is the most powerful leader in the Master League. He has not yet approached, and God has already investigated the situation of the people on the island.

Not to mention Shen Lang, Qiao Shuyu, he did not look in his eyes, it is Qiao Yong, he did not look in the eyes.

Among the people who came first on the island, there was only one high separation, which received his attention.

“Half-mountain brother, it’s been nearly twenty years since I met last time.”

Gao Li also arched his hand to Tang Banshan and then sighed: “You really walked in front of me all the way.”

The emotions of the two people surprised everyone on the scene.

In addition to Xia Yuntian, several people who have been to Tianshan Jianzong last time, they all know clearly, Gao Li and they are a level.

No one can think of it, just a short period of two months, Gao Li actually broke through the peak of the real situation!

To know this hurdle, whether it is high or not, they have been stuck for many years.

In the future, it will be a very normal thing to re-card for ten or eight years, even if it can't be broken in a lifetime.

It is not impossible for anyone to break through, but it is no coincidence that the breakthrough at this point in time.

There are still some followers who come along, and I don't know the situation. I thought that there was a Tangshan in the middle of the mountain. It was definitely crushed. I didn't expect the other side to have the peak of the real world.

"Yeah! For nearly two decades, your brother is getting younger and younger, and it is getting more and more trendy!"

Tang Banshan smiled and teased, and then went straight to the point: "I heard that you have worshipped a young master? This is where you play!"

From their conversation, everyone also got some information.

Don't look at the fact that they are only 50 or 60 years old. They are actually people over the age of 100.

Moreover, Tang Banshan led the high distance 20 years ago. It is estimated that Tang Banshan was already in the late stage of the real life, and Gao Li was only in the middle of the real world.

Tang Banshan is now breaking through the peak of the real world, and Gao Li is just forcibly breaking through!

The strength gap, it goes without saying!

"A bit too much." Gao Li revealed the color of indifference.

Tang Banshan must know that he and Sheng Sheng called Shen Lang as a master, but deliberately ignored Shen Lang, and also face-to-face inquiry.

If the other person is not a person who knows, and the strength is not inferior to him, he is directly reprimanded.

“Oh! Lost words, lost words! Respecting the teacher must be the master of Shen Lang?”

Tang Banshan haha smiled and took it, then looked at Shen Lang, and volunteered to say hello.

Shen Lang also laughed: “Old Tang, I am a good talker, ignore it, despise it, I will not be angry. But this Joe son is a big one, and he attaches great importance to face, you ignore him, He is very angry now!”

Everyone’s concern is in Tang Banshan and Shen Lang here. I am thinking about how to break down the waves in the Tang Banshan. Shen Lang faces such a powerful master, but dare not dare to swear in the end?

Unexpectedly, he suddenly led the war to Joe Shuyu.

Qiao Shuyu immediately glared at Shen Lang.

His heavy face is a heavy face, but still know how to distinguish reality, like the sects of the previous ones he does not bother.

However, Tang Banshan’s peak in this realm is two levels higher than him. Others disdain him, can he still be angry?

But now that the words have been said by Shen Lang, he can no longer defend, or else he lost the face of Qiao’s family.

When looking at the Tangshan Mountains, Qiao Yong first gave a fist.

“Qiao Yong of the Qiao family in Beihai, I have seen the Master of the Mid-Levels. This is the son of the Shu family, and I have never had the chance to see the Master of the Mid-Levels.”

Qiao Yong's words naturally also indicated that he had seen Tang Mid-Levels.

But you need to introduce yourself, so you don't know the acquaintances you know.

“It turned out to be the talent of the Beihai Qiao family! It is no wonder that Yuntian would misunderstand whether it is a reinforcement of the swordsman friend. Fortunately, I will be lucky!”

For the Beihai Qiao family, even Tang Banshan, after knowing, did not dare to take the shelf.

Chapter 467 - Surprise

Qiao Shuyu looked at Shen Lang.

He is arrogant, but it is not stupid. Shen Lang wants to lead him to contradict the Master League. He will not really attract the enemy.

“The name of Master Banshan, the younger generation is also long-awaited, and I am honored to see it on this floating island.”

“Joe Gongzi was born in the famous door, and the people were the first ones in the younger generation.”

Tang Banshan is not polite, nor is it touting Qiao's family, but the real feelings.

Although he and Gao Li are higher than the realm of Qiao Shu, but it is not a hundred years, but also 90 years of repair!

The age of Qiao Shuyu is only about 30, even if he has been practicing since he was one year old, but they are only one-third of the time.

When he broke through the middle of the real world, he was already sixty years old!

Qiao Shuyu has proved his talent, coupled with the foundation of Qiao's family. In the future, his realm to the peak of the real world is only a matter of time.

And, it will certainly be much faster than him, and perhaps he will break through at least 60 years old.

For such a family, such a genius, Tang Banshan does not dare to rely on the old seller.

If it is normal, Joe Shuyu can accept such praise, he really can afford it.

Performance, connections, etc., can all be blown up by the family. The strength is not to be faked. The family depends on the family's methods and resources. In the end, it is still a personal effort.

In fact, he has long been disdainful to young people. Not to mention Chu Yunlong, who is still in the middle of the virtual world, is the genius of Zhou Yumin and Huang Zheng, who is still in the virtual world. He is also far away.

Before he breaks through the realm of truth, he will care about it. When he is young, he will become a master. Especially after breaking through the middle of the real world, they will be compared to them.

But today, here, he is paralyzed!

Just as he will rush to the island of Zetian Lake, the existence of Shen Lang has inspired his competitive heart!

He does not care about and compare, it is not really indifferent to fame and fortune, just disdain to compete with them.

Now that there is a genius who is much younger than him and who has reached the same realm, he will inevitably want to compete.

Seeing that Qiao Shuyu's guest set did not have a guest set, but turned his eyes away, and Tang Banshan also looked at the past.

“The first person, how can I be!” Qiao Shuyu ridiculed himself.

“The young people who had some good things before did a ranking of young monks under the age of 30. The first generation of Shen Lang, who is much younger than me, I was a little dissatisfied. Now I see that he has already existed. In the middle of the situation, I have to take it!”

“Not bad! Master Shen is indeed younger, you are a moment of yoga!”

“So I came here today to challenge Master Shen Lang and see where the gap between me and him is.”

Qiao Shuyu spoke very well, and in front of Tang Banshan, there was no arrogance.

“But Master Shen said that there is an appointment with the Masters Alliance. It is inconvenient to discuss with me and say that I must first obtain the consent of the Alliance...”

He paved the way and revealed the purpose, but did not directly open it, so as not to be rejected, let Joe’s family lose face.

Tang Banshan seems a bit surprised: “Do we? Of course there is no problem! Please feel free!”

After hearing his answer, Joe Shu Yu immediately returned to the gods, secretly swearing at the Tangshan Mountain!

This kind of boating is like trying to borrow the strength of Shen Lang.

If you win, it becomes a free ***** of the Masters League.

If you lose, not only as a gun, but also tired of the reputation of Joe’s family!

At this moment, Qiao Shuyu is already very regrettable.

Before Shen Lang didn’t give him a face, he was a little excited when he was unhappy. In the Tangshan Mountains, I calmed down and thought about the problem.

Now that Tang Banshan had finished speaking, everyone's eyes were on his face, waiting to see his decision.

"No, no, half-mountain predecessors are polite. I didn't understand the situation before. Since you have an appointment, can I stir up?"

Qiao Shuyu looked serious and serious: "Unclear outsiders, I thought that Joe Shu Yu was holding the son of Joe's family."

"This one....."

Tang Banshan just watched him eager to try, want to do a big job with Shen Lang, did not expect to change his face, could not help but speechless.

"The predecessors of the Master League don't care about us, and the predecessors of Tianshan Jianzong don't care about us."

After talking about it, Qiao Shuyu nodded to Qiao Yong and took the initiative to let it go.

Qiao Yong still followed Qiao Shuyu, and did not steal the limelight at all, but he was obviously very satisfied with the handling of Joe Shuyu.

Xia Yuntian was a little helpless, and the situation on the spot was very different from the forecast.

The high deviation breaks through the peak of the real world and is the first deviation.

The arrival of Joe Shuyu is another deviation.

But now they have pushed them back to the front.

Shen Lang looked at everything with a smile, and the change of Joe Shu Yu, he was in his eyes.

It is a pity that the other party has not been used.

Gao Li and Qi Sheng, do not think so much, whether it is Joe's family or Master League.

Since they are looking for troubles in the waves, they are looking for troubles in the Tianshan Jianzong.

“Ha ha ha ha...”

Tang Banshan, who was full of attention, suddenly laughed.

He is the leader of the Master League and one of the highest-ranking people in the field. It is a word that depends on him.

Now I suddenly laughed and let everyone know what it means.

The long waves that kept the smile, immediately revealed unrelentingly!

“Joe Gongzi, you are miscalculated. You want me to fight with the Masters League, you are cheaper, but obviously we can't fight!”

Everyone's eyes circulated in the faces of Shen Lang, Qiao Shuyu and Tang Banshan.

Tang Banshan just laughed, it was to sort out the words and expressions, and there was nothing wrong with it.

“Everyone may be a bit misunderstood. Our Master League has always been for the benefit of the world's monks, and never did anything to deceive people.”

“The appointment is not the same as the decisive battle! At that time, we paid two hundred Lingshi, which showed sincerity; Master Shen proposed a third-party location, which is also a suspicion.”

“Everything is to eliminate misunderstandings and resolve contradictions!”

He said this, whether it is followed by them, or come to see the lively in advance is speechless.

Xia Yuntian and others are a little unwilling.

After the battle for peace, the first lose half!

“Yes, we are coming for peace!” Shen Lang looked serious.

Tang Banshan looked around for a while and said slowly: “The last time I went to Tianshan, I personally supervised the investigation after half a month and found that there were many misunderstandings.”

“As everyone knows, Qiangjialing is dangerous. It is the master of our master league, and there are also those who cannot come back alive.”

“Before some of the martial art, people were encouraged to make trouble, taking advantage of our alliance’s eagerness and good intentions, and formed an offense against the Tianshan swordsman!”

“I am responsible and should apologize to Jianzong. Fortunately, there was not much casualties last time and compensation was completed.”

“Today, we are for peace, for the future!”

Chapter 468 - 0 Cave Ridge Fair

Tang Banshan suddenly like a politician and a capitalist, saying that a scene that no one believes, makes the scene cold.

As long as there is a little brain, you can understand what is going on.

The Masters Union has come to so many people and moved Tang Banshan out, of course, in order to clean up the Tianshan Jianzong.

The current summation is nothing more than discovering that the high distance has broken through the peak of the real world!

Tang Banshan's shot, the original plan should be able to be crushed, and now there is a person who can compete with him, even if he can't win, he can hold him back.

The rest of the summer, such as Xia Yuntian, is hard to say.

After all, the last time in the Tianshan Jianzong, Shen Lang had one of them to kill one of them and suppressed them four.

Since there is no certainty, the best result is that both lose, it is better to solve it in a different way.

Tang Banshan is a young man. It is not easy to have the cultivation and status of today. Of course, I don't want to see things that are not guaranteed in the evening.

In comparison, summation is much easier, although not very good looking.

Shen Lang looked at Qiao Yu's eyes and picked his eyebrows and smiled at him.

Qiao Shuyu was speechless for a while, and he did not expect that Tang Banshan would actually do so.

However, the concern of Tang Banshan is that he is highly off. He personally has no grudges with Tianshan Jianzong. It is only Shen Lang who wants to challenge.

"Peace! Yes, peace is still very good. For peace, Master Banshan can apologize to us, and of course I accept it."

In the words of Shen Lang, let Tang Banshan slightly a little frown.

An apology is just that he casually set it, and Shen Lang is so unaware of the special emphasis!

"We are also willing to send a gift to the Masters League!"

"Oh? I don't know what a big gift?" Tang Banshan asked with a smile.

Gao Li and Qi Sheng were slightly strange. They came all the way, and they didn't know what to offer. This summaries were completely temporary.

But immediately they frowned, because they all know that Shen Lang has a lot of resources in his hands!

If you send a gift of Lingshi or other heavenly treasures... then it is better to do one with them!

“The last Yuwenba, the body still stayed in Tianshan. Considering that he is the elite of the Master League, I arranged for people to dig him out and wash it.”

“Now since we have turned our backs into jade, our Jianzong is willing to return the body of Yuwenba. There is time to arrange for people to pick it up with me!”

The sincerity of Shen Lang's face, but this “great gift” makes the people of the Master League have a bit of a blind eye.

Who is a rare corpse!

When Xia Yuntian left in a hurry, they were forced to helplessly. Everyone left. They tried to go as far as possible for safety reasons.

I didn't have time to dig up Yuwenba and take it away. Afterwards, I thought that Yuwenba had resources.

But that is already late. If Tianshan Jianzong digs out people, it will definitely clean up all the resources.

What is the value of the Yuwenba's body now given to them?

“Shen Lang master is really benevolent! Very good, I will arrange for people to take it back.”

Tang Banshan nodded and praised, whether it is willing or not, this surface has to go on.

Gao Li and Yu Sheng two people are relieved, Yu Wenba's body, keeping the sword is also meaningless.

“Okay! Let's be official.”

Tang Banshan was serious: “This time I came to the Hanging Island. In addition to wanting to turn it into a jade, I also want to send an invitation to the Tianshan Swordsman!”

“Oh, what invitation?” Shen Lang asked faintly.

“Three months ago, the opening of the Thousand Grottoes made the heroes of the world go to life. In the end, there are some buried bones, and some of them are also very rewarding.”

“But everyone's gains are not necessarily what they need most!”

“Our Masters Alliance, ready to engage in a special trade fair, let everyone harvest the resources, can carry out a circulation. To achieve the desired win-win situation, and then let me achieve a holistic development of the Central Plains realm!”

Hearing this, Shen Lang has no interest.

The last time he went to Tangyuan, he followed Wu Bowen, using the quota of Su Datong.

But in addition to the leaks, there are not many other items that can make him look good, that is, Xue Lingguo and Feng Jing.

The last time I could leak a few things, it is already a big chance. Shen Lang does not believe that there are so many good things leaking every time.

He also noticed that Qiao Shuyu, the Joe son, was also interested in this trade fair.

“This is a special trade fair for Qiangjialing, which allows us to purchase some resources without entering the Qiangjialing.”

“Don’t think too much! It’s definitely not a good thing to buy. The price of good things is bound to be expensive!”

“That’s a good way to see the eye.”

Although other watching the excitement is very exciting for this information, Tang Banshan cares about the reaction of Shen Lang.

Seeing Shen Lang and Qiao Shuyu have no interest, which makes him a bit disappointed.

“It is said that in Qianqianling, there are some sects that have really gone for the great fortune and got a lot of precious resources. There are also many who are willing to take it out for the Lingshi. This is really a once-in-a-century encounter, far from a daily transaction. Will be able to compare.”

After tempting Shen Lang, Tang Banshan said with a smile: “I sent out an invitation, just let the friends of Tianshan Jianzong participate. As for whether to take out resources to trade, whether to spend the purchase of Lingshi is arbitrary. We also Pure public welfare, no commission will be charged.”

“Yes! The face of Master Banshan is still to be given, when?” Shen Lang agreed.

Thousands of caves and a row, certainly some people have got other good things, such as Yu Wenba to get a Nei Dan.

Shen Lang is not interested in not believing that someone will come out to trade, but Tang Banshan said so, and will definitely get a few pieces out of the town.

“After half a month!”

After Tang Banshan finished laughing, he said to Qiao Shuyu: “Joe Gongzi, since I came across, I will send an invitation to Joe Gongzi directly here. There are other good friends from all walks of life who are welcome to Qingchuan Tangyuan! ”

Everyone knows the rules of the Tangyuan Fair. It is an invitation letter, or else you have to buy tickets. At that time, everyone is also anonymous.

However, now in the Tang Banshan is not convenient to ask these details, are repeatedly applauded.

Although Joe Shuyu didn't have much interest, but he saw that Shen Lang had promised, and Tang Banshan also opened his mouth, and he agreed.

“So very good, then let's leave!”

Tang Banshan arched his hand and smiled at Joe Shu Yu: “Isn't Joe Gong to learn from Master Shen? There is time now.”

After that, he left with the alliance of Xia Yuntian and other masters.

Come with them, of course, just follow.

Let's first look at the excitement. Of course, it's a pity that I didn't see the Tianshan Jianzong and the Master League.

But Joe is still here!

When Joe and the battle are fighting, it is worthwhile!

Chapter 469 - Worry of comprehension

The proposed narrow wave here half a month ago is the protagonist of today's attention.

The other side of the Masters League left, and the rest of the concern is Joe Shuyu.

Qiao Shuyu was originally trying to challenge Shen Lang. It was just a resignation by Shen Lang. Now there is no excuse for both sides.

Just before Joe Shuyu wanted to speak, Qiao Yong, who was behind him, had to speak first.

“This friend, we have another discussion with Tianshan Jianzong. I wonder if I can borrow the hanging island to speak?”

This is said, no matter whether it is Joe Shuyu or Shen Lang, there is no objection.

They challenge and fight, it is a challenge to themselves and each other, not to prove to others.

So the last time in Tiandong, Shen Lang and Zhou Yumin were about to be at Shenmu Cliff.

Therefore, before Qiao Shuyu did not care about ranking second, there was no challenge.

Those who came first, originally wanted to stay and watch the fun.

They heard the news and came over. They didn't see the battle between Tianshan Jianzong and the Masters Alliance. They could see Shen Lang and Qiao Shuyu.

Now people have to clear the field, but they are very helpless.

These two people, whether it is Tianshan Jianzong or Beihai Qiaojia, are not their sinful.

“Okay, let's leave first.”

“Joe Gongzi, see you next time in Tangyuan!”

“I wish Joe Gongzi's flag to win!”

They blessed a few words and did not have any friendship with Shen Lang. They did not say hello, and they left first.

Waiting to see them go from the lake, Qiao Yong and Joe Shuyu before speaking, once again speak.

“Master Shen! I have heard about your legendary experience. In the past two years, the rocket has risen rapidly and I really admire it!”

“What Mr. Joe wants to say, although it is straightforward, there is no need for a pocket.” Shen Lang smiled faintly.

“Then I will say it straight! Before you, our son should be recognized as the first genius. If you are less than 30 years old, you will break through the middle of the real world.”

Shen Lang smiled and nodded, and gave a thumbs up to Joe Shu.

Qiao Shuyu frowned, and he felt that Shen Lang was a satire on him!

However, before he figured out what Qiao Yong was going to say, he still didn’t interject. After all, Qiao Yong was definitely thinking about him.

“It is said that you only returned to the Yuan Dynasty two years ago. The speed of this strong rise can be described as shocking!”

After Joe Yong praised Joe Shuyu, he praised Shen Lang with more exaggerated words.

They are not enemies and opponents, opponents praise, Shen Lang has always been unwilling to care.

“You have a good reputation.”

“What I want to say is that no matter whether Master Shen Lang and our Joe son, or Tianshan Jianzong and Beihai Qiaojia, there is no future innocence. Right?”

“Not bad. So?”

Shen Lang nodded, guessing that Qiao Yong was afraid of the genius of Qiao’s family and made an appointment in advance.

“So, both of them are already genius figures in the middle of the real world. Why do you need to fight like a normal monk?”

As soon as this statement came out, Shen Lang and Qiao Shuyu looked at him with surprise.

“Yu Bo, what do you mean by this?”

Qiao Shuyu began to think that Qiao Yong wanted to agree with Shen Lang, but he did not expect to decide not to take the shot.

This made him a bit uncomfortable, but he did not say it because of his respect for Qiao Yong.

“Bou Yu, Master Shen Lang! Please listen to me. It is normal for young and energetic people to want to divide the heights, but you are no longer a personal person. You are the leader of the younger generation in the Chinese comprehension community!”

“What about that?” Shen Lang saw that he was serious, but still felt inexplicable.

“Yeah, what about it?” Joe Shuyu also agreed.

“The reason I have to send them away is to say this!”

Qiao Yong sighed: “We Joe’s family, it is very rare to go out. But in the past two years, the unpredictable, there is an undercurrent, there may be a huge conspiracy!”

Shen Lang and Qiao Shuyu glanced at each other, and there was a meaning in their eyes – shut our ass!

“Can you say a little more? Hey, on the basis of not involving the secrets of Qiao’s family.” Gao Li is a very important question to ask.

Qiao Yong nodded: “This undercurrent is not accurate now, but it is basically internal and external!”

“Internal and external troubles?” He is a bit puzzled.

If a martial art, the internal and external problems are normal, but the world's monks, what are the internal and external problems?

Qiao's family is to regard the world as their home?

"Internal worry means that some of us may have problems in the Chinese monk. The foreigners are overseas Western monks – they are called superpowers."

"What's wrong? Is it because some people collude with Western monks and want to sell China?"

Qiao Yong shook his head and nodded.

"You should know that the thousand caves of a few months ago, because there is a blonde woman next to Master Shen Lang..."

Gao nodded and nodded to help him: "At that time, Yu Wenba, they said that Master colluded with the Western superpower, in fact, Miss Dorothy, just the maid of my master personally accepted!"

This is also to explain to Joe's family that the influence of Qiao's family is different from that of the general family.

"Well, of course I believe it. But given that the woman is a vampire, so... some people take this fuss, so we know."

"But Yong Bo, what does this have to do with my challenge to Shen Lang? I am purely a personal act, I did not think he colluded with foreigners." Qiao Shuyu could not help but say.

"I mean, you represent the future of China's comprehension!"

Qiao Yong is very serious: "If you fight, even if no one is seriously injured, but you must win or lose. If you win or lose, you will be unwilling, and you will have a knot. Not to mention that you are being used by others, at least it is difficult to cooperate sincerely!"

Shen Lang smiled and cooperated sincerely? Who wants to cooperate with you!

“I know that all of you young people are against moral sages. I think it is very nonsense to think about the people of the world. You care about individuals.”

Qiao Yong said a bit of self-deprecating and then continued to express his thoughts.

“But whether it is internal or external, it is a dispute of interests in the end!”

“The country and the country are interests, and even the best allies, not to mention a win-win common interest. Ancient and modern Chinese and foreign, it is nothing!”

“The earliest interests are food, and later the population, the land, the better environment, the larger territory... now oil, natural gas, and all kinds of high technology are resources for competition among nations!”

“The same is true of the realm of cultivation.”

Qiao Yong, who has been talking about it for a long time, is a helpless hand.

Speaking of this, there is no more direct data, and no more detailed arguments are needed. The conclusions are clear to everyone.

The resources of the comprehension community are becoming less and less, and the famous mountains and rivers, the caves and the blessings of the world, and even the entrances to the small worlds are all regional.

If there is no more resources in the country, or it has already been occupied, it is the most common way to expand to the foreign countries.

Costner, who has been pursuing a forbidden place, is also a resource.

Naturally, there is also the idea of someone playing the Eastern world.

Chapter 470 - You are too old

“The future changes will be very fast, and your young people will be ready to take the lead. So at this time, don’t be arrogant.”

Qiao Yong smiled and added: "This is not my analysis. It is the analysis of our family, Qiao Yuxian."

Qiao Shuyu could not help but frowned.

The slogan of Shen Lang is the beginning of the realm of the realm. It can kill the Xuyangzi in the middle of the realm of the realm. It is a raid that is suppressed by the temple.

However, only three months later, Shen Lang was able to kill Yu Wenba in the late period of real life. He did not believe it!

On the same day in the Tianshan Jianzong, I saw the scene with my own eyes, including Xia Yuntian, the strongest in the late stage of the real world, and even a little fear of Shen Lang.

But without personal experience, of course I don't believe that the leapfrog challenge is not so easy and two levels.

Especially the low-level monks, the variables are still relatively large, the higher the realm, the more the gap is the gap.

In the view of Qiao Shuyu, Shen Lang must have used the array of methods and magic weapons of the Tianshan Jianzong, and sneaked Yuwenba to death, but no one saw it at the scene.

However, it also proves that Shen Lang should be a breakthrough in the middle of the realm, or else it can not be done.

So fast breakthrough, naturally it should be related to his adventures in Qiangjialing, it is not difficult to understand.

When Shen Lang went to the middle of the real world, he was truly regarded as an opponent, so he would come over and challenge.

Otherwise, even if it is defeated by Xie Jia, Qiao Shuyu is also disdainful.

Just after Qiao Yong's words, he did not agree with him. It was only because of his elders that he did not directly oppose it. He was also thinking about how to speak.

But now Qiao Yong took out Qiao Yuxian, so that he could not speak again.

Under the sorrow, he looked at Shen Lang, hoping to discuss it with Shen Lang and fight alone!

The family's concerns, the two sides said that it's better, it's fine!

Gao has always paid more attention to this matter. Hearing this is the meaning of Qiao Yuxian, and he is also thinking about it.

"This kind of big thing in the world, or you are responsible for Joe's family, Joe Gongzi still has this ability, I am lazy."

Shen Lang smiled and said: "But what you just said, the most important thing is to convince you that Joe is a son. After all, I am the number one in the heroes list. He is not convinced."

"Master Shen Lang is a reasonable person, and Joe is also a reasonable person." Qiao Yong shook hands and expressed his gratitude.

"That's it, you can do it yourself. I won't promise you anything, or I will spread it. I thought I was afraid. But..."

Shen Lang stared at Qiao Shuyu, and said with a smile: "Joe Gongzi is genius, but don't be too conceited!"

"What do you mean?"

Qiao Shuyu was originally unhappy, and Shen Lang's attitude made him feel that he was provoking him!

"It doesn't mean anything. I just want to tell you that I am ten years younger than you. I should say that you are half the age older than me!"

“you-!”

Joe Shuyu almost got up, he was only thirty years old!

Going there is still a “young son”, actually said “old”! And also “old half”!

This is really a bit hurtful... let him be angry and angry.

“Even if you are as strong as me, you are far from losing to me. This is a fact, you can’t change, you win me, still.”

Shen Lang is in a good mood and is an understatement.

Qiao Shuyu is stunned by this, depressed!

is not that right?

From the grade level, Shen Lang has taken a huge advantage, even if he wins, it is also a big bully!

“Moreover, I don’t do it directly with you, just like Master Qiao Yong said, Jianzong and your Qiao family have no enmity. Don’t want to complain because you married you-“

Shen Lang paused for a moment, and his hands were very helpless.

“-I used to like to hit people’s faces and draw people into pigs. But I found that the enemy did not learn the lesson, I would not appreciate the fact that I would not kill, but would retaliate again. So now I like to shoot people directly!”

When this is said, it is even more sloppy!

If it wasn’t just that Qiao Yong had carried out Qiao Yuxian, Joe Shuyu would almost have to do it directly!

Actually said to kill people! This is to look down on him, alluding that he will also be shot dead!

His Joe son is a genius who has been famous for more than ten years!

“Shen Master is really a young hero!” Qiao Yong praised.

“Then I hope to contribute more to the realm of cultivation and face the upcoming crisis!”

“Do you know more secrets?” Gao asked and interjected.

From the words of Qiao Yong, Gao Li feels that it is not just simple to plan ahead. Qiao’s family must know what it is.

Tianshan Jianzong is far away from the Western Regions, and has little to do with the Central Plains factions. Even in the current information age, some secrets are still backward.

“No, no, high elders, we can keep in touch. If there is any news, you can communicate with each other!”

Qiao Yong smiled, then took out his mobile phone and exchanged contact with Gao.

This attitude, anyone can think that even if there is a secret, Qiao’s family is not willing to share with them, or that Qiao Yong does not have the authority to disclose this secret.

“We also exchange the contact information!”

Qiao Shuyu took a deep breath, pressed down depressed and annoyed, and took the initiative to add a wave.

Shen Lang knows that he wants to avoid Qiao Yong’s separate appointment, but does not care.

After exchanging the contact information, the two of them left first, and the remaining three of Tianshan Jianzong were hanging on the rock of the island.

The sacred sacred is quite discouraged. This time he followed him. He was firmly in the late stage of the real life and wanted to do a big job. He did not expect it to be so strange.

“What medicines are they selling in the gourd? How do you pretend to be a grandson?”

Shen Lang and Gao Li saw his depression and smiled.

“It’s very simple, Tang Banshan and Qiao Yong. They are both far-sighted and powerful people. They have no chance of winning, and may even suffer!”

“It’s better to have a demeanor than to lose people after losing.”

When Gao said this, he was a bit proud. Even if he had a battle with Tang Banshan, he was not afraid.

Shen Lang smiled and added: “The main reason is that they have not expected the high picture to survive the peak of the picture, so Tang Banshan can only recognize it.”

They all apprened, and Shen Lang called the name privately, no longer calling the elders.

“What about Joe Yu? He is challenging Master It has nothing to do with the senior brother.”

“That is Qiao Yong’s old man, and Qiao Shuyu does not believe that I can kill Yuwenba. Qiao Yong does not believe it.”

“Then why...” It’s not a contradiction. While saying that Qiao Yong is old, he also said that Qiao Yong does not believe.

“Qiao Yong is a side suspicion! You can be willing to call my master. If you don’t believe it, you will feel embarrassed and don’t want to let Joe Shuyu take risks!”

He was a little ashamed, and he still felt that he was in Jianzong. Now I find that compared with the people outside, the eyes are not small.

And Shen Lang can see everything, no wonder that he could directly break his forced palace!

“That Tang Tangshan’s invitation was not to invite us to their home again? Can we still go?”

“Go! Why not go?” Shen Lang said with a smile: “Today earns two hundred medium spirits, you can go and see if there are any good things!”
