

## First Strong 481

Chapter 481 - New home

“Do you also think that I am taking care of you to eat food?”

After staying away, Shen Lang asked.

“no no.”

“We all believe in Master.”

The sacred and high-successful attitude.

To start with, in fact, they really have such an idea. After all, this time is too clever.

But then Shen Lang directly destroyed the following completely, do not want to, and do not hesitate to fight with Tang Banshan.

Then it is no longer a single-eating, and it is not a risk to take resources for not taking it!

Combined with Shen Lang once said “a cremation of a friend”, they can understand, this should be the beast of the ancestors’ past lives!

Since it is really a friend, it is a friend of the Tianshan Jianzong, whether it is a beast and a beast, whether it is human or not.

“I will choose Zetian Lake to hang the island. I was thinking that if I couldn’t beat the master of the Masters League, I could borrow it. I didn’t think... it’s not good.”

Shen Lang sighed and didn’t say anything anymore.

“Okay! Let’s go! I am leaving here too.”

“Yes!”

Sui Sheng and Gao Li have just listened carefully. When Shen Lang said this sentence, there are regrets in the eyes that have experienced vicissitudes. It is not a 20-year-old young.

They are all completely convinced that Master is the reincarnation of the Gao Hanqiu ancestor, but this is yet another proof.

After the separation, Shen Lang decided to go to Pingxi City first.

After he returned to China, he did not see his parents again.

For him, it took only a few months, and three of them were spent retreating for the rest of the year, and other times were busy.

But unlike their parents, even if they are good at eating and drinking, the new home is not the original home, nor has it had all the relationships for decades.

And he knows more about his situation. He doesn't usually contact him often, and he doesn't worry if he doesn't miss it.

This time, I went back to Pingxi, and Shen Lang did not have a gift to Cao County, but went directly to the urban area.

Come to the residential area where Desolation left the address, it can be seen that this is the premier high-end residential area in Pingxi.

This is what he meant. If you want to meet with the familiar neighbors in Licao County, the best is the “class” divide.

“Class” may be exaggerated, but it is often the best to use money to isolate it.

If you rent an ordinary community in the urban area, then what to buy food is definitely a more economical market nearby, and the chance of encountering an acquaintance is even greater.

In fact, now he has pressed Chu and Xie's homes down. It is ok to go back to his hometown. There are some troubles. Under the help of the re-emergence of Yuejia, it can also be settled.

But Shen Lang didn't want to take risks any more, and let everyone think that his parents were dead, and that there would be less scales.

At the moment, there was no security booth in the past, but the direct consciousness enveloped the entire community, quickly locked in the building where his parents lived, and found a specific house.

Then, at a very fast speed, he flew to the corridor on the first floor.

Zheng Yumeng's work, or play the style of a rich woman – not afraid of expensive, but be good!

This is a high-end residential area, and this building is the best building king in the community. Each floor has two ladders and two households. She bought a layer directly.

His parents lived in one set, and the other set was Zheng Yumeng living himself.

Even if I am familiar with Shenlang's parents, after all, I have different life concepts from time to time. I still don't get used to living together.

This is different from her own home, where she is big, and her grandfather.

Now she is practicing in another family. She has just felt the breath of the comprehension and has opened the door with vigilance.

“it's me.”

After she had not opened the door, Shen Lang first said something, lest it be regarded as an enemy with ulterior motives.

“You're back!”

Zheng Yumeng opened the door, she was very excited, and rushed to the front of Shen Lang.

“Why don’t you say it? You have to sneak in and check to see if I have taken care of my uncle and aunt?”

Shen Lang smiled and said: “Very good!”

“They can miss you!” She immediately pulled the waves and pressed the doorbell.

Before the door opened, she had already slammed it quickly.

Because she lived alone, his parents were too flustered, so she would not let her ask for a babysitter, clean up two houses, and cook anything.

In addition to sometimes practicing when she is in a tight position, she will speak ahead of time. At other times, she comes over to eat with them.

“Little dreams, it’s rare for you to be active once...” Han Fengying smiled and opened the door, saw his son at the door, and for a moment he suspected that he was wrong.

“Mom, I am back.”

“Auntie! It is Shen Langge back!” Zheng Yumeng added a sentence with a smile.

“Old Shen! The old Shen came out! The son is back!” Han Fengying excited.

Shen Lang’s knowledge has already known the situation inside the house. He knows that his father is watching a football match and there is nothing to worry about.

When I got home, the family met, and it was invigorating.

The last time I met, it was in the manor of Zheng Yuqing’s family. Both of them were still not very natural, and there was a feeling of being under the fence.

After getting the identity house and other issues, after moving back, seeing the house, the two are also difficult to accept.

In Zheng Yumeng, it was determined that the money was bought by Shen Lang. They still took the hustle and bustle, but they did not feel the feeling of being under the fence.

Zheng Yumeng knows that they can't afford to go down and say that they are going to work to earn money. They are pediatrics for Shenlang, and if they meet an acquaintance in their hometown, they may be in trouble.

So I bought them two big TVs, I can watch the news game, watch TV drama entertainment programs are not in conflict, and I have purchased treadmills, elliptical machines and other fitness equipment without difficulty.

Tell them that only when they are healthy and long-lived can they be assured.

Of course, other mobile phones, computers, and study rooms are also indispensable.

But after all, it is a big house of more than 200 square meters per household. It is only Shennan Han Fengying who lived in the same place. Even if it is a piece of furniture or fitness equipment, it is empty.

Later, they bought a dog for them. They usually have multiple companions at home, and they can also walk dogs in the community.

The double-door refrigerator has a lot of ingredients, and the kitchen utensils are complete. Soon, a meal was made.

When eating, Shen Lang also solemnly affirmed to them that this is his money, and not using the money of "girlfriend", just let Zheng Yumeng buy it later.

This is their new home.

There is no doubt that this home is much better than the original poor home.

But that is only a physical manifestation. In the emotional, after a long reunion of joy, everyone feels a gap between the students.

Obviously, the Shennan couple can no longer treat the son equally, a little pressure, and can even be said to have an invisible awe.

Zheng Yumeng does not feel it, but Shen Lang is very clear.

But he has no way, he can't change back to the ordinary, and this family can't return to the state of being too happy.

But he also thinks that you should think about other ways!

“Tonight, you will sleep on the side of Xiaomeng. Here we usually have two of us. Although there is a room, we have not cleaned it up.” After dinner, Han Fengying made arrangements with a smile and let her son live opposite.

What kind of heart they are, almost written on their faces!

I am sorry, these days I am busy with the move of Zhang Luo, because changing a city, there is still not done there, and it is troublesome to go back and forth. So the update is not stable, and strive to stabilize as soon as possible, you can feel peace of mind.

Chapter 482 - Confession

Shen Lang was helpless, and his parents' intentions were of course learned, but he did not say it, and he refused.

With Zheng Yumeng back to the opposite suite, whether it is Shen Lang or Zheng Yumeng, I feel a little relaxed.

The sense of alienation is mutual, the Shennan couple will be like this, and the same is true for Shen Lang.

Zheng Yumeng followed his grandfather from a young age, and he was not good at getting along with his parents, although this is the parents of Shen Lang.

“Do you understand? Uncle and aunt are too busy, I want you to give them a grandson.”

Zheng Yumeng snickered and teased Shen Lang.

Shen Lang white gave him a look: “Life also wants to make you born, I am only responsible for sowing.”

Zheng Yumeng took a sip.

Shen Lang pushed her back, and she was always on the wall, coming to a “wall.”

“How? I still enjoy the joy of sowing, and I will definitely make you very happy.”

Zheng Yumeng knew that he was joking, but he had to face it seriously.

“Less come! You are happy. After you sow, I am in trouble.”

With Shen Lang, she is certainly willing, but she is also a young girl who is just twenty years old.

For the birth of a child, it is still far from being psychologically prepared.

Originally, she was not a culture without any mention of her life, let alone the rapid development of the past two years.

At this time, let her have a baby in October, and then give birth with a child...

Think about it and feel horrible!

“You don’t want to sleep for me? The opportunity is for you!”

Shen Lang smiled closer, a few inches from Zheng Yumeng’s face.

Zheng Yumeng took a deep breath at this time, then slammed forward and leaned directly on the lips of Shen Lang!

Of course, she did not kiss the past, but after touching it, she leaned her head against the wall.

There was a faint blush on her face, and her breathing was obviously rushed.

Shen Lang saw it at a close distance, and the ripples were particularly obvious, and the youthful girl's breath could be felt.

It is like a tender apple that has just turned red and has a hint of greenness. It is very attractive to pick.

“I really dare! Do you dare?”

Although Zheng Yumeng was nervous and excited, and was ashamed, he still stared at Shen Lang's eyes.

Her first love is both impulsive and her own attitude.

“Do I still dare to dare?”

Shen Lang reached out and grabbed her chin and picked it up. The lips of the two men were separated by a few inches.

The way he looks at the moment, as if he would kiss at any time.

Zheng Yumeng's breathing was even more urgent. She was nervous and looked forward to it.

“Is it because of me, or because of her?”

“Uh.....”

Shen Lang is also joking, and does not really want to sleep her, of course, did not consider that she is still a bleak thing.

“Or because of another girl? Miss?”

Zheng Yumeng stared at Shen Lang, she did not count Dorothy.

Although Dorothy is very good and has an exotic flavor, Shen Lang has no feelings with her.

It's not the same as falling rain. Before I was in middle school, it was the goddess of their boys. It's not the same as Shen Lang. I saw the Shennan couple as a girlfriend.

And after the sinking waves and falling rain, although they are not common, they also help each other.

It is the bleakness that can't be with her at the same time, she can feel the greater importance than her.

Even if she was not Wu Amon of the year, she did not play into the space. Every time she fought side by side with Shen Lang, she was experienced and desolate.

From a female point of view, she does not need to doubt, it must be that the desolation helps the Shenlang to be bigger and more important.

This is why she has always been very concerned about the affairs of her parents.

These secular things, she has more experience and methods, it is originally a bleak to deal with first, if you do not mind, there is no value.

“Just kidding, I never thought about it.”

Shen Lang loosened the hand of the “tick” and went to the sofa in the hall to sit down.

Zheng Yumeng took him a bottle of water and sat down next to him.

“What?”

Shen Lang saw that she was facing herself, and she was staring at it, making him a little uncomfortable.

Is this going to continue the joke? Wouldn't it be true to want to “sow” her?

Shen Lang has a body, but only twenty years old, and the strength is extraordinary, can be described as a hormone burst.

The taboo female color is also in the early stage of the body's practice of building the foundation. It has passed the stage in the present realm.

As long as the mind is not addicted, the light is the physical communication, and will not affect the progress of cultivation.

The reason why he can always be good is because he has a high morality in his previous life.

I have seen more beautiful and beautiful scenery, and have great goals. This simple and happy relationship between men and women can be taken lightly.

“We know... have two years?”

“Ok.”

“At the time, you must think that I was still young, just worshiping you, not thinking that I really like you. What about now?”

“...” Shen Lang did not know how to answer it.

“From the year and a half that you have disappeared, to the various things in the past six months, I have experienced various tests, but I found out...”

Zheng Yumeng took a deep breath and said seriously: “I really like you!”

“Cough... just kidding is not appropriate, but you don’t have to confess...”

“I am not kidding!”

Zheng Yumeng said seriously: “I know that my ancestors were not kings, so I didn’t pay too much attention to them. The old predecessors of Tianshan Jianzong also respected you. I am a bit humble in front of you...”

“Don’t say that. You will always be one of my most trustworthy people, and there are not many such people.” Shen Lang also took it seriously.

Zheng Yumeng flashed a gratification in his eyes and had a disappointment.

Can be one of his most trusted people, although comfort, but this is not the emphasis on people who do not like it?

“Yeah, I am a loyal follower...”

She laughed and laughed at herself, and even the apprentices couldn’t count.

Shen Lang is a bit helpless. If it is a weekday, Zheng Yumeng suddenly provokes such a topic He is too lazy to respond.

However, in recent months, she has been here to accompany her to take care of and protect her parents. Today is also the mother’s advance, so that he does not hurt Zheng Yumeng.

“You don’t look down on the followers, I have to go very far in the future. I want to follow me, I have to look at talent and hard work!”

Shen Lang’s words are full of confidence and even a bit arrogant.

In the vernacular, it is “to be my follower, you have to see that you are not qualified enough.”

But this way, but let Zheng Yumeng staring at him, feel the dazzling look.

“You won’t remember Yue Zhennan, it is earlier than you know me. I also gave me a lot of help earlier. There are other people, including my classmates.”

“I will still value and care for them, but they have not qualified to follow me!”

“The same is true for women!”

Chapter 483 - Concept of Love

Upon hearing this, Zheng Yumeng was awakened.

How could she not remember Yue Zhennan?

When Shen Lang took her, she stayed at the Yuefu Garden of Yuejia.

On the same day, Shen Lang promoted him and Yue Zhennan together to return to Yuanyuan and became a true comprehension.

At that time, she wanted to worship Shen Lang as a teacher. She felt that Yue Zhennan was the same as the same brother.

Two years later, the gap between her and Yue Zhennan has also widened.

She knows that Yue Zhennan is working very hard, and she also listens to Shen Lang’s saying that he has been retreating in the grave, and he still sees it as a brother.

In Pingxi City for a few months, she did not contact Yue Zhennan. Of course, it was not because of the gap, but because of the relationship between the Shennan couple, it was not convenient to contact.

But after listening to Shen Lang’s words, I understood what he meant.

That’s right, because of the same day’s promotion, she can still treat Yuezhen Nanshi as a brother.

She is in Pingxi. If someone moves the Yue family again, she does not need to make orders under the waves. She will also take care of her care.

But that's it. Yue Zhennan has already had a big gap with her. Everyone will have fewer intersections in the future, and then they will be separated.

Not to mention outsiders, it is the same as the brothers and sisters of the Zheng family.

“The same is true for women!”

For Shen Lang, whether you are friends, followers, or women, you will eventually face this result.

Zheng Yumeng suddenly found out that she can still be so close to Shen Lang, perhaps it is an important role of desolation!

She can do well in the world, and other people can do it, such as the Yue family with the support of Shen Lang, and the much more powerful Tianshan Jianzong.

Desolation can be his right hand, but she can't help.

Before, she did not have no resentment. She felt that Shen Lang did not give her a chance. If she exercised more, she could play a big role. If you don't give the opportunity, you will never be able to.

Now I realized that if there is no bleakness, perhaps she will be the same as Yue Zhennan, but she will be slower.

“I used to think that my desolation sister used my body. It hurts me to hurt me. The risk of death is also me. It is her who is in front of you...”

“Oh, how much is a bit unwilling to be uneasy. Now I understand that if there is not her existence, I may have been farther away from you than I did with Yue Zhennan.”

Looking at the bitter smile of Zheng Yumeng, Shen Lang shook his head.

“I said so straightforwardly, I want to tell you the reality. But it does not mean that you have no value. Desolation has her value, but your body is very special. This is your value and the foundation for her to play.” ”

“If there is no value in one day... I am not qualified to be your woman or even follower?”

Zheng Yumeng bit his lip. “So, you won’t fall in love with ordinary women, including the princess of the Ice Palace. It’s only as strong as you, and you have to improve so fast to be worthy of you...”

Shen Lang shook his head again.

“Fortune, land, people, or teachers, law, finance, land, and people, should you listen to your grandfather?”

“Well, but...”

“Don’t care about the specifics, or the order. Just say this person, the Taoist is not a normal partner, it is beyond the age and gender.”

“For example, I fell in love with a woman and got married according to custom and law. Do I have to fulfill my husband’s responsibilities and take care of her?”

“I have been retiring for half a year. Is it irresponsible? Have children? Then have children, and children grow up to work for them...”

“As an ordinary person, she is obviously aging at the age of 40, and with me, will she feel inferior? Do you want to age together?”

“She died when she was seven or eighty years old. Am I still very strong and lyrical? Is it time to waste time when I was young? I missed the best time to cultivate and still get it?”

“What about the enemy? What should I do if I have a problem?”

A series of problems with Shen Lang made Zheng Yumeng speechless.

She is not a reincarnation of the old guy, is a real young girl, where she will consider so much, purely a personal favorite emotion.

“My goal is clear. It is impossible to waste the best time before it is reached.”

Shen Lang re-emphasized his conception, “But I will not refuse to own a woman. Do you understand what I mean?”

“understand.....”

Zheng Yumeng really understands that even if he is a woman, he will take care of him, but he can't stop and wait. If he can't keep up, it is impossible to use emotion to marry him.

Parents have no choice but to stay with them.

“But I am willing!”

“Hey...” Shen Lang didn't know how to say it.

He has already made it very clear. With the mainstream view of young women now, I feel that this is an irresponsible scum man, a big man, a selfish self.

I did not expect Zheng Yumeng to say that I am willing!

“Don't you say that my talent is special? I am also working very hard, I am confident that I can accompany you on!”

“I am also practicing hard and will not marry you.”

“Even if you can't go to the end, you will eventually fall behind. It will be decades later! Ordinary people will never do this forever!”

Shen Lang smiled helplessly: “You can see it!”

“If you think about it, you don’t want to be unique, but you want to own it. You still like to be desolate, and it’s okay to fall into the rain, it doesn’t matter!”

Shen Lang sighed: “Is it so humble? With your conditions, you can find a man who is perfect with you.”

Zheng Yumeng firmly said: “I don’t care if I don’t deserve it. I just don’t like it!”

The young girl’s love concept has made Shen Lang’s young heart sprout.

The memory experience of the previous world is really a bit too calm and rational.

“But I don’t like it? You are not losing? Was it cheated?”

“You are not such a person.” Zheng Yumeng smiled and shook his head: “If you just want to sleep a woman, what kind of woman can’t sleep under your current conditions? You won’t lie to me, I will naturally not suffer!”

“Ok.....”

“You agreed this? Yeah!”

“What do I promise?” Shen Lang is inexplicable.

“Don’t you say that I am confessing? After you told me about your love concept, let’s say yes, that’s it.”

“...”

“You are the realm of masters I can’t talk without counting. From now on, I am no longer your follower, but your girlfriend! I don’t mind one!”

“...”

Zheng Yumeng quickly announced that he couldn't help but laugh.

It's rare to say this in an open and honest manner today. Who knows when he left?

I don't know when to meet again next time, and I don't know when I can talk about it.

Therefore, Zheng Yumeng took a deep breath and threw himself on Shen Lang's body. He threw him on the sofa and kissed him.

Shen Lang is speechless. He is a master who can't even hit the three strong players in the late real world. Now he is thrown down by a girl!

What else can I do? I still beat her?

Chapter 484 - Parental cultivation

Shen Lang, who was “pounced”, as a strong man, certainly will not escape.

Since his concept is clear, Zheng Yumeng also has his own insistence, and he is not welcome.

Indeed, as Zheng Yumeng said, he does not need to scam, he does not bother to put his mind on it.

For Zheng Yumeng, he dare not say true love, love, and the like, but he likes it for sure.

Such an active Zheng Yumeng, of course, is not too hungry, but for the man she likes, wants to grasp this opportunity.

Of course, the first time for two people, it will not be done on the sofa.

Both are master monks, whether they are themselves or the other's body feelings, they are far microseconds than the average human body.

Therefore, even if it is only the first encounter, it will soon be harmonious and tacit. It is both a battle of rain and clouds, and a happy planting process.

Shen Lang will not carry a set, Zheng Yumeng a girl lives here, of course, will not be prepared.

When the heat is in the air, if you stop and go out to buy, it is not a problem of disappointment, and it is likely to cool down quickly.

So in the end, it saves plastic and is environmentally friendly! Then you will force it out...

After a round, the marrow is known.

After a while, the wind is rising again...

On the second day, I went to eat here. The Shennan couple who came over came to see the clue.

It's not that the physical changes can be seen, but after the relationship is different, how can the girls be calm, or they will be in a different state.

In particular, if you invest in a lot of emotions, you can't help the world to share this good news. Keeping calm can only be a cover-up.

Unless it is a long-time old driver, and just for fun...

Han Fengying originally wanted to mix his son, and he couldn't wait for the girl to take the initiative.

But I didn't expect to get it directly last night.

This fast progress made her a little worried.

Even if the son can make money anyway, he can't just play with the feelings of other girls.

Miss Zheng's family is very big.

And... who was Miss Ling two years ago?

Can only let Lao Shen find opportunities to remind.

Shen Nan also asked Shen Lang to point out that he was doing fitness, and took this matter with awkwardness.

Shen Lang responded easily and told them to calm down.

Anyway, his girlfriend will not be found, but it is not realistic to have children now.

The opportunity of this chat of fitness makes Shen Lang feel touched.

When he told Zheng Yumeng, he mentioned Yue Zhennan and his classmates, but in fact, the parents in front of him are the same.

In the end, Yuezheng South still has the opportunity to break through the virtual world, much better than the average ordinary person.

His parents are really just ordinary people!

Parents can't give up, not to mention how high they are to practice, at least to reduce their pain and prolong life.

When he had just started to practice, he refining the treasures and cherishing the soup, he tried to take it for his mother.

After that, I made a piece of jade on the pillow, and later bought a pair of watches.

They have been wearing them for the past two years, especially when they have lost contact with their sons.

It is helpful to their body, but now the spirit is exhausted.

After considering it, Shen Lang told her about her identity. In fact, some of them also learned a little.

Then it is given the suggestion of cultivation, although at this age, not to mention the best and the best stage has already passed, do not expect to run forward, is to prolong life.

Shennan Han Fengying and his wife, there is nothing to be desired for the comprehension.

However, in order to spend more time with my son, I still agreed.

Zheng Yumeng also told them that her grandfather is also a self-cultivator. Zheng Yuqing is younger than his actual age. The two of them thought that the rich were well-maintained, and now they know that it is cultivation.

Shen Lang did not expect their cultivation speed, just let them have a sustenance, usually boring can practice.

And of course he will give them a lot of help, to help them improve by consuming resources and even his own strength.

After telling them the basic concept of comprehension, they directly taught the basic cultivation method.

Unsurprisingly, the two of them are almost talentless!

At the beginning, because of the rebirth of the birth of the spurs, they did not bring much change to them, because they were already formed when they got married.

However, this is not a big deal for Shen Lang. Two years ago, he could help get Yue Zhennan and Zheng Yumeng, let alone now?

Now his strength is far better than two years ago, plus resources are also a lot, for parents to use, of course, do not care about the cost.

In less than an hour, the two couples of Shennan Han Fengying were directly promoted from the newly-adopted Bai Ding to the Yuanyuan!

This speed is already against the sky, even though he was not so fast at the beginning.

There is a \*\*\*\* of Shen Lang's hands, and there will be no problems. But once it is too high, it can't bear it.

However, Shen Lang still gave them a little "phoenix", so that the process of their cultivation slowly absorbed. But did not give them a stone!

I am guilty of sin!

In addition to the abnormal method of Shen Lang, other people absorb Lingshi is a long-term process. This thing has also become a hard currency, and everyone has it.

Stay with them, and if there is no one to protect, if there is a passing comprehension found, it will add trouble.

Anyway, Shen Lang does not ask them how fast they can progress, just wait for the hand to help them improve.

People's curiosity is innate. For something completely strange, it will be feared and retreat, but if you feel the beauty of it, you will naturally be interested in exploring.

For example, the popularity of personal computers and the Internet has made many middle-aged and older people start to contact computers and learn to use simple Internet access.

Later, the popularity of mobile phones and smart phones will allow more elderly people to use their mobile phones and simply operate the app.

The lack of interest of Shen Nan Han Fengying's couple is based on the fact that there is no foundation at all, which is equivalent to letting you learn a foreign language that you have never heard before.

Now it is not the same, it is equal to suddenly raising their foreign language level to a certain extent, naturally want to know more So they practiced two, and let Shen Lang more accompany Zheng Yumeng, go out Go shopping, wait for dinner and come back.

“You are really amazing. I found a point of interest for my parents. I won’t be bored in the future.” After coming out, Zheng Yumeng sighed.

“What do you say? Dad... Mom?” Shen Lang is a little goose bump.

Zheng Yumeng smiled at his arm: “Don’t be angry, I will talk to you when no one is there. It won’t really force you to get married.”

Then she immediately shifted the topic: “Where are we going? Auntie, they obviously let us out for a date.”

Shen Lang is a little helpless, she just said what she said.

“Go and see Yuezhennan! He is my only friend in Pingxi.”

Shen Lang is a bit embarrassed, Yue Zhennan let him think of Zheng Man, the relationship with him is similar.

Chapter 485 - Return home

The same is true of Zheng Man’s past life. The difference between the two is huge, so the gift that Shen Lang finally left for him is also his level, and there is no such thing as too advanced.

But I didn’t expect Zheng Man to be so derogatory. He always looked for him to wait for him, and he still came to him in this world.

Because of this, even if Shen Lang is very realistic and cold with Zheng Yumeng, he is actually willing to visit Yuezhennan and give more help.

If something is missed, it will be too late to wait until the next life.

Zheng Yumeng didn't know that Shen Lang thought so much, but she also agreed to visit Yue Zhennan. She had not contacted him for several months.

They are very familiar with Yuefu Garden, and there is not much in Pingxi City. It is easy to find it.

However, Yue Zhennan is the strongest person in the current Yue family. It may not be at home at any time, or he may go out to travel in the clouds or retreat.

In order not to run empty, Shen Lang still made a phone call in the past.

When the phone hit the past, it was not connected immediately, but no one answered.

Shen Lang is estimated that Yue Zhennan is practicing and the mobile phone has a silent mode, so there is no more dialing.

After thinking about it, I called Mo Qi again.

Although the relationship and familiarity with Mo Qi are limited, but because of saving his parents, this kind of kindness is what he remembers, enough special.

After Mo Qi's phone dialed in the past, it was quickly connected.

"Sir! Are you back?" Mo Qi's voice was a little excited.

"Well. I came back and I am ready to see how you are practicing."

"No, it's great to come back! I mean..."

Mo Qi has always been a respect for the strong, and he is excited to be normal, but this language seems a bit abnormal.

"What happened?"

“This is the case, Yue Gongzi has a problem here, but now there is no problem, or me...”

“What the \*\*\*\* is going on?” Seeing that he said it was unclear, Shen Lang interrupted.

Mo Qi also knew that he was out of order, took a deep breath and stabilized his emotions.

When he re-narrated, he said it was clear, and he quickly said something about Shen Lang.

The Pingxi Ye family has a sacred bamboo leaf, and when she went to Yejia on the last New Year's Eve, she saw it. That is to reach the virtual state, and if it does not include Shen Lang, it can be regarded as the strongest in Pingxi.

At that time, it was easily pinched by Shen Lang, and Ye Long apologized for compensation, and together with several others, returned the family belonging to Yuejia.

What happened later, Mo Qi is certainly not clear, but just a few days ago, Ye Jiayue Yuezhen went to the south to negotiate, the time is today.

Yue Gang took a cautious inquiries and learned that Ye Kuzhu left after the Chinese New Year and went back to his division.

This time, I returned to Ye Family. It is very likely that Shen Lang is not in Pingxi. I have to fight the Yue family again!

Today, Yue Zhennan is a single person to go to the meeting, because he is in the late Yuan Dynasty, and the leaves are still in the early days.

If he doesn't use it, and it doesn't matter what Mo Qi is, other people don't even have to say it.

Mo Qi and Yue Gang are very nervous and worried about the situation in Yuezhen South.

Mo Qi's phone was just finished, and I didn't hear the response from Shen Lang. I felt a little embarrassed.

Will Shen Lang feel that such a small thing is also troublesome for him?

At this time, I was surprised to see that Shen Lang was coming in from the door!

Yuezhen is not in the country. As a self-cultivator, Mo Qi is an important member of the Yue family. Zheng and Yue Gang, Yue Qiang, Yue Sheng and others are negotiating in the living room of Yue Gang.

Just received a phone call from Shen Lang, they are very excited and full of expectations.

But their biggest expectation is that Shen Lang can make a phone call and send a letter to Ye Jia, warning the leaves and bamboos, so that Yue Zhennan can come safely.

I didn't expect that Shen Lang actually came back!

It's incredible to go back in person, but it's even more incredible... Mo Qi's phone hasn't been hung up yet!

Shen Lang can be a thousand miles!

Is it already a fairy?

"Mr.!" Mobina bowed his head.

Yue Gang and others, they are unconsciously stumbled down, and they will gibberish without saying anything.

At the last Chinese New Year, Yue Gang had already seen the magic of Shen Lang, and soon went to Ye Jia to finish it.

Now that people can come back quickly from the field, maybe it can be done!

I am so grateful to the Yue family for being so caring.

Shen Lang did not know that they were shocked. They thought that Yue Zhennan had an accident, and that they just asked Yue Gang to beg him to save people...

“Get up and talk.”

With a wave of his hand, everyone seemed to be supported by a force.

“Shen, Shen...” Several core members of the Yue family are trembled and do not know how to call Shenlang.

They looked at Mo Qi, and whether the secret should be called “Xian Shi” or “Da Xian”.

“Sir, you are here.”

Mo Qi was moved and excited, and the speed was too fast. It shows that the strength of Shen Lang has improved.

“Why don’t you tell me earlier?” Shen Lang looked at them.

“Zhennan feels that you can’t bother you with a little thing...” Yue Gang smiled.

He has been mixing for decades, although he is not a self-cultivator, but he is very thorough in reading the world.

Kindness and friendship, including family love, no matter which kind of sentiment, after all, is limited. If you spend time and time again, it will become thinner and thinner!

Yue Zhennan and Shen Lang’s friendship, he is thinking about leaving Yue Jiasheng to die and use, can solve it himself or find his own way.

Shen Lang did not say much, simply asked: “Is it to Ye Family?”

“Well. I have been there for a while, we are all worried...”

In addition to the previous call to Yuezhen South, no one answered, Shen Lang was also a bit worried about the accident.

Yue Zhennan is not a genius. Now he is in the late Yuan Dynasty and he helped him. In the Pingxi area, you can dominate one side, but there is no chance of winning in front of Ye Kui, who is still in the virtual world.

Shen Lang and Zheng Yumeng brought Mo Qi together, and immediately drove the boat to the Ye Family.

He just rushed to and used the flying magic weapon.

Ye Jia has also been there once. Although there is no such familiarity with Yuefu Garden, Shen Lang quickly found the last village and the courtyard.

They just fell, and immediately a few Ye Jia children rushed out, watching the sudden waves, they were a little nervous, not afraid to approach, but still bravely screamed.

“You are so bold, you dare to marry the Ye family!”

“Report it!”

When the sinking waves fell, the gods had enveloped the entire courtyard. If there was no harvest inside, it could spread to the entire village.

When they rushed out to scream, he had already understood the situation inside the house.

At this moment in the house, Ye Kuzhu can only stand and stand, Ye Long is also accompanying, and there is another old man Da Ma Jindao.

Yuezhen South is stumbling in the middle!

Chapter 486 - Lesson 1 under him

“Get out!”

Without the need to open the waves, Zheng Yumeng had stepped a step forward and reached out and waved all of them out of the air.

These Ye Jiazi children have just come up with courage, but they have not forgotten the fierce name of Shen Lang.

I didn't think of a girl who was so delicate. I was so powerful when I shot a hand, and I dared to go forward.

Shen Lang did not look at them and went straight inside.

The people inside also have two sons. When they sense that they are releasing the magic weapon, they are ordered to rush out.

This is also the person here, which can make Shen Lang pay more attention to it.

Watching them come in, Ye Long was a little uncomfortable, but still forced to calm down, but did not dare to look at the eyes of Shen Lang.

Ye Kuzhu is staring at Shen Lang, this is his killing father, and the last time he humiliated his genius.

“Shen Lang! You really came!”

Outside the movement, Yue Zhennan had not looked up. When he heard the leaves and bitter bamboo called “Shen Lang”, he suddenly looked up.

“Lang brother! How come you?”

Shen Lang glanced at him, just nodded and said nothing.

Then he moved his fingers to Mo Qi, and Mo Qi quickly rushed to help Yue Zhennan.

“Let's relax! My master is here, this time I won't let you go!”

Ye Kuzhu did not use any spells, and immediately smashed the palm of his hand.

Mo Qi is only in the early days of Yuan Yuan, far from his opponent, he can easily fly it, and it can also hit the face of Shen Lang!

As a result, he was short-selling, and his strength had not yet reached the side of Mo Qi and Yue Zhennan, and he was separated by Zheng Yumeng.

Ye Kuzhu was taken aback, because Zheng Yumeng was a young girl. He didn't think much about it. He thought that it was only at the beginning of Yuanyuan, but he didn't expect him to be under him!

“Ye Long. How many times have you repeated this time?” Shen Lang ignored the leaf bitter bamboo and asked Ye Long directly.

Ye Long is a sly look. He has long been scrapped by Shen Lang, but he is only the patriarch of the Ye Family. Today's situation is obviously not what he said can be counted.

He sneaked aside at Master Ye Kuzhu, and saw that Xiangyang was just staring at Shen Lang and not talking. He could only speak for himself.

“Mr. Shen Haihan, thanks to what you have given, my old man has already been a waste. A bitter bamboo has to avenge his father. It is filial piety, and I can't stop it, right?”

Ye Long still hinted at it, saying that this is not a scene that he can control. Now it is the teacher of Ye Kuzhu.

In fact, he did not blame him for making any choices. Originally, Shen Lang also conquered them, and there was no loyalty at all.

The real people of Fuyang, after all, are the masters of Ye Kuzhu, their own people.

Shen Lang raised his hand and waved at Yue Zhennan, who had just been supported by Mo Qi.

Yue Zhen Nan Meng's a spirit, the whole person seems to have changed like a person.

He has just been kneeling on the ground, of course, he is forced to force, the whole person has been banned, and it is the limit to be able to speak up!

Mo Qi is not so much to help him, it is better to say that it is erected.

Now, the wave of Shen Lang's wave is to lift the prohibition on him.

"Ye Long, whether you have the right to make decisions, you should be thankful. If Yue Zhennan is interrupted and his legs are squatting, then the Ye family will have been with the broken legs."

The words of Shen Lang made Ye Long's expression stiff.

Members of the Ye family outside the hall of the hall heard that they were in the cold.

Although many people think that this is a slap in the face, but they have seen the shots of Shen Lang, they believe that it is not a fake.

Two years ago, Ye Lao, Li Lao and other Ping Xi first masters were scrapped by him, and they were directly headshot!

The battle of Yuefu Garden in the past, but many of them were impressed, even now, there is still a psychological shadow.

"You should be glad that we are coming in time. If Yue Zhennan was killed by you... then Ye Jia has been blood washed up and down!"

Zheng Yumeng added one sentence.

This is not her style, but she does not want to be as cool as it is, this is the opportunity to practice.

When Ye Long heard this, it was a tremor in his heart.

Listen to this meaning... When Shen Lang came in, he knew the situation of Yue Zhennan. He knew that he was fine, and he did not directly do it.

If Shen Lang wants to do it... he can't imagine it!

You don't need the help of this female monk, and you don't need to worry about anything. If you are alone, you can easily wash the leaves!

His gaze once again looked at the real people in Fuyang. The problem was that they got it. Now they should come out and be right.

“You broke into our Ye family, and you still want to wash the leaves of the house! Shen Lang, you really deserve to be the public enemy!”

Ye Kuzhu felt the tension of Ye Long and opened his own momentum.

“Shen Master—” has been watching the Shenyang's real people.

“Oh, when you came in, you knew that I was the mastermind. But I have been neglecting me. I deliberately put pressure on the Ye chief, is it too deliberate?”

The expression of Fuyang's real person is in stark contrast with his apprentice, Ye Kuzhu.

With his smiling expression, it is like an acquaintance.

“Not deliberate, you don't deserve my attention!”

Shen Lang disdained and snorted, then nodded to Zheng Yumeng: “Lesson about him!”

“Yes!”

Zheng Yumeng was very excited to promise that she had just got the acquiescence, and now she is really letting her play.

It's always a shame to fight, and finally I can shoot, of course she is very excited!

Excitement is excited, it is rare to have a chance to take a formal occasion, Zheng Yumeng is not allowed to fail, it is very serious.

I saw her hands waving quickly, condensing a handprint, and then a handprint to the Fuyang real people!

If you don't know how to do it, you will only think that this is the same "dancing" of the flower and the embroidered leg. Such an empty shot is naturally less effective than a punch and a palm.

However, it is this "flower dance" that suddenly makes the temperature inside the hall rise sharply. The fingerprint is still in the air, and it is like a real direct impact to Xiangyang!

The real person in Fuyang was originally sitting in the golden sword of Malaysia. His attention was on Shen Lang's body. Even if the female monk who came with him was not weak, he did not expect to be strong.

Sudden changes at the moment, so that he could not catch up, can only quickly escape to the side.

But he avoided it. The leaf bitter bamboo next to him did not avoid it. There were chairs and coffee tables, as if they were exploding, and they quickly shattered!

The leaves are not broken, and the people are turned over. Ye Long, who was separated by a little, flew out with a chair.

"Six, six yang... no power!"

Ye Long murmured: "This is... the legendary king of the stunt!"

Chapter 487 - Wild king influence

The real person in Fuyang is very embarrassed. Since he is in the early stage of the leaves, he must at least protect the house. As a result, he will turn over.

"You...you..." Ye Kuzhu's mouth was with a trace of blood, and he looked at Zheng Yumeng in disbelief.

After the Fuyang real people stood on the ground, they quickly waved out and dragged the leaves and bamboo leaves, and injected a vitality for them so that they could ease quickly.

Although the leaf bitter bamboo has the strength of the virtual world, but facing the attack of several levels higher than him, even if it does not use much force, it makes him very painful.

Not to mention Ye Long, it was originally older and weaker, not to mention that it had already been abandoned by Shen Lang. He has not been shocked yet, and Zheng Yumeng has taken care of it.

However, with the support of Fuyang real people, the status of both of them is immediately restored to the majority.

“Disrespected! I didn’t expect it to be a female master.”

Fuyang real people re-evaluated Zheng Yumeng, it is only to face up.

This did not make Zheng Yumeng feel respected. The master is a master. Why should he emphasize the “female master”? Can a woman not reach the realm of truth?

The leaves of the Ye family, who had not been hit before, bravely supported the swaying Ye Long and asked him to withdraw.

However, Ye Long did not retreat to one side, but instead directly spoke to Fuyang.

“Real and slow...”

When Fuyang real people and Ye Kuzhu looked at him, his eyes were on Zheng Yumeng.

“Excuse me, this master, just showed up... Liuyang has nothing to do?”

Because he was too weak, he was murmured when he was shaken out and did not let everyone pay attention.

At the moment, the formal opening inquiry asked other people to pay attention to it.

Six yang has no power?

Ye Jia, including Ye Kuzhu, is a bit puzzled, I don't know what it is.

“In the end, I lived for a long time, but I was a little knowledgeable!”

Zheng Yumeng was a little surprised. I didn't expect anyone to know Liuyang.

Ye Long, who was full of expectations, could not help but be excited to hear this indirect recognition.

“This is the legendary king of the stunt, you, how can you...”

When asked about this question, he even trembled a little.

For the legend of the savage king, Pingxi has some folk rumors, and the comprehension is a secret story.

Ordinary people are the stories of gods that are illusory, or the deification of ancient local celebrities.

However, the tomb of the King of the King, which was opened in sixty years, is a real proof of the existence of the savage king. It is not only the nurture of the Pingxiu cultivation community, but also the greatest dependence.

Their generations of generations will spread the secrets of the savage king, not only admiring respect, but also hope that one day they will get the savage of the king when the tomb of the king is opened!

The reason why other people in Yejia are not clear is because this is a secret, not everyone knows.

In addition to Ye Long, an old man, Ye Shifeng, who was originally the head of the family, knows.

I will tell Ye Kuzhu and so on in the future and continue to spread it.

But because I just saw it, it was so shocking that Ye Long couldn't help but called it out.

Zheng Yumeng frowned and unconsciously looked at Shen Lang. Seeing that he had nothing to express, he took his own ideas.

She hesitated a little, or directly said.

“My surname Zheng...is the descendant of the savage king you said.”

Originally, everyone thought that she was a follower of Shen Lang, even if she showed strong strength, she felt that she was a “hand” of Shen Lang.

When Ye Long mentioned the king of the king, everyone was highly concentrated and looked at Zheng Yumeng.

At this moment, she heard that she admits to be a descendant of the king, and everyone whispered.

Not to mention other Ye family people, it is the Yejia Tiancai leaf bamboo that became a true disciple of Fuyang, and also knows the king from a young age.

The savage king has a special feeling for the Pingxi comprehension, which is between the “belief” and the “ancestor”.

This is what Ye Long said last time. Whether it is the rise of Shen Lang or the Chu family's intervention, the well-being Yue family or Ye Jia, Ling He Quan, etc. will not kill all other families.

Not to mention the outside world, it is internal, and there will still be room for it, such as the Yue family of the year.

This is similar to Haitian Town. Haitian Town is based on geography. In the past, all the ancestors set a new situation in Haitian Town, forming the current situation, so they are all Haitian Town.

In the area of Pingxi, it is because of the relationship between the tomb of the King of the King, and the shadow of a ancestors, together with the secrets, to prevent outsiders from entering.

Now suddenly I heard that the mythical legendary king is actually a descendant, and the descendants are here, making them incredible.

They have no such portraits as Zheng Man, and some are also left by folklore, which is far from the real person.

At this moment, Zheng Yumeng said that she is a descendant of the King of Man, and naturally she cannot verify it.

In fact, the appearance verification is not as reliable as the true transmission method!

Ye Long had already suspected that he had seen the singularity of the six kings, and now he has been recognized by the descendants. Even if it is hard to believe, it is not too fake.

What is happening now is another problem – the image.

If Zheng Yuqing comes over and shows that Liuyang has no merits, everyone is more likely to believe. Zheng Yumeng is a young girl who is always unconvinced.

But when everyone was in doubt, Ye Long pushed the person who supported him and bowed down directly.

“Please forgive me old leaves and old eyes, I didn’t expect to be a very young descendant!”

“All the children of Ye Jia are kneeling down! We have been treated by the singer Wang Yuyin for generations, and also invited Zheng girl... No, Zheng’s generation of generations of the sages are worshipped by this generation!”

Everyone is still unacceptable, and Ye Long, who is the most senior and highly respected, has bowed down. Others have also followed suit to Zheng Yumeng.

Ye Kuzhu is entangled, according to the reason should be with the family, but this Zheng master is obviously a group of Shen Lang, worship what dignity?

The real person who had been the protagonist of this time, I found that the limelight was stolen by a girl, and I was a little interested in it.

“Ban Wang... Hey! I also heard about it The original girl is a descendant of the king, it is no wonder that he can become a master at a young age.”

Because of the relationship between the leaves and bamboos, even if the Xiuxiu cultivation community is low, Ye Family is more aware of the “masters” than others. This is not just a guest name, but a “real person”, but a respect for those who are true. .

Now Zheng, a younger generation of the savage king, can be honored by the real people of Fuyang. It is really amazing.

Zheng Yumeng did not think that there would be this situation, but she is now stronger and she is not cramped, and she is directly worshipped by them.

“I am a very good descendant of the king, but the age is long, and the Zheng family is far worse than the ancestors. To me, it is the master of Shen Lang who is also a teacher and friend, and gave me great help.”

After naming this sentence, she was a little colder: “So, if you want to disrespect the master of Shen Lang, let me pass this level!”

Because I changed a city, I moved things all day yesterday. Today, I went to buy some furniture or something, the table is not there,

Chapter 488 - You are not you!

Chapter 488 You are not you!

Everyone in the Ye family was stunned and returned to reality from the shock and shock.

Yes, whether it is the descendants of the king, and the doubts, it is the helper of Shen Lang, that is no doubt.

“Don’t believe her!”

The tangled leaves of the bitter bamboo are screaming.

“She must have known the legend of the king, so deliberately... no!”

He began to get excited: “She is not a descendant of the king of the king! Two years ago, Shen Lang entered the tomb of the king, and he killed my father and others. It must have been the stunt of the king!”

When I said this, the person who was originally holding the suspicion of Ye Jia, all eyes lit up.

Excited Ye Long, there is no doubt about it.

The singularity of the savage king may not necessarily be learned by the disciples of the descendants. As long as they are obtained, it is also possible to learn.

Just like the ancestors of the various factions in Pingxi, if you haven’t seen it personally, how do you know the appearance of the king’s stunt?

“Everyone thinks about it. The king of the king really wants to have future generations. Whether it is a disciple or a descendant of blood, why has he never been in Pingxi? Why not enter the tomb of the king?”

“Shenlang was originally plain, and it was just after entering the tomb of the King of the King, and it began to fly. If it wasn’t for the secret of the King of the King, how could it be so miraculous?”

“So! This woman is fake!”

Ye Kuzhu became more and more quick, he began to speculate with suspicion, and he was already convinced that he was behind.

Others have also been convinced by his reasoning. Is it true that Shen Lang's miraculous rise is not two years?

He can be so fast, this woman's learning of six yang can be done.

If you are really a savage king, how can you be grateful for the help of Shen Lang, and use the words of Yi Shiyou?

How can a savage king, a predecessor, be a \*\*\*\*\* for Shen Lang?

The light in the eyes of the dragon's eye began to converge. In the first year of life, he could see the stunt of the king, the descendants of the king. He felt lucky, but the result was false.

"A group of tomb thieves, are you still skeptical?"

Zheng Yumeng looked at their attitudes and wanted to read a little bit of love. Hearing these questions, he could not help but sneer.

Next to Shen Lang, I heard a little sweat. If I follow this, he is also a tomb thief, and he has stolen the most...

"To say that the tomb thief, the deep waves behind you, is the biggest tomb thief!"

Ye Kuzhu immediately slammed it. "He not only robs the tomb, but also kills people, and ruins the tomb of the king!"

"If you are really a descendant of the king, how can you still be toward him? This should be your enemy!"

Zheng Yumeng is a bit embarrassed, but she is inconvenient to say more.

Just as Ye Kuzhu had the upper hand and was ready to continue the attack, Fuyang lived in the side.

“I believe she is a descendant of the king.”

He didn't like a loud voice, but as the master of Ye Kuzhu, he spoke and everyone listened patiently.

After listening to this sentence, I don't know how to say it.

The most awkward nature is the leaf bitter bamboo. He did not think that the enemy was forced by his step by step, but his master came out to hit his face!

“Master, would you be wrong?”

“Do you think that I am wrong than you are wrong, which is bigger?” Fuyang real person asked.

Although the leaves of the bitter bamboo screamed “why!”, but naturally did not dare to violate Master.

“I am very likely to be wrong.”

After that, he secretly took a breath and added: “Master certainly can't be wrong.”

“Don't be reconciled, I won't be absolutely correct, but it's not wrong compared to you!”

Fuyang real people said a word, then they did not pay attention to the leaves and bamboos, but looked at the waves.

“Master Shen Lang, although Master Zheng has grabbed your limelight, but this time, I actually came for you.”

He showed a peaceful smile: “I can't contact you. If you say it straight, Mr. Yue must not believe it, so he has to make a decision.”

When I said that I nodded to Yuezhennan, I apologized.

“In fact, I just asked him to contact you again and again, but he is a friend you can trust and I am reluctant to contact you. Even so, I have not hurt him.”

Fuyang real people have repeatedly explained that this is what makes the Ye family feel strange, because he used to be a domineering high.

Especially the leaves and bamboos are simply very disappointing.

I thought it was the master who supported him. I didn't expect to change my face at this time.

Fuyang real people did not care about their feelings. For his realm, only Shen Lang and Zheng Yumeng can get his respect. Other people are too lazy to care.

Including leaf bitter bamboo!

“What are you looking for?” Shen Lang asked faintly.

Even if the posture is explained, but if there is no reason to convince him, it is necessary to let the real person of Xiangyang give Zheng Yumeng a training!

“I want to talk to you alone!”

After he finished speaking, regardless of whether Shen Lang agreed or not, he directly ordered: “All of you will go out first!”

Although Ye Jiazhong people are a bit uncomfortable with this gesture of taking the lead, but the strength of others is there, but they are too angry to speak.

Most people are self-conscious about Ah Q: It is estimated that Fuyang real people are afraid that they will be tired of everyone, and they should be alone in the waves!

Ye Kuzhu is very depressed, but Master did not tell him anything alone. He can only help Ye Long in the past and go out with everyone.

“You also go out.”

Shen Lang said slowly.

The order of Fuyang’s real people can only be used by the people of Ye Family. Not to mention Zheng Yumeng, it is Mo Qi and Yue Zhennan, and he did not care for him.

Until now, Shen Lang made a speech, and they went out together.

Fuyang real person waved a hand to form a noise barrier, and then immediately opened.

“I have been watching you since I came in.”

Shen Lang did not pick up, waiting for him to go on.

“Two years ago, I knew you.”

“...” Shen Lang still did not answer.

“That time you should be at the tomb of the King of the King, killing the father of the bitter bamboo, Ye Shifeng.”

“...”

“I didn’t do it I can feel it because of the bond of bitter bamboo.”

Shen Lang did not cooperate with the meaning of chatting, and Fuyang lived without stopping. He directly began to talk.

“One day is the father of the teacher for life. This child respects me as a father, so I can feel the condition of his father.”

“Of course, the key is that you killed Ye Shifeng and broke off a piece of air transportation that belongs to bitter bamboo. This is the root cause of my calculation.”

“That part of the air transport, it is the harvest of the tomb of the king of the king! But I also concluded that it would not be too big, you and the bitter bamboo, not a level.”

“Because of this particularity, I paid close attention to your situation in the following time. As a result, I found out that your life, your luck, are all against the sky!”

Speaking of this, Fuyang real people stared at Shen Lang and slowly said his conclusion: “After my careful observation, I can confirm – you are not you!”

Chapter 489 - Heaven!

The 489th chapter of the heavenly machine!

You are not you!

If this is heard two years ago, Shen Lang will certainly be a bit shocked.

But now the situation is different, it is in this world, he also has the ability to protect himself.

Now, in front of this Fuyang real person to say these words, even if you fully understand his secrets, there is no such thing.

No killing is required.

Real people in Fuyang think that this will always let Shen Lang speak? I didn't expect it to be unmoved!

As a result, he became passive.

“Do you want me to be more detailed?” Fuyang lived a smile.

“Are the nonsense finished?”

“...”

Shen Lang was finally open, but this opening made the Fuyang real person blocked and did not know what to say.

“If you think this is nonsense, then it seems that we have nothing to talk about.”

“Who has a good talk with you?” Shen Lang disdainfully sneered: “Don’t you lie on your face and try to talk to me?”

Fuyang lived for a while, only to cough a bit.

“You are not afraid that I will announce your secret to the world?”

“What secret do I have? Why are you afraid to announce the world?”

For his threat, Shen Lang asked a question.

Looking at the disdain of the waves, the pressure of Fuyang real people is getting bigger.

He only thought that he had seized the scorpion of Shen Lang, but the other party did not take this as a scorpion!

The atmosphere was cold for a few seconds, and Shen Lang broke the deadlock.

“who are you?”

In any case, this is a step. If you don’t follow it, there may be no more steps in the back.

“My name is Fuyang, the inferior of Tianji Zong...”

Fuyang Reality has not introduced this self for a long time, and it is the same as his level. There will be introductions in peacetime, and they are generally introduced to the younger generation.

He introduced a disciple like Ye Kuzhu, who can use his own inferiority and introduce himself to this. It is weird.

After he finished speaking, he also noticed himself, and immediately changed his mouth "... transfer, the descendant of the celestial patriarch."

"We don't have a large number of celestial planes, and the realm may not be high, but we are a special existence that is respected because we can grasp the secret!"

"Tianji?" Shen Lang revealed a hint of ridicule.

Can you grasp the secret of the sky?

"You can laugh at me, but please respect my teacher!"

Fuyang real people are serious: "Our celestial patriarchs, the dynasties of the gods of all generations, there is no shortage of the national teacher."

Shen Lang is secretly funny, is the \*\*\*\*\* man so easy to come out? God stick is almost the same!

What is the rare thing about the National Teacher? Many scammers who rely on flicker can do the national division.

"The reason why I will find you with all my heart is to keep an eye on you and find that you are taking the chance!"

Fuyang real people continued to return the topic to Shen Lang's body, and began to throw a fierce material, so as not to sink into the waves and listen to him.

"When you killed Ye Shifeng, I calculated that someone had taken away a chance to belong to the leaf, but it was a small part. This opportunity belongs to more people..."

“In other words, the other party is not rushing at the bitter bamboo, nor is it directed at Ye Jia. This has caused my curiosity, and later the situation... You know very well, you don't need me to say more.”

When Xiangyang's real person spoke, he stared at Shen Lang's eyes and wanted to get his own inferences from his eyes and expressions.

Shen Lang nodded: “Sure enough, it is a \*\*\*\*\* stick! I know clearly, I don't need to say more... If I really believe in you, I will be forced to go to the meeting without asking you to prove anything.”

“You can insult my strength, but can't insult my wisdom!” Fuyang is a little anxious.

“If we don't have two sons, can we win the word of heaven? The signboard has long been demolished!”

“There is a saying – there are too many idiots, and the scammers are not enough. You have few people in the gods, you want others to disassemble the signs, and you are too lazy to pay attention.”

This time, Shen Lang directly called the Tianji Zong as a \*\*\*\*\* stick, which made the Fuyang real people unable to endure.

“Shen Lang! I respect you powerful, but I am not afraid of you! I also said, can not insult my teacher!”

Shen Lang looked at him coldly: “The secret can not be leaked! The open air machine will be condemned. If you really have two things, these words are prepared for you.”

“This...” Fuyang real people smashed.

Only liar will not be afraid of anything, because they have no morality, no faith, no fear of karma, just pay attention to the benefits before they say.

Faced with doubts, Fuyang really said helplessly: “You are right! I can’t say more about it because I am afraid of leaking open-air machines. But I don’t say more, you think I am a liar now, how do you say? do?”

“I have wasted too much time on your gods! Give me another chance... or don’t blame me for killing you!”

For the attitude of Shen Lang, Fuyang real people have both helplessness and anger, but when they hear this, they are trembled!

I don’t know how, just when Shen Lang was saying this, there was a chill that directly penetrated into his consciousness!

Well, he is also a real master, and a powerful murder is nothing, but this time it is a guilty...

“What you are searching for is the avenue of flying and escaping...”

Fuyang real people said a serious sentence, and it is strange to say that this sentence has just been said, and suddenly spit a blood out.

Shen Lang is a bit strange!

In fact, he believes that Fuyang is a bit of a skill. The gods can only be a moment, and the celestial sect can be passed down. There must be something extraordinary.

Whether it is to calculate or guess that he is a born-again person, and then know that the robbery is soaring, it is not a big deal.

But now I actually vomit blood...

Could it be that this guy deliberately forced himself to vomit blood in order to appear “dissipated in the open air machine”?

Or vomiting blood in exchange for more opportunities to speak?

“Look at your face, your parents should actually be alive!”

The real person in Fuyang just wiped the blood of his lips and continued to confide.

But this time there was no reaction, and he seemed to be slightly amazed.

It may be that this information is wrong, or it may not be a good idea.

Shen Lang is secretly nodding Two years ago, if Ye Jia investigated it, even if he did not personally, he would disclose it to the Chu family and take revenge.

After he returned from the dead forest, the bleak had already moved away and left no traces, and would not let Ye Jia find anything.

This shows that everything may be observed from the face.

“You ask for the avenue, you should go...”

Fuyang is still very serious, but this time, he has not said complete, he fell down suddenly!

After the blood vomiting just now, Shen Lang carefully noticed him, and he can be sure that this time is not pretending.

A master of the real world, it is not easy to make himself vomiting blood and coma.

Shen Lang is dubious, what is he going to say? If it is not a flicker, can you really reach the point of releasing the open air machine?

Chapter 490 - Leaking back

The 490th chapter leaks back

Although they have gone out, the door is still open, and they are also watching the situation inside.

Just because of the soundproof relationship, they can only see two people inside, do not know what to say.

However, the situation of vomiting blood in Fuyang has been seen, and the heart of the leaf is directly hanged.

Until now, the real person in Fuyang suddenly fell down, the soundproof cover disappeared, and he could hear the sound of his falling on the ground.

“How are you going to Master?” Ye Kuzhu yelled and rushed in, directly attacking the past.

Without the need to sink into the waves, Zheng Yumeng dropped him out of the air with a wave of his hand.

Shen Lang used to be in front of Fuyang real people and felt his weakness.

After the coma, it can no longer be disguised, unless he really hurt himself.

Shen Lang found a healing medicine to feed him, and then poured a bit of energy.

After a while, Fuyang was awakened, and people were still weak.

When he woke up, he still had a moment of loss of consciousness. When he saw the waves, he recovered his consciousness.

“The sky is back...”

Fuyang muttered a word, then closed his eyes: “If this is the case, it means that it is really open to the open air, indicating that my calculation is correct...”

“What the \*\*\*\* are you doing?” Shen Lang asked.

Fuyang lively smiled a bit: “Connecting with you is such a big reaction. Do you dare to say anything?”

“If you don’t lie, then you really know a secret, whoever you say is the end of the ending. And I, maybe it can be resolved!”

Shen Lang was really a little curious about him, and wanted to know what he was going to say.

Fuyang real people hesitated, if it is really a secret, then to be announced, the same will be countered.

Disclosure to Shen Lang, can you really resolve it?

In fact, there is no need to resolve it, as long as he keeps this secret forever.

Just as a disciple of Tianji Zong, I have always been proud of the spectacle. I can speculate that the bigger the chance, the more I will be in Mauritius. I really want to keep the secret of my life. Who can be willing.

Fuyang is not an ordinary person, and ordinary secrets are not to be said. Of course, he has a lot of power in dealing with the secrets of his life.

But this time, it is related to his industry, the secrets they have pursued throughout their lives!

“No return to hell...”

When I uttered these words, Fuyang’s real people inexplicably spit out a blood, and people almost mixed again.

The Shen Lang next to him, sure that this is not pretending, nor is it intentional, this time decisive shot!

When the real people in Fuyang suffered a resurgence of the sky, they quickly injected a strong spirit.

But he did not stop this inexplicable counter-attack. This kind of thing is likely to be stronger and stronger. If you stop it, it may be impossible for Fuyang to take it.

Shen Lang is divided into two steps. One step is to try to introduce some of the anti-phasing that he has to bear into his own body!

In addition to being able to make the Fuyang real person suffer less impact, he can also let him know what it is like after he has experienced it.

The second step is to follow the counter-attack and give a quick fix to the body of Fuyang. Although it can't be treated immediately, it can also get some relief.

The second step is naturally no problem, but the first step effect makes Shen Lang a bit disappointed.

Feeling the counter-attack, it seems to have withstood an attack, and there is no more clue.

However, he can confirm that this is not the effect of Fuyang's self-satisfaction. It is hurt by the inexplicable power here, and it is quite amazing.

“No return to hell? What is it?”

Shen Lang continued to infuse him. Just the first time, there was still some doubt, but now that he has believed it, there is no regret.

The real body of Fuyang is the most real thing. Just the Shenlang can really help him a lot. Although it is not resolved, it is also relieved.

Since it has already been said at the beginning, he is not so entangled, and he continues to speak.

“No return to hell, is a situation that appeared about five hundred years ago. Because it appears in the sea, it is also called the \*\*\*\* of no return, so it is called no return to hell.”

Before the death of Shen Lang, I have never heard of “no return to the sea”. This shows that this should be after his fall, combined with “about five hundred years ago”, it should be shortly after.

He had a guess in his heart and was associated with a previous suspect.

When I mentioned this, Fuyang real people found that they did not suffer any more!

“I have proved it.”

“Ok?”

“You are not a secret. After I say your secret, I have not encountered the secret.”

Fuyang real people are excited: “No one knows no one, but there is no degree of top secret, or some people know. So it is not a secret, only when you are together, it will trigger the secret Counterattack!”

I don't need him to say more, Shen Lang has already understood it.

When he talked about the way he was seeking to cross the road, where he was going, and when he finally said the name of the innocent sea, he was countered three times, but nothing else.

This shows that it is indeed related to Shen Lang.

what is this? God is not allowed to robbery and soar?

But he is still far from the sky, so far away from the point of touching the sky.

What kind of thing is the so-called heavenly machine of Fuyang?

“Then I am relieved, the core does not need to say, you already know, specifically about the return to the sea.”

“Tell me about no return to hell.”

“ ... ”

This time, it is the turn of Fuyang who does not speak. He is of course deliberate, that is, to return the attitude of Shen Lang before.

“What do you want?” Shen Lang asked faintly.

The other party has a hard time touching him. It is naturally impossible to provide information in vain. As long as it is not a lion's mouth, he is acceptable.

“How did you just treat me?” Fuyang real people couldn't help but sarcasm. “I also give you a chance to say a word!”

“You are free. Nothing is not only you know!”

Shen Lang was still treating him, throwing him out with a direct hand.

The real person in Fuyang once again stunned. He thought that he could make a bad breath, and he would treat his body with his own way, so that Shen Lang would ask him.

I didn't expect to be just a big idea. I said that there are still some people who know the secret of no return to the sea, and there is no uniqueness.

“Just kidding... In fact, I won't ask for any high returns. I want you to bring me when I go to hell.”

Shen Lang could not help but look at him more, actually want to follow the go to the sea!
