

First Strong 501

Chapter 501 - "Money is stupid"

When the box was opened, someone in the place felt a strange smell, although it was very light, but it was exceptionally penetrating.

It's just this feeling that makes everyone feel refreshed and knows that it's not something.

But frankly, there are not many people who think of artifacts. At this moment, I heard the introduction of the master of ceremonies, and then I have a fine product. It seems that it is really from the ancient atmosphere.

Some of the scenes that have been to Qiangjialing are excited. This is a familiar feeling!

The items that were just freely traded were basically brought out from Qiangjialing, but when they left the Qiangjialing, it would not make people feel like a thousand caves.

But this thing, let go to the thousand caves, and quickly pulled back that feeling.

"What the **** is this? You said that the artifact is an artifact!"

"That is, don't blow, we don't feel the breath of the artifact."

"Continue to introduce!"

Some people started to call.

Feng Wuji introduced to Shen Lang's voice next to him. Who is this, who is it? Through their identity, they can be sure that they are not ignorant people. If they are just, they may be intentional.

The ceremonies on the stage were slightly awkward, and then I continued to introduce them.

“Of course, this is not complete, but the artifact is an artifact, even if it is broken, it is of extraordinary value.”

“As for what it is, to tell the truth, I don’t know, it is not very clear about the owner who brought it out.”

The momentum is built, the Masters Alliance is just a platform, and it will not put their reputation on anything. So it is not clear what the specific artifacts are, and they have not made up a brilliant origin.

After listening to the introduction of this news, the crowd that was a little excited, cooled down most of the time.

Even if you don’t know anything, it’s still incomplete – it may be beautified, maybe it’s actually a waste!

Everyone will listen to the value geometry now. If it is not too expensive, then you may wish to buy a collection to pay respects.

Even if it is a waste artifact, it is also the name of the artifact. But if it is too expensive, then it will not be able to make it, and there are more Lingshi, and it should be left to buy the actual one.

“Now let’s announce the price of this artifact...”

The master of ceremonies saw that the atmosphere was cool, and it was no longer necessary to say anything more. He quickly tore the price covered under the box.

“Medium Lingshi – one hundred!”

When the price came out, it immediately became a slam, and everyone felt that the original owner was crazy.

If it is a real artifact, of course, it is far from this price, but this is a waste product. I don’t know what it is, or even an artifact. It’s going to be a hundred medium spirits. Is it bad to buy something?

Originally put this in the first one, I wanted to play a leading role. I didn't expect it to be "suddenly".

"One hundred, I want it." Someone raised his hand and shouted.

The wind did not look at the picture, the horse sent a voice to tell Shen Lang, this is child care.

Because this is not a big family sect, you can't afford it, and the possibility of a superficial spokesperson is minimal. The biggest possibility is to help the seller to raise the price of child care.

The wind can't see it, and many other martial art people can see it.

Plus, everyone is not very enthusiastic about this enthusiasm. At this moment, the child care price, no one is following the bid, and will soon become a joke.

The person who shouted the price started to be a bit unnatural, although he did not need him to make the money, but it was not completed.

"One hundred! Someone bids for one hundred! Is there any higher than this? There is only one chance. If you miss this one, it may take several decades! Everyone has to seize the opportunity, is there more than one hundred?"

The ceremonies on the stage are also eager to drink, but no one is willing to pay the price, so that his monotonous voice seems to be stunned.

"No one has more? One hundred for the first time..."

The master of ceremonies wants to delay as much as possible, but there is no water, and there is no way.

All the factions in the various departments of the audience are cold-eyed and lively, and some are quietly screaming at the same door and friends.

This has no value in the artifact of waste, a hundred medium Lingshi, more than everyone's heart price. If it is thirty or fifty, there are still many people who will be eager to bid.

Estimated pricing sellers, this is also regretted. If you keep yourself, you can sell a little eleven.

If you buy it back, the commission of the Tangyuan platform can't be less, and the child's reward is not mentioned.

Shen Lang nodded to Zheng Yumeng.

Zheng Yumeng nodded slightly, then raised his hand: "One hundred and one."

This said, let the eyes of all parties on the scene come together, want to see who is out of this price.

If it is other competing products, only one percent increase in price at a time may be regarded as intentional targeting.

But now that child care is waiting for someone to take over, and hearing this, it is a relief.

The ceremonies on the stage were the same, and they quickly changed their mouths and cried: "There are one hundred and one bids here! One hundred and one! There is nothing more? One hundred and twenty may say that it can be taken away!" "

They are relieved. Others understand after seeing it. Although the price is a girl, it is actually behind the scenes.

Shen Lang is the face of the upstarts who are "more than a lot of money." Some people are disdainful, and some people are envious.

However, no matter whether it is spoof or intentional rectification, no one dares to shout the price. If the Shen Lang is not picking up here, then you will plunge yourself into it.

"One hundred and one, is there more?"

After questioning a few times, after delaying the time, it was determined that no one would join the competition again. The master of the game announced that the first competing product was Zheng Yumeng.

“Are you because you don’t care about the stone, or do you see that this artifact has something extraordinary?”

For his shopping activities that are not blinking, Feng Jiji is not qualified to interject and suggest, but can’t help but want to know the value of this thing.

Shen Lang looked at her and smiled a little: “This is even an artifact It’s just artifact fragments. But I can afford it!”

There is no voice in the wind, it seems that he really knows, but knows that it is only a piece of artifact, still can not be bought, it is still the first reason, can afford it!

“You can afford to buy me, why not buy me?”

Looking at Zheng Yumeng around him, the wind is a little envious, can’t help but joking and asked.

“This is a sale... body?”

“...”

“This is a spiritual stone that hangs the name of the artifact. What do you have? Name...?”

For the connotation of Shen Lang’s connotation, this is under the public, let the wind without a little Ji is slightly awkward.

“Maybe. Do you want to check it yourself?”

“Hey!”

Chapter 502 - Mysterious stone

Shen Lang's first shot, although everyone felt that the money was stupid, but it still led to a little atmosphere.

By the time the second and third parts started, the enthusiasm for everyone's bidding began to rise.

The price is not directly at the level of a hundred medium spirits, and the quality is much better than before the free trade.

Shen Lang is keeping a wait-and-see attitude, and no more easy shots.

Others have seen the favorite items, they will inevitably pay attention to the Shen Lang, lest this guy killing and killing people.

No matter how much the other people raise their prices, they all have a certain budget. Even if they are wealthy families, they are not just paying for it. Generally, they will prepare a budget for one or two resources.

It can be said that this wave is holding a thousand or two medium-spirited stones in hand, and never ignores it, and looks at the style of saving money.

Therefore, in addition to competing with other bidding opponents, every bidder feels the feeling of being grabbed from the invisible opponent of Shen Lang.

"What do you want? If you don't take it again, there may not be much."

The wind did not see the Shen Lang has been calm, no longer shot, could not help but reminded.

In fact, other people have begun to be a bit skeptical. Is this kid not looking at it, or is it actually not so many Lingshi?

But no matter what, everyone still grabs their favorite resources. After all, there are only a few auctions, and most of them still have nothing to gain.

As we get to the back, the other people are more anxious, and the enthusiasm for bidding is much bigger.

“The last three items are left, and everyone wants to hurry up!”

Before the third last item was revealed, the master of ceremonies reminded everyone, lest many people still maintain a wait-and-see attitude.

This is also a little embarrassment for the scene, I feel that the auction items are too little.

But since the situation is already the case, you can only put on the last few items, especially the finale.

There are also strong homes like Qiao’s family, just to wait and see, and insist on what to buy. If the value is not big, or if there is no price/performance ratio, then don’t worry about it!

After all, they have a good reserve of resources, not a icing on the cake.

The third last item is a stone!

After this was unveiled, everyone was speechless.

“Everyone must be very strange. There is no aura, and there seems to be no special stone. It can be used as a treasure auction.”

“It’s not that we are crazy, we are not selling off, but this thing is really different!”

At this time, Miss etiquette sent a sword, the master of ceremonies condensed, and smashed against the stone!

Although he is more powerful than his guests at the self-improvement site, in fact, he also has the strength of the late stage, otherwise it is impossible to work in the Master League headquarters.

Just now, everyone can see it on the spot. Even if it is a stone with a relatively high hardness such as marble diamond, it can be broken when a sword goes down.

If it is a sword, or if it is very strong in power control, it can even be cut directly without breaking.

“Ding—“

After a harsh sound, everyone saw it, and there was no change in that stone.

The master of ceremonies raised the sword again, and most of the people on the scene were very high, and the eyesight could clearly see the changes above the sword.

“This is an ordinary stainless steel sword, but I can’t cheat.”

The blade that slashed at the stone above has already been rolled up. This is still because of the relationship between the vitality of the gas, or else it has already broken.

“If it’s just hard, it’s nothing. The key lies in its mystery. Whether it’s a well-informed master or a modern technology, it’s impossible to find out what it is.”

“But there is also a benefit to this item, that is, the price of the auction is not too high, and the price is ten medium spirits.”

Ten medium-spirited stones, in exchange for unknown mysterious stones, can’t draw?

The key to this problem is to see how many Lingshi have.

If you are just a working class and spend tens of thousands of dollars to buy a bottle of wine, you can’t make it.

But for billionaires, it’s already secondary to not knowing what to do. If you like it or not, it’s the key.

There are still a lot of scenes that don’t take ten medium-spirited stones as one thing.

There are some that have not been harvested before, and I will prepare to take one more back at this time, and all the openings will be auctioned.

Although it does not seem to have any effect for the time being, what good is it in case?

Eleven, twelve... twenty, twenty-one...

The final price was stable at twenty-five, and no one spent more of the Lingshi.

With more Lingshi to gamble a stone, the risk is still too great.

“Thirty!” The price is Zheng Yumeng, who was inspired by Shen Lang.

She won’t go to the heart and soul, as long as Shen Lang says to buy, then buy.

The buyer of just twenty-five was the son of Shuo Yu, who was from the Qiao family in Beihai. He was still a bit hesitant when he bid for twenty-five.

If someone else picks up, he may just let go.

But now I see that Shen Lang has come out to increase the price, and directly raises the price from twenty-five to thirty. Is it intentional to drop his face?

“Thirty... one!” Joe Yu Yu added another one.

“Thirty-five!” Zheng Yumeng then quoted.

“Thirty-six!” Joe Shuyu followed and shouted.

Before the bid to twenty-five, he was still in the range of rational calm. So Qiao Yong did not say anything. Now that he is impulsive, he touched him to show his reminder.

Qiao Shuyu also knows that this is irrational, but this time he still has to fight for this tone.

“Forty!” Zheng Yumeng is still a direct increase in the price of light clouds.

Everyone looked at them on both bars and they were very excited. One is the genius of the Beihai Qiao family, one is the nouveau riche, who is more money and who is more stupid?

Qiao Yong’s reminder, let Joe Shu Yu cold to maintain a bit calm.

Falling face? Deliberate?

Then take it, how many 15 medium-spirited stones are cool?

He licked his abdomen and shook his head on the stage, indicating that he would not increase the price.

“Forty! Is there more than forty? If not, That mysterious gem is the girl! Forty first, forty second, Forty and third times... deal!”

Everyone had to take it. Shen Lang has bought two pieces until now, and they are very self-willed items.

But this is also good, don’t have to grab it with everyone, let him buy some chicken ribs and go back.

“What is the penultimate item? It will be announced for everyone right away!”

“You will definitely be shocked, please look at your eyes!”

After the ceremonial appetite, it was no longer sent by the hostesses, but several monks were carried up, and a higher item was covered by red cloth.

Of course, as far as this scale is concerned, how can a monk be able to move, and a few people carry it up, just to create momentum and appear grand.

When the ceremonies opened the red cloth, Shen Lang could not help but be surprised.

Chapter 503 - Super **** man?

It's not just the deep waves, but the high-sacred sacredness is also amazed.

What emerged was a huge animal bone. Although it was only stolen for a while, everyone could recognize it at a glance. It was the bone of the giant rhinoceros beast.

They couldn't take so much at the beginning, Dorothy drank the blood, and they took the skin, the ribs and the dried meat away, and of course the marrow.

The rest of the skeleton stayed in the heroic chaos, and I was still feeling that after a few hundred years, I wonder if this will become a new spirituality.

Now that I saw this bone appear here, it is certain that after they have just passed through there, and the same cannot take the skeleton away, a small part is taken.

They looked at each other and were a little bit dumbfounded.

But even if they threw it, it was backed by others, and it was impossible to get back in the past.

Zheng Yumeng was a bit puzzled, because at that time in the Qiangjialing, it was desolate instead of her, the memory of the giant rhinoceros was not in her.

Shen Lang's simple voice told her about it, so that she would not let Gao Li and Yu Sheng both doubt.

The ceremonies on the stage are building momentum: "Look at everyone! This is just a bone, so huge, it can be seen what a scale is a complete skeleton!"

"With such a huge bone, it is naturally a fierce beast!"

"The most important thing is! This is not the bones that have been weathered for centuries, but it has been freshly baked. It was the last time that in the Thousand Grottoes, there were super gods who killed such a beast."

“I really don’t have this store after this village. What kind of role can such a big beast? Can you have a master? It is better than me.”

Su Datong and Wu Bowen are of course full of hope.

There should be a lot of medicines that can be used, and the value is extraordinary. But they can only look at it and can’t afford it.

If it is an elementary stone, Su Datong can still participate, but now the basic price is a medium Lingshi, which is beyond the scope of his consumption.

The animal bones of the high-ranking beasts are different in different sects. The martial art family that favors the refining of medicinal herbs is of course used for medicine. If you are good at forging, you may use it to build weapons and magic weapons.

The simplest and rude usage can also be taken and used to make the remaining marrow fluids absorb and absorb.

However, no matter how it is used, the premise is that you can get the auction first.

The reserve price for the auction is fifty medium spirits.

This price is also acceptable to everyone, so the big animal bone, even if you can’t get a part of the marrow, you can have half the value, plus the value of the bone itself, the price of a marrow is still worth.

What is left now is the last penultimate one. The last one is the finale. It is definitely worth a lot. Even if it is not the most competitive, it may not be affordable for the average person.

Therefore, this practical big guy immediately got a lot of people to buy, although each time the price increase is two, the maximum is five, but the price quickly rose to more than 80.

“One hundred!”

The loud voice sounded up, and everyone looked at it and looked a lot.

This shouting price is the son of Joe in the Beihai Qiao family. The family has a strong family base, and the number of bids has increased by more than a dozen. It is a must-see.

If everyone is one or two competitions, it is a state of glue, and there will be no hostility between each other.

However, such a big price hike is a kind of declaration of ***** end. If there is still someone who continues to compete without interest, it is on the front side and it is easy to offend people.

Many people still have ideas, and they can only shake their heads with regret.

If you have more than one hundred, even if you can still get a hand, there is no price/performance ratio.

They are not so many spiritual stones that they have no place to use them. They can only buy them if they can't buy them. I didn't want to offend Joe's house for things that didn't cost.

When he saw his opening, he shocked the audience. Joe Shuyu was quite satisfied. He looked around and finally provoked the opening.

“Master Shen Lang, don't you shoot? This is the most expensive of you, not bidding, let me win and not enjoy.”

His words were not big, but they spread throughout the ears of everyone in the hall.

Everyone reacted, and Joe's son is going to be on the swell!

Most of the scenes are real-world. I didn't really notice the heroes in the past, and I don't know the problem of their two nouns.

So if you don't know that the two people have seen it on the Hangkong Island, they think that their grudges are just caused by the bidding.

If you don't participate in it, just watching the excitement, everyone will not be too big. They all looked at it with great interest and hoped that they would be more intense.

"Qiao Gongzi is bound to get this bone?" Shen Lang faintly returned.

"It doesn't matter, buy it and play. Master Shen doesn't have to worry about winning, even though he bids."

The words of Qiao Shuyu, although everyone thinks it is pretending to be forced, but they have to take it, and people have the confidence to install it.

Others can say this, but the premise is to get so many spiritual stones to "play".

"I am not a dog. There is no prior interest in bones..."

After Shen Lang's words have not been finished, he will be angry with Joe.

Isn't this turning and saying that he is a dog?

"Is there no interest or no enthusiasm? According to legend, you have extracted more than a thousand Lingshi from various factions. Are they all fake?"

The words of Qiao Shuyu are a bit of a relationship between Shen Lang and other factions.

Many of them were on the scene today and they bought tickets with Shen Lang.

If you have earned a lot of good things, of course you don't feel lost. But the big ones are always only a very small number. If more people don't have any goods, they will lose money.

Shen Lang smiled and ignored him. He said to the ceremonies on the stage: "Don't affect it. Let's continue the auction process. After Joe has bought it, I will explain why in public."

"Cut!" Joe Shu Yu whispered.

Most of the people on the scene are also the same mind. I feel that Shen Lang is embarrassing.

Isn't this guy not afraid of it? When I meet a behemoth like the Beihai Qiao family, I can only recognize it.

Is this a time-conscious person for Junjie?

The ceremonies on the stage are also satisfied with the one hundred bids. Of course, it is best to compete with Joe and the sons of to sell better prices.

However, Shen Lang said so, meaning that he would not bid. He had to ask another question. After no one bid, he was finally won by Joe Shu.

“Explain! Wait for your explanation!”

After the bidding was settled, some people sighed, and Qiao Shuyu also looked directly at it.

Shen Lang laughed and said nothing, nodded to the sacred sacred.

Zhai Sheng stood up directly and shouted loudly: “Isn't that just saying that this is the super beast that the super ***** man just killed last time? Hehe! This super ***** man is my master – Master Shen Lang!”

He can completely achieve the volume of normal speech and send it to everyone's ears, but it is necessary to scream high and drink to be domineering.

When this statement came out, everyone who was waiting to see the excitement was shocked!

Qiao Shuyu is undoubtedly the most embarrassing one...

Chapter 504 - That is what we don't want

“impossible!”

“Blow it! How can Shen Lang kill such a huge super beast in Qiankuling?”

“It’s really a long time to see, huh, I have seen all kinds of bragging, not blowing so big!”

After the stunned, everyone’s arguments were repeated, and Joe Shuyu recovered.

Yes, you said that it was the killing of the waves, and I said that it was killing me. Will it be killing me?

He kept sneer and didn’t arbitrarily argue, lest he should drop the price, and other people’s remarks would be enough to refute the words of the sacred.

“No! You forgot? When I was at the temple, Tianshan Jianzong sold a lot of fierce beasts to us.”

“Yeah, there are fierce beasts and skins, they are all very big. It is really possible!”

“If it wasn’t for the smashing of this huge beast, then they should kill a lot of beasts, so that there are so many skins, but we can come back early, can we get it?”

Some of them had bought some muscles in Shenlang, and they started to show up.

They have nothing to gain, just bought a bit back and have a confession. Today, I come to this fair and want to see if I can buy it.

However, there is nothing to gain from it. In addition to bad luck, their strength and their financial resources are not strong, so this time they are only opening their eyes.

Now it is rare to have the opportunity to brush the sense of existence, so it is also talked about.

There were two voices on the scene, some of which were not believed, and some of them were not directly evidenced, but there was side evidence.

The son of Joe, who had calmed down, was a little uncomfortable.

If the proof is really killing by the waves, then the provocation is just a shame!

“Master Shen Lang, this is really what you killed? Do you have any evidence?”

No need to open the waves, the sacred sacred has already slammed back: “Why give you evidence?”

“Oh!” Qiao Yong smiled and spoke.

He was originally not blended, but later found that he did not come to Taiwan. If it was really killed by Shen Lang, it would make Joe Shu Yu very embarrassed and affect the reputation of the Joe family.

In combination with those people’s arguments, no outsiders have seen that the fierce beasts they have bought are also cut and cannot be proved.

Now the attitude of blasphemy is equal to giving him proof.

“Master, calm and calm. The seller who brought back the animal bones has seen the scene. People have not said that they killed, and do not need to describe it. With this animal bone, we can infer how big. ”

“But you said that this was killed by Master Shen Lang, how much should you give evidence?”

“Why give you evidence? What benefits do we have? Just because you are the Beihai Qiao family? Do you want to bully us Tianshan Jianzong?”

Shen Lang couldn’t help but be happy. The old boy was very embarrassed on the surface, but his speech was organized. He buckled the “benefit” and deducted a hat from the North Sea Qiao family to bully the Tianshan Jianzong.

Qiao Yong is a bit embarrassed. The Beihai Qiao family has the strength to bully the Tianshan Jianzong. That is another problem. The problem of “bullying” alone cannot be recognized. Otherwise, it will not become a public enemy of various factions, and it will also make everyone feel resentful.

“The master of the swearing is heavy, whether it is Joe Gongzi or me, or everyone on the scene, is out of curiosity about this giant beast. Since the master said that it was killed by Master Shen Lang, it is best to give us a piece of evidence. Let us sincerely admire!”

He is not a fuel-efficient lamp. He said in the dark that “there is nothing to say, and there is no evidence that everyone will not be convinced.”

He also wants to smash in the past, and Shen Lang signals him to stop and speaks in person.

“Master Qiao Yong said that there is no reason to say that it is not convincing. But this is what we said. You have to give evidence. Does it mean that he is lying? You are a true The disrespect of the late masters is even insulting!”

“...” Qiao Yong burst into a stun.

The sacred sacredness is already a bit tricky. I didn’t expect the smashing of the waves. Although the hat buckle is not as big as the “Qiao’s bullying Tianshan Jianzong”, the insult to the individual is even more acute.

“Yes! My heart has been seriously hurt!” Yu Sheng seriously cooperated with acting.

“Moreover, this is the animal bone we have abandoned. The Joe Gongzi asked me to bid back more than one hundred medium Lingshi prices. It was very absurd. It is even more ridiculous to provide evidence for absurdity!”

When Shen Lang opened his mouth, he blocked Qiao Yong, and then attacked Joe’s ridiculous.

The skill of this mouth cannon can not help but be convinced – can not be the master of their sacred!

Qiao Yong wants to be much older. When Shen Lang slammed Joe Shuyu, he thought about the countermeasures.

However, Qiao Shuyu can not stand the accusation of such a public, not waiting for Qiao Yong to speak, has sneered out.

“Is it not to want to benefit from it? Do you want to extract the various factions from the various factions? If you can give evidence, the bones of this 100-inch spirit stone auction, I will give it to you!” ”

Their two direct confrontation, let everyone quietly come to see the fun.

Qiao Yong is frowning, and Qiao Shuyu is a middle school!

However, he just wanted them to give evidence, and he believed that there was no evidence in the Tianshan Jianzong. So there is no stop, and there is no voice to remind Joe Shu Yu.

“Look! Joe is really ridiculous. I just said that the skeleton of the whole giant beast is not for us to abandon. It is the same as the treasure of others, and then you will be competing for the auction.”

Shen Lang is a very calm and relaxed tone, but it is spread throughout everyone’s ears.

“I throw a bone, the dog’s fart and the squat back and shake the tail. This is understandable. But you are the Joe son of the Beihai Qiao family!”

“Shen Lang! I am forbearing to you!”

Seeing Shen Lang and ridiculing him as a dog, Joe Shu Yu angered.

“Cough, Joe is not angry, this analogy is not appropriate. Then I will say it directly! If I can prove that this is my kill, bones you still keep yourself another compensation for one hundred Lingshi! Can you dare to pick up?”

Qiao Yong quickly rushed to remind Joe Shuyu not to pick up, than they gave evidence, it is not necessary. One hundred Lingshi can be too costly!

Qiao Shuyu feels that he has been forced to face up. He must prove that Shen Lang is bragging, or that he is a ridiculous straw bag.

“Receive! If you can’t get evidence? Don’t say anything about mental damage, take the actual action!”

“Of course, then I will pay you a hundred medium stones!”

Shen Lang smiled and promised to everyone: “I doubt my onlookers, dare not play the periphery? How much do you dare to gamble, I can’t get evidence, I dare to lose!”

Many people are heartbroken, including those who have just proved to Shen Lang. Because they have only seen the cut flesh, these can also be on the multi-headed beasts, can not prove the prototype like bones.

Just bet it, you can double it back!

Chapter 505 - I can afford it.

Everyone can’t help but think of Shen Lang’s “home history.”

There are a lot of people who didn’t know much about it before. It was only after he was domineering the Master League last night that he made up the lesson.

It is rumored that Shen Lang holds one or two thousand medium Lingshi, although I don’t know how to make a home at the beginning, but the last time I received the ticket to the Qiangjialing was a big deal.

At that time, many of them did not believe him. What he shouted was also double compensation. Later, it seems that everyone went in, and no one asked him for compensation.

This shows the confidence of Shen Lang and also shows his credibility.

When I came back together in the temple, there were not so many people, but they also used the gambling method. Shen Lang eventually won.

Considering that Shen Lang has hardly lost, these have gone through thousands of caves, but they have carefully retained their opinions. Even if the double compensation is very attractive, the principal is lost, it is also very hurtful!

But there are still some who do not believe in evil, and chose to bet with Shen Lang.

In addition to not believing that Shen Lang can kill, they are also taking a step back. If they are together with the high mountains of the Tianshan Jianzong, they may be successful.

But they were not good at carrying them at that time to abandon these cheekbones, not really generous. Then the things they brought back, like the ones sold to everyone, must also be cut.

Now it's been half a year, can there be evidence?

However, although other people want to win more from Shen Lang's hands, they are not so atmospheric. After all, they add up to about one hundred.

This farce made the ceremonies on the stage all aired, and everyone did not care about the finale of the finale, but was taken over by Shen Lang.

However, the Masters Union gave him instructions not to intervene and let them continue.

This time, the Qiangjialing Resource Fair, Tang Banshan has a considerable part of the reason, that is, I hope to get some good resources from Shenlang.

However, because it was noisy before, and Shen Lang did not disclose anything, he did not know how much resources Shenlang specifically had.

It's just the Guangximen seal and the Promise Gate, he still remembers it!

If Shen Lang wants to prove it now, maybe it is to take out the inner beast of the giant beast...

"Everybody's Lingshi is ready, what is your evidence?" Qiao Shuyu stared at Shen Lang.

Just after the confirmation, the bets were given to Lingshi first, and they were collected by Yu Sheng and Gao Li.

“Yes! Evidence!” To the Lingshi, I hope to have a quick result. If he has no evidence, then he will compensate Lingshi.

Shen Lang nodded to Zheng Yumeng.

Zheng Yumeng immediately took a huge rhinoceros from the storage space of the blood crystal bracelet!

This was the first time that she was letting her cool down. She knew that there was such a thing, but it was not very clear but she also knew that it was obtained in Qiangjialing. It was already corresponding.

When this huge rhinoceros was released, Zheng Yumeng suspended it in the air and turned it for everyone to see.

“You can ask the seller, did you not see this at the scene? Of course, you can say that this is not necessarily the beast. I can still confront him, how many huge fangs are on the scene.”

Shen Lang talked: “The master of Lu Plains of the Master League headquarters can also come out to testify, but I sold a long skin and ribs to him.”

“This is not evidence!”

“This is not necessarily the top one!”

They are all harvested in Qiangjialing, the same time, and calculated from the size, it should be almost a huge beast.

To say that someone else has killed the same giant beast, and they have also killed one, and it is too clever.

But these have to be recognized, they lost the Lingshi!

So I just bet on it, regardless of the opposition of the face. At this point they have not expected to win, and they are satisfied with the return of the principal.

The face of Qiao Shuyu became ugly, and he could see that this should be a fierce beast.

And Shen Lang not only has a giant horn, but also skin, meat, tendons, etc., and knows how many fangs are, it is definitely a giant beast before the seller.

They chose a good one, and they left it there when they were not convenient to carry.

Although it is also possible that other people have killed it, it is only that they are cheaper, but the last time they entered, is there such a super god?

If you really want to, you can kill the beasts, and you can't leave them all. Is it just taking the inner marrow and so on?

“Can you come up with the inner beast of this fierce beast?” Qiao Shuyu slowly asked.

Everyone was quiet and wanted to see if there were any waves. That is the most important thing. If this is in his hands, it really proves that they killed.

“I came up with Nei Dan, what do you ask for?”

“Frankly, I have refining in Nedan! But there is this... please see the big screen!”

When Shen Lang had just bet on Lingshi, he had already sent a photo to the wind through Bluetooth, letting her go to the device and just projected it on the big screen.

What you see is a giant rhinoceros that has just fallen!

There are pictures with the truth.

I have been to Qiangjialing, but I can also confirm that it was really taken from Qiangjialing.

Shen Lang laughed and said: “This is before the dismemberment. If you still don't admit it, it doesn't matter. You can't afford to lose two hundred spirits. I can afford it!”

The face of Joe Shuyu was so hot that he had lost his face and lost the face of Qiao's family. If he still refuses to accept the account, it really defeats the reputation of Qiao's family for thousands of years!

"No, I admit that you won. But I believe that you are not alone, you are killed with the help of others in the Tianshan Jianzong!"

This is not a sophistry. Others think so.

Half of the Joe Yu Yu recognized it, and everyone else could only scream.

But there are still brazen people!

Compared with the face, Lingshi is more important. Even if the face of the whole martial art is lost, the lining must be returned.

"Joe Gongzi atmosphere, I am not as good as myself, but your evidence can not convince me, I do not believe that you killed."

This person came over, and under the watchful eyes of so many people in the audience, he insisted on asking for Lingshi.

Feng Wuji is coming back, seeing Shen Lang can't figure out who this person is, busy reminding me.

"This is Gujiang's righteousness."

Shen Lang smiled slightly: "Hello is Gujiang right?"

"Yes I am right in the air..." The man has already sneaked out, ignoring the eyes of everyone. Since Shen Lang said it broke, he admitted.

He originally wanted to say his name, and he took this stigma yourself, not affecting the sweeping faction.

But Shen Lang didn't wait for him to finish and interrupted: "I don't want to know your name. I remember that Gujiang is just right! What is he betting? Lose it to him!"

The sacred priest immediately went forward and gave him twenty stones directly: "Hey, righteous! Righteous!"

"Who else?" Shen Lang called again.

Others who have bet on it, although they want to get rid of it, think about the reputation accumulated from the ancestors for hundreds of years, so that it is ridiculed by the world, not just a joke of generations, but no one can believe it. .

Still credibility is more important.

Chapter 506 - Finale competing

The result of this farce is that Shen Lang has harvested 180 spirits.

Others who are betting are painful, but the worst is actually Joe.

The giant beast bones that were originally auctioned by the 100 Lingshi, even if the price is not high, still have some value.

Now it's not just a hundred spiritual stones to go out, but it's a shame to keep this thing – no one will forget, it's a throwing wave!

Fortunately, the master of the ceremonies can be considered to be doing things, or the Master League is under the command, so that immediately enter the final stage of the finale of the auction.

"The final finale is amazing!"

The master of ceremonies sold the goods with the red cloth.

However, it was originally necessary to draw everyone's attention and not dare to delay, and immediately revealed the answer.

“Nedan!”

He just unveiled the red cloth, and someone has screamed out.

“Yes! The last trip to Qiangjialing, there are also many martial arts friends who have encountered fierce beasts. The size is different, but our world has few spirits and beasts, how are they very rare! ”

When Ben came here, he was ready to brag about this fierce beast.

But just the animal bone, has proved that a huge and fierce beast is the killing of the waves, and naturally also harvested a high quality inner Dan.

Compared with that, this is a shame, so it is not good to blow too much.

“The role of Neydan... Haha, or that sentence, everyone here is a master who is better than me. All aspects of knowledge are far better than me. I will not be able to make a fuss, just emphasize one sentence again – only one piece ! Finally finale!”

The role of Nei Dan and Lingshi is essentially the same. From the perspective of sustainability, it is still better, and there are no problems for decades and hundreds of years.

However, in terms of absorption, it is much better for Nedan. This is equivalent to the condensation of the people who have cultivated for you, the speed of absorption, the utilization rate, etc., which are far from being comparable to Lingshi.

Since ancient times, the two struggles for resources in this area have never been broken.

In the legendary story, the ghost fox absorbs the yang qi, and the savage beast swallows people, which is the most common way. When encountering monks, they often take it for repairs and even win the people.

Similarly, the monks and the beasts of the demon, the ghosts and the beasts in the localities are almost killed in the name of “devil and demon”. Some are really to save ordinary people, and more for inner dan!

Whether it is positive or evil, people or demon, are quickly improved and repaired.

Just like before the water and the moon, spent eighty medium Lingshi, bought a “phoenix”, in fact, the value is a loss.

But the accounts are not counted like this. They buy them back, give them to their predecessors, or break through the higher realm. After that, they go to Qiangjialing, but they have a lot of gains. Just talking to Shen Lang, they are hunting a flying beast. .

When I came back, I not only sold the original price to Shen Lang, but also took back 80 of the medium Lingshi. Then Shen Lang bought another bottle, plus a metal card and a pair of claws, and got a hundred medium spirit stones.

This is equivalent to the Lingshi turnaround, and soon make a big profit, let alone the effect on people.

Now the same is true for Nedan. The Lingshi that spends it out may let the sects do all the huge sums, but if they can make their own pillars reach a higher level, or they can continue to support them, they can find other ways. Earn back.

“This last finale bidding, the price of this one Nedan... two hundred medium Lingshi!”

When the price came out, the scene suddenly became a little noisy.

Everyone wants to buy Nedan, the price also thinks that it will not be cheap, but the price is two hundred medium Lingshi, this threshold, immediately sifted most of it.

Even if two hundred can get it, this is the reserve price. How can it compete with people’s wealth?

“Two hundred and fifty!”

When most people still whisper or discuss, some people have already spoken.

This directly raises fifty Lingshi, in addition to showing their own strength, but also wants to scare off their opponents.

But in this way, the threshold has been raised a lot, some of them can still be a bite, and completely ruined hope, they secretly sneaked him two hundred and five...

“Two hundred and sixty.”

“Two hundred and seventy.”

Followed by the bidding, one plus ten, no more than fifty.

Joe Shuyu is watching the waves, but he did not bid this time. Just let him make two hundred and make a joke.

Now if you still want to continue to fight with Shen Lang, you will definitely not win, so he will see if Shen Lang is bidding.

“Three hundred! There are three hundred bids here, and the master is bidding higher?” The price soon reached three hundred, and the master was excited.

Those who bid on the spot, of course, many people are paying attention to the reaction of Shen Lang.

Two hundred to three hundred, this screens a considerable number of people, but as long as the Shen Lang is here, it is a great variable!

Their current hope is that Shen Lang has obtained the inner Dan of the giant beast and can't see this one, so that everyone has a chance to compete.

Before the “two hundred and five”, I didn't scare everyone away. I bit my teeth and shouted the price of “three hundred and five”.

Shen Lang looked at the wind without a glance, and the wind did not gratefully whispered: "He is not a childcare, the Nantian family, probably for their ancestors, Nanliuchuan."

Shen Lang does not know this bid, Nanliuchuan does not know, but Nantian family knows.

It is also known as the Nanjia family's south home, and is also a giant with a long history.

"Somewhat..." Shen Lang smiled slightly.

He just put the Joe Gongzi of the Qiao family in Beihai. If you want to compete in this inner Dan, you must have a man from the Nantian family.

However, he does not care who's face, Nedan this thing can not be met, just like a giant tortoise, the world has a beast and beast or a demon, are all squatting.

To get such things as Nedan, only to other small worlds, and he was in the dead forest for a year and a half, and saw the highest level, and it was also the golden giant that Count Dracula kept for many years, showing that the beasts are rare.

The more resources you need to cultivate, the more resources you need, and the other people around him need it.

This will not be any kind of polite!

After receiving the instructions of Shen Lang, Zheng Yumeng nodded and joined the ranks of the bidding, but each time the price increase is only ten.

Zheng Yumeng represents Shen Lang. When she opened her mouth, most of the other people gave up immediately.

Shen Lang claims to hold one or two thousand medium Lingshi, not to mention anything else. He has just bid for two items, and the spiritual stone for bidding is one hundred and forty. From the hands of Joe and others, he got one. One hundred and eighty.

With such a guy, do you win?

They don't have their own grudges with Shen Lang, and they don't deliberately raise the price to sneak into the waves. Of course, the risk is not small. If others don't want it, they will have to take the high position.

After a few more rounds, the price exceeded four hundred, already very high, and decided to give up.

The last thing left is the Nantian family and Zheng Yumeng.

Chapter 507 - Private transactions

"Four hundred and ten, is there any need to add? Four hundred and ten!" The master of ceremonies looked at everyone's enthusiasm, and quickly continued to build momentum, hoping for a fierce competition.

"I am a South Leaf, can you talk about it?"

The Nantian family did not continue to shout, but did not directly reach the four hundred and five as expected, but chose to pass the sound to Shen Lang.

"How do you say?" Shen Lang faintly returned.

What he looks at is not willing to be polite. But other people's polite politeness, he still speaks well.

"I heard about the style of your last auction. I can harden other people, but if you like, I can't fight it..." Nan Yiye had no choice but to smile.

"Long story short."

The ceremonies on the stage are still making momentum. Four hundred and ten are Zheng Yumeng's call. If Nanyiye still wants to bid, he must increase the price, or else Zheng Yumeng will be filmed.

“I heard about your private trading with Shuiyue Dongtian. I am willing to give up the bidding and privately find you to trade. Or you give up and let me compete, I can also trade the equivalent goods.”

Nan Yiye is also anxious. If it is not confirmed, the stage will not be able to delay the time.

As long as he shouts another round, whether he or he gets it, he has to pay more spiritual stones.

“Well, you give up first, let’s talk again.” Shen Lang certainly won’t let him get it.

“Can I believe you?”

“Don’t you inquire about the trading of Shuiyue Dongtian? Oh, if you are a Nantian family, I still don’t believe you!”

South Yiye is a bit sweaty, but Shen Lang’s arrogance and domineering, last night’s attitude towards the Master League Tang Banshan has already seen it, and he has not given Joe’s face.

“Good! I give up, hope that the king is trustworthy!”

The ceremonies could not continue, and their eyes were always on the side of Nanyiye, but they did not get a response. They could only finally determine that 410 of the medium-spirited stones were filmed by Zheng Yumeng.

In this way, as everyone guessed before, Shen Lang only took the shot, and it did not fail!

And he took three items, which is also the most on the scene.

Adding up to three, five hundred and fifty one stone, has already caught up with the total transaction price of other items.

For a time, everyone is envious and hateful to Shen Lang and even to Tianshan Jianzong.

Although Sheng Gao was so distressed that they spent so many Lingshi, but this is all earned by Shen Lang, and they have no power to interject.

On the other hand, the Tianshan Jianzong, really and once again, they all felt that their faces were dimmed.

“Say a sentence should not be said... Although you have won a hundred and eight spiritual stones, but the money is not exposed, you can even abandon the skeleton, naturally it is getting more valuable things. Others will stare at you, even... ..”

Feng Wuji waited for the dust to settle, and then the voice reminded Shen Lang, so as not to affect the attention of his bid.

“Thank you for reminding.” Shen Lang smiled at her.

Feng Wuji also laughed and laughed at himself: “Of course, if you dare to do this, naturally there is a way for you. It should be that I care more.”

They are voice conversations. If they are not carefully noticed, they will not be noticed. Therefore, in the eyes of Zheng Yumeng, the two people smiled and teased.

She kept calm from seeing Su Meizhen, and one night, but still can't help but grin.

This is what the wind has to pay attention to, and then smiled and said to Zheng Yumeng.

“Little sister, this time you have a lot of attitude towards me. Hehe... let me guess.”

Zheng Yumeng glimpsed a little, knowing her before? Very bad attitude towards her?

In fact, the last time was bleak!

Feng Wuji looks at this little girl is cold and cool, has a different stability from the outside, can not help but marry her a few words.

The result was a sneer and said that she had cut her milk, and said that her face could not be stabbed even with the sword.

This time, Zheng Yumeng had no such hostility to her and did not say that the temperament of the whole person was completely different. It was also a disregard for her, and it was a bit confusing for the self-proclaimed researcher and intelligence.

“It should be that your relationship with someone is different, so that you have no fear, so can you be so calm?”

Zheng Yumeng was slightly white, and she ignored her.

Su Meizhen, who was still on the side, heard this and understood what it meant. She looked at Shen Lang and Zheng Yumeng in a complicated way.

Although the auction is over, everyone does not want to leave.

On the one hand, it was just the auction, and it was necessary to complete the payment and then get the lot.

This is not hidden, of course, it is to be with your friends and relatives, so as not to be robbed.

There is nothing else to get, and I want to see if I can trade privately.

At this time, Tang Banshan, with the people of the Master League headquarters, came directly to Shen Lang.

“This is the three items you have taken. Please look over.” Someone sent it, and let Shenlang look carefully to prove that it would not be overweight.

“Oh... let the Master of the Mid-Levels personally send it, a big face!”

Shen Lang sighed, and did not have to wait for the urging, delivered all the Lingshi, and then collected all three items.

Perhaps in front of many people, Tang Banshan seems to have no conflicts that occurred last time, nor was it affected by last night, maintaining a warm smile.

“Master Shen Lang is a guest, one person contracted nearly half of the transaction amount, Tang Yuan can not have such a big business.”

After the guest set a sentence, Tang Banshan also issued an invitation in public.

“Master Shen last time in Qiangjialing, naturally there is also a huge harvest. I don’t think you can use so much, or else there will not be many people who have bought it. Is it better to take out the trade without using it?” ”

When Tang Banshan came out, he immediately noticed many people on the scene.

Those who haven’t got anything, think about buying something and bringing it back. The last time I traded with Shen Lang, I also think that his offer price is not very outrageous, it is still possible.

Shen Lang is laughing.

He did not believe that Tang Banshan was so enthusiastic to invite him to trade.

Tang Banshan should be the idea of playing the jade peach and the giant rhinoceros benefactor!

Now this move may be a further temptation, perhaps first wrapped them in Tangyuan here?

“Sorry, my qualifications are dull and need more resources to supplement. Our Tianshan Jianzong needs more resources in the barren snow. So, I am buying and buying, and I have no plans to sell anything. ”

Shen Lang directly put this out and dispelled the thoughts of other people.

“Of course! If there are any good things that you don’t need, such as who has Nei Dan Sewage, you can sell it to me, or you can exchange me for some more practical resources. I guarantee that the price will satisfy you!”

Tang Banshan wanted to entangle the Shen Lang, but he did not expect to be used by Shen Lang, but also took the opportunity to make an advertisement.

At this time, Nan Yiye and Qiao Shuyu came over here.

Nantian family and Beihai Qiao family!

Shen Lang even grabbed two big families, this is to find him to settle accounts!

Chapter 508 - Is there a conspiracy in Shen Lang?

Nan Yiye and Qiao Shuyu, because of the family behind them, are people who are very concerned about the scene.

They went to Shenlang, the most eye-catching person, and naturally they became even more eye-catching.

In addition to being handed over to the competing products, others followed and looked closer.

The Nantian family and the Beihai Qiao family are considered to be hidden schools. The daily general specifications and activities are not present. This time, they are also directed at the Qiangjialing items.

Attacking a person together with two big families like them is even more rare in their lifetime.

Of course, Tang Banshan also noticed that he still kept a warm smile, but he did not continue to speak, but slightly let a little open, let them come over.

Nan Yiye and Qiao Shuyu are nothing, he is not in the eyes, Shen Lang is also, this has been verified in the Hanging Island.

But behind the Nantian family and the Beihai Qiao family, it is a big force that he or Shen Lang can't ignore.

So there are two of them who are smashing with Shen Lang, why not?

“Nan Gongzi, Qiao Gongzi.” Tang Banshan smiled and said hello, and then sighed without regret: “I see that Joe Gongzi has just won a bid, but unfortunately the inner son of Nangong did not succeed.”

He sounded like a normal greeting, but it was the pain of two people!

The harvest of Joe Shuyu, it is more miserable than no gain, face and Lingshi loss.

Nan Yiye is showing two things that are inevitable, or is being loved by Shen Lang.

“Several couples are happy, but Master Shen is not a small gain, and the financial atmosphere is so rich that we are all envious.”

Nan Yiye and Qiao Shuyu came over, and under the watchful eyes of so many people, the face was a bit awkward.

Now when Tang Banshan comes over, he will make up the knife and make them more difficult to calm down.

Their moments are awkward, and Tang Banshan continues to be polite.

“Nothing, you talk first, my time is not worth it.”

He is the master of the Master League headquarters, or the super powerhouse who lives in the peak of the real world, saying that time is not worth the money, of course, it is equal to giving them face.

Both Nan Yiye and Qiao Shuyu had to nod to him and thanked him.

“Master Shen, I want to trade a little with you. Can you speak in one step?”

The age of Nanyiye is a little older than that of Qiao Shuyu. It is thirty-five and six, and the realm is similar to that of Qiao Shuyu.

“Of course, although I have never seen Nangong before. But it seems that Wenwen Yar is a good person, and I am willing to be close.”

Tang Banshan smiled and watched the lively side, I hope they pick it up, can Shen Lang be like his wish?

Originally, I also deal with Nanyiye, wait to see what valuable things they can have, talk about whether to trade, and now it is deliberately expressing enthusiasm.

In the heart of Joe Shuyu next to it is not a taste.

He and Nan Yiye are quite similar in life. On the genius, he is still more famous. Shen Lang's attitude towards him is not as good as half of the South. Is this not obvious?

With the character of Shen Lang, it will certainly not be like this. This is a deliberate performance for him to see!

Nan Yiye is also a bit flattered. The name of Shen Lang is difficult to get along with. Everyone knows it. He just tried to see if there is a win-win solution. After all, Shuiyue Dongtian succeeded.

The attitude expressed by Shen Lang now makes him a bit skeptical about whether there is any conspiracy.

However, if you think about it, you should give it to the face of Nantian Shijia!

“Joe brother, you and I are not the first time to meet. I just deliberately lifted the bar with you, but the starting point is good. I don't want you to be pitted. The bones of the bones are really lost.”

Qiao Shuyu was squatting in the front of the waves, and suddenly he heard such “sincere” words, it was a bit embarrassing.

Shen Lang actually explained to him? Also said that the intention is good? Also called him Joe brother?

It's the same person who is surrounded by the neighborhood and watching the lively.

Just a little face is not given to others, I have earned a hundred spiritual stones, face and lining are all you have, and now come to install good people?

“If you don’t give up, this is for you!”

Shen Lang signaled that Zheng Yumeng took the huge rhinoceros and then sent it directly to Qiao Shuyu.

“...” Qiao Shuyu’s face is full of doubts.

What is he doing?

What is his purpose?

It is hard to believe that Shen Lang will be so generous!

Must there be any conspiracy?

Shen Lang simply threw the rhino horn directly to the side of the side of Qiao Yong, and then there was a beggar and a high.

“This spiritual stone, of course, will not really want it.”

While returning one hundred medium-spirited stones to Joe’s beam, he let the other people return the other ones to the original bet.

“Let everyone laugh, I am a young man, or a good face. You just don’t believe me or believe in the credibility of our Tianshan Jianzong elders, which makes me excited.”

High away from the smile, nodded, just gambling to earn a spiritual stone, although very cool, but in his view, after all, is not king.

This is not the same as helping everyone enter the Qianwan Ridge to receive “tickets”. It is true. Now return, let him admire, Master is really generous and atmospheric!

The sacred sacred is painful, and the master not only sent the rhinoceros, but also returned the 180-year-old stone.

This was put in the past, and it is estimated that it is the reserve level of the Tianshan Jianzong.

But when I think about it, when did Master suffer?

It’s not too long to follow the time of Shen Lang, but he has always been cheap, including his strength is still far less than the present, he has cut off his own lord.

I will abandon these now, I should put a long line to catch big fish, or what other conspiracy!

Think again and think that it is wrong, how can Master say conspiracy? It should be a strategy, a strategy...

Those who bet, have been very distressed and depressed, and suddenly recovered, this is a super surprise.

People are such a reality. Originally, the belly cursed Shen Lang and didn’t know how many sentences. Now, when the gods drop the pie, they can’t help but open their mouths and praise them.

“Shen Master is really worthy of Master Shen!”

“Atmosphere! It is the great elder of the Tianshan Jianzong!”

“Compared with young people like Master Shen I am ashamed of the old man.”

Everyone was pleased to accept it, and Qiao Shuyu also took it, and then looked at Qiao Yong.

“Qiao and Jianzong have always been friendly. Since it is a gift from the elders, we will not be embarrassed. On behalf of Qiao’s family, I would like to express my sincere gratitude to Master Shen and Jianzong!”

Qiao Yong is hiding behind, one is used to protect Joe Shuyu in the back, on the other hand, it is also convenient to observe.

He has just analyzed the situation on the spot. Combined with the matter of hanging the island, he can see that Shen Lang is friendly with them. He is opposed to Tang Banshan and the master alliance that occupies the right place and the right place!

Qiao’s family will not go to offend the Masters League, but seeing the empty island, it will not go to offend the waves, it is better to be able to make friends.

It is just that the borrowing does not need to directly confront the Tangshan Mountains. Therefore, before Joe Shuyu has not yet grasped it, he did not let the “Qiao Gongzi” decide again. The decisive representative of the Qiao family accepted the good intentions.

Chapter 509 - Come hard

The attitude expressed by Shen Lang has already alerted Tang Banshan.

But what he thought of was to show the two people so simple, I did not expect that Shen Lang would be so big and straightforward to draw people!

Those bones are what they give up, and this rhinoceros is taken away. Not to mention the specific value, the contrast of light will not be worse than the bones of the one hundred stone.

And Shen Lang also withdrew all the two hundred spirits he won!

This hand made Tang Banshan also have to admire, which is of course because Shen Lang has a lot of aura, full of enthusiasm, but more importantly, there is courage.

That is one tenth of the family!

Ordinary people with 200,000 homes are willing to throw out the 20,000 pieces directly?

But the waves can be drawn to people, and his plans are not so smooth...

Many people praised and applauded, and Qiao Yong also thanked Qiao's family. Nanyiye, who was a bit worried about suspicion, was also relieved.

If you want to let everyone plan to smash the waves, Tang Banshan can no longer continue to watch the fun.

"Master Shen Lang, you get baby in Qiangjialing, it is better to take it out directly for everyone to see. If we have the right one, we are willing to exchange it directly with you."

Tang Banshan made another sentence, and then directly cut into the inner Nei Dan, which is urgently needed in the South.

"For example, the huge beast that you hunted, Nei Dan is a good baby, much stronger than the one that has just been auctioned. Nantian family may be willing to exchange things with you!"

After listening to Nanyiye, he immediately eagerly cut it up.

Can get the only Nedan, he has already completed the task satisfactorily, but if you can get the inner Dan of the huge beast, it is natural to know how many times.

Of course, from the price point of view, it is estimated that it will be forced to thousands of medium spirits, but the Nantian family is really able to get good things to exchange.

"Yes, Master Shen, if this one is very practical for you, we are willing to exchange that one."

Qiao Yong is very good, so that Shen Lang is very satisfied, Nan Yiye is not on the road, if not using the identity of the Nantian family to involve the Master League, Shen Lang is too lazy to care for him.

But then again, Qiao Yong's on the road is because they have gotten a lot of practical benefits, and the South Yiye is still hanging.

"That one is inside, there is no. But this one, we can still discuss it. Isn't it a step to talk? Please!"

Whether it is really no longer, or an unwilling pretext, it means that there is no chance, and Nan Yiye is a bit disappointed.

However, it is worthy of comfort that this one is still in negotiation.

He didn't want to miss this opportunity and nodded immediately.

“please!”

Shen Lang looked at Tang Banshan: “Master of the Mid-Levels, there is really nothing good to sell.”

“Haha, I think Master Shen still believes in the reputation of our Tangyuan! Or is it... only a family like Nanqiao can get your eyes, and you don't bother with other martial arts families?”

Tang Banshan still maintained a good attitude, but immediately provoked a big one!

Since the Nantian family and the Beihai Qiao family are all drawn together, let you stand against all the other sects on the scene!

I was surprised to see the lively scene. The reality of Shen Lang's watch is not like the previous rumors. I guess it's a rumor, or is there any conspiracy.

Now Tang Banshan directly points out and immediately makes everyone aware.

is not that right? This good attitude is directed at the Nantian family and the Beijia Qiao family!

Just the other ones who are betting can get back to the Lingshi, maybe they still touch the light of Joe.

Those who have gotten back to Lingshi, no matter what, will read a good one, but most people are irrelevant.

People often don't mind the most maliciously trying to figure out others. Between good and bad, more people are willing to believe in bad and questioning well.

Shen Lang had expected that he would say so, a smile.

"Master of the Mid-Levels, I am coming today, is the identity of the buyer, not the seller?"

No need to answer him, Shen Lang immediately went on.

"Because I may have a lot of resources, so I have to buy everything, and I have to smash it all. Let everyone choose it. From the secular to the comprehension, is there no such reason?"

Shen Lang then looked around for a moment: "Do you recognize this truth? You are ready to buy things, you want to spread out all the items for everyone to pick. Will you?"

I just felt that I only want to please the two great families. I don't respect everyone, and I'm speechless.

It must be like this, to Shen Ling's existing Lingshi, as long as he is willing, you can buy their underwear!

"Yes, this is not only Tangyuan, but also the headquarters of the Masters. You should first let the Masters Alliance open their Treasure House, let us choose the transaction, at least let us visit it?"

Everyone's eyes fell on the face of Tang Banshan.

South Yi Ye was slightly surprised, it seems that just the Shen Lang is really giving face! Otherwise, in his style, it is really possible to get people out of the fire and to block people from talking!

Qiao Shuyu is quite speechless, this is the real sinking wave!

"Oh, Master Shen is joking. I just suggested that there is no compulsion." Tang Banshan smiled round.

“I have spent more than 500 Lingshi in you. Do you have at least dozens of medium-spirited stones? You just said that I accounted for half of the transaction and I am a big customer!”

“Uh.....”

“In the name of the major sects, forcing big clients to come out of their homes, is this your respectful attitude? You are going to be unfair to everyone!”

Although Shen Lang did not say a swearing word, it is almost equal to pointing at the nose of Tang Banshan.

Others have also picked up and pleased who respects who is the power of others. If there are many people, they will force others to please themselves. It is really hard to hear.

“I think it should be a misunderstanding. Master Banshan is not such a person. It certainly does not mean this. Master Shen, why don’t we change the place to drink tea first?”

Qiao Yong came out to play a round field, which is to help Tang Tangshan, but also to avoid the situation to be unable to clean up.

“Of course, I don’t believe that Master Banshan is really shameless.”

Shen Lang satirized a sentence, then smiled: “Can we go? Master of the Mid-Levels.”

A “we”, I linked the Tianshan Jianzong to the Nantian family and the Beihai Qiao family. The Masters Alliance dared to move the Tianshan Jianzong and did not dare to move them.

At this moment, Tang Banshan also put away his warmth and politeness, said with a calm face: “Other people can go, you want to stay, you need to explain clearly!”

As soon as this statement came out, the scene was quieted down, and in everyone’s belly, it was already awkward.

Shen Lang showed a strong purchasing power, confirmed the rumors of holding one or two thousand Lingshi, and also hunted the huge beasts by themselves... These made the Master League, and they robbed the face!

Chapter 510 - Tongue war

When they were just in the middle of the Tang Dynasty, they all had commonalities, so they all had the same mentality.

Although everyone can go now, but to stay in the waves, it is to let everyone think of a commonality with Shen Lang – they are buyers.

Master League This is not for someone, but for the buyer, it makes everyone chilling.

The trade fair of Tangyuan can be held all the time, and because of the endorsement of the platform of the Masters Alliance, it shows fairness.

This time, the trade fair of the Qiangjialing items was even more special, and the level of the martial art was higher.

Tang Banshan can still take advantage of the world for the sake of profit!

For a time, the quiet crowd, tacit understanding of the surrounding posture, let a road, let the Shen wave they leave.

In fact, the realm of the monks on the scene, whether it is people or tables and chairs, can not be blocked, once the battle, the destructive power will be very large.

So this way to let go is equal to everyone's silent protest.

“Master of the Mid-Levels, what is your name? Why is Master Shen going to stay?” Nan Yiye directly protested.

Qiao Yong, who just played the round field, is equivalent to hitting his face and making him unhappy.

“Tang master is superb, this is also the site of the Master League, but the world still has to have a rationale, unless your League can kill all the monks we are present today!”

This is a bit too heavy, and everyone who has commonality has a heart of the same enemy.

Even the site of the Master League does not dare to offend the world!

“Master Joe said it is heavy! Our Master League will not be untargeted. I just wanted to leave Master Shen Lang and try to maintain his face for him. But since he doesn’t want to face himself, I can only tear my face!”

Tang Banshan coldly returned to Qiao Yong, and then raised a little voice.

“After midnight, there was a thing happening in the middle of the night. I believe everyone is aware of it. After our careful investigation, there are clues and evidence that Shen Lang has stolen the spirit of our alliance!”

I have to say that the public is the easiest to follow blindly. Even if these are extraordinary monks, the crowd is enlarged and most of them are easy to follow blindly.

Hearing this, originally and Shen Lang with the enemy, I feel that the plot has reversed, Shen Lang really is not a good thing!

No wonder people will target him!

Why not target others? It must have caught his handle!

Almost used by him!

Although not said, many people are such a mind.

“What clues, what evidence?” Qiao Shuyu is a sudden opening. “You must say that it is not convenient to open it?”

“This one.....”

Tang Banshan was amazed. I didn't expect Joe Shuyu to open for Shen Lang.

“It's really inconvenient to disclose, it's about the secrets of our alliance.”

For Joe's family, he did not dare to tear his face. He had just made Joe Yong unhappy, and he could not offend Joe Shuyu.

“What is this? Do you have any crimes? Or do you say that there is?”

After Joe Shu Yu swore, the whole person was serious.

“As you said, many people were concerned about it last night. Everyone is a witness, but no one has found any relationship with Shen Lang!”

“You were the master of the Mid-Levels last night. It was said that after a day, you suddenly got evidence, and still pointed to Shen Lang. If you can't open it, you can't convince the public!”

“You are the son of Joe's family in Beihai. I respect you, but we don't need to report to Qiao's family in the Master League. Are you going to interfere with the Master League on behalf of Joe?”

Qiao Shuyu said it was very hard, and Tang Banshan did not have any more tolerance, but he slammed back.

“Don't take Joe's house to say things, I just say a fair word!”

“Oh, it's fair! If Shen Lang just didn't give you a lot of benefits, would you say this fair?”

Tang Banshan is a ginger, of course, is old enough, does not give him more time to refute, continue to ask.

“After taking the benefits, there are some fair words. How many points is it that people are soft and short? Why is he so generous for you? Is it good to have a relationship with you?”

Nan Yiye Qiao Shuyu has helped to speak, so that they feel that Shen Lang really has a foresight.

At the same time they are also a quick exchange of eyes, want to see how to help.

Nai Gao is far from the Central Plains, and is always an authoritative elder in the Jianzong. No one dares to resist, and there are few opportunities for a sword.

Zheng Yumeng, a young girl, certainly can't cover everything.

Feng Wuji is actually very eloquent, but she did not dare to speak at this time!

She is willing to sway, but the result is to offend the Masters League. This is what she can't afford, and she can only be secretly anxious.

As a result, Shen Lang's side can only fight one by himself...

Seeing that Qiao Shuyu was forced to press, when Shen Lang was about to speak, Zheng Yumeng suddenly opened his mouth.

"External moves do not avoid enmity, and do not avoid relatives! Nantian family, Beihai Qiao family are millennial families, on the origin, on the reputation, are far better than your district masters alliance, will bear the reputation of the family because of a little gift?"

Because Zheng Yumeng is a young and beautiful little girl, she will attract everyone when she speaks.

The modern aesthetic of a person will feel that such a girl is not aggressive, and her words can be accepted first without rejection.

Therefore, it makes sense to think that the history of these two families is really much longer than the Masters Union.

“According to the interests of Master Banshan, what is your martyrdom to Master Shen Lang, really because you said what has stolen the root aura, or want to take possession of the benefits he has?”

“Joe Gongzi has received the benefit of Bailing Lingshi, and he can be influenced by your heart. Master Shen Lang and Tianshan Jianzong, the benefits of buying it today are several times, let alone what he has. Doesn’t this mean that your master league is coming to the interests?”

Shen Lang listened to a little bit of surprise but soon noticed that the wind has no hiding after the person, is passing to Zheng Yumeng.

Zheng Yumeng told the story of the windlessness, otherwise she would not think so much at a time.

“Not bad! Our Qiao family has a thousand years of glory!”

Qiao Shuyu heard the spirit and immediately replied: “I was going to fight with Shen Lang, but when you mastered the Alliance of Masters and Shen Lang, we chose two non-helpers to stand by and explain our principles. !”

This paragraph is basically unknown to everyone. When I heard Joe’s statement, I immediately felt “reversed”.

It turns out that Tang Banshan and Shen Lang have long had grudges. It’s no wonder that they were rude to each other last night!

Yes, before the West Gate and Shen Lang had contradictions, and later Yu Wenba also brought dozens of sects to besiege Tianshan Jianzong!

It seems to be for the benefit, and Tang Banshan is already prepared.
