

## First Strong 55

Chapter 55 - School flower call

Normal transactions are all about signing contracts, but they will not be recognized by the price bureau or legally protected. It relies on the conscious of both sides, and feels comfortable by cooperation.

Above the power, Yue Jia is occupying a strong side, and there is no need to worry about what will be destroyed by Shen Lang.

However, Shen Lang holds the key, which is only possible for him to complete. If Yue Jia makes him dissatisfied, Baibao still can't continue.

In addition, Yue Jia is skeptical that there is a comprehension behind Shen Lang, and naturally he will not be like him.

Under such circumstances, the two sides also formed a balance. After Shen Lang pointed out the external role of Baibao Rehmandu, he also gained the upper hand.

Therefore, Yue Qiang, who represents Yue Jia, not only took the initiative to increase the price to 50,000 bottles, but also directly paid 3 million in advance!

These three million, including one million first to buy the remaining 20 bottles in the hands of Shen Lang, the other two million is a deposit. In terms of medicinal materials, they will be implemented immediately. The specific orders will be in accordance with the purchase order of Qiongzhitang.

In addition, Yue Qiang gave a job to Yue Zhennan on the spot, which was to act as a liaison between Yue Jia and Shen Lang. There are important things to report to the family. In many ways, it is directly determined by the authority.

Shen Lang scene is not so many treasures to give him soup, he prepared the Yuezhen South will come, have a carry with him, but most of them are still in the renting room.

Therefore, at the dinner scene, the money was first transferred to his card, and then after they went back to Pingxi, Yuezheng went to Qiongzhitang to learn about the medicine purchase order, and was prepared by the medicine. When the medicine was delivered, he was given it.

From Huayue, Shen Lang still refused to send them back to school.

I have traded two million with Yuejia before, and there are five million of Bai Shenghua, plus three million now, and there are more than nine million yuan after deducting the rent of medicines.

Now that the medicinal materials have been prepared by Yuejia, Shenlang has no place to use money for a while. He wanted to ask if the Yue family could buy Lingshi, but considering that they might not know about it, they didn't say it first.

Where he rents a room now, there is a delivery address for the manager of the South Korean government. The Yue family definitely knows and does not want to hide anything.

Shen Lang returned to the residence with the box of herbs. These herbs are much better, but they are not counted for a long time, and they are uneven. They are not worthy of a good prescription. They can only be idle.

How to use the money in your hand is also a problem. As long as you continue the refining, you can continue to get cash from the Yue family, do not worry about no money. And to buy things that have a role in him and are more advanced, you still need channels.

Shen Lang thought of her parents. The first idea was to buy the factory where the mother went to work, let her be the boss, and the father could come back.

That is the factory near them, the scale is not large, the equipment is limited, so arrange day and night shifts. If you want to buy it, nine million should be no problem.

Even if parents are not good at business, let them have something to do. As for the county town to buy a house or something, but hundreds of thousands of things.

What bothers him is that the money cannot be said, or they must be scared. Let Yue Zhennan come forward, or Yao Houpu come forward, you can certainly do it, but the sudden emergence of good things will also make parents worry about fear.

At this time, his cell phone rang, and it was a sudden call.

After the playground, the two people did not have a private intersection, and it was two weeks. Now she suddenly came to the phone and made Shen Lang a bit strange.

“Hello.” After answering, his tone was very calm, and he was not excited about what the other party was.

“Where are you?” Rain fell and asked directly.

“Well? Outside... what happened?”

Shen Lang feels a bit inexplicable. They are just classmates. Last time her concern was also a classmate. It should be the same for other people. But now what does this mean? This is also the beginning of the afternoon class.

“Speaking is convenient?”

“Convenient.” Shen Lang is a bit curious at this moment, and asked if it is convenient to talk. Is there any secret to tell her?

“Is it true that Yue Zhennan is looking for you?”

When the rain fell, I said that Shen Lang immediately became clear. According to Yue Zhennan, her family asked Yue Jia to look after her. She would know, including knowing Yue Zhennan.

“Yes. You know?”

“At noon, I saw you on a car at the school gate. I have seen Yue Zhennan.”

“So this is ah.”

She explained it, but Shen Lang was not too surprised. When I was out of school at noon, there were a lot of people at the school gate. He didn't want to be rushed into the car by the crowd. He really didn't notice her.

“What does he do for you?”

“This is why...” Shen Lang is a little bit sorrowful. The relationship between the two is not so good, and there is no need to tell her anything.

However, he was taken care of by a school flower girl, and he could not say that he refused.

Just when he thought about what excuses, the rain had already had an answer.

“Is it because of my relationship?”

“Oh...” Shen Lang instantly understood that the smart man like Yu Yu, naturally knows that Yue Zhennan has arranged eyeliner, perhaps the last time Liu Zhilong looked for him, she already knows.

It makes sense to think about it. Liu Zhilong is a man from Yue Zhennan, and Shen Lang is unlikely to have any intersection with Yue Zhennan. It can only be because of her relationship.

He did not deny it. When he heard the rain, he felt that it was right.

“He didn't tell you how?”

“That didn't.”

“Sorry, because I am tired of you. My relationship with him is a bit complicated. It doesn't matter in itself, but it has something to do with it... In general, he is not qualified to take care of me.”

I don't know if it made her a little angry Or because the phone doesn't have to face the relationship, she is not as indifferent as usual, but she has a bit of complaint.

Shen Lang pondered a bit, Liu Zhilong this eyeliner certainly did not start now, he went to the playground that night and the rain, and was found the next day. It is estimated that there have been similar things in the past, so let's let the rain fall and think about it?

In the past, he was too respectful of the rain, and he was not very familiar with her situation.

“How did he tell you?” After falling into the cold and cold style, after complaining, he calmed down immediately and thought about it before he could figure out the situation.

“There is no such thing, others are good.”

Shen Lang, this is a truthful report, really good, just because this Yuezheng South, let him directly traded 5 million. And the other five million, if not followed by Pingxi, there will be no. This understanding adds up to a little more than a week, that is, 10 million in income!

“Don't be fooled! It's the Sven that he pretended. Did he warn you?” The rain still guessed their routine.
