Chapter 551 - Change the sword and win

Qiao Tiantian just heard Shen Lang said, but only a little rest assured, now I heard him officially said that it is truly assured.

“It... is yours.”

Since Shen Lang decided, he directly put the rust sword.

“Thank you!” Qiao Zhantian is still solemnly picked up, and then solemnly thank you.

“But I still don’t agree to help me solve the lord’s business.”

“Why?” Joe Shuyu couldn’t help but ask.

Shen Lang shook his head: “On the one hand, it is too much involved, I still don’t want to take advantage of Joe’s family. On the other hand, I really have to rely on Qiao’s family to solve it. In the future, I and Tianshan Jianzong will find it difficult to raise my head. Anyway, I will solve it myself!”

Qiao Tiantian is also a slight lip, I don’t know how to say it.

If Shen Lang does not need them to solve the affairs of the lord, then he is also embarrassed to accept this sword!

You don’t want to take advantage of Joe’s family. Is it true that Joe’s family is looking for a cheaper one?

Shen Lang smiled and said: “Reassured! I am not rejecting you by retreating, change it!”

“What do you want to change?” Joe asked in a hurry.

“The solution to the alliance with the Masters cannot be estimated by price. But the sword of Xian Xian is a resource in my place and it can be estimated. So you can exchange it for me and I can accept it.”

Shen Lang said that sincere, because the light is to say value, I forgot to buy a few Lingshi, no matter what Qiaojia gives, relative to the direct cost, is a big profit.

Of course, what is really valuable is the vision he has discovered and the means to make it see the sky again.

However, since I have decided to give it to Joe, I will not care about it if I have a little more.

“Good! Since Xiaoyou is so refreshing, I will accept it.”

Qiao Tiantian put the sword into the sheath and thought about it.

“Because our 100-year long-cherished wish is priceless, we still have to take advantage of it, and we can only use resources that are as close as possible to the value...”

When he said it, Joe Zhantian took out a thing and put it on the coffee table.

“This is a magic weapon, the name calls the cloud disc. I know that you have the same flying magic weapon, it is from the Chu family in Yunzhou, that **** boat is good. Chu Jiazuo got it, it has been kept secret, otherwise it may not be able Stay.”

For these reasons, Qiao Tiantian still knows very well.

There are two magic weapons in the Chu family in the district. It is really unbelievable. There is no such thing as the Xie family at the same level.

Shen Lang later understood that the Chu family has always been secretive, using the imitation of the magic weapon, others may not know that they have two magic weapons, or else it may be taken.

“It can be used for transportation, but there is a shortcoming, the speed is not fast enough! You used to think that there is no problem, but if you want to get out of the battle, you are not so calm, especially the monks who have encountered the gods.”

Shen Lang nodded, and he was very clear.

So many times, when he was fighting, he was equipped with a sacred armor, and he was used to travel by road.

“The cloud disc can make up for this determination. It starts fast and the speed is fast. Don’t blame me for not listening. When you play against the ally, the cloud disc may save you a life!”

“Thank you!” Shen Lang was also solemnly picked up and thanked.

This thing really has a great effect on him. The same flying magic weapon, the grades are also different, let alone each has a focus, and the speed is often able to save lives.

It can be seen that Qiao’s family is already ready, perhaps when he thinks about his lion’s opening, he regards this as an additional addition.

Now he doesn’t need to solve the matter of the lord. Qiao Tiantian generously exchanged the cloud disc directly.

“It’s just a cloud disc, it’s not enough to change the sword...”

During the conversation, Qiao Tiantian took out another item and placed it on the coffee table.

This is also a sword.

“This sword name calls Juyue, which is the third sword in the world. The characteristics of Juyue Sword are very heavy, and it is difficult for its owner to fully exert its advantages.”

“You give me another sword?”

Shen Lang is a bit strange.

“Of course. Oh, younger friends are young, they know that they don’t take advantage of it. We can’t take advantage of Xiaoyou’s cheaper? Don’t let us shoot, even if it’s not exchanged, I will give away the cloud.”

Qiao Tiantian smiled and offered the giant yue.

“This is the exchange of resource items. Of course, although the sword of Xian Xian is not in the list of swords in the world, even if it is compared with the first one, it is not too much. Not to mention our wish, so Juyue exchange, Plus cloud discs, you don’t take advantage of it.”

Shen Lang could not help but sigh, Joe’s home is Joe’s home! As an alternative, I have prepared two magic weapons, and perhaps there are other things that are not used.

The foundation is strong, the wealth is thick, and the strength is strong.

Qiao’s family will still insist on the exchange of equal value, but not bullying, have to admire that this is a real millennium family!

“You also saw it. I was a little bit struggling. Juyue stayed at Joe’s house, which is a collection. It really needs to be a weapon. It’s a chicken. But maybe it’s in your hands, it can play better.” !”

Shen Lang knows very well that even if Joe Shuyu doesn’t think so deeply, Qiao Yong is definitely observing the micro, including the rust sword, including his style of shot. Therefore, he will give him a giant sword.

Juyue, as the name suggests, is a huge force like the Wuyue.

The sword is light, so the epee is really not suitable for ordinary people.

But Shen Lang can really control it!

With the strength of his giant rhinoceros beast, the giant Yue is in the hand, it is truly a tiger.

“Then I am not too polite, so changing the sword, but each is the desired win-win.”

Shen Lang took over Ju Yue and immediately felt a heavy weight.

This is as heavy as it is not the material of the sword, but it seems to contain the mountains!

“The chief elder of Tianshan Jianzong can’t be without the sword of the pickpocket. The younger friend can accept it generously, and the old man is also pleased.”

Qiao Tiantian asked half-jokingly: “What else do you need? As long as Joe can afford it, I can do it. And Joe, there is not much to give.... Haha, of course, you want Nedan. Like that, I really can’t help.”

Shen Lang shook his head slightly: “Juyue and Yundie have been very helpful to me, I don’t need to say anything else, I will definitely collect them.”

Qiao Tiantian arched his hand: “The same. We will treat the sword with the highest specification!”

“Right, my brother and I will make an appointment after the Mid-Autumn Festival...”

Qiao Tiantian waved his hand: “You don’t need to ask for my opinion, and you don’t need to tell me. You young people should have their own advancing. There is no harm in trying more trials. I absolutely support it. But I want you to give it to you. It is also impossible when the bodyguard is responsible for logistics.”

“Joe Gong said, I am afraid that you have opinions.”

On the same day, but the three of them, Joe’s parents had really had opinions, even if they didn’t bother him, it’s not good to deal with Joe Shuyu. So since it came across, Shen Lang asked a word.

Qiao Tiantian is willing to pay for it, and he is completely relieved and can easily talk.

Shen Langyi changed two, more practical and satisfactory.

Chapter 552 - Then I will start.

When he sent Shen Lang to leave, Joe Shu Yu and he went to the rooftop to talk for a while.

“Do you think I am using you? Or is it my report?” Qiao Shuyu asked directly.

Shen Lang shook his head. On this matter, Qiao Shuyu really did not know. It should be that Qiao Yong reported on the situation of the floating island, which caused the above attention.

“Thank you.”

Qiao Shuyu said seriously.

As Joe Zhantian said to him, he does not recognize many friends. If it causes misunderstanding, he will feel a pity.

“Then you just... is it true? Or is it forced by Joe’s power to make such a decision?”

Shen Lang glanced at him and smiled.

“It doesn’t mean anything to say this. You just didn’t dare to say this in front of your uncle.”

“...”

“But I still have to answer you. I don’t want to offend Joe’s family, but that’s one of the reasons, but the main reason is that I just said.”

Joe Shu Yu was surprised again, there is no Joe in the battle, and he asked privately. With Shen Lang’s attitude towards him, he will not lie.

The words just now are also very sincere, both acknowledging the scruples on Joe’s family, not wanting to offend Joe’s family, but also that it is not the main reason.

“I thought that you would rather not bend, I did not expect to act cheaply. I was afraid that you and the uncle would fight!” Qiao Shuyu made a joke.

Shen Lang also laughed, and Joe's sincerity earned him respect, and the other one was also low cost.

If Joe's war is like the half-mountain of Tang, the threat of direct semi-hard and soft, then he may really come to a rather jade.

"Do you have anything to tell me?"

"Well? What?"

Qiao Shuyu and Shen Lang went to the rooftop to chat, just want to ask.

If Shen Lang is really because of the pressure of Qiao's family, he has to bow his head, although he can't change the situation, but as a friend, he will sincerely apologize and make compensation, and Lingshi and others can still get it.

But I have just made it clear, so now the problem of Shen Lang makes him a bit puzzling.

"Do you mean something about the ice boat in the ice palace?" Shen Lang asked a smile.

"Ah?...what! Nothing, how can I?"

Qiao Shuyu is thinking about what he is talking about. He suddenly turned to this topic and asked him to take care of it. He quickly dismissed it.

However, his hurried denial, coupled with a bit of awkward performance, proves that Shen Lang is right.

To know that his son is a arrogant person, can make him see not much, even if he cooperates with Shen Lang, in addition to strength, knowing the resources of the entrance and exit method is also a great relationship.

But just now, I didn't think much about it. I just rushed to invite the newly arrived canada.

And they talked about the past events they saw many years ago, and Shen Lang saw a little bit of signs.

“Really do not have!”

Seeing that Shen Lang didn’t talk, he looked at him with a mysterious smile that looked through everything, and let Joe Shu Yu’s helpless hand, once again stressed.

“I just made a gossip with you, what are you nervous about?”

Hearing that he said this, Qiao Shuyu breathed a sigh of relief and said, “I am not nervous. I just think that your jokes are too awkward and not very good for girls.”

“You can’t be okay with her, I can start...”

“Wait!” Qiao Shuyu was anxious. “What are you doing? Are you not a Zheng girl?”

Shen Lang looked at him strangely: “Are you Joe is 30 years old now, or is it a boy?”

“Hey...” Joe Shu Yu groaned for a while.

“Well, then I ask a little bit. You can’t have been without a sister?”

Qiao Shuyu directly eyes, is this implicit? Not as good as the previous question!

“I have been friends with my girlfriend, but I don’t know how to play the girl’s feelings.” Joe Shu Yu is serious.

“Understood, you will only play with the boy’s feelings...” Shen Lang also nodded solemnly, and then avoided a little distance.

Qiao Shuyu is full of black lines, I really don’t know how to say him.

“Be serious!”

“Well, if you are serious, then it doesn’t matter to you. You and the canoe have just met. I will not start with her, it will not affect you. To explain it should be my explanation of Zheng Yumeng, right? ?”

“That’s the case, but as a friend... Of course, you can’t watch your knees with your common friends, right?”

Qiao Shuyu reluctantly admits that Shen Lang’s reason makes sense, but he still insisted on it.

“In case someone likes me? I don’t start, don’t you live up to the good?”

Shen Lang smiled and said: “Of course, I said to start. It looks vulgar, and it is replaced by a pursuit.

“But...but she is not suitable for you.”

“Why not? The Jianzong and the Ice Palace are both in Tianshan, and they have an innate advantage.”

“She is much better than you!” Joe Yu Yu hurried, blurted out his mouth.

“Hey! You think that the boat is too old to be worthy of me. It really is a friend!”

Qiao Shuyu quickly explained: “I don’t have it, I don’t mean it. She is certainly not old, just a few years older than you. That’s for sure.”

“But I won’t mind, as long as we are true love, age is never a problem. Besides, she will be twenty, it is a mature and beautiful season!”

When Shen Lang said, he also longed for his lips, as if to taste the beautiful fruit.

This made Qiao Shuyu frown: “Shen Lang! I have to criticize you! Your concept is wrong. For a girl, you should be single-minded. You are not a Zheng girl, sorry for the palace!”

“If the Zheng girl is willing, is the owner of the palace still willing?” Shen Lang smiled.

Originally this was a man’s private joke, although they said that they were not familiar with the degree, but did not expect Joe Shuyu to be so serious.

In addition to proving that he is interested in the canoe, it also shows that this is usually very self-disciplined, not a beautiful son.

It seems that he can maintain the name of the first day of more than ten years, relying not only on family and talent, but also on hard work.

Qiao Shuyu has no idea how to argue, and can only sigh.

“You are right, this is your business, you don’t need me to worry about anything.”

Look at his depressed temper Shen Lang smiled.

“Joe brother, I will test your reaction. If you really like people, then you can’t hold it. It was very good to take the initiative to invite the canoe to try together.”

“What do you mean...?” Joe Shu Yu recovered his look and then smiled: “I know you are playing with me!”

Although he was played, he felt very happy.

“I will say it! How are you, the chief elder of the church, how can you indulge in women’s color? And there are beautiful women around, and it will not be so greedy.”

His compliment, Shen Lang, smiled and made up a button.

“You are wrong! The last time you saw the thousand caves, everyone saw, in addition to Zheng Yumeng, there is a foreign girl to follow me. And I am not good at the down palace, because I am related to her sister... Hey, you know.”

“...!” Qiao Shuyu was stunned, not knowing whether it was true or not.

Chapter 553 - Drowning

Shen Lang did not let Joe Shu Yu send it. When he went back, he verified the effect of the cloud disc.

After all, this is a new magic weapon that needs to be run in order to be used calmly in front of the enemy.

After using it for a while, the speed of the cloud disc is really nothing to say, much faster than the magic boat, and the control is very flexible, and under lightning, it can be easily shuttled between buildings.

Of course, this is also the power to control, the first use of Shen Lang is very good.

The attitude toward the canoe may be due to embarrassment, or may be the concept of Qiao Shuyu, so that he has not figured out and decided, so he did not recognize.

Shen Lang is of course a joke. He is not a warm-hearted person with a canoe. In addition, there is a relationship with the rain, and naturally it will not happen with her.

However, the raft was young and has taken over the position of the palace. Is it rare to be like a river in the future?

Even if you really don't look at the average man, it should be a retreat after all kinds of tastes.

The narcissistic point of view, in addition to himself, he has not seen a few worthy of the canoe, Joe Shuyu is counted as one.

Although I didn't have a good impression of Joe's son at first, but now I have more contacts and I feel that this person is still good.

And he remembers seeing ups and downs for many years, not to mention deep love, sorrow, at least there is a good feeling.

Of course, Shen Lang himself will not be arbitrarily arrogant. If he does not have the intention to fall into the boat, he will not help Joe Shuyu, just a temptation.

Some of their rooms are open together. When they first returned to the room, Shen Lang felt it, falling down and falling rain!

This made him hesitate, but still returned to his room.

Going out tonight is also a thing, don't worry about what the Qiao family has.

He came back from the flight and was naturally aware of the monks of the entire hotel. Going back to the next door, they are of course aware of the river.

Immediately, someone came knocking at the door, and it was a canoe to call him in the past.

"Master and Xiao Yan are coming, let's go."

"It is good."

"What happened to Joe's family?" The boat was changed to a voice and asked.

With her experience and intelligence, I guess that Qiu Shuyu invited Shen Lang alone. It should be the person who saw Joe. The average friend can't make him like this, and he won't go to the fire.

Shen Lang smiled and shook his head. "Thank you. I have seen an elder of Qiao's family, but there is no conflict and the atmosphere is friendly."

"That's good."

"But... I gave you a temptation and asked if Joe didn't like you."

“nerve!”

The canoe directly gave him a disgusted white eye.

“Haha, he didn’t admit it, but said that he appreciated you very much, so he invited you.”

“I will talk about this later!”

The canoe was still white, and then led the way.

In the other room, the river and the rain fell.

Originally, the rain and the swaying waves can calmly face, but now there are more rafts and rivers, so that both of them have a certain amount of restraint and avoid the opposite.

“Master, Shen Lang is coming.”

“Lowering the river!”

For the salute of Shen Lang, Luohe smiled and nodded.

“Shen Lang, you really opened my eyes. I thought you were a genius at first. But I never thought that your growth rate is so powerful!”

“You have a good reputation.” Shen Lang smiled and said: “I am just lucky, and I get a lot of resources. If I say genius, it is incomparable with falling rain and the palace.”

“Modesty. Young people have such strength, they are already proud of the world, and they are so humble, it is rare.”

For the praise of the river, the canoe could not help but blindly roll his eyes.

humble? Just pick up the fox tail in front of your old man!

Who knows in the world that Shen Lang is not lawless?

When he fell into the river and shook the waves, he was also looking at him. The more he saw the more magical.

“I am also old-fashioned...” She snorted: “I can’t see your current state, you can see that you have exceeded me.”

Then he smiled openly: “After life is awesome! Because of your big name, I am psychologically prepared, but I am still surprised.”

Not only her, but also the rafting and falling rain is also a big surprise.

Falling rivers are their masters and the super-strong ones they touch the most. Although I know that Master is not invincible in the world, the realm of the late real world is not bad.

But now Master actually said that Shen Lang completely surpassed her. Doesn’t that mean that he is at least the best?

Before the Shenlang hunted Tang Banshan, it was a rumor, but in general, the interpretation of all aspects, I feel that Shen Lang is using the tricks and magic weapons, plus the help of Gao Li.

If we talk about strength alone, the outside world rumors that Shen Lang is in the middle of the real world, and at most it is only in the late stage.

Now this is what their Master said. It is a private chat, and there is no need to bluff the outside world. Naturally, there will be no falsehood.

“Good luck, plus more effort.” Shen Lang modest, it can be regarded as an indirect recognition.

He can now also see that the river is the strength of the late real world.

“...”

The three people who settled down were speechless.

Work hard!

If his achievements are hard to explain, I don't know how many people have to do it.

"Thank you for your two snow spirits, let Xiaoxi successfully break through the real life. I thought I could give you a surprise, but I didn't expect you to give us a surprise."

Although it is a bit embarrassing, it is also intended to expose the strength of the rain, saying that she is not too bad.

The canoe next to it, quite a bit is not a taste. She is also happy when the cousin can break through the real life. But her cousin, plus the identity of the palace owner, is still only in the early days.

She can only comfort herself. In addition to her talents, she also uses too many resources, such as three snow-fruited fruits.

Luohe is the master of both of them, and is also an elder in front of Shen Lang.

But her last attitude was very kind, and now Shen Lang is not the same as before, regardless of identity or strength, can not be underestimated she certainly will not put the shelf of the elders.

After talking about the strength of the rain, she immediately introduced the topic to the topic.

"The boat told me about your previous discussion. I personally agree very much. You young people should go to the more. When we are at such a young age, we don't have so much passion."

Then she turned her head: "But the security issue still has to be considered, where are you going, what kind of plans are there. Can these be disclosed?"

Shen Lang nodded: "It is precisely to discuss with you, originally I wanted to invite the rain to go together, if the palace owner can have time to go together, of course, is also very good."

“The place we are going to is... the forest of death that I have been to with Yu Yu!”

“Death Forest!”

The three of them were very familiar with this place. Under the guise of listening, I couldn't help but be surprised. I didn't expect it to be a dead forest!

Chapter 554 - What is the relationship with Zheng Yumeng?

The shock is because for the Ice Palace, the dead forest is also a place to get resources.

Before the age of twenty, the canoe was also in, so it was far ahead of others in the process of cultivation.

In the same year, Shen Lang went in the same batch as Luo Yu.

The foundation of the Ice Palace is not deep enough. Like other martial art, it depends on Death Valley. So for the dead forest, it is a consensus that young monks under the age of 20 can enter.

Now Shen Lang and Luo Yu are both over twenty years old, not to mention the canoe and Joe Shu Yu.

But Shen Lang said very clearly, that is the dead forest they have been to.

“Yes, you have come out from inside, it should have found the entrance outside the Death Valley.”

The river immediately woke up and made an explanation.

“But inside?” The boat is a bit puzzled. Even if Shen Lang knows that there are other entrances and exits, can it be suppressed?

“It should be that the transmission array of Death Valley cannot accept the entry of a higher age monk, and the death forest cannot bear it.”

Shen Lang shook his head: "It's just that Death Valley is a safe way to make money. There is a lot of entrances and exits in that world. Death Valley is one of them. Higher age monks can also go in and out, but they don't want to let go."

I haven't talked to the rain, and I whispered softly.

"It seems that their vested interests have guarded a common secret and do not open these to us."

Luohe sighed: "Yes! The martial art of our level looks very prominent, but compared with the real millennial family like Beihai Qiaojia, it is really nothing."

"Death Valley, or some other family sects with deep roots, are eating large pieces of meat, just giving us a little soup."

"Yes! Qiao's family knows this, but because I have mastered an entrance and exit, it should save costs and reduce the impact. So Qiao Shuyu and Nan Yiye have reached a cooperation with me."

Shen Lang simply tells about it.

"Considering that the rain is cultivated to the back, the resources needed will be more and more. The Ice Palace is difficult to support, so I want to bring her together, so that I can be self-sufficient."

Shen Lang said to the raft: "The palace owner, I did not invite you, considering that I have already arrived at two people. And it is not the ice palace that has lost the harvest..."

"I won't mind." The canoe shook his head.

Luohe is thinking about it: "Qiao Shuyu, Nanyiye... You will bring a little sister, and your Zheng girl, I want to come to them and they are not willing to go alone."

When she mentioned Zheng Yumeng, Shen Lang slightly stunned.

Although he did not determine what to do with the rain, but two people have been taking care of each other, can save each other's life, plus his gift without payback. In their view, they are all vigorously pursued, and they just haven't broken it.

But now he is brazen enough to take Zheng Yumeng to the city, and he will continue to be so rainy, it will be a bit too much.

However, he just stunned and immediately became open-minded.

Now, here, the true age, the two are the longest people; the strength is now the strongest.

What else is it to care about?

"So Joe Gongzi invited the palace owner to go, I don't know what the Nangongzi will be. But it doesn't matter, because I know where to go and how we go, we don't need them!"

Shen Lang said confidently: "I mean, if there are opinions from Joe Ue and Nan Yiye, then the dismantling will not work. I will take them in!"

Luohe nodded. "You have this confidence, I am very pleased. But let me swear again, is there really no suppression? After all, I have never been to over age."

"I can guarantee that there is no problem." Shen Lang laughed.

"That's the decision, the canoe and the rain all go together! By then, you will follow the dispatch of Shenlang, and everything will be safe first!"

The ice palace is not as good as it is, but it is not always the case. It has been brilliant in history, but it has slowly declined.

In addition to the two geniuses, this generation of settlers, especially the rain, let Luohe see the hope of the rise.

Shen Lang was regarded as a noble person by her, and she was given the help of falling rain.

In places like the Death Forest, they have to wait until the next time they go in, and they will have to go two or three years later. At that time, there will not be qualified disciples who will meet.

And once again, the resources that can be found will be less and less.

Now I have the opportunity to enter in other places, and maybe I can get more of the gains I have never heard before!

Not to mention very good, the help of the medicinal materials given by Shen Lang last time is obvious.

So even if there is danger, the river will still agree for them.

If it is not related to Joe and South, she even has to go with her own courage.

After finishing the business, Luohe said that when he left the canoe to discuss her absence, who would act as the agent of the palace, let Shen Lang and Luo Yu find another place to talk.

Originally, her meaning is to let them go out and find a romantic place.

But when it rains, I don't want to waste time. After I came out, I said that it would be nice to talk to Shenlang's room.

Shen Lang certainly didn't think about it, just took her back to the room.

Maybe it's just the sternness, or it's a half-year split, and the two are a bit cold.

"Thank you for the snow Linguo, otherwise I can't progress so fast." The rain fell silent.

"Small meaning. We will get more resources in the future."

Shen Lang paused and decided to face the problem of letting them marry.

“You don’t ask me what is the relationship between me and Zheng Yumeng?”

Falling rain looked at his eyes: “Well. What is your relationship with Zheng Yumeng?”

“...”

Shen Lang thought she would say “nothing to ask” “no matter what relationship you are”, he also slaps it.

I did not expect that she actually asked!

“Comparative relationship.”

“What is that relationship?”

Shen Lang grabbed his hair and it was a bit difficult to explain: “This is a long story...”

Falling rain faintly said: “It doesn’t matter I am not you, you don’t need to explain anything to me.”

“Hey...” Shen Lang was a little sweaty.

If you don’t care like a canoe, he can fool the past. But the worst thing is that this is not a person, no explanation.

“how?”

Shen Lang’s bitter smile, “Nothing, I originally wanted to say...I want to turn you into someone of mine, but you are not a normal girl. Maybe you can keep such classmates and friends better!”

He is just awkward and doesn’t feel sad and sad.

Because his mentality is very open-minded, just to have a woman, what kind of woman can get, including falling rain.

However, as a companion of a peer, you may not have to go to bed, or you must be in the name of a husband and wife. A close friend can also be a companion on the road.

Chapter 555 - Express your heart

After Shen Lang said this, Rain fell on him for a while.

“Before you came back, I actually saw Miss Zheng and talked to her.”

“what?”

Shen Lang thought that they had just arrived, and even if they had time, they would not talk to Zheng Yumeng alone.

“I just talked about the ones you said long.”

Rain has always been calm and calm, so Shen Lang can not see how she is thinking.

“So... actually you understand what I have to do with her? Really understand?”

“Miss Zheng completely told the truth.”

Shen Lang secretly stunned, and estimated that it was only a part of the truth, and it was impossible to say anything that was bleak.

“You are not easy.”

“Hey...” Shen Lang didn’t know how to pick it up.

what’s the situation?

What is not easy?

“I and her are also a good relationship. I am pure Yin, but she is pure Yang.”

Shen Lang silently nodded, and did not figure out her condition at this time, or do not say more.

“Women’s pure Yin, men’s pure yang, are very good congenital bodies. Men’s pure Yin, women’s pure yang, is excellent at the same time, and is extremely dangerous and innate.”

“Ok.”

Zheng Yumeng will say this, but it is not a bad thing.

“She said that her grandfather gave her a practice of deviation. After meeting you, I knew the secrets of the body and corrected it.”

“Yes.” Shen Lang nodded and sighed: “It was still in Pingxi.”

“But she is sinister after all, and it is still difficult to spend the 20-year-old Shouyuan.”

Shen Lang did not speak, what do you mean? This problem was solved in the same year. Zheng Yumeng told her this again?

“She is like you to Master and brother, but you can not fear people, not afraid of affecting your own future consequences, and repairing with her, to solve this disaster for her. It is also a sacrifice, but a beautiful girl, you should be very happy. ?”

“Uh.....”

The waves are smashing.

What he is embarrassed is not the words of falling rain, but finally knowing what Zheng Yumeng said.

It seems that Zheng Yumeng took the initiative to find her, and played a lyric card, saying that because of the woman's pure yang body, the cultivation deviation is not 20 years old.

Recently, Shen Lang was desperate to double-education with her to solve a problem.

This is why they have to be together.

To put it bluntly, Zheng Yumeng knows the weight of falling rain in his heart, so he grievances himself, half-truth and falsehood has fabricated such a good faith lie.

She hopes that she will not be mindful of her relationship with Shen Lang and can continue to accept Shen Lang.

This silly girl...

"Good to others."

"Ok?"

"She will be eager to explain to you before, and I want to be as helpless as possible, just do not want you to explain, she hopes that it will not affect me and you."

"Ok."

It's calm and calm: "I'm not saying that you have to be responsible for anything, not to say whether you are saving people, adults, and having your own choices and decisions."

"I mean, a girl who can think so for you, it is worthy of being good to others. Isn't it?"

Her words are very soft, and it seems to have nothing to do with her.

But Shen Lang can feel it, not that she doesn't care at all, it is really for Zheng Yumeng.

“If... I let you and her follow me, how?”

Shen Lang simply asked it out.

Anyway, she also knows about this situation, whether it really does not care, or endure. Now it's the best chance to break the cards and turn them out.

It's obvious that he was so straightforward, and he didn't know how to respond.

“If you say this in front of my sister and my master, they will beat you too.” She said a little helplessly.

Shen Lang shrugged: “Yes, from the secular concept, it is a bit shameless. But I don't care about this, I just express my true thoughts.”

Whether it is a three-view or a moral one, it is actually a civilization that has evolved.

From the original point of view, it is a natural choice, it is unscrupulous.

There is a rich man who sits on his tens of billions of dollars at a young age. As opposed to the secular concept, he does not marry, there is no violation of the marriage law, but illegal concept morality.

The practice is one by one, like the younger sister-in-law and the old lady, who gave birth to children, brought children, and was able to get hundreds of millions of property.

He made a public statement without any rumors, and his women accepted this concept and attitude.

Are women just loving his money?

In fact, if you have money, you can help to get everything done – that is, the so-called very good for you, the charm of men can be unlimited, and it is not surprising to become a loved one.

With no unforgettable love, who is not with you?

With a man who has no money and no incompetence in all aspects, is it because he is the only one, can he be happy? not necessarily.

Shen Lang's mentality is somewhat similar to this rich man. He can get a lot of resources to help and bless his own women, and bring them to a higher peak.

For example, if there is no wind, no female monk with a big backing, we must carefully care about the man world and try to get some resources. So hard, if Shen Lang is the person she likes, I really want to serve.

"What do you think I should answer you?" Rainy asked, and threw the question back to Shen Lang.

For this problem, Shen Lang is already ready.

"You don't need to answer me."

"Ok?"

"With our realm, Shouyuan has a lot of people. It can also be young for a long time. You don't need to be eager for a moment. The concept of people will change in different time periods."

"..." I fell into the rain and thought about it. I think there is a certain truth.

"And at the speed of my current trouble, I may die at any time. You really have to promise, or refuse, it is better for you, but it is better to keep the status quo."

Shen Lang said the truth.

At that time, there were provokes the Chu family. Now there are the ally of the Master League. They are all enemies that are much stronger than his personal realm. It is not an exaggeration to say that they may die.

But the rain fell, but it was a slight frown, and then thought about it.

She is a quiet person, really will not be in a hurry to love will not be involved in the triangle love.

Therefore, the previous sentence of Shen Lang was deeply rooted in her mind, not in a hurry, and later said that there is a lot of time anyway.

But the latter sentence is to give her a sense of urgency and tension.

If Shen Lang was killed, how would she be thinking?

This problem is not the case now.

The first encounter was when Shen Lang was buried in the tomb of King. At that time, she had already absorbed the Yinquan and left the school. There was nothing worth remembering and paying attention to, and she was not particularly uncomfortable with Shen Lang.

The second time, Shen Lang helped her block the people in Haitian Town. At that time, Shen Lang was considered to be a weaker one, but he had to deal with more people than him. There was almost no chance of winning.

She and her sister are not opponents either. Shen Lang is using her own desperate efforts to help them delay and get a little escape time.

Which time made her move, worried about his safety, would miss him, I don't know if he survived.

Chapter 556 - Falling rain

The third time I left the dead forest, I was already desperate. As a result, I saw that the Shenlang came over and I was excited.

I did not expect that Chu Yunfei would use the sinister tricks to directly delay the Shen Lang and sleep in the dead forest.

This time it shocked her even more, it was watching the sinking waves fall into the abyss of despair!

After returning, she immediately applied for the Linghe to the river, and asked for the entrance to the death forest.

But at that time, I just brought back the snow Linguo. I don't know Shen Lang when I fell into the river or the boat. After I heard it, I just said that they would find a way, but she was not allowed to go into the adventure again.

In terms of Lingshi, many people can still afford it. If you let a family come, the pressure will be greater, and the price is too low.

One more problem is that Shen Lang is a combination of Chu and Xie Jia. This group of Xie Jia people will be wiped out by the whole army. The Chu family will also come out with a Chu Yunfei, both of whom will stare at Death Valley!

They will not let Shen Lang come out again, of course, will not let the rain to save him.

So she can only be crushed.

At that time, it was a crazy practice, and I hope to improve my level and strive to become stronger and earn the spirit of entering before I can still enter.

Of course, there is also the back. When she received the news and rushed to Yunzhou, she saw the loss of Shen Lang's defeat in the air.

With Chu Mofeng, with Xie Dao Ling and his friends, went to Qiangjialing to the nearest Tangshan.

I don't know if I'm scared, she actually worried about him so many times.

There is still a problem in front of you, the ally of the Masters League!

This is a strong enemy of Juyue Mountain. It is estimated that it is more difficult than ever to escape the danger of this robbery.

If he is really going to die?

I remembered the worry I had time and time again and again, and I regret it again and again.

Life can be very long, it can be very short, or you must live for yourself, not for the talks of others.

“In this case, it is better to follow you.”

“what?”

When it comes to this, Shen Lang did not think she would agree.

After all, he can see through everything because of the memory of the two worlds. Otherwise, this concept cannot be accepted by the age and experience of this world.

It's obviously not going to fall.

“Afraid?” The rain that fell after the opening was also relieved.

“Why should I be afraid... I mean, do you understand what I mean?”

Shen Lang is a bit skeptical. Did she misunderstand what?

“What I am saying is that I want to be with you, but I will not be separated from Zheng Yumeng. I have two boats on my feet!”

“That's all right.”

“...”

“How many times have you been born and died in the past two years? In case you really hang up? There is still a memory to think about together.”

“...”

Shen Lang can't smile, it is because of this.

“But, you also said, your master, your sister is going to beat people.”

After the rain, I was silent, and then whispered: “In fact, they are still a bit of a heart. When you face you, although you are regarded as my pursuer, you have been calculating the gains and losses...”

“It shouldn't be considered.” Shen Lang felt that it was okay to fall into the river and the canoe, not a very snobbish person.

“Miss Zheng came with you. They can ignore this point. They are intentionally not to break. Because they are afraid of letting you smash, you will not be able to get the benefits from you.”

The rain and the world are also very transparent.

“Of course, I am not saying that they have their own selfishness. It should be said that I am forbearing, but it is always the same. Right?”

Shen Lang smiled and said: “There should be a positive thinking, that is, they may all recognize that I am a rare genius, a genius figure, a little more peach, they also feel acceptable. It is better than a loyal mediocrity. !”

It's not raining.

She has no say in feelings, but she used to talk to her female classmates. She felt that she wanted to be loyal.

“Okay. They let us talk, I have already talked, I went back.”

“so fast?”

“I promised to follow you, but you won’t be so anxious to pull me to bed? To be honest, I haven’t done this well.” The rain is blunt.

“Of course not. I mean, we haven’t seen it for half a year. There should be a lot of talks.”

Falling rain is a bit helpless: “I want to talk to you for half an hour here, that other people...such as Miss Zheng, maybe I thought what I am with you.”

“...”

Shen Lang is a little sweaty. If it is that, he is enough for half an hour!

Who doubts that Zheng Yumeng will not doubt, how strong is his strength, she is the clearest.

However, he also understands that this hotel, Haishan lived a lot of monks, or to avoid Gua Tian Li, so as not to spread out to her reputation.

After the rain fell back, Shen Lang hesitated for a while and came to Zheng Yumeng’s room.

Looking at him over, Zheng Yumeng quickly smiled and asked: “How? Is there any intrigue in the Joe son?”

Shen Lang looked at her eyes.

“How come...” Zheng Yumeng has a dim sum, naturally knowing that Shen Lang has met with the rain.

She took the initiative to find the rain, did not discuss with him, and did not know how he would be.

After seeing her for a while, Shen Lang opened her arms and hugged her.

Zheng Yu Meng could not help but stay a bit, what does this mean?

This is a bit abnormal. Is it necessary to drive her away and finally give a farewell hug?

“I’m sorry... I shouldn’t go to Miss Miss, I am just, I...”

Upon hearing her nervous explanation, Shen Lang hugged her a little and patted her back.

“I didn’t blame you, I was very touched.”

A girl, regardless of her boyfriend, likes other people, afraid that she has influenced the relationship because of her, but also take the initiative to find other girls to explain try to come up with a good excuse.

This is enough to show how much she values him. It is not only afraid of losing him, but also afraid that he will lose his rain and be unhappy!

“Miss Fall... can you understand?”

“Yeah.” Shen Lang hugged her and whispered in her ear: “Don’t mention other people here, I just want to hold you.”

He is very good for Zheng Yumeng. Even Nanyi Ye put down the inner nemesis of the Nantian family, and he can also use it directly without any care.

But the precious resources are still only material.

In spirit and emotion, it is still not enough for girls of this age.

Understand that Shen Lang is not trying to drive her away, but really moved, let the nervous Zheng Yu dream, rest assured.

At the moment, the hugs of the two people made her feel very practical, very warm, everyone breathing and breathing, heartbeat and heartbeat. She really hopes not to separate, just keep going like this...

Chapter 557 - Meet an acquaintance

Genius one second to remember the address of this station: (Vertex Chinese), the fastest update! No ads! On the second day, Qiao Shuyu saw Shen Lang and saw the south side of the leaf.

For the need to take three beautiful women together, Nan Yiye also said that there is no problem. Because Joe Shuyu first told him, let him be mentally prepared.

However, he personally did not want to add anyone to the past, and did not feel that it would be unfair.

The rest of the time, but also stayed in the hotel, but Shen Lang in the restaurant to let a few foreign superpowers get out of the ground, or spread, so that many people know that he came to Haishan.

Shen Lang dared to appear, and dared to come to a crowded place. Everyone was amazed by his courage. He also wanted to watch the excitement, intentionally or unintentionally, and disclosed the news to the Master League.

The people of the Masters League are still keeping a low profile as they have been in the past. Don't say reviews, don't talk.

There is no doubt that they are waiting for the return of the lords, bringing them to the waves and returning to glory!

If the ally does not return, other people do not have the strength to call the board.

By the time the official exchange meeting was officially started, the parties came to the Golden Dragon Bay Resort.

Shen Lang was with several people from the Ice Palace. When he entered the inside, he only had the identity on the surface of the boat. He did not carefully check what.

After all, it is a very powerful monk who is responsible for the reception. If it is an ordinary person, it can be seen at a glance. As long as it is a self-cultivator, no matter what status, someone can take it with you.

The Jinlong Bay Resort is not a small area, and because it is prepared in advance, the layout is arranged, and everything here will not be seen by the outside world. Even if there is a media helicopter shooting on it, it is also a blur effect.

Of course, this has not been a big fan. Apart from the fact that the additional residents feel that there are more tourists, there is no other feeling and it will not cause widespread concern.

After entering the resort, I immediately saw that it was very lively. Although it has not yet reached the point of people, it is also like people in the market.

“It feels like the countryman came out and gathered.” Shen Lang tweeted.

Falling down and nodding: “After all, it is a big gathering of five years. Not to mention that the masters of the world have come, at least they like to join in the fun.”

After she finished speaking, she laughed again.

“Of course, this is not a derogatory term. Let’s join in the fun.”

The three of them, the ice palace, all wore a thin veil to cover it. Even so, the grace of the three people is still far from attracting attention.

Coupled with a Zheng Yumeng, let the Shenlang next to it, like the feeling of a group of beautiful women, undoubtedly attracted a lot of attention.

“Master Shen Lang.”

As the sound began to sound, Shen Lang looked at them and saw another female monk coming over.

Because all of them are self-cultivators, after entering, Shen Lang did not pay special attention to the surroundings, and the other party apparently also recognized by the eyes.

“You are here too.”

Shen Lang smiled and nodded.

This female monk is a windless man. She wears very wide clothes and hides her proud figure, with a hat and a big sunglass.

Her dress is more like a visitor to the Gulf, it is difficult to connect with the peacetime.

“You have told me what to do, there is a little gain.” After the wind was approaching, he whispered and stuffed a small bag.

Shen Lang received the soundlessly, and then told her the information about his stay at the hotel, let her wait until after going back.

Feng Wuji nodded to Zheng Yumeng and the ice palace, and he greeted him with greetings, and immediately left Shenlang’s side.

Shen Lang is letting her help to acquire the artifact fragments, as well as the mysterious metal cards brought out by Qiangjialing.

But because she saved her last time, she was grateful, and she also silently helped Shen Lang to inquire about the collection of the Masters League.

Now that she has deliberately dressed up, she is going to be low-key. In the case of such a large number of people, it is not too close to Shen Lang.

Zheng Yumeng did not say anything, and several of them did not ask who it was.

“This time I can see the comprehensions from all over the world. I took a small donkey and came to see the world. She was still in the high school last time and went to Pingxi.”

The river indicates that they can learn more, there are not many opportunities.

“I have seen this world, and I will see some elder elders with Master. You are free to move and keep in touch.” The canoe immediately made arrangements.

Although she is also a young monk, she now has the identity of the Ice Palace, and she must have some external exchanges.

The Ice Palace is still remote, and there will not be too much contact with people. After taking over, many people do not know that she is the new palace owner. Yunzhou and Tiandong are both taking care of Shen Lang and brushing the sense of existence.

Now this is a good opportunity to officially stage!

But she is still young, and she still needs to fall into the hands of all parties.

This kind of occasion, this can be with the rain, but she and Shen Lang did not have much time to get along, they will not let them separate.

After the two of them left, Shen Lang left Zheng Yumeng and the rain.

“Do you say that someone will come to trouble?” Shen Lang smiled and whispered a question Are you talking about the Master League, or those foreigners? Zheng Yumeng was a little nervous.

Falling rain is also watching him.

Shen Lang shook his head: “I mean, in such a large party, I am alone, with two beautiful women, often have unopened blind children, arrogant people come to trouble.”

“...” The two are a little speechless.

However, Zheng Yu’s dream is not impossible. When they had dinner the night before, they encountered such a situation. In addition to the foreigner really came over, there are other monks who verbally said.

“Cao Cao is coming.” Shen Lang suddenly laughed.

“Ok?”

Said Cao Cao Cao Cao, just Zheng Yumeng mentioned the Master League, and now Shen Lang is the person who saw the Master League.

Xia Yuntian!

This is also the master of the late period of the real world. Originally outside the Tianshan Jianzong, he was abused by Shen Lang. Finally, it was him who was about to fight the island.

A few of them together with Xia Yuntian also appeared in the Tianshan Jianzong and Hanging Island. When they played against each other, Shen Lang also took their storage bracelets.

“Master Shen Lang.”

Xia Yuntian arched his hand and saw Shen Lang again. His look was very complicated.

Outside the Tianshan Jianzong, Yu Wenba was shot dead, and his flying sword was taken. A manpower pressed hundreds of people, but there was no match. But at that time, he felt that as long as the Master of the Mid-Levels was out, he could still solve it easily.

Unexpectedly, the final result was that the Tang Garden was planted, and the Master of the Mid-Levels also died, directly letting the Master League storm.

“Is you a few. I didn’t see it last time, I really missed it.”

When Shen Lang smiled, the other people changed their faces.

Can he really miss his “missing”?

The guest sets are not counted. Is this a pity that they didn’t kill them last time?

Chapter 558 - Bat club

Genius one second to remember the address of this station: (Vertex Chinese), the fastest update! No ads! Xia Yuntian is a bit embarrassed, last time they are not in Tangyuan, but the division of labor is different.

Tang Banshan is to let them come to the river bank first, to prevent the intervention of Qiao Shuyu and Nanyiye.

If Joe and the South take the shot, they will have to find a way to drag on, and the Masters Union can't do it with the two great families.

At that time, I thought that the masters of the Mid-Levels were well-prepared, and they were on their own sites. There were also a group of masters.

Not to mention it is easy, but it should also be difficult to buckle the waves.

So they also abide by their duties and did not follow the same battle. When the situation is not right, they will not play any role even if they cross the river.

This caused them to not face the Shenlang in Qingjiang.

"The style of Shen Lang, we will not forget, it is impressive."

"Is it?" Shen Lang stared at Xia Yuntian: "So, what are you looking for now?"

"What happened in Qingchuan in the past few days has had a huge impact on the EU. We..."

"You want me to take revenge?" Shen Lang revealed a hint of disdain.

A few of them looked at Shen Lang's unrecognizable disdain. They felt a little angry and angry, and even the Masters of Mid-Levels were not opponents. What else can they do?

"No. We don't have this meaning. But we have always wanted to solve the problem. Before the Master of the Mid-Levels and you had some grudges. What we hope is to resolve the grudges with the Alliance Headquarters."

"Continue." Shen Lang nodded.

Xia Yuntian's words have the meaning of stripping Tang Banshan and the Master League. Summing?

If there is no ally to support, they really can only summon!

This is why they have been honest and low-key recently.

"We are repairing and reconstructing the destroyed Tangyuan. This process will take some time. Therefore, we will send you an invitation. I hope that after two or three months, I will visit Tangyuan on the New Year's Day."

Xia Yuntian is well prepared and maintains a gesture of indifference and inferiority. This wording is also prepared in advance.

With the reason for repairing the reconstruction, delay two or three months, and when it comes to New Year's Day, let Shen Lang go to Tangyuan.

This trick is still very practical. If you can't contact the lord, you can find the contact more calmly.

Even if you can't get in touch for the last two or three months, you can gather more masters and make more detailed arrangements.

It's a war and a peace. After a few months, the reputation of the Masters Alliance will not be affected.

When the time does not appear, it is "not dare", they will pull back a city.

"You invited me, I have to go? Why?" Shen Lang faintly asked.

"This...we have the heart to resolve the grievances, I believe that you are the same..."

"Remember my style? Last time you invited me, how much did you pay for the appearance?"

The words of Shen Lang, let Xia Yuntian could not help but secretly smiled.

They will open this mouth here, on the one hand, it is rare to find the trace of Shen Lang, can not wait for him to disappear can not be found.

On the other hand, it is also an opportunity to make it difficult for Shen Lang to make a resignation through open opportunities.

Can be so sloppy, still so profiteers look, the opening is the appearance fee!

Now all parties are waiting to see their vengeance against Shen Lang. This battle will pay for the game. If you don't know, you will think that you will pay for it.

"Of course, I remember. But the situation is a bit different now, can't follow the time..."

Xia Yuntian whispered a bit. He originally meant that the degree of grievances on both sides was different. Now it is not private, and there are so many people watching it.

Shen Lang interrupted his words and nodded and said: "Yes! The situation is different now. Whether it is strength or popularity, it is not the same as before. You can't follow the appearance fee at that time."

"..." Xia Yuntian could not help but stunned.

"If you want to make an appointment for me, let's take five hundred medium spirits!"

As soon as the conditions of Shen Lang came out, several masters along with Xia Yuntian blew up.

"You want Lingshi to be crazy! How can we give you five hundred!"

"Why do you ask for five hundred stones?"

"We invite you to give you face, you don't want to know what to do."

Shen Lang glanced at them. “What do you say? Who doesn’t know how to lift?”

“...”

Just a few of them were screaming at the lion’s mouth, and they screamed and screamed. Now they stare at them and let them scream.

In the style of Shen Lang directly, I am afraid that I will do it here. At that time, no one can help him.

Shen Lang snorted: “Who is going to let you come? If someone else has this idea, you can let him come, or ask him for funding.”

“Otherwise... Oh! Why do you want me to go to Qingchuan, I have to go to Qingchuan again?”

Xia Yuntian saw more and more people gathered, and became very embarrassed, only to bite the teeth.

“Can you tell me where you live? We will find you after we discuss it.”

The relationship between the two sides is the enemy, asking others where they are going, this is a taboo and will be considered a spying message.

But certainly not in the public bargaining here, privately can still say.

Shen Lang glanced at him: “It is better to say where you live, I will consider whether you want to visit you, okay?”

“This.....”

Xia Yuntian immediately smashed up, and the appearance of several other people was slightly nervous.

From the perspective of the Tangyuan Qingjiang War, now they are not the opponents of Shen Lang. If Shen Lang touched them and killed them, there was no place to shout.

In fact, they know that Shenlang's hotel is also the same risk, but it has the initiative, can go or not, can bring a third party, or just be alone.

“Ha ha!”

Seeing their hesitation, Shen Lang sneered.

“Where to come from, where to go. Let's go!”

“excuse me.....”

Xia Yuntian is very embarrassed at this moment. Before there is no better solution, it is so surrounded by everyone. It can only be a shame between the individual and the master league.

After speaking, he hurriedly turned away and several other people followed.

A few beautiful women around Shen Lang have been a little attractive. A small storm at this time has attracted many people to watch.

This time, many people know that he is a strait, and he is afraid to speak in front of him.

However, there are exceptions. There are some foreigners who are attracted to the back and are not aware of the identity of Xia Yuntian and others.

“It's him! It's this person!”

Pointing to the sinking, is the foreigner who came to trouble the night before.

The bearded Edmund is also, like this person, dare not approach, just whispering something.

Of course, they are also foreigners with them, but in terms of strength, they are even stronger than Edmund.

They did not stop and went straight to the front of Shen Lang.

After reading the excitement, I was prepared to go out and talk about the gossip. I didn't expect to continue to have things, and I was full of enthusiasm.

Edmund, they are shrinking behind, and a few foreigners in front are staring at the waves.

"I heard that the night before, was you insulting our friends?"

When the foreigner in the middle spoke up, he stared at the eyes of Shen Lang, and his body shone with a strange figure.

Mental attack!

Shen Lang immediately felt that this superpower should reach the A+ level, which is equivalent to the late real life.

However, his skill is very strong, and now he is talking to him on the surface, in fact, he is mentally attacking him!

If he is attacked successfully, it will definitely make Shen Lang insulted in public. It is estimated that it is very likely that he will say that he will squat and control the smashing.

Today, this scene is much more than the restaurant in the night before. This is not only a slap in the face, but a singularity for everyone.

However, he wants to be more spiritual than Shen Lang, and he is simply looking for death!

Shen Lang has the spirit of the past life, and the spiritual power is far better than the average person. This is usually reflected in all aspects.

“So, are you asking for insults?”

Seeing that Shen Lang is so calm and calm, this foreigner has increased his mental attack mouth is talking about the principle.

“Don’t you be a hospitable country? We are all over the ocean, and it is too much to be humiliated by you in public. They are not only our friends, but also members of our bat club. We have a responsibility to protect them!”

The lively people watching the scene, I was looking at their confrontation, I wanted to see the arrogant Shen Lang, did not even let the foreigners let go, let them return.

When I heard the “bat meeting,” a considerable number of people were taken aback.

In the Western world, there are also some mysterious organizations that have been circulating for more than a thousand years, and some even have a long history than many state powers. For example, the Masonic, what will happen.

Some of them are actually only the social organization of the world. They are the clubs controlled by a handful of high-end elites. The way to join them may be elites of elite schools or riches of chaebols.

Some are also deified, demonized, and rumored to be more and more outrageous. For example, a certain family controls 100 billion yuan of property. It is the behind-the-scenes emperor who controls the western world. In fact, it is a deified home.

There are some organizations, the outside world has no reputation, and there are very few people who know it, but it is a self-cultivation organization that has been handed down from the Middle Ages.

The bat will be one of them.

This organization is mysterious and has a long history. There are rumors that were originally vampire worship, or directly created by powerful vampires.

There is a gossip saying that the famous comic image of “Batman”, which was born in the 1930s, was originally inspired by the bats, and even the bats would support it.

Everyone knows that there are many monks from all over the country, but they haven’t officially started. They first saw the troubles of people in the bat meeting to openly find the waves, or let many people feel refreshed.

Chapter 559 - Bats? Photo!

Genius one second to remember the address of this station: (Vertex Chinese), the fastest update! No ads! Shen Lang can not hear what bats will, this world has little contact, the previous world is far from the East and West.

“Do you have this strength?”

He asked a question and turned his eyes to Edmund behind.

“Who, let me talk about how I insulted you. Provoking me, don’t you pay the price?”

Shen Lang’s gaze shifts, letting the foreigner’s pupil shrink.

After he was just staring at the sinking waves, he had already locked his mind and made it impossible for Shen Lang to look away.

The eyes are the windows of the soul, which is the fastest cut.

Under normal circumstances, the enemy’s target will already be unable to stand it.

At this time, Shen Lang was not only not controlled by him, but he could also look away and let him realize that the strength of the target is stronger than he imagined.

“There is no strength, you can try it! I will warn you again, the people of our bats will not be insulted by you!”

He talked to attract the attention of Shen Lang, and then once again emphasized the bat meeting, which is also a psychological attack, which is an aid to mental attacks.

After that, he screamed loudly: “Give me a apology!”

What happened the night before was to surround the “Kneeling”, let the foreigner who made the trouble go down, and finally Edmund forced the sigh to apologize.

The end result is that they really “rolled” out.

Now this foreigner who calls himself a bat will also emphasize “Your Majesty.”

These two days, of course, they also know that “Your Majesty” is a big shame on this side, forcing the public to kneel down especially.

So he doesn’t need any creativity, and he doesn’t want to hurt his hands. He uses the mental attack to control the Shenlang in front of so many people, and all the faces are back.

His mental assault was wave after wave, and finally it was like a great drink, the most crucial order.

They are all masters of cultivation, and naturally it is difficult to be controlled for a long time. But in the moment of swaying, sudden loss of consciousness, will be controlled to do some behavior, it is entirely possible.

What is needed is the loss of this moment!

Unfortunately, this time he encountered Shen Lang...

When he was in a mental attack, Shen Lang discovered it at the first time, and began to control the rhythm, from diverting his gaze to disdainful words, in order to speed up the attack.

In the moment when the strongest mental attack from the foreigner came, Shen Lang immediately countered the past!

When he is fully attacked and unprepared, that is, at the weakest time, his counterattack is much smoother than the direct attack, and the foreigner is controlled.

“You must call down Dad first!”

When he said this, Shen Lang’s hand was tricked, like a child or a pet.

The foreigner who was suddenly countered was still not responding. He immediately went down and directly slammed into the front of Shen Lang.

Others don’t know that this round of guns and arrows is a round of confrontation, it looks like this foreigner is guilty, and directly “obedient” is embarrassing!

This scene is really unbelievable to everyone.

Isn’t it a bat?

Isn’t it a trouble to find a wave, do you want to apologize?

Why don’t you say that you are embarrassed?

Does Shen Lang release the tyrant of Wang Pa?

Under the inconceivable eyes of everyone, the foreigner suddenly woke up.

He is a master of mental attack, and immediately wakes up. He must have met a master. He has not only failed to control the enemy, but has been used by people to control it.

Looking around the bustling monks, he did not pay attention.

The foreigners who came with him, he did not pay attention.

All the attention was placed on Shen Lang’s body, and the strength of Shen Lang was re-evaluated.

“I actually sneaked on me! I have stunned your strength and looked at your character!”

In this sentence, he said it out loud, that the people around him understood that it was not that he could not do it, but the result of a sneak attack by Shen Lang. As for how to sneak up on this process, there is no need to prove it.

When he spoke, he had to stand up quickly, but immediately found that the whole person was suppressed, almost bound, and it was difficult to stand up. This was really shocking.

“I said, I have to pay for the provocation. What kind of dog thing do you dare to run in front of me?”

Shen Lang stepped directly on his head and spoke him down on the floor.

“Bat will? So weak, it is better to join a mosquito!”

This foreigner is the first bird, naturally the strongest of them, actually no resistance in front of the sinking waves. Let him be ashamed of himself, so that the foreigner next to him is too eager to get into the sand.

But when the last sentence was said, it made them all change color.

“You dare to insult the bat!”

“Faculty! You are dead!”

“Bat will be an insult to you!”

Shen Langbaiyan, “Idiot! I said that he is so weak, only with the addition of mosquitoes, you can also extend to my insult to the bats Oh, if the bats are all your garbage, then I Don’t mind saying that bats are all rubbish!”

Other onlookers, for the bats, still know more, so they just saw Shen Lang put the bats on the feet, even when the bats will also insult, but also squeezed a sweat.

However, after the anger of these foreigners, they are also a bit uncomfortable. After all, Shen Lang is still his own compatriot, which is also his own home.

I didn't expect Shen Lang to be reluctant to swear, nor to avoid bats!

"Domineering! These guys are humiliating themselves!"

"Hey! Hey, don't be polite with them!"

"Let them arrogant, let them provoke, don't pack them, don't know who this is."

The foreigner who was overturned to the ground finally broke away from the suppression of Shen Lang, turned over, and was contaminated with a lot of sand. He has not had the momentum just came.

"I heard that you are called Shen Lang? Very good! Just you insult the bat will be rubbish, and everyone in the place will hear it, you can testify!"

He laughed: "You can sneak a success today, and when you have more people, I will not do it with you. But if you wait, the bat will definitely take care of you!"

When he had not finished speaking, he was shot by a slap and flew directly into the sand.

"What are you counting? Do you dare to represent bats here to threaten people?"

As the sound came, everyone saw it clearly. It was not the Shenlang, but another person who was standing at the place where the foreigner was standing.

It was just that this person came at a fast speed, and after directly shooting people, the words were introduced into everyone's ears.

Everyone is secretly shocked, but also a spirit of spirit, watching the fun is not too big!

Chapter 560 - Dorothy

Genius one second to remember the address of this station: (Vertex Chinese), the fastest update! No ads! Everyone will feel that watching the fun, because it is also a foreigner.

And what I just said is “What do you think, and dare to represent the bat here will threaten people?” It sounds like the former foreigner is not qualified, does it mean that she is more qualified?

As far as the speed she has just appeared, and directly taking the person to fly, it still shows strength.

At this moment, everyone’s eyes were gathered on her body. After seeing it clearly, it was even more difficult to move.

Because this is a female superman, a graceful blonde!

A few other foreigners, who are the most depressed, would have liked to come over and exhale. I didn’t expect to represent them in the first place. First, they were slammed by the waves and called down to Dad, and then they were thrown to the ground.

This was just a slap in the face, and it was shot again.

However, after seeing the people, they did not dare to express their dissatisfaction and also gave a slight salute.

“Miss Dorothy?” The man who was shot was up again, this time with sand on his hair.

After seeing it clearly, he pressed his anger and took a breath: “Since you said that I am not qualified to represent the bat, are you qualified? Then you will be able to clean up this person on behalf of the bat!”

“What do you count, it is your turn to direct me?” Dorothy did not look at him, his eyes were watching Shen Lang, and Zheng Yumeng next to him.

Because this time the East and West monks are there, everyone’s camp is different, in order to avoid trouble, she did not openly go forward, just use the eyes to meet is a greeting.

When she spoke, she raised her hand and scared the foreigner to evade, so as not to be attacked.

Dorothy glanced at the scene and said coldly: "Listen well! If the bats appear to be rubbish, they will not represent the bats, and the bats will not protect them."

"If you hit the name of the bat club again, be careful not to go back!"

The foreigners shook their heads and said that they didn't dare.

They are not capable, they will need to pull the banner of the bat, if it is strong enough, naturally it is not needed.

Looking at the excitement, I also hoped that the new masters would fight with Shen Lang. I didn't expect people to be rational, directly clear, and warned those who caused trouble.

Seeing the excitement can't be seen, the enthusiasm of others has been cut down.

But some people secretly stunned, this blonde beauty, seems to be the last time in the thousands of caves, the blonde next to Shen Lang?

However, in the eyes of many people, foreigners are similar, but only one side is illegible. And at this time, others are defending the waves, and there is no need to help these foreigners say anything.

When everyone dispersed, Shen Lang told me about the hotel they were staying at.

This time Dorothy will come, he did not think of it. Because this is a conference of comprehension exchanges, it should be said that the Western monks are called "superpowers."

Dorothy is a vampire family, and it is a side door that the righteous person does not want to see.

But now is not the time to say this, just listen to her tone, it seems that she is also what bats will, and there is a certain status.

After hearing the sound of Shen Lang, Dorothy nodded slightly, and then did not stop, the same spread.

“Acquaintance?” Rain fell and asked softly.

Just the blonde girl looked at the eyes of Shen Lang, even if she was only a glance, she could still detect the difference, let alone the other side is obviously maintaining the waves.

There was no onlookers around here, and Zheng Yumeng didn’t need to be so vigilant and laughed softly.

“That is the slave of the big brother of Shen Lang.”

“servant?”

It’s a little surprised to see the rain, just a glance, she has already seen that Dorothy has a very powerful momentum, which is not something that can be loaded.

Not only is the strength caused, Zheng Yumeng is not weak now, but there is no such momentum, she should be developed as a habit of leadership.

Since it is a powerful superpower of foreigners, and can lead many people, how can it be a slave to Shen Lang?

“Just kidding, don’t care too much. Save her life, she said that I want to reward me as the main person.” Shen Lang shrugged.

Rain fell and nodded, and did not ask more.

“Her body is a bit special.”

“See it? It’s a bit special, go back and talk to you.”

Special is special. She is not a human being, but a vampire, but it is not convenient to talk about.

They also continued to wander around the resort's range, seeing other monks, all in one or two, some in a serious exchange, or ask others for advice.

More is socializing, turning such a party into an opportunity to expand your network.

The process of the exchange meeting, they have also seen, there will be a forum for exchanges, when it is held in a large conference room, people who want to listen directly into it.

The other major event is the competition of young monks under the age of 30, which is also being carried out in an orderly manner.

Shen Lang did not contact the Western monks before. In this memory, there are some mathematical and physical aspects. It is not clear how the Western superpowers cultivated systems and methods.

So he also went to the conference hall with a curious and eager mind, listening to the exchanges between the East and West monks.

But barely listening for half an hour, I really can't listen.

These people do not say what the theoretical level is, at least on the stage, are some nonsense, and there is no meaning to say the core secret.

This is not a person, but a guest of each country's representative.

In short, everyone is putting together on the top, saying that they are all self-satisfying, complimenting each other, hello, hello, everyone.

Shen Lang is even a bit skeptical. The guests who went up are all selected. The main ability is not the cultivation experience, but the eloquence.

In this case, there is no need to listen to it. When everyone continues to talk about history and culture, Shen Lang has chosen to withdraw.

Falling rain and Zheng Yumeng are of course with him.

Zheng Yumeng is very lively, and he wants to see “competition”. He is also interested in listening to Western theories. The stone of his mountains can be used to attack jade. The result is as disappointing as Shen Lang.

The contest is on the beach and there is no downfall. From the beach to the sea, the onlookers are in the other three directions.

It is more lively than the exchange forum. Most of the young monks are here to see “real combat”, and the core personnel of each faction must understand the level of other sects and the country, and they are watching here.

Shen Lang, they are coming late, there is no good position in all three directions. I want to see the situation directly with the naked eye, or squeeze into the crowd, or I have to go back a bit.

He looked at it and saw the best position in the middle. Someone put a small high platform on the beach’s usual lifeguard sitting on the elevated chair to observe the sea conditions, and immediately walked over.
