Chapter 58 - Harvesting stone

Shen Lang directly rushed to the order: "You get out of the way! Anyone who has no sincerity, you can imagine that you don't want to come out, the last transaction was canceled!"

Ye Shiguang was awkward when he was expelled like this.

However, he just personally realized the magic of this soup, even far better than Lingshi!

It is not that the aura energy contained in the treasures is better than the Lingshi, but the energy of the Lingshi. It is difficult for him to absorb it. It is estimated that it is at least a return to the Yuan Dynasty.

But this soup is directly absorbed quickly, and the effect is very good! For the stage of the superb warrior, it is more practical than Lingshi.

"I don't mean this... you offer a price of 50,000, I still pay the price, you can bargain."

He is actually secretive, and you say that 50,000 is 50,000. Am I not doing a big head? Both sides bargained for a price, and the last 20,000 or so transactions will be fine.

"Good, 60,000." Shen Lang said coldly.

"How do you still raise prices! 20,000, I can have a lot of weight."

"100,000!" Shen Lang sneered.

The Yue family is used for gifts, and the consumption is large, and it will be a stable source of tourists. Ye Shiguang is the most icing on the cake, not missing him.

Therefore, the price of Shen Lang is not to talk about it, but to express his attitude.

However, Ye Shiguang was a bit flustered. He thought that 50,000 was a virtual price. He opened 10,000 and everyone slowly talked about it. Now it has risen directly to 100,000. If you talk a few times, you can't afford it!

“Well, let's pause this discussion. I am here today with our sincerity!”

Ye Shiguang converted the topic, took out a bag, and opened it on the coffee table. There were five spiritual stones inside.

“This is a good price, I persuaded the family to do it.”

On the surface, he is sincere, and in fact he is also secret. Originally, I really wanted to see if I can talk about the next stone. After all, this is something that has no price.

But after reading the attitude of Shen Lang from 50,000 to 100,000, he did not dare to speak. If the four did not talk about it and the price rose to ten, he would not be able to go back and explain it.

Shen Lang took it out with impoliteness. There is no problem in quantity. He still needs a good look at the quality to avoid smuggling.

After his careful inspection, these five are of the same quality. Although they are only the elementary stone, they are already the best things he is now exposed to.

“Give you!”

Shen Lang threw a thing in the past and then collected Lingshi.

Ye Shiguang reached out and grabbed it: “What is this?”

“U disk does not know? You are also old enough!” Shen Lang did not say good.

The landlord left a computer, but there was no printer, so he played it on the computer with his memory and bought a copy of the U disk. When Ye Shiguang was lucky, he was ready.

Ye Shiguang smiled and said: "I know this is a USB flash drive, I just didn't expect it..."

"Do I have to find out what ancient books are not going to happen? What you want is content, not books!"

"But..." Ye Shiguang wanted to say that he couldn't verify the contents with the U disk.

"I won't run again. If you dare to accept your five spiritual stones, you will get the real thing. Besides, the secret of the practice of the sullen palms of the district is nothing to me."

Looking at the disdain of the waves, Ye Shiguang secretly stunned, is that you? It's the master behind you who has this ability!

"I believe in you." This is already the case, and Ye Shiguang can only choose to believe. "Now see our sincerity, can you talk about the transaction of this treasure?"

"100,000 bottles. How much can you wholesale?" Shen Lang does not let go.

Ye Shiguang smiled bitterly: "Business is not what you do. We just succeeded in trading, can we be friendly?"

Shen Lang pointed out that there are stacked medicine boxes in the living room: "I don't see it? The cost of light is more than 10,000. Others provide the cost of medicines! The transaction is another 50,000 bottles! You open the mouth is 11,000 bottles, this is I am not friendly?"

Ye Shiguang was awkward. He didn't know the specific situation, but he thought that selling a small bottle of 50,000 would be too expensive. Now listen to this meaning, it is more than 10,000 herbs to make a small bottle, no wonder so amazing, it is no wonder that the waves will be angry.

"Sorry, I was abruptly confessed. 50,000! Or go back to the beginning of the 50,000, how?"

Seeing that he bowed his head, Shen Lang's tone eased a bit: "The content of the haze palm, you can find a computer to verify. And this treasure is still a **** soup, I have just let you experience it for free. You should be clear about the effect!"

“Yes, so I sincerely want to buy it. And it will be a large amount. So I hope that it can be cheaper, causing the disrespect.”

“I mean, the haze is sold to you, a transaction, you can circulate to each other, and pass on to future generations. But this soup is a one-time consumable, how much do you get now?”

Looking at the eyes of Shen Lang’s review, Ye Shiguang only felt a shyness, and he could only buy a few bottles with the money he now has. You can only take a sample back and apply for funds from the family.

However, the hood door defects of the yin palm are huge, so even if they take risks, the family would rather be credible and not miss this opportunity. And the role of this soup, he is a bit selfish!

Ye Shiguang card is in the nine paragraphs of the super-martial warrior. I don’t know when I can step into the Yuanyuan. Without stepping into the realm of the Yuan Dynasty, it will not be recognized as a self-cultivator, and it is impossible for the family to get more resources and a higher room for growth.

If you can use this treasure to return to the Yuan Dynasty, it is not the same thing for him. However, if the family is reported to the family, the family pays for the purchase, and then distributes it, and does not say how much he can get. Under the premise that everyone is assigned, it is difficult to surpass others.

“I... give me some time, wait for me to raise money to buy.” Ye Shiguang said seriously.

Shen Lang shook his head: “I think it is very helpful to you. If you really want a little more, there is no other way.”

“What do you mean...?” Ye Shiguang looked at Shen Lang with a slight suspicion He didn’t believe that Shen Lang could credit him first.

“Lingshi! You still have a spiritual stone. If you exchange, I can give you forty bottles.”

Ye Shiguang couldn’t help but be amazed, and he still slandered the old man, you are as traitorous!

He himself owns a spiritual stone. The practice of this sinister palm is to trade five spiritual stones. Of course, he is reporting to the family, but he does not have himself. So I just gave it to Shen Lang, and the one he took out yesterday was still on him.

“Forty bottles are only two million, two million is no place to buy Lingshi!”

Shen Lang said faintly: “There is no place to buy the same baobao sacred soup for 50,000 pieces. There is no place to buy the yin palms. This means that you think the value is not worth it! You have Money is not willing to exchange with Lingshi, and it is also possible to raise money.”

Value is not worth it!

Ye Shiguang is very entangled, Lingshi must be worth more than forty bottles of medicine, but for him at this stage, Lingshi can not help him break through, forty bottles of medicine is possible!
