

## First Strong 591

Chapter 591 - Borrowing a stone

The atmosphere of the original two people is very good, can you chat like this.

But as they are all worried about, there are still uninvited guests coming!

The money is not revealed, and the price of making a big profit today is that there will be many people.

Last time in Qiangjialing, but everyone was eager to enter the Qiangjialing, there are more expectations. But now it is different. It is not urgent to attend the exchange meeting.

Domestic monks will have self-knowledge, but what about foreign countries?

Even if they inquire about the information of Shen Lang, they are limited and cannot be completely believed.

And for them, it doesn't need to be resident. Don't worry about being revenge. If you take a ticket, you will leave.

When Shen Lang discovered that an uninvited guest had arrived at the hotel's rooftop, the rain fell and the river next door was discovered.

"Master Shen Lang, special visit, can you come up and see? We don't want to affect ordinary people."

This voice spread rapidly and directly covered the entire hotel. Naturally, it was divided into layers. The self-cultivator could hear it, and ordinary people would not notice it.

For a time, the guests who lived in this hotel were alert.

Although this is a challenge to Shen Lang, it is not a matter of their own, but there is an egg under the nest.

The last battle between Shen Lang and Tang Banshan, but the entire Tang Garden was destroyed seven seven eight eight!

That is the foundation of the Master League, and there is also a group of masters. This ordinary hotel, where it can withstand the impact.

Ever since, whether it is in the exchange of friends and friends, or diligent practice, they havetened up quickly, and packed up valuable things, for fear of being hurt.

Just that voice, Zheng Yumeng and Dorothy opened their eyes.

There is nothing to be said about the winds of the inner Dan.

Shen Lang looked at it and then told them a few.

“The wind is not in the cultivation, the two of you left to protect her, don’t let her be affected. Dorothy and I go up!”

“Ok.”

Several of them agreed at the same time.

Leaving the rain, it is her identity in the ice palace, do not appear directly with him.

Both she and Zheng Yumeng are in the late stage of the real world. The same experience is limited. If they stay behind, they will have a mutual care.

Dorothy is different. Her current strength is equivalent to the peak of the real world. Going out can be used.

Shen Lang also passed the sound to the falling river in the canoe room: “Predecessors, I went up, if there is any situation below, I will trouble you to take a look.”

What he needs to guard against is a sneak attack. If there is a real battle below, he will of course come back immediately.

Coupled with a veteran of the old masters of the real world, there is basically no problem.

“No problem. Let’s go out and see you in the light boat!”

The river immediately replied.

There is no doubt about Shen Lang. If the boat is going up, it is not necessary for her to take the shot. It will not have any effect.

This hotel does not have a balcony. It can only be pushed open a window, jumped out and went to the top of the building.

The canoe next door, in the same way, went out, but she still wore a veil.

And the monks who just heard the movements and feared being dragged together, some rushed to take the elevator down, and also boldly followed the rooftop to see the excitement.

When Shen Lang arrived at the rooftop with Dorothy and the canoe, he saw five people standing on it.

Except for one person, the other five are foreigners.

“Haha, Master Shen, I just brought the way, I didn’t look for you. Can I introduce you to you?”

That person must have benefited, but did not want to offend the Shen Lang, so first explain, first clear yourself.

According to his introduction, the other four foreigners belong to different countries.

The blonde is called Thomas, the strongest of the four people. It seems to be at most forty years old. He has been staring at Shen Lang.

There is also a bald head called Aru, who is already in the age of forty or fifty. Not only the bald head, but also a belly, like a fat head.

There is also an old man named Matthew, who is the oldest of the four people. The surface should look no less than seventy years old, and may actually be bigger.

The other one is the black youth Cohen, the weakest and youngest of the four of them, about 30 years old.

After introducing them to the four-person group, the man nodded to the two sides and then retired from his own, and did not want to blend in.

When he introduced it, he came to see the lively, but also came up one after another, and also for the sake of safety, directly on the nearby rooftop.

Seeing clearly is a group of foreigners looking for Shen Lang, everyone is not surprised, only foreigners do not understand the situation is not afraid of death!

“Master Shen Lang, we have a hard time coming over and want to make friends with the comprehens of the East. I hope that you can give us a little spiritual stone and return it to you later.”

Cohen is the weakest of them, naturally at the bottom of the food chain. This is a sinful thing, let him do it first.

“You, want to ask me to borrow Lingshi?” Shen Lang stared directly at this Cohen.

Cohen is probably only an a-level superpower, which is equivalent to the initial stage of the realm. At the moment, facing the pressure of Shenlang, he has no strength to resist.

Shen Lang is just a gaze, so he can't bear it.

“Yes...yes...” Cohen was scornful, and his eyes were on Thomas.

He wants to say Thomas, but he dare not say it directly.

At this point, Thomas spoke up: "It's me. Can Master Lang Lang borrow a little Lingshi?"

As soon as he spoke, everyone would correspond, and the person who had just opened was him.

Others who look at the excitement certainly don't dare to say anything, but the meaning of this tone represents what everyone knows.

This foreigner is direct, when the Tang and Mid-Levels were also looking for reasons, they were directly asking for it.

"Of course, it is a visitor. We are still very hospitable, although I don't want to bird you, but in order to show that we are very enthusiastic, we are willing to give."

Shen Lang said this, Thomas and others were surprised, I did not expect it would be so simple!

Others who watched the excitement were even more unbelievable. In the past, in the middle of the Tangshan Mountains, he was able to persevere and go straight to the end. How could these foreigners serve softly?

Just to express that our people are more hospitable? This reason is a lie!

With the character of Shen Lang can let him serve soft, only the strength may be disparity?

Could it be that these four foreigners are very strong? Can make Shen Lang feel disparity, at least have two or three peak level masters?

At this moment, after watching the lively, they are all nervous. If the other party's strength is so strong, once they get out of the fire, they will be immediately smashed and escape.

However... since the waves are soft, shouldn't it be played?

Shen Lang is actually soft!

This is also a testimony to a big news!

Chapter 592 - Scum

There is no special reaction to Dorothy and Canoe along with Shen Lang.

Dorothy is regardless of the other, anyway, she is completely obeying the arrangement of Shen Lang, and the canoe is not to believe that Shen Lang will really be willing.

Just as everyone watched, Shen Lang took out a thing, smashed it in his hand, and threw it at Thomas.

Thomas gazed at it, and the thing paused in the air one meter in front of him.

Everyone's eyesight is very good, and I will see it carefully.

This is a spiritual stone, but it is an elementary stone!

"Don't thank me. Although the four of you are not good, but the three of them have not spoken, of course, there is no share. This one is yours. What can you borrow? Take it! Master Shen Lang rewards For you!"

Shen Lang's atmosphere waved.

This is the reaction of everyone on the scene. Where is he soft, and it is a way to humiliate each other!

Not to mention that this is an elementary spiritual stone, even if it is a medium spiritual stone, it is also an insult to the strong level of Thomas!

Ok! Shen Lang is still the Shen Lang!

Others are helpless and excited.

Although I didn't see the big news of Shen Langfu, I might see a battle.

Thomas gently reached out and the stone fell into his hand.

“Fuck! Do you regard us as a beggar?” Fat bald Aru spit a sip of water, and snorted.

Shen Lang looked surprised. “Are you not embarrassed?”

Then he patted his head again, and he suddenly realized it.

“Hey me! You are super!”

“Can the superpower be begging?”

“Even if I don’t know you, I look at the dog’s face and ask me to ask for Lingshi. It can’t be considered awkward. Should I count...Robber? Or a dog thief?”

Shen Lang’s performances made the onlookers want to laugh, but they can see that these foreign superpowers are very powerful and dare not laugh out loud.

You can only secretly vomit and sin, and you should not offend the sin!

Not only will he not get you a little benefit, but he will lose face in all its forms.

“Looking for death!” Aru angered again.

And the old man Matthew showed a mysterious smile: “Young people, still too young.”

Cohen originally did not dare to talk to Shen Lang. Among the four people, they were slightly light and did not dare to destroy the atmosphere.

But now there is no atmosphere at all, and Shen Lang has insulted them like this, and immediately followed him.

“What do you think you are? Just your yellow-skinned monkey dared to insult Thomas!”

In the end, the vocabulary is limited, and there are some more ugly words that are extracted in his own native language.

“You said, what should I do for those who are not inferior?”

Shen Lang smiled and asked a crowd next to the crowd.

The onlookers were not close, and they just didn’t dare to laugh to avoid offending, but now Shen Lang is targeting the Cohen.

In fact, Cohen’s weakness is relative. Thirty or so can reach the initial level of the real situation, and it is quite powerful. But he looks young, so other people are not so afraid.

Under the question of Shen Lang, the good guys boldly called: “The big slap in the face!”

“Then let him slap in the face.”

When Shen Lang said this, he just raised his hand and his fingers moved.

When he heard him, Cohen was already prepared, even if it was not an opponent of Shen Lang, it should not be too shameful.

Others have also widened their eyes. Even if he can draw a master in the early days of the real world, will he not just move his fingers? That is too simple...

Just when everyone was staring at the shiver’s fingers, “啪-” a loud slap, pumped on Cohen’s face, and flew him out for a few tens of meters, and fell out of the rooftop!

This.....

Everyone was speechless for a while, but I didn’t expect to have such an operation!

Everyone, including Cohen himself, thought that Shen Lang had to start, so he was concentrating on his hand.

I didn't expect him to raise his hand and move his fingers, including the phrase "slap him in the face", which is the instruction of Dorothy!

He didn't bother to do it, and Dorothy's speed itself was incredible. Directly, when everyone didn't see it clearly, Cohen flew out of the building.

"It's you?"

Aru, Matthew, including Thomas, when they came over, their attention was on Shen Lang.

Because there are other monks who watched the bustle, there are also Dorothy and Canoe, which are regarded as monks living in this hotel.

Just took out Cohen's slap in the face and let them carefully observe it, and then recognized the new character who was picked up this year.

"You are shooting at the exchange meeting during the day, you can also say that it is your bat meeting. Why is it doing this now? Is it inappropriate? Miss Dorothy." Aru asked quietly.

"Because he insults people!" Dorothy said of course.

"Then I also insulted people?" Aru directly said.

Dorothy smiled slightly: "I don't mind taking you to fly too!"

This attitude allowed the onlookers to scream and secretly applaud.

I just didn't see the blond girl's shot, it was too fast, and now this sultry attitude is really handsome enough.

“Dorothy! You are young, fascinated by foreigners, but still excusable, but you have to get lost. As far as I know, this person killed Nicholas? That is your killing father, You will actually shelter him!”

The old man Matthew is still expected, and it will cut into the key points.

No matter what, my biological parents, that is how to avoid the great feud. It is a pity that they inquired about the news that was also flowed out by Costner’s superpower.

They only saw the death of Nicholas, how Kosner died, and Nicholas recounted.

Dorothy’s sacrifice, of course, does not know the inside story.

How did Dorothy, who died once, revenge for Nicholas? Not personally, it is already good.

“It’s better than this, I killed you, how about going to \*\*\*\*\* and Nicholas?” Dorothy’s eyes glowed red.

Matthew couldn’t help but screamed: “You are crazy! For power and benefit even colluded with outsiders to murder your father, and also killed Costner, occupying his territory, the bat should put Your scum is cleared!”

Everyone is watching the lively inside, and there are some people who have been to Qiangjialing before. I can’t help but think of it. Isn’t this a female vampire who is said to have colluded with Shen Lang?

But now, how do you listen so familiar?

Our country’s monks, smashing the waves are collusion of alien enchantresses, attempting to misbehave. As a result, the superpowers of the West, and the Dorothy is the scum of the outsider who colluded with Shen Lang...

“I think... I should have cleared you first!”

Dorothy quickly shot when she spoke!

## Chapter 593 - Clear hands

Said to do it, Dorothy's shot, let the old Matthew surprised.

But her speed is very fast, and one person is also very fast, first stopped in front of Matthew.

Thomas!

Thomas is the strongest of them. This time he was led by him, so after Cohen was shot, he was not allowed to have any problems.

Thomas's fast, and Dorothy's quick and a little different, he formed a virtual shadow of the whole body, quickly spread into a fan shape, thus blocking Dorothy.

"What's the matter, let's talk about another place. We can find you bats and have a good chat!"

Thomas said in a deep voice, the meaning is very simple, no matter what purpose Dorothy for the purpose, I can't intervene this night, or he will find a bat.

The old man Matthew smiled in the back of the yin: "How... Do you know that the master of Shenlang, who is famous in China, is actually protected by a foreign girl? And is it a vampire? Hey!"

Thomas will come out of the bat and Dorothy doesn't care. But Matthew's words, she must consider the attitude of Shen Lang.

It is not afraid of being provoked, but considering that Eastern men care more about their faces and are unwilling to hear about being protected by women.

She has stopped at a safe distance, and at this moment she looked at Shen Lang and waited for his instructions.

In fact, Shen Lang has already figured out their strength. Besides Thomas is a super-power of A+++, Matthew is also, but it may be just a short time ago, and the strength is worse than Thomas.

The fat bald Aru is only A-class, Cohen is A-, compared to the two, they are the role of soy sauce.

Thomas dared to come, of course, also with the power of two A++ superpowers.

In their view, the story of Shen Lang must be exaggerated, and even if it is not exaggerated, it can only deal with a level of A + at most, they have two come, or hand in hand.

However, the addition of a Dorothy spoiler, the situation is different. First of all, they are still underestimating the strength of Dorothy. It is said that it has only grown stronger since this year, and then it has soared all the way!

To say something exaggerated – the speed of hearing the news, still can't keep up with her speed!

On the other hand, vampires have a stronger physical advantage than humans, and the same level of strength is harder to kill them.

So whether they use bats or women, they must exclude Dorothy.

Shen Lang smiled slightly: "Do you really think that I need to rely on Dorothy to protect? Tell them, why do I let you shoot!"

Dorothy is a little bit puzzled, because Shen Lang did not say anything, she just saw the order to let her hands, she started.

She is self-sacrificing and is unconditionally obeying Shen Lang's orders.

Just when she had not spoken, she suddenly heard a voice.

"Just let you shoot, in order to spare their lives, if Shen Lang shot, they will die."

The sound came from the canoe, and she passed it to Dorothy behind the veil.

Although she will not be longer than Dorothy when she spends time with Shen Lang, she is not obedient, but has studied Shen Lang carefully.

The identity is not the same, plus the difference between the East and the West is still different. Let the canoe understand the intention of Shen Lang, and Dorothy has not yet reacted.

Shen Lang will let Dorothy shot, will speak like this, there is no deep-rooted intention, nothing more than a gesture of loading and loading!

Dorothy didn't know how to say it. When he heard the canoe, he immediately said it.

“Let me shoot, to spare them a life. If you take it out yourself, they will all die very hard!”

When you hear this, everyone reacts differently.

The onlookers of the comprehension, it is awesome.

What about vampires? Can make such a powerful vampire swear by yourself, that is glory in itself!

Thomas, a few of them, his face became even more ugly.

The meaning of Shen Lang is disdain!

Only the behind canoe was secretly laughing.

“Have you heard it? Just the little black brother, if it was my shot, I smashed him directly. Like this fat head, if I shot, I would directly blow his two ears!”

As soon as the words of Shen Lang came out, many of the onlookers couldn't help but laugh at the sound.

This stalk, everyone will understand when you hear it – when you pull your ears up, you will become a pig.

Of course, foreigners can't understand it, but everyone laughs. You don't have to guess and you know that it is definitely not a compliment.

“As for the two of you... Hey! It’s hard to reach the realm of A++, really want to die in other places?”

“Oh... this idiom is a bit esoteric to you. Simply put, you really want to be killed by me here?”

Aru was uncomfortable, but he did not dare to speak because his strength was not enough. Whether it was Shen Lang or Dorothy, he could step on him.

But Thomas and Matthew are unbearable!

The purpose of their trip this evening is to directly call out Shen, even if it is an open act both for the benefit of Lingshi, but also to show strength.

If it succeeds, it will naturally press the heads of the oriental monks, leave the seamounts as soon as possible, and accept the challenges of others. This reputation can be well known for a long time.

But if it fails, it is to send your own reputation to the Shenlang as a stepping stone! Let the reputation of Shen Lang spread to more places around the world.

This is Xu Sheng not to lose!

As for the Lingshi, it can be flexible, as long as it can make a part of the money, it can satisfy the reputation.

Of course, like Shen Lang’s sending a singer like a singer, it’s a shame, not a earn.

Thomas stared directly at Shen Lang: “We originally wanted to borrow a little spiritual stone. As long as you give a 580 medium spirit stone, you can win our respect and gratitude. Now... please prepare to hand over two Thousands of medium spirits!”

Two thousand medium spirit stones!

The monks who heard it secretly vomited.

These guys are really bad guys!

With so many Lingshi, it is equivalent to a dozen or twenty sects. Even the super-explosives of Shenlang, this is to spit out all the income today, and still have to put a third of it!

“Everyone has heard it, this is their face. I killed them, don’t let me spread my bullying!”

After Shen Lang finished, he patted the palm of his hand and colded his face.

“Okay, clear up! Please retreat to a safe distance!”

When this was passed to everyone’s ears, everyone had not had time to find a place where they could watch the drama and be safe. They saw that Shen Lang had already arrived at Aru’s side, and then Aru seemed to be hit by the plane, directly and quickly. Flying to the night sky, at least it will fall a few hundred meters away!

Chapter 594 - Power grid

There are no ordinary people in the live show, and they are all self-cultivators with certain strength.

But even so, they were the first to see people flying hundreds of meters away!

Usually there are not many opportunities for them to fight in a real battle. If they are met, they will either be directly crushed or evenly matched. There is no chance to see a picture that plays like a mythical drama or a superhero movie.

Thomas and Matthew were also incredible. Before Cohen was attacked, he said that he was insulting the waves. Now Aru has nothing to say.

Shen Lang, an A++ super-level person, actually shot an A-level superman!

The speed of Shen Lang is even faster than the vampire Dorothy!

They were surprised and unbelievable, and the Aru was at the moment of being hit, and even the awareness was not noticed. After being hit by the strong waves of Shen Lang, the man was already in a coma.

As for the place where a few hundred meters fell, no one went to trace it, just as if Cohen had fallen to death.

After the wave cleared the scene, Shen Lang also waved.

This is what makes Dorothy and the canoe also retreat. Both of them are a little hesitant because they have to deal with two people.

However, he was slightly hesitated, and the two quickly retreated to the edge of the rooftop.

The canoe is self-aware, and even if she is involved, it is not the opponent of Thomas and Matthew, but it may drag the waves.

Dorothy is completely obeying the arrangement of Shen Lang, and has a general confidence in Shen Lang.

After the other monks were shocked, they quickly retired, and some retreated to the edge of the rooftop, and they were able to jump and escape at any time. Some are on the rooftops of other nearby buildings.

“Do you want to deal with us two alone?” Matthew smiled.

His time to become an A++ superpower is still short, and Shen Lang can kill A++ superpower, he is still a bit guilty.

It is absolutely unwilling to ask him alone, but with Thomas, he is completely relieved.

Because Thomas is also the strongest to kill!

Shen Lang and Dorothy together, they are also not sure. Now that the waves are excited, let Dorothy retreat to the side, that is their chance to come.

“It doesn’t matter! You are alone, or you all together, I don’t care!”

Thomas said coldly, expressing his disdain.

“Want to take the words to cover me? You still worry that Dorothy will shoot!” Shen Lang smiled: “Reassured, she will definitely shoot, but not with me... but after I kill you, by She came to drain your blood!”

“Hey, can you eat, don’t waste, are you?”

When you hear this, the crowd is a bit creepy!

These two are the strongest of the top-level masters, not only to be threatened by him, but also to drain the blood to the blonde!

Thinking of turning into a picture of a dead body, they all felt that the night wind seemed to be colder...

Thomas and Matthew are not so big.

“In this case, after killing you later, I don’t mind eating your meat!”

Thomas showed a sneer, just like Shen Lang, just added: “You can eat and not waste, but you have not eaten.”

Onlookers, they began to feel a little discomfort in the stomach...

One wants to drink blood, one wants to eat meat.

Both are talking and laughing, as if they are pig blood and pork. Is this a psychological quality?

Speaking of this, they did not have any more.

Since Shen Lang sneaked on their people, Thomas did not feel that the sneak attack was not good, and immediately rushed to attack!

There was a sudden flash of light on the top of the rooftop, and this light came from the hands of Thomas.

I saw that his hands only saw, and the arc flashed quickly. In an instant, the large area around the Shenlang has been completely blocked!

Matthew began to move erratically. It seems that they have cooperated, Thomas attacked, and he defended and assisted in the attack.

Originally, everyone retreated to the edge of the rooftop, thinking that if there is an attack and accidental injury, you can jump at any time, then you can avoid it. The distance and time when the roof fell, with their strength, is the time to save themselves.

But now it is different. Now there is an electric arc network on the roof, which is too late to jump.

Therefore, they all evacuated to the other roofs, including the canoe, and only Dorothy continued to look at the edge of the rooftop.

When everyone saw the arc retreat, Shen Lang was already in the middle of the arc network. Thomas not only kept the distance, but also moved quickly!

He does not give the opportunity to dodge and retreat, to ensure that people are trapped in this platform!

At the same time, Matthew, who was floating around in the periphery, had a slight thought in his mouth.

As he gazed at the dark waves and the play of the spell in his mouth, the deep waves in the arc felt a powerful mental attack!

Spiritual attack he encountered one at the resort in the morning, the one who claimed to be a bat, is to use the spirit to attack the smashing wave let the smashing face in the middle of the wave.

In the end, not only did Shen Lang counter-control him, but he was also shot by Dorothy.

But this Matthew is obviously much stronger. Not only is the realm of itself high, but the mental power is even stronger.

Now the cooperation between the two is also very close. Thomas's arc attack is powerful and must be cautious. Otherwise, even if it is not directly electrocuted, as long as it is numb, it will directly change the situation.

At this time, the mental attack is far more dangerous than the ordinary moment!

If you concentrate on avoiding arc attacks and are successfully attacked by spirit, the consequences are worrying.

If a large part of the energy is used to cope with the attack, the arc will be difficult to avoid.

Not only that, but with the spell, there is a spell!

His spell is directed at Shen Lang, and it is completely another enhanced version of the mental attack.

Equal to Matthew's two simultaneous mental attacks!

The extent of this sinister, invisible to outsiders, can only be seen by Thomas's attack. At first glance, Matthew was assisting the cover on the side, waiting for Thomas to be in danger when he was in danger.

Only the parties understand that Matthew's attack is dangerous, even on Thomas's attack!

This is also the reason why Matthew needs to be with Thomas. If it is not Thomas's holding, he will face the attack directly, and it is difficult for double attacks to have room for play.

When it's said that it's late, everything is happening in an instant, but what makes everyone unbelievable is that the waves are moving!

The deep waves wrapped in the net of the arc actually stood like this!

If everyone knows his strength, he even wonders if he is being killed by electricity...

Chapter 595 - Use

Others feel shocked and worried, but Thomas feels the pressure!

Because he just took the lead, and did not show good mercy, if it is a normal enemy, attacked by his arc, it will be directly scorched.

However, Shen Lang did not react at all!

And he is very clear, as long as Matthew time and opportunity, his mental attack is very powerful.

The current Shen Lang does not seem to have received a spiritual impact.

Although it was only a few seconds, Thomas has been highly alert and valued. In addition to continuing to move and maintaining the best attack, his arc has once again been upgraded.

Presented in everyone's sight, the arc becomes very thick and continually flashes.

Matthew did not stop for a moment, and his mental power and spells continued to escalate.

There is still no change in the sinking waves!

Dorothy and the canoe are holding their breath, and they are all ready. If the sun falls, then no matter what, they have to hurry to rescue people.

But the situation of Shen Lang is too strange now, from a few seconds to a dozen seconds, then dozens of seconds, he still has no change!

“Thomas! Are you at this level? At this level, there is no effect on my hair!”

Shen Lang finally spoke, and for dozens of seconds, under the watchful eyes of everyone, as if it had been a long time, everyone began to sweat.

Hearing his voice, not to mention Dorothy and the canoe, other domestic monks were relieved.

This is at home, no matter how familiar he is with Shen Lang, he hopes that he will win.

Just the situation of Shen Lang, I really worried everyone, afraid that he would have been stupid in case of electricity...

Thomas and Matthew, when they heard the words of Shen Lang, turned their faces into ugly.

Both of them are A++ superpowers, and the enemies that can be attacked by both of them are all A++ level superpowers, but they are also difficult to support.

But now the situation of Shen Lang completely subverts their past experience and subverts their impression.

If you continue this way, isn't it a shame to continue?

Although there is such a thought, both of them are showing their best skills, and they are not willing to believe that their stunts have no effect.

So under such a situation, two people have erupted, and the potential is exerted at a super level, so it is necessary to kill Shen Lang!

The swell of the electric light is a smile that makes them feel awkward...

This smile makes them doubt or not, but at this time, there is no way to retreat.

Shen Lang does not have defense or dodge, he is using them!

This is not the same as the battle on the Qingjiang River. It is the site of the Master League and the home of the people. Both people and the land are people who have an advantage.

A few of them are foreign, and today's behavior does not want Tangshan to be so prepared, it is a temporary looting.

More importantly, the strength of Shen Lang is now a step higher than that at that time!

So in the face of their offense, Shen Lang decided to use their attacks to quench their bodies!

His current realm is piled up by a lot of resources such as Nedan and Lingquan. After more battles and more quenching, he can become stronger.

After the refining of all the myeloids of the giant rhinoceros, the body of Shenlang has been far better than the people of the same level, and he will not be able to bear it. Therefore, for the attack of the arc, he let the body bear on the one hand, and on the other hand, it is also absorbed into the body!

I want to know that Shen Lang and Dorothy will come into contact with each other because he cultivated "Yin and Yang Bozhengzheng" on the plane and caused lightning bombardment.

In the final analysis, lightning is also an energy, so he not only tempered the body, but also equals the energy that is attacked, most of which is absorbed.

It is incredible to put it on others, but for Shen Lang, it just needs to be done.

Thomas is a strongman who is comparable to the peak of the real world. His full-scale attack, the effect of Shen Lang's quenching, has a huge effect almost every second. For dozens of seconds, his body has passed. A tough tempering has become even more indestructible!

As for Matthew's mental assault, it was also used by Shen Lang.

He is planning to fight against the gods!

For the monks who turn the gods, it is nothing to use with one heart and one mind.

So he kept himself highly sensitive, using Thomas's attack to quench, while absorbing electric energy, and on the other hand, the spirit against Matthew's attack, which also made his mental power more pure. .

Of course, Thomas and Matthew are all A++ superpowers. This attack is not a sparring, it is a play, and it is always awkward, so Shen Lang can no longer be distracted.

But this conservative cautiousness, which is presented, is disdainful, and does not care about their attacks!

Adding his words even more so he is too lazy to fight back, is willing to see the true strength of both of them.

When they attacked at a super level, the smile on the face of Shen Lang was actually not a matter of thought.

He is satisfied, these tempering has made his body achieve the desired effect, and it does not last much, and Thomas has absorbed most of his power.

But no one can think that he can actually take advantage of the enemy in the battle, so this smile is puzzling.

"Your attack has actually weakened? It seems that the strength has been fully revealed. Now it is my turn!"

When Shen Lang spoke, Thomas and Matthew were highly alert, while others were wide-eyed, for fear of a blink of an eye and missed the counterattack of Shen Lang!

But the scene that shocked everyone...

I saw Shen Lang's casual hand reaching out, and the power was weakening the net of the arc, and it quickly gathered to his palm!

Then Shen Lang's hand rallied, gathering a thick arc, and instantly arrived at Matthew's side, immediately letting his body tremble...

what is this?

The process of fighting, now learning to sell, directly master the enemy's stunts?

Everyone has a dark eye, if this is the case, then the learning ability of Shen Lang is too bad, right?

It will be fair to see if others use it. Is this fair?

Thomas is a person who can afford to let go, even if he wants to face, but now that the two people can not join hands, and the waves can control the arc, let him realize that he is facing a strong enemy tonight. It is.

When Matthew was charged, he did not save Matthew, but the body quickly pulled out and flew away from the rooftop!

Chapter 596 - Flying!

Shen Lang's hand trembled, and the arc flew over with Matthew's direct Wang Taoles. He is well controlled, and he must not be able to move Matthew's electricity and can't give him a shot.

As he said before, kill them, recycle them, and serve Dorothy as a tonic.

I don't need him to say more at this time, Dorothy can feel his heart.

Matthew is not his center of gravity. Thomas, who wants to escape, is the focus of Shen Lang's attention!

When the sky flew away, Shen Lang chased it up at a faster speed. In the air, a sword appeared in his hand.

Juyue Sword!

However, he did not pull out the sword, so he grabbed the sword, caught up with Thomas from behind, and then slammed directly on Thomas's back with a scabbard!

As an A++ superpower, it is very rare to run away from companions during the battle. It can be said that it is beyond the expectations of others. He feels that he has a great grasp to escape.

Unexpectedly, when Shen Lang actually continued to attack Matthew, he could quickly catch up with him.

This time is so short that he has just flew out for dozens of meters.

When Ju Yuejian came over, Thomas felt the danger, but even he was helpless for the deep waves that were far better than his speed.

At this deadly moment, what he can do is to gather the strength into the back as much as possible, and try to strengthen the protection so that he can escape.

When he sensed that this was a sword without a sheath, he was relieved a little. This swell should be trying to catch him, which gave him a chance to live!

Even if it is strong, as long as he is allowed to slow down, self-protection is still impossible.

But this idea has only just become a generalization, and he feels the huge impact of the mountains!

This is where the scabbard is slamming, it is like a steel mountain tower!

It is his full defense against the back, facing this huge incomparable power, but also simply can not stop, immediately like the golf ball hit, quickly smashed down to the ground!

The onlookers were watching this scene. When the sword appeared in the hands of Shen Lang, everyone held their breath and wanted to see him killing Thomas with a sword.

Can not sink the sword, actually with a scabbard to go!

This makes everyone rush to get up, is this too too big? If it's an ordinary person, there is no problem how you do it. But this is an A++ super!

And the next scene, everyone is stunned...

A super-powerful A++, equivalent to the master of the peak period of the real world, actually flew out like this!

Can do this, the power of Shen Lang is so great!

In fact, it is not only a huge relationship, but also a carrier. If Shen Lang is holding a wooden sword in his hand, the strength is huge, and he can't bear it. It is a pair of other swords, including the 戮剑 sword and the autumn water sword, all of which do not appear in this effect.

Juyue Sword itself is very heavy, and the power to attack it is huge.

Ordinary people can't swing big iron bars, and the effect of waving wooden sticks is better.

The Hercules is very easy to swing the stick, and the effect is bigger than the average person.

The effect of the strong man waving the big iron rod is much stronger than waving the wooden stick.

Because the speed is too fast, Thomas's body is faster than a golf ball. If it is not an individual, it may even be difficult to see.

Because of the distance between the eyes and the angle of view, you only need to shift the focus to track down his end.

I saw Thomas, who had fallen from the air, squatting directly on the street outside, and directly opened a big hole in the middle of the road!

On the road, it seems to have encountered a meteorite, and it seems to be a ground-like, suddenly there is a big pit.

Fortunately, there is not enough prosperity on the seamount side. There are not many vehicles at this point in the evening, and it has not affected anything.

But the huge movements still let a lot of the surrounding hear it.

Then there was another loud noise. On the edge of the big pit, another big pit appeared again!

This is the trailing wave!

Shen Lang landing can of course be very light, but he is intentional. When the ground is stepped on a big pit, Thomas is also shocked to fly in the pit.

Juyue Sword came over in time!

Still like playing golf, this time from the following, Thomas quickly flew up into the air.

The next moment, Shen Lang had already caught his hair faster than the flying Thomas, and he fell on the roof of the hotel.

It was only a few seconds before and after, but everyone felt that it had been a long time. Everything is like HD slow motion, which has left a deep mark on everyone's mind.

Then everyone reacted and looked at the scene in a strange way.

How could Thomas, with no resilience, hold the hair up by Shen Lang?

Look carefully over the past found that Thomas is already in a coma!

In fact, the first time, Thomas was hit, but also suffered the general attack of the Steel Mountain Tower, but because of full defense, but can not withstand a huge impact, but did not seriously hurt and died.

It was only immediately that the road was lifted, and the concrete surface could be opened up with a huge impact. If the head was tolerated, the consequences would be very serious.

So at that moment, he also had to protect his body and fight back and escape.

When he defended the body against the ground, the trailing waves were seized by the opportunity to attack his brain directly and mentally!

This is also sold from their current school, or else the previous wave is not used. Because if no one helps to delay the opportunity, the mental attack is very tasteless – it is not so much trouble than the weak one, and the person who is stronger than him will not give him a chance.

But now, instead of creating opportunities, they have also taken advantage of opportunities. In fact, it is also an exercise. Otherwise, he can kill Thomas in other ways.

When the impact, Thomas was again subjected to mental impact, he must quickly resist mental attacks.

At this time, Shen Lang re-entered the ground and transmitted a strong impact through the ground, rushing him from the underground pit.

When he bounced, he did not give him a chance, Juyue Jian once again smashed over and completely stunned him!

In others, it seems that it is only a few seconds from Thomas to escape and to be caught by Shen Lang. In fact, between the moments, Shen Lang has used multiple levels of mental and physical attacks.

At this moment, he was caught and dropped in the air, and he was completely controlled, and he could calmly maintain his manner.

Chapter 597 - Frustration

Shen Lang undoubtedly attracted the attention of everyone on the scene, so that when he pursued Thomas, everyone ignored Dorothy and Matthew.

Now that Shen Lang has successfully arrested Thomas, I noticed Matthew.

Then everyone took a sip of cool!

Matthew, who had been shocked by the electric shock, had already bursting his skin and his hair was slanted. At this moment, he was completely exhausted and dried up, as if the water in his body was gone.

This is only a few seconds!

However, because I just saw Shen Lang went, I didn't pay attention to how Dorothy did it. I don't know how to \*\*\*\* blood.

But this is the end of the game, and it has already made everyone dare to ignore this blonde.

If you really want to have a conflict with her, everyone wants to beg for mercy and to be more comfortable.

No one wants to die, and does not want to become a dead body like a dead body...

When Shen Lang threw Thomas on the ground, it was a pity that he had just searched quickly and there was nothing valuable in Thomas.

It is estimated that Matthew is the same. It is estimated that they will want to take advantage of it here at the beginning, and they will not carry any resources with them.

Since there is no resource, then don't waste his own resources!

Thomas is also a super-power of A++, but it is stronger than Matthew itself. His blood is of great help to Dorothy.

Shen Lang nodded to Dorothy.

Dorothy is also not polite, and people have already arrived at Thomas.

The monks around, all eyes wide open.

I have already missed it once. I can't miss it this time. I don't say anything else, that is to say, going out to brag is also a kind of capital.

The vampire in the impression is that he likes to bite the blood vessels in the neck, but that is actually to create opportunities, especially when men and women embrace intimacy, and they don't pay attention, which is easy to succeed.

Now Dorothy does not need to use Thomas in this way.

She reached out directly and quickly absorbed the blood from Thomas's body.

Although the light is not very strong, and the connection is not very close, but everyone basically sees it clearly. The blood on Thomas was quickly forced out and the water was quickly separated.

When I finally condensed into Dorothy's hand, it has become a concentrated blood.

When Dorothy put the blood beads away, Thomas had already dried up.

The two A++ superpowers, who were originally the dominators of the party, because of the interests, because of greed, provoked people who should not be provoked, fell off such a end.

Let the onlookers have a little bit of jealousy.

But after all, this is a foreigner, and the object of being extorted is his own compatriots, so no one feels terrible, but feels very angry.

What about the A++ level super? Want to come to us to do things, just do it!

This is different from Shen Lang's battle in Qingchuan and Tangyuan. The Master League is a powerful force group. Even if you have no interests, you don't want to offend people.

The current enemy is a foreigner, there is no such problem, it is a national hero glory for the country!

“Master Shen Lang is amazing!”

“For this kind of foreigner who is provocative and plundering, it should be a lesson!”

“The master of Shen Lang is really too big, and the two A++ superpowers have been killed by you alone!”

Everyone praised them one after another, and by the way, they took a flattering.

Shen Lang raised his hand and gathered the bodies of Matthew and Thomas together, and then smashed it into powder, some of which fell on the roof, and some scattered with the night wind.

This scene has made everyone secretly scared, this can be considered as a frustration!

Whoever offends, don't offend the waves!

This is the idea that everyone is once again in the heart, not only firm, but also feels that all relatives and friends must be seriously warned.

Shen Lang hugged his fists around, and he said hello to everyone, then flew down.

The canoe and Dorothy are also following, and the other monks are also going on. For this battle tonight, let them feel that this trip is worthwhile.

Two A++ supers are so easily killed!

Compared with this, the exchange competition in the Golden Dragon Bay Resort seems to be the play of the family. This is a cruel battle!

Going back to the room, falling rain, Zheng Yumeng, they are all relieved.

In fact, the above situation, they are also clear, but because of concern, they are more nervous than other people watching the game.

Shen Lang has returned, and there is no problem. After the rain, he will return to the house.

It's also natural to see what's going on in the other side of the river. After the boat is gone, it will be described in more detail.

Shen Lang nodded to the two of them, indicating that he was guarding them and let them continue to practice.

Originally, Shen Lang gave the blood of Dorothy Tang Banshan. I didn't expect to have two A++ strongmen who came to the door this evening.

These three bloods are very helpful to her.

Zheng Yumeng felt that the change of Dorothy, which was similar to her before, was so diligent, and she was absorbed by the finest Lingshi.

Shen Lang took a shower and then lay alone on the bed.

This situation is also a bit funny. There are three beautiful women in his room. Don't say that there is no crazy four-person line. It is not a companion. He is alone in the bed. Doesn't anyone believe it when he says it?

He took out his mobile phone and checked the WeChat group of an exchange conference. He was ready to go tomorrow. He wanted to remove the group, but this time he went in and saw that it was in full swing. Discussion.

Of course it is just what happened.

This is not the exposure of the onlookers of the same hotel and nearby hotels, but the exposure of both Cohen and Aru.

Although the two are A- and A-level, they are nothing but sloppy for Shen Lang.

When I first started, Dorothy flew out Cohen, but did not kill it, nor did she go hunting.

Aru is also the same, Shen Lang punches him a few hundred meters, will not fall to see his own creation. But in the end, it is a super-class A, even if the injury is not light, or save yourself.

Neither of them dared to come back, but they did not dare to run, lest Thomas and Matthew would say that they were not guilty of loyalty.

So both of them were dragging their injured bodies, looking for a roof in the distance and looking back at the situation.

It's just that the battle is fast, and when they slow down and look for the wait-and-see point, everything has settled. What they saw was the scene in which Shen Lang smashed Thomas and Matthew!

The two of them have self-knowledge, and it is not a big deal to be seriously injured. But the two A++ superpowers that could not be imagined, even in such a short period of time, were killed by Shen Lang.

So the two quickly ran away and waited for a relatively safe place to quickly expose the matter directly inside the group.

Said that Shen Lang used the mean means to murder Thomas and Matthew's A++ superpowers, and called on the comprehensions of other countries to unite. There is no need to severely punish the murderers and seek justice.

The monks who had just watched, after seeing this information, did not do it, and all came out to defend Shen Lang.

Chapter 598 - 1 intimidation

In that situation, no one was shooting with a mobile phone.

Of course, I don't dare to shoot, and at the speed of their battles, when they shoot quickly, they can't shoot.

But there are also a lot of monks on the scene. When you say a word to me, you will put together the truth picture.

They were originally only private discussions, and they dared not speak openly in the group, lest the waves would not like it. But now it is defending Shen Lang, there is no such scruples.

Aru and Cohen, relative to them, are foreign languages. Whether they are typing or speaking, they are much slower and have less vocabulary.

Plus other monks are more, almost drowning them.

But after all, it's impossible to get people through the mobile phone. Aru and Cohen simply emphasize that you are your own people and you are sheltering from the waves!

Furthermore, it is even said that many of them helped Thomas and Matthew who had killed the waves!

This has led to a lot of melee discussions. Many people say that if they have the strength to kill the A++ superpowers like Thomas and Matthew, they have long boasted that the whole world knows, as for not talking?

Also said that other people do not believe, but Shen Lang killed, everyone will believe.

Shen Lang was also bored, and he joined it.

"I will not kill anyone who offends me. But you come directly to ask me for two thousand medium-spirited stones. This is not the case. I killed it and killed it!"

"Thomas and Matthew are dead, Aru, Cohen, why do you both think you can escape?"

"Do you think you are safe? Actually dare to reverse black and white here, you will be a hundred times more painful than death!"

"Give you half an hour, kneel down to the hotel door and beg for mercy. I can let you go once, or else, wait for the consequences!"

As soon as Shen Lang opened his mouth, everyone was excited. He used to say hello to him, and he was close to what he was. Looking at the words of Shen Lang, everyone started not to brush the screen, giving them two opportunities to see.

After Shen Lang finished, other talents began to discuss.

Everyone said that Shen Lang and Shen Lang never said anything, and none of them who offended him had a good end. Aru and Cohen, be mentally prepared.

This is of course just a threat. Before I was to clear them up, I didn't pay attention to them at all. Naturally, I didn't leave any black hands.

But he did indeed kill Thomas and Matthew tonight, and it was the one that had a very bad result. Therefore, the monks who watched the war did not doubt that the two of them would be even worse.

Aru and Cohen are not talking.

They originally wanted to expose things, provoke the same enemy, and wait for someone to take the shot, they can avenge them.

Now, if there is no foreign comprehensible to speak out, they will be attacked by the group, making them completely untenable in morality.

The words of Shen Lang made them nervous.

Although they are also skeptical in their hearts, after all, they do not jump out, Shen Lang can not find them, it is very likely that they let them vote.

But before the scene, they also saw the solution, Thomas and Matthew have been shattered. The two of them, although injured, still escaped.

Is Shen Lang let them go?

Such a fierce person, will be so kind?

Just a few hundred meters apart, Shen Lang will not find it, will not catch up with them?

When I think about it, I am worried that Shen Lang is really a secret hand. I want them to be a hundred times more than death. Of course, there is no need to chase them.

It's said publicly now, just wanting them to be shameful.

Compared with losing lives, which is important, everyone has a scale.

Shen Lang said that it is half an hour. They are all injured now, and they don't dare to delay. This half an hour should be the best time for treatment!

Ever since, they didn't even talk on WeChat and rushed to the hotel quickly.

In order to save their lives, they all rushed past the disregard of the injury, and the group also talked for a while, and the two of them had already arrived at the hotel entrance.

At this moment, I dare not speak directly to Shen Lang like Thomas. The two people discussed it and immediately squatted down at the hotel entrance. They each took a small video of each other and sent it to the WeChat group.

"We are wrong! It was Thomas who took us, and we could not refuse him."

"Thomas and Matthew are both A++ superpowers, they want to covet your spiritual stone. We are the strength, where dare."

They sent out a video of the squatting, and they admit their mistakes in the group. The answer is self-evident.

Of course, for the comprehensions around the world in the group, right or wrong is not so important, and the boundary between evil and evil is sometimes not so obvious.

In addition to having some absolute bottom line, such as not being able to kill innocent ordinary people on a large scale, things like robbing resources are less acceptable.

The key is strong and weak!

Shen Lang killed Matthew and Thomas of A++, which has proved his strength. The A-class Cohen and the A-class Aru who fled out were attacking him by diss. When he opened his mouth, he was scared to hurry and ask for mercy!

This shows that the strength of Shen Lang is extremely powerful. For a time, the comprehensions around the world have known and remembered the oriental monk named Shen Lang.

At this time, the knowledge of Shen Lang has reached the hotel downstairs, and the rapid attack invades the brains of both of them.

Sudden mental attacks, so that both of them were shocked, and after a moment of loss, they slowly woke up.

“get out!”

Suddenly I heard a voice in my mind, they were secretly scared, this is really not heard by the ear, but directly in the mind to think of it.

They didn't know where the waves were, whether they were looking at them in the hotel lobby, or they didn't come out in the rooms at all.

Therefore, in addition to squatting a bit, I also sent a message in the group, “Thank you for the great life of the masters of the waves,” and then quickly left.

Others don't know what happened, but the guess is that Shen Lang has lifted the black hand on them and will let them yield.

So many people praised the sinking waves.

But some people started to do things, saying that no matter what the other party did, the visitors were guests. This year we are the organizers of the exchange conference. Killing guests is a shameless act.

And when someone took the lead, someone immediately followed up and complained about the waves.

The discerning eye saw that this was organized behavior. The original support for the Shenlang began to slowly stop.

Who else can I still have?

Nature is the master league. In the face, they don't dare to move the waves. They don't use real names in them. When they are not on the scene, they are not squirting.

When everyone waited for Shen Lang to respond, Shen Lang directly slammed it out.

“What about your bird? What are you?”

Chapter 599 - I also broke through.

If they face each other, these people will not dare to say anything, but now they are bold through the mobile phone, continue to slam the waves.

“We are not something, but we have a sense of justice and dare not fear evil forces!”

“You have ruined the reputation of our country and made us all humiliated!”

“You have done something illegal!”

“You are simply the scum of our comprehension!”

Shen Lang began to pay attention to them, and they couldn't help but laugh when they saw each other's strong words.

But laughing and laughing, he also felt again, the Master League now looks like a loose sand, in fact, there are still people behind the unified command!

This morning, I met with Xia Yuntian at the resort. When I had the first negotiation, and then sold the secret in the afternoon, it was another confrontation.

This is the third time now.

Maybe... Thomas will be boldly looking for it and get to the hotel accurately. Is anyone provoked behind?

When he thought about this, the people in the group, no one interfered, and he was even more energetic, and he almost made the dark wave the biggest scum in history!

And Shen Lang is no longer vocal, it seems that the guilty is not afraid to come out.

Shen Lang is very clear about the truth that the object must be reversed. He just got the spontaneous applause of other monks because it inspired everyone's national self-esteem.

If the good people are going to go on and say more, it will make many people feel sick.

Now that the public opinion has reversed, the people of the Master League have sprayed him in turn. Others dare not speak. He has not spoken, but the other party is more and more exaggerated. This will naturally disgust other neutral passers-by!

Sure enough, after waiting a little longer, I saw that they were too addicted, and some people couldn't help it.

First of all, the first one is still a friend of Shen Lang's side – Qiao Shuyu.

“A group of garbage! What are you doing? Are you junk, and also represent the realm?”

There are already some people who are already uncomfortable, just considering that there is definitely a master league behind them, so they have no intention of opening.

Now look at it, directly use the real name Qiao Shuyu, this is the Joe son of the North Sea Qiao family!

Everyone has opened their mouths. Does this represent the attitude of Qiao's family?

Someone started yelling at the beginning.

“Yes! How old are you?”

“Don't use the name of the net, report your identity directly, and see what you represent on the realm!”

“Whatever the Shenlang people, no one can take the initiative to provoke anyone?”

“You are so careless, I am going to your house, don't say two thousand Lingshi, ask you to have two hundred Lingshi, see if you can't beat me!”

They organized the spurt of the waves, and sprinkled their heads, making Shen Lang a vulnerable group. Now when someone takes the lead, everyone has counterattacked.

The minds of other people are the same. On the Internet, they don't face each other directly, and so many people chat together and say nothing will be noticed directly, while others are not afraid of the Master League.

Originally, they have received the sound, and it is no longer a thing.

But they are pushing people, because they are organized black clouds, and immediately suspect that these are the time when Shen Lang is just quiet, and talk to someone in the back to talk to someone!

So they don't care so much, they spray directly with other people.

The result of this is of course that everyone is not sympathetic to them, and how the Master League can not become a public enemy!

Looking at the chaos of this moment, Shen Lang smiled and directly removed the group.

After watching the mobile phone again, Shen Lang came out of the bed and noticed the three of them.

The cultivation of Zheng Yumeng and Dorothy is not a crucial moment, and there is no need to worry about anything. After the wind has not taken Jidan, it is also the end of the impact.

However, he is not very familiar with the situation of the wind, and he can only check it to see if she is in danger or not.

Time passes by little by little.

Shen Lang did not spend his time and energy on the group of attention. People like Joe Shuyu would not, of course, just say a fair word for Shen Lang, and would not really participate in the war.

Other people, especially some young monks, are still interested.

Those who come here now are basically not returning to the realm of the Yuan Dynasty. At least they are still in the virtual world.

Shen Lang has already regarded the early and middle stages of the existence of the real thing as a monk, but for the monks who are still in the virtual world, the early masters are also masters, not that they can be offended.

If they are face to face, they can only be arrogant, and there is nothing to dare to say.

Now in the WeChat group, just like the people in the Master League, you can't come to beat me anyway! Especially knowing that the other side is the master of the Master League, the spray is more enjoyable!

Originally, they had nothing to do with Shen Lang. Now they are more concerned than their own affairs. Until the end, the people of the Master League will be defeated. This is a great victory.

And later, the discussion is not the person of Shen Lang, but this kind of thing, the right thing to do is to make everyone more emboldened. Of course, the master alliance, it is estimated that the people behind the scenes reaction. Come over and order them to stop the war.

At dawn, a vitality rises!

For a time, not only the same hotel and the nearby monks felt it, but the monks with higher heights in the seamounts felt it.

Although everyone is not very clear about the specific situation, it is basically certain that a master has broken through a new realm.

The sinking waves of sleep came over, and Dorothy and Zheng Yumeng, who practiced at night, opened their eyes.

They all felt more clearly that it was a breakthrough in the wind.

“Don’t be excited, steady!”

Shen Lang whispered a word, then reached out to the top of her head, injecting a sigh of relief, helping Feng Wuji to stabilize her state, so as not to fall into disarray.

Zheng Yumeng and Dorothy are also very happy. They were very clear last night. Shenlang is helping more helpers. The wind can be upgraded to the end of the real life, of course, the value is greater.

After a while, Shen Lang closed his hand and the wind did not open his eyes.

“I have succeeded... really successful... thank you!”

She is still a little excited, this is not thought of at all, to enhance a realm overnight!

Shen Lang’s comprehensive strength – ability and financial resources – made her completely sigh.

Just at the time of the breakthrough, she was actually a little too excited. Fortunately, Shen Lang helped her and made her successful.

“Not bad.” Shen Lang nodded with satisfaction.

“Congratulations to the wind sister!” Zheng Yumeng took her hand with excitement.

“I should thank Shen Lang!” Feng said without sincerity.

“Actually... I also broke through!” Dorothy next to a victory gesture.

Chapter 600 - Leave all

“real or fake?”

This made Shen Lang all surprised.

This time, I learned that Dorothy is already equivalent to the level of A++ superpower. He is already very pleased. He has added a helper of the peak master, which can be more relaxed in the face of the threat of the lord.

The speed of her evolution has been very rapid, and she is not expected to go further.

What she provided for her is the blood of Tang Banshan, and what she did not consider her.

Unexpectedly, overnight, she actually went to a higher level without a word.

Dorothy nodded hard, watching everyone look at her, a little embarrassed, and a smile of apologizing to the wind.

Because of this sentence, she turned Shen Lang’s attention to her side, and the advance of the wind is not expected, she is an accident, so that Shen Lang obviously surprised a copy.

She really didn’t deliberately catch a sneak peek...

“You have taken all three bloods?” Shen Lang felt a move and immediately thought of a possibility.

Dorothy’s evolutionary system is different. She had taken the blood of Tang Banshan last night, and it didn’t have such a big effect.

Later, the blood of Matthew and Thomas, only the adventures that all of them took together, allowed her to evolve again.

Dorothy nodded, she did it, and it was successful!

“A little risky.”

Compared to the adventure, Shen Lang needs more security. Like the wind, there is no risk, and the risk is not too big, at most it takes longer to complete.

But now that Dorothy has succeeded, of course, it is not good to attack people.

“Now we are going to follow you as an example. You are the highest in our world.”

Although this is a joke, but it is also a truth, before Dorothy is already comparable to the true peak of the real world, then the evolution of success now, from the realm, can be comparable to the Western S-class superman, also It is the level of the initial state of the gods.

Dorothy shook her head in a hurry: “Not a role model. I hope to improve my level and help me to a little more.”

Zheng Yumeng knows their relationship. Although Feng Jiji has already known it first, it is not clear what relationship she has with Shen Lang. It is a bit surprised to hear the owner.

Then she smiled and followed: “I can improve a little bit, and I hope I can help a little more, not just taking care of me.”

“You have your mission. For some time in the future, I may not have time to contact you. Be careful!”

Shen Lang solemnly sighed.

Ascending to the end of the real life, you can make the wind self-protection ability increase, but still need to be careful. In case the Master League can't find him, it will not be implicated in her.

"I understand." Feng Wuji nodded.

"Okay, go back first."

"what?"

Shen Lang suddenly succumbed to the order, and now it is only dawn, not to mention the wind without a sigh, Zheng Yumeng and Dorothy are also a bit shocked.

"The wind sister just broke through. This is a big joy. Don't say a big meal to celebrate. Let's have a breakfast together and celebrate it. Now..."

Zheng Yumeng whispered a little.

Shen Lang is shaking his head and interrupting: "The movement last night was relatively large. The Western superpowers may come to me to seek justice, and the Masters Alliance is taking the opportunity to do things. You better leave first, don't be involved. Come in, still that sentence, you have your mission!"

The wind is not a bit of a taste, although this is the resource he gave, Nedan is precious, but she is also a crazy cultivation of the night, it is very risky to complete this breakthrough.

As a result, he did not receive his praise, but instead went directly to the guest, it was too cold. Is it really a tool for her as a man?

Now listening to the words of Shen Lang, the wind has no thoughts, I guess that when she practiced last night, it should be something big.

Let her leave, not cold and bloodless, just do not want to hurt her.

The last sentence reminds me, and it is very clear. To help him, to protect him and so on, there is Zheng Yumeng. There is this blonde, Dorothy, who does not need her to shoot.

And she also has a role they can't replace.

"Good. You... you are guaranteed!"

Feng Wuji seriously took a sigh of relief to Shen Lang, then resolutely got out.

"I...go to send the wind sister." Zheng Yumeng followed.

There are two people, Shen Lang and Dorothy, and Shen Lang also said directly to her.

"You suddenly made progress, so I don't know what to do."

"Ok?"

"I was going to a place, I want to go with you."

"What now?"

Dorothy's eyes widened, she was a little unbelievable. Is it because her strength is stronger, but she doesn't want her to be around? Or is it because her performance was not good enough last night?

"Now your strength is very strong, I want to leave you to protect other people, and praise them."

For the Tianshan Jianzong, Dorothy has no more contact, only the last time he went to the Qiangjialing.

"If the owner wants me to protect them then I will stay..."

Although she was a little disappointed, she still fully respects the arrangement of Shen Lang.

“Forget it, they follow me, and they can enjoy the benefits, and the wind and waves must bear with them. If they are protected too well, it is difficult to grow into a big tree!”

If other comprehensions hear this, they will feel ridiculous, which is too old-fashioned. A 20-year-old man said that a 100-year-old man can hardly grow into a towering tree...

For the Tianshan Jianzong, Shen Lang has arrangements. At that time, there was no budget to go to Dorothy overseas. Now she joins in, it is the extra fighting power, and it can not affect the previous arrangement.

Feng Wuji completed the breakthrough, and Dorothy also had a big leap. Shen Lang's trip has already gained a lot.

He sensed that they had gotten up in the canoe, and they went to say hello to them, saying that they had to leave before leaving.

They were also very understanding of the river, and they decided to meet the time and place of the meeting with the falling rain, and they left with Dorothy and Zheng Yumeng.

From the hotel, Shen Lang was not ready to take a ride, and did not want to fly again. Prepare to take them two to a secluded place, and fly directly with the gods.

But it was not a wish, just came out of the hotel, and immediately a car rushed over and stopped directly in front of them.

The rear window opened immediately, revealing a face.

“Miss Dorothy, Scott is going to see you. Please!”

This face, Shen Lang has also seen, that is, in the Golden Dragon Bay Resort yesterday, the foreigner who wants to attack his ugly spirit.

Later, when he followed the name of the bat club and pressed the waves, he was shot by Dorothy.
