

## First Strong 721

Chapter 721 - He is Shen Lang

In the face of the gods, there was no resistance in the face of the wind. When the film was photographed in front of the wall, the whole person was also banned.

She can only see that the pen is about to be drawn on her face. She has already done her heart to death. The difference is that it will only be insulted before death.

At this time, suddenly heard the sound of screaming, everyone was taken aback, she heard that it was the voice of Shen Lang, but not surprised, her consciousness is a bit embarrassing.

She didn't think that this was really the sound of Shen Lang. I didn't know that everyone heard it. Reasoning made her feel that she should be the most helpless and hopeless. I realized that Shen Lang could save her from the sky, so she would appear. Auditory hallucinations.

But at this time, she found that the pen in front fell to the ground, including the ancestor, and everyone's attention was turned from her to the outside.

She is still banned now, and she can't do it. She turned her eyes a little hard and looked at it with the light.

Outside the floor-to-ceiling window that had just been shattered, I didn't know when there was a young man with a long stature, so standing in the air, watching coldly at everything in the big office.

“Old ancestors! He is a swell!”

Liu Zifeng immediately yelled, but the whole person was even more nervous. Unconsciously, he had already stepped back a few steps. If there is no ancestor here, he will run away directly.

Shen Lang walked in from the air and came in, everything in the office, he has already received his eyes.

In fact, he has been there for a while, taking a taxi from the airport to come here.

When he was still some distance away from the Fengfeng Building, he felt the abnormality of the gas field here. It was not a question of cultivation, but it was like a tit-for-tat.

Then he felt the attack of the mixed bullets!

It used to be something he used, and he was still very familiar. He immediately realized that something went wrong, and Feng Jiji would only encounter danger, and he would use the treasure.

Therefore, he used the knowledge of the gods to investigate the specific situation, and quickly got off the bus and rushed over.

The taxi driver was about to tell him that it was not far away. He suddenly found that there was no one behind him. In addition to the open window, he left a banknote.

The driver refused to be on the road, and quickly stopped to look around, including getting off the bus to check, and did not see the shadow of the passenger again, so that he once suspected that he had seen it.

When Shen Lang arrived here, he already knew the section just after. Although he did not hear all of it, he also knew that this was the ancestor of Shuiyue Dongtian, and forced the wind to have her whereabouts, and it seems to have been inquired. After his situation.

And the ancestor was able to wrap the attack of the mixed-bull bomb in one hand, and turned to ventilate in the air, and let him understand that this is a master of the realm of the gods.

But what he didn't expect was that he was so arrogant that he started to attack a woman! And people are polite and reasonable, and there is nothing disrespectful.

This made Shen Lang already had a high anger and once again soared.

“You are Shen Lang? It really came in time! It seems that you are especially unusual for this woman.” Shuiyue Dongtian’s ancestors sneered.

The wave of Shen Lang was on the floor of the office. Just the floor-to-ceiling window shattered the glass \*\*\*\* scattered on the ground. It seemed to have life like it, and quickly jumped up from the ground!

The murder of the Master League, as early as a month ago, has been confirmed by all parties, Shen Lang is famous, and the ancestors of Shuiyue Dongtian watched him with an angry attack and did not dare to neglect.

The attack of Shen Lang should be a temptation, and for him, it is also an opportunity to test the details of the waves.

After all, about his killing of the lord, it is all outside rumors, who knows \*\*\*\* in the Tianshan Jianzong?

Therefore, he did not hesitate to fight back and attack. Instead, he simply reached out and waved his chest to form a protective cover around him. On the front side, there was more wall-like protection, and he himself was still an old god. Sitting there.

When others saw that Shen Lang was coming over, he couldn’t help but step back to the back. Many of the walls that had been attached to one side were basically trying to get the ancestors in front.

Looking at the attack of Shen Lang, they are also moving with the slightest breath.

The glass \*\*\*\* that jumped up in the air was also gathered together, and it looked a bit horrible.

And they paused in the air for less than half a second. As Shen Lang stepped on the floor with ease, all the glass \*\*\*\* changed from a moment of rest to a high-speed shot!

When the ancestors were concentrating on the alert, when everyone else wanted to see the big scenes of the two sects of the gods, all the glass slag, but all of them smashed into another person!

Liu Zifeng.

When everyone looked at him incredibly, he was also incredibly slow to bow.

Just the dense glass slag, like countless bullets, all concentrated in the abdomen, squatting, made a sieve, chicken flying eggs, falling flowers!

“Let’s get cool first. Cool?”

If Shen Lang’s words, let Liu Zifeng regret it, know why it will become a target, just because of the mouth!

He was annoyed because the wind couldn’t get rid of him, because people like Feng Jiji rely on the resources they get from the right and left, and they are even stronger than him. Today, they are screaming at their ancestors and venting them.

It’s too late to regret it now!

Whether Shen Lang can kill the gods, even if the outside world admits, there are still many disputes and doubts in private. However, he killed the peak of the Tang Dynasty, but many people have seen it.

And he, however, is the beginning of the realm of the district, how to block the blow of the waves!

Didn’t kill him directly, just let him understand and let him regret...

“Shen Lang! Your opponent is me! Sneak attack on the junior, it is a small act!”

The ancestors of Shuiyue Dongtian will not care about Liu Zifeng’s life and death. In his opinion, it is just an ordinary grandchild, there is no feeling at all, including Zhuo Yuan, he is seriously injured.

But Liu Zifeng has always been speaking on his behalf. When Shen Lang came to Liu Zifeng, he undoubtedly hit his face.

“Do you know that sneak attack on juniors is a small act? Don’t be too savvy, you are an old junk!”

The old ancestors thought about it before they reacted. Because Shen Lang can kill the lord, nature should be a god, he has long been regarded as a peer. In her consciousness, she did not regard Shen Lang as a young man in her early twenties, so she would say that he attacked the junior.

But in fact, young people in their early twenties, attacking Liu Zifeng, who is 40 or 50 years old, how to sneak into the juniors, not to bully the elderly!

Instead, he is the ancestor of Shuiyue Cave, who is the highest ancestor. He attacked a 26-year-old woman and was the real sneak attack on the junior!

This is equivalent to giving yourself a slap...

Chapter 722 - Give me all

“Shen Lang!”

The ancestors of Shuiyue Dongtian just opened, but found that Shen Lang did not pay attention to him, but moved his fingers.

Between the time, Liu Zifeng screamed for a while and then quickly disappeared!

He had just been smashed, and the whole person was numb, and it was only after this time that he felt it. And Shen Lang just let all the glass \*\*\*\*\* in his body burst directly!

Originally, those glass slags were big and small, leaving holes of different sizes on him, and they all stayed in the body, so that he couldn’t move.

And now all the broken, the scope is a number of expansion, the original riddled holes, directly become empty!

“Your opponent is me!”

The ancestors of Shuiyue Dongtian couldn't help but scream again, and the people stood up and prepared to attack Shen Lang.

At this time, he found himself standing halfway, and the whole person could not move!

This change has really shocked him deeply.

Is there a ambushing companion in Shen Lang?

Otherwise how could it be done like this!

In the eyes of others in Shuiyue Dongtian, it is thought that the ancestors kept this strange and half-squatting posture, and only said that they are exploding!

Just Liu Zifeng's end, let them not dare to go forward, do not dare to say a word, can only secretly refuel in the heart.

“Just you? A litter of garbage, also as my opponent?”

Shen Lang reveals a disdainful smile and walks directly to the front of the ancestors of Shuiyue Cave. He slaps the past and slams the past, leaving a clear fingerprint on the face of the ancestors!

Including the wind, no one, including the Zhuo Yuan, everyone on the scene, was once again shocked.

Shen Lang is fierce, everyone knows that he is very powerful. But this is not a master of the real world, but the ancestor of Shuiyue Dongtian, the master of the realm of the gods!

Look at this, Shen Lang can not only easily tap his face, but also control people can not move!

This is not a powerful spell, just like the ancestors have also controlled the wind.

But the premise is that the strength of one of the parties must be ahead of the other.

If it is at the same level, even if it is a full-fledged move, it will not be accidentally defeated. Of course, it is not so dare to be so big.

When everyone looked at Shen Lang, they all showed incredible eyes. Is he already leading the ancestors so much?

Others are still like this, and the ancestors themselves are even more unable to bear the result.

Just as he ruled everything, he also said that he was the opponent of Shen Lang twice. He didn't expect the other person to face his face directly – not only to imprison him, but also to slap his face with his palm!

That pain is nothing to him, but the burning tingling is a shame.

“Give me your knees!”

Needless to say, the words of Shen Lang are said to other people in Shuiyue Dongtian.

According to the end of Liu Zifeng, other people should have been very acquainted with the current affairs.

But in the end there are ancestors, and the ancestors gave them great confidence. Although the scene just made them stunned, they still don't want to believe that the ancestors have no resistance. This is illogical.

If the ancestors are making big moves, then if they are left, they will have no chance to return to the door.

So they are all shrinking backwards, but hesitantly no one is kneeling.

At this time, they saw a shocking picture!

Their dependence, their source of confidence – the ancestors, actually slammed into the front of the waves!

This this.....

This is too late!

Shen Lang will not give them another chance. The figure flashed quickly. In less than a second, he has already returned to the original place, and just a punch has already beaten everyone else.

Although they were only one person and one punch, they did not explode their heads as they often did, but all of them changed their faces.

Because after the discovery of the move, it is not a question of how pain and injury, but simply can not feel the vitality!

“You see, or you are more obedient, they are disobedient, and they are labeled as ordinary people.”

Shen Lang looked at the ancestors who had been kneeling in front of him. “Don’t look at me like this! It seems like I am more ferocious. Compared with bullying a girl, I am so much better. I didn’t kill them, no disfigurement, Insult them, be merciful.”

“How come you?”

The ancestors finally made a statement. He didn’t care about the lives and deaths of other disciples who were in the water. Just care about it. How could Shen Lang be so much stronger than him?

Shen Lang shrugged: “What is impossible? In my body, there is never a miracle!”

Since it is not ready to destroy the scene, Shen Lang did not say his specific situation.

The old ancestral face is ashamed.

He has collected the latest information of Shen Lang, of course, knowing the miracles of the past. However, with his age and identity, he has long been above the heights, and he is the real world. Not so much in his eyes.

The miracle of Shen Lang's past, in his view, is like a small class in a kindergarten to win a big class, or a primary school student who wins a high school student, which is not worth mentioning.

And to a higher level, it is not a trick!

“If I didn't guess wrong, should you break through the realm of this spring? It should still be my light. If I don't give you the phoenix, you will be in trouble!”

“You are not grateful, but you want to covet all of me, and dare to move my woman?”

The words of Shen Lang are not to seize the moral high ground, but to do this thing, he occupies the truth.

The ancestors did not agree, but in his view, it was only a defeat of the king.

Shen Lang is very powerful, he lost now, so he can teach him.

If he wins, the truth is based on him, and he just said what he said.

“If you have a species, you will kill me!” The ancestors said proudly, even if he was forced to kneel down now, after shame, he still did not bow.

“Do you think I dare?”

Shen Lang sneered, and then the following sentence was sent to the ancestors' ears: “Since you have inquired about my news I should know that I got the Ba Tian Tower from Tang Banshan. It's not a legend to live and refine people!”

The face of the ancestors has changed.

He is not afraid of being killed, but he is directly smashed into a waste, which can withstand him and he is willing to gamble and lose.

But if it is ingested in the Ba Tian Tower, I don't know how much time, watching myself to be refining a little bit, and the death method that dissipates like ice melts, is too tormented.

“Why are you looking for me?” Shen Lang asked.

In fact, he did not care too much about the intention of Shuiyuedong's ancestors. He should be trying to capture the resources he possessed. It may not be easy to start before, after he reaches the realm of the gods, there is no need to worry about bullying.

If it is an enemy, take care of him and do it directly!

But now it is found that this ancestor is not so strong, and it is not something that will care about the reputation, there must be something behind it.

Chapter 723 - For revenge

The ancestors of Shuiyue Dongtian did not speak, just looking at the waves.

“With the style of your people, I have killed all of you who have been in the water. You are not called an ancestor. I don't want to come to Shuiyue Cave. Nothing else can be played. I am delayed for half an hour!”

When Shen Lang said this, Zhuo Yuanxian was shocked. He struggled to talk, but he was afraid of angering the waves.

Tangyuan, Qingchuan City, the headquarters of the Masters Alliance, was ruined twice by Shen Lang! What is the meaning of ruining the moon?

As for killing, just the other Shenlang can be directly killed, even the ancestors can force him to kneel down, then his master, only the share of the slaughter.

The other people did not feel any impact, because they were all masters of the real master, and they were labeled as mortal. The taste was already ruined, and the teachers were absent. They were all tired.

However, when I heard this, my ancestors' face still changed a little.

He does not care about the death and injury of Liu Zifeng and others, because it is not his disciple, the person who is a great-grandson, kills and kills.

But Shuiyue Cave is different. This is his teacher's door and the place he needs to guard. Even if he becomes stronger, he needs to have a group that is screaming for him later, let alone what he is about the ancestors.

“Because that lord.”

Thinking of the style of Shen Lang, the ancestors still spoke.

“The lord of the Master League, shut you down? You are not the top of the Master League, do you need to avenge him?” Shen Lang said with no anger.

If this ancestor knows that he has a lot of resources such as Lingshi, he is still normal, and the man-made dead birds are eating and drinking.

It is for the lord!

“I don't want to avenge him, I want to find him! I don't believe that you have killed him, he should have been injured for at most...”

Having said that, the ancestors can't say anymore.

He did not believe that Shen Lang could kill the lord, and he did not believe that Shen Lang would be his opponent, but now? Now that he has no chance to even take the shot, he is directly in front of others to speak!

“You... really killed him?”

“I didn’t kill him directly.” Shen Lang said faintly.

The old ancestors listened with a sigh of relief, which is similar to his guess. “What about him now?”

“He is looking for me trouble, no problem, but he shouldn’t move me! He seriously injured my two disciples, so I didn’t kill him directly, I tortured him to death!”

Shen Lang looked at him coldly.

The ancestors had a sudden heart, although there was no direct explanation, but he already understood it. The lord must be repressed and reinstated by Shen Lang with the Ba Tian Tower!

No wonder there is no news, no wonder he just said that the legendary function of the Ba Tian Tower is true...

The old ancestors felt very bitter and couldn’t say anything.

“I... is looking for his revenge.”

“...”

He said this, let Shen Lang be a bit surprised, the people of the water moon and the sky do not know what it is, but the ancestors have to come in person, of course, to follow.

Feng Wuji is also a bit surprised, the other party will not hesitate to kill her, but also forced to ask the whereabouts of Shen Lang, but also thought that there is any grudges with Shen Lang, or the idea of playing the waves.

Actually it is to find revenge for the lord!

At this moment, she also understood that in the eyes of her ancestors, she is not a younger generation, nor a woman, but a person who is not enough. If he is dissatisfied, he will kill if he kills. It's like going directly to Zhuo Yuan.

This is the mentality of the old monsters in their 100s, and life is nothing to them.

“Do you think I will believe?” Shen Lang asked.

In the eyes of the old ancestors, there was an angry light.

“I have already reached the realm of sacredness. If it isn't for Sun Ce, why do you need to linger in the marrow?”

Sun Ce?

Listening to this meaning, it should be the name of the lord. This is the first time that Shen Lang knows his name. The outside world is used to calling the ally of the Master League. The ally replaces his name.

“Sun Ce seriously injured me and won my collection! It is not a total of hatred. I spent a year, waiting for him to revenge him! So I have to find him if he is not dead in your hand. I want him to die in my hands!”

“I lost something, I have to get it back!”

Although it is only a few words with anger, it has basically allowed Shen Lang to spell out the complete situation.

The ancestor of the water moon, the sky, should not be in the water and moon, but in the same way as the lord, perhaps in the place of death forest, looking for resources, and looking for opportunities for improvement.

During the period, the ancestors should have a lot of gains, plus the ancestral home of the water and the moon. As a result, they met two, and the ancestor lost to the leader Sun Ce!

Although they are all acrobatic, the alliance is much younger, may be related to resources, and may be related to talent. After he was seriously injured, he also took away all his collections.

Those who are the lords of Shen Lang's harvest, may have the ancestors of the water moon.

Later, he returned to Shuiyuedong to heal the wound. At that time, he was really eager to save his life. Through the phoenix and other drugs, he was able to restore a certain amount of skill, plus the opportunity of the thousand caves that never happened in a hundred years.

Needless to say, the inner Dan who flies the beast is naturally used for him. After half a year, he will definitely recover completely.

The Sun Tse, the ally, did not appear for a long time. Even the Master League did not appear. It may have been injured at the time, but it was just a good cover. In the days that followed, he may have been practicing in healing.

Reappear again, that is, after the recovery from recovery.

The old ancestor probably thought of this too, but this is not anxious to revenge, but waiting for Shen Lang to come back, let Shen Lang and the lord first fight for one!

He obviously does not believe that a real-world can fly to the level of killing the gods within a few months. Therefore, Shen Lang is only one of his pawns, plus Gao Li, Qi Sheng, etc., together become a \*\*\*\*\* that consumes the strength of the League.

When Shen Lang led the Tianshan Jianzong to go all out and fight with the ally, it would be a great opportunity for him to shoot again.

So after hearing the news, he would think that Sun Ce is not dead, just like the battle between the two of them, the two lose and escape.

Only the last time he escaped was him, and Sun Ce was the winner; this time, Sun Ce was escaped, and Shen Lang was supported.

Shen Lang's "missing", of course, he consciously saw through, thinking that it was hidden and healed.

Sun Ce, who lost both losses, and Shen Lang, who suffered both losses, what fear did he have?

This is the series behind!

However, he will not hesitate to destroy the murderous man. He said that the whereabouts of Shen Lang is that he can't wait. Can't wait for Shen Lang to recover, can't wait for Sun Ce to recover. If it wasn't for a long time before the inquisition of various information, he would not even be able to drag it for a month.

Chapter 724 - Income tower

Lost things, you have to get it back!

Shuiyue Dongtian's ancestors said that it is not only a collection of treasures, but also dignity.

But now he is very desperate!

The enemy is dead, he has never had the opportunity to take back his dignity.

Other items, if not refining with the Ba Tian Tower, should be in the hands of Shen Lang.

Will it be returned to him with the strength revealed by the current Shenlang exhibition?

What is even more desperate is that the previous dignity has not yet been reclaimed. In the face of so many juniors, Shen Lang directly crushed him to the ground, forcing his voice, and it was a more complete loss of dignity!

"I helped you kill the Sun Sun, you can let go. And one yard, one yard, you are today, against the wind, it is offensive."

"So... you still have to kill me, right?"

When I said this, the water ancestral ancestors suddenly surged!

The powerful momentum emanating from him directly rips the roof ceiling!

At the same time, one of his hands has already caught the neck of Shen Lang!

“Do you think that you really did it right? It is Laozi’s voluntary squatting!”

The old ancestors raised their eyebrows. First, they washed their stains first, not to mention that they were crushed by the sinking waves, as if he was deliberately showing weakness, and the current counterattack.

Seeing this scene, everyone else on the scene stayed.

Zhuo Yuan and other members of the Shuiyue Cave Day are sad in their hearts. They are not worth mentioning in the eyes of their ancestors!

The ancestors had this strength, and they did not start to save them, which directly led to the abolition of all of them.

At this time, the ancestors were arrogant, and they did not have a sense of identity. This is not a predecessor who can bring them honor and belonging, but a strong person who ignores their lives, but everyone is a martial art.

Feng Wuji is nervous. She is not under control now. The mixed bullets can’t be slammed, and the waves are also together. I have tried it before.

But she is urging the bell to disturb the ancestors with sound waves, hoping to help the Shenlang.

But the copper bell just sounded a sound, she immediately spit a big blood!

Instead of urging the magic weapon’s counter-attack, but being bounced back by the ancestors, now he is full of imposing manner, the sound waves can not attack him.

At the same time, the disciple of Shuiyuedong, who had just been scrapped by Shen Lang, was shocked and hit the wall, and then disappeared!

This is just the attack of the sound wave, which triggered the ancestors to fight back without any difference!

Those disciples, regardless of whether they were in the past or in the virtual world, were ordinary people, and they were just scrapped. They were weaker than ordinary people, so they were directly killed on the wall.

Zhuo Yuan in the corner also suffered an impact, but although he was injured, he has not lost his body repair, so there is no approximation. It is better to be directly injured by the wind.

“Yes? What about now? Give me another trip!”

The cold waves disdain and snorted again, and ordered another drink.

He did imprison his ancestors, but just this ancestor used a similar method of “blood-induced madness” to burn his vitality and overdraw the power!

Just like playing a high-efficiency stimulant, letting his power arrogant, naturally he will break away from the shackles of Shen Lang, and at the same time take advantage of the closeness and seize the neck of Shen Lang.

The ancestors did not care about the disciples of the next month, and almost all of them were killed by the unconscious. At this moment, there is only one wave in the eyes!

Although I still want to get everything back and even get more, for the sake of safety and dignity, he feels it is necessary to clean up the waves.

In addition to the iron wrist clamped the throat of Shen Lang, his other hand, also quickly turned up, with a complicated handprint, directly pressed to the chest of the sinking wave!

In the process, he heard the words of Shen Lang, and he was so stunned by his neck, and even dared to let him kneel down, simply saying nothing... but!

He suddenly found out that his legs were not listening, but he really went straight down!

Under incredible, he also felt that his knees were not his own, and the knees seemed to disappear completely.

His hand still licked the neck of Shen Lang, could not help but look down at the situation under the knee, while both hands have died, even if they stumble again, they must kill Shen Lang!

However, Shen Lang seems to be unaffected at all. For his deadly attack, he did not evade.

“How come you can!”

Once again, it was seriously unexpected, so that the ancestors could not help but call it out.

In addition to this incredible incredible, he also saw and felt the problem of the knee. There seemed to be something. He did not notice that his knees were almost scrapped, making it impossible to support. under.

What he didn't know was that Shen Lang secretly used the lunar needle to directly smash his two knees.

At this time, he saw a foot kicked to the chest and kicked his chest straight down!

Before Shen Lang's imprisonment for him, he realized the gap between the two people, but his heart was still very convinced, especially after burning the vitality of the overdraft, I thought it was stable, I still couldn't think of how to sink the waves. .

At this moment, I personally felt the power of Shen Lang!

That foot is not only fast, but also really strong. The power that he burst out of the momentum was enough to shock people, but Shen Lang was kicking and kicking his chest.

In addition to strength, he also felt the strength of Shen Lang's body, whether it is the neck that is constantly slamming, or the torso of the handprint, almost like steel!

No, it is even stronger than steel. He can pinch and smash, but the waves are unscathed.

When Shen Lang's hand moved, there was a magic weapon in his hand. The ancestors who were close at hand couldn't even give a cry, and they were absorbed and disappeared from the office.

This ancestor of Shuiyue Dongtian forced the wind to no one, and if he did not say hello, he would come to her first. If it wasn't just arrived, he would be directly abused by them.

Therefore, Shen Lang will inevitably kill him!

I just learned that I have nothing to do with him. After the goal is Sun Tzu, the lord is willing to give his ancestors a happy but the ancestors are desperately trying to kill him, then he is welcome, directly put him Received with the Ba Tian Tower.

The next moment, Shen Lang has come to the front of the wind, and explored her injury.

"I am not a big problem, how come you?" Feng Wuji is very pleased.

Even the picture she had never thought of, it appeared. When she received the threat of abuse, Shen Lang fell from the sky in time, as if she was the patron saint in heaven, so she was really excited.

"Don't talk, heal first!"

When Shen Lang spoke, there was already a bottle of Lingquan in his hand, which was directly fed to her mouth.

Feng Wuji can imagine what it is, this must be obtained from the Masters League, and she did not say anything more thanks, and directly took it.

Shen Lang immediately lifted her up and sat down, then looked at Zhuo Yuan.

## Chapter 725 - Windless house

Zhuo Yuan also looked at Shen Lang and had nothing to say.

This time it was indeed Shuiyue Dongtian, I am sorry friends, he also tried his best, but it did not affect his ancestors.

“If you don’t care about Zhuo’s brother, he is still a friend enough, or he will not be hurt by his ancestors.”

Feng Wuji is afraid that Shen Lang will anger on Zhuo Yuan’s body and quickly say a word for him.

Shen Lang sighed: “The wind sister once told me that there are not many of her true friends. The master of Zhuoyuan of Shuiyue Cave is one. If it is a friend’s betrayal, it is actually more uncomfortable than a stranger... this time Come, it’s the relationship of this ancestor, I won’t bother you.”

Zhuo Yuan has not been let go of the surprise and luck, today is the day of the water and the moon, and everyone in the scene, leaving him alive, what is it to be happy?

“they.....”

Shen Lang pointed to the bodies that were killed by the earthquake.

Zhuo Yuan took a breath and stood up: “I will bring them back! Anyway, they are disciples of Shuiyue Dongtian. As for the ancestors...”

He can’t say it later, and his ancestors have already done this. Naturally, there is nothing to be born.

“I will tell the family clearly about this matter. It is our water and moon, and there is nothing to avenge their revenge. If you want to punish compensation, you can still say that you want to leave the water.” Foundation.”

He bowed to Shen Lang and said his decision straight, then he whispered to the wind:  
“Sorry.”

Feng Wuji shook his head a little helplessly, giving Shen Lang a pleasing look.

Shen Lang said faintly: “You saved the water and the moon. If all of you are screaming for him and swearing for the tiger, then I will really kill the water moon, no matter if others are innocent!”

Zhuo Yuan did not say anything. He witnessed the destruction of all the same doors of his peers. He has no big mood fluctuations. The only hope now is that the entire division should not be tied.

“Let’s go!”

In Zhuo Yuan to collect the body to leave, Shen Lang in the past for the wind without a good infusion of a vitality, to help her absorb the spring more quickly, to treat internal injuries.

The Fengfeng Building is not in the most prosperous downtown area, nor is it a high-rise skyscraper. It is a building with a courtyard.

Therefore, the fragmentation of the floor-to-ceiling windows just did not cause any outsiders to watch.

The company employees in the building, of course, knew something was wrong. Because they all got started with the practice of comprehension, they also felt the strong pressure. It was the power that made them tremble. They didn’t dare to come up to see it. They only hoped that the wind could not be settled.

With the help of Shen Lang, the injury of Feng Jiji quickly recovered most of the time, leaving her to slowly heal.

Then she called to pick up the office and reinstall the glass and other debris.

The employees of the company, who saw this picture, thought that the self-cultivators who had come to make troubles had already been beaten by the boss. The loss was a piece of glass, which was very exciting. The boss is strong enough, the more they run.

I don't know that many people have been killed here. If it is not the timely arrival of Shen Lang, the wind boss will also die.

Of course, Feng Jiji did not go to work any more. It was rare that Shen Lang came to Jingyang, and he had to say hello to sit at home.

Her home is not too far from the company, and it takes only ten minutes to drive.

It is one of the most expensive and luxurious high-end residential communities in Jingyang. Although she lives alone, she buys a whole floor and all of them get through, forming a large level.

All aspects of the facilities are available. Her usual pressures in all aspects are already great. In addition to cultivation, she enjoys secular life.

“how about it?”

“Mansion!”

“The main reason is that the price of Jingyang is not so expensive, you can make it casually. The room is enough. Can you live here for a while?”

Shen Lang did not pick up this embarrassment, look at the situation and say that he can live for a day or two, and he will not be relieved for a long time.

“What about it?”

Seeing that he mentioned the business, Feng Jiji immediately became serious and took him to one of the rooms. The door was locked separately.

Opened inside, there is a safe, but she did not open the safe, but picked up a sofa cushion inside and pulled out a box from the cushion.

“You are hiding...” Shen Lang could not help but smile and shake his head.

“I should have carried it with me,” after all, Shen Lang also gave her a magic weapon. “This is also a fear of today’s situation. If it is killed, it will be taken away.”

Then she pointed to the safe. “This door is for ordinary thieves. It really needs someone to slam the door in a row, and the goal will be this. There is also a lot of cash and jewelry inside, which will satisfy them. Return.”

During the conversation, she has opened the box and sent it to Shen Lang.

Two or three months, she collected several pieces of debris and metal cards, but I can see that it can be collected almost, and will be less harvested later.

Shen Lang collected everything, not directly to piece together.

Look at Shen Lang and give her Lingshi, the wind is not busy with Ji.

“Don’t! It’s enough, it’s not used up yet. Besides, every time you give money, it looks like I was wrapped up by you.”

Her original purpose was for resources, but now it is different.

Today, she can appear in time when she needs protection most, and unintentionally say “a woman who dares to move me” has already made her very gratified and satisfied.

She said so, Shen Lang did not insist. Although he feels that resources such as Lingshi are the most direct gift.

When the two came to the living room, it was time to have an atmosphere to talk about the situation.

Before Shen Lang and Qiao Shuyu Nan Yiye and others went to the adventure, the wind is not known, but it is not clear about the specific situation.

Now, that is to say, I went back to the Tianshan Jianzong and then went to the Nantian family. The specific details behind are still not much to say.

Feng Wuji told him more information that was not reported on WeChat.

The main news, the previous point of the world, is that the masters of the Master League have returned, and led the crowd to attack the Tianshan Jianzong; the latter is the back of Shen Lang after the return of the lord to kill, the Master League.

But her network still collects a lot of information that most people don't care about.

For example, she found a lot of famous people, and recently seems to have signs of moving around!

The more advanced the self-cultivator, the more able to stand the loneliness and not meet regularly. And they have a small base and are not noticeable. Like the resource fair, the exchange of truth, and so on, they are still dominated by young and middle-aged groups.

But recently she found that all the major sects had arranged for secret gatherings, just like the closed-door meeting on the exchange meeting. The specific content was not even inaudible to her. Obviously, all parties have strict confidentiality agreements.

Chapter 726 - Be your puppy

Although this information is not complete, but the waves will understand the key.

The information obtained by Guessong can just correspond. There is no doubt that they are in the meeting to discuss the development plan of "no return to hell"!

It is unclear who proposed this plan, but since it is a multi-regional cooperation in the world, it will inevitably involve a geographical issue. Comprehensions of the same country and region are likely to use this as a link to form a foreign alliance.

There are many domestic martial art schools. Everyone has their own plans. However, in places where there is no return to the sea, it is better to be able to take care of each other.

After all, it is not the same as it was a few hundred years ago. Even if there is a portal, it also understands that cooperation is a win-win situation. If the resources are really unlimited, then the alliance is to fight the danger. If resources are limited, you can also compete with comprehensions in other parts of the world.

Under the premise of not having an absolute authority, the parties that need to participate must first meet and negotiate various rules, or wait until the scene reveals guilt, not to mention the overall security, and let the foreigners look down.

After thinking about it, Shen Lang revealed a little to the wind.

“It’s from that closed-door meeting. They have a development plan for no return to hell. I also received a bit of information this time, saying that in March next year, you can pay attention to whether they have more detailed content. “”

“Good!” Feng Jiji immediately agreed, specifically what does not matter, she does not need to understand so much, as long as it is the information needed by Shen Lang, she will be more attentive.

Later, Shen Lang said that he would stay and stay tonight, and return to Tianshan tomorrow.

Although Feng Jiji is a bit regrettable, it is rare for him to stay for one night. After all, their intersections, that is, the time of cultivation for that night is longer.

She immediately said that she does not need to live in the hotel, just stay here.

Although she is a little lonely, she has a whole floor of a house and lives alone. There is nothing to say. If Shen Lang still wants to avoid staying at the hotel, he seems to have an idea.

Shen Lang felt that she had injuries on her body and needed to take good care of her injuries. However, Feng Jiji said that she did not get in the way. It was rare for him to come to Jingyang, to take him to play and to eat the best restaurant.

However, she is always alone. It is estimated that the dinner party is mostly for the employees of the company. It is not too familiar with the place suitable for dinner for two people. It also does homework on the mobile phone.

At this time, the mobile phone of Feng Jiji rang, and the video call came in.

She looked at it, slightly frowning, and then spoke to Shen Lang first.

“It is Zhuo Yuan.”

Shen Lang nodded. “Do I need to avoid it?”

There is no smile in the wind: “What do you want? I have something to avoid, I told you that I am afraid that you are not happy with him.”

Since Shen Lang knew it, she also directly connected Zhuo Yuan’s video call.

“Zhuo brother.”

“Wind girl, Master Shen Lang... Is it still in Jingyang?”

The wind is a little strange, then looked at the waves.

Shen Lang signaled that she had handed the phone over.

“Is there something?”

Shen Lang is more polite to Zhuo Yuan. On the one hand, he did not do anything for the tiger today, and he was injured by his ancestors in order to maintain the wind.

On the other hand, after the outing of Qiangjialing, I immediately sold the lost marrow to Shenlang, and the whole was still a believer.

“Master Shen Lang, this is the case... I went back to tell my family about what happened today, and my family has something to do...”

Zhuo Yuan is obviously ready to call, but it is still a bit embarrassing.

“Say!”

“Although the ancestors were not right, but for us, the moon is an ancestor. It is also the teacher’s uncle, so... the teacher’s meaning is, can you return the ancestor’s body to us for burial?”

His master should not be with him, so he could push it to the master as much as possible.

“No!”

“...” This direct rejection made Zhuo Yuan very embarrassed, but he could not be angry or angry.

Feng Wuji did not talk to him any more.

After all, this is not the same as before in the office. Zhuo Yuan is her friend and also maintains her, so she will ask Shen Lang not to hurt him.

But the ancestor was the initiator of today’s incident, and she almost directly started with her. If she still pleaded with enthusiasm and fulfilled Zhuo Yuan, she failed the Shen Lang side.

“I am already very happy with you. The one that I killed, let you bring it back. But your ancestor, there is no body!”

Shen Lang was not interested in the body. Liu Zifeng was killed by glass \*\*\*\*\* and he was taken away. If you can enter the ancestor of the Ba Tian Tower, there will be no more dead bodies.

Zhuo Yuan stunned, recalled the original situation, and then understood, the ancestor was taken into the magic weapon, it is estimated that it has turned into water!

“excuse me.”

After Zhuo Yuan finished the call, Feng Wuji began to analyze.

“For the water moon hole, I usually contact Zhuo Yuan, and then Liu Zifeng, Yang You. The current head is Zhuo Yuan’s master Yu Yu, who has always been the strongest one in Shuiyue Cave, until the old The appearance of the ancestors.”

“Yu Yu’s realm is definitely higher than mine. Before Zhuo Yuan was also in the early days of the real world, it is more likely that Yu Yu should go to the late stage of the deposit.”

“But the ancestors of the sacred gods have been folded. If you don’t look for their troubles, they will burn high incense, and Yu Hao should not come to you.”

Shen Lang looked at her. “This is for me. What about you? Will he find you trouble?”

“Should... no? I have never offended the water, this time is the message that their ancestors want to ask you from me.”

“It used to be like this, but it is different now. They are dead many disciples today, and they are not young disciples. They are the second generation of the main force now, and Yu Yu’s uncle. They dare not look for me, but they will Put the account on your head!”

The wind has no wrinkles and brows Shen Lang said that it is not impossible. After all, in Jingyang, Shuiyuedong genius is a big faction, she is a single person.

“But... I am yours now.” When she said this, she thought it might be a little warm, and added another sentence: “They still have to look at the owner when they play dogs.”

Shen Lang white gave her a look: “Which compare yourself to a dog?”

“Hey, be your puppy, I am willing to do it.” Feng Wuji cast a look at the infinite style.

For this suggestion, Shen Lang is not a good interface, but can only say good things.

“Tell me the address of Shuiyue Dongtian. I am going to find Yu Yu. You are not a puppy. You are my own. I want to protect you. This time, no matter whether it is a \*\*\*\* or a coincidence, the next time Not necessarily, I want to put an end to this possibility!”

When I heard the serious words of Shen Lang, the wind was not warm in the heart. Today, she is ready to die, and she can survive all the time. She believes that Shen Lang is protecting him, and she is more willing to believe that today is God’s will to let him arrive in time.

#### Chapter 727 - Shuiyue Cave Day

The assets of Shuiyue Dongtian are much more than the wind. The local Shuiyue Group in Jingyang City is the secular industry they control.

The core part of Shuiyue Group is real estate development. This is a good tool for making money and a good cover for the sect.

For example, in the location of the Tianshan Gate of the Shuiyue Cave, a villa community was built, and a large piece of land was directly enclosed. It was not sold at all, and the owners were the core of Shuiyue Cave.

After Shen Lang got the information from Feng Jiji, she did not let her go, and she killed herself directly.

For him, the security guard post in the villa area is virtually ineffective, flying directly from the air.

When people are in the air, Shen Lang also observed the entire villa area in a bird’s eye view.

In fact, the environment is not as good as imagined. There is no such thing as a “blessed hole in the sky”. There is a water–a mountain stream. It is estimated that their ancestors opened their sects here, and they did not find a hole in the heavens, but only the famous mountains and rivers were occupied. It’s just a good name.

However, Shen Lang does not care about this. He does not come to extortion. Even if there is such a presence as Lingyuan Lingquan, he will not be arrogant.

When he was in the air, some people felt abnormal underneath.

The most central part of the villa area is not the modern villa style, but a large traditional courtyard. At this moment, some people came out from it and looked directly at the Shenlang.

“Dare to ask where the predecessors came to Shuiyue Cave?” The man arched his hand and asked with a polite voice.

Shen Lang directly fell in front of him,

As his voice came out, there were people in the courtyard and around the villas.

“Shen Lang Master!” One of them is Zhuo Yuan, and he was shocked to see that the person was Shen Lang.

Shen Lang looked at the one who had just talked to him. It was an old man who was no less than sixty or seventy years old. His realm also reached the late stage of the real life. It should be Yu Yu, the head of Shuiyue Dongtian.

“It turned out to be Master Shen Lang, your arrival, so that our water moon cave can shine.”

Yu Yu saw that Shen Lang ignored Zhuo Yuan and stared at him directly. He immediately put up a smile and gave a hand.

“Talk.”

Shen Lang simply said that other people, including Zhuo Yuan, did not see much.

“Please inside!” Yu Yu immediately made an invitation gesture.

Zhuo Yuan immediately made a gesture to let the other disciples of the Shuiyue Caves go back to each other.

He hesitated for a moment, and went in with Yu Hao and Shen Lang.

Yu Hao has been with Shen Lang to the living room inside, and is seated by the guest. Zhuo Yuan was when they entered, they stepped forward in advance, and when they were seated, tea was delivered.

Shen Lang did not speak, he did not dare to stay, after returning to the tea, he retired, leaving them two.

“Shen Zong Shi’s busy schedule has come to me. It must be an important matter. Please also say that it is fine.”

If you live above the real world, you will be honored as a real person and a master. In order to distinguish the masters of the gods, some will be called masters.

In the end, Yu Yu is a leader. For those who are in a strong position, they also show that they are not humble. And everyone has no old-fashioned, it will avoid the cold, straight into the theme.

Shen Lang nodded: “The body of your ancestors is not there.”

Shen Langguo is really direct, there is no turning around, and Yu Yu is silent.

“Zhuo Yuan has already reported to me the meaning of Shen Zongshi. No matter how the uncle is, we are still responsible as a younger generation. Don’t misunderstand, nothing more.”

Speaking of the death of Shi Shu, he still showed a little sadness, without the polite smile before.

“I came to talk to you directly, just want to have something, and make it clear in person.”

“What do you mean...?” Yu Yu seems a bit puzzled.

Shen Lang, whether he is confused or not, directly points out: “To revenge, or other, I am coming, give you a chance. If you wait for me to go, you will find trouble with the wind, then don’t blame me.” !”

As a leader, being threatened by a young man on his own territory, Yu Yu is still a little embarrassed.

But now there are no other disciples, the other party can kill his uncle, he does not dare to show the slightest.

“You are more concerned. The wind girl is a local comprehension, and they are friends with Zhuo Yuan. They can say that they have a good relationship with us. This time it is because of the uncle’s misunderstanding...”

Shen Lang is staring at him and not talking. What he wants is not a set of words, but a guarantee!

Yu Yu immediately felt the pressure and immediately took a breath and said seriously: “I promised in the name of Shuiyue Dongtian Tianmen, absolutely no trouble in any form of looking for the wind!”

“That’s it! If she has anything, I will kill the water moon, how?”

Yu Hao immediately changed his face: “Shen Zongshi, is this your point too unreasonable? We can only guarantee that there will be no problem for the girl, but there is no way to ensure her safety. After all, you will not be happy to see us. Always follow her to protect her.”

“It’s a bit bully, but since you have the first time, I can’t help you for the second time. You are good, your friends are good, and whoever wants to do it, the price is the whole water and the moon!”

The meaning of Shen Lang is very obvious. Since you have had a criminal record, you will bully you!

Although Yu Yu is very uncomfortable, she can't vent it.

With the strength of this person in front of him, it is completely capable of destroying the water and the moon. Although the promise will be very passive, but after all, the wind is not necessarily true. If you don't agree, Shuiyue Dongtian may have something to do right away!

"But! You are the strong person in the realm of the gods, can we have any right to speak? But I also said that we will not do things, but if it is because of your relationship, there are powerful enemies that hurt the wind and no girl, even if It's useless to destroy us!"

Shen Lang stared at him coldly, ignoring his pique.

Yu Yu is suddenly fighting a cold war!

He first felt that he couldn't move anymore Then he felt his consciousness was swallowed and squeezed, and it seemed that someone had taken over his body. That kind of experience filled him with the fear of trepidation.

Although this feeling passed away, it made it difficult for him to calm down.

"Come in person, it is to give you face; to talk to you alone, it is to keep you face. If you have any thoughts, you will not know how to lift!"

Yu Yu sweated, although Zhuo Yuan described the previous picture, he has not let him dare, but just the mental intrusion, let him personally experience the fear.

"Looking for your uncle's body, I want to get his collection, let me know! He has been taken away, and he is injured before he comes back. Let's die!"

After saying this, Shen Lang went directly to the outside.

Yu Yu was kneeling on the chair. This is what he did not say. It should be the invasion of Shen Lang's spiritual power and his consciousness.

## Chapter 728 - Separated magic weapon

Shen Lang has already understood from his consciousness that Yu Yu's recovery of his ancestor's body is only a head, the key is to get back his relics!

And Yu Hao has a lot of relics, he is not clear, only know that there is a magic weapon – Bai Hong Guan.

This magic weapon does not know when it falls on the hands of the Sui Shui Tianzu master. It used to be owned by the head, but I don't know what happened to the previous generation and let the ancestor take it away.

As the head of Yu Yu, I want to ask him to take back. It is only that the ancestors, even if they are injured, are far stronger than them, and they cannot recover from them.

Today, I learned that Shi Shu has been accepted by Shen Lang. Yu Yu wants to look at it. If Shen Lang doesn't know what it is, when it is a remnant of the eye, it will be a blessing.

“Wait!”

When Shen Lang was about to go out of the hall, Yu Hao was busy calling him.

Shen Lang looked back at him.

Yu Hao took a breath and cheered up and stood up.

“Shen Zongshi, this is the case, I have one thing to offer!”

When he came over, he had already held something in his hand and presented it directly to Shen Lang.

Shen Lang looked at his expression and knew that he seemed to have the courage to do it again.

Looked at that thing, it is a black bead.

“What do you mean?”

Yu Yu slightly smiled: “While Shi Shu did not say his situation, I know very well that he is innocent with you. After all, when he was born, he left Jingyang and could not go to Tianshan. and so.....”

“I guess he is looking for the girl to ask you for information. It should be to find someone else, and if you have a relationship with you, you should be the master of the Master League.”

“They are the same level, and they have not appeared for a long time. The possibility of colliding and having grievances is even greater. It can make the uncle anger, and think of the person who injured him.”

“You just said that the uncle’s collection of articles, when the injury came back, has been stolen, it should be in the hands of the lord.”

Seeing that Shen Lang frowned, a little impatient, Yu Yu quickly accelerated a little speed.

“The things in the hands of the lord are in your hands. Of course we don’t dare to say anything. It’s just that there is a magic weapon. It was taken from Shuiyue Dongtian. The thing was originally a mosaic of two beads. The ancestor separated it and kept it...”

Shen Lang did not come up with “White Rainbow” to compare, but according to what he said, it has already been seen that this black bead seems to be about the same size as the white bead in Bai Hong.

“Uncle Shi... is the magic weapon for stealing, and it is not the head, so I don’t know how to separate and keep it.” Yu Yu sighed here.

It can be imagined that the ancestors used to have a magic weapon in their hands. When they did not expect to play against the ally, the magic weapon could not play a role, thus missing the opportunity and being injured.

“No matter who is in this hand, the chances you get are greater than the chances I get. The other half, I will give it to you, hoping to be one.”

Shen Lang can see that Yu Yu is very reluctant, just pretending to be generous, probably wants to retreat, if he does not care, may throw it back to them.

“I look back.” Shen Lang did not say it, but took the black beads.

Yu Yu is obviously a little disappointed, but since he has already sent it out, he can't catch the magic weapon and he can only act as a smooth person.

“What else?”

“No, no...” Yu Hao shook his head.

Shen Lang nodded and went straight out, then flew away.

Soon, Zhuo Yuan came to Yu Yu, who was standing next to him.

“Master.”

“He didn't care about anything, you heard it.” Yu Yu said faintly.

“Well. But from a few contacts, Shen Lang is not unreasonable. If there is no relationship with us, he can't anger us. And...”

“What?” Yu Yu frowned, indicating that he said clearly.

“And Shen Lang is a man who has enmity and revenge. If you look at him all the way, there is no good end to all who have hatred against him. And follow him, he said that there is no wind!”

“In the beginning, it was to help us get the phoenix to get close to him. The second time was to deliberately approach him. Even so, she has now received a great return, and Shen Lang directly helped her to ascend to the end of the real world! ”

“What?” Yu Yu was taken aback. Before Zhuo Yuan described the process, there were some details that were not noticed.

“The old ancestors said, there should be no mistakes, and she also sent her two magic weapons, so that she dared to confront her ancestors.”

“I want to say that Feng Wuji has got so many benefits, not because of dedication! But because after the second meeting, he took the initiative to help the waves, and did not ask for a return, but the result was more.”

Yu Hao slightly frowned, he also saw the wind without a Ji, even if it is not very familiar, naturally also listened to Liu Zifeng and other people commented.

“Are you sure she is not relying on beauty?”

Zhuo Yuan shook his head: “The wind does not seem to show off the style, but that is only the advantage of her use of physical appearance, she always relies on wisdom to eat, never let herself suffer. And...”

“Shenlang is young and young, and the British and the martial arts are handsome. With my several contacts, he never lacks beauty around him. If the wind is no, he really depends on his body, but he may be dismissed by him.”

He is the first time to accompany Shen Mei, who is accompanying Shen Lang, and counted together.

Yu Yu is thinking about it. According to this statement, he has just offered the other half of the magic weapon, and perhaps he can win a favor.

“So, we have now said that we have cleared up our relationship with our ancestors, and we will not go to the wind in the future. He will not confuse us.”

Yu Yu looked at him: “You are today... although it is because of the maintenance of personal relationships, but it also achieved a hedging effect, or else ah...hehe!”

One thought that Shuiyue Dongtian was almost destroyed in his hands today is fortunate. Just a cold sweat, blown by the cold wind outside, also made him erect.

He couldn't help but look at the dark waves, as if the cockroaches had not left yet, still monitoring them...

Shen Lang only heard about it last time. He did not personally see Bai Hong Guan, so he just recognized it by guessing. He was in the hotel last night and has not tried it.

Whether he was really separated from a bead, he was not sure.

However, since the ancestor has already suffered a loss, he will not wait until later to try. Flying away from the water moon hole, he went to a deserted mountain where no one was, and then took out the white rainbow.

Holding the device, piercing the palm of your hand, with the injection of blood, and then aiming at a tree in the distance.

really! I can feel the white rainbow energy smashed up, but it can't be played.

Shen Lang then sent the black bead that Yu Yu sent, trying to press in from the front.

Chapter 729 - Virtuous and capable

Originally, Shen Lang did not understand whether it was necessary to disassemble the device. Is there any particularity about the placement of the two beads?

Yu Yu just gave him the black beads, and did not say much about usage. It is estimated that he wanted to leave a primer for him to ask for advice.

But what I didn't expect was that when he simply pressed the black beads in the past, the original white beads inside were actually absorbed into it!

Then the two beads were mixed together and turned into beads that were black and white like the Taiji figure, and the size did not change.

But now he has no time to observe more, and he must release the energy inside!

Just absorbing his blood, he has already completely “started” Bai Hong, but he lacked a key “part” to make it “fire”. Now, after it is complete, it will soon be unable to control.

He held the white rainbow and pointed to the big tree in the past, and immediately passed a white light!

The speed of white light is very fast, even if it is concentrated, it does not have time to change its direction when it touches the big tree.

The result is that white light first completely penetrates the big tree, with the light point as the core, and all the surrounding areas dissipate, then continue to go forward and open a hole in the hillside farther away!

However, Shen Lang then changed direction. When the big tree had no bottom, when it was falling down, it went up and destroyed the tree completely and destroyed it into wood chips and ash.

Although it was only a hand move, it also made Shen Lang have a little experience in manipulating it. When you re-manipulate it, the effect is much better.

The second time he smashed a large stone directly.

The third time was on a stone wall, and a deep mark was opened.

After several experiments, Shen Lang feels better, and can easily grasp the distance it emits, such as drilling a deep mark on the stone wall instead of directly blasting a cave.

But speed and strength are still out of control!

The same goal is to use the tree to catch the tree, stop it, or change the direction, but you can't just put the trunk into a small hole, but the power will be shattered directly.

However, with these effects, Shen Lang is satisfied, he can not use this magic weapon to cut beef, not to really cut the paper to play, it is an offensive magic weapon, power and speed is its characteristics, can be controlled It will do.

This trip was originally to warn the water and the moon, I did not expect such a layer of harvest. Otherwise, when it is necessary to use it, there is a strong energy, but it cannot be released, but it is a bit of a tragedy.

After the completion, Shen Lang did not stop, directly returned to the urban area of Jingyang, returning to the place where the wind did not live.

Originally, Feng Jiji wanted to be with him. He decided to go to Shuiyue Cave Day alone. Feng Fengji said that she went to buy food and cook it at home.

When Shen Lang went out, he did not walk the gate and flew directly from the balcony. Now he went back and flew directly to the balcony of the high-rise.

“Come back, I can eat now.”

When I first came in, I heard the words of the wind, which made Shen Lang a little embarrassed.

This picture gives him a feeling of familiarity and closeness.

When I didn't have a boarding school before, I went back to my mother's house to cook, so I told him that I could eat right away.

“what happened?”

Feng Wuji is setting the tableware in the restaurant, because her home is too big. When she sees the sun coming in from the balcony, she will stand still. She quickly puts down the things at hand and quickly comes over.

“What happened?”

She first looked up and down, worried that Shen Lang was hit by an ambush. Although Yu Yu can not hurt the Shen Lang even if there is a magic weapon, but what is the ancestor of Shi Shu Shi Bo in the case of Shuiyue Dongtian?

Shen Lang smiled slightly: “Nothing. I am just... you just like that, remind me of my mother.”

“...”

The wind is no words, and he is rewarded with a white eye.

“I am so old?”

“It’s not that you are old. When I was a child, I came back to school. My mom also said that I can eat.”

The wind did not pick up the eyebrows and saw that he was not joking. He smiled and patted him. “Hey, wash your hands and go, you can have dinner later.”

I was reminiscing about a bit of warmth, and she was a little goose bumps.

“You are a kindergarten kid.”

“When your mother is my age, of course you have to be a kindergarten. To be a little smaller, you have to feed you.”

Although she was joking, she couldn’t help but fall on her huge ball.

He also immediately discovered that in the time he left, Feng Wuji had changed a set of home clothes, although it did not reveal anything, but the material of the clothes was softer, and the curved bulge was more obvious.

“Hey! What do you want to see? I really want to eat!” The wind didn’t take a look at him. As a result, there was also heat on her face and she turned and went back to the restaurant.

Mouth also muttered in his mouth: “I really want to eat, I don’t have it...”

Shen Lang is a little sweaty. If you talk about it, you will go in another direction.

He also went to wash his hands and calmed down. He came out to the restaurant in the past, and he briefly said the situation of the past.

Although there are only two of them, but because of the lack of time, there is not much understanding of the taste of Shen Lang. It’s rare to stay here for a meal, so the wind is full of preparations, from traditional Chinese dishes to Western-style steak salads.

She has no special features, but the basic tastes can be catered for. In addition, red wine, wine and white wine are ready.

“Not bad!” Shen Lang praised.

“Not bad? Which one to drink?” Feng Wuji sat down and asked him what wine he was going to drink.

“Time is well grasped, the restaurant delivery is also very good Shen Lang smiled and added a sentence.

The wind did not pick up Ji, and he pulled it down. “I hate, you can’t pretend you don’t know?”

Shen Lang is very innocent: “If you just have a few homemade dishes, I really can’t see it. But this has prepared so many different types of dishes, you still have to take a bath and change clothes, time is not right.”

The wind did not have a poor appearance: “Well, I still want to be able to do a good job, see if I can please you, and then I will show it.”

Shen Lang solved the worry of Shuiyue Dongtian, and accidentally added the problem of Baihong Guanri, and experimented with it, so the mood was also good. Looking at the poor appearance of her fake, she also made a joke.

“To please me, you don’t need virtuous, you can do it.”

There is no such thing as the wind! Usually I have to deal with too many men who are jealous of her. Can you not hear this pun?

She leaned in front of Shen Lang and said softly: “Can you, what are you doing?”

Chapter 730 - Stay a few more days

Now Shen Lang sat, the wind did not stand up and leaned over to find him in front of him, the soft neckline of the clothes opened naturally, and the scenery inside was completely presented in front of Shen Lang.

Shen Lang coughed a little, looked away from the dishes and looked at the dishes on the table.

“Just kidding, I just tasted how these tastes...”

The wind has no bite and bite his lip. It has always been a man trying to find out or hooking or tempting to get her. Today she has clearly hinted that Shen Lang is avoiding and making her feel frustrated.

If it is in other places, she does not dare to go further, so as not to provoke the waves. But now in her home, this is the safe area she is most familiar with and the most relaxing place.

So she took a breath and then sat down on Shen Lang’s body decisively.

Then I disliked the clothes and put them on the head of Shen Lang. The two \*\*\*\* naturally pressed against the face of Shen Lang.

“Really, people have tasted it, and have to taste something...”

Shen Lang didn't think about what to do. He was able to decide to live here.

But just a joke, I didn't expect the wind to say nothing, the impressive snowballs have been crushed to the face, can you bear it?

When Shen Lang's hand moved, he directly tore the "black curtain" that was hidden in front of him. It made him not know how many comprehensions and YY had passed, let him see it with his own eyes and directly grasped it...

Under the fire, the time was just a good meal, including the wine that had been awake in advance, and was left aside.

The whole floor of the house with enough space is also tossing them. When the matter is over, the night has begun to fall.

The dishes have passed the best time, but they have no effect. On the contrary, everyone's appetite is soaring, and the happy eating is so happy that they will roll back...

Feng Wuji is because this kind of opportunity is difficult for the second time. It will be God's will if he disappears for a month. If you don't grasp it, I am sorry for God.

Shen Lang is because people have taken the initiative to this level, and it is not easy to refuse. Once started, both people let go and enjoy this short time.

The Shen Lang, who had been prepared to stay for one night, could not seem to be so ruthless, so he would stay for a few more days.

Of course, it is not just a few "days" to stay more, on the one hand, to accompany the wind, and on the other hand, to help her recover her injuries more quickly.

In the time he stayed, Shuiyue Dongtian did not have any offense. Zhuo Yuan also asked the wind to have no medicine to ask for the healing of the water.

But this time, it is also to let Shen Lang understand a little, even if it is in the late stage, it is not safe!

Originally, he thought about helping the wind to improve to the end of the real life, plus magic weapon, her life style and long sleeves and good dance will not offend people, it should be absolutely enough. Who knows that this local water moon, the sky will also come out with such an ancestor.

This is also in line with his usual thinking that people close to you, if they can't raise them very high, they can only be disconnected early!

The town of Yuezhen in Pingxi City is like this. They are also like the classmates Jianghe. In the future, everyone will completely follow different roads and forget about the rivers and lakes.

Even his parents are essentially disconnected!

If you take them with you and don't say they are not used to it, they will be very dangerous. Taking advantage of the cover of death before, living in peace in Pingxi, and occasionally watching the New Year's holiday, is the best destination.

Other people close to him, such as Luo Yu, Zheng Yumeng Desolation, Dorothy, Gao Li, Qi Sheng and others, are helping them to improve as much as possible. On the one hand, they can help a little, on the other hand, let They have the ability to protect themselves.

The same is true of the wind, and she has been classified as her own last time.

It seems that it is not enough now!

However, he couldn't bring Feng Jiji to the side. Although her information and communication are exhausting, in the end, it is all for survival and resources. These waves can be solved.

But that is also her value!

If you are raised because of going to bed, you can raise it with peace of mind. It is not the wind and the wind that you admire. It also violates the principle of the hard work of the wind.

So Shen Lang will not open this mouth, she will not give up her value.

In this way, Shen Lang must consider how to give her a little more protection.

For the time being, he has no more suitable magic weapon to give her.

The lunar needle must have him to play a good effect. The two pieces obtained from the lord can only be delayed at a critical moment, and they will win an opportunity. If they encounter a strong enemy that is too different, it will have no effect.

Bai Hong is a good day, but on the one hand, this is the energy of personal vitality, that is, the stronger the user, the stronger the role. The effect of using the wind is not the same as that of Shen Lang.

On the other hand, this is in Jingyang City. If you let Shuiyue Cave know that Baihong is in her place, it may harm her and not be able to prevent thousands of thieves.

After considering it, I can only start by improving her own strength!

It's just that she has upgraded two levels this year. It's only three months now. It's still difficult to break through to the peak of the real world.

However, now Shen Lang is full of energy and is not afraid of wasting.

So first she taught her a way to quickly absorb the energy of Lingshi, and then left her with a group of Lingshi, and Lingquan. More importantly, I left her two inner dans!

Waiting for her to slowly absorb this, there is a chance to ascend to the peak of the real world.

This time, Feng Youji went on the edge of death. Shen Lang saved her in time, and the relationship between the two people went further. So she did not say much polite words, but accepted his arrangements.

She can see very clearly that if she can't keep up with the pace of Shen Lang, there will be no chance to stand by him in the future, and she can only gradually drift away!

Talent is destined and fixed. Although she is also very talented, she still has a gap with Luo Yu and Zheng Yumeng.

If you want to keep up with the pace of Shenlang you have to spend a lot of time to cultivate, and Shenlang is also a lot of time to practice.

As a result, the biggest impact is resources, so she can't refuse his gift. She can only secretly swear that she must work hard to cultivate herself and raise herself to a higher level so that she can help him without delay.

In the past few days in Jingyang City, Shen Lang also had a leisure time to look at other messages for more than a month.

Because Nan Yiye knew that Shen Lang was going out with his two grandfathers, he also told Qiao Shuyu about this. The message that Qiao Shuyu gave him was to let him come back. When he was free, he went to the North Sea Qiao family and said that his parents wanted to see him.

The invitation of Beihai Qiaojia, like the head of Yu Yu, will feel flattered, but Shen Lang is not in the heart. He went to the south to seek medicine, but it was not because he knew about Nanyiye and went to the Nantian family.

For no reason, he has no interest in running to the North Sea Qiao family.

Another message, Yue Zhennan, which has not been seen for a long time, is to let Shen Lang think about it.
