

First Strong 731

Chapter 731 - Enemy daughter

Yue Zhennan's message has been almost half a month, and it's been brushed down. Before he took a look at the messages, he was classified in the less important ones.

The content is actually very simple, and it is not an inconvenience that you need to help him, but an invitation as a friend.

He is getting married!

When Yue Zhennan just met, Shen Lang was still a senior, but he was already more than twenty. Now two or three years have passed, and Yue Zhennan is getting married, which is not a strange thing.

Obviously, Yue Zhennan still attaches great importance to his friend, hoping that when the big day of life, Shen Lang can appear.

But it is also clearly aware of the gap between the people. This invitation is also accompanied by a stern, early and early with Shen Lang said, look at his schedule, have time to go back.

Shen Lang is prepared to slowly drift away, not to contact so much, take care of it when there is time. That time I went back to Pingxi. If I didn't know that he was in danger, I would not go again.

When the Mid-Autumn Festival went back, it was just to spend the holidays with the parents, and did not see Yue Zhennan again.

It's almost half a year's calculation. The family life of Yue Zhennan may not be a good fall in love. It's more likely that it's getting older and looking for a married couple.

It is very difficult to think about the beginning of the beginning from scratch. At that time, Yue Gongzi could be described as a noble person of Shen Lang, and it has always been quite interesting.

Since the big event of marriage has invited him, maybe he still has to go back.

What makes Shen Lang discretion is not the problem of not going, but the problem of a little time.

The date of marriage is a very common day – New Year’s Day.

Looking at the date, tomorrow is New Year’s Day!

This was a message sent more than half a month ago. It was reserved for a long time, but he did not see it in the city. When I first came back to South China a few days ago, I didn’t see it for the first time.

If you look at it, he should go back to Tianshan directly, and then take Zheng Yumeng back together to attend the wedding.

Of course, fortunately, I didn’t look at it, or else I wouldn’t have to come over to the wind and have no artifacts on it.

The reason why Zheng Yumeng will be brought is because they have known it in the past and have seen it several times. It is most appropriate to be his female companion.

It’s too late to go back to Tianshan. The flight can’t be reached directly. He can’t fly without the uninterrupted magic weapon, and the time is too late.

It is to inform Zheng Yumeng that he is now rushing from Pingshan to Pingxi. There is no signal at Jianzong, and he may not always see it.

There is a ready-made female companion at the moment, but it is not suitable.

After all, in addition to Yue Zhennan’s understanding of Zheng Yumeng, Mo Qi also knows that Zheng Yumeng (Desolation) paid a lot for the parents who saved Shenlang. It was not good for them to misunderstand the flowers. He was too lazy to explain.

And going back, I definitely have to visit my parents. Last time Dorothy could also be said to be a friend of Zheng Yumeng overseas, which brought a new girl back...

After pondering, Shen Lang decided to go back alone. If he goes directly to Pingxi today, he will have time to attend the wedding tomorrow.

After the decision, he immediately returned a message to Yue Zhennan, saying that there was no signal in the local mobile phone before, and now I see the information, and I will definitely arrive tomorrow.

Then I followed the wind and said nothing about it. I also asked her to go to the wedding and need to bring some gifts.

Feng Wuji had not let him go, and learned that he was going to attend the wedding. He was busy and asked what kind of friends he was, in order to determine the gift. After learning that it was Yue Zhennan, she immediately had a plan.

When Shen Lang had already turned over the Chujiayu outcrop, he was dug up a lot of background information, and later appeared face again and again, and was inquired about the information again and again. However, as a powerful intelligence, Feng Jiji will certainly not know Yue Zhennan.

It's just that Yue Zhennan's personal, he is also a true repair, that Shen Lang naturally has a suitable gift, so her help is to choose the right marriage.

She immediately arranged for someone to check to see who is the target of Yue Zhennan's marriage. According to the situation of the woman, she prepared a suitable gift and also booked a ticket for Shen Lang.

The result of the investigation was to make Shen Lang a little surprised. The object to marry Yue Zhennan was actually the Ye Family!

It is the daughter of Ye Shiguang, the sister of Ye Kuzhu.

"Is there any problem? This Ye family is not the same as the Yue family. It is also a local comprehension family. It is also a door-to-door. Although there have been grudges before, it should be considered as a marriage to eliminate grievances and common development."

The wind is not found in the real thing, the situation is much better, there is no need to prepare a worldly valuable gift, and Shen Lang just gives the Lingshi also makes them very happy.

Shen Lang shrugged: “There is nothing wrong with the theory. They are all in the local area for hundreds of years, and the grievances are normal. The marriage is also the right thing to do. But the previous contradictions, and what you didn’t pay attention to...”

“What?” Feng Wuji is a bit curious.

Although many aspects have been investigated before, the history of Shen Lang has been known to all kinds of Pingxi. However, after all, it is a small place, a place where the virtual environment can be crushed, and the comprehension family of Pingxi is still a little inconspicuous.

For the situation there, there is not much detail, so everyone pays attention to it from Chu Mofeng, Xie Dao Ling, that is the master of the real card.

“If the situation you have heard is not wrong, then the brother of his fiancée is being smashed by me, with Yue Zhennan.”

The wind didn’t have a smile: “There is nothing. Maybe it’s because you saw that you married her brother. It looks very handsome. If you don’t have the chance to hook you up, you will retreat to Yuezhennan.”

“More than that, her father used to be the patriarch of the Ye family, and I was killed.”

“Hey...” Feng Xiaoji smiled and smashed smashed my brother, and killed the enemy, it is not the same.

“The oldest Yejia Village is the oldest one, and they are the strongest one at that time. It is similar to the identity of Shuiyue Dongtian, and I was scrapped.”

Feng Wuji said helplessly: "Okay! No wonder people used to say that you are a bloodthirsty madman. At that time, you were only around 18 years old? It was only beginning to emerge, so it was so embarrassing."

SHEN very innocent, "I am not this for fun, I do not beat them, they beat me, I do not kill them, they will kill me."

The wind did not look at him slyly: "Would you still go?"

"Go! It's going to go." Shen Lang shrugged. "How do you say that? There are no eternal enemies, only eternal interests. As long as I give them a little more benefit, Ye Family will be full of joy. If he didn't go to the Yuezhen South Station, he wouldn't be able to stand up."

This is to prepare a gift suitable for the bride. I did not expect to know this, but it is also good, so that Shen Lang is a little psychologically prepared.

Chapter 732 - Ye Yao

The flight of Shenlang arrived only at night, it was not Pingxi, and it was necessary to transfer another car, so he intended to go over tomorrow.

However, Yue Zhennan knew that he would come, very enthusiastic to ask the specific arrival time, and said that he would arrange a car to pick him up at the airport.

Finally, Shen Lang can only let him arrange the wedding, do not need to arrange a car, and then contact Pingxi to contact him.

For the sake of convenience, publicly returning to the wedding, may also be found by the people, so Shen Lang did not go home, was booked in the hotel.

When he arrived at the hotel, he found that Yuezhen South and Moqi were already waiting in the lobby.

"You are the busiest one now, are you lazy here?" Shen Lang laughed.

I haven't seen it for half a year. Yue Zhennan is also very cautious. It is a little easier to hear the jokes of Shen Lang.

“It’s really! I didn’t expect it to be so troublesome, I want to cancel it, haha.”

“The second son is joking, so don’t worry, the Yue family is busy for him. In fact, he is very relaxed.” Mo Qi smiled beside him.

In the past six months, they have not made rapid changes. After all, their talents are like this, and there is no huge amount of resources to go down. Of course, it is normal cultivation speed.

Considering that Shenlang’s dinner is a plane meal, when they first came over, they had already ordered food at the hotel’s restaurant. It is expected to have a good time to serve, and then they will take a meal to eat.

When I arrived at the dining room of the restaurant, Shen Lang pretended not to know the casual question.

“When did the scorpion know? The last time, I didn’t hear it, but your girlfriend should be a lot.”

“Where! I have been vegetarian for a few years!” Yue Zhennan could not help but smile.

This is true. Because of the Chu family’s relationship, the whole year and a half of the Yue family were crushed very badly, and my grandfather died. He was a day of hiding.

Waiting for the return of the sun in the New Year, although the haze is swept away, it is not so easy to take over after the big injury.

Later, when Ye Kuzhu came back, it was a reversal. When Shen Lang once again suppressed the Ye Kuzhu and his master Fuyang real person, it was considered to be stable.

Therefore, Yuezhengnan, who was originally a playboy, has been very hard-working and very tough in recent years. Therefore, nowadays, it has changed from the past, and it can be regarded as the mainstay of Yuejia.

While eating, he also truthfully introduced the situation of his fiancée, the sister of Ye Kuzhu, whose name is Ye Yao.

Probably because it is a girl, Ye Jia did not let her practice, but cultivated on the other hand. She studied very hard at an early age and sent to study abroad early. She only came back from abroad this year.

After Ye Yao came back, she was responsible for managing the Ye Family secular business, because of the business relationship, and the opportunity to deal with Yue Zhennan. After seeing it a few times, I found that everyone was very talkative.

In Ye Yao's body, Yue Zhennan saw a big vision of the big picture, which is relatively lacking among the local girls in Pingxi. In addition to making him appreciate it, I feel that such a girl can come back and help the Yue family to take care of the cause.

To put it simply, if you blame Ye Yao, it is not a simple relationship with Ye Family, but it will make both Yue Jia and Ye Jia win a win. The two of them can form a good complement.

Therefore, Yue Zhennan also pursued her for a few months. During the Mid-Autumn Festival, when Shen Lang returned, she did not look for him. At that time, they were actually together.

After several years of twists and turns, Yue Gang is also looking at it. For both of them, it still supports. After all, several locals have coexisted for hundreds of years.

Ye Family, who is now suppressed, certainly has no problem. The previous peace was that Ye Long put down his old face and asked for it. If he could marry, it would really make the two parents far from peace.

The elders of both sides are happy to see each other, and naturally they will immediately join together. In order to have a long night dream, they will not choose the date of the traditional co-existence, and they will be married directly to the most popular holidays of modern people. The Mid-Autumn Festival has passed, and it is naturally scheduled for New Year's Day.

"Lang brother, do you think... Is there any problem?" After the talk, Yue Zhennan seriously asked.

I used to call Langge. I felt a bit exaggerated. Now, in the past few years, Shen Lang has grown to this level.

Shen Lang smiled and said: “This mainly depends on yourself. You feel that you can help you manage your family business. You can save time and cultivate, so that it is cost-effective and has investment value. Is it more purely like her? ”

Yue Zhennan frowned. This problem obviously has been considered intentionally or unintentionally. The fathers are also considered in this way, but they are not directly asked, and there is no direct confrontation.

“Your concern is that everyone has hatred before, but strictly speaking, it is me who hates them. Haha, the bad things are all done by me, so you don’t have to bear the burden.”

Although Shen Lang said with a smile, Yue Zhennan is still a bit embarrassed.

“Can’t say that, the benefits are all our family, you are also helping us.”

“So, now your elders want to let go of their grievances and achieve a win-win situation through your marriage. The key is to see you. Do you think it is really cost-effective to get married, or do you like to marry?” Shen Lang does not interfere with him. Feelings, just let him face directly.

Yue Zhennan sighed: “Everything... Ye Yao did not let me go to the level of deep love, but it is indeed excellent in all aspects, is the ideal marriage partner.”

As a result, Shen Lang will understand that the girls that Yue Zhennan is exposed to, or the girls who are the right people at home, are not as good as Ye Yao. He now shoulders the heavy responsibility of the family. Unlike the previous ones, he can pick up girls everywhere, and there is not so much time to pick them up.

Mo Qi is also smart and does not speak. Although he is now more important, he is only a guest, and it is not convenient to interfere with his master’s life.

“If that’s the case, then get married! Anyway, your rich buddy, don’t choose a suitable person to marry Will you raise your beloved sister outside?”

“...”

“Don’t be entangled, as long as she likes you too, or she also thinks that you are the ideal marriage partner, your marriage will not have problems. By! You are bigger than me, where is the experience of Laozi, you decide “”

Shen Lang said that they both laughed.

After all, Yue Gongzi is married. Even if there are many people in the family who are busy, there are many things that Yue Zhennan personally confirms, so even if it is confessed, the phone is still on call.

Shen Lang also let him go back first, there is Mo Qi to accompany him.

Yue Zhennan thought that he was not polite with him, he went first.

There are only two of them saved, and it is more convenient for Shen Lang to talk to Mo Qi.

“For this Ye Yao, what do you think of the old Mo?” Shen Lang did not turn, and asked directly.

Chapter 733 - Gift night

Mo Qi immediately answered the question of Shen Lang with respectful respect.

“Miss Ye Yao, I have seen it several times. Although it is not a beautiful fairy, but it is also very beautiful, and the temperament and grace are very good. I heard about her from the second son, and the commercial ability is first-class. of.”

“For Yeja’s situation, she may be because there is no relationship of cultivation. Many insiders should be unclear. For the grievances with Yuejia, it is only understood as commercial competition, and she has seen the world in a larger way. The emphasis is on Unite and win together, create a bigger market, instead of nesting in Pingxi.”

“In general, she does have very good aspects in all aspects. The attitude of Ye Family should also be to reconcile with Yue Jia through her relationship. After all, their losses have been great in the past few years. If it doesn't fall, chances are that there is no chance to turn over.”

Mo Qi maintained an objective attitude and reflected his understanding of the situation with Shen Lang.

He also understands the meaning of Shen Lang, mainly because he is afraid that Yue Zhennan is calculated. After all, Ye Jia is not the first time.

Shen Lang nodded. “I believe that Ye Jia should also learn the lesson.”

The last time they repeated, not only because of the leaves and bamboos, but also because the masters of the leaves and bamboos have come to support, Xiangyang real people come to the Pingxi side, is definitely a hegemony.

However, Fuyang Reality is not an opponent of Shen Lang at all. The purpose of coming here is also to find Shenlang Partnership. It is just an excuse for the beginning of the leaves.

The final result is that the Fuyang real person abandoned the leaf bitter bamboo, and Shen Lang directly hit him back to the level of the super-wu people, so that Ye Jia, the genius, has come back to practice again.

Under such circumstances, Ye Jia can only be summed. A good girl, after all, is going to marry outside, and there is no cultivation. It can play a role of marriage and marriage for the family, and it is also the greatest value.

Yes, they have a lot of families that have been inherited for a long time, and they will take it for granted.

After Shen Lang understood it, he already had a plan in his heart. He was ready to go to the Ye Family and give Ye Jia a little compensation. Enwei and Shi, let them give up the plot to Yue Zhennan.

However, he did not directly say it. He did not say to Yue Zhennan, he did not want Yuezhen Nan to bear a favor. And if you let Mo Qi know, even if you don't let Yue Zhennan tell you, you can't reach the point of doing good things without name.

Therefore, Shen Lang simply asked about the progress of their cultivation in the past six months, and did not ask for more.

For Shen Lang, and even the people around him, there have been huge changes in half a year.

However, they cannot use theories as usual. Other normal comprehensions have not upgraded one level for half a year, which is a normal phenomenon.

Before leaving the meal, Shen Lang gave Mo Qi some Lingshi. This person who saved his parents, he is still very grateful.

After leaving Mo Qi to leave, Shen Lang rushed to Yejiia Village.

I have been there twice before, it is not difficult to find.

If it is in peacetime, it is not so smart to find Ye Long and Ye Shiguang casually. Everyone has their own affairs.

But now it is different. Tomorrow is the day when Ye Yao married Yue Zhennan. Ye Jia is so important, and all important people are inevitable.

When I came to Yejiacun, Shen Lang's knowledge was swept away and the destination was locked.

He has not seen Ye Yao. This trip is to find Ye Long and Ye Shiguang. After all, Ye Long is there. Even if he is abolished, everyone still listens to him, and Ye Shiguang is on the top.

The place where they are, or the house of Ye Long's house, seems to be concentrated in the meeting.

After Shen Lang arrived nearby, the gods locked in and did not go directly. I wanted to see how Ye Jia discussed it on the eve of the wedding.

If it is really what they think, then it would be better, he would replace Yue Jiaxian to give Ye Jia a benefit.

In the study room of Ye Long's family, there are now three generations of old, middle and young.

The old nature is Ye Long, and his influence is still the biggest. It is the main heart of Ye Family. In the middle is Ye Shiguang, although it is the beginning of the Yuan Dynasty, but after the three generations of Ye Long, Ye Shifeng, and Ye Kuizhu have fallen, he is the only self-cultivator.

There are two young ones, one is the leaf bitter bamboo, the other is a young woman, even if she does not know, she can guess that she is Ye Yao.

Shen Lang rushed to the city of Pingxi from another city's airport, and then they ate with them. It was not too late.

Ye Family is very happy here, and naturally it is also a lively dinner for her family. It is only time for entertainment to stop, so this old and young meeting has not been open for a long time.

"In general, we are still incompetent. A group of men, but also let Xiaoyao come and kiss!" Ye Long sighed heavily.

Seeing the wilting leaf bitter bamboo, and the huge difference in the genius of the previous temperament, he was heartbroken.

"Grandpa, you don't have to blame yourself. This is what I should do. I will get back all the lost things for Ye Family. It is the duty of all Ye Family! Revenge for my father is also what we should do. My brother is like this, me too." "

Ye Yao comforted him a few words: "Your old man was humiliated in the past, but he still persisted, did not fall down, and supported Ye, but we should learn!"

“Grandpa is afraid that you will be wronged!” Ye Long smiled bitterly: “There is... the Shenlang, it is not a person, we have repeated several times, if you let him catch again, I am afraid that he, he will really Blood wash Yejia Village!”

Ye Shiguang sighed: “I have said that already, or don’t provoke it, and our Ye family has not reached the level of decline. In these decades, the Yue family is also silent, and there is no embarrassment. In the future, we will still Can rise again.”

“Either... I really have a good relationship with the Yue family, we can recover faster...”

“Uncle, don’t worry, if I have any problems, I won’t be tired of the family, I will fight with Shen Lang alone!”

Ye Yao was rude to the end of the past Ye Shiguang immediately shut up, and did not care for him as an elder.

The dark waves outside are secretly sneer.

Sure enough, there are other pictures!

Look at this, this mastermind is actually this Ye Yao. Ye Kuzhu must be reluctant to revenge, needless to say, Ye Long, the old guy, has always been half-pushing, really unmanageable, and pushed it to others.

And Ye Shiguang, who is afraid of Shen Lang, is also not capable enough. He is satisfied with the right to control the three homes of Yejia, and it is not like change.

Shen Lang knows a little more clearly. Ye Yao is more complicated than Yue Zhennan and Mo Qi. She is not only a self-cultivator, but also a master than two of them!

Because Ye Yao’s realm is higher, she can hide it in front of Yuezhen Nan and Mo Qi, and she is not found to be traces of cultivation.

Chapter 734 - Supportive

Originally, Shen Lang was a good heart. Since the core grievances were caused by him, for the happiness of Yue Zhennan, he could put in the following personally and send a gift to resolve the grievances of both sides.

But now it seems that even if they don't have a better retreat, they haven't reached the point where they are running out of water, still thinking about going over!

If it is hard to come by, it is actually more convenient to handle. No matter what the final result is, it will not make Yue Zhennan have a shadow.

But now Ye Yao uses his body and emotion as a weapon, and has already taken Yue Zhennan down. If he is married and has children, no matter what the problem is, it will be very harmful to Yuezhennan.

Shen Lang listened to their dialogue, and there was really an impulse to turn Yejiacun all over the sky.

This festive atmosphere is also extraordinarily ironic, which is simply a conspiracy.

But reason has made him hold back, not the question of what the consequences will be, but the damage to Yue Zhennan.

Although Yuezhengnan is still a little worried, basically the whole person is still very excited and happy. Even the Mo Qi who keeps watching is also the view. I believe that Yue Gang and others have also been conquered by Ye Yao. There will be any objections.

The festive arrangement on the Yuefu Garden is certainly not inferior to Yejiacun. If there is a **** incident suddenly, even if the starting point of Shenlang is to protect Yuezhennan and Yuejia, they will not understand it!

Just like the original Chu family, Yue Qiang Yue Sheng and others are blaming him for being tired of the Yue family. Moreover, if this happens, he can leave no traces, and he can leave it. The local Yue family can't avoid it. Others will think that they took the opportunity to destroy the Ye family.

Since you want to steal chicken, let them steal the chicken and not eclipse the rice!

It's too cheap to kill them directly, they must let them see their consequences, and they can never get the sight of the plot!

After making the decision, Shen Lang quickly concentrated his spirit. First, all the Yejia children who were practicing in Yejia Village were locked. In addition to Ye Shiguang and Ye Yao, others are just getting started in the Extraordinary Warriors.

These are too much for Shen Lang, and a piece of cake is not enough.

He directly bombarded them all with his mental energy!

Between the time of the time, the Yejia Chaofan who was in different houses, regardless of the state, was planted on the ground.

This time, Shen Lang not only destroyed their roots, but also became an ordinary person, and they also came directly to a spiritual ban. Once they re-cultivated and gathered a little, they will be hurt again.

A few people talking in the house, when Ye Yao was talking, she is now the strongest one of Ye's strength, and has a mind. It is already the core helm, and Ye Long is just a name.

Suddenly, Ye Yao Ye Long and Ye Kuzhu were planted down!

Ye Shiguang, who was screaming and not talking, could not help but be shocked to see this picture.

"What happened? What happened?" He hurried to see Ye Long.

Check it out, Ye Long just stunned and didn't die. Then look at Ye Kuzhu and Ye Yao, but also fainted in the past.

"I have helped you to get this. You can't even do the patriarch of Ye Family. The growth of these two or three years is still too small."

A voice was heard in the ear, and Ye Shiguang was shocked. He quickly looked around, but they were in the study and did not see anyone coming in.

“Who are you? You... Shen Lang?”

After asking for a sentence, Ye Shiguang remembered it. Only those who have this condition are Shen Lang.

“I, I... really is not my business! I want to let Ye Jia go through safely. I can't help but have a good relationship with Yue Gongzi. The situation is that Ye Yao is better than me, I am completely I can't control it. Shen... Master, you must not misunderstand...”

Ye Shiguang did not know where the Shenlang people were, but since he could talk to him, he could make them faint in the past, and they should see it here.

So outside of his nervous explanation, he simply squatted down and bowed his head to the outside.

“What are you talking about?”

“That's true! You see, we have known each other. When you throw me into the Li Cao River, I will admire you. We also trade and cooperate. After that, I have no disrespect at all. Kuzhu, Ye Yao brother and sister!”

“Ye Kuzhu is a genius. We all know it, but Ye Yao has always been well hidden. She returned this year. If she does not show her strength, I don't know that she is not inferior to Ye Kuzhu.”

“Now we are just a symbolic reference to our opinions. All the big things are her ideas.”

After he explained a pass, the voice of Shen Lang appeared again in his ear.

“The whole Ye family, I will see you are more pleasing to the eye, the capricious Ye Long, the ambitious leaves of the bamboo, they are too shallow.”

Ye Shiguang, who was originally cold and sweaty, couldn't help but feel a little relieved when he heard this.

“Yes, yes! They think they have a vision and a big pattern. In fact, the mouse is in the light. I saw that you are the dragon and the phoenix.”

“I have let go of your Ye Family several times. You have to do something. I really want to wash Ye Jiacun! This time I don't want to affect the happiness of my brother's marriage. Finally, I will give you a chance. If you can't catch it, Ye Jia. There is no need to exist!”

Ye Shiguang, who had just breathed a sigh of relief, got nervous again and quickly agreed.

“I must be obedient! What do the masters have to say, even though!”

“From tonight, let Ye Long go to the old age, you are in charge of Ye Jia, what should I do in the future, I think you should understand.”

“Understand, understand...just...Ye Yao...” Ye Shiguang couldn't help but smile, he didn't want to!

I have long wanted the patriarch, but Ye Long has been tying up, waiting for the leaves. After the leaf bitter bamboo was knocked down to the super-martial warrior, Ye Yao, who was trained outside, came back. As an uncle, he didn't know it at all!

It can be seen that Ye Long and Ye Shifeng had already made arrangements for the successor, and there would be no such thing as Ye Shiguang's room Ye Yao, Ye Kuzhu, are already ordinary people. And can't practice again! Ye Jia is now a self-cultivator, you can't control the situation, and it's too good. ”

I heard that Ye Yao was already an ordinary person after the unconscious coma, and he could no longer practice it. This has a great impact on Ye Shiguang.

However, there have been examples in the past, and he has no doubts.

He understands that Shen Lang does this not really to help him, to support him to manage Ye Family, just to not threaten Yue Zhennan. But what is the relationship?

He never thought about the dominance of Pingxi, and he was in charge of the fact that Ye Family was the highest ideal, and the relationship between the waves and the waves, but also the opportunity to be able to settle in Yuezhen South.

“You can rest assured! I am guaranteed by the head of the item! It is inevitable that Ye Yao will marry Yue Gongzi strangely. If you dare to make any demon moth, we as a mother, we must manage her well!”

Fearing that the waves were changing, Ye Shiguang quickly made a decision.

Chapter 735 - Ye Shiguang Fawei

Shen Lang did not leave immediately, Ye Shiguang could not obey, but also need to observe.

After not hearing the sound of Shen Lang talking to him, Ye Shiguang sat down on the floor with a deflated moment, then immediately wiped the cold sweat on his forehead and cheered himself up.

Standing up and looking at the three people who fell, I thought that he usually had no right to speak. Now they are not enough to worry about it. Let him look down and feel that he is getting taller and taller!

At this time, a phone call came over. Someone reported to him that there were many people who fell into a coma for no reason, and they were all super-armed, worried about the accident and asked his opinion.

Isn't it just Ye Kuzhu and Ye Yao, and everyone else has become an ordinary person?

This made Ye Shiguang shocked, and he was even more admired and afraid of Shen Lang. God did not know it, and he really knocked everyone down!

Although the family's reserve power is finished, it directly affects the strength of Ye Family, and may even be broken for twenty years.

But for him personally, this is a great opportunity!

There is no brother and sister of the leaves, and there is no objection from others. He is the only self-cultivator and can truly be highly centralized.

As for the twenty years of the dynasty, what about it? He can re-cultivate, just to focus on cultivating his children!

His current state is like a prince who has no ability, no matter whether the national interest will be lost, as long as he can safely board the throne, he and his children will win!

After receiving the call, Ye Shiguang's confidence was even greater. He immediately awakened all three of them.

“What is going on here? What happened to Shiguang?”

Seeing that Ye Kuzhu and Ye Yao have not yet woken up, Ye Long, who woke up first, immediately screamed.

Because he has already been abolished, he has been used to it for more than two years. He has just been comatose and has not been traumatized. Ye Kuzhu and Ye Yao, but wake up later.

Ye Shiguang ignored him, but directly poured two cups of cold tea on the faces of Ye Yao and Ye Kuzhu, and accelerated them to wake up.

“What are you doing!” Ye Long was even more angry.

“What happened?” Ye Yao woke up and immediately raised her brow. She quickly wiped her face and looked around.

“Xiaoyao, how do you feel?” Ye Shiguang asked a little. “Bitter bamboo?”

Ye Yao immediately changed his face and found that there was no trace of vitality in the body, and he also felt the traces of mental trauma.

“Uncle! What have you done to me!”

The face of Ye Kuzhu has also changed. Although he has returned to the super-armed warrior, he has re-started cultivation after he has abandoned himself for a period of time. After all, it has been pointed out by famous teachers and experienced. In the past six months, the progress has been obvious. Can re-enter the enemy.

Now I found out that it's not just that the progress is gone, even the residual foundation is gone!

“Uncle! Are you?”

“Ye Shiguang! You traitor! What did you do!” Ye Long almost jumped up.

“Hey! Use some brains!” After discovering that they really became ordinary people, Ye Shiguang's momentum came up: “I can move the leaves and bite bamboo, can you move you Miss Ye Yao? You are still a master in the middle of the virtual world.” Pinch me like pinching ants!”

In his words, let the three angry people calm down.

It makes sense, and does not say why Ye Shiguang wants to attack them. His ability alone cannot be done. Even if it is poisoned, it will not reach this level.

“What the **** is going on?” Although Ye Yao had no mana, the momentum has not been lost.

“Do you still need me to say? He is back!”

“He? Who... you mean!” Ye Long's face changed.

For Shen Lang, he is a shadowed person, time and time again, from Ye Shifeng, to him, to Ye Kuzhu, to Xiangyang real people, one is stronger than one, but in front of Shen Lang, there is no effect at all, every time All the leaves are crushed.

“Is it just coming?” The face of Ye Kuzhu has also changed, full of resentment.

“There is no such thing as Master Shen Lang. I don’t know. But I guess he should be back to Pingxi and join his good friend Yuezhen Nangong, our new grandfather...”

Looking at their expressions, Ye Shiguang was so refreshed, as if this was what he had achieved.

“I guess the whole Pingxi, there will be no secrets in front of him. So what we have just discussed has already been known to him, and he will punish you!”

“Then why are you okay?” Ye Yao immediately asked: “Are you colluding with the waves?”

“Ye Yao! Pay attention to your words!” Ye Shiguang is not polite to her now. Before he was detained, he could only endure it. Now he is directly swearing.

“What is Ye Shiguang’s? I am only going to the Yuanjing. Just two of your brothers and sisters are disdainful of me. The people who are such a big gap with Master Shen Lang will let me collude?”

He angered and took a look at the table. “After saying something bad, if I can get up to Master Shen, what is Ye Jia and you? As for everything, do you have a few juniors?”

He didn’t know if Shen Lang could hear the situation here, and the words did not dare to disrespect.

“Uncle! Maybe we have a disrespectful place, but don’t forget, my dad is your brother-in-law!” Ye Yao retorted.

“So?”

“So you should avenge him!”

“Chou?” Ye Shiguang sneered up: “We have relied on the gift of the Tomb of the King for hundreds of years, how many of them are resentful. It is said that the older generation of

Yuejia, the father of Yuebaichuan, was not buried in the tomb of the king. Directly let the Yue family fall for decades.”

“Genius niece, do you think he is dead, or is it killed? Do you think that behind us, including the suppression of the Yue family, should they avenge?”

“Who are the people of Yuejia or the family of Yejia? How have you been talking to outsiders!” Ye Kuzhu helped his sister counterattack.

“Ye Yao came up with morality, I will reason. If you follow this theory of revenge, when the smashing of the squad, Yue Baichuan, Yue Bailun, they should avenge their father and Yue family, directly to us a few The faction is gone!”

“Can they not do it? Why didn’t they do this? It is because they can’t swallow the whole Pingxi, the grudges in the tomb of the king, the grudges of the older generation, the past has become the past, everyone looks forward, what time is it now!”

“Hey! It’s so timid and timid, it’s unforgettable for the uncle!” Ye Yao continued to ridicule.

“You! You are very good, you are filial, so you have the ability, you still need to come back to the Yuejiao? What are you looking for? Shen Yuan master revenge! Don’t say you, your master’s family can be destroyed!”

Ye Shiguang said it was mean, but they made their faces hot. Because Ye Kuzhu is like this, his master is not an opponent of Shen Lang, and he gave up directly.

Chapter 736 - Penalty for punishment

“You do not dare!”

Ye Shiguang said more directly, “so you will pretend to be close to Yuezhennan without repairing, but your current adventure is to bet on Yejia! You keep saying that I am a traitor, but I am thinking about leaves. I have been worthy of my ancestors for hundreds of years of foundation!”

Ye Shiguang was originally in the interests of his own interests. Now, the more he says, the more he feels great.

“You are for your own face, interests, for a sigh of gamble on the home of Ye Family! Ye Jiazhen wants you to continue playing like this, it is dangerous!”

Ye Shiguang took the opportunity to announce directly: “I should stand up and let it go! From today, Ye Lao, you will take care of yourself, and the family will not have to worry about it. I will manage it! Xiaoyao will become the wife of Yue Gongzi tomorrow. If you don’t say anything about your husband and wife, you can continue your career and let Yuejia and Yejia win!”

When this was said, Ye Long was so angry that he could not speak.

Ye Kuzhu sneered with irony: “Speaking of it, not for this little power! The mouse is in the light, do you think we are all like you?”

Ye Yao is smarter and immediately understands the point.

“Shenlang has come, hurt us, and then support you to do it, right?”

Support is right, oh... Ye Shiguang does not like to listen.

“Admit it! Your little cleverness is not enough. Your strength is a hundred thousand miles away. The masters of Shen Lang did not personally attend the scene, they have already scrapped you, and all the super-armed people of Ye Family have been scrapped. !”

Ye Shiguang said that he was also angry: “These are all resources of Ye Family! Just because of you, I was brought to this point! I was relying on the earliest generation of Ye Jia to contact him, and had a relationship with one side, kneel down. Asking for others! I have not washed Ye Jiacun!”

This made Ye Long all three of them shocked.

If Shen Lang came over and heard what they had just said, the ***** wash of Yejia Village is exactly what they are most worried about. Although Ye Yao repeatedly said that she would do things alone, she would not even be tired of Ye Family.

But this is not even tired, but she does not have the final say, it is to look at other people's attitude!

Ye Yao's face was also pale, looking at her brother, and other ethnic groups, obviously already being tired.

As for whether or not Ye Shiguang colluded, she just sprayed it. It is sensible to understand that Ye Shiguang really can't collude, and Shen Lang will come to the wedding tomorrow, she also listened to Yue Zhennan today.

"Shen Lang! You are coming out! I will kill me if I have the ability!"

Ye Yao snorted. Since Ye Shiguang said that he can know the situation here, it is directly provocative.

When she had just finished speaking, she vomited a sigh of blood and then fell down again.

This made the leaves and bamboo dragons very nervous, and could not help but look around, but they were in the room, and no one came in.

Beyond the shock of Ye Shiguang, he is also very fortunate. Fortunately, I did not want to win their support, saying something that would smash the waves, or else he would be in trouble at this moment.

"I saw it? People don't need to come here, they can kill us from a distance." Ye Shiguang ridiculed himself: "You think that the **** wash of Yeja Village is an impossible big event, and people can completely do not show their faces." Suspended."

Now only one of him is a self-cultivator, so he has not been gloating, but in the past, he injected a glimmer of energy into Ye Yao and let her slowly wake up.

"This is a warning. People don't dare to kill you, because the relationship of Yue Gongzi does not kill you, don't force it."

Ye Shiguang sighed: "I am the same. I have left one now. In your opinion, I am a supportive shackle and a traitor. It is actually the last chance I asked for Ye Jia. If I also Let Master Shen Lang be dissatisfied..."

He looked at Ye Long: "After a few times of repeated volatility, we will not give it another chance."

Then he went back to his seat and sat down, then laughed at himself.

"Of course, Ye Jia is not me alone. I am for my ancestral business, but I can't decide my ancestral business alone. You have your ideas, Ye Laode is highly respected, and the two geniuses are eager to dry, let me be a master, and of course I am wronged." From the number of people, you also represent the majority."

Then he spread his hand and made a look of giving up.

Ye Long is also a long sigh: "Shiguang, I grew up watching you, can I still understand you? I just talked anxiously, and apologize to you here."

He is not the father of Ye Shiguang and Ye Shifeng. Ye Yao calls him a grandfather, just a grandfather.

"I am old, and I have long since been abolished. There are many things and I am not determined. I will announce it. I will not take care of the family afterwards. You are now the pillar, and you will depend on you later."

He has always been like this. In the face of the inability to fight, he chooses to compromise. Now Ye Shiguang is also unable to fight him, and there is no leaf Yaozhu.

Ye Kuzhu supported his sister, and both of them looked a little sluggish.

It's really a blow to them just now!

It was inexplicably scrapped and turned into an ordinary person. It is the second injury to Ye Kuzhu. It is a big blow to Ye Yao, who is ambitious.

However, she provoked the screaming of Shen Lang, and even sought punishment, and Shen Lang immediately “showed the spirit” and directly dropped the penalty, which made her completely desperate.

This gap... really should have been ridiculed by Ye Shiguang, even if her master was casually crushed.

In the face of a strong power gap, any plan of mind is unbearable!

After confirming this step, Shen Lang was relieved to leave.

This is toasting, not eating and drinking fine wine Originally, I wanted to send a gift such as Lingshi, so that she can safely follow Yuezhengnan. Now it can only be used in this way.

Although it will inevitably affect her and Yue Zhennan’s feelings, it is difficult to say whether her feelings are true or not.

As long as she has no more powerful strength than Yuezhengnan, even if there is still a chance, the same is the casualness of the town of Nanzheng, how to do it. In addition, Ye Shifeng knows the relationship of this layer, and will be more worried about the discovery of the Yue family, which will inevitably be constrained and will not give her a way out.

When I returned to the hotel, Shen Lang had already decided to contact Yue Yuenan and Mo Qi in the past.

He is going to raise two people to the next level in order to give them a little more self-protection.

After all, Yue Jia has not fallen for decades in the practice of comprehension. Since Ye Jia may send genius outside, low-key concealment, Linghe Boxing, Daxuanmen or something, there is also this possibility.

He can’t protect the world, he can only give them the opportunity to grow up.)!!

Chapter 737 - Causality of investment

For Shen Lang to help them improve, Yue Zhennan and Mo Qi are a bit embarrassed, making it as if they are not the same, relying on the help of others.

However, such an opportunity, even if you don't, will not refuse. If it is not a deep wave, even if it is the master and father of his own family, this cannot be done.

Therefore, their very rare opportunities like this are also very cooperative.

The goal that Mo Qi needs to accomplish is only to return to the late Yuan Dynasty. For Shen Lang, there is no difficulty at all. Simply help him to cross the late Yuan Dynasty and then launch an impact on the peak of the Yuanyuan!

The goal of Yue Zhennan is that the impact is still a virtual reality. This is a relatively large gap. According to his talents and the resources given by Shen Lang, it will take several years to complete. This is still far from enough.

But there is still a wedding tomorrow, and Shen Lang may stay too long, so they all understand that it is necessary to succeed this evening.

When Shen Lang was in the city of the river basin, he helped the blue sea to improve several levels. For this aspect, it is a light car.

At dawn, the two of them basically did not have much difference, and they all achieved their goals.

Shen Lang is not only paying for resources, but also the energy he has personally shot. He is also very satisfied with their results.

They each gave them some spiritual stones. For them, the medium Lingshi is very good, and the Shen Lang is a big one.

“Lang brother, I didn't know what to do in my life, I could meet someone like you!”

Yue Zhennan could not help but get up.

He is still a little sad, and everyone is getting farther and farther away. Even if he doesn't show anything, he can feel it. If it wasn't for him to marry, Shen Lang should not come back to Pingxi anyway!

“The second son is like this, I don't even have to say it. If I didn't talk to my husband, I don't know if I have the opportunity to go back to the Yuan Dynasty, let alone the degree.”

Mo Qi also knows that Shen Lang's parents have been sent abroad, and the visit will not return to Pingxi.

The chances of seeing the waves again in the future will be less and less. Perhaps because of this, Shen Lang will give them as much as possible.

“Everything has its cause and effect. There is no single relationship with the last life, it is the investment of this life!”

Shen Lang dares to say this because his “last life” is in a few hundred years, and his last life will not be an era.

“When I was just getting started, you paid attention to and helped me. Mo Qi's help to me is the same, so I am very happy to give back to you today.”

The two of them are also deeply convinced that if they were not in the same situation in the past, now they want to invest in the waves, and they can do nothing to help.

The choice of people is so wonderful, and at that time, it may not have been such a great thing.

Mo Qi is even more fortunate to have saved the parents of Shen Lang at the beginning, or else there will be no today.

“Okay, don't be polite again. I said that investment is just a metaphor. Everyone is a friend. Friends are not so much polite. You should go back. It will be very busy this morning. I will go to the wedding.” on site.”

Shen Lang lived in the best hotel in Pingxi. The wedding of Yue Gongzi was also held here. Now it has been arranged in all aspects.

They are not polite again, although they are not separated from Shen Lang, but today is the day of big marriage, or they must be busy first.

“Right, there is something I want to remind you, I have forgotten it before.” When sending them away, Shen Lang was ready to remind him of the side.

The two of them quickly stopped.

“Before Ye Family had a leaf and bitter bamboo, because of the lack of attention, almost came up with problems. Ye Jia has such a talent, maybe several other martial art in Pingxi, there will be the same. After all, you have been weak for decades, it is difficult to understand Their bottom is fine. Be more protective in the future!”

This point of Yuezhen South is deeply experienced, just like their family, so many brothers, there are also some places sent to foreign countries to develop, his brother is. On the one hand, it is the cultivation of talents. On the one hand, it is also a time when you are afraid of it, you can still keep an incense.

“Understood, we will pay attention!”

Yuezhen Nan solemnly promised that he had a deep association, but the thought was that Shen Lang might come back very rarely in the future.

However, Mo Qi is an extra mind. I think that Shen Lang did not marry them last night, including when he was alone with him, it should be more convenient to say it.

Could it be that after another separation last night, what other action did he take?

Combined with Shen Lang to ask Ye Yao's words, let him secretly pay attention.

After sending them away, Shen Lang also took a rest and simply took a break and prepared to add some sets of clothes later. Although there is no top luxury brand in Pingxi, there are also specialty stores in general brands.

As a result, Feng Jiji sent him a message. Yesterday she just got a preliminary understanding of Ye Yao's situation, but since she is a friend of Shen Lang's attention, and she is still the daughter of the enemy, she will be on her mind. Further detailed investigations have sent the latest information to him.

The value of this pair of Shenlang is not too great, because he already knows the identity of Ye Yao's hidden comprehension, but he still understands it.

Ye Shifeng, who was killed by him at the Tomb of the King of the Kings, was really powerful. The one seed and one daughter planted were very good. Ye Kuzhu has been favored by Fuyang real people, and Ye Yao has also been favored by a martial art.

All along, she has been concealing herself by studying abroad, but just going home for the New Year, in fact, it is another division.

The two of them have always been regarded as the "secret weapon" of Ye Family's rise. Even if it is not Ye's own practice, it is not convenient to pass the exercises to Ye Jia's children, but as long as they become a climate, in this generation, in Pingxi, they will be able to Help Ye Family lead other sects.

When it was more than ten o'clock, Shen Lang went to the famous brand store and handed it directly to the clerk to match. Finally, the direct purchase was, and the more clothes were bought, and they were directly loaded into the storage ring.

When he returned to the hotel in a glamorous manner, the wedding banquet was about to begin. Yue Qiang Yuesheng and others were welcoming guests. When they saw Shen Lang, they were very respectful and did not dare to scorn.

The elders of Ye Family are even more respectful and afraid.

Yue Sheng personally accompanied Shen Lang all the way to the banquet hall and then returned to the lobby to welcome guests.

Here, Yue Chengnan's father, Yue Gang, and Ye Shi's representative, Ye Shiguang, are here to accompany the guests.

When they saw the waves, they all came right away.

“Master Shen!” Yue Gang was excited and embarrassed. In recent years, the fate of the Yue family has completely caught up with Shen Lang.

If it is not a tidal wave, it is even more impossible for the son to reach this level. When he learned that his son was still in a virtual state, he almost jumped up.

“Master Shen!” Ye Shiguang is more respectful. “You can come, it is really the glory of our two families! Ye family will inevitably fall in love with Yue family, Yue Gang brother as long as there is a command, I Ye Shiguang first errands!”

Shen Lang nodded. Knowing this, he said to himself, but it was not convenient to kneel down like last night.

“Zhennan, is your master friend? My master is also a master, still not helping them to introduce?” A voice was introduced into the ears of Shen Lang.)!!

Chapter 738 - Master

This is naturally what Ye Yao and Yue Zhennan said. They are also accompanying guests, and of course they are also very important people.

Listening to this means Ye Yao’s master, and she wants to introduce it to Shen Lang, would it be so simple? Isn’t it necessary for her master to come back to the scene?

Yue Zhennan still didn’t feel the wrong thing. He smiled and said in a low voice: “My friend’s master is not the same as the teacher’s master. I am afraid I can’t talk together.”

Ye Yao hides the identity of the self-cultivator. Her master came over. She privately explained Yue Zhennan, the teacher, just used to call Master.

Her master’s cultivation is naturally higher than her, Yue Zhennan can’t see the depth, and she thinks her teacher is a master of academics.

However, for Yue Zhennan, all the guests on the scene, whether they are their relatives and elders, or other relatives with status, or Ye Yao’s relatives and elders, are not as heavy as Shen Lang!

Shen Lang is also a teacher and a friend of his family. He has also contributed to the prosperity of the Yue family and helped him through the difficulties several times.

He originally wanted to come over immediately, but he was accompanying his teacher with Ye Yao, so he didn't go away immediately.

Now that Ye Yao said this, he immediately came with them and introduced him with Shen Lang.

Ye Shiguang, who was originally with a sinking wave, looked at Ye Yao and they came over and couldn't help but squint.

Although he restrained everyone last night, he really took power in Yejia, but he did not expect that Ye Yao's despair was only at that time, and he had already figured it out overnight.

I don't know if her master had decided to come over to the wedding banquet, or to rescue the soldiers overnight. It arrived early this morning, and let Ye Shiguang be very passive.

Ye Yao's strength, he still can't resist, let alone her master?

They have closed the door to discuss what, Ye Shiguang is not known, but the guess is likely to be the trouble of today's wedding banquet!

At this moment, watching them come closer, Ye Shiguang decided to choose a team to stand, or else like Ye Long, the capricious hat fell on his head.

"Master Shen Lang, who is the master of Ye Yao, is said to be a master. It is likely to find you trouble. Of course, you will not care..."

He turned his back and quickly whispered with Shen Lang.

Half a year ago, he had seen Shen Lang's pressure on Fuyang's real people, so he didn't think that Ye Yao's master could do anything, but he still had to risk the offense of Master Ye Yao's master.

Ye Shiguang also knew that they were coming close, so after he finished, he took the initiative to go forward and talk to Yue Gang.

Yue Gang did not know the situation behind him. From time to time, there were guests who wanted to greet him. He did not hear and doubted. When he saw that his son had come, he also walked away.

His familiarity with Shen Lang is also limited. Every time he sees Shen Lang, he feels that the pressure is much greater. It is better to walk away.

"Lang brother is here!" Yue Zhennan excitedly greeted him and accelerated to come over.

Shen Lang looked at the past, it was the first time I saw Ye Yao, this simple woman, even after the warning of last night, it seems that I still don't give up, I want to find her master to take revenge!

But her master...

Followed by Ye Yao, looking at Shen Lang's eyes, is full of resentment!

At this moment, she did not want to endure it. Today, this marriage is not finished, and she has to make Shen Lang difficult. This kills the enemy! This is the enemy who killed and killed their Ye family for generations!

"Master, this is the person. You must help Xiaoyao..." Ye Yao said to her master with a grievance, and she cried directly.

Her master apparently had already been told by her, and she had to pretend that she had nothing in front of Yue Zhennan, waiting to wait for the waves.

But now that he came to the front, he did not seem to hear Ye Yao's words, but the tight face, suddenly loose, and piled up a smile.

“Hello! Hello! It turned out to be Master Shen... I haven’t seen you for a long time!”

Shen Lang just watched him come over. It is to see that this person is the master of the real world. It is indeed a master. In Pingxi, it is also the existence that all the self-cultivators look up to, but it is not worth mentioning in front of him.

Since this person is already in the real world, it is normal to know his name and recognize him. But shouldn’t you hear it first? Is it that Ye Yao did not elaborate on his name?

But now that this person actually said “long time no see”, it made him a little surprised.

“Have we seen it?” Shen Lang asked.

Yue Zhennan is also a bit curious, Shen Lang, but the university has not read, how can you know Ye Yao’s teacher?

Ye Yao also stayed because of Master’s reaction. Is he thinking that Master is really aware of Shen Lang, or does he want to deliberately pretend to attack?

Master Ye Yao is disregarding other people around him, still smiling.

“You are a big man, of course you won’t remember me. At that time, we had bought tickets for you at Qiangjialing. Later, if you were not a master of Shenyi, you might be trapped inside.” “”

As he said, Shen Lang understood that this was one of the sects who entered the Qiangjialing.

At that time, so many people bought tickets with him. When they came out, they also brought a lot of people out of the charge. If they didn’t really deal with it, they would remember this passerby.

“It turns out that.” Shen Lang nodded and looked at him and then looked at Ye Yao, who had changed his face.

“The little girl Ye Yao can be fortunate to be married to Yue Gongzi. It is really her creation. There was something disrespectful in the past. I still hope that Master Shen will not be surprised. We will certainly manage her well, and we will be good friends in the future.”

Originally, I wanted to come to the disciples, and of course he understood the grudges. Now I found out that it was Shen Lang, and I almost killed him in my heart.

Therefore, he did not care about playing a role in the face of Yue Zhennan. He directly expressed his position to Shen Lang in the name of Dai Yaoyao’s apology.

One side is Shen Lang, and the other is Ye Yao. Yue Zhennan is of course more sensitive. From the words of Master Ye Yao, it has already been suspected. Combined with Ye Yao today – especially the current reaction, and the shackles of Shen Lang in the morning, let him guess a few points.

“It’s not easy to get along with each other, look forward, and live well.”

Shen Lang’s faint comment, although he is a few years younger than Yuezhennan, this is like the embarrassment of an elder.

“It’s too right! It’s not easy to get acquainted with each other. You have to look forward and live well in the future.”

Master Ye Yao echoed a sentence and then looked at her again. “Have you heard?”

Ye Yao is biting her lip, she can cheer up, it is the arrival of Master. Thinking that there is always a way to recover, the first is to find revenge for Shen Lang today.

I didn’t expect Master to be so flattering about Shen Lang! Her uncle can also say that it is for the family, and Master is totally unreasonable!

This time, it is her real despair. Did not answer her master, turned and quickly left.)

Chapter 739 - The courage to survive

It's all about this. Yue Zhennan certainly couldn't help it. It took a little time. Shen Lang simply told him about the process, and Ye Yao's master, Ye Shiguang, also apologized to him.

Yue Zhennan's mood needless to say, naturally it has been affected, but things have already reached this point. Now all the relatives and friends, including his brother abroad, are back. If they are not married, Yue Ye and his family You will become a laughing stock!

They still put the problem on a very small scale, including Yue Gang, they are still unclear.

"Sorry! It was a day of great joy, because my relationship has become like this." Shen Lang is also a bit regrettable, this is not the result he wants.

Yuezheng, who had ordered a cigarette, smiled bitterly: "I didn't help you find out, I might be calculated, and I am tired of the entire Yue family."

"What do you plan to do?" This is already the case. Shen Lang did not have any nonsense and asked his decision directly.

Yue Zhennan took a breath: "Like yesterday, she is a suitable object for marriage. Now that she has no confidence and capital, she will continue to marry! Even if she still has the means of planning, she will show it later. Not coming out."

Looking at his exquisite mood, Shen Lang made a suggestion.

"I have another opinion. She was consciously conscious of all aspects than you, and I will eat you. But now it is different. She lost her family support and lost her support. She also lost. Basically, she is basically abolished. Basically, she has also lost her basics. It is equal to being abandoned."

"At this time, you don't care about the suspicion, and treat her as always, but can really get her heart. As for today's thorns, early pick and tear, but there will be no need in the future."

Yue Zhennan looked at him and thought about it in silence.

In the end, he paid the feelings for half a year. Although he was married at the right time, he also liked it because of appreciation.

Shen Lang said that there is also reason. If it is just to continue to take care of everyone's face, there will be no contradictions in the future. Now he has taken the initiative and the upper hand, maybe he can conquer her with a new attitude and attitude.

After a moment, he nodded and agreed to go to Ye Yao.

As for whether he can settle, Shen Lang is not worried. For women, Yue Zhennan certainly does not lack experience and means.

The masters of Ye Shiguang and Ye Yao are quite nervous. They worry that Ye Yao will let Yue Zhennan let the Yue family not come to Taiwan, and will let Shen Lang kill them.

Later, as he expected, Yue Zhennan did not know what method was used to get Ye Yao. It must be difficult to be treated as nothing, but they still hold the wedding.

This also made Yue Ye two people have a sigh of relief, the grievances of the past few years, so that they are too worried. Now that the Yue family is pressing the other, plus the marriage with Ye Family, at least the big problem is that there will be no, and they can help each other and win.

Shen Lang did not participate in their excessive links. After the wedding was over, he left, disappeared directly into everyone's field of vision and went back to visit his parents.

I stayed at home for one night, and I contacted Yuezhennan the next day. I decided to leave without any problems.

This time, Shen Lang returned directly to the Tianshan Mountains. On the road, he was invited by Qiao Shuyu to let him go to the Beihai Qiao family. This time, it was not just a guest invitation, but a slightly tweeted expression of important things to discuss.

What is the business of Joe's family? It is estimated that they were recognized by them last time, and there are plans to cooperate. Shen Lang has no interest for the time being.

All the way to the traffic, back to the Tianshan Jianzong.

After Shen Lang came back, he went directly to the Jiange Pavilion and learned that he was coming back. Chen Yuhe, Yang Yuansong and other elders, as well as the esteemed and praised, quickly rushed over.

In Jiange, Shen Lang saw the sacred and high separation. Under the nourishment of two restored dan and a lot of elixir, more than a month later, both of them have already woken up.

Although he is still far from the injury, he can wake up and be able to guide the healing.

In order to facilitate the care, they are placed in a room, with a dedicated disciple guarding, any changes, or what needs, immediately reported to the sovereign and elders.

When I saw the back of the waves, I was so high.

“Master, sorry... we didn’t hold the sword...”

“Master!” Sheng Sheng is also a little excited.

Although they have already waking up from their mouths and knowing the situation behind them, they know that Jianzong is not finished, but Shen Lang has killed the lord and gave them revenge. It is very embarrassing.

But when Shen Lang relied on them to hold the Tianshan Jianzong, they failed, but they still need to apologize to Shen Lang personally.

“You are not sorry for me, but I am hurting you.” Shen Lang sighed.

“no no.....”

“Okay, it’s all of you. Don’t say anything about these nonsense. Now what you need most is to heal your wounds. The swordsman still needs you to guard! In the future, you still have to break through the realm!”

In fact, the chest was nailed with a hole in the iron cone, and almost a few days of running out of blood, they are very desperate to wake up.

Shen Lang paid so many medicinal materials for them, and personally went to Nantian family to seek medicine. If this is not the case, they may give up. The persistence of this road is not for the sake of the individual.

But in general, they are not looking forward to the future, it is a state of pessimism.

Jianzong can't do without them, and Yan Zun and others have said it, but it is not useful to them. This is already the case, but also talk about guardian swords?

In the future, it is also the same as the deity. They only broke through to the peak of the real world this year. When they think of becoming a waste, it is a huge gap.

But now the same words from the mouth of Shen Lang said, but also said that they will be able to break through the realm of the future, immediately gave two people unlimited power!

Master has been making miracles all the time. Since he has said so, there must be opportunities.

Shen Lang nodded secretly. When he came back, he felt the two people's lifelessness. In their eyes, they did not see fighting spirit!

He even suspected that the two of them were waiting for him to come back, apologizing to him, and then wished, and then gave up the death of treatment.

So what he just said is not only the motivation of the language, but also his personal influence, or the use of mental power, which has an impact on their consciousness, let them recognize this, this is the band Come to obvious effects and strength.

After that, Shen Lang took a little bit of iron from the red dragon, and gave them two clothes, let them refine the blood, and let them help them heal.

After letting them have specific goals, Shen Lang came out of the room and saw everyone waiting outside.)!!

Chapter 740 - Do not love

After seeing everyone, Shen Lang nodded and sat down with the room next door.

“The two elders have recovered very well. It is only a matter of time. It is a long-term failure of all of us to practice. It is not a problem for a year and a half. After the restoration, it is a hero.”

When Shen Lang’s words, everyone was encouraged.

Because in addition to Shen Lang, Gao Li and Qi Sheng, the Tianshan Jianzong is the strongest and the two highest. For their injuries, Chen Yuhe and Yang Yuansong did not grasp them. Zheng Yumeng Dorothy could not judge.

So even if they wake up, but in the absence of visible recovery speed, everyone is still very worried.

The words of Shen Lang are not only for everyone to listen to, but also to make everyone feel at ease, but also intend to let the next door and the high to hear.

Just now is the positive encouragement. This is the side that allows them to hear the “discussions” behind them. Only then will they understand that Shen Lang is not a good word to comfort them.

After the simple review, Shen Lang did not say much about their situation, lest everyone worry that the situation is not good.

He asked about this change for more than a month, and he personally reported to him.

Tianshan Jianzong worked hard together and brought a reconstruction to Jianzong. In fact, in addition to the destruction of the sword altar, the destruction of other places is not large, after all, the master league is all above the real world, how can it not be like a punk.

This time, in addition to rebuilding the sword altar, it also rebuilt some of the reconstructions that had been done before. Overall, the effect is much more.

For the altar of the sword, Shen Lang is not required to be indifferent, nor does it know whether it has reached this level.

In addition to reconstruction, after half a month, Jianzong began to deal with some of the visits.

Some of those who came to visit were those who had previously had friendship with the elders or elders, or who had had friendship with the Tianshan Jianzong. They all expressed their condolences and visits and sent some gifts.

The value of the gift is of course somewhat, and there is no need for them to visit anything, like the high-sex-sacred two, who will not let them see.

In general, it is a signal. After the outside world determined that the lord was killed by Shen Lang, he realized that the development of Tianshan Jianzong will inevitably fly to the sky, so he took the initiative to make a good relationship.

In other respects, there is nothing big about it. For Shen Lang to come back to Nantian Family for a month before returning, is there any major mistake that has happened, and Yan Zun does not dare to ask.

Shen Lang then asked about their respective cultivation. Although other elders did not call him a master, they could help them improve, and Shen Lang was happy.

After a simple meeting, they left, and Shen Lang returned to the room where he lived with Dorothy and Zheng Yumeng.

This month, the two of them also lived in the Tianshan Jianzong, and they respected them. They were also respectful and well-organized. They were arranged in all aspects, and they were not allowed to approach the male disciples in order to avoid any inconvenience.

“Are you okay?”

Before they were inconvenient to interject, waiting for Shen Lang to discuss the business with them. Now back in private, Dorothy hastened to ask.

“What can I do?” Shen Lang smiled, although it was in the Tianshan Jianzong, but also waved a layer of sound insulation.

“I and the two old men of Nantian family, the grandfather of Nanyiye, went to a place, the secret of their guardian. In short, it is a portal, like we went to the dead forest, to another space, in It took a while to come back.”

They all followed thousands of caves and went to the death forest. Dorothy even went to the river city, so when I heard this, I was relieved.

“We still think that the Nantian family is greedy for too many treasures on your body, shutting you up and searching for it.” Zheng Yumeng smiled.

Shen Lang is a bit sweaty: “The more people with heads and faces, the more they will pay attention to the principles. Just like the original Ximen Feng and Yu Wen Pa, it is very obvious. To Tang Banshan, he will find various excuses, including deliberately catching the wind. No Ji forced us to take the shot. Nantian family is a family that has been passed down for thousands of years, and more concerned about reputation.”

The two of them don't know much about this aspect, but they have to pay attention to it, but they all understand it. After all, they are also family members with identity.

Shen Lang said a bit, he went to Jingyang City, just saved the wind.

I heard that both of them are angry, although it is not too deep to be in a relationship with the wind, but since it is a person who helps the Shenlang, that is, oneself, and all women, being bullied by a martial art, it is easy for them to feel the same. .

Then he said that he went back to Pingxi. Zheng Yumeng knew Yuezhengnan for a few years. He knew that he was married and happy for him, but there were such problems behind him, which made her a little embarrassed.

This world is like this, there is pure and innocent feelings, but it may be more of a marriage full of calculations. It is the most common “blind date”, and various factors are directly put out in various conditions. When the two sides feel comfortable, they get married together.

Thinking of this, Zheng Yumeng, who is not deeply involved in the world, feels that he is lucky, and he is also determined to follow Shen Lang's heart and not to consider the concept of secularism.

Shen Lang's experience this month is quite a lot. The situation in Bihaihuan's side is because it involves the secrets of the Nantian family, and he didn't say much to them, and he did not say anything about going to bed with the wind. .

The two of them are simple. They have been here all the time. In addition to helping Shen Lang to look at the high two, it is time to practice.

Then Shen Lang made an arrangement to let the two of them go back to Pingxi first.

On the one hand, he can take care of him and accompany his parents at close range, and he will return when the New Year is over.

On the other hand, it is a reassuring practice of peace of mind. When you go to the sea of innocence in March, you may bring them.

The aura of Tianshan Jianzong is certainly better than the city of Pingxi, but to this extent, this difference is complemented by a spiritual stone.

Both of them obeyed the promise said that they will go down tomorrow.

The second point is to say it. In fact, Shen Lang is in my heart, I want to let them squat low-key!

This is the influence brought by the wind and no Ji, the wind is not involved with him, and they are not both deep, they are all stared by the ancestors of Shuiyue Dongtian. Who knows if there are any other old monsters watching?

So in the next period of time, Shen Lang will have a high profile, and they will hide.

As for the return to the sea, can you take them, or two, it is not safe!

“Right, Dorothy, what’s the situation on your side? We used to kill a few things in Haishan. How many years will they not treat your family?”

In addition to the few killed, it is more likely that the bat will be the son of Scott, when the waves are ruining his hands, and finally he swears to swear by the waves.

Will the president of the bat club be willing?)!!
