Chapter 88 - Offering spirit stone

The process of just eating seems to be a simple guest set, but for a person like Yue Gang, it is possible to know a lot of information through the information of only a few words, and then combine the previous information, already has a relatively stereoscopic effect on Shen Lang. To understanding.

The arrogant Mo Qi, the attitude in front of Shen Lang, is also a very important piece of information. Mo Qi is the master of Yuejia's offering. Before that, he was also unhappy with Shen Lang. It was impossible to help Shen Lang play the sedan. This attitude shows that after deep thinking, he has already understood that the strength of Shen Lang is far above him!

“Mr. Shen, I will not give you a circle. I have come here today. There are two purposes. One has just said that I am thanking you. Although it is a reciprocal transaction, it is really important to us. Another one, I believe Your wisdom has also been guessed, just for the town of South.”

When it comes to business, not only is Yue Gang serious, but Yue Zhennan is also seriously watching Shen Lang.

“Say! What is your decision.” Shen Lang nodded. He hoped to finish the business earlier, too lazy to cope with the customer.

“Do you have a certain degree of control? If not, what are the side effects?”

Yue Gang asked very directly and said his concerns. After saying it, I opened a joke and said, “Although I have more than one son, I don't want Zhennan to become a fool. Haha...”

Shen Lang didn't smile, staring at his eyes: “If you don't have confidence in me, you don't need to talk about it. I see him quite obsessed and want to help him.”

“No, no, Langge, my dad doesn't have confidence in you. He just loves me too much. I am afraid that I personally made mistakes in the process of cultivation.” Yue Zhennan was busy playing round.

Yue Gang noodles with a smile, gently rubbed his face with his fingers: "If you can't say that, even if you trade an item, you need to be honest. Other things, we can find someone to prove, but this can not be verified, as Father, I have to consider the worst possible."

Hearing that he emphasized "as a father", Shen Lang's attitude was friendly.

Now basically it can be confirmed that although the Yue family said that the father is still alive, it is also a big banner, but the real principal is Yue Gang. If Yue Gang is questioned in this capacity, it represents power, and Shen Lang is too lazy to care for him.

Being a father is not the same. Let him think of his current parents. It represents family.

"I shot, ten percent grasped. There will be no misses, no accidents."

The sound of Shen Lang is not big, but there is a trace of pride, it is full of confidence.

This said, let Yue Zhennan a little excited, Yue Gang is also a bright spot. Although he wants to put the ugly words ahead, of course he hopes to hear a good news.

In fact, before they came, this is nearly a week, and it has been repeatedly thought and discussed. There is also a bottom line. If you can reach 70% of the grasp, just fight. Also see side effects, if the side effects are not big, 50% can also beat.

Now Shen Lang directly said that there is a 10% grasp, so he is of course very satisfied.

"However, there will still be one side effect." Shen Lang added a sentence.

"What is it?" Not waiting for Yue Gang, Yue Zhennan has quickly asked.

"Once you succeed, you will embark on the road of comprehension. Even if your goal is not long-term, just hope to be better than ordinary people, you can bless the family and need a lot of resources!"

Shen Lang and Yue Zhennan finished, and looked at Yue Gang: “To become a self-cultivator, you can not only achieve hard work and hard work, but also need talent, need a skill, need a teacher to point, and need resources to pile up! ”

It turned out to be this side effect, and Yue Gang and his son were relieved.

“You can rest assured that we are prepared for this. If we want to support a large number of people, we can’t do it; but if it’s just Zhennan, there is no problem at all. Our family is willing to back it up for him.” said laughingly.

Shen Lang faintly smiled: “You are now the owner of the Yue family master? So you have this confidence. If you fell, can you support other homeowners?”

“This...” Yue Gang was a bit awkward and even frowned.

It is uncomfortable to listen to him when he says that he is down, even if it is a “just in case” hypothesis.

“Or to say that if Yue Zhennan needs to take up a lot of resources, your brothers and uncles feel that they are losing money, and use this as a reason to remove your sovereignty?” Shen Lang asked again.

Yue Gang was silent for a while, then smiled bitterly: “I really didn’t think about this... We have discussed it in the meeting. Maybe everyone’s support now is that I feel unsure. Give me a smooth ride! What will you say in the future? , it is possible to happen.”

He paused and took a deep breath: “But I can guarantee that this home, I can still be worth it! Some people may have opinions, but more people will support it. Because... this is not just The obsession of Zhennan is also the obsession of everyone!”

Shen Lang gently applauded: “Very good, since Mr. Yue has this discouragement, then there is a basis for further discussion.”

Yue Gang just smiled a bit, but did not expect a few words of Shen Lang, he took the initiative in his hands, and even the situation of Yue Jia was analyzed. This is not to test the Shen Lang, but to become a test of how much support he has!

“Zhennan.”

As he greeted him, Yue Zhennan quickly took a box that had already been prepared and opened it in front of Shen Lang.

Shen Lang looked inside with three Lingshi.

“Lang brother, the last time you told me, I responded to the family.” Yue Zhennan smiled a little embarrassedly: “I still don’t know enough, I thought it was just a rare stone like jade and jade. Think of it so rare.”

Yue Gang pays attention to the expression of Shen Lang. Seeing that he saw the three Lingshi still very calm, his heart secretly surprised.

He also kept his look: “This is the sincerity of our Yue family I hope Mr. Shen laughs. After the success, we still have a lot of thanks!”

The three Lingshi are the temptations after repeated negotiations. If Shen Lang lacks this Lingshi, the three will be satisfied. That is good, directly said that the greatest sincerity of the Yue family was taken out at one time.

Now I don’t see any reaction to Shen Lang, which means that the weight is not too big. It can only be added with a “thank you”.

He did not know that Shen Lang had the memory and heart of his previous life. It was not as simple as the boy in his eyes. Not to mention that it was only three spiritual stones. Even if he took out a hundred Lingshi, he was surprised and could still be quiet.

Yuejia can take out three Lingshi at a time to make a deposit. Shenlang is actually a little unexpected. From this point of view, it shows that the foundation of Yuejia may not be worse than Ye Shiguang’s Ye Family!

To know that Ye Shiguang is the super-martial warrior of Jiu Duan, Ye Fan, who is younger than Mo Qi, is also a seven-segment, and he also has a clear comprehension. And Yue Jia seems to be only a big family in the world, the giants of Pingxi.

Now it seems that Yue Jiazuo is also widened! No wonder it is more than the obsession of Yue Zhennan.
