

First Strong 881

Chapter 881 - Firm misunderstanding

This reason sounds very sloppy, but Shen Lang thinks it should be the biggest possibility.

It was completely understandable that a few of the people who came yesterday were small roles and wanted to take advantage of his interests. But now the ten that come today, especially these three, are very strong.

This shows that the “organizer” is really making great efforts. And if it is only a hundred fine stones, for them, the big sects of the Tangcheng family should not be as ugly as they are.

The platform was just too easy to be, and their reaction was strange.

According to normal, the same door of the Tang Dynasty generation, everyone is a face-and-faced figure, it should be to ask what is the Shenlang and Qiulin swords, if necessary, give a face, or what way Qiu Lin Jianzong will compensate.

However, their reaction is to say that it is easy to “crawl”, “calculate” and “individually swallow”!

And this “thing” that was swallowed up and snatched was actually Shen Lang.

What place does he have to be worth fighting for?

I don't want to think about it, but for the spiritual stone, but yesterday, today, the organizer – or the big man behind it, got the speech from the people I heard yesterday. Studying this content, I found the value of Shen Lang.

Therefore, today, with the momentum that is inevitable, I will come and arrest Shen Lang.

As for why it feels like this value, it is not difficult to understand the combination of the sea and the cold world.

The knowledge used in his speech is from the experience of the previous world. This is from the China of the Earth. And here in the Han Dynasty, the real world can be regarded as homologous, but there are differences.

Because of the Han Dynasty in this country, different sects come from different ages, including many indigenous comprehensions who annexed and coexisted. The integration of thousands of years will naturally make a difference.

And it is easy to find out that Shen Lang is not a martial art of Han Dynasty. The major families behind the organizers work together and naturally can also find out.

This sloshing out of thin air, since it is not in the Han Dynasty, there are no more than two external ways: through space cracks from other worlds, from other countries far away from the Han Kingdom.

At the beginning, Yuxianmen raised the “people”, so that Shen Lang had an illusion, as if the door of space was everywhere, this more advanced self-cultivation civilization can enter the chaotic space at any time.

It is only after the contact with “outsiders” in Tangcheng that there are two space cracks within the scope of the control. It should be uniquely endowed, and it may be unique in the Kingdom of China.

Even the crack in the space at the waterfall, Yuxianmen may not know!

And with the cold death of their generation of extraterrestrial aliens in the cold autumn, other sects who are usually separated from each other may not know much.

As far as the earth is concerned, it has been a matter of hundreds of years ago. The entry of other occasional low-level civilizations has been directly drained by Yuxianmen and will not spread to the entire vast Han Dynasty.

Therefore, on the whole, for those who have a seemingly “higher level of comprehension theory”, what is associated with it is naturally the comprehension of other countries.

The world is too big, and the outside is too dangerous. It is very dangerous to go out of the Han Kingdom and search for resources or exercises.

Now that there are outsiders coming to Tangcheng, they have made up their minds, directly arrested people, put them under house arrest, and squeezed out the information on the exercises in their minds.

It is easy to stand on behalf of Qiu Lin Jian Zong, and in their view, Qiu Lin Jianzong also got the news, and used another means to swallow.

When Shen Lang's words came out, their faces changed slightly, and they were easy to figure out.

But other people who look at the excitement feel incredible.

Is this Shen Lang also confident and narcissistic?

Even if you are a little capable, you can deceive everyone to pay to listen, and attract small families and small sects who are mainly from the outside world. The famous schools in Tangcheng are disdainful.

As for the need to act together, take your hand and squeeze it?

The amnesty behind the organizers, since they will use the name of the private forum to catch the waves, naturally do not want to disclose the secret.

After all, people are mixed, and once they are made public, the secret is not easy to block.

If Shen Lang comes from a stronger country, naturally there is a stronger distribution. After disappearing, people may find it.

When you find the Han Dynasty, if you hear about it from which martial art, they will have a problem.

If it was just an excuse for the pulpit, then the news was released, and the illegal proceeds were delivered. After recognizing the mistakes, they paid a speech fee and put the people away.

The outsiders have no acquaintances, disappeared and never seen, and no one doubts. More importantly, there will be no clues and motivations!

At this moment, Shen Lang kicked the purpose, and the three of them immediately glanced at each other, and immediately had a tacit idea – you must take people away before everyone thinks and believes!

Also find ways to eliminate adverse effects.

In the end, it was hard to fight hard in the tough front. Under the shock, they did not hold back, but they were more cautious to pay attention to their reactions.

When they saw their eye contact, they immediately calculated that they had to do it.

“You! I once again declare that Master Shen Lang is the guest of our Qiu Lin Jianzong, that is, our lord is also respectful and addictive, don’t let me do it!”

He still hesitated, did not say the identity of Gao Hanqiu.

Because the high ancestor is secret inside the Jianzong, unlike the great popularity of Lin Zushi, and emphasizes the ancestors, others will feel that it is bragging, how could the ancestors of a few hundred years ago still alive?

How could it be that a young outsider who looks like more than twenty years will be a friend of his grandfather hundreds of years ago?

That will only make everyone feel that he is lying, and then think that Qiu Lin Jianzong wants to monopolize the waves.

But he said this now, but they made the three more determined!

Mou Feiliu, the patriarch of Qiulin’s swordsmanship, is a mysterious old predecessor Even he came out of this young man’s law-protection platform. Doesn’t it prove that he has extraordinary value?

“All the unrelated people, please go out first, or else you are tired, but it is no wonder!”

The man who always spoke on behalf of the organizer also understood the minds of the three of them and immediately said aloud.

He will say this in advance, not really worried about the innocent crowds, but to create chaos!

Although there is only one person, but as the general manager in charge of tenure for decades, met countless local high-flyers, the signboard of the tough front has always been very stable, never been stepped on!

And if it is not Tangcheng, the average person does not know that the back of the tough front is the Qiulin sword!

In other words, it is easy to be one-of-a-kind, and it will be able to stay in trouble for decades and find trouble in the tough front.

In order to be more secure, he needs to create chaos on the scene.

Chapter 882 - war!

The effect of his sentence is very good. Whether it is the staff of the inn or the other people watching the scene, they have to run fast!

The innkeepers are because they are originally here, and they are afraid to endure. But now I have to do it directly, but I can't stay any longer. These are really **** fights, and the entire inn will be removed directly.

Others who watched the excitement were when the three elders of Huang played their strengths and began to feel the situation escalated.

Until now, the general manager of the Tingfeng is easy to do, and when Qiu Lin Jianzong wants to be with the organizers, he is ready for the flash.

Now that person is saying a word, everyone will leave the scene quickly, so as not to be late and will be caught in the pool.

But inside the inn hall, the center was let out, everyone was crowded around, and then the outside was crowded with people, and now suddenly running together, it was a mess.

Putting the lords out, still did not shake them, so that it is not easy to calm down, he is stronger than the Huang elders, but it is difficult to support!

Now there are ten people from the organizers. If they are three, they will be able to entangle him. The rest of the people, can Shen Lang be able to cope with it?

He is not clear about the inside story, but the strength of Shen Lang is very clear. It is not bad to be able to cope with one. The other strength does not see the depth, the girl will definitely become a burden.

“You old friends! Wouldn’t it be really hands-on?”

It is easy to stop in front of Shen Lang. If they really want to do it, he must first stop the three strongest ones, and have the opportunity to let Shen Lang leave, as long as he goes to Qiulin. It is.

The ten people from the organizers obviously have already negotiated the total before the arrival, and there is a clear division of labor.

For example, one of them is a sharp-eyed mouth, and the verbal words occupy the truth. The three elders of Huang are used to deal with Xu Yuyue. When Xu Yuyue is absent, they will directly count the Count of Dracula.

The one who is talking now is already the command to attack, so that all of them are ready.

At this moment, the hall was confusing, and the three strongest ones, which did not answer the words of the past, directly and quickly surrounded the past, and wanted to entangle them.

The one who spoke, and the other six people, all launched an attack against Shen Lang!

The thief first smashed the king!

Judging from the situation they have heard, Shen Lang seems to be the backbone of several of them. Even the strongest one is obeying the arrangement of Shen Lang and actually supervising the ticket sales.

As long as they took down the waves, others would vote for them. And their goal is to sink the waves, it doesn't matter if others don't catch it.

So at this moment, they directly ignored the Count of Dracula and the canoe, and there were three people who were the strongest entangled in the easy, and the seven of them could definitely take the Shenlang!

Their attempts and arrangements, after thinking about their purpose, Shen Lang has already seen through!

Realizing that three people, such as Huang Elder, should be based on the ease of restraint, Shen Lang will not take the initiative to challenge the difficulty, but focus on greeting the other seven people.

He also discovered that among the seven people, three of them were in the late stage of the transformation of the gods, and the other four were in the middle of the realm.

This lineup, both in terms of the size of the people and the realm, is far better than the few that came yesterday.

They are right for him, this is a must!

If there is Xu Haoyue here, Shen Lang's qi will be sufficient. Xu Haoyue and Count Dracula do not need to be easy, and they can crush ten of them.

Nowadays, it is not very strong, but the gap from Xu Yuyue is still very big, and they are involved by three of them.

The exact effect of Count Dracula can be exerted, and the Shen Lang is not sure, and it is not bad to be able to protect himself.

The best plan at the moment is that he quickly got out and left, flying directly to Qiulin, and before the other party intercepted, he rushed to report. That doesn't require a cold autumn shot, Xu Haoyue and Mo Feiliu are enough to hold everything.

But the problem is...

Shen Lang is also dignified!

Even if the two worlds are human beings, they have already been a young man again, but it is still a bit confusing to let the former younger brothers shelter.

Just as his strength was still in the realm of the real world, when he faced the strong enemy, he did not ask Xu Haoyue to go back and help, or kill himself.

The same is true now. Of course, he will not be arrogant and think that he can still compete with Xu Haoyue and Gao Hanqiu. After all, he has only been practicing for a few years, and they are hundreds of years. But at least still have to prove that he still has a sharp edge!

He has always been like this. When the strengths are very different, try to take advantage of the situation and protect yourself. When you have certain certainty, you must try your best!

Since others have regarded him as "Tang Tang Meat", Shen Lang is certainly not polite.

When he is easy to open and stop in front of him, he has already taken the lead in a quicker step!

Three people, such as Yi Yongyong, Huang Elder, and seven other people, as well as Shen Lang, almost all of them shot at the same time. At first glance, there is no difference.

But for those of them who are at least in the middle of the middle of the real world, it is a great advantage!

Shen Lang not only seized the faint opportunity, but the speed exceeded the imagination of all of them.

The chaos at the moment is intended to interfere with the ease and convenience of them, but in fact it has become the advantage of Shen Lang!

What appeared in his hand was the Juyue Sword, the heavy blade, with a fierce sword, and directly tore the crack in the ground, and quickly rushed to the seven of them!

With so many goals, you only need to be fast enough and you don't need to aim.

However, the strength of these seven people is also strong enough, the response is very fast, and the speed is also very fast. The attack of Juyuejian's big battle makes them easily avoid.

But no one thought that the domineering sword is easy to avoid, but the whole person seems to be rigid in an instant!

At that moment, it seems that there is something that goes directly into their body, and instantly makes the whole body smashed in half!

鑒月針!

The used by Shenlang is not the technique of "eight-needle". Although it is extremely overbearing, it has a huge additive amplification effect, but it is also very big.

He is now facing one of the seven goals. What is needed is not to kill one or two, but to try to defeat all seven!

Therefore, just a huge sword is just a bright attack that attracts the eye. It is also a cover for the intentional big battle. The real attack is the secret of the secret attack.

He is not only secretly attacking, but also the target is not directed at the head, the heart, etc. will be sharply protected, but not the key, but also the boots to protect the feet!

When the lunar needle hits the foot, it quickly goes upstream along the bones, directly from the calf to the thigh, and then to the waist, quickly destroying it!

Although everyone is only a leg in the stroke, but the controlled Yueyue needle, the fast and powerful destructive force, instantly let their half body suffered, immediately under high-speed movement, immediately smashed up.

Chapter 883 - Kill the top 7

Shen Lang's hands have not stopped, and of course the steps have not stopped!

Although distracted to control the lunar needle, his speed is still very fast, and the attack of seven of them on him has not played a role at all. At the moment they are jealous, Juyue Sword has been close to smashing it!

“what—!”

One of the mid-levels of the realm of the gods, too late to dodge, was directly cut off by the waves and became two!

“Rage daring!”

The old man of Nangong saw this scene and couldn't help but scream.

However, when his voice was just coming out, Shen Lang had already slashed his sword and cut off another leg in the late stage of the gods!

So two swords, have directly subdued two people, and their lunar needles, under their heavy losses, directly burst from the waist to the heart, and then cracked muscles!

Two people with broken heart, killed on the spot!

Shen Lang is only distracted to control the lunar needle, with his strong mental strength, this is no problem at all, he is still attacking quickly.

The Count of Dracula, already like a ghost, has directly killed two of the strongest shackles, and sucked the blood!

The canoe was only a little slower. The brand-new Nebula chain, with a cold scent, locked one of the necks from the back, and actually strangled a middle-aged god!

Although the main reason is that Shen Lang used the lunar needle to make those people have been greatly affected in a short time, giving the opportunity to lose the boat. But she has not yet reached the level of the gods, even if the weapon is good, can complete the leapfrog, mainly because of her fighting experience in the past six months, seized the fleeting opportunity.

From the dead forest to the Hundred Ghosts attacking the Ice Palace, it is the experience that has been honed between life and death.

And the Tangcheng factions have been peaceful for too long!

Originally, the vast and sparsely populated resources are abundant, and a small family of small sects can live very well, not to mention the big school of Tangcheng. It has been a long time since there was no large-scale battle, so it will only be set up in the group to start the competition.

However, whether it is the practice of one's own people or the actual combat of the competition, it is impossible to compare with the experience of life and death.

Even the canoe can grasp the opportunity to make a breakthrough, compared with the smashing waves that are all the way out, they are simply the flowers in the greenhouse.

“stop!”

The two surnamed Nangong and surnamed Ma are also screaming.

But it is too late, and the giant Yue sword of Shen Lang has continued to cut the remaining two!

At this point, Shen Lang killed four, Count Dracula sucked two, and the canoe also strangled one.

They thought that they were entangled in the easy-to-follow, and the other seven people shot together, and they were sure to control the Shenlang before the Count Dracula came over to help.

I didn't expect it to be in the blink of an eye, let alone catch it, and seven people were killed!

Not only are they three people, but they are also completely shocked.

The battle of the four of them, of course, there is no life and death, and it is easy to want to entangle them three and give the opportunity to escape. So their attack has only just begun, but now no one needs to speak, and both sides naturally stop.

Shen Lang actually defeated seven people with one enemy and seven, and killed four in person.

And his two friends are also unambiguous, one bite like a monster, and even the young girl with low strength has killed one.

Everyone ran wildly, or ran to the inner courtyard, but the door was only so big, and the chaos was crowded. The back did not run out. I saw that for a moment, Shen Lang, they put the seven masters of the organizers. Killed!

This makes them all scared!

Originally fleeing from the scene, I was afraid that I would be given the fish and the fish too early. Now I am afraid of revenge! Because most of them are coming to gloating, waiting to see the bad luck.

Such a scene also made it easy for you to be shocked and then got up.

Seven!

The organizers are all composed of sects and families with a face in Tangcheng. They killed seven, which is basically equivalent to offending seven!

Although they are not as strong as the other three in front of them, the level is not low, and this is not only a human problem, but also a disregard and challenge to all the family sects that make up the “organizer.”

Qiulin Jianzong can stand out for Shenlang, but that is because it still occupies reason. As it is now, Shen Lang has killed so many people, that is, the sovereign, the ancestors, and there is no good excuse.

If you don’t take care of it, then you lose your justice and you will be despised by everyone.

I don’t want to give myself a few slaps!

Just after carrying out the name of the sovereign, they couldn’t hold them back. They should immediately take the Shenlang fly away from the scene, save people, evaluate, and wait for the sovereign to come back.

Now things have gotten out of the way!

“I will tell you that everyone who wants to kill me is killed by me!”

Shen Lang looked coldly at Huang Elder and Mu, Nangong.

“I advise you to leap on the cliff, come and provoke Laozi, and prepare your martial art family to be killed!”

The three of them now look very ugly, and in their capacity, they are scolded away like this, of course, they are very lost.

But if you don’t go, can you still have a chance of winning?

It is easy to be able to entangle them with one enemy and three, and with them, it becomes dangerous for them to become three.

Just as Shen Lang showed his strength that is completely inconsistent with his superficial and age, and the monster who is still bloody, is even more surprised.

“Easy General Manager! You saw it with your own eyes, I don’t know what other name Qiu Lin Jianzong has to protect him!”

“This is no longer a benefit, but a big worry in the country of China. We must unite and kill it! Otherwise, the consequences will be disastrous!”

They did not choose to argue with Shen Lang but to put pressure on the easy.

Geographically speaking, Qiu Lin Jianzong is also the sect of Tang Cheng. From the camp, Qiu Lin Jianzong is a big name, not a side door.

I don’t expect Qiu Lin Jianzong to help the Shen Lang to hand over the punishment, at least not let them affect everyone’s play.

After all, Qiu Lin Jianzong still let them taboo.

“I have advised you earlier. Master Shen Lang is a senior of the predecessors. You have to make a bad name to find trouble...” I don’t want to be very helpless, but this time I can only sigh and sigh, I dare not pour oil on the flame.

The three old guys are all fine people. It is easy to use the “predecessors” to make them more vigilant. Is this young man a very high score?

The “generational” that can get the hand, naturally shows that he has a strong teacher backstage!

Think about it too. If you don’t have a strong teacher, how can you be able to speak in a simple way at a young age?

Chapter 884 - People don’t commit me, I don’t commit people.

The atmosphere at the scene was in a state of tension and embarrassment, and none of them knew how to make a statement.

If you want to continue to do so, to the enthusiasm of a few people in Shenlang, then they must also be desperate, so easy and unnecessarily must be desperate, the final result is difficult to say, it is best to lose both.

If you don't continue to do it, the seven people you saw will die in front of you. Can they still lift the vote in the future?

They are all characters in their 100s. If they are ordinary people, they know that they have long lived, and they naturally look down on life and death.

But for this level of comprehension, it is not a miracle that there is no accident, no cultivation, no survival, and a hundred years of living. Continue to cultivate and reach a higher level, Shouyuan can increase, Shouyuan increases, the possibility of the future is even greater!

Therefore, for them, the older you cherish life, the more popular, the more afraid of death!

Death is nothing, but after a hundred years of hard work and destruction, what is it unwilling?

In the one or two seconds of the deadlock in the scene, the three masters with strong mental strength have all analyzed the situation quickly.

They are more willing to live better than both.

There is everything to live!

Including the truth here today, only live to be able to spread out, in order to spread out according to their meaning.

“Good! Since the autumn forest swordsman has ironed his heart to protect him...hehe!”

Huang Elder said a scene, the key to the problem was tied to the “Qiu Lin Jian Zong Li Bao”, and then sneered and angered.

The surname Nangong and the surnamed shepherd shook her head and followed.

“stop!”

Shen Lang was screaming.

It's easy to be a little relieved, and the three of them are only temporarily soft, and they will inevitably look for the Qiu Lin Jianzong confrontation.

But no matter what, at least Shen Lang is safe at the moment. After the problem, there will be a lord, and Shen Lang will not have an accident in his hand.

But when others saw that others had withdrawn, Shen Lang actually stunned and stood still!

This made him clench his fists. Isn't this a provocation? Brother, do you have this strength?

The two surnames and the surname Nangong are also angry looking back.

They left this way, it was already weak, and it was leaving dingy. What else do you want? Are you really bullying that they dare not do it?

“Take them away, or else. My friends don't mind sucking their blood, even though they are dead.”

Two of the seven men have been sucked up by Count Dracula. The remaining five are dead, and they are also wasted. Whether it is to let the Count of Dracula absorb blood, or to refine the Batian Tower, it will be of no value for a long time.

However, considering that these are the beginnings of Tangcheng, they must die to see the corpse, and he can't really refine.

Listening to the words of Shen Lang, the two people in Nangong felt very awkward, and they saw that they had been killed, and they still had to stay to collect the body. There is no face!

But looking at the appearance of the two corpses, they still hold back.

Anyway, now take everyone's body back, there are two dry corpse comparisons, can also explain the value of their three retreats, it is to protect the body of other people's humiliation.

Their speed was very fast, and all the bodies were immediately taken into storage space, and they quickly left.

Just rushing out from here, in fact, did not go far, whether it is outside the door or in the courtyard, can be observed at close range, and can be evacuated at any time.

For the war situation inside, I am also very concerned about it. I didn't see anything first.

Looking at the three elders of Huang, they flew away, and the people who came out later began to talk about the situation they just saw, so that everyone knows that the outcome has been divided.

Shen Lang actually killed the seven masters who came together with the co-organizers, and was forced back by the strongest three!

The news is so explosive that they all have the urge to spread and spread immediately. If it is a world with a network, it is sure that the photo group will be sent out immediately.

Moreover, the sizzling spurs of Shen Lang also made them gloating, and did not dare to stay, and quickly left the scene to say.

In the hundreds of bustling monks who left, the innkeeper and the staff were shivering back.

At this time, Shen Lang had already said to Count Dracula and the canoe, let them pack things and go to Qiulin.

For the innkeeper, Shen Lang also gave him a few medium Lingshi. For ordinary people who use coins, the money that can be exchanged is enough to make up for the loss of the entire inn.

As for whether they are running fast, or risking to continue to operate here, Shen Lang will not care.

“Master Shen Lang, you just got a little impulsive, hehe... as long as you don’t kill, you have to talk about everything.”

Walking into the empty inner court, I can’t help but complain.

Shen Lang faintly said: “I don’t commit crimes, people don’t commit crimes.”

It’s easy to secretly smile, even if you offend you, you don’t want to kill!

“Which decision, what action, there will be a corresponding price. Since they are trying to gain high, they have to bear high risks. If I am caught by them, do you think that selling your face can save me?”

Shen Lang’s impression of him is still ok. After all, for the first time, he will save 30 nebula’s nebula chains. When they waited for the canoe to clean up, there was nothing left and right, and they said a few more words.

Easy to be silent.

Shen Lang’s questioning, he could not answer.

Judging from the situation on the scene today, a few of them, apparently misunderstood the Qiulin swords, and felt that they were extracting value from Master Shen Lang by means of inducement.

If they don't pick up their hands, they will slap the master of Shen Lang!

Once they have taken people away, don't say that his face doesn't work, and the face of the lord doesn't necessarily work—just tried. When they add together, they don't have to give Qiu Lin Jianzong face.

Master Shen Lang can let the ancestors who did not know how many years have not appeared before the return of the home. It can be seen that the face is arrogant, it is the sovereign, but also must fight in the end.

If you want to fight after all, now at least a few of them have the upper hand.

As for public opinion...

People are united in many ways, and no matter what the situation, they will be arranged to be promoted as they occupy the rationale.

“The master is right. Since it is an irreconcilable enemy, the shot will be shot!”

Although he is also an era of peace in life, Tang City has only a small friction, no martial art war. But in the decades of the tough front, there are a lot of troublemakers and guests who fight each other.

These experiences make it easier for the other people in Tangcheng, whether in combat experience or decision-making.

Now that I have figured it out, I haven't gotten a big entanglement, but I'm starting to figure out how to deal with the troubles of the next parties to find the door.

Chapter 885 - Open big secret

The Canoe and the Count of Dracula did not have much to clean up, and they soon came out.

When they left, the VIP Building Inn was still empty and ran away. No one dared to stay.

The two of them did not ask where to go, completely obey the arrangement of Shen Lang, and they can see that Shen Lang was originally going to pick them up, not because of fear of the enemy's escape.

It is easy to bring them back to Qiu Lin Jianzong, this time not in the middle of the mountain, but directly to the top of the mountain, falling in front of the sword building.

It is natural for people to ignore the rules. Naturally, because things are too urgent, they must report to the sects and have more time to consider.

Mo Feiliu did not expect that he would come directly, but he immediately greeted it.

“Shi Bo...”

It seems that at least one or two hundred years old Mo Feiliu said to Shi Langkou that he was a teacher, and that Count Dracula and the canoe were silent.

Although they had already guessed that Shen Lang should have any special identity before they came, they could not be so respectful, Xu Haoyue did not go back, or it might be Xu Yuyue's relationship.

However, I did not expect that the old predecessor who made it easy to be a lord would have called Shen Lang a teacher.

“This is my two friends, Miss Canoe, Count Dracula.”

“Welcome and welcome two guests, please!”

When I entered, all the way to the streamlined wording was easy, and the fast voice reported to Mo Feiliu. This matter is not something he can solve. It is necessary to let the master know the details as soon as possible.

Mo Feiliu is still very familiar with the ease, if it is not in a hurry, even with the guests, it will not mess up the rules.

But even with a little psychological preparation, after listening to the report, I still sink into my heart.

There are many family martial art in Tangcheng. He has no jealousy, but the problem is that Shen Lang has killed seven people, which makes the other party occupy the moral high ground.

Qiulin Jianzong is a famous decent!

However, he is not good at saying anything. After all, this is the person who even the master calls “the brother” and keeps respect. He couldn’t ask Master to go out. When the two of them came, let Master go out!

His reaction is also very fast, and it is easy for Ma to upload sounds.

When I got here, I didn’t have to accompany me to enter the lord’s room, and I quickly arranged for it.

In the hall of the lord’s room, I saw Xu Haoyue and Gao Hanqiu who were chatting in tea.

Probably Xu Haoyue has already detailed the identity of the two with Gao Hanqiu, so I saw the Count of Dracula in the West, and the young girl was in a canoe. The cold and autumn did not feel surprised, but they warmly greeted them.

Count Dracula has always been very calm, and he hasn’t paid much attention to anything, but when he saw the cold autumn, he still made his look a lot more serious.

He has never seen such a powerful human being! It is unfathomable!

The canoe is a battle of thin ice.

From the time she came to Tangcheng, she was with Shen Lang. The red wind was on the day, obviously the identity and position were not low, and then I saw the heavier than the status of the red wind.

Today, I don't want to ask them to come here. The Mo Feiliu, who is seen, is the lord who makes him respectful. There is no doubt that no matter how old or senior, he is far better than easy.

Now, seeing this and drinking tea with Xu Haoyue, it is the respected master of Mo Feiliu's respectful and respectful!

Isn't this going to be a few hundred years old?

Mo Feiliu is also a voice who said something about Gao Hanqiu. After all, this is related to Shen Lang. He does not dare to be the master.

Gao Hanqiu also told him a few words, just as he sent the game, he sent him out.

"You are welcome, you are a friend of Lange, my friend. Just in the inn, they have reported it, Qiu Lin Jianzong here, everything is fine."

In the eyes of the cold autumn, of course, it can be seen that whether it is Shen Lang or this Western vampire, it is not afraid of things, there is no slight tension.

This is just a matter of arranging a drop boat, but it is also true. Of course, she also feels that her relationship with Shen Lang is not normal.

"Thank you for your predecessors!"

Even a friend of Shen Lang is not her friend. And she couldn't understand why Shen Lang had such a strong friend in this world, and it seems to be hundreds of years old.

Also called him Langge, is this a joke?

Shen Lang smiled and said: "Small high can't change the mouth, I am used to calling him Xiaogao, you two will still be inexplicable, tell you about it today!"

Xiao Gao!

The canoe is almost a breath, this guy! I am also bold, even the master of the Qiu Lin Jianzong master, actually called the family small high!

But seeing the old predecessor with a smile, next to the predecessor is also accompanied by a smile, it really makes her unbelievable.

“This is my biggest secret. Whether it is falling rain, Zheng Yu Meng, or they are high and sacred, they don’t know.”

When I was in a canoe, I felt that the pressure was huge. Weakly said: “If you don’t... don’t tell me, such a big secret, if you accidentally pass it out, you have to kill me.”

This made everyone laugh.

“It doesn’t matter, we call the habit, you listen to weirdness, telling you it’s fine.”

The current Shen Lang, which is different from a few years ago, has a strong foundation and does not have to be arrested. Even the powerful sects here don’t care, let alone go back to Earth.

Of course, the life and death of each other depends on each other, and it is also determined that the canoe will not be leaked.

“Actually, I am a reincarnation. I used to be a good friend with Xiao Gao and Xiao Xu. So Xiao Gao called me a brother.”

“Reincarnation? The previous life? That, then...”

After entering the no-failed sea, I have seen all kinds of incredible things, and their previous address and attitude are really weird, and she is psychologically prepared.

But I heard that Shen Lang said that it was a reincarnation of people still shocked.

Shen Lang smiled slightly: “That was a few hundred years ago, and Xiao Xu has become the old Xu. Now Gao Gao, haha, can also call him old. He was a few hundred years ago.

The top powerhouses of the sea prison, like us this time, they came to the world and stood firm in the Han Dynasty.”

“...” slammed the boat and widened his eyes. She couldn’t speak, and she needed to digest this shocking news.

“Right, he is called Gao Hanqiu. It is one of the ancestors of Qiu Lin Jianzong here. It is also the founder of Tianshan Jianzong hundreds of years ago.”

These have already shocked the canoe. But after all, it is still associated with this world. When you hear the “Tianshan Jianzong”, it is different. It is familiar with Tianshan. It has also heard the name of Gaochunqiu.

This is a character in history. Now I am not dead. I am sitting in front of another world... This is really making her crazy.

Count Dracula smiled: “You are like us, they are hundreds of old ghosts!”

Chapter 886 - 9 siege

Shen Lang is a little sweaty.

“Or you are more old ghosts, I am still a young guy in this world.”

For his secret, Count Dracula is of course more acceptable. After all, there is not much to know about it. This is to let him understand why Shen Lang will progress so fast.

For the canoe, there are many mysteries that have been solved.

Why did Shen Lang suddenly become a genius of cultivation, and he couldn’t tell the reason for his classmates’ years of rain.

Why did Shen Lang know so much, progress so fast, and could not find any Master’s clues.

Why can Shen Lang be able to conquer the high-level Tianshan Jianzong, why can he accept Xu Haoyue.

Why is he a young age, but he has a wealth of experience, killing people is not blind...

Everything can only be described as “the enchanting genius”. Everyone thinks that he is far better than the genius of Qiao Shuyu.

But now the truth is clear. He is reinvented with the reincarnation of his previous memories. Even if he comes back again, he has the experience and knowledge that others cannot imagine.

In fact, for this truth, it is not too difficult to accept the boat. All the way to the present, Shen Lang’s all kinds of magic, let her feel that the incredible situation can be accepted, even if it is really a big ***** rebirth.

What makes her unacceptable is the identity of Shen Lang!

As Count Dracula said, is he also a centuries old...predecessor?

Even if this life is born again, it has not lived like them for hundreds of years, but his last life is the great ***** that can support them in the cold autumn, and it is not too young. Is that still with her... or with the rain?

Just when they spoke, everyone felt it, and there were strong enemies!

It’s obviously not a force that rushed to Qiulin’s Jianzong, and everyone didn’t have any convergence. It’s a direct impetuous rush to come over, so it’s all found in the canoe, and everyone else in Qiulin’s Jianzong should have found it.

Just after knowing, Mo Feiliu immediately arranged for Yi to start preparing, and then he was also ordered by Gao Hanqiu. There was no accident for many people to come together.

“I will do it out, I will go out and have a look.”

When Shen Lang came here, he was not hiding from them, so he was not afraid to go out directly.

“Lang brother, it’s all small things, let the fly flow to deal with it.”

In the view of Gao Hanqiu, this is really a little thing!

Not to mention the age and strength of his current generation, that is, when he just came to the world, he and Lin Biaozi, and all the other ones, rely on fighting and killing.

Killing a few enemies is nothing at all.

This thing allows Mo Fei to flow them to deal with, but also to improve their killing.

“Look at the fun!”

Shen Lang still walked to the balcony and looked down.

This time, the enviable enemies did not land in the middle of the mountain according to the general rules and regulations.

Of course, there is no direct access to the Jianlou as it was just now, and that is the invasion.

Their imposing rush to come over is the superficial attitude, but it still landed in front of the gate of the Qiulin sword.

I have already brought a few disciples to meet in front of the mountain gate. Even if I know what I am coming to, I still haven’t played it for the time being.

With the landing of one by one, no more people have come over, and they are invited to come in.

Now the representatives of the various families, directly to the Qiulin swords, naturally will not be satisfied with the easy to use, but to let the patriarch of the Qiu Lin Jianzong come out to explain, to hand over the murderer.

Therefore, they did not respond to the easy-going guest, all of them were cold-faced and went directly to the square open space below the sword-shaped high-rise.

“What kind of wind makes you come close to your friends and come to visit? The old Mo Feifei has a long way to meet!”

Mo Feiliu does not want to intensify contradictions, so in addition to the easy to bring a few people from the mountain gate to meet, already have no other people to show up, so as not to form a scene of confrontation between the host and the guest.

“Mo Zongzhu! You have personally greeted you. Since you have all come forward, you want to come and know what happened. We have no other appeals. Only one thing, please hand over the murderers who killed all the disciples. We are here. go away!”

Inside the people, there is an opening that makes a statement on behalf of everyone.

Mo Feiliu looked at the next easy.

It's easy to react immediately, because the lords rarely deal with things personally, and they don't go to visits from various factions. This is for many people who are now, don't know!

However, he is all aware, because he is not too young, lived for a long time, and he is in charge of the tough front. The Tang Dynasty generation of major sects are big customers, so not only the head, but also a certain The identity is all recognized.

“The lord, the white house owner of Baiyu Village said, I have not had time to report to you, there is a misunderstanding...”

The heads of the factions of the various factions are because of the relationship between the ages, and Mo Feiliu does not know them. But for their longer generations, Mo Feiliu has long known.

If they are just on the scene, Mo Feiliu does not know, there is nothing wrong with it, but now at least it is also in charge for decades, and naturally feels that it is equal to Mo Feiliu.

If you know that Mo Feiliu does not know them, it will definitely feel deliberately despised!

It's easy to say this, even if it's a round, it's just that I'm just looking at his eyes and explaining that I don't understand things, not people.

“Misunderstanding? This is not a misunderstanding! A fierce and murderous murderer killed seven of us on the spot. This is what you are looking at. You should be more aware than us. You can actually say that it is red.” misunderstanding?”

Someone immediately slammed Yi Yong Yi Yong is also a bad thing to say, then a quick voice to Mo Feiliu introduced the scene of the people, at least those heads of the identity have to be confessed Look at it.

Bai Yucun, the white house owner who used to speak, was because two people were killed in the White House!

Now the sniper is easy, it is the door of the town Tianmen, and there are two of the seven people who are their martial art.

Therefore, compared with other sects, the grievances of the two of them are even greater, and they must be more fair.

At that time, when I was in the inn, I was unwilling to focus on three people, including Huang Elder. Later, I carefully remembered the seven people who were killed. One pair was on the top and belonged to five sects.

Now the most popular is the nine sects, including the township Tianmen Baijia and other five sects, as well as a Yangzong, Nangongjia, and herdsmen. Although they survived, they are members of this organizer. Participated in the scene.

There is another one, but it is a weak Fan family. The Fan family first had a grudge with Shen Lang. Later, they did not dare to challenge alone. Just learned about this and immediately joined the army of condemnation.

Chapter 887 - Torn face

There are nearly twenty people coming from the nine sects!

Because this is the arrest of the Qiulin swordsman, there is not enough qi, it is not enough to pressure the Qiulin sword.

Basically, every family has two come, and they are all headed, plus a senior-level master.

The three previous and easy-to-follow confrontations also came together. They were witnesses on the spot and they were able to complain that Shen Lang was the murderer.

For them to come so fast, it is easy to guess.

After the three elders and other three left, Yi Yong and Shen Lang did not wait too long in the VIP building, and then directly rushed back to Qiulin. Then they are coming over now, the time is very tight.

This also confirms that the fact that they sent out the “enforcement” of Shen Lang today is not the decision of the “sponsor”, but the factions behind the organizers have already reached their intentions.

And it is very likely that the heads of the eight factions, the elders, and the like, have gathered in one place, waiting to see the outsiders personally.

Otherwise, after the three of them go back, they will send the news to each family again, and each family will report to the head of the family, and then after the family’s consultation, and then negotiate with other parties to act... absolutely not so fast!

Realizing this, it is also easy to be dark. It seems that their emphasis on Master Shen Lang even exceeds Shen Lang’s own guess, and that is not good.

Originally, they had to start with the end. Now they have killed seven disciples, and they have given them a reasonable excuse to “catch the murderer.”

“I don’t care if you misunderstand or conflict. What do you mean by running to our Qiu Lin Jianzong?”

Mo Feiliu was directly asked by cold face.

The main room is a whole layer on the top floor of the sword building. In order to highlight the respect, it is done in privacy. You can see the bottom on the balcony, you can overlook the mountains, but from the outside, below, it looks like Empty, visually obstructive.

But Mo Feiliu himself is the sovereign who lived on it for a long time. Shen Lang, they are now on the balcony to watch the situation below. Can he not know?

Master looked at him on it. Can this process still require Master to come forward?

“Mo Zongzhu! Are you insisting on defending the murderer?” Bai Yucun’s face changed.

Other people’s faces are also slightly sinking.

From the attitude of easy and unreasonable, it can be seen that Qiu Lin Jianzong attaches importance to this son, so they unite all the heads together at the same time, and do not hide the momentum of anger, ready to come down to Ma Wei.

Qiu Lin Jian Zong Zai Niu, did not dare to offend the Tang Dynasty nine big sects of the big family at the same time, this is their daring to directly ask for the murderer.

But now Mo Feiliu, but it is directly to fight against you in the end!

It is possible to apply pressure to make Qiu Ling Jianzong soft, affecting the relationship, and repair it later. But if you want to fight in front, the movement will be bigger and the consequences will be more serious.

The best result, that is, the nine factions jointly destroyed the Qiulin sword. But that is obviously not very likely. Once the fish and the net are broken, the Tangcheng factions will also receive a heavy blow!

In the days of this group of heroes, it was a great opportunity for the generation of the Tang Dynasty. Another battle, the final result is also lingering.

In other words, the worst result is that the Tangcheng forces have shuffled their powers, and even the strongest part of the entire Chinese nation has been hit hard.

Then again, this result, Mo Feiliu can't think of it!

It's easy to just listen to the command, but as the old-fashioned Mo Feiliu, all of them defend this and do not hesitate to break with the nine factions, which proves the value of this alien.

“We are not directed at the Qiulin swords, but the nobles of this class are not only masters, not only on the scene to maintain the murderer in your name and your name, but also carry the murderer back to the Qiulin sword. We should not come? ”

The doorkeeper of Zhentianmen once again questioned this time. This time it was an excuse to say that it was easy and unreasonable, but it was Mo Feiliu.

“Pay attention to your words! Not what carries the murderer to escape to the Qiulin swordsman, Master Shen Lang is the guest of our Qiulin sword!”

Under the gaze of Master, Mo Feiliu must of course maintain absolute protection for the master who is called the brother.

“So to say... Mo Zongzhu is the iron heart must guard the murderer?”

“Mo Zongzhu, this son first hurts and Fan family, and then provokes us to Yangzong. But when we read our host as a group, we have to endure it and let people say that we bully outsiders.”

“Yes! It is unbearable! It is unbearable to kill seven core disciples in public today. This is not a contemptuous challenge to all the family sects in Tangcheng, but a manifestation of inhumanity and inhumanity!”

“Qiu Lin Jianzong has always been one of the great schools of Tangcheng. I have been adhering to justice for centuries. It is impossible for Mo Zongzhu to violate the purpose of the founder and go into the evil way?”

Seeing that the more they say the more severe, they directly attacked the lord, and they couldn't help but fight back.

“Everyone is in charge! Don't say so grandiose, constantly buckle the hats of Master Shen Lang, and constantly pressurize us Qiulin Jianzong. After all, you are from the opening of Master Shen Lang, and realized the essentials, trying to It captures and monopolizes its wisdom!”

“You think that our Qiu Lin Jianzong is the same idea. You are really wrong! For us Qiu Lin Jianzong, Master Shen Lang is a distinguished guest, we do not figure out any interests.”

“Here, I also advise you! The wisdom of others, that is someone else's. If you want, if you want, you can worship, repay, or even plead, and deduct a stigma. That is the evil path!”

In the tough front, it is a first-class guest who can easily come to the forefront, so he is very strong in the skills and momentum of the conversation.

This powerful statement made the other party angry and angry.

That is their true intention publicly said, it is equivalent to their fig leaf.

“A good general manager, it is a top-ranking profiteer! Who is the buckle in the end? We are here to catch the murderer, but you are stigmatized by us!”

“Everyone is the right way to Tangcheng. Today, you will have the Qiulin swordsong as the right path for the unselfishness. Are we all evil?”

“Mo Zongzhu! You said, if it is easy, does it mean that you and Qiu Lin Jianzong’s attitude? If it is, we will be the founder of Qiu Lin Jianzong today, clean up the gateway to your unspeakable children!”

“We are today’s nine martial arts families, together here, on the blue sky, under the heroes of all parts of the country!”

Since the face was torn, then all their heads immediately took the trouble and stopped the flow of Mo Fei from the momentum.

Just one sentence is equal to fighting directly with the Nine Gates!

They made trouble first, but they threw the ignition to Mo Feiliu.

Chapter 888 -

Mo Feiliu’s face is also sinking. With his cultivation, he has the confidence to crush their other individual heads. Even if the nine heads include a group of elders, it’s not a problem. This is in the Qiulin’s sword. On the site.

Need to be scrupulous, or follow-up influence!

As a sovereign, he rarely handles affairs personally, but the overall situation is still there. If Qiu Lin Jianzong wants to single out nine, it will cause great chaos in Tangcheng!

Now is the time for the group, the foreign sects may also be robbed!

The sects of which place alone, the Tangcheng family will not be afraid, but the martial art of all parts of the whole country of Han, all blended together, it will be more ants to bite. Once the foreign martial art in the city is mixed in, it will be a very serious consequence.

Further, the chaos in the Han Dynasty, the factions of the various factions, may eventually lead to the invasion of outsiders.

In the capacity of his lord, these instincts will be quickly considered, so he hesitated and did not immediately express his position.

Other heads are also seen, they are the risk of not being able to withstand the loss of both!

At this time, a voice was uploaded from the top of the sword building.

“The ancestors of Qiu Lin Jianzong, you need these turtles to come to the generation?”

When I said this, I immediately changed the face of the nine heads of the scene.

Just now they said “not a son”, that is after the use of Qiu Lin Jian Zongzu master, is the uncle of the grandfather of the ancestors, there are snipers but not insulting, claiming that it will be the same.

But now this sentence is to say “you turtles and grandsons” directly, directly insulting the heads of their nine sects!

The patriarch Mou Feiliu of Qiu Lin Jianzong is here. The disciples of Jianzong must also understand the rules. They will not mix the dialogues of the Sovereign, and it is so screaming, who else?

It must be Shen Lang!

The purpose is to provoke the two sides to fight!

Even if you want to get the meaning of provocation, but some people can't help it, and directly slammed it up.

“What are you doing? Have something to hide like a tortoise!”

“What are you going out!”

Of course, even if it is the head, the strength and patience will not be the same. There are several of them, and I remembered one thing at a time.

Just this morning, Qiu Lin Jianzong side, but there is a fierce and incomparable spiritual strength, guessing whether it is the ancestors of the Qiulin swords.

Will that just talk is...?

Waiting for their doubts, Mo Feiliu has already angered.

“presumptuous!”

This is abusive to his master!

The easy side is also shocked and angry!

Just when the heads of the nine majors and the elders were unanimously prepared to meet Mo Feiliu, an illusory sword appeared on the top of the sword building!

This sword shadow is like a sun, quickly shining, and it is switched to each of them.

“You guys who are not weatherable, dare to rush to Qiu Lin Jianzong screaming? Look at your ancestor’s share, don’t kill you, roll me back.”

There is no fire in this voice, just like driving a poultry just a little helpless.

And the twenty people on the scene, the elders of the nine sects, under their precautions, could not resist this virtual sword!

They are now showing a look of panic and despair!

The sword that passed from them, as if the real swords are running through their bodies!

No, it is even worse than the real sword. The sharp sword can only pierce the body. And just the illusory sword shadow, but it seems that even their spirit is stabbed!

They can basically be one of the best masters in their respective sects and families. This time, the nine families joined forces to exert pressure, and it was Mo Fei's strong and strong resistance.

Can come to the virtual shadow swords with such a casual, directly defeat them completely!

“puff—“

The Fan family were the weakest on the scene, and they could not bear the spurt of a large amount of blood, and then fell down.

Soon, more and more people can't hold it anymore, whether or not they vomit blood, as if they were suppressed by huge forces, their faces were pale and they fell directly on the ground.

The Mo Feiliu, who looked at it in the near future, can clearly determine that they are all hit hard, and it is natural to be his master.

Then a gust of wind rolled over and rolled up the bodies of their twenty people and quickly threw them out into the distant mountains.

Twenty people gathered in a group, quickly disappeared from the sky, and were thrown out of the top of the mountain for dozens of miles!

“Master is angry, it is incompetent, let them speak out!”

Mo Feiliu did not pay attention to the lives and deaths of those people, and turned directly back to the sword building to plead guilty.

Yi Yong and several other disciples also quickly squatted down.

However, they are more excited and excited than the unrest of Mo Feiliu!

Just that is the shot of Gao Zu Shi!

I don't need to show up at all, just take a shot and put all the elders of the Nine Gates family down, and then throw them directly down the mountain... What a domineering!

Don't say that no one in Tangcheng's major sects can match, that is, the entire Han Dynasty, and no one of the ancestors can match it?

The high ancestors are still alive, and this information has already made them very excited.

But before it was more of a symbolic meaning, it was a mythical totem, even if the high-profile appearance of the cold autumn shocked them.

Now this scene, with the contrast of the heads of the various sects of Tangcheng, let them realize how unfathomable the ancestor is.

Others' homeowners and heads, that is a level with the sovereign, even if the strength is not as good, it is definitely a master of the Tangcheng area. Can be such a master, in front of the high ancestor, is not even exposed, you can let them fly away!

"All the disciples of Qiulin Jianzong Peace and comfort are good, but practice is against the sky! Fight with the sky, and fight with others! Killing, blood and fighting spirit, you can't do less of!"

"Yes! Thank you for teaching the teacher!"

Although the disciples and the disciples in other parts of the door did not show up, they were still very concerned about the invasion of the nine major leaders. Once the lord ordered it, they immediately rushed out to fight.

Everyone just saw the exorcism of Gao Zu Shi, and they are just as excited.

When I heard the instructions of the founder, I immediately agreed loudly.

Mo Feiliu is both awkward and excited.

The embarrassing thing is that he has not made a decisive shot, and in front of many disciples, he still lost his prestige and face. But this does not make him unwilling or embarrassed, because his master is the one who grabs the limelight.

Excited, of course, is because of Master's shot, which directly mobilized the confidence and blood of all the disciples of Qiulin's swords. If this time calls on everyone to attack the major sects, I am afraid that they will be full of fighting spirit.

Chapter 889 - Frightened head

From the peak of Qiulin's Jianzong was severely hit, and then directly thrown out from the peak of the tens of miles, the fall on the ground almost made them 20 people scattered.

But after all, they are super masters at the head level, the worst ones are Fan Jia and Yi Yang Zong Huang elders, and they all have the strength of the peak of the gods.

In the face of the cold autumn, it is naturally crushed like an ant. However, Gao Hanqiu did not kill their hearts. They read it on their ancestors' ancestors. After the heavy blow, they just threw them out and did not impose any killers.

With their strength, even if they fell a bit, they want to resolve most of the impact, it is no problem, and did not fall apart.

A group of heads and elders who struggled to sit up from the ground, their faces were very ugly.

"This thing... don't say it!"

Some of them proposed one sentence and immediately got a second-party response from everyone else.

In their capacity, let alone the shackles of Tangcheng's dominance of power, it is placed in the whole of China, and these leaders are also famous and powerful.

Today, no one else has shown up, they have crushed them and they have been thrown out dozens of miles away. It is a great shame to say it!

Of course, if you say this, it is estimated that others will feel that it is a serious exaggeration and will not believe that this is true.

But no one wants to say more about the shameful thing, let alone the other people's prestige.

After I got up, everyone sat on the ground. Just Gao Qiuqiu's hand completely destroyed their confidence. No one dared to kill it again. It was very frustrating to sit here.

Their families, martial arts, and some of the surviving elders are old, but today the strength of Qiu Lin Jianzong's ancestors, let them feel that even if the recluse of the ancestors are called out, there may not be a chance!

The recluse's ancestors are not the beaters that can be driven by them. Even the contemporary heads can only be disturbed by the great events of life and death.

If they go back to disturb the ancestors, perhaps they may not be convinced, they may be scrapped by their ancestors!

Whether it is a family or a martial art, in the face of crushing the generation and strength, it is only a matter of words for a person who is at the head of the house!

Qiu Lin Jianzong is also the same, for example, now the high cold autumn to be hand-picked is not the head, Mo Feiliu even if the heart is unwilling, will still obey the arrangement.

After a while, some people spoke.

"I just remembered it. In the morning, Qiu Lin Jianzong has a movement here. It should be that this ancestor has a high-profile exit."

"Mo Feiliu's generation and age are said to be very high. In other sects, it is the ancestor level that has long since closed. This ancestor is much stronger than Mo Feifei..."

Everyone listens more frustrated!

This is exactly the problem. From a nominal point of view, everyone is a well-known family member, who is on an equal footing, but after careful study, Mo Feiliu is living longer than them, with higher generations and higher strength. .

They ask for their ancestors, and perhaps they will reach the level of Mo Feiliu at most. Someone else has such a powerful person, how to fight?

“According to a few of them, the past in the past, only two people, Shen Lang and the other strongest one is not there, behind the waves are easy to send back. You say...”

“what do you want to say?”

“It is said that before the red wind of the tough front also went to the inn to see the Shen Lang, they should go to the Qiulin swords today... Will it be because of this swell, let the ancestors of Qiu Lin Jianzong go out?”

When this statement came out, everyone was quiet.

Originally, they would look for Shen Lang, and they would be on the sword of Qiu Lin. It was because of the content from Shen Lang that he found that he could have many leading thoughts at a young age, and then he found that he was not the sect of Han Dynasty.

The brains that opened their minds were determined to be from outside the Kingdom of Han, and certainly a country with a higher level and a martial art.

Everything is due to this misunderstanding, and now it is because of the relationship between Shen Lang and Xu Yuyue. Who can think of them as friends who met in another world hundreds of years ago?

Nature has deepened the misunderstanding, and the ancestors who are more powerful and stronger than Mo Feifei can be seen because of this young man's customs, which shows how great his value is!

Quiet and speechless, the home of the shepherd was depressed and regretted.

I want to say that I have the first contact with this Shenlang, but the husbandry of their family!

Fan Fan's Fan Wei is annoying, but she is not such a child. If she can recognize the value at the time, she can use Fan Yi's set off to get in touch with others.

But now it is too late to say anything. At that time, in the view of Mu Haiyuan, it was just a foreigner. It was not as bad as Fan's offense. It is already good.

No need to send, Fan family's two people, now is more depressed and regret!

Originally, the young juniors were noisy. After Fan Yunduan went to the inn to find trouble, this is to find a place on behalf of Fan.

Now Qiulin Jianzong bought the other party with a friendly attitude. If this child vengeance and wants to destroy Fan's family...

The emperor of Yangzong and the elder Huang, this time also thought of the same problem. Yiyangzong also had conflicts with Shenlang. Today, he also worked with people from Nangong and herdsmen.

If Shen Lang wants revenge, he only needs one sentence. Qiu Lin Jianzong, the ancestor, will help him to destroy a Yangzong? – If the value of Shen Lang is really that big.

“We still want a countermeasure!” Bai Yucun sighed.

Now it is not the problem that their family has been killed by two people, nor is it the problem of five people being killed by seven people, but whether Qiu Lin Jianzong will take the opportunity to destroy other family sects!

In the heart of their hearts Shen Lang and Gao Hanqiu, they are drinking tea at the top of the sword building.

Mo Feiliu is also on the side, personally boiled tea for them, serving as a younger generation.

“Retrospecting the old” is a matter of time. If you meet frequently and are separated, it is not natural. But if the time is too long, there is not much old.

For example, the most common old-fashioned people of ordinary people will not be friends with colleagues who often meet, usually college students. But if it is a gathering of elementary school students, there is often no one to participate, because it is too far apart.

They are the same, and they haven’t seen it for hundreds of years. It’s very exciting at first, but the topic of the past is coming soon.

After all, Shen Lang was “skipped” for hundreds of years, and Xu Haoyue lived for a long time. Gao Hanqiu has more rich experiences.

However, their relationship is not indifferent. With the old-fashioned, they have been re-packed up, but after a long time, everyone’s identity is not the same, and there will still be some differences.

In the back, the topic naturally talks about cultivation!

Chapter 890 - Decision to return to Earth

For the understanding, understanding and experience of cultivation, the former world is naturally a leading leader.

The three of them are in three different stages, with the highest level of Shen Lang, the middle of the cold autumn, and the lowest of Xu Haoyue.

Up to now, I have skipped hundreds of years of sinking waves, and the level that I have maintained is still the level of the previous generation. After the war in different worlds, hundreds of years of hard work, the cultivation of the cold autumn has already caught up.

Xu Haoyue’s cultivation is of course very high, but he relies on long-term cultivation. These centuries are the era of the cultivation of true civilization. He does not have high-level peer-to-peer discussions and there is not much fighting.

Therefore, even if his strength is far better than Shen Lang, in theory, it is still inferior to Shen Lang.

Therefore, when talking about the content of cultivation, it becomes the “On the Road” of Shen Lang and Gao Hanqiu.

Xu Haoyue is very modest to listen to and learn. Whether it is Shen Lang or Gao Hanqiu, for him, every sentence is a golden jade.

Because the system is not the same, the Dracula count does not understand, can not insert the mouth, it will listen carefully, from the side to see if there is any reference to enlightenment.

Mo Feiliu is of course the same mentality as Xu Yuyue. After a few decades or a hundred years, he finally got a chance to get Master’s teachings. He is very excited.

And as they listened to their “argument”, they were surprised and shocked by Shen Lang.

Originally, his change of attitude toward Shen Lang, including his attitude towards Xu Haoyue, was only due to the relationship between the cold and the autumn. Xu Haoyue still has strength, and Shen Lang personally has no place to let him respect.

Now listening to the words of his words, it is called the word bead, it is not inferior to the master, no wonder the master is called the wave brother.

The canoe is one of the few people on the scene, the most difficult one to listen to.

The exchange between Gao Hanqiu and Shenlang is their level of communication, and will not take into account the level of understanding of others. After all, the level of these people is different.

Therefore, for Xu Yuyue and Mo Feiliu, it is a great benefit and a lot of gains. For the canoe, it is too esoteric.

However, the harvest of the canoe is, in terms of proportion, the biggest one!

The realm of Xu Yuyue and Mo Feiliu is very high. Even if there is enlightenment, it is also a problem for laying a foundation for long-term cultivation and resolving directions. It is impossible to make a huge leap.

In comparison, the realm of the canoe is much worse, the same harvest, or a smaller harvest, can make a huge leap.

Just like a world champion to train a national champion, the same time, the national champion will have a lot of gains, but it is not so easy to soar to the world championship level.

On the other hand, if the world champion trains a provincial team champion, the provincial team champion will be more difficult to absorb, but to reach the level of the national team, it is not difficult to complete.

At the moment, the canoe is to let the brain go as far as possible. If it is not the first time to meet in the cold autumn, she really wants to take out the mobile phone to record, and listen slowly.

On the night of staying in the autumn forest Jianzong, the canoe broke through the beginning of the realm of the gods!

Although in this world, the initial stage of the transformation of the gods is not enough to see, but for her own, is still very excited, this is her master's lifelong wish!

Especially this wish, which was originally placed on her sister, never considered what she could achieve.

In the following time, they all lived in the Qiulin of the Qiulin, daily or to go around to explore the scenery of the mountains, or tea chat, and ultimately continue to explore.

This pair of high-cold autumn and Shen Lang is also a process of mutual inspiration, and it is also a good opportunity for others to learn.

On the third day, I don't want to bring back the latest news from Tangcheng!

The city's group will continue, but whether it is the forum, the talk, or the competition, it will not attract people. The focus of everyone's discussion is still Shen Lang!

On the one hand, Shen Lang was in the VIP Building Inn, killing the seven masters of the organizers. This incident was seen by many people. The people on the scene could not help but spread out.

The strength of Shen Lang has also been greatly exaggerated and turned into a very powerful superpower. The people who have listened to the speech by Hua Lingshi, of course, also brag about it. After all, the surging waves are more and more powerful, indicating that the price they spend is more and more value.

On the other hand, the news about Shen Lang is about his origins!

I don't know where the source is. It's said that Shen Lang's group of people is not a self-cultivator of the Han Kingdom, but a distant country. He is so young and so powerful, he has a wealth of knowledge, because their country, the martial art, is very powerful.

Everyone inquired about each other, but no one really knows which city and which door is sent by Shen Lang, and naturally believes this rumor.

If the light is from the origin, this is not a big deal, and someone leads another direction.

This direction means that Shen Lang holds more advanced cultivation methods and self-cultivation systems, which can help any martial art to fly to the sky and guide a rumor that "there is a world in which the survivors can get the world."

Those who have heard the speeches of Shen Lang once helped Shen Lang to declare, and the exaggerated claims further confirmed this rumor.

For a time, many of the self-cultivators of the Han Dynasty have all kinds of thoughts.

However, the situation is still just to discuss the above, and no one dare to really do it.

After all, to participate in the group, even if there are elders leading the team, it is impossible to do all the members, the core is still in their own territory. Even if you really have the heart of the waves, there is no such power.

The monks in the field are also a loose sand. The whole will be a huge force, but whoever believes in each other, let alone the distribution of benefits, naturally cannot bring them together and act together.

This news, you do not need to analyze the waves, it is easy or not, or everyone else understands, it must be the good things that those who have been driven out and thrown out dozens of miles.

They know a lot, know that Qiu Lin Jianzong has the guardian of his ancestors, and dare not come over again. But if the heart is unwilling, I will spread the news and guide, and I want to let all the compatriots in the field act as a cannon to attack the sword of Qiulin!

It's also a feeling of badness. Fortunately, the Qiulin sword is on the mountain. It's not that easy to attack. If you are in the city like the tough front, there must be some desperate people who will try a blog.

He brought back the news, and he was worried that he would continue to ferment and it would start to hit Qiu Lin Jianzong!

After all, they are nine martial art families, and almost count the various sects of Tangcheng. It is not difficult to guide the direction of public opinion. The encounters of the nine major leaders did not spread, and outsiders did not know the situation of the Qiulin sword.

What should I do? I need Mo Feiliu to take the idea.

And Mo Feiliu wants to listen to Master's arrangement.

So the question was pushed to the cold autumn here, and Gao Hanqiu asked Shen Lang how to see it.

In the end, I arrived at the party of Shen Lang.

And Shen Lang, is making a decision, – leave Qiu Lin Jianzong, go back to the earth!
