

## First Strong 89

Chapter 89 - 1 game edge

Shen Lang took the three Lingshi in his hand and smashed it.

Yue Gang and Yue Zhennan did not speak. The price of this matter is the price of Shen Lang. They are actively asking for the price. They want to take the initiative, but they still have to look at how much the appetite of Shen Lang is.

“Okay. Just do it, don’t have to pay any more thanks.”

“Ah?” Shen Lang’s words, let Yue Gang father and son burst into amazement, just measured the Lingshi, thought it was in the discretion, they are estimating the psychological price, did not expect to say no!

“I said that this is mainly to help Yuenan South. I am very satisfied with the cooperation with him during this time.” Shen Lang also made a joke: “He is a giant son, but can keep in front of me. Humility, no trace of sorrow, almost on call. Rare!”

Yue Gang’s homework on Shen Lang, plus the contact just now, knows that this young man is actually very proud. Now the latter sentence is a joke, but it is rare to say it from his mouth.

This made Yue Gang sigh in his heart, but fortunately the education of his son is in place. Even if you have a child’s side, you know what it is to be awkward. Otherwise, it is not just a lost person, but you may already be an enemy!

Yue Zhennan is also quite a bit flattered.

“But... Lang Ge, you should also need this Lingshi?”

He also reported to the family and got the advice of the elders. If Shen Lang is really a self-cultivator, or is about to become a self-cultivator, then as a friend and a younger brother, of course, it is better than the apprentice.

As a follow-up younger brother, the benefits of giving benefits are derogatory; but if you worship the teacher, as a disciple, it is a matter of right to contribute.

So when it comes to the topic directly, he did not say that he wants to apprentice, but he has always been called “Langge.”

Whether Shen Lang really wants to give Lingshi again, or to retreat into the talk, there is no intention to ask the Yue family. During this time, with the Yue family is a win-win situation, he now holds a lot of Lingshi, resources are not so tight.

“No, but I need to use the herbs, I will not be polite to you, directly from the herbs you provide.”

“That is of course! We will provide the medicinal materials again. Mr. kindly, my Yue family is also a lover!” Yue Gang seriously handed.

He is ready to negotiate with Shen Lang. After all, this can only be done by Shen Lang. He has to maintain a good attitude in counter-offering. He did not expect that people did not knock at all.

Of course, the three Lingshi are also of great value, but the problem is that the three spiritual stones for other comprehensions are also unable to break through the lifeline of Yuezhennan.

Compared with the value of Lingshi, the use of money to buy medicines is simply a negligible cost, and he even wants to send people a million herbs.

Shen Lang nodded, and Yue Gang felt that this was a human condition and the purpose was achieved.

“If you can succeed, Zhennan is practicing the practice...”

Seeing that Yue Gang cautiously asked this, Shen Lang waved his hand and interrupted his words: “I can teach a little suitable for him.”

Ye Shiguang, they are different, so of course they have to trade. Since Yuejia has accepted his personal feelings, he has always maintained business contacts. He does not mind teaching Yuezhennan a little more.

However, Yue Gang smiled awkwardly: "I originally wanted to say that in terms of practice, in fact, our family still has a little handed down, but the gentleman is willing to teach, that is no better."

Shen Lang was slightly surprised. The original obsession of Yue Jia was because he got the exercises, but no one can practice.

"It doesn't matter, since the Yue family has its own exercises, it is of course very good. I don't have to worry about it."

Yue Gang still keeps a smile, and he is calculating everything. Shen Lang does not ask for the price of the sky, saying that it is because of the relationship between Yue Zhennan, why not because of the relationship between the Yue family?

Therefore, he can not owe human feelings, he does not want to owe much to humanity. The exercises will not be white, and since they have their own methods, they will not be guilty.

"Right, Mr. Shen is so derogatory, so I am too unwilling to go. I will also give you a chance!"

When Shen Lang saw Yue Gang's words after hesitating, he also paid attention to it: "The chance?"

"Not bad. It coincides with the chance of the meeting!" Yue Gang looked at the door, determined that the door was closed, and then lowered the voice, whispered: "I don't know if Mr. has heard of the Tomb of the King?"

Shen Lang secretly glimpsed, Yue Gang said the opportunity, is actually the tomb of the king? Yeah, it's not the same as it happened recently.

Of course, he is also well aware that Yue Gang's chance to tell the tomb of the King of the King at this time is to provide information and other feelings.

But this information Shen Lang has already known from Yuan Cheng, will you make him so easy to be human?

“You are talking about the tomb of the king in the dark?” Shen Lang said faintly.

“You, you know?” Yue Gang is preparing to hang his appetite and wait until Shen Lang asks. I didn’t expect Shen Lang to directly say that the tomb of the King of the Dark, which really broke him, really surprised him.

Shen Lang did not say much, keeping mysterious gave him a forced smile.

“Mr. really is a high person, it really is a comprehension!”

Yue Gang sighed, no wonder so magical, it is no wonder that Mo Qi became awe and should understand his realm.

Can you have such a strong wave in the end, or is there a high person behind him?

However, whether the former or the latter, he must be respected.

“The tomb of the king of the king... probably after a week. What is the opportunity for Mr. Yue, is there any guidance?” Shen Lang added another sentence, proving that he did not only hear about the tomb of the king in the dark, but did know the inside story. .

Can tell the specific time, Yue Gang no doubt, I believe that Shen Lang is fully understood. “Don’t dare, just want to make a hate and let you laugh.”

“Don’t say that, exchange it. The Yue family is still profound, and there are definitely many things that I don’t understand If you are convenient, talk.”

“Dad, what is the tomb of the king of the king? Is there a tomb of the king in the dark?”

Although Yue Zhennan was cultivated very savvy, he was not aware of the excitement of being a self-cultivator. He didn’t know his father and Shen Lang. You have come to me once, and Yue Gang’s The topic, the initiative, let Shen Lang master.

For Yue Gang, the information has no intelligence value, and then it will not be human. Shen Lang's sentence "The depth of the Yue family is deep" makes him feel very comfortable. Although it is not working now, the ancestors are still glorious.

In order to prove that Yue Jia really has the foundation, not bragging, he also began to say: "The tomb of the king is a big opportunity for Pingxi, it is opened every sixty years, only two hours of time, but there are many comprehension Resources. Our Yue family is not only aware of this secret, but also went in again and again..."

Yue Zhennan was a little surprised. I didn't think that Yuejia had such a history. He really had a true source of truth. He thought it was just the hope of the elders.

"Unfortunately, sixty years ago, the owner of the time, my grandfather, did not come out after entering it..."
