Chapter 281

Brayden stayed with Olivia at night.

The next morning, he sent Olivia to the company, watched her go in, and went back to his apartment.

Last night, he asked Olivia where she wanted to live.

Was she going to live at the place where they lived before or where she rented it now? He asked her for advice.

She said it was good to live here, so he said he would move in.

She said yes.

So, he was moving now.

When Olivia returned to the company, she looked at the notes Preston gave her last night, then sorted them out and adjusted the plan.

After finishing, the whole morning had passed.

At noon, Brayden called and told her that he had made some food and asked to go downstairs.

Olivia came down.

There was a rest area in the lobby.

Brayden sat there with a thermos on the table.

Olivia walked over and sat down.

“Have you eaten?”

“What do you think?”

Brayden looked at her.

Olivia shook her head, “No.”

Brayden smiled.

“How can I eat alone when you are by my side?”

Then he opened the thermos.

He brought two thermoses and the Olivia helped him open together.

The two of them ate together.

Olivia said, “You don’t have to come here on purpose. You can do your work. I’m okay.”

Brayden looked at her seriously.

“No, if I’m by Visit to read the newest content, everyone! will treat your stomach badly. He knew her too well.” Olivia was speechless so she changed the subject.

“I’ve already made the plan. I’ll Visit to read the newest content, everyone! show it to Mr. Smith after dinner”

The design time had already exceeded the expected time, so she couldn’t waste any more time.

She had to hurry up.

Brayden nodded.

“Call me when you have done” He would go back with her.

Olivia paused and looked at Brayden.

“Are you go back with me?”

She understood what he meant.

“Yes”

Olivia put down her chopsticks.

“Brayden don’t give up your career because of me”

It was obvious that he was giving up what he liked due to her.

This was not what she wanted to see.

Brayden wiped his mouth with a tissue and looked at her.

“I didn’t give up my career. I just have more important things to do now”

She could be in danger at any time, and he couldn't leave her alone.

Olivia frowned.

"Brayden.."

"It's no use saying anything.Let's eat" Olivia frowned with a sinking heart.

She didn't want Brayden to sacrifice anything for her.She really didn't want to.

After they finished, Brayden cleaned up the table and said to her, "You go upstairs.I'll go home first and pack up.I'll book the plane ticket when you have done."

Olivia slightly moved her lips and said, "Okay."

Olivia turned to get into the elevator.

Brayden watched her go in.

When he saw her go in, he took the thermos and left.

She returned to the department and sat down in her chair.

She thought a while, and then picked up her phone, clicked on the search, and typed her name "Olivia".

During this period of time, she didn't read the gossip on the Internet.

She knew that it was useless for her to read them, so she might as well do her own thing.

But now, she felt that she needed to know what was going on.

Soon, a lot of news came out.

"About the Secret of Olivia's Success!"

"See How Olivia Changed from a Little Sparrow to a Golden Phoenix!"

"Olivia's Methods!"

Olivia swiped her phone and quickly saw a message, then her fingers stopped.

Chapter 282

“Did Melody step away from the entertainment industry because Olivia was involved in her relationship with Mr. Weston?” Olivia clenched her phone.

Melody stepped away from the entertainment industry...

She clicked on the title.

It was published on July 21.

It was yesterday.

She scanned the words and saw a photo.

In the photo, Melody was surrounded by reporters.

Wearing sunglasses and a hat, she didn't reveal her expression, but her red lips could tell that she was not in a good mood.

There was an assistant beside her who had been protecting her.

Behind her were bodyguards, blocking the swarm of reporters.

That was the moment the photo was shot.

Olivia looked at the people in the photo and slid down a few seconds later to look at the text below.

Five minutes later, she closed the page and looked at the void ahead.

Melody did step away from the industry.

But it was temporary.

The page didn't say how long exactly.

But Olivia knew that the time Melody stepped away was the pressure on her.

Melody was oppressing her.

With the power of public opinion.

And the power of fans.

That was why Brayden was always by her side.

Olivia clenched her fist.

At the same time, there was a trace of firmness in her eyes.

She didn't care how Melody tried to deal with her, either with the power of fans or other methods.

She was not afraid.

Olivia took the documents and the proposal and went to Preston's Visit to read the newest content, everyone! our motherland.Contact me if you need anything."

It was inevitable to return home.

As a designer, it was impossible for her not to return Visit to read the newest content, everyone! their motherland under the current circumstances.

Olivia would never be defeated by anything.

"I see, Mr.Smith."

Olivia took the documents and left.

Preston called out to her, "Olivia."

Olivia turned and looked at him.

Preston said, "Remember, I'm your boss.If you encounter anything that affects your work, tell me in advance."

"OK"

He actually wanted to say that he was her friend.

But currently, she was probably unwilling to accept this.

In that case, she could remain his subordinate.

It was also an irreplaceable relationship.

Olivia went back to her office and booked a flight.

After booking the plane ticket, she packed up and went home.

Brayden was still packing up at the other apartment.

Olivia didn't see him when she got home.

It would be better not to see him.

She didn't want him to go back with her, and she didn't want him to spend the rest of his life with her.

Olivia packed her things and left with her suitcase.

When she left, Max followed her and refused to let her go.

It kept barking.

Olivia put down her suitcase, squatted down, and hugged it, "I'm going on a business trip again, but don't worry. I'll be back when I'm done"

"You stay here with Brayden. Be good, will you?"

"Woof woof!"

Max barked and kept sniffing her in her arms.

Olivia smiled.

It was clinging to her like a child.

She put it down and wave, "Goodbye"

She then closed the door.

Max still shouted inside, "Woof! Woof!"

Olivia left with her suitcase, smilingly.

Brayden packed up all things and put them into the car.

He went back to the apartment.

The car stopped under the apartment building, and he got out of the car.

He went to the trunk and was ready to take the things out.

But as soon as he opened the trunk, his phone rang.

He took out his phone, and the word "Wife" appeared on the screen.

Brayden beamed.

It seemed that she had confirmed the time for her business trip.

He answered the phone, "Olivia" "Brayden, where are you now?"

"Under your apartment building"

He looked up at the apartment building with a smile, "What? You want to help me with the things?"

The voice on the phone paused for two seconds before saying, "Brayden, I'm at the airport now."

The smile on Brayden's face froze.

Chapter 284

Olivia's voice continued to come to his ears.

"I'm going home on a business trip."

Brayden clenched his phone and looked at the traffic ahead.

There was no smile on his face.

"Didn't we agree to go back together?"

Why did she go to the airport by herself? She was not such an emotional person.

"Yes, we did. But I changed my mind."

After a pause, Olivia continued, "I read the reports for the past two days."

“Especially about Melody’s retreatment.”

Brayden’s heart sank and his face darkened.

He understood what she meant.

He could also tell what she wanted to do.

She didn’t want him to stay by her side to bear all the dangers for her.

“What time is your flight?”

“Now”

“You...”

Brayden didn’t know what to say about her.

It was so ridiculous!

“Where are you going now? I’ll book a flight right away” He couldn’t let her go back alone.

However...

“Brayden, do your own job.I do mine.Nothing would happen to me.Trust me.”

She had already made up her mind not to tell him.

A lot of emotions appeared in Brayden’s eyes.

He suppressed those emotions and said patiently, “Olivia, do you know that you are very dangerous now?”

“I know.”

“Do you know that these dangers might kill you?”

That stone hit him on the Visit to read the newest content, everyone! a knife? What could she do? Did she understand what kind of danger she was in? Olivia became silent.

But in a few Visit to read the newest content, everyone! an obvious bullet, but hard to avoid secret slander.If I should keep an eye on them for the aim of knowing when they will hurt me, what will my life be like? What will your life be like?”

“You told me before, you can’t run away”

"You're right. I can't escape. It's useless to escape. What should happen will still happen"

"And all I have to do is to face it and fight it."

Her voice was firmer than ever, even with a powerful force, forcing him to believe Visit to read the newest content, everyone! you know that it's different this time?" He thought.

Melody's retreatment had already provoked many people.

It was so easy for them to do something bad to you!

"Tell me where you are going back to"

He didn't want to say anything more. He just wanted to know where she was going. He had to be by her side.

"Brayden, Max is at home. Take care of it for me these days."

"Olivia!"

"I'm going to board. Let's talk about it later."

She hung up the phone.

Brayden frowned, and he hung up the phone, then dialed a number very quickly.

"Where is Olivia going back to? Did you see it?"

"Yes, it's H City"

"All right, follow her immediately. Wherever she goes, you should be her side. You must protect her well!"

"Okay"

After hanging up, Brayden was still worried and he called his assistant.

"Book me a flight of the nearest time back to H City:"

"Are you going back to Hong Kong?"

"Yes, order it right away"

Then he hung up the phone. He would never let her go back alone.

She was stubborn, and he had his concern.

Olivia went back to H City this time.

H City was a coastal area with many factories, among which the top domestic clothing factories were concentrated here.

This was also why Frank set DF in H City.

The plane arrived in H City the next morning.

Unfortunately, it was drizzling.

The whole of H City was shrouded in mist.

There was no sunlight.

Olivia walked out of the airport with her suitcase.

She stopped a taxi and got in.

“Sir, go to the Nuofan Hotel.”

“Okay”

The car drove forward.

As soon as the car left, Everett and Davis walked out of the airport.

The driver was already waiting outside.

When he saw Everett and Davis, he immediately came over and took Davis’s luggage and put it in the trunk.

After putting it away, they got in the car quickly and started it.

Davis looked at his watch and said, “Mr. Weston, do you want to go to the company first or go back to Grand Imperial Garden first?”

Everett leaned back in his chair, his dark eyes closed and he said.

“The latter.”

“Okay:”

An hour later, the car stopped at the entrance of the villa.

Everett got out of the car and walked in.

Soon, his footsteps stopped.

Fit For Your Love Chapter 285

/ [Fit For Your Love](#)

A sweet scent of milk and bread was spreading in the living room, bringing an unusual vitality to the villa.

Melody who was in an apron put the fried eggs on the table.

Hearing the sound, she looked over and looked at Everett.

She smiled, "Good morning, Everett."

Her long hair was straightened and draped straight behind her head, with delicate makeup on her face, which was naturally flawless.

She looked at Everett with a natural smile, as if nothing had happened, like a wife waiting for her husband to return, gentle and virtuous.

Everett looked at her, and the trance in his dark eyes disappeared at the moment she greeted him, as if nothing had changed.

As usual, his eyes became dark and deep.

"Morning."

Everett walked over.

Melody walked over.

She stopped in front of him and looked at his wrinkled shirt collar.

She then raised her hand and smoothed the creases on his collar.

Then she looked at him and said softly, "Wash your hands and have breakfast"

Everett looked into her eyes.

The pride inside his eyes seemed to have been smoothed, and all expressions showed on his face was gentleness.

But if you looked closely, you would see the darkness inside.

And the hidden depression.

"Okay:"

Everett went to the bathroom.

Melody looked at his back and went to the kitchen to take out the milk.

Everett came out, sat down on the table, picked up the knife and fork to eat.

Melody picked up the milk cup and drank the milk.

But she was looking at Everett while drinking milk.

“How long will you stay this time?”

She put down the milk cup, picked up the knife and fork, cut a sandwich into her mouth and looked at Everett.

Everett looked up at her face.

“It depends”

His voice was as indifferent as usual, and his eyes were still dark.

Melody couldn't figure out the emotions in his eyes.

However, Melody felt that such a pair of eyes looked very strange now.

It was so strange that she felt as if she never knew this person.

Melody curled her lips, put down the knife and fork, crossed her hands on the table.

She then looked at Everett and said.

“Did you miss me?”

Everett took Visit to read the newest content, everyone! with a tissue.

During that time, he looked at Melody directly.

“Yes, The moment he put down the tissue” he said.

Melody's smile widened.

“I miss Visit to read the newest content, everyone! the hourly worker to clean up the table.”

Then he went upstairs.

Melody sat in the chair, looking at the person who had eaten a third of the breakfast on the plate, and her smile faded.

Everett, your thoughts were different from mine.

Olivia arrived at the hotel.

After washing up, she turned on her computer and read the materials inside.

An hour later, she left the hotel and went to a supply company.

She needed to find about ten companies to supply the things she wanted.

Six of them Visit to read the newest content, everyone! in other provinces and cities.

But it didn't matter.

She would settle the deal in H City first before going to other provinces and cities.

She calculated the time and she should make the deal with these suppliers at most half a month.

Olivia went to QM Clothing first.

This company had opened for decades.

It was an old company and their cloth quality was very good with many varieties.

They had cooperated with many other companies.

AK also worked with them for many years.

She called their supervisor in advance, so when she arrived at the company, the front desk person took her upstairs.

"This is our manager" The worker said.

Olivia nodded and reached out her hand.

"Hello, I'm the designer of AK, Olivia"

The manager took her hand and smiled.

"Hello, I'm Ben, the manager of QM Clothing" The two of them sat down and the manager asked the secretary to bring in the coffee.

Then the two of them began to discuss about it.

They talked for the whole morning.

During that time, Ben took Olivia to see their factory.

And the things she needed.

Olivia was satisfied.

“Give me some sample of these fabrics.I’ll try them first.”

“Sure.”

Ben asked someone to wrap up the fabric for Olivia.

It was already noon.

Ben said, “Miss Hadley, I’ll invite you to eat some special dishes of H City.”

Olivia smiled and said, “That won’t be necessary.I came back in a hurry this time, and there are many things to deal with.If there is a chance, I’ll invite you for a meal then.”

“Ahahaha, you came here from a distant place.How can I let you be the host? Call me when you have time.I’ll invite you.”

“Okay, let’s meet next time.”

“Okay, call me if you have any questions.”

The two of them parted.

Olivia got into the car and went to have lunch.

After it, she went back to the hotel to put those fabric down, and went forward to another company.

DY Clothing.

This company was located opposite to QM, one in the east and one in the west.

But it only took a little longer to get to DY, so it was almost three o’clock when we got to DY.

Olivia went to the front desk without stopping and explained her identity.

Soon, the person in charge upstairs came down and took her to see what she wanted.

It was already night after such a busy job.

Olivia already had two fabrics on hand.

She was lucky that the two companies had prompt goods.

If there were no fabrics on hand, it would take her more time.

But she thought it was impossible for her to go so smoothly every time.

Indeed, when she went to the third company the next day, she didn't get what she wanted.

They told her that they needed to do it from now.

Olivia frowned.

"I'll give you the design drawings. How soon can you give the results?"

The person in charge thought for a moment and said, "At least five days"

"So long?"

"Yes, we haven't this color before. We need to mix paints again"

Five days at the fastest.

She had been here for two days.

Half a month would pass soon.

"Okay, I'll go back and draw now. I'll give you the drawings this afternoon"

"Okay."

Olivia left the company. She looked at the time.

It was almost eleven o'clock. It was noon.

Time flew so fast.

Olivia went to the bus stop across the street and waited for a taxi.

It was very hot at this time.

The sun was shining, and taxis were rare.

There were very few people.

Olivia narrowed her eyes as she looked at the car on the road.

Suddenly, a luxury car was parked in front of her.

Chapter 286

The door opened and a man came down.

He was wearing a black suit and a white shirt.

The moment he got out of the car, the aura around him made him a shining star.

People naturally looked over.

Olivia also looked over casually.

With one look, she was stopped.

Expensive suit, handmade leather shoes, and expensive watch on his wrists, modest luxury was all over his body.

Olivia's nails were embedded in her palms, and the calmness in her eyes was torn apart, and deep hatred surged up.

She had not thought about Everett during this period of time.

But it didn't mean that he disappeared from this world.

On the contrary, he existed very much alive in every corner of her world.

However, she did not expect to meet him so soon.

As soon as she saw him, the scene of that night occurred to her like a movie.

Her lips tightened and the emotions in her eyes became intense.

Perhaps her gaze was too strong, Everett looked over.

Almost instantly, he grabbed her gaze and locked her tightly.

Olivia's heart tightened.

It was as if she had been held still by an iron clamp, making her unable to breathe.

But soon, her breathing was smooth.

Because she saw someone.

A person that she had never expected appeared in her sight.

Melody.

She got out of the car, wearing a court hat and a white one-necked dress, and walked out gracefully.

Naturally, she stood Visit to read the newest content, everyone! to him with a gentle smile.

Everett had already turned his eyes around to listen to her.

The two of them did not make Visit to read the newest content, everyone! eyes off them.

It seemed that this was a perfect painting.

It would be a pity not to enjoy.

The two of them talked as they walked in, but when they turned around, Melody looked at Olivia's direction casually and curled her lips.

Olivia watched the two of them walk into the dining room.

She didn't look back until she couldn't see them anymore.

But as she looked away, the emotion in her eyes disappeared and returned to her original calm.

What Everett was doing and who he was with had nothing to do with her.

The only thing she had to do was to be herself and not be affected by anyone.

Olivia looked around the road to see if there was a taxi, but at this time, a few sounds came.

She was quickly surrounded.

"Miss Hadley, are you having an affair with Everett?"

“Miss Hadley, do you still love your ex-husband?”

“Miss Hadley, you are now married to the violinist, but your husband’s uncle is your ex-husband. What do you think?”

The microphone was right under her nose, and the cameras focusing on her to taking pictures.

The light flashed in front of her eyes so that she had to narrow her eyes.

“Miss Hadley, please answer our questions.”

“Miss Hadley, please answer...”

Olivia retreated to the back of the station sign.

She opened her eyes and looked at the reporters who were eager to get an answer.

“I’m sorry, I have nothing to say.”

Everett and Melody were in the restaurant diagonally opposite.

These reporters didn’t appear until they arrived.

So, these reporters came after Everett and Melody.

But they didn’t dare to interview Everett and Melody, so they came to interview her.

Olivia pushed reporters and walked out with difficulty.

This was the second time she was surrounded by reporters, but compared to the first time she was flustered and uneasy, this time she was extremely calm.

But these reporters surrounded her like a wall and it was hard for her to get out.

The microphone and camera kept getting closer to her, even hitting her.

Olivia frowned, and she used more strength to push increased.

She had to leave these reporters.

She had to leave.

She didn’t have that much time to spend with them.

As she increased her strength, she moved forward little by little, but soon a sharp voice sounded.

“Why don’t you answer? Are you guilty?”
