

Flames 301

Chapter 301: Publicly promoted! Demon God?Natasha!

A Demon God, two Legendary Succubuses!

There were still quite a few strong Succubuses beside Princess Barbara!

One must know those a thousand years ago, the Succubus Dynasty was extremely powerful. There were many Legendary Succubuses and eighth-ranked Succubus Lords were everywhere.

After all, what they occupied was an entire Abyss of the Monsters!

Even if the Succubus Dynasty was destroyed, a large number of Succubuses escaped.

Princess Barbara's side gathered more than half of the strong among the Succubus.

That was why there was more eighth-ranked Succubus around her now.

When her legendary subordinate spoke, all eyes of the succubus turned to Natasha!

What was different from what Princess Barbara had imagined was that the Succubus who supported Natasha was far more than she had imagined!

Natasha's reaction was far steadier than she had imagined.

Natasha's face had always been calm.

Even though the two Legendary Succubuses appeared and the news that she was a Demon God? spread, Natasha did not change her expression at all!

For a moment, Princess Barbara could not help but look up at Natasha!

She did not know if Natasha had something to rely on or if she was just pretending!

Besides Natasha, Yvette and Enos were both angry.

Natasha had spent a great deal of time, energy, and risked a great deal. The Succubus army that had finally gathered together, Princess Barbara had come to snatch it away!

This was a typical usurpation of the fruit of victory!

"Princess? The Succubus Dynasty doesn't exist anymore. What kind of princess is that? I only recognize Natasha as the Queen, not you!"

Yvette was the first to speak.

Since they were already torn, she was not polite when she spoke!

As Natasha's core power, Yvette was extremely loyal to Natasha.

After being valued by Natasha, Yvette gained a lot of power from the Lord of Flame. She went from a fourth-ranked succubus to an eighth-ranked succubus Lord!

She had already made up her mind to stand on a warship with Natasha forever.

Even if the opponent had a true Demon God!

Behind them, an Abyssal Demon God was standing!

Yvette's words enraged the succubuses beside Princess Barbara!

"How dare you talk to the princess, like this?"

In the sky, the Legendary Succubus suddenly attacked, and a powerful force attacked Yvette.

Yvette's expression did not change. She summoned Evil Flames and charged at the Legendary Succubus! When the two powers collided, the Legendary Succubus's power instantly reversed.

Her expression changed drastically.

Under the attack of Evil Flames, the legendary succubus was sent flying in less than a second!

Princess Barbara's eyes narrowed when she saw Yvette's powerful battle prowess!

Yvette was only eighth-ranked!

However, she had defeated a ninth-ranked Legendary Succubus!

Normally, such a situation would only occur when the Succubus was fighting other demons!

For example, the first Lord Barcelona to be defeated by Natasha, an eighth-ranked Demon Lord, was enough to fight the ninth-ranked succubus! But that was only for the other Succubus!

For Natasha's core team, there was no such problem!

They, who could summon Evil Flames at any time, were even more powerful than other Demon Lords!

"So what if it's a legend!"

After defeating the Legendary Succubus, Yvette shouted.

Among the surrounding Succubus, a large number of new generation's Succubus cheered for her.

"It's a little interesting."

Princess Barbara waved her hand gently.

Behind her, two Succubuses walked up and untied the cloak on her back.

Following that, Princess Barbara's demonic aura began to spread!

The Demon God's aura was so terrifying that the moment Barbara revealed her aura, the countless Succubus around her were shocked!

Barbara was an authentic Demon God!

A Demon God was enough to build a strong dynasty!

"Natasha, you're very brave. You're also very strong, but the Demon Abyss is far from being able to defeat you. Submit to me, and I can see you as my right hand!"

Princess Barbara spoke indifferently.

Her voice was neither too fast nor too slow. This was a temperament that could only be developed after a long period of high status.

She was indeed the princess of the Succubus Dynasty!

As soon as she spoke, no one spoke. Everyone's eyes once again focused on Natasha.

Natasha finally spoke:

“Just a Demon God!”

After she finished speaking, she flew into the sky and began to pray.

As she prayed, the evil energy turned into a pillar of light that fell from the sky and entered her body.

Princess Barbara's eyes narrowed upon seeing this!

“A thousand years ago, the Succubus Dynasty had two great Demon Kings, but they were all killed by the demons. Now, although these demons are no longer working together, they will only be stronger. Barbara, you are too naive! You don't even know what I rely on!”

Natasha's voice sounded.

After she finished speaking, she clasped her fingers tightly and began to pray:

“God, please give me the power to become a Demon God. I am willing to pay the price.”

Yes, Natasha had decided to become the Demon God!

Due to the difference in the constitution of the Abyssal Creatures, powerful existences could directly instill power into them.

However, this sort of inculcation was usually stopped at Legendary Rank.

The price and risk of becoming a Demon God were too great.

Ordinary Abyssal Demon Gods were not willing to pay such a price. That required this Abyssal Demon God to grant completely his understanding of the laws.

Moreover, the unknown risk was that if the opponent was too stupid and could not comprehend the Profound Mysteries of the Laws, the opponent would be directly destroyed by the granted Laws.

Lin Yan wasn't sure if he would be in danger of instilling power through his virtual godhood.

Therefore, Lin Yan gave Natasha the inspiration to choose for herself.

Now, Natasha made her choice!

Natasha was not a Demon God. With her strength, she could defeat Princess Barbara. However, this time, Natasha decided to become a Demon God and defeat Barbara openly!

“Natasha wants to become the Demon God?”

In the Dark Abyss, Lin Yan heard Natasha's prayer.

Lin Yan looked at the virtual godhood. It had been quite some time since he had raised his strength for Natasha.

He could have improved a long time ago. The reason why he didn't improve was that Natasha hadn't made a choice yet!

To be on the safe side, Lin Yan decided to use a higher rank of chaos power! Ten points of primary chaos power could be exchanged for some advanced chaos power.

It took a lot of, Divine energy to elevate Natasha to Demon God.

In addition, Lin Yan had to give Natasha some rules.

This gift was given to Natasha, and Lin Yan would pay as much as Natasha got.

This was also the necessary price to pay to upgrade the Demon God.

If there was no price, the Abyss would already be filled with Demon Gods.

However, this price was nothing to Lin Yan.

There weren't too many rules in his virtual godhood.

Under the control of the virtual godhood, the dark faith consumed a large amount of energy, transforming into Chaotic Divine Energy, and then into even more advanced Chaotic Divine Energy.

Then, the high-rank Chaotic Divine Energy was diluted and poured into Natasha.

Dilution was a necessary step.

The diluted high-grade Chaotic Divine Energy was much more useful than ordinary Chaotic Divine Energy.

The pillar of light on Natasha's head suddenly grew larger in the depths of the Mobis Abyss.

The pillar of light revealed a terrifying aura!

"This is....."

Princess Barbara's eyes widened!

This was the power of the Abyssal Demonic God!

From the look of it, the Abyssal Demon God wanted to elevate Natasha to the Demon God!

Heavens!

In Barbara's eyes, Natasha was nothing more than a Succubus in the past. She had a low status, so how could she be so kind to that Abyssal Demon!

Even she had to inherit the power of the Queen of the Succubus Dynasty a thousand years ago to become a Demon God!

However, the truth was right before her eyes!

Even if Princess Barbara didn't believe it, she still had to believe it.

A bad feeling appeared in her heart.

This time, Princess Barbara's subordinates had done a lot of work and understood Natasha's background. She also understood the Lord of Flame that Natasha relied on.

As Princess Barbara was over a thousand years old Succubus and the princess of the once-powerful Succubus Dynasty, she had some understanding of the powerful Abyssal Demon God, but she had never heard of the name Lord of Flame.

Princess Barbara thought that Lord of Flame was at most a newly advanced Abyssal Demon God!

How could a new Abyss Demon God be so generous?

He was willing to use his power to raise directly his subordinates to the Demon God!

How much strength would he have to pay?

“Princess, don’t worry. Natasha won’t be able to withstand such an increase. Just wait, she’ll explode.” At this moment, a trusted aide beside Princess Barbara spoke.

Princess Barbara stared at Natasha intently.

She wanted to attack Natasha.

But she knew that she could not take action now.

To attack now was disrespecting the fiend celestial!

In the Abyss, although it was extremely chaotic, there was a tacit rule when it came to Demon Gods!

As long as Princess Barbara was strong enough, she could defeat and subdue Natasha.

Princess Barbara and Natasha could also use the power of the Demonic God during the battle.

However, most of the time, the fiend celestials would not personally attack a Demon King.

This was because everyone had gods behind them.

That was only the case in most cases.

The Demonic God of the Abyss was moody, and many broke the rules.

However, if Princess Barbara were to attack Natasha, who was receiving the power, she would be like an enemy of the Abyssal Demon God.

This was not the Continent of Gods, and the Abyssal Demon God was not suppressed at all!

That was why Barbara would not take the risk to do so!

“Raising the Demon God directly is extremely risky. She shouldn’t succeed.”

The other Succubus also said.

However, as soon as the other Succubus finished speaking, Princess Barbara’s expression changed.

Because she had already sensed the aura of her kind from Natasha!

Each Demon God grasped some chaotic laws.

If the Abyssal Demon God did not hide it, these chaotic laws would give them a special aura.

This was the aura of a fellow Succubus!

Now, Natasha had the aura of a Demon God!

Doesn't that mean Natasha was going to succeed?

The Lord of Flame was so powerful!

Princess Barbara's heart was filled with shock!

As soon as the shock rose, she felt Natasha's aura change!

The surrounding air was cleared. Countless Succubuses were blown away by the energy tide that Natasha had triggered when she advanced! Natasha was surrounded by an evil aura that could not be dissolved.

She had already transformed into a true Demon God!

Abyss Demon God!

This time, the power Lin Yan had instilled was surprisingly effective!

Chapter 302: Abandoned Demonic God! Submit!

"She has become a Demon!"

Seeing this scene, Barbara's breathing froze!

Below, countless Succubuses were also shocked. Immediately, a large number of new generation's Succubus cheered!

In the depths of the Demonic Abyss, Natasha was floating in the air, feeling the powerful force surging out of her body. Her heart was filled with joy.

She immediately clasped her fingers and expressed her gratitude to the Lord of Flame.

Then, she put down her hand and looked calmly at Princess Barbara below:

"The Succubus Dynasty has been destroyed. We didn't attack the Abyss to restore your Succubus Dynasty but to reclaim the homeland of the Succubus and build a kingdom to protect the Great Lord of Flame. As for you, Princess Barbara, I give you two choices."

She paused for a moment before continuing:

"Submit, or die!"

Submit or die!

These words caused Princess Barbara's eyes to narrow.

"How dare you be so rude to the princess?"

Beside Princess Barbara, another legendary succubus shouted!

Natasha waved her hand lightly, and the legendary succubus felt an unparalleled power attack.

Her expression changed.

At the crucial moment, Princess Barbara made her move to block Natasha's attack.

The collision of Demon-rank power created an energy tide in the surroundings. In an instant, many lesser Succubuses or minions were sent flying.

"Retreat a little."

Seeing this, Yvette shouted.

The Succubus quickly retreated, leaving space over 20 kilometers in diameter.

There were only Princess Barbara, Natasha, and a few powerful Succubuses in this space.

"No one has spoken to me like this in thousands of years."

Princess Barbara spoke.

Even though Natasha had become the Demon King, Princess Barbara still decided to fight!

"This sentence, I will give it back to you!"

After Princess Barbara finished speaking, a pair of wings suddenly appeared on her back!

It was different from Natasha's dark purple wings.

Princess Barbara's wings were pure black!

That was the standard Demon Wings!

Following that, Princess Barbara rushed into the sky and fought with Natasha!

The power of the fight between the two Demon Gods was too shocking!

The Succubuses had already retreated 20 kilometers away, but after the two of them fought, they quickly realized that 20 kilometers were not enough!

Therefore, they had no choice but to retreat!

The sky in the Mobis Abyss was exceptionally high.

Princess Barbara and Natasha quickly fought in the air, creating a wave of energy!

"Who can win?"

Some Succubuses looked up at the sky.

Almost every new generation of Succubus wanted Natasha to win.

The new generation of Succubus had never seen the Succubus Dynasty a thousand years ago. Now that Natasha had led them, and the Lord of Flame had given them strength, of course, they recognized Natasha even more.

Even the old generation of Succubus, who had witnessed the strength of the Succubus Dynasty, actually had many Succubuses who wanted Natasha to win.

The Succubus Dynasty was indeed strong, but the strong Succubus Dynasty a thousand years ago was still defeated by the demons.

The current Princess Barbara had only inherited the power of the Queen of the Succubus Dynasty. What was she going to fight with the demons that had become more powerful?

But they followed behind Natasha and were victorious. Natasha even decided to attack the three Demon Dynasties soon!

Did Princess Barbara have the courage?

However, there were also some old Succubuses who had feelings for the Succubus Dynasty back then. They hoped that Princess Barbara would win!

It had not been three minutes since the start of the battle when a figure fell from the sky and slammed into the ground, creating a crater with a diameter of more than ten kilometers!

The lower Abyss was much stronger than the upper Abyss. However, Demon God-level battles, if fought on the ground, would often cause huge damage!

The demons looked one after another and wanted to know who hit the ground.

Soon, the dust dispersed and Princess Barbara flew out of the crater!

Seeing this scene, many Succubuses were relieved!

“You lost!”

In the sky, Natasha held a long sword in her hand, flapping her wings and hovering there. Her aura was astonishing!

“Defeat? Not yet!”

Princess Barbara took out a beating heart from nowhere.

“That’s... the Queen’s heart!”

An old generation of Succubus exclaimed!

Shockingly, that heart was the heart of the Succubus Queen in the Succubus Dynasty a thousand years ago!

That heart carried the power of the Succubus Queen!

The Succubus Queen back then was not weak!

After being seriously injured, she passed on her strength to Barbara and publicly dug out her heart to bestow it upon her.

Right now, that heart was still beating!

This was the standard, the heart of a demon!

If such a heart was obtained by a human and was not broken by luck, that human would become a legendary-level existence at the fastest speed!

There was even hope of becoming a Demon God!

As the Demon God, Barbara swallowed the heart in one gulp!

This kind of eating was not like eating.

Instead, her heart became her other energy center.

She now had the power of two Demonic Gods!

After eating that heart, Princess Barbara's aura continued to rise!

It quickly reached a shocking level!

This aura was even more shocking and terrifying than Natasha's!

That was the aura of a pinnacle of Demonic Gods!

The next step was the Great Demon God!

The Great Demon God, who was the Fallen Elven Queen Angstrom, was now equivalent to a Second Grade Saint Realm expert!

"Natasha, the power of the Queen's Heart is used less at a time. If I choose to use it all at once, I can even gain the power of the Demon God in a short period. The power of the Demon God is much stronger than ours. Even the power of the Demon King might not be enough to fight the Demon King. Submit. I don't want to waste my power."

Although Princess Barbara had just lost, she had regained her confidence after eating her heart!

Her voice was filled with confidence!

"Obsession!"

Natasha didn't waste any more words. She mumbled something and a terrifying evil flame descended from the sky.

Yes, Natasha had used her Divine Arts to bully her!

In the previous battle, Princess Barbara didn't use external force, so Natasha didn't use external force either...

Demonic God to Demon God.

But now that Princess Barbara had borrowed the power of the Queen's Heart, Natasha was no longer polite.

Princess Barbara's expression changed when she saw this. She suddenly closed her Demon Wings and blocked the Evil Flames.

However, the Evil Flames were too terrifying. Princess Barbara quickly realized that even if she used all her strength, she would not be able to block them.

"Pray. Where is the Abyssal Demon God behind you?"

Natasha walked towards Princess Barbara step by step from the sky.

When Princess Barbara heard her words, she was once again shocked. She was praying for the power of the Abyssal Demon God.

Natasha's guess was too accurate.

If there weren't any Abyssal Demonic Gods behind her, why would Princess Barbara rashly come out and seize power?

The fact that Natasha was the Lord of Flame's servant was well known among the Succubus.

Behind, Natasha stood a Demon God.

If Princess Barbara wanted to take Natasha's power, she had to find another Demon God!

However, the Abyssal Demon God behind her did not release any power.

Natasha finally walked in front of Princess Barbara. She placed her sword on Barbara's shoulder, which was resisting the endless stream of demonic flames, and said:

"Look, even your Demonic God has given up. My God's strength far exceeds your imagination. Given your special status and strength, I'll give you another choice."

With that, Natasha spat out the words:

"Submit or die!"

As a Demon King, Princess Barbara felt her mouth dry.

She had never thought that things would develop like this!

It wasn't just her who didn't expect it. The Succubus around her also didn't.

They had come to pick Natasha's fruit of victory.

However, they never thought that they would turn into lambs that were delivered to their door!

Natasha stretched out her hand and waved it gently. The demonic flames that seemed to be attacking Princess Barbara disappeared.

Now that she had become a Demon King, the power of the Evil Flames she summoned was astonishing!

Unless Princess Barbara could obtain the power of the Abyssal Demonic God, it would be very difficult to stop her.

This was the Abyss.

Not just the Continent of Gods, but the power of the Divine Arts had also increased by a factor of ten!

Natasha didn't say anything after the Evil Flames disappeared. She waited with a calm gaze.

After a long silence, Princess Barbara finally spoke:

"I am willing to submit!"

After she finished speaking, her entire body seemed to have fallen into a collapse.

"Gather your people and we'll head to the Secret Rocky Forest. Some friends are waiting for us there."

Natasha said.

Her eyes were filled with boundless coldness.

Since the leaders of the Demon territories had joined forces to deal with her, Natasha was quick to agree.

Princess Barbara's arrival did not mess up Natasha's plan.

Indeed, the arrival of Princess Barbara allowed Natasha to advance her plan.

Now, the Succubus had two Demon Gods, two ninth rank legends, and a large pile of the eighth-ranked legend!

Defeat the gathered Demon Lords and treat their servants as cannon fodder. Then they could attack one of the three great Demon Dynasties!

With so many Demon Lords, even the Three Great Demon Dynasties wouldn't easily clash with them, right?

However, Natasha was not afraid at all!

Chapter 303: Was defeated! To the Bat Demon Dynasty!

"Report, Big Lord Bick, the Succubus gave up a few lords in the east and directly charged over!" In the Demon Castle, a Demon came to report.

"Looks like they already know."

Hearing the Demon's report, Big Lord Bick stood up without the slightest trace of worry on his face.

There was even excitement.

The Dark Soul Demons were humanoid. If they were on the Continent of Gods, they could even take human form.

In ancient times, when the Abyssal Passage was opened, some Dark Soul demons had been hiding among humans for a long time. They could completely disguise themselves as humans.

But demons were demons. No matter how they disguised themselves, they were still demons.

Demons were all warlike!

"Big Lord Bick, our servant demon army has already arrived in the Secret Rocky Forest. We've already made preparations. It's been a long, long time since we've eaten the flesh of the Succubuses. Such fresh and tender flesh, it's hard to forget!"

A malevolent demon leader salivated.

"Lord Bick, did the Demon God respond to you?"

At this moment, another Grand Lord Collin spoke.

Big Bick raised his head and said, "Of course, did the Demonic God not respond to you?"

Commander Collin snorted softly, "I'm just worried about you. The Demon God of the Succubus Dynasty has long since fallen. Now that they've returned to the Abyss of the Demons, they must have found a new backer. The power of God could only be resisted by the power of God. Let's go, let these Succubuses see what a real demon is! "

After Grand Lord Collin finished speaking, he spread his wings and slammed into the dome of the castle, rushing out of the Demon Castle.

"This guy."

Big Lord Bick also spread his wings and rushed out.

They were followed by dozens of powerful Demon Lords!

The demon lords who were qualified to enter this Demon Castle had the weakest seventh-ranked strength. Not only did they have a large number of demon subordinates, but they also had a large demon army, as well as a large number of demon servants!

"Queen, the Forest is almost here!"

Under the dim sky, a succubus spy reported.

Natasha flew up into the sky and looked at the secret rock in the distance.

At this moment, above the dense rock, it was occupied by countless minions.

There were too many servant demons.

It covered the sky and land, occupying more than half of the thousands of kilometers of the dense Rocky Forest!

Looking around, there were servant demons everywhere!

On the Succubus side, there were also quite many Succubuses.

When Natasha reached the Abyss of the Demons, she had tens of millions of Succubuses and servants.

As she continued to fight in the Mobis Abyss, more and more Succubus gathered around her.

The number of minions increased even more.

The Succubus that had come to join her had brought a large number of demon hunters.

Natasha had also taken a large number of captive minions!

It could be said that her team was many times larger than when they first arrived at the Mobis Abyss!

However, the opponent's team was even larger.

After all, that was the alliance of two Demon Lords and thirty-two Demon Lords!

This was already the Demon Lord's Union in the Abyss, other than the three dynasties.

"They have more people than us, and they also have two Demon Lords. As far as I know, those two Demon Lords are both Dark Soul Demons. They have the blessing of the Dark Soul Demonic God, and their strength is even stronger. I can only deal with

one at most, and I have to leave the other to you, but our army may not be able to defeat them. Natasha... Queen, are you confident in this battle?"

Beside Natasha, Princess Barbara also flew into the sky. She looked at the endless army of minions and demons in the distance and asked.

After submitting, Princess Barbara was already trying her best to adapt to the new role.

However, she did not get used to it that quickly.

The combat strength of the Succubuses was indeed not high.

Even if Princess Barbara was a Demon King, she was not confident in defeating a ninth-ranked Demon Lord.

Many Succubus's combat power was on their Demon Hunters.

Princess Barbara also had Demon-Hunting Ants, but she did not nurture Demon-Hunting Ants.

If there were Demon King-ranked Demon Hunter Ants, it would be easier to deal with a ninth-ranked Demon Lord.

Natasha turned her head and asked:

"What do you think?"

Princess Barbara was stopped.

She was not sure.

Although she was the Demon King, the Demon King and the Dark Soul Demon King were two different things.

A thousand years ago, the demon king of the Succubus Dynasty was at the peak of the Demon King, but he was still defeated by two demons that had just ascended to the throne.

The Demon King of the succubuses was only slightly stronger than the legendary Rank of other demons.

Otherwise, Big Bick and Collin would not be so confident.

Natasha saw Barbara's expression and knew that Barbara was not confident enough.

That was true. Although Barbara was a demon king, she had experienced the annihilation of the Succubus Dynasty a thousand years ago. Her courage had long been scared out of her wits.

Otherwise, why had she never thought of counterattacking the Demon Bees Abyss after becoming a Demon King?

Natasha ignored her and ordered, "Everyone, attack!"

Facing an army of demons that far exceeded her, Natasha took the initiative to attack.

The dense army of Succubus moved!

At the front were countless scythe guards. Their upper limbs were not hands, but scythe-shaped weapons.

This kind of servant demon that used his body as a weapon was also quite powerful.

The Abyssal creatures used their bodies as weapons.

The Abyss was rich in resources. There were not many iron ores, but did you expect the Abyss creatures to use iron weapons?

Many powerful Abyssal creatures' bodies were harder than iron.

Of course, powerful demons would gather even rarer substances and elements to forge their weapons, but that was limited to powerful ones.

The scythe was followed by a large number of Soul Strikers and Life seizures. Among the Soul Strikers and Life seizures, there were also a small number of giant berserk Demon Dragons.

This was a black Earth Demon Dragon that looked like a sword-backed dragon. The difference was that its tail was carrying a sledgehammer. In battle, its tail was an extremely sharp weapon. When it swung its tail, even a bear warrior with a heavy shield might not be able to block it.

The demon servants rushed towards the forest like a tide.

"Let's go, Barbara. Bring your people and we'll deal with those Demon Lords. There's no need to waste too much energy in this battle." After Natasha finished speaking, she took the lead in flying towards the Forest.

Behind her, Yvette, Enos, and a large number of her trusted aides followed her towards the Forest.

As for Barbara's eighth-ranked and ninth-ranked Succubus subordinates, there were still doubts on their faces.

They had experienced the war when the Succubus Dynasty was destroyed a thousand years ago, and they knew how terrifying these demons were.

"Erika, let's follow."

Princess Barbara saw that Natasha had already flown out, and she finally made a decision. She led her people to follow.

"How dare they attack?"

In the sky, Big Lord Bick looked at the incoming Succubus army and was a little surprised.

"You're overestimating yourself. Send your servant demons to attack and finish off the Succubus army. The Lords above an eighth rank will follow me. Our opponents are the guys in the sky. Tsk tsk, the thought of breaking the neck of a Demon King right away makes my blood boil."

An excited smile appeared on Lord Collin's face.

Its neck had turned exceptionally red. The next battle made it feel particularly exciting.

"Kill!"

Lord Collin flapped his wings and rushed out.

“This guy.”

Big Lord Bick shook his head and followed.

Behind them, more than twenty eighth-ranked demons spread their wings and led a large number of demons towards Natasha. The speed of both sides was not slow. Even if the battlefield was hundreds of kilometers wide, with the speed of both sides, they would soon be close!

“This is the Demon King? He’s not bad, Bick, don’t hit him hard. I’ll keep him and torture him.” Lord Collin saw Natasha from afar, and a cruel smile appeared on his face.

Most demons were not interested in women.

Demons preferred to treat the succubus as food.

However, the Dark Soul Demon was an exception.

But what they liked was not the Succubus, but the twisted pleasure of torturing the Succubus!

Natasha was only a little Succubus.

However, after becoming Lin Yan’s servant, her strength, mentality, and temperament had undergone a tremendous change.

She was now a standard Charm Queen.

She had the temperament of a Succubus Queen.

This kind of temperament was fatal to the attraction of a Dark Soul Demon like Lord Collin.

The moment he thought about how he could torture Natasha, Lord Collin’s blood boiled once again.

His strength was also constantly increasing.

Close, close!

Lord Collin could already clearly see the coldness in Natasha’s eyes.

“You are mine!”

Lord Collin laughed loudly. He pulled out his weapon and rushed towards Natasha.

In the Abyss, most demons liked close combat. Their bodies possessed extremely strong defense and recovery abilities. As a ninth-ranked Demon, Lord Collin could even resist the most legendary-ranked magic head-on without using any defensive equipment!

Most demons were strong because of their bodies!

Against such demons, energy attacks like magic were not effective!

“Collin, you’re going too fast!”

Behind him, Big Lord Bick shouted.

“I can’t control it anymore. Let me try what the Demon King of the Succubus has!”

Chapter 304: Was defeated! To the Bat Demon Dynasty!

Chapter 304: Was defeated! To the Bat Demon Dynasty!

Lord Collin's entire body grew larger as he laughed loudly.

The power in his body was boiling.

Close, even closer!

In the blink of an eye, the distance between Lord Collin and Natasha became less than a kilometer. Such a short distance, for two powerful demons, it was almost a blink of an eye!

In the blink of an eye, Lord Collin and Natasha passed by each other!

The Demon King was nothing more than that! "Hahahaha~"

Lord Collin's wild laughter rang out.

"Collin, your head!"

Behind him, the voice of Big Lord Bick was heard.

"What happened to my head?"

Grand Lord Collin didn't notice it at all and continued to laugh.

It was only when its head fell to the ground that Grand Lord Collin suddenly realized that its head had fallen off its neck!

Lord Collin noticed a hysterical roar.

It was about to collapse!

Its head fell off!

As a ninth-ranked Demon, his vitality was incomparably strong. Lord Collin's Demon body had already flown over, trying to restore it.

But immediately, the energy in the wound exploded.

Lord Collin's head was directly burned to ashes by the flames!

In less than a breath's time, a Demon Lord who was arrogant but incomparably powerful was beheaded by Natasha and killed instantly!

Natasha's strength completely exceeded the expectations of all demons!

Even Princess Barbara's eyes narrowed.

The low combat power of the Succubus was acknowledged.

No succubus was willing to fight the demons in close combat, even the Succubus Demon King.

In terms of image, the succubus was equivalent to a magister among demons, but on the demon's skin, the resistance of all magic was naturally over 90%, and once the Succubus was close to the Demon, they would die.

How was he supposed to fight?

However, Natasha not only went head-to-head with a Demon Lord, she even killed that Demon Lord in an instant!

This strength was truly terrifying!

Only now did Princess Barbara realize that Natasha had not used her full strength in the battle a few days ago!

They were both Succubus, why was Natasha so strong?

Could it be because of the Lord of Flame?

On the battlefield, Natasha did not stop after killing Grand Lord Collin. She flapped her wings and turned into a ray of light, charging towards Grand Lord Bick!

“Flee!”

As the Demon Lord, Big Lord Bick escaped without fighting!

Originally, it and Lord Collin were full of confidence.

The two Demon Lords joined hands to exterminate a Demon King. They were all excited.

However, reality gave them a fatal blow.

Natasha’s strength was probably not much weaker than the powerful Demon King.

That’s right, in the hearts of Grand Bick and Collin, what kind of demon was the Succubus?

The Succubus’s body was so weak that the attacks of the Succubus did not pose much of a threat to them. Only the Demon-Hunting Ants they raised were a threat.

But it was not their strength. The Demon hunters could not stop the demons from decapitating the Succubuses that controlled them.

But now, where did this Succubus come from?

Could this Succubus be a demon wearing succubus skin?

Big Lord Bick could not understand.

However, they did not need to understand.

It only needed to know that the opponent was incomparably powerful. It had to run!

But could he escape?

Natasha flapped her wings and suddenly disappeared. She reappeared in front of Big Lord Bick!

“You came!”

The corners of Big Bick’s mouth curled into a smile of success!

As the Demon Lord, it was impossible for it to just run away.

When it escaped, it was already praying for the power of the Dark Soul Demon God!

“Boom!”

A powerful force descended from the sky!

The Demonic God behind the Dark Soul Demons, the Dark Soul Demonic God finally released its power!

Because Lord Collin had died too quickly, he didn't even have the chance to pray for the Demonic God to release his power!

Big Lord Bick's body expanded several times, and a layer of black light appeared on his body!

The power of the Dark Soul Demon God not only increased the power of Big Lord Bick, but it also added a layer of the shell to it!

After Big Lord Bick's strength soared, he flapped his wings and charged at Natasha.

It would take a certain amount of time to pray to the Demonic God that the power was equivalent to a Divine Skill.

This was different from Lin Yan pouring power into Natasha. The power he infused was permanent, and the power he prayed for in battle was temporary.

Big Lord Bick would not give Natasha time!

Natasha glanced at it lightly.

What awaited Big Lord Bick was an evil flame!

Evil Flames!

The powerful Evil Flames instantly broke through the dark light on Big Lord Bick's body!

After the two of them were neutralized, the Evil Flames' power was weakened by more than half, and Big Lord Bick was able to take it head-on.

But Evil Flames only needed to break through that layer of Divine Light.

The remaining sword in Natasha's hand was enough!

In just three seconds, Big Lord Bick's scream rang out.

Its head had been cut off by Natasha!

Princess? Barbara was completely stunned!

"Princess, this... this..."

Behind Princess Barbara, her subordinates all looked as if they had seen a ghost!

Natasha's strength far exceeded their expectations.

"She is not the same kind of person as us!"

After a long while, Princess Barbara sighed.

Now, Princess Barbara finally knew where the gap between her and Natasha was.

It was not just the difference in strength.

The difference in their mentality was the real difference!

Natasha had an unstoppable momentum and faith, but she did not!

Natasha seemed reckless, but her every step was steady. Her gaze and ambition were many times higher than Princess Barbara's. Princess Barbara realized this and finally understood the difference between them!

"No wonder that Abyssal Demon God valued her so much."

Princess Barbara could not help but think!

"The two lords are already dead. Demon Lords who don't want to die will surrender within 30 seconds. I will spare your lives!" In the sky, Natasha lifted the Big Lord Bick's head with her sword, and her cold voice spread throughout the audience! In front of Natasha were a large number of Demon Lords.

These Demon Lords were mainly eighth-ranked. They also carried a large number of demon warriors.

Since Grand Lord Collin and Grand Lord Bick were flying too fast, these demon lords fell behind. They could see how the two ninth-ranked Grand Lords were easily killed by Natasha!

Natasha's strength was so strong that they were terrified!

The two ninth-ranked Lords joined forces and even possessed the power of the Abyssal Demon God. They were not even qualified to fight Natasha!

"I surrender, I surrender!"

Among the Demon Lords, Lord Barcelona shouted.

This guy had already dropped once, so he did not mind casting a second time.

With it taking the lead, the remaining Demon Lords surrendered.

"In the past, the Queen never took demon captives. I wonder why she took so many demon captives this time."

Among the Succubuses, a Succubus whispered.

Then they knew why.

Because Natasha's voice sounded again:

"Lead your army as the vanguard and attack the Bat Demon Dynasty for us!"

"Ah, what? Attack the Bat Demon Dynasty?"

A Demon Lord thought he had heard wrongly and shouted.

Natasha slashed down and killed the Demon Lord.

"Does anyone else have any questions?"

Natasha said coldly. The other Demon Lords said.

"Let's fight, let's fight."

His life was more important. As for attacking the Bat Demon Dynasty, it would at most be the death of the minions. At worst, he would have to pay for all the demons. Once they fought with the Bat Demon Dynasty, it would be chaotic, and they would be able to escape.

These Demon Lords were thinking about it.

For these Demon Lords, other than himself, everything else could be sacrificed!

Natasha did not care what the Demon Lords were planning. As long as they drove the minion army to be the vanguard, it was enough.

This was also the reason why she chose to fight quickly.

This war hadn't even started yet, but she had used her absolute strength and thunderous methods to kill it.

Soon after, the army of over thirty Demon Lords and the armies of Big Lord Bick and Big Lord Collin moved.

They walked in front of the Succubus army and rushed towards the territory of the Bat Demon Dynasty!

Natasha was about to start a war with the Bat Demon Dynasty!

Chapter 305: Empty Bat Dynasties!

In the Mobis Abyss, the territory of every Demon Lord was quite large.

For example, Lord Barcelona's territory was even larger than the Xi Ling Kingdom.

It was normal to think about it.

Lord Barcelona was an eighth-ranked Demon Lord.

The strongest in the previous Xi Ling Kingdom was only a peak seventh-ranked.

Besides, the land in the Abyss was not worth much.

The territory of the three Demon Dynasties was vast.

There was no clear line between territories.

There was no clear boundary between the borders of the three Demon Dynasties.

These three Demon Dynasties were also made up of a large number of Demon Lords.

It was just that these Demon Lords were of a single type.

Moreover, the Demon Lords at the edge of the Demon Dynasty would always be weaker.

For example, at the edge of the Bat Demon Dynasty, there were a large number of sixth-ranked Bat Demon Lords. They formed a line and guarded the border for the Bat Demon Dynasty.

"Up ahead is the boundary of the Bat Demon Dynasty."

In the sky, Yvette said to Natasha.

Many days had already passed since the battle with the Secret Rock Forest.

The army led by Natasha took almost two weeks to reach the border of the Bat Demon Dynasty from the Secret Rock Territory.

The distance they had traveled in the past two weeks was shocking.

After all, the minion did not need to rest.

They were also quite fast.

They could march over a thousand kilometers every day!

From this, one could imagine the depth of the Mobis Abyss.

Of course, it could not be compared to the Continent of God!

Hearing Yvette's words, Natasha nodded gently and said:

“Send my order, attack directly.”

In the back, Princess Barbara hesitated.

She wanted to persuade Natasha to gather some more Succubuses before attacking.

After a thousand years of development, the three Demon Dynasties had become incomparably powerful.

Every demon dynasty had countless powerful demons.

There were even Demon Kings.

Of the three demon kings, two were already Demon Kings a thousand years ago.

After a thousand years, how powerful would these two Demon Kings become?

In addition, the number of their demon army was also shocking!

With these people in their hands, how could they fight them?

However, after two weeks of standing in the jungle, Princess Barbara had gained a new understanding of Natasha.

She knew very well that every time Natasha made a decision, it seemed like she was rash, but in fact, it was considered carefully and she was confident that she would win!

In addition, throughout Natasha's battles, she seemed to have never been defeated!

Not even a single time!

In the Abyss, losing was not shameful.

Even some of the Abyssal Demon Gods were often defeated.

For demons, as long as they were alive, everything was possible.

But Natasha had never lost!

The most important thing was that Natasha did many things. In Barbara's eyes, it was extremely risky, and the failure rate was very high!

She had only led ten million Succubuses into the Demonic Mobis Abyss.

She was not a Demon King, but he started a war everywhere.

But Natasha's risky actions had received many miraculous effects!

Natasha had never been defeated!

That was why Barbara hesitated and swallowed what she wanted to say!

Under Natasha's order, with the thirty-odd Demon Lords as the vanguard, countless armies charged into the territory of the Bat Demon Dynasty.

But to Natasha's surprise, they did not encounter any resistance!

"Queen, the Lord of Bat Demons has long since disappeared. We only found a dozen or so servant demons guarding the castle. They can't tell where the Lord of Bat Demons has gone."

A succubus came to report.

Natasha flew above the castle.

This Bat Demon Lord's territory was indeed empty.

In the entire territory, there were only a small number of newly born Abyssal creatures. Not a single one of the Lord's minions and demons could be seen.

"Where did they go?? Could it be that they knew that we would come, so they ran away?"

Natasha could not help but feel strange.

"Continue marching."

Natasha said.

As for the specific situation, she would continue to go deeper into the Bat Demon Dynasty.

The army once again charged towards the hinterland of the Bat Demon Dynasty.

"Queen. The Lord of Bat Demons is gone!"

A few hours later, another Succubus came to report.

"Gone again?"

Natasha and the others flew into the sky.

Up ahead was the territory of a Lord of Bat Demons. However, that territory was now empty.

The territory was not small. It was tens of thousands of square kilometers. Based on the density of the living creatures in the Abyss, the Lord had at least a few million minions and tens of thousands of demons.

But now, not only did the demon army not see one; even the servant demon army disappeared without a trace.

It was not easy to hide the army of several million servants.

Moreover, there was more than one Lord of Bat Demons!

“Send people to search both sides. We'll continue to go deeper.”

Natasha said.

The army continued to go deeper into the Bat Demon Dynasty. A large number of Succubuses who could fly flew towards both sides.

Soon, they brought back information.

Around the army, a large number of Lords of Bat Demons, as well as their demons and servants had disappeared.

A few hours later, a new Lord of Bat appeared in front of him.

To his surprise, the territory was still empty!

“What happened?”

At this moment, Natasha's intelligence was a little confused.

Natasha called Princess Barbara, and Princess Barbara couldn't understand as well.

“Queen, could it be that the Bat Demon Dynasty knows that we are coming, so they are waiting for us in a place?”

At this moment, Yvette said.

It was possible.

Natasha thought for a moment and said in a low voice, “Let's go deeper into the heart of the Bat Demon Dynasty.”

This was the best idea!

There couldn't be anyone in the entire Bat Demon Dynasty, right?

Natasha led the army all the way.

Soon, another Lord of Bat Demons' territory arrived.

This Lord of Bat Demons' territory was still empty.

This was the third Lord of Bat Demons they had encountered since they had entered the Bat Demons Dynasty.

Then, the fourth, fifth, sixth...

There were even more Lord Bat Demons around him.

However, whether it was the surrounding area or the territory of the Lord of Bat Demons that they encountered along the way, they were all empty.

All the Demon Castle was empty. There was nothing inside except for a dozen or several hundred servants.

Natasha was determined to fight.

However, he never expected to encounter such a situation.

“Why do I feel like the entire Bat Demon Dynasty is empty?”

Yvette muttered.

As time passed, they went deeper and deeper.

But he was getting more and more shocked.

Along the way, they had not encountered a single Bat Demon!

It was like the entire Bat Demon Dynasty was empty!

The Succubus, who had been sent by Natasha to scout the way, kept feeding back the situation.

On both sides of the army, far away from the army, it was still empty.

There were no bat demons!

Many demons feel confused.

They had never encountered such a situation before.

“Yvette, your speed is fast. You fly to the imperial city of the Bat Demon Dynasty to see the situation.”

Natasha said.

Yi Wei nodded and quickly flew to the imperial city of the Bat Demon Dynasty.

As for Natasha, she had to follow the Succubus army to prevent accidents.

A day passed, and Yvette returned.

“Queen, the imperial city of the Bat Demon Dynasty is also empty!”

Chapter 306: Demon Battlefields! The Pyramid Throne!

“The imperial city of the Bat Demon Dynasty is also empty?”

Natasha frowned.

“Yes, Queen. The city of the Bat Demon Dynasty has almost disappeared, leaving only a few buildings.” Yvette continued.

“Even the buildings disappeared?”

Enos, who was beside Natasha, said in surprise.

Yvette nodded.

“It’s empty, Queen. How strange, why did they suddenly disappear?” Another Succubus said.

“Yeah, so strange.”

The Succubuses were discussed.

This abnormal scene made the entire Succubuses confused.

“Queen, where are they going?”

Enos asked.

Natasha did not know this question either.

Each of the three Demon Dynasties had thousands of Demon Lords, and these Demon Lords had an endless army of demons and minions!

So many demons and minions suddenly disappeared!

Natasha did not believe that the Bat Demon Dynasty would withdraw everyone because they sensed the attack of the Succubuses!

The Bat Demon Dynasty was incomparably powerful and possessed a powerful Demon King. How could it be afraid of the Succubuses?

The Bat Demon Dynasty had been standing in the Behemoth Abyss for more than a thousand years. This had never happened before, so the current situation, no matter how one looked at it, was not right.

Natasha called a few demon lords and asked, “Do you know what happened in the Bat Demon Dynasty?”

“Lady Charm Queen, I don’t know.”

A Demon Lord stammered, afraid that Natasha would kill it.

“I don’t know either..”

Not a single Demon Lord knew.

“I remember now. Not long ago, the Bat Demon Dynasty bought a large number of servant demons from us. The price was not low. I sold half of the servant demons; otherwise, I would have more servant demons. I think the abnormal situation of the Bat Demon Dynasty has something to do with this matter.”

At this moment, a Demon Lord spoke.

“That’s right, that’s right, that’s right. I also sold half of the minion.”

Another Demon Lord said.

Most of the Demon Lords present had sold more than half of their minions.

Apart from that, they did not know any more information.

“This kind of thing happened a hundred years ago. Every hundred years, the Bat Demon Dynasty would buy a large number of minions from us. It is precisely because of this that we had minions.”

A Demon Lord said.

“Queen, I think I know where they went.”

At this moment, Princess Barbara thought of something and whispered beside Natasha.

After saying that, she stretched out her hand and made a light stroke in the air.

As she moved, a blank map appeared in front of her.

Princess Barbara stretched out her hand and drew three equilateral triangles above the map.

These three equilateral triangles represented the three Demon Dynasties. Together, they took up more than half of the area of the Abyss.

These three equilateral triangles each occupied a direction. In the middle of them, there was a blank area!

Princess Barbara pointed at the empty area and said:

“Queen, they should be here! But I’m not sure what they’re doing.” Natasha looked over.

“Yvette, go and take a look at the situation. The others follow me!” ?Natasha’s voice echoed throughout the battlefield.

There was no one in the Bat Demon Dynasty, anyway. Natasha did not want that?land.

Without defeating the army of the Bat Demon Dynasty, it was useless to occupy this empty land.

The Bat Demon Dynasty dared not leave a Demon Lord to defend. This meant that they were not afraid of other Demon Lords occupying this land.

The Abyss was different from the Continent of gods.

Humans liked to guard cities, but there were few decent cities in the Abyss.

The so-called city was just a gathering place for Abyssal creatures.

The city walls rarely existed.

After all, the destructive power of the Abyssal creatures was astonishing.

Even a hundred meters thick wall could not withstand the violent destruction of a powerful Abyss Lord.

Moreover, demons could fly, so the city walls were useless.

After Natasha gave the order, the mighty army charged towards the empty space in the middle of the three dynasties. The open space was not small, and it was about one-tenth the size of the Mobis Abyss.

Meanwhile, Yvette and a few seventh-ranked?Succubuses took the lead and flew towards the empty space.

Their flying speed was not slow.

A day later, they finally flew there.

Then, they saw the thick black clouds in the sky!

This black cloud covered the sky and covered the land. It was incomparably thick!

What was even more shocking was that in the black clouds, countless demons were fighting endlessly!

Under the black cloud...

It was a dense mass of Abyssal creatures that could not be seen with their eyes!

“Many demons!”

Seeing this scene, Yvette’s eyes narrowed!

On this battlefield, there were too many demons!

In his field of vision, there were demons everywhere!

The number of minions on the ground was even more terrifying.

That was an indescribable servant demon!

On the battlefield, there were some huge doors. From these doors, countless minions were still rushing out! These were some dimensional portals with teleportation functions!

Yvette did not dare to fly too close. With her eighth-ranked strength, flying in the high sky; she was unable to this battlefield!

The size of this battlefield was beyond imagination!

“So they came here, Lord Yvette. Is this the war between the three dynasties?”

Behind Yvette, a succubus muttered.

The number of demons here was simply too shocking!

Not to mention the minions, those were more than a hundred times the number of demons!

“Let’s go back and report to Queen Natasha!”

Yvette memorized the situation of the battlefield in her mind and then brought a few Succubuses back.

This time, in less than a daytime, they met the Succubus army!

Yvette flew over and reported the situation of the Demon’s Battlefield to Natasha.

“Demon battlefield?”

Natasha whispered.

Yvette nodded and said, “Yes, Queen, there are too many demons there. I estimate that the demons of the three dynasties are all there.”

“Is there a war between the three dynasties?”

Natasha pondered for a moment and said:

“Yvette, how long did you use it?”

Yvette said, “One day!”

Natasha said, "We're marching with all our strength. It'll take ten days. They're almost done, right? Let's go, let's go there and start the war we need!"

The Succubus army began to rush towards the demon battlefield at full speed!

Natasha was always above the army to prevent any accidents.

Natasha's estimate was accurate.

Ten days later, the battlefield of demons appeared!

However, what she did not expect was that after ten days and ten nights of fighting, the number of demons and minions on the battlefield was not small. Instead, it kept increasing.

The range of the battlefield was much larger than when Yvette arrived!

"Queen, what should we do? You want to fight?"

Seeing this situation, Yvette instantly lost her mind!

This battlefield was too chaotic. It was impossible to see who was who.

There was a chaotic battle between the various minions.

The demon and the demon fought endlessly. It was like a pot of stew!

Natasha looked at the thirty or so surrendered Demon Lords and said:

"Send your men first."

The thirty-odd Demon Lords who had surrendered looked bitter.

But not a single Demon Lord dared to object!

These thirty Demon Lords had a huge army of minions. Under their control, these huge minions charged towards the battlefield!

Even though the battlefield was huge, the minions on the edge were not strong enough to withstand the attack of the 30 Demon Lords.

Under Natasha's urging, more than thirty Demon Lords led their demon army and rushed into the black cloud.

"You guys stay here; I'm going to take a look!"

After Natasha finished talking to Yvette and Princess Barbara, she turned into a ray of light and rushed into the black cloud.

After the thirty or so Demon Lords charged into the black cloud, a few demons' yelps rang out.

Natasha flew to the front. With a wave of her hand, she could take away a large number of demons.

"What a weak demon," Natasha said to herself.

These demons were not strong!

Natasha flew towards the middle of the battlefield.

She wanted to see what was going on this battlefield and why so many demons were gathered! Her speed was quite fast, but the deeper she went, the more shocked she became.

This battlefield was too big!

The area between the three dynasties was probably filled with an endless army of minions!

How many servant demons were there!

And in the black clouds in the sky, the number of demons was also shocking!

Demons were fighting endlessly everywhere!

“What is that?”

Natasha suddenly noticed a black chain hanging out from the black cloud.

The chain fell from the black cloud to the ground.

And the upper end was connected to that place.

Natasha flew close to the chain. From her senses, there seemed to be something strange flowing within the chain.

She flapped her wings and flew up the chain.

This black cloud was quite thick.

The higher up, Natasha realized that the demons above were much stronger!

It seemed that the powerful demon was not in the middle of the battlefield.

It was above the black cloud!

Some blind demons came to attack Natasha, but these demons quickly regretted it. The demons fell like raindrops in the area where Natasha flew! Ten minutes later, Natasha finally flew out of the black cloud!

Then, she saw the building complex!

It was a group of Demon Castles floating in the sky!

The city of the Bat Demon Dynasty!

These Bat Demons had moved all of their imperial city?over, and they had even reached the sky!

But the dark chains were not connected to the demon castle.

It was connected to a tower of gold in the sky!

At the top of the gold tower, there seemed to be nothing, but if one looked at it with the unique gaze of a demon king.

One could see that there were various rules interweaving, forming a grand and solemn throne filled with evil!

No, that was no longer the throne!

That was the Divine Priest!

“That’s.....”

Just by looking at the tower, Natasha felt an unimaginable pressure!

Then, Natasha felt as if a terrifying will was awakening on the golden tower.

Chapter 307: Throne of God! Will descended!

“Shit, it’s bad luck to be driven to fight these smelly bats!”

In the sky, a Demon Lord cursed.

In front of it, not only were there Bat Demons but there were also two other kinds of Demons.

These two Demons belonged to the other two Demon Dynasties.

At this moment, the three Demons were fighting each other.

And they were the forces of the fourth party that joined the battlefield, the forces of the Succubus!

The surrendered Demon Lord was intimidated by Natasha’s strength and led its Demon army into the black cloud.

“These guys are really weak.”

This Demon Lord did not show any mercy.

“What are the three dynasties doing? You hit me; I hit you, a three-way scuffle? Could it be that there are too many demons and minions, so they have to consume some?”

The Demon Lord could not help but think.

At this moment, it suddenly felt a terrifying will!

This will quickly be swept across the battlefield, making all the Demons and minions tremble!

Then, both the minion and the Demon fell into an even crazier battle.

Even the Demon Lord could no longer suppress the fighting spirit in his heart and began to attack the Demon in front of him!

Above the thick black cloud, Natasha’s eyes narrowed!

Her instincts told her that something terrifying would have far surpassed her rank.

That Pyramid was not something a Demon King-ranked existence could possess!

The throne on the Pyramid was intertwined with a lot of rules and power. It was the throne of God!

This way, the origin of that terrifying will was very clear!

“Queen, quickly, lower your head!”

At this moment, Natasha heard Princess Barbara’s voice!

Natasha lowered her head when she heard that and looked at Barbara. Barbara’s eyes were fixed on the Demon Castle. She did not dare to look at the Pyramid above!

After Natasha lowered her head, in the high sky, above the Pyramid, the awakened terrifying would finally stop moving!

But in the next second, a jet-black beam of light descended from the sky and charged towards Natasha.

“I’ll help you!”

Princess Barbara and Natasha attacked at the same time. The energy waves of the two Demon-rank existences surged, and the pillar of light finally blocked it!

“What is that?”

Natasha asked.

Although she was powerful, in terms of knowledge, she was still inferior to Princess Barbara, who had lived for thousands of years.

“If I’m not mistaken, that Pyramid should be a God’s Throne constructed from a phantom godhood!”

Godhood phantom! Throne of God!

These words made Natasha’s face turn cold!

.

Since it was the throne of God, the identity of the terrifying Will at the top of the Pyramid was almost certain!

That was the will of an Abyssal Demon God!

Heavens!

There was the will of an Abyssal Demon God!

Although it was not the Demonic God of the Abyss who had personally come, it was also exceptionally shocking!

And that beam of light might be the punishment that the Abyssal Demon God casually sent down.

God could not be seen directly.

Even if it was just the will of the Demon God!

The Demons would do not avoid Natasha and Barbara, so they could hear the message from the Demons will.

“Since they’re here, let’s deal with the Succubus first. They have a lot of servants and Demon Lords, so they can offer them to the three Demon Gods.”

The will of the Demon Bat King came from nowhere.

“That’s exactly what I want. How much can we snatch? Everyone can rely on their abilities.”

The will of the other Demon also vibrated this space.

Following that, a large number of Demons rushed out from the black cloud, rushing towards the thirty Demon Lords and their Demon army that Natasha had captured!

“Damn, so many!”

The Demon Lords who were fighting were dumbfounded!

On the ground, all the minions on the battlefield changed their targets almost at the same time.

They rushed towards the servant Demon army under the thirty Demon Lords!

The servant Demon army under the thirty Demon Lords could not hold on any longer and began to collapse!

In the sky, even though the thirty-plus Demon Lords were quite powerful, and their Demon army numbered in the tens of millions, they still could not block the combined forces of the three dynasties!

“Get out”

These Demon Lords were all ordered to retreat!

Soon, they retreated above the Succubus army, but the Demons of the three dynasties also chased after them!

“Queen, everyone from the three dynasties is attacking us at the same time. They can’t hold on any longer. Are we fighting or fleeing?”

At this moment, Yvette sent a special message to Natasha!

“Pray, Natasha. Otherwise, even if we were to fight, the Great Lord of Flame would not receive any benefits!”

Beside Natasha, Princess Barbara said.

“The Queen’s heart tells me that this is the battle of the three dynasties. The Abyssal Demon God behind the three dynasties has locked down this battlefield through the Throne of God. The Lord of Flame has surrendered to the Throne of God. Otherwise, even if we kill billions of Demons, the Lord of Flame will still not get the benefits he deserves!”

Princess Barbara said again!

There was not only power in the Queen’s heart.

There were also some special memories.

These memories would only be activated on special occasions.

Therefore, Princess Barbara could not be blamed for not saying that when she did not see the Pyramid in the sky, she did not know what the three dynasties were up to!

Only now did the Queen's heart allow her to have some new memories.

The battle of the Gods!

Natasha understood!

The three dynasties launched a battle of sacrifice once a hundred years. Not only did they gather an unimaginable number of minions in the Abyss of the Monsters, but they also raided a large number of minions in the middle and, upper ranks of the Abyss. Then, they threw themselves into this huge battlefield, allowing them to focus on killing and pleasing the Abyssal Demon gods behind the three dynasties!

After all, if a dynasty wanted to exist for a long time, the Abyss Demon God behind it was the key.

The main reason why the Succubus Dynasty was destroyed a thousand years ago was that the Abyss Demon God behind the Succubus Dynasty had fallen!

In the Abyss, the war between the Demonic Gods was much more brutal than the war between the deities of the Heavenly Realm.

The Abyss Demon God would fall from time to time!

"Yvette, order all succubuses to fight!"

Natasha first gave Yvette an order and then prayed.

On the ground, Yvette received Natasha's order and also gave the order to fight!

Instantly, the Succubus army moved!

The Succubuses were the first to move.

The sickle guard took the lead, the servant Demon army of the three dynasties.

Then the soul peeler, the killer, and finally the Demon Hunting Ant!

"Tsk Tsk, these Succubuses will only hide behind the Demon-Hunting Ants. Bat Demons, you are in charge of those miscellaneous Demon Lords. The other Demons will follow me to kill these Succubuses!"

In the sky, a Demon with extraordinarily large wings said.

This was the Winged Demon!

Their wings were exceptionally powerful, and they were powerful weapons.

Countless Winged Demons followed the largest Wing Demon towards the Succubus army.

Chapter 308: Throne of God! Will descended!

In the past, the Succubus army had been defeated by them in such a way.

The Succubus relied too much on the Demon Hunter Ants. Once the Demons bypassed the Demon Hunter Ants and attacked them, they would not be able to fight back. Meanwhile, the Demon army of the thirty-odd Demon lords started to fight the Bat Demons!

At a time like this, the thirty-odd Demon Lords couldn't betray or surrender.

Because the three dynasties had decided to capture them all in one fell swoop and dedicate them to the three Demon Gods in the endless sky!

In an instant, in the sky, there were tens of millions of Demons fighting.

Looking up, the Demons covered the sky; the scene was incomparably spectacular!

On the ground, the minion Demons with a unit of "hundred million" were in a chaotic battle.

After the Succubuses joined the battle, they managed to withstand the attacks of the three dynasties. With the addition of the Demon Hunter Ant, the Succubuses even returned.

After all, although there were many servant Demons in the three dynasties, the ones at the forefront were the entire servant Demons at the edge of the battlefield. They were not strong!

Not long after the battle began, the densely packed Winged Demons charged towards the Succubuses behind them!

What awaited them were Demonic Flames that soared into the sky!

"What kind of flame is this?.."

The Winged Demons cried out in shock.

"I'm praying now. It's too much. Your Succubus race has never had the protection of a good Demon God. Even if your Demon God heard your prayers, he wouldn't dare to interfere in the hunting ground of the three Demon Gods."

In the sky, while Natasha was praying, a Bat-like Demon walked out!

It was the Demon Bat King!

The Demon King of the Bat Demon Dynasty!

"I thought you could replace the Demon Bat King and become our new opponent, but now it seems that your Succubus race can't help you up. It's a pity that you two Demon kings..."

Not long after the Demon Bat King came out, another Demon King appeared from another direction.

The reason why the Demon Bat King had not appeared before was that it was waiting for the other two Demon Kings.

It was very cautious.

Although the Succubuses were weak, they still had two Demon Kings. Without absolute certainty, they did not show themselves.

"Tsk Tsk, what a delicious feeling. I haven't eaten Succubus meat in a long time."

Another Demon King walked over from another direction.

At this point, all three Demon Kings appeared.

But they had not made a move yet.

They were waiting.

“The battle of the gods, the Throne of God.”

In the Dark Abyss, Lin Yan whispered.

Lin Yan looked at his virtual godhood. In the virtual godhood, the growth of Dark Faith had become extremely slow.

Only the Fallen Elves were still contributing to the Dark Faith.

On that battlefield, such a large-scale war did not contribute much to the Dark Faith.

Princess Barbara was right.

.

The three Demon gods had used the throne to lock down the area.

The three fiend celestials did not descend to their true bodies.

However, their will had only descended. There will be above the throne, and they coldly looked down on the entire battlefield.

That was equivalent to the three Dynasties paying tribute to them!

How much they could obtain depending on the overall combat strength of the Three Dynasties.

Regardless of whether it was them or the Demon King-ranked existences, none of them interfered with the war below.

If Lin Yan wanted to take a share of the battle, he had to build his throne and use his will to bring God's Throne to the battlefield.

But that was equivalent to stealing food from the rice bowls of the three fiend celestials.

But if Lin Yan did not descend, it would be equivalent to admitting defeat and giving up on the Succubus race.

As long as Lin Yan hesitated for a long time, the three Demon Kings would attack.

Lin Yan glanced at his panel. He was now an eighth-ranked Extinguishing Flame.

It had 100% of the rules of four doors, more than 50% of the rules of five doors, and a lot of other rules below 50%.

“The God's Throne is not difficult!”

Lin Yan muttered to him.

Following that, he mobilized a large amount of dark faith and converted it into Chaotic Divine energy.

Then, Lin Yan activated his virtual godhood!

In the middle of the battlefield, Natasha was still praying.

Princess Barbara was on guard against the three Demon Kings.

However, the three Demon Kings still had no intention of making a move.

The battle of God's offerings involved fiend celestials.

If the fiend celestials behind Natasha decided to join in, it would be extremely unwise for them to act now.

The Throne of the Three Great Demonic Gods was high in the sky. They would not interfere in the matters between the Demonic Gods.

In their eyes, the Demon God behind Natasha would not come.

But what if?

Therefore, the three great Demon Kings were still waiting.

"They probably won't come."

A few minutes later, the Demon Bat King spoke.

"I also think so. In that case, who will attack first?" The other Demon King said.

"I'll go first."

The Demon Bat King walked towards Natasha.

Princess Barbara's expression changed slightly. She took out the Queen's Heart and ate it.

"The heart of the Demon Queen? Interesting. Thousands of years ago, the Demon Queen couldn't beat me alive. What about the power of a heart?"

The Demon Bat King let out a cold laugh.

As soon as it finished speaking, it suddenly sensed something and its expression changed.

The entire space suddenly shook.

This vibration is the vibration of space. No matter in the sky or on the ground, no matter the Demon or the servant Demon, everyone had a feeling of instability.

Immediately after, an incomparably vast, powerful, and evil aura rushed out from the void.

Under the wash of this aura, even though they were far away, the weaker servants on the ground felt like wheat.

Then, in the sky above Natasha's head, a huge Pyramid suddenly appeared!

At the top of the Pyramid, a throne with countless laws interweaved appeared.

On the throne, a will that made everyone tremble slowly woke up!

Chapter 309: Attacks! The Four Divine Cauldrons!

“Lord?has descended!”

Natasha was delighted when the huge Pyramid arrived at the bottom of the Abyss.

She glanced at the huge Pyramid from the corner of her eyes and quickly lowered her head.

Natasha always maintained enough respect for her Lord!

Even if her Lord?loved her enough!

On the contrary, the other Abyssal Demonic Gods were unable to make her feel too much fear!

From the Demon King’s perspective, Natasha could sense that her Lord’s throne was exceptionally large!

The Pyramid where the Lord?descended was larger than the other Abyssal Fiend celestials!

More importantly, many laws were interweaving on the throne at the top of the Pyramid. Did this mean that the Lord?was far more powerful than the three Abyssal Demon Gods present?

Natasha did not know the standard of the Demon God’s strength.

But in Natasha’s heart, the master was always the strongest!

“How dare you come?”

In front of Natasha, the three Demon Kings looked at the Pyramid and lowered their heads.

The distance between the Demon King and the Demon God was neither close nor far.

This was because after the Demon King reached the peak of the Demon King realm, he only needed a few small steps to become a Demon God.

This was because these few small steps might take thousands of years to complete.

Furthermore, it was not wise for a peak Demon King to become a Demon God. This was the same as how the Continent of God’s Saint Realm had just mastered 100% of law to become a God.

Such a God, whether it was a Heavenly Realm God or an Abyssal Demon God, was too weak!

In the Heavenly Realm, as long as a weaker deity didn’t act too arrogantly and stir up trouble everywhere, they wouldn’t have any life at all.

However, this was not the Continent of Gods, nor was it a relatively peaceful Heavenly Realm.

This was the Abyss.

In the Abyss, an incomparably weak Abyss Demon God who was still building his Divine Kingdom was like the flesh of a Monk Meat. Everyone wanted to bite him!

Unless one became a fiend celestial and hid, it would not be as convenient as maintaining the Demon King Realm.

There was no way to become stronger!

Moreover, he might not be able to dodge.

In the Abyss, weakness was the greatest sin!

This place wasn't like the Continent of Gods. The Continent of Gods was suppressed by the laws of the world, and no matter what god's power was, it would be reduced.

The power of the other fiend celestials was not suppressed at all.

If a Demon King did not have absolute confidence, he would not dare to charge into the Demon? God.

Therefore, in the Abyss, the Demon Kings who wanted to become Demon Gods were all chosen by the talented Saint Realm experts of the Continent of Gods!

That was to master more rules.

From the Demon King who came into contact with one law to the great Demon?King who came into contact with two laws, that was, Angst's rank, to the heavenly Demon King who came into contact with three laws...

He walked up step by step.

This method took even longer.

Many Demon Kings might not be able to become great Demon Kings for the rest of their lives, much less become heavenly Demon Kings.

However, it was better than becoming a weak Demonic God in a hurry and then being hunted down, right?

When a Demon God became a Deity, his combat strength would only be comparable to a slightly stronger Demon King.

However, the attraction to the other Abyssal Demon?Gods was many times greater than that of the Great Demon King.

In the Abyss, that was the most valuable prey!

"What a powerful Throne. This Demonic God is willing to give up his original title. However, it's also possible that he's doing it from the outside. Demon Bat King, since the Demonic God Throne has arrived, let's wait."

The Demon King of the Winged Demon Dynasty.

"That's exactly what I meant."

The Demon Bat King, who was about to attack, stopped.

The Demon King of the other Demon Dynasty also remained silent.

As a Demon King, no one was simple.

Now that a new fiend celestial had descended, it was not up to them whether this Demon?God?was qualified to enter this hunting ground.

It was the will of the three Demon?Gods?in the sky!

Therefore, none of the three Demon Kings moved.

But immediately, the Demon Bat King's exasperated voice rang out.

“Succubus King, you’re crazy!”

Because Natasha launched an attack on it!

The Demon Bat King had already become a Demon King a thousand years ago. Now, he didn’t know if it was the Demon King or not, but he had at least reached an extremely deep rank among the Demon Kings.

The world was fair.

Abyssal creatures could grow very quickly in front of Demon Kings.

An Abyssal Demon God could even create a Legendary Abyssal creature in a short period.

However, the Abyssal Creatures’ comprehension of laws was generally weak.

For example, Angst had stood at the Second Order Saint Realm in a thousand years, equivalent to the Great Demon King.

However, it was also a thousand years ago. It was very likely that the Demon Bat was not the Great Demon King!

However, even though it was not the Great Demon King, its strength was still quite formidable.

Apart from comprehending the laws, Abyssal Creatures could also rely on the power of laws to continuously strengthen their bodies. That way, they could also increase their combat strength!

However, the Demon Bat King soon realized that Natasha, who was a Succubus, had shown far more combat power than she had imagined.

Natasha even used the Demon King’s will to attack regardless of the Demonic God’s will.

In the sky, the black clouds were torn into pieces. Many of the Demons inside did not even have the right to eat, and immediately turned into nothingness.

“Since you’re courting death, I’ll fulfill your wish!”

The Demon Bat King was enraged as well.

On the other side, the other two Demon Kings did not move.

Princess Barbara did not move either.

Princess Barbara knew her strength very well. Although she had fused with the Queen’s Heart, she couldn’t deal with any of the Demon Kings of the three Demon Dynasties.

As she looked at Natasha who was fighting the Demon Bat King, she had a new understanding of Natasha!

When the three Demon Gods were high up in the sky and the new Demon God had just arrived, the three Demon Kings did not dare to make a move. However, Natasha acted boldly. She seemed reckless, but she was daring!

However, if Natasha was not strong, she would not dare to do so!

The Demon Bat King wasn’t weak!

At the very least, Princess Barbara did not dare to fight against the Demon Bat King!

When the power of the Succubus Queen was at its peak a thousand years ago, she could not even defeat the Demon Bat King!

Princess Barbara and the other two Demon Kings looked at Natasha and the Demon bat King.

Natasha held the pitch-black long sword in her hand and was defeated by the Demon bat King's Festival!

This was completely different from what they had imagined!

"Huh? She's this strong!"

The Demon Kings of the other two dynasties exclaimed.

"Winged Demon, Long Nail Demon, let's fight together and get rid of her!"

Natasha took the initiative to fight the Demon Bat King. She felt extremely aggrieved and quickly suggested.

But the other two dynasties' Demon Kings didn't move.

The three Dynasties weren't allies!

These three Dynasties fought endlessly against each other, and if it was possible, they wished for nothing more than to annihilate each other!

At this moment, on the newly arrived Pyramid, several pitch-black chains suddenly dropped down. These chains were extremely large, and each chain had a diameter of more than one meter!

The chains dropped down from the sky with a loud whistling sound. A blank area appeared in the black clouds!

A few minutes later, the chain finally smashed into the ground, leaving a deep hole in the ground. A large number of the minions were smashed into pieces.

As the chains hung down, the will of the other three pyramids finally awakened.

The four terrifying wills began to clash in the sky.

The Demon Bat King finally let out a sigh of relief because Natasha stopped her attack when the four wills clashed.

She floated back to Barbara's side and stood with her sword in hand.

Although he let out a sigh of relief, the Demon Bat King was not relaxed at all.

It was even to the extent that his face was ashen!

It was an old Demon King, but Natasha was beating it.

If it wasn't for the fear of the Demon God, Natasha might have defeated it in a short time!

This discovery made the Demon Bat King feel bad.

The other two Demon Kings looked at the Demon Bat King indifferently but did not say anything.

All of a sudden, silence returned to the black clouds. The five Demon Kings stood there quietly, each of them using their methods to sense the movements in the sky!

Under the black clouds, the demons and servants were still fighting!

In the sky, four terrifying wills collided.

The Demon?God's would?extremely be terrifying. Just the shock waves from the collision of his willpower were enough to crush life below the legendary level.

If not for the fact that the four wills were located in the depths of the Mobis Abyss, who knew how many demons would have been killed by the collision of the four wills!

"You crossed the line!"

A will rippled out.

"Crossing the border!? So what?"

Lin Yan also released a ripple, and then his powerful will collided.

The four wills split apart upon contact in the sky, creating a tempestuous wave!

On the black cloud, the five Demon Kings attacked at the same time. Only then did they manage to block the terrifying fluctuations from the sky!

As the Abyss with its name, the Abyss above Mobis was not another Abyss, but an endless void.

In other words, if one were to fly upwards, one would not be able to fly to any other Abyss. They would only be able to fly to the depths of the Abyss.

"You have the qualifications..."

After the collision of wills, a wave of willpower was released and then retreated like a tide.

The other two wills also silently retreated.

.

The battle of the gods was not a battle of gods. Lin Yan had already blocked the attacks of the will of the three Demonic Gods, so he was qualified to participate in this feast!

However, how much Lin Yan could gain from this feast still depended on Natasha and her Succubus army.

This was the battle of gods!

Following that, the other three Pyramids in the sky moved.

Originally, these three Pyramids were arranged in an equilateral triangle in the sky.

Then, the three Pyramids gave up their positions.

The Pyramid belonging to Lin Yan suddenly jumped up and filled the empty space.

Right now, the four Pyramids were each at four corners, forming a square shape.

The other two Demon Kings glanced at Natasha and left silently.

The Demon Bat King was afraid that Natasha would attack it again, so he flew away.

Following that, the Demon castles of the Bat Demon Dynasty began to move.

They moved directly below one of the Pyramids.

On the ground, the demons and servant Demons that had been frantically attacking the Succubus army also retreated.

The entire battlefield once again entered a chaotic battle!

Chapter 310: High on the throne! Looking down at all living beings!

“Barbara, let’s go there.”

After the Demon Kings of the three dynasties retreated, Natasha and Barbara flew into the sky and arrived at the line that was on par with the Demon Castles of the three Demon Dynasties.

Right above their heads was the throne of Lin Yan!

Of course, the distance was still quite far.

The four Pyramids each held a corner, separated by a thousand kilometers.

Meanwhile, the Demon Fortress of the Three Great Demonic Dynasties also occupied a corner, separated by thousands of kilometers.

The range of this battlefield was more than a thousand kilometers, ten times more!

The square formed by the four Pyramids was just in the middle of the battlefield.

From such a distance, one could no longer see the other three dynasties’ Demon Castle groups.

However, there was a vague feeling between the Demon Lords.

There was no need to mention the Pyramid in the sky. To the Demon Kings, the Pyramid was a spotlight in the dark. They could feel the pressure brought by the Pyramids without even looking up.

Natasha did not have her own Demon Castle, nor did Princess Barbara.

However, the two of them didn’t think much of it. Natasha put away her sword and stood quietly at the bottom of the Pyramid, looking calmly at the battlefield below.

To ordinary demons, that thick black cloud was enough to block their vision.

However, when Natasha arrived at the bottom of the Throne of God, with the Demon King’s unique gaze, she could see the entire battlefield.

Not only did the black cloud not form a barrier, it was also helpful for her to observe the entire battlefield.

As expected, this battlefield was just a hunting ground to please the Demon.

“Natasha, the battle of gods usually takes a long time, at least a month and at most half a year. There are too many demons in the three dynasties, and the ones

participating are far from the core demons. Let those demon lords go first. We need more minions and more Succubuses to fight for more benefits for our gods.”

Princess Barbara suggested.

Natasha nodded.

It was obvious that the Succubus Dynasty had also organized a battle to worship the gods a thousand years ago. It was just that Princess Barbara had no memory of this before.

The heart of the Succubus Queen from a thousand years ago had given her this memory.

“Queen, they retreated. What should we do now?”

After the demons and minions of the three dynasties retreated, Yvette contacted Natasha.

In the Abyss, there were also some long-range communication methods. Nearby, it was not difficult for Yvette to contact Natasha.

Natasha was preparing to contact Yvette.

After getting the news from Yvette, Natasha said:

“Have those Demon Lords continue to attack. Send all the Demon Servants, Demon Hunting Ants, and all of you to follow my orders before you move. Also, send people to spread the news to the middle and upper levels of the Abyss. We need more Succubuses to join us and more Demon Servants!”

“Yes, Queen!”

Yvette quickly followed this order.

“Also, Yvette, you and Enos are begging for power from Master. You all need legendary-ranked power.”

Natasha added.

As the Succubus was implicated, Yvette revealed a look of joy. “Yes, Queen!”

Following that, she and Enos began to pray for power from the Great Lord of Flame.

Following her request, not long after, the power of the Lord of Flame descended from the horizon.

She and Enos had both become legendary-ranked Succubus!

The two women were incomparably happy and expressed their joy and gratitude to the Lord of Flame.

With their strength, they could not see God’s Throne in the sky above the black clouds.

“Enos, let’s split up. I’m in charge of this battlefield. Go gather more Succubuses and more Servant Demons!”

Yvette said.

“Alright!”

Another Succubus, Enos, was about to leave when suddenly, in the sky, a huge dimensional portal descended from the sky.

“Get out of the way!”

The Space?Gate?was threatening, but when it was about to land, its speed suddenly slowed down, giving the Succubuses time to dodge.

After the Succubus had made way, the Space?Gate?fell and landed steadily in the middle of the Succubus army, and planted a root there.

The moment the Space Gate appeared, Yvette and Enos received Divine Enlightenment.

It was an obscure and complicated incantation.

With this incantation, as long as they were not too far away, they would be able to use this incantation to directly open this Space?Gate?and reach the depths of the Demonic is!

After obtaining this spell, Enos left with a large number of powerful Succubuses.

Following that, Princess Barbara also received news that one of her two Legendary-ranked? existences had left and headed towards the middle and upper levels of the Abyss to gather the old Ministry.

Although Princess Barbara was well prepared to come here to seize power, she did not bring too many subordinates.

This was to prevent accidents.

Yes, something unexpected had happened. She had failed to seize power, and she had to submit to Natasha instead.

After being re-acquainted by Natasha’s power and witnessing the power of Lord of Flame, Princess Barbara had already made up her mind to stand on the same side as Natasha, so she sent a Legendary Succubus to gather the old tribes.

That was the foundation of the Succubus Dynasty a thousand years ago.

Now, it just so happened to be used in this battle of gods!

In the endless sky, four huge Pyramids stood.

The will of the Demonic God had not left the throne of each Pyramid.

With the addition of Lin Yan, the Demonic Gods of the three dynasties had more willpower.

“Through this method, the quality of the Dark Faith obtained will be better.”

Lin Yan sat on the throne as his gaze indifferently looked down.

On that battlefield, a billion servant demons were fighting?a chaotic battle.

Through the Space?Gates?on?the battlefield, even more, servant demons were entering the battlefield.

The battle between these billions of servant demons and demons had only one goal.

That was to please the four Great Demonic Gods, including Lin Yan!

This battlefield was so big that even though the pyramid was over 100 km high, it was still hard to see it all at once.

From the top of the Pyramid, the countless creatures below were like ants. They fought with all their might, fighting each other endlessly.

“Is this God’s vision?”

Lin Yan muttered to himself.
