Chapter 391: Garcia's counterattack! He didn't want to be abused!

In the Heavenly Realm, the density of matter was much higher and the stability of matter was much higher.

Many of the materials of the Heavenly Realm were extremely hard when they were brought to the Continent of God.

However, whether it was the gods or the holy spirits, the power of their attacks in the Heavenly Realm did not decrease at all.

As the leader of the Holy Spirit team, the Holy Spirit Kino was very powerful!

An attack directly destroyed the floating island, leaving Garcia with no place to hide.

"I can't ask the goddess for help. I can only rely on myself!"

After the Elf, Garcia found out that the thread of faith had been cut off; a firm expression appeared on her face.

She grabbed a small wand in the air with her hand.

In the surroundings, as the four Holy Spirits attacked in unison, Garcia waved her wand and a clear voice sounded:

"Holy Judge!"

"Boom!"

As her voice sounded, a beam of light fell from the sky and rushed towards the Holy Spirit.

The Holy Spirit's expression changed, and he quickly dodged.

Garcia flapped her wings and dodged the attacks of the Holy Spirits. Then, she dashed towards the gap that the Holy Spirits had made.

"She wants to run. Bu Lang, stop her!"

Seeing this, the Holy Spirit said.

"This elf is more troublesome than I imagined. She's shrinking the encirclement!"

The Holy Spirit Kino spoke to the others.

When the Holy Spirit Bu Lang heard Keno's words, he held his sword in front of the Elf.

Obviously, he was a close combat Holy Spirit.

In a Holy Spirit team, each Holy Spirit had different abilities. Some were good at long-range attacks, some were good at close-range combat, and some were good at tracking and healing. Under normal circumstances, a Holy Spirit team only had 10 people.

Garcia looked at the Holy Spirit in front of her. She did not dodge, but flapped her wings and rushed towards the Holy Spirit.

“Holy Judge!”

Her clear voice sounded again.

“Boom!”

A pillar of light appeared above the head of the Holy Spirit, and a shield appeared in her left hand.

“Don’t think I’m afraid of you!”

At the same time, the Holy Spirit Bu Lang swung his sword at Garcia.

Garcia’s face remained unchanged as her wand once again pointed at the Holy Spirit Bu Lang:

“Holy Judge!”

The expression of the Holy Spirit Bu Lang changed drastically but it was too late.

He only had time to block the long sword and was hit by Garcia’s Holy Judgment.

“Boom!”

The Holy Spirit Bu Lang seemed to have been hit hard. He was sent flying like a cannonball by Garcia’s attack. Along the way, he smashed countless rocks floating in the sky.

By the time he finally stopped, he was already seriously injured.

However, as long as the spirit imprint was not destroyed, even if it died, it could be resurrected by the gods.

Of course, after being resurrected, it was only the weakest Holy Spirit. Whether or not it could recover its strength would depend on whether or not his God still valued it.

The power of the Holy Spirit came from the kingdom of a God and a God, and the Holy Spirit that a God valued was excellent.

However, even if his soul was outstanding, and he did not have the help of the gods, it would still take him a few hundred years to recover his strength.

Normally, after the death of the Holy Spirit, a god would be resurrected. He would leave it in the kingdom of God and instead nurture other holy spirits unless this Holy Spirit’s soul was excellent to a certain extent!

With a heavy blow from the Holy Spirit Bu Lang, Garcia flapped her wings again and rushed into the sky to charge out of this area.

There was a distance limit to the line of faith. As long as she rushed out of the area, Garcia could pray and report the situation to Vera. Vera could also descend through the line of faith.

Vera was so close that she did not need to expend much energy to come.

“Don’t let her escape!”

The Holy Spirit Kino rushed over, forcing Garcia to change direction with a large number of attacks.

Another Holy Spirit chased after her. As he launched his energy attack, he sped up and rushed towards Garcia.

“Holy Judge!”

Garcia turned around and said that.

The Holy Spirit quickly dodged, but there was no longer any sign of Garcia in his line of sight.

“Huh, where is she?”

As the Holy Spirit was shocked, he felt a pain in his body.

The fist-sized Garcia, the wand in her hand turned into a sharp sword and stabbed into his body.

“Holy Judge!”

Garcia’s clear voice sounded again.

“Boom!”

This time, the Holy Judge exploded in the Holy Spirit’s body, turning it into dust.

The Holy Spirit died just like that.

Although the soul imprint had escaped, it had to wait in line to be resurrected. After being resurrected, all of its power had been lost, and its losses were immense.

“Be careful, this elf is very strong. The three of you, don’t split up and avoid being destroyed by her.”

The battle had just started, and two of them had been reduced. The Holy Spirit Kino’s expression was ugly, and he immediately changed his tactics.

He realized that Garcia was at least on the same level as him as the Holy Spirit. He could not let Garcia break through each of them.

The Holy Spirit Kino continued to launch powerful attacks, not letting Garcia leave this area while preparing for a big move.

The other three Holy Spirits immediately approached.

Garcia kept dodging the attacks of the Holy Spirit Kino.

Her small size played a big role.

“Kill those three first!”

Garcia rushed towards one of the other three Holy Spirits.

The attacks of the three holy spirits had caused a lot of disturbance to her. Although the three Holy Spirits were inferior to her, once she was attacked, she would also be injured.

“She’s coming. Help me stop her.”

The Holy Spirit saw Garcia rushing over and desperately attacked.

In this region, the exchange of several Holy Spirits shattered the floating stones of the Heavenly Realm,

However, Garcia was too nimble. She darted left and right among the attacks of the four Holy Spirits, not even a hair was injured.

Chapter 392: Garcia's counterattack! He didn't want to be abused!

"She's too small, it's difficult to attack."

Garcia evaded the Holy Spirit several times in a row. He could not help but cry out bitterly.

"Don't let her get close. Her methods are so strange."

Another Holy Spirit said.

On the other side, the Holy Spirit Kino had already rushed over.

Originally, in order to prevent Garcia from escaping, the six holy spirits had each defended one side, but now, they had been destroyed by Garcia.

"Holy Judge!"

Garcia's crisp voice sounded again.

A Holy Spirit let out a miserable cry, and Garcia's Holy Judgment directly blew his head off.

The other two Holy Spirits saw this and tried their best to get closer but Garcia was even faster.

"Holy Judge!"

"Holy Judge!"

Garcia seemed to know this trick.

However, this move was enough to torture these Holy Spirits.

She waved her little wand, which was even more broken than a person's finger, and continuously released the Holy Judgment.

Of the two Holy Spirits, one was killed by Garcia quickly, while the other was so scared that his soul fell. He desperately went to worship Kino.

"Lord Kino, save me!"

The Holy Spirit screamed.

"This elf is so strong. It would be great if there were such a Holy Spirit in my kingdom!"

Not far away, the two New Gods who were watching the battle had shocked expressions on their faces.

The strength of the elf, Garcia, was beyond the expectations of the two New Gods.

The Holy Spirit Keno saw the Holy Spirit, who was in a sorry state, but he was unmoving because his big move was about to be completed.

“Holy Judge!”

Garcia finally caught up to the escaping Holy Spirit and killed it.

“Light Chain!”

The Holy Spirit Kino finally released his prepared to move. In the sky, thousands of rays of light suddenly fell.

The speed of light was too fast, especially the light of the Heavenly Realm!

The light instantly covered the surrounding area.

Then, all the lights seemed to be able to flow. The lights quickly gathered together and turned into golden rays! When the light was formed, it instantly gathered.

The light instantly bound the Elf Garcia.

This restraint was not just a restraint on the body.

What was more important was the binding of energy.

The energy in his body could not flow freely.

If he could not gather energy, how could he attack?

But until now, less than a minute had passed, there were still two minutes left to unblock the thread of belief!

The Holy Spirit Kino saw that Garcia was bound and smiled:

“No matter how flexible you are, you won’t be able to escape my light shackles.”

He gently pulled the light from the handle, and the Elf Garcia was pulled in front of him.

“Take out your heart and seal your mouth. You won’t be able to pray. What a cute little Elf. If I had a body of flesh and blood, I wouldn’t mind spoiling you.”

The Holy Spirit Kino looked at Garcia, who was already in his bag. He could not help but speak more.

Praying could not only be done through the mouth.

He could pray in his heart.

Naturally, the Holy Spirit also had a heart.

As long as he took out his heart and sealed his mouth, he would naturally not be able to pray. The God behind the Holy Spirit would naturally not know.

The life force of the Holy Spirit was strong, and the heart would not die.

A cold dagger appeared in Saint Kino’s hand.

“Don’t be afraid, as long as you obediently tell me about the God behind you, I can let you go now.” The Holy Spirit Kino smiled.

However, across from him, Garcia’s expression was too calm.

“Holy Judge!”

Garcia suddenly spoke.

“They’re all bound...”

Before the Holy Spirit Kino could finish, his face changed.

“Boom!”

A Holy Judge descended from the sky and smashed him into the ground.

The Holy Spirit Kino was indeed a leader-level Holy Spirit, yet he was still alive from this attack. However, his head was blown off.

A new head suddenly appeared on his shoulder.

Then he heard Garcia’s voice again, “Holy Judge!”

“Boom!”

The head of the Holy Spirit Kino was blown up again.

Garcia’s voice was still ringing.

“Holy Judge!”

“Holy Judge!”

The Holy Spirit Kino finally felt the feelings of the other Holy Spirits being abused is worse than death.

“No, if this continues, I’ll die. I can only pray!”

The Holy Spirit’s Kino’s energy was quickly drained. Although his head was gone, his heart was still there. He quickly prayed.

Yes, sealing the thread of belief was just a unilateral blockade.

This was the BUG of this move. It sealed off the thread of your faith, making it impossible for you to pray to the gods, nor to borrow the power of the gods, nor for the gods to descend but I can do whatever I want!

The Holy Spirit Keno finally decided to pray to Star God Holton!

Chapter 393: Broke through everything! A God’s foot!

As Saint Kino prayed, the power within his body rapidly increased!

It was clear that Star God Holton had opened the tunnel through the thread of faith, raising his strength for Saint Kino!

Star God Holton would not descend upon a battle of the Saint rank.

Even though they were in the Heavenly Realm, they had descended from a long-distance away. The amount of Divine energy they used up was not small, and it was better to transmit directly their power.

Moreover, even a God would have to do it himself. That God was simply too lacking in dignity!

“You’re finished!”

A layer of divine light suddenly appeared on Saint Kino’s body, blocking Garcia’s Holy Judgment.

Star God Holton had given him a divine blessing!

This layer of divine light wasn’t easy to break!

“The thread of belief has sealed her off. She’s at a disadvantage. How about we help her?”

At that time, one of the two new gods that were not far away, said that.

These two new Gods were naturally two Goddesses, but they were human Goddesses, not Elves.

“Don’t, Ellen. This battle involves two Deities of the second rank at the very least. Our strength isn’t enough for a God of the second rank. Don’t meddle in other people’s business.”

Another new Goddess, Hurley, said.

The new Goddess that she had proposed earlier fell silent because her companion made sense.

No matter if it was Garcia or Saint Kino, they were both quite powerful Saint.

Only a second-ranked God could nurture such a Holy Spirit.

As for the two second-ranked Gods, no matter which side they were on, they could not afford to offend.

If two second-ranked Gods were to descend, any one of their attacks might cause them to fall!

After being in the Heavenly Realm for countless years, there were quite a few strong Gods. If a new God wanted to become stronger, there was a very important point: don’t meddle in other people’s business.

To put it simply, it was to hide and grow, not to wave!

The time of the Gods was endless. If ten years were not enough, then a hundred years would be enough. If a hundred years were not enough, then a thousand years would be enough. If a thousand years were not enough, then ten thousand years would be enough!

As long as he didn’t die, there would be a day when he would stand up!

This statement also makes sense for a God.

Of course, if they had the guts, they could also take the risk. For example, this time, if these two new goddesses had the guts, they could choose to help Garcia.

Even if they were new goddesses, they were still gods. They would be able to destroy the shield of Holy Spirit Kino against the thread of faith!

Once Garcia got out of the trap and Vera descended, in order to express her gratitude, Vera would casually give them something. These two new gods could save decades or more.

However, it was obvious that these two new gods did not dare to do so!

In the sky, seeing the Divine light on the Holy Spirit Kino blocking the Holy Judge, Garcia's face changed slightly.

That layer of Divine light was too firm. If Garcia wanted to destroy it, she would need at least dozens of Holy Judgments but how could Saint Kino give her a chance?

One had to know that Garcia still had light shackles on her!

The current Garcia was the Holy Judgment under the shackles of light!

This was also her special ability!

It was similar to Medusa's "Petrified Eye". It could be activated immediately without her understanding the principles inside.

Even the light chains couldn't stop her but the problem was that with the light shackles on her body, Garcia could not escape.

"This time, you can't escape!"

Saint Kino soared into the sky and stabbed the dagger in his hand at Garcia!

With the existence of that layer of Divine light, he was not afraid of Garcia's Holy Judgment in a short period!

The difference between having the help of a God and not having the help of a God was extraordinary.

This time, Saint Kino was preparing to dig out Garcia's heart!

Garcia couldn't help but feel despair.

Of course, she wasn't the only one who knew the Holy Judge, but the Holy Judge was her most powerful method and the most effective method of battle.

Under the shackles of light, she could only use the Holy Judgment.

Now that Holy Spirit Kino was wearing divine light, Garcia had no way to deal with him in a short time.

"That's right, flames!"

At the crucial moment, Garcia finally thought of the flame that Vera had bestowed upon her.

It was even more powerful than the Goddess Vera. The Divine Master that Vera joined was also the male God of Vera's Heart Instrument, the flame bestowed by the Lord of Flame!

Garcia's heart sank into her body, and she saw a small flame burning beside her heart.

This flame wasn't very big. It was only the size of a thumb, just like the flames of an oil lamp on the Continent of Gods.

However, given Garcia's size, this flame was about a tenth of her size.

Seeing that Saint Kino was about to pounce, Garcia spat out the flame.

"Boom!"

After being spat out by her, the flames rapidly expanded, burning the light shackles on his body!

Following that, the flame burned onto the Divine light of Holy Spirit Kino.

It could be seen that the Divine light surrounded the Holy Spirit Kino. Even Garcia's Holy Judgment could block dozens of Divine lights, just like a giant bubble that had been burned!

There was even a "poof" sound.

Saint Kino's expression changed drastically.

At the critical moment, with the help of the Divine light, he managed to obtain half a second of time for him. He suddenly changed directions and narrowly dodged the explosion of flames!

However, under the scorching Flame, the Holy Spirit Keno was still screaming. He had lost more than half of his strength!

The flame came and went faster. It was not a burning flame. Its effect was more like helping Garcia break through all the restraints, clear all the obstacles, and even block all the attacks.

But the duration was very short.

However, the effect was astonishing!

The effect was not in the visual, but in the actual effect.

"What kind of flame is that? It broke through the entire blockade. The thread of belief has returned to normal. Let's retreat a bit further, there might be a god coming."

At this moment, the new God Hurley, who had stopped the new God Ellen, said.

Next to the new God, Hurley, another new God, Ellen, faintly felt that she had not acted decisively just now to help Garcia. She had probably missed the greatest opportunity in her life!

It was too late to attack now!

She didn't need it anymore!

"It's time to pray!"

Garcia also sensed it.

As she prayed in her heart, she chased after Holy Kino with the Holy Judge!

The Holy Kino was in a sorry state after being chased. He did not notice that the blockade of the faith line had been restored. He prayed loudly in his heart!

Just as he began to pray, the Holy Spirit Keno let out a scream.

It was because Garcia had beaten him half to death with a Holy Judgment.

“It’s over!”

Despair appeared in the heart of the Holy Spirit Keno.

He finally became the leader of the Holy Spirit.

One had to know that although the Holy Spirits were usually 10 people in a team, the number of Holy Spirits that a God usually used was only one to two hundred.

These one to two hundred Holy Spirits were the most powerful among the Holy Spirits of a God.

As for the Holy Spirit team leader, he was also the main combat strength of a God!

“What a waste!”

Suddenly, a cold and merciless voice sounded.

Hearing this voice, the Holy Spirit Kino was not the least bit dejected. Instead, his heart was filled with surprise!

It was the voice of his God, the Star God Holton.

The Star God, Holton, was finally about to descend here and attack Garcia directly.

Even though the Lord of Flame was a third-ranked God, Star God Holton had already joined forces with the third-ranked God Saia, the God of the Purple Gold Empire. Yes, a third-ranked God could only be considered a middle ranked God. However, in the Heavenly Realm, they were already at the rank of a great God.

Weakly ranked Gods, second-ranked Gods, and middle-ranked gods were only ancient ways of dividing. The description of strength and realm was not detailed.

After endless years, he had now used a more detailed method to divide each rank into five ranks. It became the most popular method to divide strength.

The Gods of the Heavenly Realm were also advancing with the times.

After joining forces with Saia, Star God Holton only needed to deal with the Elven Goddess who was close to the Lord of Flame.

The Lord of Flame was naturally dealt with by God Saia.

This was the plan of the two Gods.

In the Divine Battle, it was important to find the opponent’s position.

As long as he caught Garcia, he would be able to find her position and even find her Divine Kingdom.

This was the important reason for the Star God, Holton, who was a second-rank high-rank God, to attack Garcia regardless of his status.

Following the voice of the Star God, Holton, and a passage opened above the Holy Spirit Kino.

Following that, a terrifying fluctuation came from the tunnel.

“A second-ranked God is about to descend!”

On the other side, the two new Gods retreated even further.

The energy fluctuations from the second ranked God’s Dispersion made the two of them tremble.

“The second ranked God is too scary. Look, I told you not to meddle in other people’s business; otherwise, you won’t know how you died.” The new God Hurley said.

As her voice fell, a black crack suddenly appeared in the sky.

Immediately after, a foot stepped out from the black crack!

This was the foot of the Star God, Holton!

“Coming!” Hurley’s spirits lifted.

To be able to see a second-ranked God was a rare sight for a new God like her who did not even have her kingdom.

A God of the second rank could not be considered a big shot in the Heavenly Realm, but it depended on who it was.

To the new God, the second ranked God was the standard big shot!

Chapter 394: Steps! It was beyond redemption!

Steps! It was beyond redemption!

“Garcia is in danger!”

After Garcia prayed, Vera immediately knew.

“It’s the Star God Holton, he’s about to descend!”

Vera waved her hand, and a tunnel opened along the thin thread of faith.

“I’ll go. Your godhead isn’t stable, and this is also my enemy.”

Lin Yan said calmly.

After Vera’s godhead would reach the tenth rank, she could fight.

However, fighting in an unstable state would require more time to stabilize.

“Ah, Lord, what if you’re exposed?”

The slight pull of the super brain had yet to be corrected.

“Then let’s expose it.”

Lin Yan said that, and he was already in the tunnel.

The thread of belief belonged to Vera, but after Vera opened the tunnel, Lin Yan could enter it.

This passage did not last long, and it could reopen in a short time. Wherever he went, he would come back.

Of course, it would be many times more difficult for other gods to track this passage.

Vera thought about it and followed Lin Yan into the tunnel.

In the sky, the moment that foot stepped out, the space shook!

This vibration was not like an earthquake, but an invisible vibration from space!

This was the effect of a god's own rules colliding with the rules of this world after they first arrived at a place.

The more powerful the God would be, the more intense the shock it would cause.

If the gods had been able to freely descend upon the Continent of Gods countless years ago, the shock would have been even more terrifying.

Just the shock of the dimensional plane alone shocked Hurley and Ellen.

The two of them were now the weakest rookies of the first rank. They even dreamed of becoming gods of the second rank!

However, in the Heavenly Realm, every second-ranked God had to be accumulated over thousands of years before they could survive.

Even if there were some talented and powerful gods, it would take hundreds of years.

As soon as that foot stepped out, there was an imperceptible sound of surprise!

The reason was simple: Star God Holton suddenly realized that the barrier against Garcia's faith was gone!

"Trash, even the thread of faith can't be sealed!"

Star God Holton could not help but feel angry.

At the same time, he hesitated.

He already knew that the Lord of Flame was a third-ranked God.

Originally, after the Holy Spirit Keno sealed off the line of faith, even though it was quite a distance away, he could quickly descend and capture Garcia but now, the blockade of the thread of belief had been lifted.

This meant that Garcia was probably already praying to the Elven Goddess behind her.

As for the Lord of Flame, it was likely that he already knew.

The strength of the Elven Goddess was unknown, but among the Elven goddesses, there were few third-ranked gods. According to the judgment of Star God Holton and Great God Saia, this Elven Goddess was not necessarily a third-ranked God. Star God Holton was not afraid of the Elven Goddess, but the Lord of Flame!

Before encountering the original God of the Purple Gold Empire, the Holy Spirit of the Great God Saia, the Star God Holton, was full of confidence and wanted to fight with the Lord of Flame!

He already had a lot of experience in Divine Battle.

He was confident that he could win a Divine Battle of the same rank.

When he learned that the Lord of Flame was a third-ranked God, he lost his confidence.

If it weren't for the fact that Saia had brought him along, he would have been prepared to endure for a period and seek revenge from the Lord of Flame when his strength was sufficient.

Therefore, if he went out now, it was likely that he would face the Lord of Flame!

However, they arrived aggressively. If they were to be scared like this, it would be a little intimidating!

“Before the other party opens the tunnel, capture the Elf and leave.”

In a very short amount of time, Star God Holton made his decision.

He only needed two to three seconds to descend completely. After another two seconds, he would be able to capture Garcia. Then, he would need another two seconds before he could return to the Divine Kingdom from the passage. He could also destroy all traces of the passage of faith.

The entire process would not exceed seven seconds!

The arrival of the other party would require at least a few seconds!

It was enough!

As a powerful God, Star God Holton was also quite decisive.

His foot, which he had already taken out, fell to the ground.

He had stepped out completely!

Following that, Star God Holton's body was exposed.

The moment his body was exposed from the tunnel, the surrounding space shook once again.

“So powerful!”

In the distance, the new God called Hurley couldn't help but exclaim.

The elegance of the second rank made her feel incomparably envious.

“That little Elf is going to be finished, before a God of the second level, there will be no room for resistance. Ellen, you have to thank me, I saved you, otherwise, you would already be a corpse!”

Hurley quickly said to another New God, Ellen.

Ellen watched silently but said nothing.

After reaching out, the Star God, Holton, stepped out with his other foot.

He only needed three to four seconds to arrive from the distant Heavenly Realm!

If he didn't have a Holy Spirit, it would take him a long time to fly over.

However, for some reason, after the second foot stepped out of the tunnel, Star God Holton's heart jumped for no reason.

An intense unease enveloped him.

It was as if that step was beyond redemption!

The gods were very sensitive to danger.

At this moment, Star God Holton thought of turning around and leaving.

“She’s here, I’ll capture her and leave!”

Star God Holton’s dignity as a God stopped him.

As soon as he left the tunnel, he took a step forward. The next second, when he reappeared, he had already arrived in front of Garcia, who was flying far away.

Then, Star God Holton stretched out his hand with a bitter expression and grabbed Garcia.

Garcia, who was only the size of a fist, had a tremendous change in expression. She flapped her wings and instantly sped up.

However, Garcia immediately realized that no matter how she flew, she would never be able to fly out of the five-finger mountain of the Star God Holton!

Some powerful Holy Spirits could indeed defeat some weaker gods.

Although Garcia’s strength was powerful, the Star God, Holton, was already a second-rank high-level God. Before him, Garcia had no way of resisting.

When Star God Holton descended, it only took one or two seconds to catch her.

Then, he could grab Garcia and leave this place!

Just as Garcia was about to be caught by the Star God, Holton, a tunnel suddenly appeared above Garcia.

Following that, a hand suddenly appeared in the tunnel, carrying a terrifying might as it slammed towards Star God Holton, Star God Holton’s expression changed drastically!

That was because he felt a divine power fluctuation that far surpassed his own!

“Withdraw!”

He instantly decided to give up on Garcia and evacuate!

He did not expect that who came out of Garcia’s thread of belief was not the Elven goddess, but the Lord of Flame!

The Star God, Holton, instantly retreated to the place where the tunnel was located. He stabbed into it and was about to escape back to the Divine Kingdom but immediately, he realized that he couldn’t enter the passageway.

“Space is blocked!”

Star God Holton exclaimed.

The space was sealed!

Moreover, the seal was quite firm. If he wanted to open the space seal, he had to stop talking for a few minutes but a few minutes were enough time for a third-ranked God to kill him!

Now, he finally understood that his feelings were not wrong.

That step would indeed be beyond redemption!

Chapter 395: Palm Grab Explosions! He chased after the Divine Kingdom!

“Look, there’s another one!”

In the distance, two new gods saw the newly opened tunnel!

“Open your eyes wide and watch. Ellen, it’s not that common for second-level gods to fight each other. It’s up to you to make any gains.”

The New God Hurley said.

Beside her, Ellen’s eyes had already widened.

After watching the battle for a long time, she naturally understood the relationship between the characters.

The first God was the God of the Holy Spirit Kino and the new God was the God of the Elf Garcia!

As a new God who had only just become a God a few years ago, Ellen had never even seen a fight between peak gods of the first rank, not to mention a second-ranked God.

The power of a second-ranked God must be terrifying.

The Divine energy collided with the Divine energy, and the rules collided with the rules. What both sides grasped was far greater than their power. If their comprehension was good, they might be able to gain a lot from it!

At the thought of this, Ellen’s initial regret that she did not help Garcia improved slightly.

The two new gods watched with wide eyes.

They were looking forward to a wonderful Divine battle but the next moment, the two new advanced goddesses saw the Star God, Holton, who was still aggressively grabbing Garcia. In the next second, his expression changed drastically.

The face that was originally filled with a cold expression was instantly filled with shock.

Soon after, they saw the Star God, Holton, retreating quickly. He was retreating into the tunnel he was about to open!

“Space Blocked!”

The next second, the voice of the Star God, Holton, sounded.

There was more than shock in that voice.

There was panic and fear!

What was he afraid of?

The two new goddesses could not help but look at each other. Both of them saw a trace of disbelief in the other’s eyes!

A second-ranked God was scared to such an extent!

How terrifying was the God that came out of that Elf's path of belief?

The two newly advanced goddesses had better open their eyes wide and look at the passageway above the Elf Garcia.

Then, they saw a man in white with a jade-like face and a starry sky in his eyes take a step out of the tunnel!

The two new goddesses were stunned because the moment the white-robed man appeared, a terrifying wave spread out, making the two new goddesses feel a powerful pressure.

It was as if there was a vast mountain pressing down on their hearts!

Then, the space trembled again.

The trembling of space made the two new goddesses feel uneasy!

“What a terrifying fluctuation!”

The two goddesses looked at each other again!

Their eyes were filled with shock!

“Lord of Flame!”

Star God Holton knew that he would not be able to escape, and the fluctuations from Lin Yan's body let him know that Lin Yan was a third-ranked God.

Moreover, he was not an ordinary third-ranked God!

His face suddenly became extremely gloomy.

On the other side, as soon as Lin Yan descended, he attacked.

He did not return to his flame form at all. Instead, he maintained his Divine form.

Divine energy surged within Lin Yan's body.

Then, Lin Yan reached out his hand!

The instant his hand reached out, it instantly turned into a giant hand that reached into the sky.

Then, that hand fiercely crossed space and grabbed towards Star God Holton!

This move was like the one that the Star God, Holton, had just prepared to catch Garcia!

Armor suddenly appeared on Star God Holton's body.

With a loud shout, he brandished his weapon and attacked Lin Yan's giant hand with unimaginable prestige!

In the surrounding space, the ripples caused by the full strength of the two gods turned into energy tides that spread out in all directions!

The floating stones in the surrounding sky flew out in unison, and they have completely swept away.

“Be careful!”

The two newly advanced goddesses who were watching the battle gathered their strength and blocked the ripples caused by the two gods.

They were not close.

As for Saint Kino, who was close to him, he was miserable.

Saint Kino didn't even have the time to cry out before he was shattered by the shock waves caused by the collision of the two forces!

On the other hand, Garcia's expression changed as well. However, she was better than Keno because her strength was preserved completely.

Therefore, under the shock wave caused by the collision of power, Garcia raised her shield and blocked the first wave.

However, the protective barrier immediately shattered.

Seeing that Garcia was about to be finished, suddenly, in mid-air, a white hand made a move and grabbed her.

Vera came!

“Another second-ranked God!”

Far away, the two newly ascended goddesses were shocked incomparably!

Soon, something even more shocking happened.

Lin Yan's towering hand suddenly pulled together and grabbed Star God Holton.

Under Lin Yan's attack, Star God Holton's weapon shattered!

The armor on his body could not block Lin Yan's hand.

The armor continuously shattered, and Lin Yan crushed the Star God, Holton!

“So powerful!”

The mouths of the two newly ascended goddesses were wide open!

“Lord of Flame, I will forever be your enemy. A thousand years, ten thousand years, I will seek revenge from you!”

Star God Holton let out a furious roar of unwillingness.

A bit of white light suddenly appeared in his shattered body, directly breaking through the spatial seal. Then, he quickly opened a channel of faith and entered!

Soon after, the tunnel of faith closed!

Within the white light was the God imprint of Star God Holton.

That's right, the Star God, Holton, had not descended upon him.

After learning that the Lord of Flame was a third-ranked God, Star God Holton was extremely cautious!

That was why he had come to create a battle avatar at such a great price.

This combat avatar was even stronger than the one where the God of the Purple Gold Empire descended to the Continent of Gods.

The battle avatar of the God of the Purple Gold Empire was not a physical body, but an energy body, and this combat avatar of Star God Holton had a physical body, only it was not a flesh and blood body, but Star God Holton created with a large amount of Divine substance supplemented by Heavenly Realm.

It was similar to the body of the Abyssal Demon God.

It was a pure battle machine.

This battle avatar wasn't completed, but it was tweaked at all. However, it was destroyed by Lin Yan, and the Divine substance contained within it was all captured in one fell swoop!

That was already half the wealth of the Star God Holton!

It was also the painstaking accumulation of the Star God Holton for countless years.

It would be strange if he didn't hate it!

In order to control such a powerful battle avatar, Star God Holton had left behind a divine imprint.

The divine imprint had to escape back, or else his will would be damaged.

Fortunately, God's imprint was not afraid of the spatial seal!

"I want to escape!"

Lin Yan had long been prepared for Star God Holton to escape.

Seeing that the channel of faith had been closed and the last trace was about to disappear, Lin Yan's godhead quickly circulated.

"There's still a second before the trace disappears completely. We have to invest more in Divine energy."

Lin Yan suddenly mobilized a large amount of Divine energy and activated the analysis function of the Godhead.

As long as he fed enough Divine energy to his godhead, the analysis would be faster.

After Lin Yan ignored the exhaustion of his Divine energy and was supported by a large number of rules in his Godhead, Lin Yan's Godhead only took less than a second to capture the traces left behind by the passage and analyze the path of the passage.

Then, Lin Yan threw himself in!

"The Lord of Flame is too powerful. Seal the Divine Kingdom and search for some wild tribes to gather faith. One day, I will take revenge on him!"

In the channel of faith, the Star God, the God Mark of Holton, said hatefully.

At this moment, he felt something was wrong.

This was because the Lord of Flame was aggressively chasing after them from behind.

“How is that possible? He chased me so quickly!”

Star God Holton was shocked.

Since a god’s path of belief could descend, it could return.

However, the channel of faith only belonged to this God. This God would close it if he wanted to. Without the permission of this God, no one else could enter.

However, things that existed before would leave traces!

The same was true even for the channel of faith. However, the traces of the channel of the faith disappeared too quickly. At most, they would disappear in a second or two.

If he could capture and analyze these traces, he would be able to push back and find the path of this tunnel!

It just took a lot of time.

Even if it was the peak of the third level, it would take more than ten seconds to push a tunnel!

Not to mention a dozen seconds, even three to five seconds had passed. All traces of the existence of the Path of Faith had long since disappeared. It was useless for a fourth-ranked God to come!

However, before the traces of the passage disappeared, Lin Yan found the path of the passage and chased after it!

This time, it terrified Star God Holton!

If Lin Yan were to chase him to the Divine Kingdom, it would be a big deal!

However, there was no energy in God’s imprint, so he could only return to the Divine Kingdom and if he wanted to lose God’s imprint, the Star God Holton, would not be satisfied!

“As soon as I enter the Divine Kingdom, I’ll close it down and will escape!”

The Star God Holton decided to take the risk!

As long as it was sealed quickly, with the strength of the Divine Kingdom, no matter what, it could escape before being attacked by the flames!

Chapter 396: Space Transpositions! Entering the Divine Kingdom!

Star God Holton’s God Imprint was extremely fast.

In just a few seconds, the Divine imprint leaped out of the tunnel of faith and into a place that was invisible to the naked eye.

That place was the Divine Kingdom of the Star God Holton.

The Divine Kingdom wasn’t in the same space as the Heavenly Realm. It was in another space created by the gods.

Under normal circumstances, the Divine Kingdom of every God was in a semi-concealed state, and not all of it was revealed. But it was not hidden completely.

There was no way to absorb the energy of the Heavenly Realm after hiding it completely. The operation of the Divine Kingdom could only depend on this God.

To the gods, every bit of power was precious. The Divine Kingdom should be an aid, not a burden.

Under normal circumstances, the semi-hidden state was already very safe. It was very difficult for others to find it!

However, this time, Star God Holton was overtaken by Lin Yan, who was following the path of faith!

If Star God Holton was willing to give up God's Imprint, he could choose to give up God's Imprint and avoid leading Lin Yan in the direction of the Divine Kingdom.

Star God Holton could still choose to completely seal off the Divine Kingdom and quickly get the Divine Kingdom to leave. Naturally, this passageway would not be able to reach the Divine Kingdom.

The Star God Holton, could also directly destroy the faith passage on the other side.

He had several urgent plans to prevent Lin Yan from finding his Divine Kingdom.

However, he couldn't bear to part with the Divine Imprint!

After losing his battle avatar, Lin Yan had already taken all the Divine substances inside.

No matter how strong a combat avatar was, it was only an external object.

However, if he were to lose God's imprint, he would be injured by the Star God Holton's will.

Therefore, Star God Holton decided to take the risk!

Star God Holton had already opened a small opening in the Divine Kingdom.

The Divine imprint was directly thrown in.

In the Divine Kingdom, a man sitting on a Divine Throne opened his mouth and swallowed the Divine Imprint. This man was none other than the Star God Holton!

At the same time, Star God Holton's hands formed a seal. With a slight twist, he closed the small opening.

After that, Star God Holton quickly sealed off the Divine Kingdom.

All entrances and exits to the Divine Kingdom were completely sealed.

Even the Divine Kingdom projection had completely disappeared.

In the sky of the Heavenly Realm, a star had been extinguished!

This star represented the Divine Kingdom of Star God Holton!

The stars were extinguished. It was not the fall of the gods, but the complete closure of the Divine Kingdom!

"Use the slingshot to get away from here and avoid its edge first!"

Star God Holton muttered to himself.

Divine energy surged within his body. Under his control, the enormous Divine Kingdom began to circulate.

“Eye of Truth, open it!”

Following that, Star God Holton suddenly attacked. A ray of light shot out from his eyes.

As soon as the light appeared, a gray mist-like object appeared beneath the Divine Kingdom. Within the Divine Kingdom, a large number of Holy Spirits attacked together, using their full strength to touch the gray mist. This was the best way for the huge Divine Kingdom to leave quickly.

That gray, mist-like object was the product of the unique secret technique Holton had used to manifest spatial laws.

Originally, if one didn't reach a certain realm, one wouldn't be able to see or touch the laws.

Now, he could touch it.

However, if someone didn't comprehend the laws at all; it would be useless for him to stare at them every day.

In the Heavenly Realm, gods of the second rank paid a certain price. It wasn't difficult to use a secret technique to reveal the laws, but even if they did, it didn't mean that they could grasp them and casually touch them.

The consequences of touching the laws were quite serious!

These Holy Spirits did not grasp the Laws of Space but now, Star God Holton had forced them to touch it.

There was only one outcome, and it was the tens of thousands of Holy Spirits that were directly killed by the backlash of the laws!

Sure enough, in the next second, the countless Holy Spirits in the Divine Kingdom didn't even have time to react before they directly vaporized and disappeared.

Of course, their soul imprints were still there. However, to revive so many Holy Spirits, even Star God Holton would have to consume a large amount of power.

However, the effects of the death of these Holy Spirits were remarkable.

The laws of space began to bounce back.

“It's not enough, go for 10,000 more!”

On the Divine Throne, Star God Holton spoke.

His eyes began to bleed.

What he had grasped wasn't the Laws of Space. It would be extremely costly for him to display them.

At this moment, the entire Divine Kingdom suddenly trembled.

“He's here!”

Star God Holton's face was gloomy!

"Quick!"

He shouted.

Down below, the densely packed Holy Spirits didn't hesitate at all. The 10,000 Holy Spirits standing at the very front all attacked together, using all their strength to touch the gray fog once again!

In less than a second, the Holy Spirits were once again vaporized, disappearing from the world at almost the same time!

The Divine Kingdom trembled once more!

However, the realm walls of every Divine Kingdom were quite firm, and it was extremely difficult to destroy from the outside.

Star God Holton was confident that he would be able to escape before Lin Yan broke through the realm wall of the Divine Kingdom.

"Go for another 20,000!"

Star God Holton once again let out a soft shout!

Twenty thousand Holy Spirits attacked again!

The Divine Kingdom trembled once again when the twenty thousand Holy Spirits were devoured by the laws.

After this tremor, Star God Holton discovered that an extremely small crack had already appeared in the realm wall of the Divine Kingdom!

The Divine Kingdom's Realm Wall was made up of many layers.

A crack was nothing to fear!

"It should be enough!"

After the twenty thousand Holy Spirits were vaporized, Star God Holton felt that the Divine Kingdom was already at the peak of a slingshot and was about to rebound!

However, at this moment, a red light suddenly appeared on the wall of the Divine Kingdom!

The red light covered the sky, turning the entire Divine Kingdom red!

No, that wasn't a red light!

That was a flame!

Under the burning flames, the wall of the Divine Kingdom rapidly melted!

Seeing this, Star God Holton's blood froze!

He had fought with the Lord of Flame in the Continent of Gods and knew that the power of the Lord of Flame was in the form of flame.

However, the flames of the Lord of Flame on the Continent of Gods were useless against his Divine Kingdom.

The material density of the Heavenly Realm was high, to begin with. It was resistant to high temperatures and was extremely cold. It was difficult to be affected.

The materials used to build the Divine Kingdom were even rarer in the Heavenly Realm.

The material that created the Divine Kingdom's boundary wall was even more solid. It was no exaggeration to say that it would not melt when it was pulled down from the Divine Kingdom's boundary wall and thrown into the sun that hung high in the sky!

The surface of the Sun Star had a temperature of several hundred thousand degrees!

However, right now, that flame made the Divine Kingdom's walls melt!

The temperature of that flame was already extremely terrifying!

"He's coming in!"

An extremely bad feeling appeared in Star God Holton's heart!

"I have to risk my life!"

Although the Divine Kingdom was at the peak of the slingshot, it would take at least a second or two to rebound...

At this moment, a large hole had appeared on the realm wall of the Divine Kingdom.

Star God Holton could already see the monstrous flames.

The entire Divine Kingdom only had one last layer of defense left!

It was a layer of transparent defense!

Star God Holton's entire body surged with Divine energy. Under the massive amount of burning Divine energy, the enormous Divine Kingdom finally moved. Just like a marble thrown from a slingshot, the entire Divine Kingdom was thrown into the distance!

This kind of shooting was a spatial level shooting. Even those who were proficient in spatial laws could not be able to catch up to the Divine Kingdom! Even though Lord of Flame was currently outside the Divine Kingdom's boundary, the spatial tide immediately swept away from him!

The Divine Kingdom quickly moved away. Within the Divine Kingdom, a spatial tide surged up and swept down Lin Yan!

Just like how a human could not stand outside a plane that was flying at high speed.

Under the impact of the spatial tide, a Divine Art remained outside the incomparably smooth Divine Kingdom's world wall!

Lin Yan suddenly transformed from his flame form into his Divine form.

Through the hole in the Divine Kingdom's world wall, Lin Yan could see the Star God Holton from afar!

“You won’t be able to catch up. Lord of Flame, I’ll let you...” Star God Holton laughed loudly.

Lin Yan didn’t pay any attention to Star God Holton’s laughter. Seeing that the Divine Kingdom was about to disappear completely from this space, Lin Yan suddenly spat out a few mysterious words!

“You’ll regret it, hahaha!”

The Star God Holton finally finished his last few words, and then let out a carefree laugh!

This time, even though the losses were so great, the Star God, Holton, was still extremely happy to be able to escape at the last moment!

“His consumption must be very high.”

Star God Holton thought.

It was easy to say, but it was rather difficult to do.

If he wanted to push it out in reverse, it would already consume quite a bit.

After pushing out the path of faith, he had to chase after it. In reality, he had used all his strength to create the path out of thin air.

That was much more exhausting than opening a passageway through the thread of faith.

Therefore, in the eyes of Star God Holton, the consumption of the Lord of Flame was not small.

But in the end, the Lord of Flame still did not catch him.

As soon as he thought of this, Star God Holton felt greatly comforted.

Even if his losses were even greater!

“So what if it’s a third-ranked God? I’ve already escaped.”

Star God Holton muttered to himself.

“Fifty thousand Holy Spirits have died. Let’s not revive them for now. Let’s repair the Divine Kingdom boundary wall first...” The Star God Holton immediately made a plan.

Only then did he realize that something was wrong because his surroundings were not his Divine Kingdom at all.

It was in the sky of the Heavenly Realm.

Star God Holton looked around in confusion, still puzzled:

Where was his Divine Kingdom?

Then, he thought of something, and his face turned deathly pale. “Not good!”

At this moment, in the Divine Kingdom, countless Holy Spirits raised their heads and looked in terror at the white-robed man who had appeared out of nowhere!

The one who had just been there was their God, Star God Holton. But for some reason, the Star God Holton suddenly disappeared.

This white-clothed man appeared in the Divine Kingdom!

The wolf had already entered the room!

Chapter 397: Kidnapped Divine Kingdom! God descended!

In the Divine Kingdom of Star God Holton, Lin Yan sat down under the Divine Throne of Star God Holton.

He calmly looked down.

The kingdom of the gods of the Heavenly Realm was like a ball.

The bottom half of the ball was the land of the Divine Kingdom.

The upper part was the sky, and the outer layer was the boundary wall of the Divine Kingdom.

Don't underestimate the Throne; this was the core hub of a Divine Kingdom!

After observing for a while, Lin Yan gently flicked his finger, and the sky in the Divine Kingdom was ignited with flames.

This flame was naturally not Lin Yan's flame form.

It was just like the flames released by some flame magister; it was a pure fire attack.

However, Lin Yan was a flame. Even if he did not transform into a flame, the temperature of the flame he released was terrifying.

Lin Yan's hand signal changed, and the flame exploded. In an instant, a dimension in the deepest realm of the Divine Kingdom was burned.

As soon as the dimension came out, Lin Yan reached out and grabbed inside.

Inside, a large number of treasures were pulled out by Lin Yan.

This was a collection of the Star God Holton for many years.

Following that, Lin Yan continued to attack, destroying this Divine Kingdom.

Destroying from the inside was much faster than destroying from the outside.

Destroying the Divine Kingdom allowed Lin Yan to have a clearer understanding of the constitution of the Divine Kingdom.

In addition, Lin Yan could also collect some useful materials from the Divine Kingdom, which would be very useful for him when he would build the Divine Kingdom.

In the sky of the Heavenly Realm, the Star God Holton collapsed!

His Divine Kingdom was being quickly destroyed by Lin Yan, and his collection was being robbed!

There were still a lot of Holy Spirits in the Divine Kingdom, so Star God Holton naturally knew what Lin Yan was doing. He could still return to his Divine Kingdom through the passage of faith at any time but the problem was that he didn't dare to go there!

He could not beat the Lord of Flame!

However, he could not bear to watch the destruction of the Divine Kingdom!

“Let’s go, that God in the sky is so scary.”

Star God Holton left some of the frightened Holy Spirits.

These Holy Spirits probably did not know that this terrifying God was on the verge of collapse!

“God Saia, God Saia!”

Star God Holton finally contacted the original God of the Purple Gold Empire, the third-ranked God of Void Mist, and the Great God Saia!

It wasn’t that he didn’t remember.

It was a series of events that happened too quickly.

He had no time to contact Saia.

From the moment his battle avatar descended, to the moment Lin Yan crushed his battle avatar, to the moment his God imprint escaped, to the moment he was chased by Lin Yan... it had only been a few minutes!

The battle between gods could last for many years.

It could also end quickly.

If the Divine Kingdoms of both sides were well hidden, the battle between the gods would first be a battle between a large number of Holy Spirits, and then a direct battle between the two gods.

Such a Divine battle usually required a lot of time. Both parties would repeatedly exhaust each other’s strength, and neither party would initiate the decisive battle first.

In the Heavenly Realm, every God would make a move for themselves!

Under normal circumstances, even if a God was defeated, as long as their strength was not too bad, they could still escape. However, their strength would be greatly reduced.

Just like the war between the God of the Xi Ling Kingdom and the Star God of the Horton Kingdom.

This time, if it wasn’t for Lin Yan, he wouldn’t have been able to use the Star God Holton if he had been a third-ranked God.

Star God Holton met Lin Yan, that was his misfortune!

Star God Holton had long been in contact with Purple Gold Empire’s original God, the third-ranked God Saia.

At this moment, as Star God Holton used a special method to contact God Saia, a shadow appeared in front of Star God Holton. This was the projection of the Great God Saia.

“You were defeated?”

After Saia came out, he glanced at the Star God Holton and saw the situation of the Star God Holton.

The current Star God Holton looked a little embarrassed.

There was even blood on his face.

After being swapped out by Lin Yan, the Star God Holton was first dumbfounded and then collapsed. As a God, he had forgotten to wipe off the two lines of blood on his face, losing all his dignity!

Star God Holton was stimulated by Saia's gaze. Only then did he notice his indecent appearance. Once his Divine energy circulated, the blood on his face disappeared completely, and his body completely returned to normal.

"Yes, he's too strong."

Star God Holton said.

"Why didn't you notify me? If you informed me before, the Lord of Flames would be defeated till now."

Saia said.

Star God Wellington said, "He's within my Divine kingdom, destroying my Divine kingdom. Great God Saia take action. I still have the power to fight."

"Where is your Divine Kingdom?"

Saia couldn't help but take another look at the Star God, Holton. There was a hint of surprise in her eyes.

With Saia's strength and vision at the third level, he could not imagine why the Star God Holton was here while the Lord of Flame was in his kingdom. This seemed to be illogical.

Star God Holton was also a little dumbfounded. Not only was he dumbfounded, but he was also completely humiliated by Lin Yan.

However, time was of the essence. In order to prevent the Divine Kingdom from being destroyed by Lin Yan, Star God Holton wasted no more words explaining. Instead, he threw out a ball of light. In that ball of light, there was all the information about his last fight with Lin Yan.

Saia swallowed the ball of light and quickly understood everything.

"What a strange ability."

Saia whispered, and then said to Star God Holton, "You first enter the Divine Kingdom, then pray to me, I will descend."

Star God Holton paused.

Saia saw his expression and laughed softly, "If I can kill the Lord of Flame this time and rob his kingdom, I might be able to reach the peak of the third level soon. At that time, you can become the warlord of my department. Don't hesitate for too long. If you hesitate for too long, your kingdom will be gone."

After saying that, the shadow of Saia dispersed.

In the Divine Kingdom of Star God Holton, Lin Yan was still destroying the Divine Kingdom.

When the damage lasted for a minute, Lin Yan finally cracked the key to the movement of the Divine Kingdom.

His hand moved slightly at a certain position. Immediately, the Divine Kingdom of Star God Holton changed direction and jumped in a direction.

“Goddess, I was too careless. I was ambushed by them.”

In the sky, the Elf Garcia said with some remorse.

“It’s fine. Garcia, you’ve performed very well.”

Vera consoled her.

“Will the Divine Master be alright?”

Garcia asked with concern.

Vera looked at the place where Lin Yan had disappeared and said, “Star God Holton’s strength is far inferior to that of the Divine Master. Don’t worry; the Divine Master will be fine.”

As soon as she finished speaking, she felt space tremble.

Vera frowned slightly and then flew away with Garcia.

The calm space seemed to ripple.

Following that, a huge monster charged out.

The Holy Light instantly enveloped the entire sky in the Heavenly Realm, becoming incomparably bright.

Even the light of the sun was obscured.

“That’s...”

Garcia raised her head as if she saw the huge Divine Kingdom floating in the sky.

This Divine Kingdom was completely revealed!

“Ellen, look, the Divine Kingdom!”

In the distance, the newly ascended Goddess Hurley was extremely excited when she saw the sudden appearance of the Divine Kingdom.

Hurley’s strength was a bit stronger than Ellen’s. Ellen didn’t even have her own Divine body. Hurley already had a Divine body, only lacking the Divine Kingdom.

The Divine Kingdom that appeared in the sky seemed to Hurley to be rather powerful.

That was at least a second-ranked the Divine Kingdom.

“It would be great if I could have such a Divine Kingdom.”

Hurley’s heart was filled with envy.

At this moment, she felt that something was wrong.

This was because the Divine Kingdom was constantly shaking.

The land beneath the Divine Kingdom was also falling off in large numbers!

“What’s going on?”

Hurley and Ellen’s hearts were filled with doubt. The two women flew into the sky and saw that the Wall of the Divine Kingdom had been completely opened. Within the Divine Kingdom, an expressionless white-clothed man was sitting on a thorn, continuously attacking, quickly destroying the Divine Kingdom!

That white-robed man was the same white-robed man that they had seen before, the one who had crushed Star God Holton to death!

The two women couldn’t help but look at each other!

They already knew the Divine name of this white-robed man.

Lord of Flame!

Based on the current situation, Lord of Flame not only crushed a second-ranked God, he even destroyed his opponent’s Divine Kingdom and captured it!

Heavens!

For a moment, the hearts of these two new goddesses stopped beating!

Endless regret surged up from Ellen’s heart.

She was also regretting that she should not have listened to Hurley. She should have helped Garcia back then!

Such a powerful God, as long as she could form good karma, even if she left a single impression in the other party’s heart, she would benefit endlessly in the future!

“Divine Master!”

Vera had already discovered Lin Yan.

She flew up to Lin Yan with joy on her face. Seeing that Lin Yan was safe and sound, Vera was completely relieved. Yes, she was concerned about Lin Yan first before considering anything else.

Only now did she look at Star God Holton’s Divine Kingdom.

“Did Star God Holton die?”

Vera asked.

“Not yet.”

Lin Yan said.

At this moment, Lin Yan’s gaze changed. He looked at a place in the Divine Kingdom, “He’s here again.”

“Lord of Flame, today is the day of your death!”

Within the Divine Kingdom, Star God Holton’s loud voice rang out.

However, after Star God Holton finished speaking, he did not attack at all. Instead, he immediately began to pray.

A God could also pray.

However, a God was unwilling to pray.

A God's prayer would lose a large amount of his faith energy and contribute a large amount of his faith energy to the side being prayed for.

Unless this God was originally a saint of another God.

But now, to protect his Divine Kingdom and kill the Lord of Flame, Star God Holton was also going all out.

Following his prayers, a channel of faith opened.

Following that, a terrifying aura rushed out.

The God of the Purple Gold Empire, Saia from the Void land Divine Realm, had arrived!

Chapter 398: Arrived one after another! Lin Yan's "Old friends"!

Before Great God Saia had completely arrived, Star God Holton felt great pressure.

Strictly speaking, Saia was the third-ranked God.

As for Lin Yan's god form, although he had a fifteenth-ranked godhead, he only had a tenth-ranked God form. The weakness of his God form meant that Lin Yan could not be considered a third-ranked God.

"There's another one. Ellen, get further away. This God's fluctuations give me an extraordinary feeling. I'm afraid it's the same as that white-robed male God, at least a third-rank God!"

The newly advanced Goddess Hurley said.

The third-ranked God!

These words caused Ellen's delicate body to tremble!

"It's lively today. This kind of scene is rarely seen in a hundred years. I wonder why these gods are fighting so intensely..."

The Goddess Hurley said as she retreated with Ellen.

"What's over there?"

After the Star God Holton was completely revealed in the sky of the Heavenly Realm, the Elves and Holy Spirits saw it in the nearby cities.

The Divine Kingdom was too huge.

The Divine Kingdom of the Star God Holton was normally very large. When the boundary wall was still there, his Divine Kingdom was an enormous ball!

At that time the boundary wall had disappeared. This enormous ball had become a hemisphere.

Although the boundary wall had disappeared, there was still a transparent barrier at the outermost layer, which could prevent some substances from escaping from the Divine Kingdom.

It revealed such a large Divine Kingdom in the sky of the Heavenly Realm. The holy light from the Divine Kingdom shone on the earth, so it was easy to be discovered.

In fact, the previous battle had attracted the attention of some Elves in the city.

Some Elves were already rushing over.

However, the city was still some distance away, and the battle had ended too quickly. The Elves and Holy Spirits had not arrived yet.

At that time, when the Divine Kingdom appeared, some Elves had already rushed over.

“Huh, Garcia with the goddess Vera.”

Among the Elves, Lucy, who had spoken to Garcia earlier, instantly saw Garcia and Vera in the Divine Kingdom.

Then, she saw Lin Yan next to Vera.

“A male God who seems to have a good relationship with the Goddess Vera, who is he?”

Lucy showed her disbelief.

After some thought, Lucy quickly prayed and reported the situation to her Goddess.

There were quite a few Elves who acted in the same way.

“My God is about to descend!”

It was not just the Elves that rushed over; there were also many Holy Spirits.

Many of the Holy Spirits traded for resources in the cities of the Elven Heavenly Realm.

After all, the Elves were famous for their good stuff.

Among the holy spirits, there was the Holy Spirit David!

It was the other batch of Holy Spirits that had been searching for Lin Yan’s clues!

“The Lord of Flame is indeed powerful, and that Elven Goddess isn’t simple, but my God has absolute confidence. Let’s go, let’s go to my God’s side.”

The Holy Spirit David said.

In the Divine Kingdom, the tunnel finally opened.

Following that, a person wearing bright armor, a helmet, and a spear walked out!

After this person stepped out, the person in the same outfit as him stepped out again!

There were eight such people!

These eight were not the gods of Saia, but the holy spirits of Saia’s subordinates!

“It’s quite a show.”

In the distance, an on-looking Holy Spirit whispered.

After the eight fully-armed Holy Spirits descended, a dignified-looking man took a step forward.

Space trembled once more!

However, this man’s hand lightly pressed down, completely suppressing the vibrations of space.

His appearance was the same as the battle avatar that had appeared in the Purple Gold Empire.

It seemed to be the image of a middle-aged man.

The expression on his face was extremely calm as if nothing big could make his expression change.

However, Star God Holton had once looked down on all living things with such an expression.

However, the current Star God Holton no longer had this kind of expression. When he looked at Lin Yan, his gaze unconsciously contained a trace of unnoticeable fear.

Yes, he was afraid of Lin Yan.

Not only was Lin Yan powerful, but his methods were also even more strange.

To be able to break through the traces of the channel of faith in a short period of one or two seconds and push it back, this ability was simply too terrifying.

Meanwhile, Lin Yan had brought out Star God Holton from the Divine Kingdom, causing him to have no choice but to resort to Great God Saia’s methods. It was even more bizarre.

After all, he was a God, and it was a second-ranked God!

In the Continent of Gods, rare sorcerers who knew spatial magic could occasionally see such methods.

However, that sort of method also depended on who was targeted.

If an ordinary person stood there, they would use the ground to fix their body.

The Great Magister flew in the air and fixed his body with magic power.

Even if a God stood on the ground, he would still use the laws to fix his body.

If Star God Holton could descend to the Continent of Gods and allow a space magister to cast similar spells on him, his position would not change at all.

However, Lin Yan had directly brought him out of the Divine Kingdom.

Star God Holton did not have the slightest courage to fight Lin Yan.

He could only count on God Saia!

“Lord of Flame, we meet again!”

After Saia descended, the light in his eyes faded away, and he looked at Lin Yan.

“Third-ranked God!”

Besides Lin Yan, Vera was like an enemy.

As if he didn't hear Saia's words, Lin Yan gently waved his hand, and a force descended, destroying the Divine Kingdom of Star God Holton!

“Lord of Flame, you are courting death!”

Star God Holton's heart ached.

Lin Yan reached out and grabbed the Divine substance in the area that had just been destroyed.

This time, Lin Yan's harvest was pretty good.

He had obtained a large amount of a Divine substance from the Battle Incarnation of Star God Holton.

After robbing Holton's storage, Lin Yan also obtained many Divine substances.

These Divine substances would be very useful in the creation of his Divine Kingdom.

Apart from that, there was another use for them. They could be used to forge armors and weapons.

Lin Yan's Divine body was made of flesh and blood. Naturally, he would not fuse these Divine substances into his body like the Abyssal Demon God.

That was similar to a normal human changing their torso into steel.

Reality proved that the physical body might not be much weaker. It was only weaker in defense.

Although the strength of the Divine body itself was quite great and could be said to be inferior to a spear, it was not comparable to a Divine body that directly fused with a Divine substance.

Fortunately, he could use his armor to make up for this.

After putting away the Divine substance, Lin Yan turned his gaze to Saia.

“Are they all here?”

Lin Yan replied indifferently.

Lin Yan's words, let Saia smile instead of anger: “Indeed arrogant, the Lord of Flame, you seized my Kingdom, destroyed my incarnation, today, it is time to calculate with you, by the way, I also found your two old friends.”

As soon as Saia finished speaking, a Holy Spirit beside him began to pray.

Then, another tunnel opened.

An unfamiliar God walked out.

This God was also a male God.

However, Lin Yan did not know him. In the Continent of Gods, Lin Yan had never fought with this God.

However, Lin Yan could guess his background.

It was most likely the God of one of the three human kingdoms in the Endless Desert.

To a God, the kingdom of the Continent of God was very important.

That was the key to a God becoming stronger.

After all, the power of belief was too powerful.

Even if there were tens of thousands of ways to form Divine energy, in each way, the power of belief was essential.

Without the power of faith, there was no Divine energy.

The higher the ranks of Divine energy, the greater the need for the power of belief.

If the supply of power of belief was insufficient, this God would not be able to study higher-ranked Divine energy. If he wanted to become a higher-ranked God, he could only dream.

Speaking of which, this strange God had probably fought Saia on the Continent of God more than once.

Back then, when the three kingdoms joined forces to defend against the attack of the Purple Gold Empire, the battle was quite intense.

The gods of the three kingdoms had given up on the three kingdoms because they had spent too much time fighting Saia. In the face of the sudden attack of the Flame Empire, they knew that they could not return to the sky.

They definitely hated Saia, but they also hated the Lord of Flame because, in the end, the Lord of Flame took away their kingdoms.

He didn't expect to mix with Saia now. Sure enough, the boundary between enemies and friends wasn't that easy to distinguish.

After this God descended, and another Holy Spirit prayed.

As the Holy Spirit prayed, the tunnel opened again and another strange God walked out!

This strange God was exceptionally tall. He held an ax in his hand, and there were many barbaric lines carved on his face.

It was a Barbarian God!

This God was actually a Barbarian!

The Barbarian God was famous for its great strength. Some of the powerful Barbarian Gods could cleave apart the Divine Kingdom with a single strike. Their strength was quite great.

Most of what they grasped were power rules.

When did Lin Yan provoke a barbarian God?

At this moment, Lin Yan thought of the Lion God!

The God of the Lion Clan, due to the High Priest of the Lion Clan's concealment, did not appear from beginning to end.

The Lion Tribe, with a population of a million people, provided a lot of faith. After all, the Lion Tribe was very powerful.

The Fox Lady Qing Ling unified the Orc kingdom, allowing all the orcs to believe in the Lord of Flame and seize the power of the Lion Tribe's Barbarian God.

It would be strange if the Barbarian gods of the Lion race did not hate Lin Yan.

Who would have thought that the great God Saia would find him too?

As expected, he was Lin Yan's "old enemy", even though Lin Yan did not know him.

After the Barbarian God of the Lion race descended, no God was descending anymore.

However, Saia's side was already strong.

There was a third-ranked God and three second-rank gods!

On Lin Yan's side, there was only him and Vera!

Now, the gods in the Divine Kingdom were four against two!

Chapter 399: The Goddesses of the Elves! The Goddess of Light descended!

"Lord of Flame, this is a meeting of old friends. Don't blame us for attacking you; blame yourself for making too many enemies."

Seeing that the number of people on his side had an absolute advantage, Star God Holton jumped up again.

However, Star God Holton was still a little worried. What he was worried about was that the Divine Battle would start in his kingdom.

Thinking about it, he knew that when the six gods fought in his Divine Kingdom, his Divine Kingdom couldn't withstand the torment.

The defense of the Divine kingdom was strong, but it was much easier to destroy from the inside, especially for the stronger gods.

If it was a God weaker than him, he would not be worried.

"Go ahead, kill him, and take back the kingdom that belongs to us. Harper, I can return your kingdom to you. The other two guys are cowards, their kingdom, forget it."

Saia said coldly and prepared to kill Lin Yan.

At this moment, his expression changed slightly because Saia sensed that a God had descended!

He turned his head and saw an Elven Goddess descending from above an Elf outside the Divine Kingdom.

The Elven Goddess held a staff in her hand. When she arrived, she saw the situation and frowned.

However, she still flew over.

"Vera, what's going on? Who are they?"

This Elven Goddess said.

"Mavis, these are my master's enemies."

Vera said.

The new Goddess was Vera's best friend, Mavis.

"My Lord? Vera, you joined the pantheon?"

Mavis was surprised.

Then, she thought of what she was doing. "The Divine Master you joined is not the Lord of Flame, right?"

Mavis then subconsciously looked at Lin Yan beside Vera.

From her perspective, she could only see Lin Yan's profile.

The moment she saw Lin Yan's face, her heart beat faster. She quickly looked away!

Far away, Star God Holton's eyelids twitched.

Divine System!

Divine Lord!

Divine Lord, the Lord of the Divine System.

To become a Divine Lord, one had to be a third-rank God.

It was only a God whose body and Godhead reached the fifteenth rank!

What was even more shocking was that a Divine Lord could borrow the power of some of the gods.

Although he didn't borrow much from each God, what if there were a lot of gods?

Normally speaking, only one Divine system would have more than 10 gods. This Divine Master would be able to use his Divine attribute to unleash 150% of his combat power and if there were more than 20 gods in Godhood, the Lord of the Godhood would be able to double his combat strength!

Of course, borrowing power was also related to the strength of the gods in the Divine system. If the gods in the Divine system were all-powerful, borrowing power from the Divine system would not be difficult.

In a battle between a peak God, who had established his Divine system, and a peak God who had not established his Divine system, the probability of that God losing was only 10%!

Yes, if he met someone who could not be viewed with common sense, he might still lose!

"Could it be that the Lord of Flame is a God at the peak of the third rank?"

The Star God Holton had this terrifying thought in his mind.

The other two gods who had just descended could not help but look at each other, with their hearts beating.

"It's just a preliminary pantheon. If he's really a God, how could he have such a small number of people around him? What are you afraid of?"

Saia spoke lightly

It was also before the formal establishment of the Divine system that they had recruited a group of Gods. However, they did not sign a contract with the Divine system.

As long as he reached the third rank, if he had more time, he could do this.

Of course, under normal circumstances, no one would do it unless they reached the peak of the third rank.

There were no benefits to preparing for the Divine system. Instead, he had to pay for it and spend a lot of time. The gains did not make up for the losses.

It would be better to rush to the peak of the third rank as soon as possible before establishing an official Divine system.

Hearing Saia's words, the other three gods relaxed slightly.

At this time, another wave came from outside the Divine Kingdom.

Another God descended and there was more than one, instead, it's one after another.

"What's going on?"

Seia, who was about to make a move frowned.

He turned his head and saw a large number of Elven goddesses descending on this area and flying over.

There were many of them. In less than a minute, at least five Elven goddesses had arrived.

They are equally powerful, four of them were second-ranked gods and one of them was first-ranked.

As soon as the five Gods descended, they flew over.

"Vera, what's going on here? Do you need our help?"

An Elf Goddess flew over and asked.

"Yes, Vera to help though, this is the Divine Realm of our Elves, and no one else is allowed to behave atrociously."

Another Elven Goddess with a more feisty personality said.

"God Saia, things don't look good."

Seeing this scene, star God Holton felt bad.

Saia's expression remained calm, but his eyes sank because this time, he calculated a lot.

However, he never expected the reaction of the goddesses.

After learning about the relationship between the Lord of Flame and the Elves, Saia sent the Holy Spirit to the Divine Realm of the Elves to inquire about it.

For this, he also gave out 300 high-ranked Divine stones to buy clues but what he didn't expect was that none of the Gods were tempted and now, after the arrival of their four gods, the Goddesses came one after another.

Their numbers were increasing, and soon they broke through ten.

Outside the Divine Kingdom, there were still goddesses. After several goddesses of genie descent, they did not enter the Divine Kingdom but surrounded the kingdom of a God outside.

In the blink of an eye, inside and outside the kingdom of God, a great number of descending genie goddesses have completely changed the contrast of power.

“This is not good!”

Saia thought in his heart.

If these geniuses’ goddesses have the heart to stand on the side of Vera and the Lord of Flame, Saia is totally out of the question!

Even though he was a God of the Void mist God Realm and had a certain amount of fame in the Void mist God Realm, he still didn’t dare to make enemies with all the Elven goddesses...

“What shall we do, God Saia?”

Another God spoke up as well.

This is one of the gods of the three kingdoms in the Endless Desert.

The gods of the other two kingdoms did not come.

After all, they also hate Saia and would love to see Saia and the Lord of Flame fight to the death, so that they would not help Saia against the Lord of Flame!

Saia took a step forward, ready to speak, and his face changed again because another God had descended but this time, the coming God was no longer the first and second-ranked God, it was the third-ranked God!

As soon as that Goddess came, the sky around her was filled with endless light!

She was like a little sun!

The emitted light illuminates all the surrounding space.

The range illuminated by her light was larger than an empire on the Divine Kingdoms!

This is a powerful God with the third rank of power!

This domineering appearance made the heart of Star God Holton and the other two second-ranked gods feel heavy.

“So many Elven goddesses!”

In the distance, the eyes of the two new human goddesses were blurred.

They could not understand what had happened and why the goddesses of the Elves had come one after another!

“I’ve long heard that the Elves are quite united, and now it seems so.”

The new Goddess Hurley whispered.

Further away, the Holy Spirit, who was watching the spectacle, was also surprised.

This place does look very lively.

There were too many gods and the goddesses of the Elven system, all with sharp ears, all beautiful as flowers, so many goddesses gathered together, it was simply a visual feast.

Some of the Holy Spirits began to report this to their gods.

Of course, more than half of their gods will not come down, at most through the Holy Spirit, they cast their eyes to observe the movement here.

“Well, here comes the Goddess of Light, Vera, don’t worry, for whatever reason, as long as you don’t break the rules of the Elven Goddess, we will help you.”

The first to arrive, Mavis said.

She was the Goddess of Light!

The third-ranked Goddess of the Elves was the Goddess of the Rocky Empire, a large number of Elves believed in the powerful Goddess of Light.

Angstrom’s sister and the Queen of Light Olivia were the most devout believers of the Goddess of Light!

Outside the kingdom of God, after the Goddess of light descended, all the light in her body was briefly released and quickly collected.

Although all the light was withdrawn, her body was still glowing.

This effect looks more gorgeous than that of the Queen of Light, Olivia.

In fact, when the Goddess of light gives out her full strength, she could become a bright star herself.

As soon as the Goddess of light descended, she turned into a ray of light and instantly appeared in the kingdom of God.

She was the incarnation of light, so she also had the speed of light!

Chapter 400: The Goddess of Light’s attitude and friendship!

“The Goddess of Light!”

Saia actually recognized the Goddess of Light!

This was a Goddess that was a little stronger than him!

“This is not good.....”

Behind Saia, Star God Holton was secretly complaining.

The current situation did not differ from poking a hornet’s nest!

Although not all the goddesses of the Elven system had been mobilized, there were still nearly twenty of them!

Moreover, the twenty-odd goddesses were not weak, and there were many goddesses of the second rank.

Most importantly, there was a third-ranked Goddess of Light!

The other goddesses were probably watching through the elves. If anything happened, the goddesses who had not yet arrived would also come to help but the problem now was that if they were to fight, they would not be able to beat them.

If they didn't fight, whether it was Saia or the other two gods, they would just leave.

But the problem was that this Divine Kingdom was Star God Holton's, he could only give the Divine Kingdom to the Lord of Flame for nothing!

Moreover, the Lord of Flame might not let him go.

"Distinguished Goddess of Light, we have no intention of becoming enemies with the Elven goddesses. The Lord of Flame took our kingdom from the Continent of God, and we only came to seek revenge from the Lord of Flame"

Star God Holton was the first to speak.

He wanted to put aside the relationship between the Lord of Flame and the goddesses of the Elves.

In the eyes of the Star God Holton, as long as these Elf goddesses did not act, the four of them would not have a problem dealing with the Lord of Flame.

"If the Elf goddess doesn't intervene, the four of you will trap the Elf goddess close to the Lord of Flame. Don't hurt her; I'll deal with the Lord of Flame."

At this time, Saia also secretly spoke to the three of them.

Obviously, Saia had the same idea.

"Okay!"

The four gods quickly made their plans.

"Lord of Flame."

Recently, many goddesses had heard the name.

In fact, some Elven Goddesses already knew about the Lord of Flame because of the cultivation of the Holy Flame Forest, many Elven tribes that believed in these goddesses had changed their beliefs.

They naturally knew about the Lord of Flame.

Of course, the Elven tribes that joined during the reclamation had changed the most. The Elven tribes that joined later had retained their dual beliefs, and the change of faith was not that fast.

The goddess who had lost the faith of the Elven tribe had no choice but to look for some of the Elven tribes that had yet to be discovered.

On the Continent of God, there were still many elf tribes.

Even now, the two Elven empires of Rocky Forest and Holy Flame Forest had more than two million Elves but far away, there were still a large number of Elf tribes.

The Elves living in the two forests accounted for about half of the Elves in the entire Continent of God.

Once in a while, the Goddess of Life would scatter a small amount of Tree of Life seeds in a safe forest. When these “wild” Trees of Life grew up, they would breed new Elves.

This was also an opportunity for some Elven goddesses, but they needed to look for it themselves.

Star God Holton’s words caused all the goddesses to look at Lin Yan.

Most of the Elven goddesses found out the cause and effect through Vera.

However, the Elven goddesses did not speak because the Goddess of Light had arrived.

“Lord of Flame.”

The Goddess of Light spoke.

The voice of the Goddess of Light sounded clear, but in fact, among the Elven goddesses, her strength was well known.

Of course, it was just an external force.

Lin Yan looked at her.

He did not expect that so many Elven goddesses would come.

These Elven goddesses split up in the surroundings, giving Lin Yan a feeling of being trapped in the kingdom of daughters.

The Goddess of Light’s bright eyes looked at Lin Yan, and her voice slowly softened. “You paid a lot for the Holy Flame Forest to be reclaimed so quickly, right? Thank you for your contribution to the Elves.”

After the Goddess of Light finished speaking, she bowed her head to Lin Yan under the gaze of the surrounding gods and Holy Spirits.

To the goddesses of the Elven system, this was already equivalent to a human bow.

This was the Goddess of the Elves.

The difference between them and the human gods was that many of the human gods built kingdoms to gather faith, send down miracles, and strengthen faith.

In their hearts, these gods did not care about ordinary people.

Even though they were once ordinary people.

However, the goddesses of the Elves were different. They had all grown up from Elves. Every goddess was once an Elf. They hoped that the Elves would have a safe and stable environment in the Continent of God, even if these Elves did not believe in them.

Of course, some of the goddesses who had lost the faith of the Elven tribe felt somewhat resentful.

In the Heavenly Realm, the power of faith could be obtained by exchanging some rare treasures for Divine stones. The fruits produced by the plants in the goddess’ Divine Kingdom were very popular, and they could be exchanged for large amounts of sacred stones. Therefore, the goddesses who lost the faith of the Elven tribe still had the power of faith.

However, on the level of the Goddess of Light, what she saw was that the Holy Flame Forest had given over a million Elves a stable residence.

Through the prayers of Olivia and the other Rocky Forest, the Goddess of Light learned about the process of clearing the Holy Flame Forest.

Even if she was the incarnation of light, she would not be able to afford to grant Holy Flames like Lin Yan to complete the cultivation of the endless Holy Flame Forest.

Therefore, in the eyes of the Goddess of Light, Lin Yan had paid a lot to help the Elves cultivate the Holy Flame Forest!

The change in the Elven tribe's beliefs was voluntary, and Lin Yan did not use any methods to force them.

The Elves rarely believed in a God that was not an Elf, unless the God was truly worthy of their belief.

In addition, the Queen of Light, Olivia, had a high opinion of the Holy Flame Elven Empire during her prayers. The Goddess of Light knew that the Holy Flame Forest had truly become a haven for elves, which was why she had made such a move.

“Not good!”

Seeing this, the Star God, Holton, cried out in his heart.

Saia was also gloomy.

They did not know about the Holy Flame Forest.

Saia had only known about the relationship between the Lord of Flame and the Elves through his followers. He was not as powerful as he was. He could even know about the distant Holy Flame Forest.

The gods of the Heavenly Realm had a vague sense of the Continent of Gods, and they often needed their followers to locate it.

Since they were looking for a new barbaric tribe, they naturally did not cast their eyes on the Continent of Gods.

It was done through listening and selecting prayers.

In the Continent of Gods, there were a large number of barbaric tribes. Some of them were powerful, while others were weak. The gods they believed in were not real gods.

It was a God they had imagined.

Just like before Lin Yan transmigrated, those tribes in the primitive society believed in some strange gods. These gods might not exist at all.

However, when their faith reached a certain level, due to some mechanism, their prayers would be spread in the heavenly world by tribal totems or altars.

Whether he could search and hear these prayers depended on luck. It was a matter of patience.

Fortunately, a God might have heard the prayers of a Barbarian tribe.

If his luck was bad, he might not be able to find one for decades.

Of course, this God could also send his followers to search for the Barbarian Tribe and give an accurate location.

Just like the five first-ranked gods of the Hun River Principality, they kept their own church after they surrendered. Their Church led some of the Divine Temple Knights who were willing to leave to head to the vast mountains to the south of the Eternal Night Empire to search for the Barbarian Tribe and develop their followers there.

When Lin Yan saw the actions of the Goddess of Light, he nodded slightly in response.

The Goddess of Light hadn't finished speaking when she continued, "Lord of Flame, you've already obtained friendship with the Goddess of Light, Philomina. You can live in the Elven God Realm. As long as you're in our Heavenly Realm, we won't let you fight alone!"

The Goddess of Light finally finished speaking.

However, her attitude was clear.

That was, all the Elven goddesses would not watch the show today.

All the Elven Goddesses really wanted to help Vera and Lord of Flame!

"Just how did he get involved with these goddesses who are aloof from worldly affairs?"

Below, Saia felt a headache.

Even if he had a great killing weapon in his hand and was confident that he could use it to kill the Lord of Flame, with so many Elven goddesses around him, even if he had a great killing weapon, he might not be able to turn the tables.

Behind Saia, the other three gods did not look too good.

This was especially true for the Star God Holton, whose face was extremely pale.

At this pace, he would never be able to get his Divine Kingdom back.

Even he himself might not be able to escape!

"God Saia, let me provoke him and force him to fight you."

Star God Holton whispered to Saia.

Saia nodded imperceptibly.

Star God Holton stood up and shouted:

"Lord of Flame, if you're a man, don't hide behind a woman. To think that you still call yourself a Divine Master, yet you need the protection of a group of women. What kind of man are you?"
