Chapter 451: Lin Yan's strong presence! An overbearing dark contract!

Down below, a large number of powerful Demons God could sense the aura of the Demon Gods. Each of them lowered their heads, only daring to use the corner of their eyes to observe the movements in the sky. There was a thick layer of black mist surrounding the Divine body of Demon God Flora, which made it look even more terrifying.

It was also a humanoid demon, but it did not have any human organs.

Its Divine body was also purely made of Demonic substances and some high-strength Abyssal substances.

It was a pure combat body.

It was like a combat robot.

“Boom!”

As soon as the Demon God Flora arrived, he attacked Natasha without saying a word.

As a second-ranked demon god, Flora did not want to talk nonsense with Natasha.

This time, it wasn't like the last time. When he attacked from an endless distance, Natasha's expression changed.

Even if she was the Demon king and possessed decent spatial laws, she would not be able to block an attack from a Demon God. Not only was she unable to block it, but she was also unable to dodge it.

However, Natasha did not give up. She activated a huge wave of Evil Flames and used it to fight against Demon God Flora.

However, even the Evil Flames that she had summoned were unable to stop a Demonic God's attack, Natasha was about to be killed by Demon God Flora. Suddenly, in front of Natasha, an even bigger and more terrifying Demonic flame rushed into the sky, and it instantly dispersed the attack of Demon God Flora!

After dispersing the attack, the Evil Flames didn't stop and followed the trajectory of the attack.

Demon God Flora snorted and grabbed the Demonic flame with both hands!

“Still not coming out?”

Demon God Flora snorted.

Divine force surged within its body. It intended to take action again.

Now that the Lord of Flame had saved Natasha, it meant that Natasha was someone the Lord of Flame cared about. For Demon God Flora, things were much easier.

However, before Flora the Demon God could make a move, a ball of flame suddenly appeared above Natasha! The moment the ball of flame appeared, the news suddenly spread. When it reappeared, it had already arrived around Demon God Flora.

“Boom!”

The flames quickly spread out and instantly surrounded by Demon God Flora.

Although Flora reacted quickly, he was not as fast as Lin Yan.

In less than half a second, the flames burned on Demon God Flora's body, making him scream.

The Demon God wanted to escape, but it was shocking to find that the space was locked down. It could not escape!

“What kind of flame is this? Lord of flames, if you have the guts, come out!”

Demon God Flora kept using his strength to resist while shouting.

The results of the battle in the Abyss had already spread.

However, the process was not detailed.

After all, the several Demon Gods were battling in the endless skies. The entire battlefield was filled with terrifying energy tides. Who knew how the Demon Gods fought?

Even the escaping Demons could only see the Flame Incineration. They could only witness the death of the Demonic God, but they did not know exactly how the Demonic Gods were defeated.

Therefore, the three Demon Gods did not spread their speculation about Lin Yan's form.

Now, the Demon god Flora screamed in pain because of Lin Yan's flame. He didn't even know that the Flame was the master of the Flame.

In reality, not to mention not knowing, even the other Eight Great Demonic Gods could not have imagined it.

Due to the spatial blockade, Flora's voice could not be heard.

Lin Yan didn't pay attention to it at all. He injected his Divine energy into it and started to burn violently. Demon God Flora couldn't take it anymore.

As a second-ranked Demon God, it was a relatively simple Abyss Demon God. Even if its body was hard, how could it withstand Lin Yan's flames?

Lin Yan could easily burn a third-ranked God to death, let alone it!

Flora instantly panicked.

The shadow of death enveloped it.

I never thought that things would develop like this.

It was burned half to death by the flames of the Lord of Flame without even seeing him!

Heavens!

How powerful was the Lord of Flame?

Even the God of Darkness could not kill it so quickly.

Demon God Flora instantly regretted it.

Demon God Flora screamed, but even if it vibrated the space with its Will, it could not transmit the sound.

“God of Darkness...”

Hearing these four words, Lin Yan knew what had happened.

However, Lin Yan’s heart was not the least bit shaken, now he was different from before.

He quickly opened the system’s pantheon panel and found the dark pantheon.

Lin Yan’s dark and light pantheons were different.

The Light Deity was tree-shaped.

As for the dark race, after Lin Yan found out that the dark race imprint was very powerful, he directly turned the dark race into a circle.

On the dark race map, there were a total of five circles from inside to outside.

A circle encloses a circle.

This represented the five orders, and also represented the five positions of the gods.

The outermost one was, of course, the one with the lowest status and also the fifth rank.

The core was Lin Yan.

For now, Lin Yan wasn’t going to bring in a God of light, but a pure goddess.

However, there was no need for the dark races to be so particular. Most of the Abyssal Demon Gods were genderless.

Therefore, Lin Yan planned to create a large number of Abyss Demonic Gods from the outer circle of the Dark Deity system. These Abyss Demonic Gods were equivalent to cannon fodder in the Deity system.

The abyss was filled with danger, and the war was ongoing. The cannon fodder Demon God at the outermost circle might be useful in the future.

If something was too dangerous, they could be sent out.

The innermost circle could be left to goddesses like Natasha and Princess Barbara after becoming gods. As for where did the Demon come from?

The Abyssal Demon Gods were all extremely cunning, completely different from the gods of the Heavenly Realm.

In fact, whether there was a Divine element among the Abyssal Demonic Gods, it was a problem.

Although they were divided into several ranks, their power rank was different from that of the gods of the Heavenly Realm.

It would be very difficult for them to join the Divine system obediently.

Therefore, the Dark Deity’s Abyss Demon God could only be captured by Lin Yan with a tough method!

He could use this Demon God Flora to test the dark race’s Divine contract.

As for whether to keep the Demon God Flora, it would depend on Lin Yan's mood.

Lin Yan immediately created the Divine contract, and then he created a pitch-black flame. This was the flame that controlled the Wing Demon.

“Eat them, and I will spare your life!”

Lin Yan's cold voice sounded.

Demon God Flora looked at the Divine imprint and the pitch-black flame and ate it without any hesitation.

As soon as it ate, the name of Demon God Flora appeared at the outermost part of the dark race.

This represented that the contract of the Darkness God System had been signed successfully.

The flame also came to the heart of Demon God Flora. As long as Lin Yan thought about it, the flame would destroy the heart of Demon God Flora!

Lin Yan's gaze once again landed on the dark race panel.

Soon, he understood the true BUG of the dark race!

Amidst the flames, Lin Yan let the flames leave the Divine body of Demon God Flora.

Demon God Flora finally escaped death, but at the same time, it felt two more things in its body.

It was also a dark god system contract. This contract had already been completely signed. At most, it would only take a month for it to be completely stabilized and could not be cleared.

The other was the flame at the heart. As long as the flame exploded, even Demon God Flora would die.

In other words, the life of Demon God Flora was completely in Lin Yan's hands.

“What is this?”

Demon God Flora did not know what the dark race contract was but soon, it knew.

Because it was shocking to find that all the power in its body was drained in an instant.

“I see!”

Lin Yan whispered.

Yes, the dark race Divine contract was quite domineering.

Once it was signed, the Master of the Deity System could draw all the powers of the Demonic Gods in the Deity System to fight!

Yes, everything!

Unlike the Heavenly Realm's Deity system, the Master of the Deity system could only borrow part of its power!

This part was usually less than 30%.

Although it would take more than a month for the contract to be completely stabilized, this time was not a problem because Lin Yan still had a flame.

If the Demonic Gods wanted to get rid of this flame, one month was not enough.

“Then let’s start capturing the Demon God!”

Lin Yan whispered.

As for the plot of the God of Darkness, he never took it to heart.

After Lin Yan made his decision, the flames exploded.

Driven by the rules of space, Lin Yan’s flames jumped several times, burning all the other eight Demon Gods in the Abyss!

Chapter 452: What courage! The eight Demon gods moved!

“What's going on? Could it be that the Lord of Flame has burned to the ground without any movement?”

As time went on, when Lin Yan burned the Demon God Flora, the God of Darkness let out a confused voice.

Yes, the God of Darkness did not know that Lin Yan was a flame.

More than two years ago, when the God of Darkness and Lin Yan fought in the underground world, Lin Yan also used flame attacks.

However, the God of Darkness had always thought that Lin Yan had attacked with flames.

After all, the title of Lord of Flame was too easy to think of as a God who had mastered the flame!

The Will of the God of Darkness looked at the Pyramid throne where Demon God Flora was. Above the throne, flames were blazing, and there was no sign of any movement from Demon God Flora.

Yasor was still a second-ranked God. Even if the Lord of Flame was a third-ranked God, it wouldn't be impossible for him to make a move, right?

“Yasor, what's wrong with you?”

The God of Darkness tried to contact Yasor.

However, Yasor did not give any response.

Under the blockade of the space, there was also a flame covering the outside. Yasor couldn't respond.

The God of Darkness hesitated.

She was hesitating if she should descend.

“No, that's not right. The Lord of Flame can't be so powerful just by lowering his power.....”

The God of Darkness felt that something was wrong.

In the Abyss, unlike the Continent of God, the power of the gods would be weakened.

However, the Continent of God had its own benefits.

The gods of the Heavenly Realm could directly open the passageway to the Continent of God.

Otherwise, given the actual distance between the Heavenly Realm and the Continent of God, it would be difficult for even a third-tier god to deliver the attack effectively.

However, the Abyss was different. In the Abyss, the Abyssal Demonic God directly sent down his power to attack. He had to cross an extremely long distance.

These distances were already a bit of a drain on strength, and their power would be much weaker.

Although it's as weak as it wasn't on the Continent of God, it was at least quite a bit weaker, unless the Abyss Demon God was close

However, the advantage of the Abyss over the Continent of God was that as long as the Abyss Demon God knew the location, he could quickly descend.

Looking at the sea of flames, she thought of the battle with Lin Yan.

A shocking thought appeared in the mind of the God of Darkness:

“Is this flame not the power of the Lord of Flame, but the Lord of Flame himself? Otherwise, it was impossible for God of Darkness not to get any news!”

The God of Darkness was also decisive.

After reaching this conclusion, she did not seek confirmation. Instead, she chose to step out of the Divine Kingdom. She instantly tore open the passage and quickly descended towards the abyss of Harubi.

The commotion made by the God of Darkness instantly alerted the Demons in the Abyss.

A moment ago, Yasor, the Demon God of Flora, was trapped in a sea of flames as soon as he arrived.

The next moment, the God of Darkness was about to descend like a powerful Demon God of the third rank. The God of Darkness was quite famous among the Abyssal Demon gods.

The commotion she made was quite loud.

“My God, what happened today? So many Demonic Gods have descended!”

In the Abyss of Harubi, a demon who was watching the battle exclaimed.

“I'm afraid the battle of demons will turn into a battle of gods!”

A powerful Demon whispered.

“These guys really like to break the rules. So, the God of Darkness and the God of Demon Flora joined forces to deal with the Lord of Flame? Interesting.”

In the Demon castle in the abyss of Harubi, the Lord of Harubi guessed.

“I knew there was a conspiracy. As expected, it was a wise decision not to participate.”

Not only were the Demons alarmed, but even the Abyssal Demon God was also alarmed!

The Abyssal Demon God, who had always felt that there was a plot, was glad that this plot was not targeted at it. He was also glad that he did not meddle in other people's business and got involved.

Otherwise, he really didn't know how to write the word 'death'.

The other Abyssal Demon Gods felt the aura of the God of Darkness, and they all cast more gazes.

First, Yasor targeted the Succubus, and then the God of Darkness descended. These two linked events instantly gave the Abyssal Demons a rough guess.

That was Yasor and the God of Darkness joining forces against the Lord of Flame.

No, to be precise, Yasor was the pawn of the God of Darkness!

"God of Darkness... Does she have a grudge with the Lord of Flame?"

The Demon God guessed.

The God of Dark Souls, who came from the Land of Light and was on par with the God of Darkness, let out a light snort.

However, as long as the God of Darkness only targeted the Lord of Flame and did not affect the other battles of God Sacrifice, the God of Dark Soul would not bother with the matter of the God of Darkness.

The God of Darkness descended very quickly.

"Lord of Flame, your old friend is here. Are you not going to welcome me?"

The gloomy voice of the God of Darkness spread throughout the entire Harubi Abyss.

Following that, the God of Darkness took a step forward.

Her divine body wasn't big. From her body, she looked like a human. However, her body was shrouded in a thick, black mist. It was an evil aura that couldn't be dissolved.

The God of Darkness was also a humanoid demon, but it was different from Yasor.

For example, God of Darkness was a humanoid demon, but the so-called humanoid only had two hands, two feet, and one head.

Its Divine Body was extremely large, and its body was also exceptionally sinister. It looked ugly and terrifying.

The God of Darkness was somewhat similar to the Succubus. It was unknown what kind of Demon she was.

The moment she appeared, the entire Harubi Abyss trembled.

"As expected, the God of Darkness came for the Lord of Flame!"

A Demon God thought to himself.

All the Demons and Demon gods turned their gazes over to look forward to the battle between the God of Darkness and the Lord of Flame!

However, the Lord of Flame did not intend to respond to the God of Darkness.

The God of Darkness let out a light snort as energy surged from her body as she prepared to attack.

However, as soon as she arrived, the sea of flames soared.

After that, the flames spread in all directions!

Under the effect of the laws of space, the flame spread to the other eight Demon Gods, including the God of Darkness!

“Boom!”

Under the blazing flames, all the thrones, including the Divine throne of the God of Darkness, instantly began to burn violently. A large amount of the dark faith within the Divine throne was completely burned!

This sudden scene caused Harubi’s Abyss to fall silent.

Everyone was quiet!

It was no ordinary silence!

Even the Demons and servants who were fighting stopped in their tracks. All of them raised their heads and stared at the blazing sea of flames in the sky with their mouths agape...

Every Demon and servant’s faces were filled with disbelief!

The Divine Thrones of the Eight Great Demonic Gods were actually burning!

It turned into an endless sea of flames!

This scene stunned all the Demons and servants!

It was also hard to believe what they saw!

Meanwhile, in the endless skies, the other Demonic Gods were stunned.

The God of Darkness was stunned as well.

She was about to attack the Lord of Flame, but she never thought that the Lord of Flame would directly attack the other deities!

In the battle of sacrificial gods, it was the greatest provocation to directly attack the other demon gods.

If someone was strong, they might even be terrified.

But if one was silent and nameless, and one wasn’t strong, then that might mean a Divine battle.

At that time, under the gaze of countless Demons and servants, Lin Yan had directly burned the Eight Great Divine Thrones!

It was not one, it was eight!

This was equivalent to provoking the Eight Great Demonic Gods at the same time!

Amongst the eight Great Demonic Gods, the God of Darkness and the God of Dark Soul were at the high third rank. They might even be at the peak of the third rank!

The other six Demon Gods were similarly not simple!

The weakest was the second-ranked Demon God!

It was completely different from the three Demon Gods in the Abyss of Mobis!

However, the Lord of Flame had brazenly attacked all the Demonic Gods!

At this moment, even the powerful God of Darkness was suspicious of her eyes!

Her plot had actually succeeded, leading Lin Yan to succeed.

Next was the time for the God of Darkness to take revenge!

However, she did not expect Lin Yan to be so daring!

The God of Darkness couldn't help but feel a chill run down her spine as she looked at the blazing flames in the endless sky above Harubi's Abyss. Her schemes and tricks were nothing more than a little trouble!

This was a ruthless person who didn't say much. He was prepared to descend without a word!

"Who is the Lord of flames!"

At this moment, the God of Darkness actually had a whole new level of respect for the Lord of Flame!

This was called momentum!

However, the premise was to survive!

"You're courting death!"

After a brief moment of silence, the roar of an Abyssal Demon God could be heard from the skies above!

Following that, the waves that the Abyssal Demon God was about to descend were transmitted!

An Abyssal Demon God was about to descend in fury and attack Lin Yan!

This Abyss Demon God was the other helper that the God of Darkness had found.

"Roar! What are you waiting for? The Lord of Flame is challenging our dignity! Let's attack together and kill this adviser!"

The roar of another Abyssal Demon God rang out.

Immediately, another tunnel opened.

This was a ruthless person who didn't say much and was prepared to descend without a word!

"This child's life form is strange. We all descended together, not attacking each other. Kill him!"

At this moment, a calm and dignified voice sounded!

"The God of the Dark Soul!"

Some Demon gods could hear the voice of the Dark Soul God.

Following that, the undulations of the God of Dark Soul appeared in the sky.

When the God of Dark Soul was about to descend, the other Demon Gods did not hesitate any longer. One after another, they opened the passageways and prepared to descend in the abyss of Harubi to surround and kill Lin Yan.

Chapter 453: Submit or die! The Abyssal Demonic Gods who had submitted to him one after another!

: Submit or die! The Abyssal Demonic Gods who had submitted to him one after another!

Within the Harubi Abyss, all the Demon castles of the Demon Dynasty descended.

As the Demon gods descended one after another, no matter which Demon dynasty it was, they were all worried about being involved in the war between the Demon gods!

If it weren't for the fact that the Demon gods behind these Demon dynasties were still there, these Demon dynasties would have even prepared to use the Demon castles to escape the Abyss of Harubi.

Ten Abyssal Demonic Gods descended together. It was obvious that Harubi was too dangerous compared to the Abyss.

Once the ten Abyssal Demon Gods attacked with all their might and fought together, Harubi would be far more vulnerable than the Demons in the Abyss!

“Fortunately, all the Abyssal Demonic Gods are only dealing with the Lord of Flame. After being targeted by the Eight Great Demonic Gods, the Lord of Flame should be able to live less than a minute.”

The Demon king of the Demon Dynasty thought.

These Demons Kings did not attack the Succubus.

Harubi was much bigger than the Abyss. For the Demon King, it would take a long time to fly to the succubus region.

Unlike the Flora Demon Dynasty, it was close to the Succubus region.

It wouldn't be too late to deal with the Succubus after the Demons God had decided the victor.

Natasha also looked up at the sky. The flames in the sky were extremely terrifying.

Harubi was much larger than the Divine Battle in the Abyss, and the position of God's Throne was much higher.

Each God's throne was located at least a thousand kilometers away from the ground. It was already a dark place. The God's throne was high up, and ordinary Demons and servant Demons could not be seen through the black clouds.

Only when their gazes moved in the direction of the Throne would they feel a wave of fear!

Even from such a long distance, the temperature in the Abyss was still rising rapidly.

Natasha looked at her master. The Lord of Flame had attacked the other eight Demon Gods of the Abyss, and her beautiful eyes flashed!

It was not that she was not worried about her master!

However, Natasha believed in her Master's strength!

She also believed that her Master would do everything with absolute certainty!

Her Master was so powerful that Natasha couldn't help but shake her heart!

In the entire Dark Demon Abyss, Natasha was Lin Yan's staunchest supporter when many Demons did not think highly of the Lord of Flame!

The movement made by the Demon gods didn't last long before the first Demon God descended!

This Demonic God's body was exceptionally huge. When it stepped out of the tunnel, it was like a small mountain.

It had a pair of huge wings and a similarly huge weapon in its hand.

Compared to it, the three first-ranked Demons Gods were like children.

The moment the Demon God stepped out, he let out a roar.

"Roar! Flame Lord, die!"

Holding its weapon in hand, it slashed at the sea of flames below!

This slash was extremely terrifying. If it landed on the Continent of God, even the sea could be able to split open a huge ditch!

This slash also separated the sea of flames!

It seemed like it had cut him in half!

A large amount of evil energy gathered at the cut, preventing the flames from closing.

This sentence did not exist for Demons Gods.

If the Demon Gods were to slice open the sea with a single slash, the remaining energy would make it impossible for the sea to close for decades.

"Boom!"

However, the sea of flames below had no intention of closing.

The flames exploded out as they charged forward, surrounding that Abyssal Demon God!

"You're not qualified to burn me to death!"

The Demonic God of the Abyss roared.

Then, it lost its voice.

Soon after, the flames completely engulfed the area and started burning violently there, becoming even brighter than a small sun!

"It really is like this again!"

On the other side of the endless skies, the Dark God whispered.

Yes, the God of Darkness did not attack.

Originally, as soon as she descended, she was prepared to attack directly, but Lin Yan's actions of directly burning the Eight Great Demonic God Throne startled her.

In a state of uncertainty, the God of Darkness took the initiative to reduce her presence and hid there, waiting for the other Abyssal Demonic Gods to test him out.

From the name of a God, one could often see a lot of information about that God.

The word 'God of Darkness' was not for nothing. When she was able to face your head-on, she would face your head-on. If something went wrong, she would lie dormant again.

"Damn it, damn it..."

Lord of Flame, that furious Abyssal Demon God was roaring nonstop.

Lin Yan had sealed the space. Without the same spatial laws, this Abyssal Demon God would not be able to escape for a short period, nor would he be able to make any sound.

Unless Lin Yan wanted it to emit a voice.

The strength of this Abyssal Demon God was almost the same as that of Flora Demon God of Darkness.

He also grasped the laws of power. His strength was boundless, and he could easily split open an Abyss.

However, under Lin Yan's Flame, it didn't last much longer than the God of Demon Flora.

In less than half a minute, the flames had burned this Abyss Demon God.

Its strength was comparable to that of Star God Holton, but against flames, it was far less durable than Star God Holton.

Lin Yan's flame form was extremely powerful against this kind of powerful body, but the Abyssal Demon God had an immense advantage, to begin with.

"Submit to me. Otherwise, die!"

Lin Yan's cold voice sounded.

"Don't kill me, I'm willing to submit!"

The pitifully burned Abyssal Demon God hurriedly said.

Lin Yan let out a light snort and took out the dark race Divine contract and a small flame to swallow.

Without any hesitation, the Abyss Demon God swallowed it.

For the Abyssal Demon God, submitting to a stronger Demon God was not a big deal.

In any case, no matter what contract it was, it did not have much binding force on them. Given time, they could find a way to break the contract.

As long as it didn't die and found an opportunity, it could still escape and then hibernate.

It was better than being killed now.

However, the moment this Demon God devoured the contract and flames, his mood instantly turned bad.

Chapter 454: Submit or die! The Abyssal Demonic Gods who had submitted to him one after another!

: Submit or die! The Abyssal Demonic Gods who had submitted to him one after another!

This was because it felt the tyrannical nature of the dark race Divine contract.

However, it did not dare to do anything because it was still in the sea of flames, and there was also a flame that could explode at any moment in its heart!

If this flame did not have the energy to replenish it, it could only burn for more than a month.

However, a month was enough time for the dark race Divine contract to become completely stable and impossible to destroy.

This Abyssal Demon God was also a God behind a middle-ranked Demon. There were too many types of Demons in the Abyss, and new types of Demons were often born.

After eating the Darkness God Clan's contract, it became the second Abyssal Demon God outside the Dark God Clan.

Lin Yan wasn't interested in remembering its name and directly numbered it.

Demon God Flora was number one.

This Abyss Demon God was number 2.

No.2 had just swallowed the Dark Race God contract when another Abyss Demon God descended.

This Abyss Demon God was still a second-ranked Abyss Demon god.

They were very close and far away, so their descent was fast and slow.

"Lord of Flame, die!"

The moment this Abyssal Demon Gods descended, he let out a loud roar.

"Boom!"

The flames surged once more.

"Good timing."

This Abyssal Demon God seemed to have anticipated the changes in the flames. He opened his mouth and spat out a large amount of turbid water. It didn't know what its stomach was made of. The water it spat out was enough to fill an enormous lake.

As soon as this water appeared in Harubi's Abyss, it emitted an incomparably hard smell.

The smell was not just stinky, it was a smell that ordinary people would die if they smelled.

Even a Saint would not be willing to be exposed to this kind of water.

"This guy actually brought up the filthy water in the Abyss!"

Seeing this, the dormant God of Darkness could not help but frown.

This filthy water was the dirtiest water in the entire Abyss.

One must know that the water in the Abyss was filled with all sorts of filth and evil aura, as well as a large amount of negative energy. In the Continent of God, people looked a hundred times dirtier than the water in the sewers.

As for the tainted water, it was water that even the Abyssal Demons felt dirty.

Even the Abyssal Demon God could not help but feel disgusted.

After being touched by this thing, regardless of whether it was a Divine body or godhead, there would be many negative effects.

Most importantly, it was disgusting!

In order to deal with Lin Yan, that Abyssal Demon God actually had a belly full of filthy water.

This fellow was a rather ruthless person!

“The filthy water is enough to extinguish all special flames. Even if your life form is special, it will be uncomfortable to be poured by the filthy water?” The Abyss Demon God laughed.

But soon, it was unable to laugh because it suddenly realized that the direction of the water that it had just spat out seemed to have changed.

It was clearly spitting out flames.

However, as soon as the water left, it directly charged towards itself.

This Demonic God of the Abyss hurriedly sent out his Divine energy to block it. The moment he blocked off the tainted water, he was engulfed in flames!

Not long after, a number three appeared in Lin Yan’s dark god system.

Not long after, there was a number 3 in Lin Yan’s Dark God System.

This number was not a sequence, it was just a code name.

Their sequence is the fifth, which is also the lowest sequence.

Lin Yan did not even rank according to strength.

On the contrary, it was the cannon fodder at the outermost circle of the dark race Divine system that was arranged so carefully.

“It’s like this again!”

The dormant God of Darkness whispered.

This was the third Demon God that had become silent after being surrounded by flames.

“The spatial laws are extremely profound.”

The God of Darkness instantly came to a conclusion.

“In that case, they might not have died, but they were trapped.” She continued to speculate.

In the endless skies, three Demon Gods descended into the sea of flames, causing some Demon Gods who were on par with them to hesitate. The speed of their descent slowed down.

“Ah, don’t try to trap me. What are you all waiting for? Take action together, break its spatial cage!” At this moment, the roar of God of Darkness was heard.

Then, God of Darkness’s figure appeared. She was clearly engaged in a fierce battle with the Lord of Flame!

“Sure enough!”

The God of Darkness felt that her guess was correct.

“Flame Lord’s life form is special, and he’s also proficient in spatial laws. I won’t be able to leave him alone. I can’t wait any longer. I’ll attack first, and then they’ll dare to descend!”

Thinking of this, the God of Darkness no longer hesitated.

She rushed out from her hiding place. The powerful evil aura covered the sky, causing the entire Harubi Abyss and the countless servant Demons that were fighting to fall into a state of madness. They were fighting with all their might against the other servant Demons.

“Lord of Flame, your doomsday has arrived!”

The shrill voice of the God of Darkness rang out, even though the Lord of Flame’s actions made her have a whole new level of respect.

However, a Demonic God of the Abyss was not a generous Demonic God of the Abyss. It was impossible for her to let Lin Yan off just like that.

The God of Darkness was quite good at many things. She was not a single Abyssal Demon God.

As soon as she made her move, an ear-piercing howl of wind could be heard in the air above the Abyss.

“Taste the Void Storm from the Abyss!”

The God of Darkness laughed loudly.

Under the stimulation of God of Darkness’s roar and the God of Darkness’ attack, the Abyssal Demonic Gods that had been hesitating no longer hesitated.

They did not hesitate to exhaust their strength to speed up their descent.

Chapter 455

Chapter 455: Flames burned everything! Each claw was accurate!

In the sea of flames, the three Demon Gods who had submitted to the Dark Abyss were still making some noises from time to time.

Yes, they were acting.

The other six Abyss Demon Gods had never imagined that these three powerful Abyss Demon Gods had already submitted to Lin Yan in such a short period.

Even the God of Darkness had fallen for it, not to mention the other Abyssal Demon Gods.

In the endless skies, the invisible storm summoned by the God of Darkness was quite terrifying.

This was a storm in the Abyss.

The Abyssal ditch was a place that even the weaker Abyssal Demon Gods did not want to go deep into.

That was also where the Demon Gods searched for fiendish substances.

Even if the Void Storm was more than a thousand kilometers high, the commotion it brought would make countless Demons look at it!

Under the storm, no matter what it was, it couldn't stop it!

In the Abyss's history, the Void Storm had shattered into pieces an entire Abyss.

In order to deal with Lin Yan, the God of Darkness had indeed invested a lot of capital.

The price of bringing the Void of Storm to the Abyss was not small!

Meanwhile, the God of Darkness was still attacking nonstop, constantly grabbing new Void Storms from the Abyss, expanding the power of the Void Storms.

“So what if you're a flame? The Void Storm is the nemesis of all non-physical beings. Without a powerful Divine body, you can just wait for it to extinguish!”

The God of Darkness let out a wild laugh.

“Boom!”

The Void Storm let out a terrifying sound as it rumbled towards Lin Yan.

Under the blowing of the Void Storm, the entire Harubi Abyss began to sway and sway. Even the space was shattered.

One could imagine how powerful this Void Storm was.

This was a terrifying storm from the depths of the Abyss.

“The God of Darkness has gone mad. Is she going to destroy Harubi's Abyss?”

On the edge of the Harubi Abyss, the ruler of Harubi had an ugly expression.

“I think we should get ready and run for our lives at any time.”

Some Demons were already preparing to retreat.

As soon as the God of Darkness made her move, she brought over a great killing weapon like the Void Storm. Who knows what terrifying things would be created later!

“Void Storm.”

Lin Yan snorted softly.

The Void Storm was indeed a great enemy of non-physical beings. For example, those dark creatures in the Dark Abyss that did not have physical bodies would instantly fall apart after being blown away by the Void Storm.

Against the Void Storm, Lin Yan could completely transform into a Divine body. With his current strength of a rank 14 Divine body, this Void Storm could do nothing to it.

However, his Divine Body was a Heavenly Realm Divine Body, and it had yet to fuse into the Abyss.

A deity from the Heavenly Realm appeared in the Abyss as if he had thrown a drop of water into an oil pot. It would instantly explode.

Lin Yan was not afraid of being surrounded. He had an exclusive Abyss tunnel, so he could leave if he wanted to.

However, that would be detrimental to Lin Yan's ability to gather dark faith.

Therefore, Lin Yan instantly made a decision.

He fought in the form of flames.

It was just a mere void storm!

He was an eternal and endless flame!

Lin Yan could completely rely on the spatial laws to dodge.

However, Lin Yan was not prepared to dodge, his flames could burn anything!

“The Laws of Destruction!”

Lin Yan activated the Laws of Destruction.

Then, a large amount of Divine energy was poured into it.

“Boom!”

The Flame soared, and the raging flames illuminated the Abyss like daylight!

This was probably the day when Harubi had the highest light in the Abyss.

At other times, Harubi's Abyss was dark and gloomy.

The terrifying flames took the initiative to charge towards the Void Storm.

Harubi's Abyss was blown to the point of shaking and no storm swept over it!

“Destroy it!”

The God of Darkness shouted.

Lin Yan did not say a word. With the combination of the two Divine energies, the flames exploded once again under the influence of the laws of space and it instantly turned the terrifying windstorm into a sea of flames.

“Boom!”

In the endless skies, explosions rang out nonstop.

After that, countless powerful Demons and Gods of darkness saw that the void storm that was enough to destroy Harubi's Abyss had disappeared under the monstrous flames!

"How is that possible? The God of Darkness exclaimed."

The flames actually burned the Void Storm away!

If she hadn't seen it with his own eyes, the God of Darkness wouldn't have believed it!

Was this flame still a flame?

In the depths of the Abyss, even the most terrifying special flames could only be destroyed in front of the Void Storm.

This was a storm that could tear apart even the soul.

Moreover, this type of storm didn't have a physical body. Its principle wasn't the same as a tornado, but the flow of air.

This was a true Void Storm.

The word 'Void' wasn't called for nothing!

No flames could burn in front of the Void Storm.

But now, not only had the flames not been extinguished, they had even destroyed the Void Storm!

No matter how one looked at it, this scene did not seem real!

"What kind of flame is this?!"

The God of Darkness couldn't help but say.

This flame was simply too terrifying. Even the Void storm could be burned away. Wouldn't it be able to burn everything?

"Damn! To think that even the Void Storm would be burned away. The Lord of Flame is too terrifying..."

Countless powerful Demons cried out in shock in the Abyss.

With the power of these powerful Demons, as long as the Void Storm touched a bit of them, they would die.

It was simply unimaginable that the Lord of Flame could burn the Void Storm with just flames!

All of a sudden, the power of the Lord of Flame made these powerful Demons feel a deep fear!

"Lord of Flame, next year, today will be your sacrificial day!"

Just as Lin Yan burned down the void storm, a new Demonic God finally descended.

Then, as if they had made an appointment, two more Abyssal Demon Gods descended.

The moment these three Abyssal Demonic Fiends descended, they saw the scene of the Void Storm being burned up by Lin Yan.

The three Abyssal Demon Gods, who had descended together, immediately froze!

They could not understand the power of the Void Storm.

The weakest of them were second-rank gods. With their powerful bodies, they could still withstand the Void Storm.

But even if he could withstand it, it would still be quite strenuous.

Of course, the Void Storm also depended on its size.

Some small Void Storms were not a threat to them.

In the depths of the Abyss, these Abyssal Demonic Gods would usually choose to hide a bit further away when they encountered a large-scale void storm. They would not waste their strength to contend against it.

The Void Storm that the God of Darkness had brought was already a great threat to them. It could even kill them.

Not to mention the non-physical existence of flames.

The Void Storm suppressed anything that was not real.

But now, the illusory storm that the God of Darkness had spent a large amount of energy to bring in was burned by the Lord of Flame... was gone?

The hearts of these three Abyssal Demon Gods were starting to beat.

“What are you standing there for? It’s definitely going to consume a lot of energy. Let’s attack together. Don’t use brute force. It’s useless against flames.”

The voice of the God of Darkness rang out.

The God of Darkness had not admitted defeat so easily, she still had many methods.

Moreover, there were still a large number of Demon Gods who did not attack.

Apart from these three Demonic Gods, there was also a Dark Soul God and another Demonic God!

The God of Darkness did not believe that there were so many Demonic Gods. There was nothing she could do with a mere Lord of Flame!

As soon as the God of Darkness finished speaking, her expression changed.

She suddenly retreated a hundred kilometers away before continuing to retreat.

“Boom!”

The place where she was waiting started to burn.

“Strong space rules.”

The expression of the God of Darkness was ugly.

She only had an ugly expression on her face.

Some people’s expressions were not as simple as they looked.

Flames surrounded the three Abyssal Demonic Gods even before they could show their strength.

Just because the Dark Gods could dodge, that did not mean they could.

The reason the God of Darkness was able to dodge was related to Lin Yan attacking several Demon Gods at the same time.

The three Abyssal Demonic Gods were surrounded by flames and instantly regretted their arrival.

“If I knew earlier, I wouldn’t have been in this mess. It’s over.”

Chapter 456

Chapter 456: Flames burned everything! Each claw was accurate!

The Abyssal Demon God who had long thought that there was a conspiracy was the one who regretted it the most.

This Abyssal Demon God was also the weakest.

“Submit to me, or die!”

A few seconds later, the Abyss Demon God heard Lin Yan’s cold voice.

Without any hesitation, the Abyssal Demon God who was about to be burned to death, chose to submit.

It became number 4.

The other two Abyssal Demonic Gods lasted a little longer, but only a little longer.

They became number 5 and number 6, respectively.

In a short period, the three Abyssal Demonic Gods that had just descended were all captured by Lin Yan in one fell swoop, becoming one of the Demonic Gods of the dark race.

Under the support of the powerful rules of space, as long as they dared to show themselves, Lin Yan was absolutely accurate!

Under Lin Yan’s order, the three Abyssal Demon Gods immediately made quite a commotion, showing that they were engaged in an intense battle with Lin Yan.

After all, there were still three Demonic Gods. They had to be given hope so that they would not be scared away.

In the endless sky, the God of Darkness kept dodging Lin Yan’s pursuit of flames. At the same time, she was driving the Rule of Law to launch a counterattack.

However, her counterattack was not very effective.

Direct Divine energy attacks against some physical life forms were quite powerful.

When dealing with flames, they could only activate some rules that had a restraining effect on attack.

The God of Darkness did not want to enter Lin Yan’s flames to fight him. Under the circumstances of constantly dodging, it was difficult for the God of Darkness to attack at full strength.

“God of Dark Souls, aren’t you going to take action?” A bit more and they won’t be able to hold on. The Lord of Flame will be able to free himself.

The Will of the God of Darkness vibrated the space and made a sound.

“God of Darkness, I didn’t expect you to be in such a sorry state.”

The faint voice of the God of Dark Souls sounded.

“F*ck you, if you continue to hide, I’ll leave. It’s not the first time I’ve lost to the Lord of Flame.”

The God of Darkness cursed.

The God of Dark Soul snorted.

Following that, a mysterious energy fluctuation came from the endless sky.

The God of Dark Souls was finally about to attack.

At the same time, in another direction, energy waves also came.

This was another Abyssal Demon God!

The God of Darkness was delighted when she sensed this energy fluctuation.

That was because the Abyss Demon God was also a third-ranked Abyss Demon God.

Although it could not be compared to the God of Darkness and the God of Dark Souls, as long as it was a third-ranked Abyssal Demon God, it would be enough to have enough combat power.

The Dark Soul God and the other third-ranked Abyssal Demon God attacked at almost the same time!

“The God of Darkness, I am the first to come. The life form of the Lord of Flame is too special. To kill it, you can only start from the soul level. Look at it, Soul Storm!”

When the God of Dark Souls made his move, he did not forget to make a sound and pretend.

It was the first God to descend!

However, when the God of Dark Soul descended, it completely concealed its own fluctuations, so that no one noticed its descent.

As a God of the Dark Soul Demon, the Dark Soul God was quite good at soul direction.

In the Abyss, many Abyssal creatures did not have souls.

This made the succubus, who was good at mental attacks and weak in body, quite weak.

The reason why Dark Soul Demons were stronger than Succubus was that their Demon bodies were also quite powerful.

Their soul ability was not something they had learned. It was something similar to Medusa’s “Petrified Eye” and the elf Garcia’s “Holy Judgment.”

It could be said that they were all-around players.

The God of Dark Souls was the same.

It had observed Lin Yan for quite some time. Until now, it had surprisingly activated a Spiritual Storm and vowed to crush Lin Yan’s soul!

The soul storm came too quickly. It was countless times faster than the Void Storm!

In an instant, a soul storm swept over and rushed into the sea of flames.

This storm was not a one-time event, but an endless stream.

“Let’s see how long you can last.”

In the endless sky, the God of Darkness attacked with all her strength. Under its control, the soul storm turned into a terrifying soul tornado.

These tornadoes were formless. When they blew past a place, the vegetation and rocks in that place would not change at all.

However, if an ordinary person was struck by a tornado like this, their soul would instantly be shattered into pieces, turning into a vegetable.

In the boundless sky, the sea of flames seemed to tremble under the impact of the soul storm, showing signs of instability.

“Effective. The attainments of the Dark Soul God in the direction of the soul are indeed formidable.”

Seeing this, the God of Darkness revealed a look of delight.

At the same time, another third-ranked Abyss Demon God’s attack arrived.

This Abyssal Demon God had also been dormant for quite some time.

It was also observing Lin Yan’s methods.

It had learned the lessons of the other Abyssal Demon Gods and did not use brute force or Divine energy to attack.

While the God of Dark Soul was using the Soul storm to attack Lin Yan, he used a chaotic energy law to attack.

All of sudden, chaotic energy rushed into the sea of flames.

“I’m coming too.”

Seeing this, the Dark God attacked again.

The three third-ranked Demon Gods attacked with all their might. Their attacks covered the material, energy, and soul ranks!

In the endless skies, terrifying energy ripples were constantly transmitted.

As for Harubi’s Abyss, a large number of Demons had been affected, with countless casualties.

The servant Demons suffered even more casualties.

In the entire Harubi Abyss, the spattering of Divine energy had created countless ravines.

What was even more terrifying was that the destructive power of Lin Yan’s high temperature was once again manifested.

Even some high mountains began to melt!

There was no need to mention the fate of those servant Demons who fought endlessly on the mountain.

“Pray for ice flames!”

The Succubus prayed for the ice flames.

After the ice flame appeared, it absorbed more than half of the temperature above the Succubus, allowing them to remain safe and sound.

“Boom!”

Not long after the ice flames appeared, in the endless sky, the originally unstable flames once again soared.

In just a short period, the flames completely burned the soul storm driven by the Dark Soul God!

Not only was that, even the attacks of the third-ranked God and the God of darkness completely burned!

Flames could truly burn everything!

“How is that possible?”

The Dark Soul God let out an inconceivable sound!

The flames could actually ignite a soul storm!

This completely exceeded Dark Soul’s expectations.

“Found you!”

Lin Yan’s low voice sounded within the flame.

Then, the flames suddenly jumped and surrounded the stunned Dark Soul God and the third ranked Abyssal Demon Gods.

“Boom!”

The battle had already lasted for a long time. Lin Yan was not prepared to drag it on.

With his full power, another third-ranked Abyssal Demon God was engulfed by the flames as quickly as possible.

This fellow had become number seven among the dark race Gods.

Its strength was not strong; it only had a rank 11 Godhead and body.

At this point, Lin Yan had captured the seven Demon Gods.

There was still the strongest God of Dark Soul and God of Darkness left!

Chapter 457: Demons God who had all submitted! The dark race Divine system was created!

: Demons God who had all submitted! The dark race Divine system was created!

“Wait, something’s wrong!”

In the endless sky, the God of Darkness was thinking while avoiding the pursuit of the flames.

She finally realized that something was wrong.

Since the Lord of Flame was so powerful, why could those second-ranked Demonic Gods last so long?

After all, those second-ranked Demon Gods couldn't last for even a few minutes against the attack of the Dark God.

In fact, if the distance was close enough and the opponent was not on high alert, the God of Darkness might be able to kill one of them.

But now, those second-ranked Gods had stayed in the flames for so long and were still jumping about.

The problem was that the Lord of Flame's flames could even burn a great weapon like the Void Storm and Soul Storm!

"He did it on purpose! He intentionally lured us into action!"

A thought flashed through the mind of the God of Darkness, and this bold guess emerged!

She immediately knew that her guess was not bold at all!

"What are you guys doing?"

God of Dark Souls' exasperated voice rang out.

The God of Darkness cast her gaze over and her expression changed drastically.

This was because she saw that apart from her and the Dark Soul God, the other seven Demon Gods had appeared around the Dark Soul God and attacked him!

The God of Dark Souls was already quite passive under the flames.

Now that he was being besieged by the Seven Great Demonic Gods, even if the Seven Great Demonic Gods weren't as good as her, at least there was a third-ranked Demonic God inside.

The Dark Soul God was instantly beaten to an unspeakable state!

"Damn it, Damn it!"

The God of Dark Soul felt that he was too sullen.

It was a powerful third-ranked high-grade Demon God. If it was normal, with its own strength, it could completely crush those seven Demon Gods.

However, now, it had no choice but to allocate more energy to resist the flames.

This made it incomparably passive against the seven Demons Gods!

The God of Dark Soul roared furiously.

"Lord of Flame, if you have the guts, come fight me. What do you mean by letting these miscellaneous hairs attack me?"

Dark Soul God roared.

Being besieged by these seven Demon Gods, who would normally lower their heads even if they were to encounter the will of the Demon Gods, the Dark Soul God had a feeling of being bullied by dogs.

Even if it was defeated by the Lord of Flame, it would not be so sullen.

However, Lin Yan did not give any response.

“Dark Soul God, submit. The Divine Master has no time to bother with you. Otherwise, you would have died long ago.”

An Abyss Demon God said coldly.

This guy was number five.

He was also the fifth Abyssal Demon God to submit to Lin Yan.

It possessed the second ranked strength.

After he had no choice but to submit to Lin Yan, this Abyssal Demon God had decided that he could not suffer by himself. Therefore, he was very serious about attacking Dark Soul God.

The other six Abyss Demon Gods were the same.

The third ranked Demon God, which was number seven’s attack, was the most feared.

No matter how powerful the Dark Soul God was, he wouldn’t be able to hold out for long even if he were to face the attacks of the seven Demon Gods.

In a short period, the Dark Soul God who was in the flames was beaten to death.

Even with its Divine body’s strength, it still suffered quite a few injuries.

“They’ve all submitted to the Lord of Flame!”

The God of Darkness finally knew the truth!

Her expression immediately became extremely ugly.

She never would have thought that after spending her entire life playing tricks, she would be schemed against by the Lord of Flame.

“Damn it! The Lord of Flame actually plotted against me!”

The God of Darkness wanted to curse.

“Ah, I’m going to lose again.”

The more she thought about it, the angrier she became.

The Lord of Flame’s strength far exceeded her imagination.

Now that she had subjugated the Seven Great Demonic Gods, there was no point in beating them up.

“I’m not playing anymore. It’s not like I’ve never lost before. Lord of Flame, just you wait. This matter is not over.”

After the God of Darkness finished speaking, she prepared to leave!

However, she soon realized that she could not escape.

The surrounding space formed a closed loop.

“Space is blocked!”

The God of Darkness snorted softly.

Divine energy surged within her body before the God of Darkness extended her hand and slapped her heavily.

Several laws had already been driven by her.

Under her powerful attack, the spatial seal was instantly broken.

However, the God of Darkness quickly discovered that the reason why she broke the spatial seal was not that Lin Yan’s spatial seal was very weak.

It was because she had taken the initiative to release the flames as soon as she broke the spatial seal.

Lin Yan’s backhand was waiting for her!

“Boom!”

The surroundings of the God of Darkness instantly lit up with intense flames.

Then, an even stronger spatial seal appeared.

The God of Darkness wanted to curse.

She finally understood why the seven Demon Gods were attacking the Dark Soul God.

If the Lord of Flame is focusing on dealing with her.

After all, her strength was powerful. If she was determined to escape, there was still a possibility of her escaping.

The God of Darkness continued to attack, attempting to break the spatial seal again.

However, even though she had touched upon the spatial laws, she was not good at spatial laws.

Therefore, if she wanted to break the spatial seal, she could only choose to break it with force.

However, she was not strong enough to break through.

The space was constantly shaken by her slap, but there was no way to break out.

There was no way to open the Divine kingdom’s passageway and leave.

The flames had already attacked.

The speed at which the flames spread out was simply too fast. In an instant, it had surrounded all directions of the God of Darkness.

In an instant, all directions of the God of Darkness were filled with raging flames!

“I can’t escape!”

The God of Darkness cried out in her heart.

Seeing that she couldn't escape, the expression of the God of Darkness became especially gloomy.

She didn't admit defeat so easily. She continuously used her power to protect herself from the flames.

She was also constantly trying to fly out of the sealed space.

But wherever she flew, the flames followed.

In front of experts who were proficient in spatial laws, escaping was sometimes such a difficult task.

The spatial laws were extremely difficult to grasp.

Even if an ordinary Deity had grasped the spatial laws, it would take them too long to use them. As a result, their attacks were much weaker.

In other words, if it was another Demon God who had grasped the laws of space, even if this Demon God trapped the God of Darkness, he would not be able to do anything to her.

Given the time of the God of Darkness, the God of Darkness could still break the spatial seal.

The problem now was that not only had Lin Yan grasped the spatial laws, his own attack power was also quite sharp.

Regardless of whether it was the Continent of Gods, the Heavenly Realm, or the Abyss, the Flame was a powerful attack.

On the Continent of Gods, Flame sorcerers were always feared.

Some Gods were also using Flame as an attack.

They only used Flame as an attack but Lin Yan himself was a flame.

In the end, he had grasped a large number of laws and flames.

Therefore, the God of Darkness could not escape!

"I am willing to submit!"

At this moment, the voice of the Dark Soul God came from a distance away.

The powerful Dark Soul God had actually surrendered so quickly!

Chapter 458

Chapter 458: Demons God who had all submitted! The dark race Divine system was created!

It was also true that the performance of a third-ranked Demon God was not much better than that of a second-ranked Demon God.

"Not good!"

Hearing the voice of the Dark Soul God, the expression of the God of Darkness changed drastically.

As soon as the God of Dark Soul submitted, the seven Demon Gods who had surrounded the God of Dark Soul would definitely be free to attack.

Now, he was with the Seven Great Demonic Gods.

It was the Eight Great Demonic Gods.

The God of Dark Soul would definitely join in.

Sure enough, the God of Darkness immediately noticed that the eight great Demonic Gods, including the God of Dark Soul, had already flown over and sealed them in all directions.

Amongst the eight Great Demonic Gods, there was a Dark Soul God that was no less than her.

It was not difficult to fly, but it was impossible to fly.

“F*ck, I’m going to be surrounded!”

The God of Darkness was in a terrible mood.

Right now, even if the Lord of Flame did not attack, these eight Demonic Gods were enough to defeat her!

But what exceeded her expectations once again was that the Eight Great Demonic Gods had no intention of making a move.

It was unknown what orders the eight Great Demonic Gods had received. Each one of them only surrounded the Dark Deity and had no intention of attacking her.

“There’s a chance.”

The God of Darkness thought.

As soon as her thoughts fell, the surrounding flames changed.

“Boom!”

The flames erupted!

Not only did the temperature increase by many times, but the terrifying Laws of Annihilation contained within the flames also made the God of Darkness tremble in fear!

That was too terrifying!

This explosion of flames caused the eyes of the eight Demon Gods in the surroundings to shrink.

They did not doubt that if such flames were to burn onto their bodies, they would be instantly killed by the flames in no time.

Once their Divine bodies were burned, there would probably be no other substance that could survive other than the Demonic substance in their Divine bodies.

At this moment, every single Abyssal Demon God truly felt the power of the Lord of Flame.

That was incomparable, a power that couldn’t even contend!

The God of Darkness finally knew Lin Yan’s true intentions.

That was that Lin Yan wanted to use her to show his strength!

The Abyss was actually a fairly simple social structure.

Strength was paramount.

The weak submit to the strong, the strong take everything.

If he wanted others to submit, he could only remain strong forever.

This was the case for both Demons and Demons God.

The Lord of Flame was clearly using the God of Darkness to show his strength.

Sure enough, after Lin Yan's flames erupted, the God of Darkness was completely powerless to resist!

In less than half a minute, all the defenses of the God of Darkness were completely burned by Lin Yan.

Just as Lin Yan's flames were about to reach her body, the Dark God Fruit interrupted:

“You won! I admit defeat.”

Lin Yan's flames stopped outside the black mist surrounding the God of Darkness.

Then, a ball of light floated towards her.

Without any hesitation, the God of Darkness ate the ball of light.

“Contract.”

The God of Darkness had a thought in her mind.

Yes, just like the other Demons God, she had the intention to break the contract.

However, until the contract was truly signed, the God of Darkness suddenly discovered that the contract could not be broken in a short period of time.

If she were to break through it, the flames in her heart would explode and shatter her heart, killing most of her.

The expression of the God of Darkness became even worse.

However, when she saw the other eight Demon Gods, she felt better.

After all, she wasn't alone.

It was the nine Demon Gods who were unlucky together!

After the God of Darkness surrendered, the war between the Demon Gods in the Abyss was over.

Lin Yan restrained the temperature of the flames.

After all, to maintain a high temperature, Lin Yan's own consumption was not small.

Lin Yan did not gain much from this battle.

The reason was simple, Lin Yan didn't burn these Abyssal Demonic Fiends to death.

Of course, the profits were high.

However, Lin Yan wanted to give it a try, so he left them behind.

However, Lin Yan did not lose anything.

There were countless Demons and minions in Harubi's Abyss who had been burned to death by the heat brought by its flames.

Lin Yan had obtained enough evolution points and energy points.

There were quite a number of Demon Gods in the Abyss. After the Dark Deity lineage was established, these Demon Gods would be able to find the Demon Gods and hunt them, and they would still be able to obtain benefits.

These nine Demon Gods, the God of Darkness and the God of Dark Soul, were all Demon Gods with Godheads and God bodies. The other third ranked God was a Demon God with an Eleventh ranked Godhead and God body.

The other six were all second-ranked Abyssal Demon Gods.

The weakest one only had a sixth ranked Godhead and body.

The strongest one had a tenth ranked Godhead and body.

These nine Demon Gods, other than the God of Darkness, were all made of Demonic substances.

This was also the choice of most Demon Gods in the Abyss.

They forged their Divine body to be indestructible.

Lin Yan placed all nine other Demonic Gods other than the God of Darkness in the fifth rank of the dark race.

The fifth rank could release up to 15 Demonic Gods, but now there were eight.

As for the God of Darkness, Lin Yan temporarily placed her in the fourth rank.

However, it would take another month for the dark race Divine contract to stabilize.

Therefore, under Lin Yan's order, Harubi continued to fight the God Sacrifice Battle in the Abyss.

The nine Abyssal Demon Gods did not go anywhere. Instead, they stayed in the Harubi Abyss and waited for the contract of darkness to stabilize before Lin Yan let them go.

Although there were flames in their hearts, the Abyssal Demon Gods were best at not giving up until they reached the Yellow River. If they thought they were smart enough to break the contract and cause the flames to explode, they might as well kill them now.

At this moment, in Harubi's Abyss, a large number of Demons and minions had died during the Divine Battle but the other nine Demonic Dynasties still had a large number of Fiends and servants.

In addition, there was an endless stream of Demons and servant Demons walking out of the spatial door.

In the entire Harubi Abyss, the Fiend Castle of the Nine Dynasties began to rise into the sky.

The battle of God offerings continued.

An endless stream of servant Demons replenished the water and quickly filled the Abyss.

It didn't seem much different from before.

However, every powerful Demon who watched knew that the difference was too great.

The nine Demon Gods had all descended. They had joined forces to kill the Lord of Flame, but the Lord of Flame had managed to counterattack. The nine Demon Gods had all submitted!

Amongst the nine Great Demonic Gods, there were powerful Dark Gods and Dark Soul Gods!

The Lord of Flame had defeated them one against nine in a short amount of time!

This kind of strength had already caused all the powerful Demons to look sideways.

These powerful Demons who had come to watch the battle did not belong to the Nine Demon Dynasties. They belonged to other Demon Dynasties, and there were other Abyssal Demon Gods behind them.

These powerful Demons spread the news of the battle in Harubi Abyss.

The name of the Lord of Flame was spreading throughout the Abyss!

At the same time, Flame Lord's true strength had also aroused the speculation of many powerful Demons!

Chapter 459: Divinity! The Divine Kingdom of the God of Darkness!

In Harubi, all the Demon gods sat on their throne, including the God of Dark Soul as compared to the Abyss.

The Demons could not sense their presence.

However, if Demons raised their heads and looked in the direction of their thrones, they would feel suffocated.

The nine Demon gods silently watched the war below. No one tried to escape.

The contract of darkness would not be abolished, and the flames of the heart would not be removed. There was no way to escape.

In fact, as long as they had the intention to escape, Lin Yan would be able to use the Dark God contract to draw all their power.

Although it wouldn't last long, it was enough for Lin Yan to easily catch up to them.

After the dark race Divine contract was signed, Lin Yan naturally had a sense of the contract.

In other words, Lin Yan could sense where they would be in the future.

In fact, Lin Yan could even pay a price. If they didn't pray, he could forcefully cast his gaze or open the tunnel and descend.

Every Abyssal Demon God stayed there quietly. No one dared to make any movements.

"I see."

On the throne, Lin Yan whispered.

Lin Yan had roughly figured out why in the Heavenly Realm, a God at the peak of the third level wanted to build a Divine system.

On the one hand, breaking through from the peak of the third rank to the fourth rank required too much Divine energy, and the kingdom of a God could not expand indefinitely. Therefore, this God needed to gain from the Divine system.

However, this was not the main reason.

Even if the kingdom of a God was limited in size, this God could use the time to build it up. If a thousand years were not enough, then it would take thousands of years. Ten thousand years. One day, he would be able to accumulate the necessary power of belief.

The main reason was that he had broken through from the peak of the third rank to the fourth rank. It was too dangerous.

Not only was it too dangerous, but there were also too many things needed.

One's strength was limited.

No matter how powerful a God was, it was better to gather more gods to gather the resources they needed.

Once this peak third ranked God started to break through, this God would definitely face a sniper.

The reason was very simple. The position of the fourth rank was limited. If one went up, there would be one less position.

This kind of sniping would not only happen in the Heavenly Realm but on the Continent of God; there would also be wars between kingdoms.

Thinking about it, there was a group of people on the other side, and you only had one person. You had no choice but to fight a group of people when you reached the fourth rank.

If you had a huge Divine family, this Divine family could buy you time and reduce your pressure!

During a breakthrough or a battle, you can also borrow the power of the gods in the pantheon.

Moreover, if your Divine system was large enough, you would have fewer enemies when you broke through to the fourth rank.

This was certain.

When you are too powerful, many people will fear you and give up on being enemies with you to avoid revenge after you break through to the fourth rank.

The fourth-ranked gods were quite rare.

In the Heavenly Realm, at least in the last few thousand years, there had not been a fourth-rank birth of God.

There was a Divine Master at the peak of the third level, but he failed.

Yes, even if no one sniped, there was a high chance of failure.

Not to mention someone sniping?

This was the most important function of the Divine system.

And there was a third aspect of the Divine system, which was that every God had a different power. You could use this to learn more about the rules.

This was equivalent to a huge force composed of gods.

Even a few gods could not help but look down on them.

In the Abyss, there was no such thing as a God. However, there was a powerful force formed by the Abyss Demon God. To some extent, it was equivalent to a God.

The Abyssal Demon God was much more domineering.

For a powerful Abyss Demon God, there would be some weak Abyss Demon Gods who would submit and become their servants.

What they signed was a servant contract.

The servant contract was similar to the Divine contract, but it was more domineering.

In the Divine contract, a Divine Master could borrow 30% of his power.

The servant contract could be borrowed by 50%.

Of course, no matter how domineering it was, it was not as domineering as Lin Yan's Dark God contract. The Dark God contract could extract 100% of its power.

In addition, the servant contract was far from as firm as the dark race Divine contract.

Once that powerful Abyss Demon God was defeated in the Battle of Deities, it would no longer be powerful. Its servants could betray the Demon God at any time, or even stab him in the back.

In the Abyss, loyalty was the most hypocritical word.

Of course, what he was talking about was just the normal Heavenly Realm and Abyssal Deities.

Lin Yan also understood what was different about the Divine system through the Divine system contract.

In the Light Deity System, Lin Yan could collect the power of belief from the gods through the Deity System. After collecting a certain fee, he could return it to those gods.

This was something that other Deities could not host.

Other Deities could usually obtain around 30% of their power of belief.

Lin Yan obtained 50% of the Divine contract.

But don't forget, the power of faith that Lin Yan collected through his Godhead was not damaged at all.

For other gods, the power of faith obtained from a commoner was 0.2.

However, Lin Yan could obtain more than 2 points.

It was ten times more than other gods.

Moreover, the quality of the power of belief was extremely high.

In other words, after Lin Yan had extracted 50% of the power of belief through the Divine contract, the benefits of the gods in the Divine system did not decrease but increased several times.

Vera was too busy these days and did not have time to harvest her power of belief.

When she would collect it, she would probably be shocked.

Mavis was probably also shocked.

When Vera's progress was only 25%, she realized that her power of belief had increased.

In the dark race, it was much more domineering.

Lin Yan had obtained 80% of the benefits from the Dark Deities and other Abyssal Demonic Gods.

In other words, the other Abyssal Demonic Gods in the pantheon would contribute 80% of their dark faith to Lin Yan.

Of course, Lin Yan could adjust the ratio himself.

With Lin Yan's Godhead's magic, even if it was 80%, the Demonic Gods of the dark race would still obtain more than before.

If Lin Yan was evil, he could increase his proportion to over 90%.

But Lin Yan didn't make any adjustments. Let's do this first!

After understanding the function of his system, Lin Yan withdrew his gaze.

Now, there was one more thing to do.

Among his godheads, there were both Divine Power of the Heavenly Realm and Divine energy of Chaos.

The power of light and darkness.

And Lin Yan could also use the power of darkness.

However, Lin Yan's Divine body was a pure light-type Divine body.

Since the power of light and darkness in godhood could coexist, it should be the same in godhood.

Therefore, Lin Yan decided to study the Divine body of the Abyssal Demon God.

This time, Lin Yan looked at the God of Darkness.

The Divine body of the God of Darkness seemed a little different from the other Abyssal Demons.

"Master."

In the kingdom of the God of Darkness, the God of Darkness lowered her head.

The God of Darkness had brought Lin Yan to her kingdom.

At this moment, Lin Yan still maintained his flame form.

After the God of Darkness submitted, her condition seemed to have become more normal.

She did not know if it was a disguise.

The evil Demon God, who was full of conspiracies, was standing in front of Lin Yan like a girl who had done something wrong as if she wanted to listen to Lin Yan's guidance.

But if you really thought so, you would have fallen for her trap.

"Clear the black fog."

Lin Yan released a ripple.

The God of Darkness obediently dispersed the black fog that enveloped her body, revealing the face of a... charming woman.

“Succubus?”

Lin Yan exclaimed.

“Of course not, Master.”

The dark god spoke in a charming manner, unlike the mad witch from before.

“Speak properly.”

Lin Yan snorted.

“Yes, my Lord.”

The God of Darkness returned to her normal tone and looked like a graceful goddess.

She was more than a succubus.

“Don’t resist, I want to see your Divine body.”

Lin Yan said.

Chapter 460: Light and Darkness All Together! News of the Flowerless Fruit!

Hearing Lin Yan’s words, the God of Darkness waved her hand and her clothes disappeared.

“Master, is this possible?”

The Dark God’s eyes swirled as she spoke.

There was a trace of craftiness in her eyes.

After submitting to Lin Yan, the God of Darkness had a new target.

That was to “conquer” the Lord of Flame, a powerful Demon God who had repeatedly made her suffer.

In the eyes of the God of Darkness, this was definitely an extremely interesting matter.

As a Demonic God of the Abyss, the God of Darkness had fought countless times over the endless years. No other Demonic God had ever let her suffer such a loss like Lin Yan.

Therefore, the God of Darkness had a deep interest in Lin Yan.

Her Divine body was practically identical to the Succubus.

The main body of the God of Darkness was the Nightmare of the Abyss.

The Abyssal Nightmare was also a powerful demon in the Abyss. Like the vengeful spirits in the Dark Abyss, they were also demons that had no physical body.

However, Nightmare was much more powerful than the Succubus. It was hard to destroy Nightmare without a physical body.

There weren’t many of them, and their power was extremely strange. Whether it was in the Continent of God or the Abyss, they all had a terrifying reputation.

After becoming a Demonic God, the God of Darkness referred to the Succubus and created her body.

Her Divine body was very different from the Demonic God of the Abyss.

It wasn't made of magical substances but it was not a pure flesh and blood body.

However, in terms of structure, it was the same as a succubus or a human woman.

However, in terms of combat strength, it was quite formidable.

During the long war, the God of Darkness was famous for her madness and extreme evil.

Among the Abyssal Demonic Gods, they could be considered to be well-known. They were feared by many Abyssal Demonic Gods.

As soon as she finished speaking, Lin Yan suddenly changed.

From a blazing flame, it instantly turned into a handsome man.

What shocked her, even more, was not the man's appearance.

It was the aura of this man.

That was a standard aura that belonged to the gods of the Heavenly Realm.

What was even more shocking was that the instant this man appeared, her Divine Kingdom began to tremble.

Clearly, her Divine Kingdom had developed a strong hostility towards this man.

This was because this man was emitting an aura of light.

This man was naturally Lin Yan's Divine Body.

With the Divine body of a heavenly deity appearing in the Divine Kingdom of an Abyssal Demon God, he was greatly suppressed.

If another God with LV 15 godhead and LV 14 God body appeared in the Divine Kingdom of God of Darkness, his strength would be reduced by 30%.

Facing the Dark God, it was very likely that he would not have the strength to retaliate at all.

However, Lin Yan was not the least bit worried.

"You... you..."

The God of Darkness had two consecutive "you" characters; "you" did not come out for half a day.

One could imagine how shocked she was.

Lin Yan did not say anything, nor did he have the intention of telling her to tidy up her clothes. Instead, he extended his hand and placed it on her head.

Then, Lin Yan's Divine energy poured in.

Not long after his Divine energy poured into the body of the God of Darkness, Lin Yan knew the difference between the body of the God of Darkness and the body of the God of Heaven.

"I see."

Lin Yan whispered.

Following that, Lin Yan's aura began to change.

A moment ago, his aura was still bright, but in the next second, it was enveloped by a dense evil aura.

Although the current Lin Yan still looked handsome, his entire body was emitting a dense evil and darkness that could not be dissolved. He looked like an authentic Demon God!

Because of the existence of the evil aura, Lin Yan felt a different kind of evil.

If the current Lin Yan were to faintly smile, it would be a truly demonic smile.

This Lin Yan stunned the God of Darkness.

"So it's a disguise."

The God of Darkness thought.

Yes, the God of Darkness felt that the light aura on Lin Yan's body was disguised.

The Abyssal Demon God had spent a certain amount of divine power to disguise himself as a Heavenly Realm God in a short period.

At least, it was the same in terms of aura perception.

In ancient times, some of the Abyssal Demonic Gods had disguised themselves as gods of the heavenly realm to the Continent of God. Some of the Abyssal Demonic Gods had even turned the entire nation into their own believers, and finally, the country had fallen into the Abyss.

She didn't know that in such a short period, Lin Yan had already adjusted some of the key points in his Divine body, allowing the dark power in his godhead to emerge.

In other words, Lin Yan appeared in the Heavenly Realm in his divine form. He was the standard Heavenly Realm god, and he would not reveal anything unusual.

Meanwhile, in the Abyss, Lin Yan could also display his human form in a Divine state. He looked like an authentic Abyssal Demon God.

This was the true combination of light and darkness.

As for the Fallen Elf and Angstrom, they were not. Angstrom was still wielding the power of darkness. If she used all her strength, she would use the same power.

However, the Light and Dark Rule allowed her to not be suppressed by the Continent of God.

Under the circumstances where Angst did not attack with all her might, her strength could not be distinguished.

Of course, there was still a primary and secondary one.

Lin Yan's Divine body was created in the Heavenly Realm, so it was easier to use the power of the Heavenly Realm.

It was the power of the Heavenly Realm, supplemented by the Abyss and Dark Power.

"Master, can I put on my clothes now?"

The God of Darkness asked.

Her tone was still normal.

However, there was an indescribable meaning in her voice.

Lin Yan retracted his gaze and did not reply.

The God of Darkness didn't care even about eating the soft nail. She had already made up her mind to conquer such a handsome and powerful master.

After spending some time in the Divine Kingdom of the God of Darkness, Lin Yan left the Abyss through the thread of faith and returned to Vera's Divine Kingdom.

The reason why he was in such a hurry was that Vera had just received the news of fruit without flowers.

As for the God of Darkness, she returned to the Abyss of Harubi.

The God of Darkness was very powerful, and there were five demon dynasties under her.

These demon dynasties were not the Nightmare Dynasty.

The number of nightmares was too small to form a dynasty.

Under Lin Yan's order, the God of Darkness began to send a large number of demons to other Abyss to start a war.

Lin Yan wanted to capture more demon gods, expand the scale of the dark race, and then launch a larger-scale war in the Abyss, drawing out more Abyss Demon gods and turning them into evolutionary points.

In the Heavenly Realm, Lin Yan developed steadily.

In the Abyss, Lin Yan had no taboo!

As for Lin Yan's servant, Succubus Natasha, after being upgraded by Lin Yan, she successfully became the Heavenly Demon King!

The Sky Demon King was equivalent to a level three Saint realm!

At the same time, Princess Barbara was promoted to the Demon King by Lin Yan.

Although the dark race had been established, the Succubus Dynasty was equivalent to Lin Yan's direct line. Lin Yan did not give up on nurturing the Succubus Dynasty.

Many things, the Succubus Dynasty would be more convenient to use.

After becoming the Demon King, Natasha spent more time researching the secrets of becoming a God.

Because in Natasha's plan, as long as she reaches the Heavenly Demon Emperor who is equivalent to the fourth-ranked Sanctuary, she will start to become a God.

"Divine Lord, there is only one piece of news about the fruit of the flower at the moment. In the Ellen God Realm, a God of the gods seems to have it in the hands. I have sent Garcia to ask for the price."

Vera saw Lin Yan come back and say.

When Lin Yan reached fifteenth rank, he only needed the Flowerless Fruit.

At fifteenth ranked, the pinnacle of the third rank, everything needed is more precious.

Many people might not even be able to sell high-ranked Holy stones.

After all, the third-ranked gods had at least two or three kingdoms of small empires. The larger ones were even equivalent to a small empire like the Purple Gold Empire. A year's profit was still over a hundred high-ranked Holy stones.

As for the Flowerless Fruit, it was something needed to create a fifteenth ranked Divine body. One could imagine how precious it was.

Not only was it rare, but the God who had the Flowerless Fruit would not say that he had it.

Vera had spent a piece of high-ranked Holy stone to get the news.
