Chapter 461: An unexpected encounter with the Goddess of Eternal Night! A new business opportunity!

Three days later, the elf Garcia brought back the news.

“Goddess, Divine Master, the other party is willing to sell, but the things they need are very special. The other party said that if we have sincerity, then let’s talk in person.”

Garcia said.

“In person?”

Vera repeated it, and then asked, “Garcia, who is the other party?”

Garcia said, “Master of the Morning Star Divine Family, she is a powerful goddess. It is said that she is a fourth rank God, and her name is Eternal Night.”

“Eternal Night?”

Vera repeated the name.

“That’s right, goddess. I spent quite a bit of time talking to the Holy Spirits in her Divine Kingdom. They’re quite amiable, and they passed the news to the goddess of Eternal Night. The goddess’ meaning is to have an interview. Oh right, this is a holy spirit for me.”

After Garcia finished speaking, she took out a ball of light.

Vera received the light cluster and sensed it. After that, she handed it to Lin Yan and said,

“Divine Master, this is a very strange Divine space.”

Lin Yan took it and probed its mind.

The moment he entered, Lin Yan seemed to have arrived at a starry sky.

The starry sky was filled with stars.

Every single star flickered.

With a thought, Lin Yan projected himself into the starry sky. Lin Yan’s figure appeared within the starry sky.

Not long after Lin Yan’s figure appeared, a human figure appeared across the starry sky.

This figure was very blurry, and its appearance could not be seen clearly.

In reality, Lin Yan could not clearly see its face.

Not only was he unable to see its appearance, but he was also similarly unable to sense its cultivation, aura, strength, and so on.

Because both sides were just projections.

Who could know the opponent's strength from his shadow?

This Divine space was indeed miraculous.

If Lin Yan was right, she would be the goddess of Eternal Night.

From Meng Ying's prayers, Lin Yan already knew about the Eternal Night Empire.

From the Divine name, the Eternal Night Goddess should be the Eternal Night Empire's goddess.

"You want the Flowerless Fruit?"

The other party spoke first.

Her tone was very calm as if she was just talking about a business. She did not ask about Lin Yan's background.

"That's right."

Lin Yan also spoke in a calm tone.

"I need the Flower of Souls. As long as there's one, I'll give you the Flowerless Fruit."

Eternal Night Goddess said.

Lin Yan's eyes flickered for a moment before he said; "I'll give you the Death Soul Flower in three days."

"You really do?"

There was an indescribable surprise in the Eternal Night Goddess' voice.

Lin Yan didn't say anything more and withdrew from the Divine space.

Dead Soul Flower!

Lin Yan didn't expect the Eternal Night Goddess to need this thing.

In the Heavenly Realm, it was impossible to have a Death Soul Flower.

The Death Soul Flower was an item in the endless Abyss.

It was not that the Deities of the Heavenly Realm could not use the Abyss.

It was quite the opposite,

Many times, the gods of the Heavenly Realm needed Abyssal Items. After removing some of the evil Aura from the Abyssal Items, some special Abyssal Items were extremely effective for the gods of the Heavenly Realm.

Of course, the evil substance and aura must be eliminated.

And not all the things of the Abyss have an effect on the gods of the Heavenly Realm, only a very few of them do.

In the same way, some of the materials in the Heavenly Realm were quite useful to the Abyssal Demonic God.

However, it was too difficult for the gods of the Heavenly Realm to obtain the Death Soul Flower.

The Dead Soul Flower was rare in the Abyss.

To obtain the Flower of Souls, the gods of the Heavenly Realm could only send their followers to the Abyss once every twenty years when the Abyss crack opened.

The chances of finding it were too low.

This was because the Dead Soul Flower only existed in the abyss at the lowest level.

Even a Saint-level being unwilling to go deep into the Abyss because it was too dangerous.

As for the Heavenly Realm God himself...

Furthermore, he wouldn't venture into the Abyss. Without the Undead Flower, he could use other alternatives. Even if the effect was a bit weaker, it would be a bit weaker.

But if he took the risk of entering the abyss, no matter how well he disguised himself, he would most likely die.

The lifespan of the gods was endless.

Before Lin Yan transmigrated, there were many literary works written by ordinary people who could only live for 70 to 80 years. Endless life was always lonely, lonely, boring...

It was as if the dying mayfly felt that human life was boring for decades.

A life with an endless lifespan enjoyed eternal life.

They also valued their lives even more than ordinary people.

This was also the reason why the Abyssal Demonic God hid tighter and tighter.

Moreover, the Abyssal Demon God was like this, not to mention the gods of the Heavenly Realm.

Therefore, the gods of the Heavenly Realm rarely took risks.

They would usually only let some of their devout believers go to the Abyss to try their luck.

This was also the reason why every twenty years when the Abyss crack was opened, there would always be a large number of humans entering the Abyss.

However, to Lin Yan, obtaining the Dead Soul Flower was not easy.

In the kingdom of the God of Darkness, there were plenty of Dead Soul Flowers and other Abyssal plants.

To the God of Darkness, this thing was just like a snack.

When the God of Darkness was free, she liked to pick one to eat and absorb the chaotic energy inside.

In Lin Yan's opinion, the importance of the Flowerless Fruit was far greater than that of the Dead Soul Flower.

One was something needed to create a fifteenth ranked Divine body.

One was just a kind of flower in the lower Abyss. There were almost all the slightly stronger Demonic Gods in the Divine Kingdom.

A flower of the dead soul, a flowerless fruit!

The value of both sides was completely unequal.

But this was only for Lin Yan.

One had to know that the value of an item itself was one aspect, and the more important value was scarcity!

Rare things were more expensive.

It could be said that even in the current Heavenly Realm, there would not be a single flower of souls.

Under such circumstances, for the gods of the Heavenly Realm who needed the Flower of Souls but did not need the Flowerless Fruit, it would be a good deal to exchange a Flowerless Fruit for a Flower of Souls.

“It’s a new business opportunity.”

Lin Yan thought.

Yes, this interaction with the goddess of the eternal night reminded Lin Yan of a new business opportunity.

This business opportunity was to collect some Abyssal items that the gods of the Heavenly Realm needed and sell them to the Heavenly Realm in exchange for what Lin Yan needed.

After all, once he obtained the Flowerless Fruit, Lin Yan would be the peak God of the third rank.

Next, Lin Yan needed to consider advancing to the fourth rank.

In addition, Vera’s strength had improved rapidly, and she would have to break through to the fourth rank in a few years.

Mavis and the Holy Maidens after Lin Yan required resources.

Of course, they could slowly upgrade themselves, not needing Lin Yan to provide resources.

Without Lin Yan, wouldn’t Vera still be a goddess at the second ranked?

However, she had spent too much time.

The speed was not ordinary.

In Vera’s kingdom, the precious fruits of plants could not grow in a year or two, but hundreds of years.

If she wanted to quickly level up, she would need to purchase a large number of resources.

At the peak of the third rank, the large number of resources needed was sometimes hard to buy with high-ranked Holy stones.

She needed too many high-level Holy stones.

Lin Yan’s power of belief earned a lot.

Now that he had converted all of his power of belief into high-level Holy stones, he could produce nearly 10,000 pieces.

But don’t forget, every peak third rank God had existed for thousands of years.

Although the quality of the power of belief they collected was not good enough, it was nothing compared to Lin Yan's daily income rate of dozens of high-level sacred stones.

However, the quality wasn't enough, so the time came.

Most of the peaks of the third rank were Deities. They had a larger empire than the Purple Gold Empire.

An empire like that, even if it was not as good as Lin Yan, could still earn hundreds of high-level Holy stones in a year, right?

Thousands of years, tens of thousands of years, the accumulation of this third-rank peak God was still very rich.

Under such circumstances, using high-level Holy stones to buy things that were too precious, it was not that they could not buy them, but that they needed too many high-level Holy stones.

Furthermore, Lin Yan couldn't convert all the power of belief into high-level Holy stones.

He still needed to use it himself.

In addition, there was a big problem. From the peak of the third rank to the fourth rank, the amount of Divine energy required was especially huge.

So when Lin Yan reached the peak of the third rank, he probably lacked the power of belief.

After all, his accumulation time was a little short, only two years.

For more than two years, even if the godhead was magical, the power of God might not be enough.

However, if he could bring some of the rare Abyssal items from the Abyss to the Heavenly Realm, he might be able to sell them for a rare high price.

At that time, not only would they be able to exchange for some precious items that Lin Yan needed, they would also be able to collect a large number of sacred stones.

"It is indeed a new business opportunity."

Lin Yan thought.

It was just a matter of controlling the shipments in different Divine Domains.

If he put too much in one go, it would be worthless.

Chapter 462: Lady God of Darkness! The gratitude of the goddess of eternal night!

"Vera, what are the Abyssal things that the gods of the Heavenly Realm need?"

In Vera's Divine Kingdom, Lin Yan asked.

"The Abyss things that the gods of the Heavenly Realm need?"

Vera thought for a moment and then said the names of several Abyssal items.

In addition to the Dead Soul Flower, there were also plants such as the Dark Flame Grass, the Earth Dragon Crawling Lotus, and the Heart of Lava from the heart of the Flame Demon Lord.

Many gods of the Heavenly Realm liked to use this thing when dispensing medicine. It was equivalent to glue.

“That’s all I know.”

After Vera finished speaking, Mavis, who had been silent the entire time said,

“Master God, I know a little more.”

She mentioned a lot of Abyssal items that the gods of the Heavenly Realm needed.

Not every one of these Abyssal items was as scarce as the Dead Soul Flower.

There were some Abyssal objects that the gods of the Heavenly Realm could also let their followers find in the Abyss.

“The Goddess of Light knows more. How about I visit the Goddess of Light and ask her?” Mavis said.

Lin Yan pondered for a moment and nodded.

Mavis left Vera’s Divine kingdom to visit the Goddess of Light.

Lin Yan also left Vera’s Divine Kingdom, and once again descended into the Abyss.

“It’s gone again. Master really is a ghost.”

In the Abyss, the God of Darkness looked at Lin Yan’s empty throne.

Although Lin Yan’s throne was empty, none of the nine Abyssal Demon Gods in the Harubi Abyss dared to leave without Lin Yan’s orders.

For the Abyssal Demon Gods, it was not a big deal to submit to the stronger ones. Therefore, Lin Yan would let them go now. Under the threat of the flames in his heart, the nine Abyssal Demon Gods might not escape.

It was just that Lin Yan did not believe in the Abyssal Demon God.

Indeed, they were not worth believing.

They did not run away because they were not confident.

In fact, there were already Abyssal Demon Gods secretly communicating.

After learning that the other party could not do anything about the contract between the dark race God and the flame in his heart, every Abyssal Demon God was in despair.

“God of Darkness, do you have a way to remove that flame from your heart?”

The God of Darkness heard the voice of the God of Dark Soul.

“No choice.”

The God of Darkness replied coldly.

“As long as you have a way to remove this flame, I have a way to break the contract.”
The God of Dark Soul continued.

“Get lost, I’m not interested!”

The God of Darkness replied without hesitation.

The God of Dark Souls froze.

“What do you have? Don’t think I don’t know. You want me to make a trip for you.”

The God of Darkness snorted.

Playing tricks was her specialty.

How could the little plot of the God of Dark Souls hide from her?

“If you have no choice, then forget it...” Halfway through the myth of the dark soul, he quickly withdrew his will because it sensed that the Lord of Flame had descended again.

The God of Darkness’s spirit rose.

She found that her mind was a little twisted. She wanted to conquer the Lord of Flame and let him climb into her bed..... Yes, although she had a woman’s body, she only knew how to fight and kill, and she had never thought of anything like it. But for some reason, after seeing the face of the Lord of Flame, the thoughts of the God of Darkness grew stronger and stronger.

Moreover, this thought made her especially excited.

As the Demon God of the Abyss, the biggest difference between her and the God of the Heavenly Realm was that the gods of the Heavenly Realm were basically human beings or other intelligent beings on the Continent of God.

They all had a basic reason.

It might even be said to be reasonable.

Every God was not easily influenced by their emotions.

However, the Abyssal Demonic God would not. Many times, they would not control their emotions unless they felt that they could not defeat him.

Otherwise, they would be furious if they said they were angry, and they would be angry if they said they were angry. The change of expression was many times faster than changing the sky!

To the God of Darkness, she had such crazy and twisted thoughts. Not only was she out of control, but she was also eager to give it a try.

The God of Darkness thought.

She did not have the shame of a human, but her Divine body was not something anyone could see.

Other than herself, she had never seen a second life before, but now, Lin Yan became the second.

Just as she was thinking this, she heard Lin Yan’s voice. Lin Yan wanted to go to her Divine Kingdom again.

The God of Darkness was delighted because this meant that she had another chance to get close to Lin Yan.

She opened the passageway and brought Lin Yan to her Divine Kingdom.

As soon as she reached the Divine Kingdom, the God of Darkness waved her hand, and the fog on her body dispersed.

She was wearing a long, fluffy dress that was very popular on the Continent of God. It had a white skirt and was decorated with a lot of romantic little lace. The matching of the colors was quite exquisite.

Her hair had turned into that slightly curly hair, and there was a delicate decoration hanging around her neck.

Yes, she was wearing a beautiful hat on her head.

It looked like a princess carefully dressed by a human kingdom.

With her outfit, she did not look like evil and dangerous Abyss Demon God.

Coupled with her peerlessly beautiful appearance, if she were to go to the Continent of God and attend the nobles' banquet, it would definitely attract the pursuit of the nobles of the kingdom.

Moreover, she was not dressed like this.

Her expression, behavior, and even her steps were different from before.

She looked like a lady!

She walked slowly behind Lin Yan, hoping that Lin Yan would look back at her.

“Master, do you still want to study my Divine body?”

Seeing that Lin Yan did not look at her, nor did he speak, the Dark God took the initiative to speak, attracting Lin Yan's attention.

Lin Yan did not turn around. He stared at the Dead Soul Flower below and asked,

“Among your Dead Soul Flowers, which one is the best?”

“Dead Soul Flower?”

The God of Darkness did not know what Lin Yan was asking about.

Chapter 463: Lady God of Darkness! The gratitude of the goddess of eternal night!

Although the Dead Soul Flowers were relatively precious in the Abyss, there were usually some in the Divine Kingdom of the Third Rank Demon God. The reason why there were so many in the Divine Kingdom of the God of Darkness was that she liked to eat it.

The taste was not bad.

If this thing were to open in the Continent of God, a single scent would be enough to turn a city into a vegetable.

It is a bit similar to the Abyss Demon Flame, which targets the soul.

Although she didn't know Lin Yan's goal, the God of Darkness still activated her Divine energy and pointed out an especially large flower of Souls.

"That's it. It's been open for thousands of years. In another thousand years, it'll be overgrown for ten thousand years. The taste will be special... Uh...."

Before the God of Darkness could say a word, Lin Yan waved his hand and picked the flower of the dead soul away.

The Dark God curled her lips and held her words in her mouth.

Even though the Nine Thousand-Year Dead Soul Flower had a certain effect on the God of Darkness, it was not as big as the God of Darkness's pain.

What the God of Darkness was looking forward to the most was for Lin Yan to look back at her.

She was looking forward to it when she saw Lin Yan turn around.

Then... he glanced at her indifferently.

However, the God of Darkness did not see "stunning" or "pleasant surprise" in Lin Yan's eyes.

Lin Yan's gaze was calm.

It was as if there were no emotions inside.

"Go find these things for me."

Following that, the God of Darkness received a list from Lin Yan.

After that, she discovered that Lin Yan had already left.

The mood of the God of Darkness immediately became less beautiful.

"Could it be that he doesn't like ladies?"

The God of Darkness thought.

"Do you want to give it a try, or do you want to use brute force?" The God of Darkness thought again.

But after weighing her own strength, she finally gave up on that thought.

As for the list given by Lin Yan, the items on it were not difficult for the God of Darkness.

She collected it in passing.

However, the God of Darkness had already decided that the next time they met; they would definitely change their style.

Three days passed quickly.

On the third day, Lin Yan entered the Divine energy Space once again.

His projection walked in the starry sky.

Immediately, on the other side of the starry sky, another figure appeared.

Eternal Night Goddess!

Lin Yan still could not see her face clearly.

Of course, she couldn't see Lin Yan's appearance clearly, and she didn't even know his identity.

“What about the Dead Soul Flower?”

The Eternal Night Goddess asked.

Lin Yan stretched out his hand and the Death Soul Flower was projected in.

When the Eternal Night Goddess saw the flower, she couldn't help but be surprised. “It's so big! ”

Of course, it was big; this was the biggest flower of the dead soul in the Dark God Kingdom.

Whether it was to Lin Yan or the God of Darkness, the value of the Dead Soul Flower was far inferior to the Fruitless Flower.

Despite the scarcity factor, Lin Yan still picked the largest flower of the dead soul.

In any case, it was not his own thing.

“If this Flower of Souls is real, then I'll take advantage of you. You need the Flowerless Fruit, so you must want to create a rank 15 Divine Body, right? Only by using the Fruit of Flowers can you create a top-rank Divine body. However, if you add a little more figs, the effect will be even better.”

Eternal Night Goddess said.

Figs, as the name suggests, could bear fruit without flowering but according to the meaning of the Eternal Night Goddess, the fig actually had flowers?

“Flowerless fruit grows only once every five thousand years. Very few people know that flowerless fruit trees bloom once every thirty thousand years. Flowering doesn't bear fruit, fruit doesn't bloom. I happen to have a fig flower here. Now, use the flower of figs to exchange for the flower of your soul.”

Eternal Night Goddess said.

After saying that, she extended her hand.

Two items quickly appeared in her hand.

It was also a round fruit.

The other was a petal.

Yes, there was only one petal.

And these two things had become real.

This involved the transformation of reality. Even weaker gods would find it difficult to do so.

Seeing this, Lin Yan activated his Divine energy.

Soon, a flower appeared in the projection of his Divine energy Space.

Dead Soul Flower!

“It is indeed the Flower of Souls.”

The surprise came from the voice of the goddess of eternal night.

“You have done me a great favor. The figs and the flowers of the figs are for you.” The Goddess of Eternal Night said.

Her voice was filled with respect.

Lin Yan exchanged things with her before his projection disappeared.

“Oh right, I still don’t know your Divine name?”

Before Lin Yan’s projection dissipated, he heard the voice of the goddess of eternal night.

“Lord of Flame!”

Lin Yan left behind three words before the projection disappeared completely.

Following that, the Divine Energy Space completely disappeared.

This Divine Energy Space could only be used twice.

Some powerful gods would use this to trade items.

“Lord of Flame...”

In the Divine Kingdom, the Eternal Night Goddess repeated these three words.

“Such a huge Flower of Souls, even a fourth rank Divine Master wouldn’t have it. He’s most likely a fourth-ranked Divine Master...” Eternal Night Goddess thought.

“Nina, you have to work hard too. You can’t let Tina down!”

After that, she encouraged herself.

After obtaining such a huge flower, her chances of breaking through to the fourth rank were much greater.

If there was no sniping, she could guarantee a success rate of over 80%.

But the problem was that there would definitely be sniping, and it would be very brutal!

Chapter 464: Fifteenth rank Divine body! A simple fourth-rank upgrade!

“Lord God, this is indeed the Flowerless Fruit!”

In Vera’s kingdom, Vera looked at the Flowerless Fruit in Lin Yan’s hand.

“This is...”

However, she did not recognize the flower of figs.

After all, Vera had not reached that rank before.

“This is the flower of figs.”

Lin Yan said.

“The Flower of the Fig.”

Vera repeated the five words, then thought of something and said, “I remember. There are flowers of figs, ten times more precious than figs.”

Lin Yan nodded.

“The Goddess of Eternal Night is quite generous. What did she exchange for?” Vera was curious.

Lin Yan said: “The flower of the dead soul.”

“The Flower of the Dead soul? No wonder it’s a flower that’s very helpful to the soul and willpower. When many of the peak gods of the third rank break through to the fourth rank, they would spend a lot of money to buy the Dead Soul Flower.”

Vera said.

“Does that mean that another fourth-ranked God will be born in the Heavenly Realm?”

Vera could not help but speculate.

It was not her fault that she had such a conjecture. According to the report of the elf Garcia, the goddess of the eternal night was already a fourth-ranked God and in the star map of the gods, Vera did see the Divine lineage of the goddess of eternal night.

It was a dazzling pantheon. There were nearly twenty gods in the pantheon.

With such a huge Divine system, other than the fourth rank, who else could build it?

“It has been thousands of years since a fourth-ranked God was born.”

Vera was envious.

What she had now was a twelfth ranked godhead and Divine body.

Her godhead was very close to thirteenth rank, but it was not yet thirteenth rank.

Even if she reached thirteenth rank, she was still quite a distance away from the peak of thirteenth rank.

Vera was actually very satisfied.

A few months ago, she was still a second-ranked God.

In just a few months, she had become a third-ranked God. Most importantly, she could still be with Lin Yan every day.

Vera was satisfied.

These few months were also her happiest time.

Lin Yan reached out his hand and touched Vera’s little head and said,

“Vera, you’ll be the fourth rank soon!”

Lin Yan's actions made Vera's face turn red but in her heart, she actually liked Lin Yan's actions.

"Hmm!"

Vera nodded firmly.

"Master God, you have the Fruit of Flowers and the Flower of figs. Can you create a rank 15 Divine body? I'll help you."

Vera took the initiative to speak.

Lin Yan said, "Okay!"

Vera took out all the resources that she had prepared for Lin Yan.

The two of them were busy in her Divine Kingdom.

This was a busy day.

After another three days, Vera took a long breath. "It's finally done. Lord, try it."

Lin Yan drank the medicine she had prepared for the past three days.

Then, Lin Yan ate the Flowerless Fruit and the Flower of Figs.

Thus, after half a day, Lin Yan's Divine body finally rose to fifteenth rank.

Now, Lin Yan had a fifteenth ranked Divine body, a fifteenth rank godhead.

This was the standard third-rank peak God!

"Success, Lord God, I'll help you stabilize it."

Vera was very positive. She was even happier than herself.

At this time, Mavis also returned, bringing back good news.

The Goddess of Light did know a lot, telling her about the Abyssal things that the Abyss of Heaven needed.

"Lord God, I'll help you too."

The two goddesses attacked together to help Lin Yan stabilize his fifteenth rank body.

The current Mavis was only one step away from the third rank.

With their help, Lin Yan used another three days to stabilize the fifteenth rank body.

This steady speed was also quite fast.

After the initial stabilization, Lin Yan needed to stabilize himself a little more.

After that, Lin Yan made a trip to the Abyss and gave a list to the Nine Demonic Gods. He asked them to collect the items from the God of Darkness.

Yes, this time, the God of Darkness was wearing a maid's uniform.

However, Lin Yan still did not look at her.

In Lin Yan's mind, this was just a female nerve with an abnormal mental state.

The God of Darkness did not know what Lin Yan thought of her, and she was not discouraged at all. “Master might have done it on purpose; otherwise, he would have reprimanded me.”

The God of Darkness thought.

The more she thought about it, the more she felt this way.

“Let’s change the style next time.”

The God of Darkness thought again.

After Lin Yan returned to the Heavenly Realm, he handed the precious Abyssal plants to Vera.

“Wow, these Abyssal plants are hard to get.”

Vera was a little observant.

“But if you sell it directly, the price isn’t high enough. I might as well as Garcia go to the various Divine Domains for an auction. That way, I can sell it for a better price.” Vera said.

Lin Yan agreed.

As God, Lin Yan and Vera did not need to deal with the Abyssal plants.

With Garcia, a powerful and intelligent Elf, Lin Yan and Vera did not have to worry about much.

Mavis also sent a few powerful elves to assist Garcia.

There was no need to worry about safety.

Garcia and the others would only choose the few cities in the Divine Domains for auction.

There weren’t many of these cities in the Divine Domains. There were at most two or three of them, and some had only one.

These cities generally belonged to powerful gods, and there was order inside.

In addition, every Elf could open the channel of faith at any time. Vera and Lin Yan could descend at any time.

Chapter 465: Fifteenth rank Divine body! A simple fourth-rank upgrade!

: Fifteenth rank Divine body! A simple fourth-rank upgrade!

After absorbing the previous lesson, Garcia sent two elves in different directions to follow her from afar.

This way, if an enemy that blocked the path of faith appeared, the two elves would be far away. There would definitely be an elf who could pray, right?

After receiving the order, Garcia took the Abyssal items to the various Divine Domains to organize the auction.

As for Lin Yan, he continued to stabilize his fifteenth ranked Divine body while studying the secrets of the fourth rank.

In fact, Lin Yan's Divine form was not as good as Vera and Marvis.

His Divine body was directly converted into a fifteenth ranked godhead.

So...

Lin Yan suddenly did not know how to proceed.

His flame form was the strongest and also the main form.

It didn't take much effort to grow into a Divine form.

How did Lin Yan know how to break through to the fourth rank?

Furthermore, it was useless to ask Vera about this.

Vera did not know either.

Mavis also did not know.

Even the Goddess of Light did not know.

The Goddess of Light had yet to reach the fourth rank.

Lin Yan could only think about it himself.

He first looked at his Godhead panel:

God Name: Lord of Flame

Godhead Rank: Fifteenth Rank Godhead

Temple: 102

Holy Maiden: 15

Acolyte: 37251W

Divine Kingdom: Can be created

Divine Body: Fifteenth Rank

Power of Faith: 102WY

Darkness Faith: 105WY

Divine Energy: 28W

High-Rank Divine Energy: 1W

Chaos God Power: 0.8W

[Spirituality: activated, not ordered]

Whether it was the Heavenly Realm's Faith Power or the Darkness Faith Power, both of them exploded.

After all, more than 300 million devout believers provided too much power of faith every day. The amount was simply terrifying.

The power of belief in the Heavenly Realm was quite low.

This was because Lin Yan had brought out a large amount of high-ranked Divine Stones.

“So, how is the fourth rank Godhead going to rank up?” Lin Yan thought.

After converting his virtual godhead into fifteenth rank godhead, Lin Yan’s godhead had always been fifteenth rank.

During this period, Lin Yan had been ranking up his Divine Body.

This was because only when the Divine Body matched with the Godhead could the next rank be ranked up.

And now, the Godhead and Divine Body had already matched.

“No, that’s not right. My Godhead isn’t the same as normal Godheads. My Godhead’s upgrade method is definitely different from other gods.” Lin Yan said to himself.

This was for sure that his Godhead was much stronger than the Godheads of other gods.

Its functions were much stronger.

Furthermore, his Godhead had been converted from a virtual Godhead.

In that case, how Godheads were upgraded was definitely different from other gods.

Now, Lin Yan was going to find this method.

“If I continuously use low-grade Divine Energy to create high-grade Divine energy, I’ll see if I can create a fourth-grade Divine Energy.” Lin Yan had a plan.

Divine energy would only become more and more advanced.

The higher the rank of Divine Energy, the more concentrated it would be, and the more powerful it would be.

For example, the Lin Yan Gang’s Vera and Mavis ranked up to use the high-grade Divine energy they needed.

Theoretically, this method was completely applicable to Lin Yan himself.

Therefore, Lin Yan immediately began to concoct.

Only 10 points of low-grade Divine Energy could be exchanged for 1 point of high-grade Divine Energy.

Lin Yan exchanged it several times. Finally, a Divine energy that was even higher than fifteenth ranked Divine Energy appeared.

Sixteenth Rank: Divine Energy.

The moment the sixteenth rank Divine energy appeared, Lin Yan saw a “+” appearing behind the “Godhead” column on the interface.

“Does that mean you can directly rank up?”

Lin Yan thought.

He clicked on the + account.

The following items are required to rank up to sixteenth rank: Dead Soul Flower, Star Essence, Dark Night Dew, Thousand Illusionary Blue System notification.

Hearing the system notification, Lin Yan suddenly reacted.

Rubbish!

If he wanted to rank up to sixteenth ranked Godhead, it was simply too simple.

There was no need to slowly seek a breakthrough like the other peak gods of the third rank.

Instead, it only needed to collect enough resources and deduct a large number of evolution points before the system would automatically rank up.

That's right, the rank-up of the Godhead would require a deduction of the evolution points of Lin Yan's flame form.

This was probably because the Godhead was the gift pack of the system novice.

To Lin Yan, evolution points were not a problem.

There were actually quite a lot of things that were needed, and a lot of them were all precious items.

In addition, Lin Yan guessed that the fourth rank Godhead required a huge amount of Divine Energy. Lin Yan had to reach that rank of Divine Energy to successfully rank up.

However, to Lin Yan, these questions were not a problem at all.

Other gods at the peak of the third rank also needed something even larger than that. That was something that they needed thousands of years to complete.

What Lin Yan needed was less.

The problem was that even if the other gods at the peak of the third rank had collected so many things, their chances of breaking through to the fourth rank would be slim. It could even be said that they were on the verge of death!

As for Lin Yan, as long as he had collected these things, he could easily break through to the fourth rank!

The difficulty rank was simply one day and one earth!

That's right!

As a person with a system, even if it was a Divine form, it would not be as slow as other gods

Chapter 466: Hot auction! Make a big profit!

Although it was relatively easy to reach the fourth rank, there were still many things needed.

Lin Yan made a rough calculation. To collect all of these items, the resources needed to convert them into high-ranked sacred stones would probably require more than a million high-rank sacred stones!

Something equivalent to a million high-ranked sacred stones, a peak third-rank Divine Master, required thousands of years to accumulate.

With Lin Yan's accumulation, gathering so many things would take at least a few decades.

Ten years was already fast enough!

All the other fourth-ranked gods had spent thousands of years to break through.

Even the fastest God in the history of the Heavenly Realm had spent more than a thousand years to break through to the fourth rank.

Of course, it couldn't be converted so quickly, because some things couldn't be exchanged for high-ranked sacred stones and Lin Yan himself needed a lot of Divine energy.

“It seems we still have to sell things.”

Lin Yan thought.

If he wanted to quickly gather the resources needed to reach the fourth rank and sell the Abyss item, it would be a pretty good choice.

Thinking of this, Lin Yan lowered his will and made the nine Demon gods in the Abyss gather quickly.

Meanwhile, Lin Yan remained in Vera's kingdom to stabilize his Divine body.

At the same time, Garcia and Mavis sent Elf Clara to a huge Divine Domain.

In the sky above the Divine Domains, a Divine kingdom was floating.

This meant that the Divine kingdom had been revealed in the Heavenly Realm.

In the Heavenly Realm, revealing his Divine kingdom meant only one thing.

Unparalleled power!

Only powerful gods would reveal their Divine kingdom.

Such a God was usually a powerful God.

Below this God Kingdom, there was also a huge Divine City.

“Clara, there are many silver sea gods, and there are many Holy Spirits here to trade. Let's auction here!” Garcia said.

She and Clara came to the Silver Sea Divine Domain, which was quite far away from the Elven Divine Domain.

In Sky Realm, there was a long way from one Divine Domain to another, but there was also a space formed between the Divine Domains.

However, the cost of teleportation was relatively high, and the average new God could not afford it.

It was nothing to Lin Yan, so Garcia and Clara used the teleportation array to teleport here, saving a lot of time.

If the gods in the Heavenly Realm wanted to go to another Divine Domain and were not in a hurry, they would generally send their own Holy Spirit to fly slowly and after flying to that Divine Domain, the god would then spend power to open the faith channel.

If it was long-distance, it would take a lot of energy to open the channel of faith, but it was faster and more convenient than using a spaced array.

“Hmm, Garcia, you decide!”

The Elf Clara said.

Under Garcia’s lead, a large group of Elves quickly flew towards the city. This city was called Silver Sea City!

In every city in the Heavenly Realm, there were streets dedicated to trading, as well as auction houses organized by powerful gods.

However, Garcia decided to organize the auction herself.

This was not the first time she had done something like this.

Auctioning in the auction house of other gods was usually the choice of weaker gods. That was because it was safer, but it had to be drawn by the other party. This draw was not low; it was as high as 20% to 30%.

For Garcia, it was not worth it.

“There are three items of the Abyss at the auction this time: the Dark Blue Ice Grass, the Purple Soul Seed Mother Lotus, and the Abyss Core. The Abyss Core is the most valuable, and there is only one for each. Clara, the venue has been rented. You are in charge of spreading the news about this auction.”

Garcia arranged.

Clara nodded and said, “Okay!”

Garcia handed a ball of light to Clara. There were images and introductions of the three items in the ball of light.

Clara took the ball of light and then used her strength to copy out a large number of identical ones and distribute them to the other Elves.

“Sisters, let’s move!”

Clara said.

This time, Vera sent five Elves, and Mavis also sent five Elves.

Garcia was sitting at the auction house, while the other nine Elves flew all around Silver Sea City.

Clara came to the northern city of the Silver Sea. There was a huge stone slab erected there.

Clara handed over a low-rank sacred stone and hung up the ball of light in her hand.

As soon as it was hung up, the ball of light turned into a three-dimensional image.

“What is that?”

Around the stone, a few Holy Spirits were searching for useful information.

Clara said, “Three days later, the auction will be held in the North City. The three Abyssal items will be auctioned. The most precious thing is an Abyssal core. All the introductions are inside.”

“What, Abyss Core?”

Immediately, the eyes of the Holy Spirit shone.

The core of the Abyss, as its name implied, was the core of a layer of Abyss.

Normally, one could only find the core of the Abyss after destroying the entire Abyss.

However, when the gods of the Heavenly Realm could not enter the Abyss by themselves, even if they sent a Sanctum into the Abyss, it would be difficult to destroy the upper Abyss.

This thing was similar to the star core.

After removing the evil aura that belonged to the Abyss, it could complement the core of the stars when building the Divine kingdom, making the Divine Kingdom stronger and stronger.

By studying the core of the Abyss, the gods of the Heavenly Realm would have a better understanding of the Abyss. This way, in the war between the Heavenly Realm and the Abyss, the chances of the gods of the Heavenly Realm surviving would also increase.

Therefore, the price of the Abyss Core in the Heavenly Realm had always been quite high.

Of course, the core of the Abyss was also graded.

This time, what Lin Yan took out was not the lowest ranked, but it was not the highest ranked either. It was also the collection of the God of Darkness.

A few hundred years ago, when the God of Darkness fought with another Demon God, she had once destroyed a layer of the Abyss, so she conveniently took the core of that Abyss.

To the Abyssal Demon God, the Abyssal Core was also useful, but just like the Star Core was to the gods of the Heavenly Realm, it was not particularly rare.

This was because the gods of the Heavenly Realm could spend time searching for the stars floating in the sky of the Heavenly Realm and collecting their cores.

The Abyssal Demon God could destroy the Abyss at any time and obtain the core of the Abyss.

Every year, many upper and middle ranked Abyss were destroyed.

When the other Holy Spirits heard about the Abyss Core, their eyes also lit up.

Then, they saw two other things.

Blue Ice Grass, Purple Soul Seed Mother Lotus!

“My God is looking for the Purple Soul Seed Queen Lotus. I have to report to my God!

“A Holy Spirit quickly prayed.

After the Holy Spirit prayed, the God behind turned his gaze away.

Soon after, the Holy Spirit received the Oracle of God.

That was to take down the Purple Soul Queen Lotus at all costs!

This scene quickly happened in Silver Sea City.

Of course, some gods were indifferent.

After all, not every god had reached the point where they urgently needed the Abyss.

Without the Abyss item, they could find something else to replace it. However, the effect was not as good as the Abyss item, but more gods were tempted.

This was because, this time Lin Yan had chosen an Abyssal object that was extremely precious and applicable.

As long as it was a second or third-ranked God, it was basically needed.

For example, the Purple Soul Seed Lotus, if it was used well, would make it easier for a God to study higher ranks of Divine energy. It would also greatly enhance the will of a God.

To the ordinary gods of the Heavenly Realm, that meant that they could quickly rise by one rank!

Therefore, after these three items were hung out by the nine elves, they instantly attracted a lot of attention.

In the next two days, more and more Holy Spirits found out about the news.

The gods behind the Holy Spirits were also moved.

“Goddess, so far, more than two dozen Holy Spirits have registered with me, and this time they should be able to sell for a good price.”

The day before the auction, Garcia reported the progress to Vera.

The next day, when the auction officially began, more than ten Holy Spirits were sent over!

In other words, this auction was attended by a total of forty Holy Spirits sent by the gods!

Among them, there were nearly twenty Holy Spirits sent by the Silver Sea gods.

After all, this was the territory of the Silver Sea Deity System, and the things that Garcia wanted to auction were scarce in the Heavenly Realm.

On the wide auction ground, Elf Garcia flapped her wings and looked at the dozens of Holy Spirits below. She spoke:

“The first item to be auctioned is the Dark Blue Ice Grass. The starting price is 100 high-ranked Divine stones. If anyone has a Heavenly Heart Erosion Fruit, they can directly exchange it with us.”

Garcia did not waste her breath and went straight to the point. This was also the communication method used by the Holy Spirits of the Heavenly Realm!

After saying that, Garcia spread her small hand gently, and grass with a dark blue luster and an evil aura appeared above her.

This grass was even bigger than her.

The appearance of the grass caused a stir.

“It’s Bluegrass.”

Some of the Holy Spirits have been confirmed by the gods behind them.

After all, the Holy Spirit’s vision is much worse.

“Thinking a God, who has cast his eyes down”

100 High-level God Stones were already equivalent to a God from a small Empire having a year’s worth of God’s Power of Faith. This God was also a God of the second and only had a Kingdom. All of his faith power in a year was only a few high-level God Stones.

In his opinion, 100 pieces of high-grade Divine stones were of course expensive, which requires his accumulation of more than a hundred years.

After all, he can’t turn all the power of faith he earns into high-grade stones. He needs them himself!

Chapter 467: Hot auction! Make a big profit!

Just as God was about to send down the oracle and give the reserve price to his Holy Spirit, he heard the cry of the Holy Spirit:

“200 High-grade Divine stones!”

The words of God were suddenly stuck in his mouth.

“I’ll give you 210.”

“I’ll give you 220.”

“I’ll give you 230.”

In the auction house, the Holy Spirits kept increasing the price.

Although they increased the price by 10 energy stones, the price of blue ice grass, or quickly rose to more than 300 pieces of high-grade Divine stone!

Then, once again quickly broke through to 400 high-grade Divine stones!

As the price rose, the Holy Spirit also rose.

That’s the charm of auctions, which can make a lot of money for an item.

“There are so many powerful gods that it seems I have no hope.”

Some second-ranked gods felt a little desperate.

A few minutes later, there were only three Holy Spirits left at the auction.

The three spirits didn’t give each other their identities, but increased their prices.

“520”

“550”

“600”

The three Holy Spirits kept shouting.

When the price went up to 600 high-grade sacred stones, the Holy Spirit withdrew.

The other two spirits were still fighting.

Soon, the price was over 800.

“1000!”

Finally, the Holy Spirit got the will of the gods behind the decision to determine the victory or defeat.

As soon as the Holy Spirit called out his bid, the other Holy Spirit died.

Finally, the blue ice grass was sold for 1000 high-grade Divine stones!

When the Holy Spirit took out a thousand high-grade stones to pay for it, the eyes of the gods who were watching on it were filled with envy.

For the second ranked God, that would require thousands of years of accumulation, but now Garcia just sold bluegrass from the Abyss easily.

They could only envy it.

It was too hard to get the Blue Ice Grass, and it was only possible for a follower of the Divine Domain to get it, but it was also possible for that Divine Domain to fall into the Abyss.

Where do they come from, Divine Domain believers?

They didn't dare to have any ideas about Garcia either.

A God with Sanctuary level followers. Just think how powerful a God it would be!

As soon as the bluegrass was sold, the second Abyssal item was auctioned off.

Purple Lotus!

This is more valuable than bluegrass.

Without the exception of Garcia, the purple soul mother lotus appeared, causing a fight.

More gods were competing.

Some second ranked gods joined the fray...

Especially the God of the peak second rank.

If they get the purple soul mother lotus, they may break through the third rank in a very short time.

Of course, these gods were fighting.

By contrast, the third ranked God was not as crazy as they were.

A scramble-down, purple soul mother lotus price quickly broke through 1000 high-grade Divine stones.

Then, firmly broke through 2000 pieces of high-grade stones.

Some of the Holy Spirits sent by the third-ranked gods had already withdrawn from the fight.

There were only four Holy Spirits left at the scene.

Of the four Holy Spirits, three of them were sent by peak rank two gods!

“2100.”

“2500.”

“3000!”

These four Holy Spirits continued to increase the price, and the price increase was increasing, trying to scare others back.

“4000!”

Finally, the Holy Spirit added 1000!

4,000 High-ranked sacred stones!

For a God of the second rank, it meant that he had accumulated thousands of years.

Of course, if this God had two kingdoms, it might not take so long.

However, with so many high-rank sacred stones, the other three Holy Spirits were shocked.

The Holy Spirit sent by the third ranked God gave up the fight.

After the other Holy Spirit received the Oracle, he also gave up the fight.

The last Holy Spirit was unwilling to give up and tentatively increased it to 4100.

“4500!”

The Holy Spirit that had been raised to 4000 before was also a ruthless character, increasing by another 400. This time, the other Holy Spirit no longer dared to raise the price.

The Purple Soul Seed, Queen Lotus was sold for 4,500 high-ranked sacred stones!

Garcia had a total of 5,500 high-ranked Divine stones in her hands!

With so many high-ranked Divine stones, Garcia was in a daze.

Even though she had lived for thousands of years, she had never seen so many high-ranked Divine stones!

“The goddess followed the right person!”

Garcia could not help but think of Lin Yan.

The person the goddess liked... was also the person Garcia liked.

However, Garcia also knew that the other party was a God, and she was just an Elf, so she would silently like Lin Yan.

As long as he followed the goddess and saw Lin Yan often, the cute Elf would be very satisfied!

Her requirements were not high!

Garcia continued to host the auction.

“The last item to be auctioned was the core of the Abyss. This is the core of a medium-sized Abyss. The starting bid price is 500 high-rank Divine stones. If there aren't enough high-rank Divine stones, you can use the items on this list to replace them.”

After Garcia finished speaking, she waved her small hand gently and waved a large number of balls of light to the Holy Spirits below.

In the ball of light, there was a detailed list of things that Garcia needed.

Every item had a corresponding price.

The Holy Spirits took a look. The price that Garcia had offered was rather generous. It was much more expensive than selling it directly.

“We need to buy these things. After the auction, the Holy Spirit that has these things can also be sold to us. The price is definitely higher than the market price.” Garcia added.

This was her mission.

She sold the Abyss item.

However, selling was not the ultimate goal. The ultimate goal was to acquire what Lin Yan needed to reach the fourth rank.

Through the auction, a large number of powerful and well-collected gods could be attracted.

This way, Garcia could earn high-ranked sacred stones for Lin Yan while collecting resources for Lin Yan. The efficiency was extremely high!

Of course, the gods behind them could also see what the Holy Spirits saw.

Some of the gods just so happened to have something that Garcia needed, but he did not need it. After seeing the price, he could not help but be tempted.

Following that, the bidding for the Abyss Core officially began.

“Such a large Abyss Core is too expensive. I can’t compete. ”

Some of the second-ranked gods immediately gave up the bidding.

The effect of the core of the Abyss on the third rank God was obviously greater.

Therefore, this final auction was a third-ranked auction.

Silver Sea had two or three third ranked gods, but there was no vicious competition between them.

But there were still third-ranked gods from other Divine Domains.

In the end, after fierce bidding, the Abyss Core sold for a terrifying high price of 8,000 Advanced God Stones!

This price was terrifying!

Even a third-ranked sub-god with a small empire would need several decades to accumulate this wealth.

And in the Abyss, although this thing was also precious, its absolute value was less than this price!

This was scarcity!

In the end, this auction only sold three items and earned more than 13,000 high-ranked Divine stones!

These three things were not the most precious things that Lin Yan could take out.

These three items were all collected by the God of Darkness.

The items that Lin Yan had were collected by the Nine Great Demonic Gods behind him. These were things that some third ranked Deities and even peak third ranked Deity Masters needed!

Only those things would be sold for a good price!

After the auction ended, Garcia also collected several resources for Lin Yan, spending thousands of high-ranked Divine stones.

Not all of these resources were used by Lin Yan. There were also some that Vera and Mavis needed!

“The harvest was too great!”

Garcia revealed a look of joy.

After praying, Vera directly opened the tunnel and used up some Divine energy to bring all the gains that Garcia had obtained back to the Divine Kingdom.

After that, Vera gave Garcia some other Abyssal items to bring to another God Territory for auction.

Every God Territory couldn't store too many Abyssal Items; otherwise, they wouldn't be able to sell for a good price.

Furthermore, if there were too many of them in a God Realm, it would easily arouse suspicion!

In the Heavenly Realm, the news between the God Realm was relatively closed off. Some of the important events spread quickly, but the other news spread very quickly.

“Master God, your gains are not bad. If this continues, you will soon get enough resources to reach the fourth rank!”

Vera revealed a look of joy!

Chapter 468: The God of Darkness was starting to think!

The God of Darkness was starting to think!

Hearing Vera's words, Lin Yan nodded.

He didn't expect to earn so many sacred stones in the Heavenly Realm with just three items!

It was more than half of Lin Yan's savings!

This method of using unequal information to earn Divine Stones was indeed easy to earn!

Among the three items, the most valuable was the Abyss Core.

This gave Lin Yan a plan to destroy a large number of Abysses and then collect the core.

However, Lin Yan thought about it and gave up.

For the current Lin Yan, it was easy to destroy the upper Abyss.

It was even possible to extinguish a lower Abyss regardless of strength, but there was no need to use this method to collect the Abyss Core.

The Abyss was endless, and even the Demonic God of the Abyss did not know how many ranks there were.

It would not be a problem to destroy several layers of the Abyss at once.

However, if he destroyed too much in a short time, it would easily attract the attention of some powerful beings.

Lin Yan was currently accumulating his strength to reach the fourth rank, and he did not want to waste too much strength to fight against such a powerful existence.

Although his flame form was powerful, if he were to fight an overly powerful existence, he would still need to burn his Divine energy. The Divine energy was more precious to Lin Yan.

It was enough to catch the Demon gods and torture them.

Once he reached the fourth rank, he would have the Divine energy of the fourth rank. The Divine energy of the fourth rank, whether it was in the form of Flame or as a Divine body, was extremely powerful!

“There are many Abyssal items among the items provided by the System.”

Lin Yan thought.

Yes, his Godhead had reached the fourth rank. Not only did he need resources from the Heavenly Realm, but he also needed resources from the Abyss.

This was inevitable because, in Lin Yan’s Godhead, there were only two types of power.

There were two powers inside.

After some thought, Lin Yan and Vera greeted each other and he descended into the Abyss again.

In the Abyss, the Nine Demonic Gods had received Lin Yan’s approval, and they no longer had to stay in the Harubi Abyss.

They sent out a large number of their forces to collect the resources that Lin Yan needed.

“God of Darkness, pray to me.”

Lin Yan used the Divine contract to convey his will to the God of Darkness.

The God of Darkness was sleeping in her kingdom.

In her kingdom, there was still war.

“Master is looking for me again!”

The God of Darkness was delighted.

“Try the Queen’s act today!”

The God of Darkness thought.

With a shake of her body, she was dressed up as the Queen.

When her attire changed, her temperament also changed.

In an instant, she had gone from a demonic Abyss Demon God to a dignified and sacred Queen!

The surrounding aura didn't seem much different from Tina's!

The Dark God's hand gently touched her in the air and reflected her appearance.

She took two steps and took the step that belonged to the Queen.

A standard Queen!

"That's right!"

The God of Darkness nodded in satisfaction.

Right now, from the beginning to the end, from her temperament to her demeanor, to her actions, she was a true Queen.

Then she adjusted her voice again to make her voice sound like a decent Queen.

Only then did the God of Darkness pray!

Following her prayers, a thread of faith opened.

Then, Lin Yan, who exuded an evil aura, appeared in her kingdom!

"I like Master's aura. The pure evil aura is even purer than many who call themselves noble Demon gods. It's too tempting!"

The God of Darkness took a deep breath of Lin Yan's aura.

One must know that Lin Yan's Divine energy, whether it was light or chaos, was quite pure.

It was pure and advanced!

When Lin Yan's body surged with light power, Lin Yan was more like a God of heaven than any other God of heaven!

When Lin Yan's body surged with chaotic Divine energy, Lin Yan would be more like a Demon God than any Abyss Demon God!

His Divine energy was quite pure.

Pure and noble!

Yes, it was noble!

In the Abyss, the ranks were strict. The demons claimed to be noble, especially the top ten demon races in the Abyss. All of them considered themselves to be extremely noble.

When the top ten demons saw other demons, they felt a sense of superiority.

After these demons became gods, no matter how powerful they were, they still considered themselves noble!

This kind of nobility was not self-perceived.

It did not come from the bloodline.

It was a talent!

The top ten Demon races were all favored by the Abyss.

Their power would increase faster than other demons.

Their reaction to the rules would be stronger than other demons.

It was equivalent to being born noble!

Now, the God of Darkness also felt a noble aura from Lin Yan.

This aura was very pure.

The nightmare was also one of the top ten demons, but the God of Darkness felt that Lin Yan's aura was much nobler than hers.

This made the God of Darkness curious about Lin Yan's race.

"How's the collection going?"

Lin Yan did not care about the mental activities of the God of Darkness and asked.

"Master, I've already collected quite a few."

The God of Darkness handed over a ball of light.

There was a small space inside, filled with the things Lin Yan needed.

Lin Yan took it and nodded. Then, he took out a ball of light and asked, "Look inside. What's useful to you?"

The God of Darkness took the ball of light and looked inside. Her eyes widened because everything inside was from the Heavenly Realm.

Things from the Heavenly Realm were not all useful to the Abyssal Demon Gods.

What was useful was only part of it.

But the God of Darkness saw a few things that were very useful to her!

"Master, where did these things come from?"

The God of Darkness could not help but guess.

In this world, if there was light, there was darkness. Light and darkness were opposite, but to a certain extent, they complemented each other.

This was also why the creatures of the Heavenly Realm and the Abyss needed something from the other party.

In ancient times, there was even trade between the gods of the Heavenly Realm and the Abyssal Demon God, but that was too dangerous.

The Abyssal Demon God was not only interested in the life of the Continent of God but also in enticing a deity from the Heavenly Realm.

Many gods of the Heavenly Realm had fallen in such a trade.

There were also many gods of the Heavenly Realm who were pitted to death by the Abyssal Demon God.

After experiencing the lessons of blood and several large-scale wars between the Heavenly Realm and the Abyss, there was no channel for communication between the Heavenly Realm and the Abyss.

Therefore, the God of Darkness guessed Lin Yan's origins.

"Could it be that when the Abyssal Rift opened for two years, Master sneaked into the Heavenly Realm and killed a Heavenly God?"

The God of Darkness could not help but think of the aura of light that surged around him when his Master first came to her kingdom.

At that moment, even she felt that her Master was a deity of the Heavenly Realm!

"Master's disguise is too good. Maybe he really sneaked into the Heavenly Realm and killed the Heavenly Realm gods to get so many things."

The God of Darkness thought again.

She could not help but get excited.

Killed the gods of the Heavenly Realm!

How exciting!

"It's a pity that Master and I were enemies at that time. If I had known earlier, I would have submitted to Master and let Master bring me to the Heavenly Realm to play."

The God of Darkness could not help but feel regret.

The thought of her Master sneaking into the Heavenly Realm and killing a Heavenly Realm God made her blood boil.

"The next time the Abyssal Rift opens, I must ask the Master to bring me to the Heavenly Realm."

The God of Darkness thought again.

Thinking of the excitement, she could not help but lick her tongue.

Don't forget, she was now a dignified queen. She did this action, but it didn't seem to conflict.

Instead, it had a strange aesthetic feeling.

The thought of her Master having such courage and daring to sneak into the Heavenly Realm made the God of Darkness even more impressed with Lin Yan!

"He is worthy of my Master!"

The God of Darkness thought.

At the same time, the God of Darkness's guess of Lin Yan's strength raised another rank.

"He is at least a fourth-ranked God."

The God of Darkness thought.

As a high-ranked Abyss Demon God of the third rank, she was only one step away from the peak of the third rank. In the Abyss, she could be considered a big shot Demon God.

However, it was not comparable to a fourth-ranked God.

What was different from the Heavenly Realm was that the Abyssal Demonic Gods were usually well-hidden. It was normal to have some unknown fourth-ranked gods.

“I wonder what Master can rank on the Demonic God Mountain.”

The God of Darkness could not help but think.

Her mental activity had become extremely active because of the heavenly objects in the ball of light.

In a short period, the God of Darkness had many thoughts in her mind.

In the end, these thoughts turned into a decision, “I must conquer the Master!”

The conquest that she was talking about... was naturally not ordinary.

As long as Lin Yan was in her bed, she would succeed!

Chapter 469: Auction in the Abyss! Little Elves in two ways!

: Auction in the Abyss! Little Elves in two ways!

“Hmm?”

At this moment, the God of Darkness heard Lin Yan’s voice.

Only then did the God of Darkness come back to her senses. She had spent too much time trying to mend her brain, so she did not respond to Lin Yan in time.

“Master, there are many.”

The God of Darkness took out a large number of things that were useful to her.

“The value of these things is very high, and they are quite useful to the third ranked Demon gods. If you sell them, you can exchange them for many Demonic substances or Divine stones!”

The God of Darkness said.

In the Abyss, Demon gods could naturally condense Divine Stones, but Abyssal Divine Stones and Heaven Realm Divine Stones were completely different.

One was the power of faith.

One came from war and slaughter, as well as the endless chaos of dark faith!

Lin Yan could also use his dark faith to condense Abyssal Divine Stones.

However, once one’s godhead rose to the fourth rank, the amount of chaotic Divine energy required would be quite high.

However, the requirement for chaotic Divine energy was much smaller than the Heavenly Realm's Divine energy.

Therefore, Lin Yan would not randomly use his dark faith.

Lin Yan said, "Give me a list. Also, dispose of these things and exchange them with other Demonic Gods or buy what I need."

The God of Darkness said, "Yes, Master!"

Seeing how obedient she was, Lin Yan gave her a serious look.

With a single glance, Lin Yan discovered that the God of Darkness... did not look like an Abyssal Demon at all.

"Sick!"

This thought flashed across Lin Yan's mind before he shifted his gaze away. "Finish it as soon as possible!"

"Yes, Master!"

The God of Darkness once again said respectfully.

"Let your impression of me change first, and then I'll slowly attack you!"

The God of Darkness thought.

On the surface, she was respectful, but in her heart, she was thinking about how to get Lin Yan into her bed.

Before leaving God of Darkness' Divine Kingdom, Lin Yan gave Natasha another hint.

Let the Succubus Dynasty cultivate a special plant in the Succubus's Abyss.

Spectral Flower!

These flowers could only grow in the Abyss, but at the same time, they were more useful to the gods of the Heavenly Realm.

To be precise, it was useful to the Holy Spirit.

In the Heavenly Realm, the Holy Spirit was not useless.

On the contrary, if the power of the Holy Spirit increased, it would be of great help to the gods of the Heavenly Realm.

The effect of the Spectral Flower on the Holy Spirit was equivalent to the fact that before Lin Yan transmigrated, the human child was given a preventive injection.

He had the Holy Spirit produce antibodies to the soul attack in advance.

After all, the Holy Spirit was a spirit body. What he feared the most was attacks against the soul.

For example, the Abyssal Demon flames were precisely burned.

After the Holy Spirits used the Spectral Flower to strike the prevention needle, the Holy Spirits would be immune to a large number of methods aimed at the soul!

Ordinary Abyss Demonic Flames that came from the Abyss were not very effective against them. Other soul attacks would also be greatly reduced.

Of course, if Lin Yan was the one driving the Abyssal Demon flame, these Holy Spirits wouldn't be of much use, even if they were to use the precautionary needle!

After these Spectral Flowers matured, Lin Yan did not plan to sell them for the time being. He would use it himself first.

After breaking through to the fourth rank, Lin Yan prepared to start building a Divine kingdom.

After breaking through to the fourth rank, his methods would be even more brilliant, his vision even higher, and the Divine kingdom he could build would be even stronger.

After the establishment of the Divine kingdom, Lin Yan wouldn't have his Holy Spirit.

The Holy Spirits of other gods were all brought up by the souls of some devout believers after their deaths.

Lin Yan had only switched godheads for a few months. Where would the Holy Spirit come from?

However, Lin Yan's ambition was noble. He was prepared to establish the Great Divine Kingdom.

That was to combine the Divine kingdoms of Vera, Mavis, and other goddesses.

There weren't many such Kingdoms in the entire Heavenly Realm.

Vera and the Elves of the Divine Kingdom of Mavis needed to use the Spectral Flowers to strengthen them.

In the future, when the number of Spectral Flowers increased and they were sold to the Heavenly Realm, they would also be able to earn a large amount of wealth.

After receiving Lin Yan's revelation, Natasha immediately sent someone to carry out Lin Yan's order.

She was already very close to the Demon Emperor.

Therefore, Natasha was more focused on studying the secrets of the Demonic God.

Lin Yan would occasionally give her instructions.

The moment Natasha became the Demon Emperor; she would become a Demon God. At that time, she would be Lin Yan's most trusted right-hand man!

After receiving Lin Yan's order, the God of Darkness sent out a large number of subordinates to the lower Abyss. Through the Demon dynasties in the lower Abyss, they contacted the Demon gods behind these Demon dynasties.

The Demon Gods hid quite tightly, but they usually communicated with each other.

These exchanges and communications were carried out through the descent of will.

"What? Would the Dark God hold an auction in the Red Lotus Abyss? You want to sell something from the Heavenly Realm?"

A Demonic God let out a soft exclamation when he heard the news from the Demon Dynasty under his command.

“It’s been a long time since anything from the Heavenly Realm has appeared in the Abyss. The God of Darkness is a powerful Demonic God. What she can take out is definitely something good. I have to send someone to take a look.”

The Demon God pondered for a moment and then passed the oracle to the Demon dynasty.

The God of Darkness had invited many Demonic Gods.

Her subordinates searched through the lower Abyss, relaying information layer by layer.

In the lower Abyss, not all Abysses were huge.

There was also some relatively small Abyss.

A large number of Demonic Gods occupied many layers of the Abyss.

However, those who could occupy the Abyss that had a name were basically the powerful Demonic Gods of the third rank.

In the Abyss with a name, the Abyss of the Mobis was just an exception.

“The God of Darkness is best at scheming. Sometimes, she can even scheme against a first-ranked God without caring about her authority. Is this a conspiracy? In the auction in the Abyss, what if a powerful Demonic God directly steals the item?”

There were also Demonic Gods with doubts.

“But we can send someone to take a look.”

Although there were doubts, the Demon God still decided to send someone to take a look.

Seeing that the situation was not right, it was right to retreat.

Even if it could not retreat, it would only lose one subordinate at most.

In any case, it would not easily descend.

In short, this time, the actions of the God of Darkness stirred up a lot of waves in the Abyss.

Of course, the God of Darkness was very smart. She did not invite those powerful existences in the Abyss.

The Demonic God participating in this auction was at most at the peak of the third rank.

No matter how strong she was, the God of Darkness was afraid that she would cause trouble.

After all, the Demonic God had no habit of following the rules.

Just as the God of Darkness was sending people to inform the other Demon gods, Garcia held a new auction in a new Divine Domain.

“800 Divine stones.”

“I’ll pay 1000.”

“1500!”

In this auction, the sound of bids rose and fell.

Garcia still only sold three Abyss items.

Rare things were more expensive.

Even if Lin Yan could easily obtain hundreds or thousands of Abyssal Items, he would still sell them one by one.

This way, he could sell it for a good price, not letting the Abyss item in his hand depreciate.

It could also effectively avoid suspicion from others.

The Abyssal Rift had been opened once more than two years ago. When it was opened, many powerful believers of the Deities Sect went to the Abyss to search for resources.

Lin Yan’s luck was good, so it was reasonable to collect more.

However, if his luck was too good, and he collected piles of Abyssal objects, it would be hard to avoid being remembered and bring some trouble.

This auction quickly ended.

Garcia had once again obtained tens of thousands of high-ranked Divine stones.

After the auction, Garcia also received some things that Lin Yan and the two goddesses needed.

This efficiency was too fast.

It was much faster than Garcia slowly gathering resources everywhere.

After all, those who were attracted to the auction were at least the second ranked powerful gods, so of course, they had a lot of wealth in their hands.

“It’s like a dream.”

Garcia could not help but say.

Clara said, “That’s right, Garcia, the Lord of Flame is too amazing. The things he took out were about to go crazy. I wonder how the Lord of Flame got it.”

Clara was curious.

Garcia shook her head slightly and said, “Clara, there are some things and secrets about the Lord of Flame. If the Lord of Flame did not take the initiative to tell you, don’t be too curious! ”

Clara nodded. “I know, Garcia. I will restrain myself.”

This episode quickly passed.

After the two Elves handed in their harvest, they led the other eight Elves on a new journey.

They rushed to another Divine Domain without stopping to hold a new auction in that Divine Domain.

According to their rhythm, an auction would normally take place every three days. At least one auction would be worth tens of thousands of high-ranked sacred stones.

This harvest was not ordinary!

The efficiency of amassing wealth was not ordinary!

“Clara, why don’t we split up and go to another Divine Domain!”

On the way, Garcia suddenly thought of something and said.

Clara was not weak, she was similar to Garcia. It should be enough to oversee the auction.

In any case, the Elves would leave at least two of them far away. If something went wrong, they could open the tunnel through the Line of Faith.

Therefore, they were not worried about safety issues.

Clara thought for a moment and said, “That’s a good idea. Let me ask the goddess again!”

Soon, Clara received a reply from Mavis.

Mavis agreed.

As a result, Clara and Garcia led the four Elves on two separate routes to different Divine Domains!

Chapter 470: Abyss also sold out! Earn money from both sides!

Time flowed by.

In the blink of an eye, three days had passed.

In the Heavenly Realm, as the sun’s power was about to explode, many of the Heavenly Realm’s gods had become relatively active recently.

Yes, they all wanted to take advantage of this opportunity to go to the sun of the Heavenly Realm to collect Divine substances.

When the sun could explode, the sun in the Heavenly Realm would become particularly dangerous.

But as long as they did not go deep into the sun, there would not be too much of a problem.

These gods had sufficient experience in this field.

Even some of the first-rank gods gritted their teeth and took out a high-rank God stone’s teleportation fee. They wanted to go to the Sun of the Heavenly Realm.

The teleportation distance from the space gate to the Sun of the Celestial Realm was far from normal.

If these gods chose to let their Holy Spirits fly until they reached the Sun of the Heavenly Realm, then they would open the path of faith...

All right, the Holy Spirit had started flying a few years ago.

At such a long distance, opening the path of faith would not cost less than a piece of Celestial Divine Stone.

Moreover, the space rules around the Sun of the Heavenly Realm were actually somewhat chaotic.

There was also the possibility of instability in the channel of faith.

Therefore, the gods that went to the Heavenly Sun would basically choose to use the space gate in the Heavenly Sky!

Returning to the truth, it was precisely because the gods were quite active that the new auction between Garcia and Clara went smoothly.

Quite a few gods were participating.

Therefore, the price of the Abyssal items in the auction also overflowed quite a bit.

Clara let out a long breath.

Her experience was not as rich as Garcia's.

It was her first time hosting an auction alone.

Fortunately, Clara had a good grasp of the rhythm.

Throughout the entire process, her performance was stable.

They successfully held the first auction.

Clara nodded her head.

Of the three Abyssal items, more than five thousand high-rank Divine stones had been sold.

The reason for this was because one of the Abyssal items had been exchanged for something that Lin Yan needed.

“There's almost no Abyss.”

Clara thought.

Yes, the Abyssal items that she and Garcia brought out this time were almost sold out.

As she thought about it, Mavis used up some Divine energy and sent her some new Abyssal items from the Channel of Faith.

“Clara, these Abyssal items will be more precious. The starting bid will be higher.”

The goddess Mavis also gave the order.

Yes, Goddess! ”

Clara said respectfully.

Clara took the new Abyss and headed to the new Divine Domains.

There was only one event in the Divine Domains. This was something that had already been discussed.

At the same time, in the Abyss, three days had passed.

In the Red Lotus Abyss, a large number of demons were gathered. These demons were powerful and belonged to different demon dynasties.

They were the eyes and mouths of the Abyssal Demonic Gods. They checked the authenticity of the items taken out by the Dark Gods on behalf of the Abyssal Demonic Gods and bid for them.

The host of this auction was not the God of Darkness, but Natasha.

Yes, the God of Darkness borrowed Natasha.

However, the God of Darkness still looked down, even lowering the throne.

This was a deterrent to all the demons present and the Abyssal Demon God behind them!

“She really is the God of Darkness. She has even descended on the throne. She’s really here.”

Some of the Abyssal Demon Gods who had cast their gazes thought.

To be honest,

If it wasn’t for the Dark God’s move, these Abyssal Demonic Gods might have caused trouble.

For example, he could snatch one or two auction items and run away.

It wasn’t like they hadn’t done this before.

After taking it away, he hid and could not even find the God of Darkness.

They would even feel complacent because they had successfully snatched something from the eyes of the God of Darkness!

This was the Abyss.

There was not the slightest bit of honesty.

If you want others to be honest, your fist must be strong!

Natasha stood in the middle of the Red Lotus Abyss and took out something.

It was a flower.

Its name was the Heavenly Realm Flower!

In the Heavenly Realm, Heavenly Realm Flowers were relatively rare, but they were not particularly precious.

Sending a few Holy Spirits to search the Heavenly Realm would still be able to find many “wild” Heavenly Realm flowers.

However, the moment this Heavenly World Flower appeared in the Abyss, it caused quite a commotion.

“The Flower of Heaven, so it seems, good fellow, where did the God of Darkness get it?”

An Abyss Demon God muttered to himself.

“Eating the Flower of the Heavenly Realm will stimulate your Divine energy, causing it to become even more chaotic. I’m going to settle for this flower.”

There were also Abyssal Demon Gods.

Yes, chaotic Divine energy was an extremely chaotic Divine energy. The more chaotic it was, the higher it was.

In the sea of Divine energy within Lin Yan's godhead, the sea of Divine energy that contained chaotic Divine energy was not calm, but rather chaotic.

It wasn't like the Sea Divine energy that contained the Divine energy of the Heavenly Realm. It had always been calm and orderly!

As soon as this heavenly flower appeared, it attracted the attention of a large number of Abyssal Demon Gods.

Some Abyssal Demon Gods were thinking about what kind of money they had to pay to buy it.

There were also some Abyssal Demon Gods whose eyeballs were spinning. Their unintelligent heads were probably thinking about how high their chances of success would be if they were to snatch it forcefully.

"The first item in this auction is a Heavenly Realm Flower. The starting price is one hundred high-grade Abyssal Divine Stones. The bidding will begin now."

Natasha said coldly.

"There's no need to bid. I'll give you 1,000."

At this moment, an Abyss Demon King spoke up.

It had increased the price tenfold!

"A thousand is nothing! I'll give you ten thousand!"

Immediately, another Demon King spoke.

Natasha harrumphed. She pulled out her sword and disappeared in the blink of an eye.

When he reappeared, he had already come to the side of one of the Demon kings who had just spoken. With a wave of his sword, the head of the devil king that hadn't reacted was cut off.

After Natasha cut off her head, she disappeared again. When she reappeared, she had already arrived next to another Demon king and slashed again.

"You actually dare to attack me directly. My God..."

"Boom!"

The Demon King of the Abyss hadn't finished speaking when he was covered by the Evil Flames.

Two consecutive slashes, killing two great Demon kings!

Natasha's fierce actions made all the Demon kings who were preparing to cause trouble stop.

"Roar, don't you dare!"

At this moment, a furious roar came from the sky.

Following that, a tunnel opened, and a Demon God prepared to descend to attack Natasha.

Natasha prepared to fight back without fear.

“Hawthorn, you dare cause trouble?”

The Dark God’s cold voice rang out.

Hearing the voice of the God of Darkness, the Demon God who had just descended was so frightened that he forcefully retracted all his attacks.

The deterrence of the God of Darkness was evident.

After Natasha showed her strength and the God of Darkness had such terrifying deterrence, Red Lotus Abyss fell silent.

There were no Demon Gods to cause trouble.

“I’ll give you 150 high-grade Abyssal Divine Stones!”

At this moment, a Demon King spoke again.

This was like bidding.

“150, do you have more?”

Natasha asked.

“Me, 200 Yuan!”

Immediately, another Demon King spoke.

There were quite a few Abyssal Demon Gods who had come here.

After knowing that they would not be able to obtain the Heavenly Realm Flower by any other means, a large number of Abyssal Demonic Fiends began to participate in the bidding.

Soon, the price of the Heavenly Realm Flower was raised to 500 high-grade Abyssal Divine Stones by the subordinates of the Demonic God.

However, the Demonic God’s subordinate was not honest.

At this moment, a Demon King spoke in an icy voice.

However, as soon as it finished its sentence, it saw Natasha had arrived in front of it at some unknown time. A long sword as black as ink pointed at it, its face as cold as frost.

When this Demon King thought of what had happened to the two of them, he couldn’t help but shiver as he said:

“I’ll take back what I just said. I’ll bid 800 high-rank Abyssal Divine Stones! ”

That Demon King quickly changed his tone.

“1,000 Yuan!”

Immediately, another Demon King added 200 high-grade Abyss Divine Stones.

The Demon King’s face immediately became extremely gloomy.

However, all of them were the representatives of the Demon Gods. Their strength was quite strong, so there was no question of who was afraid of whom.

“1,200 Yuan!”

This Demon God could only raise the price once more.

In the end, this Heavenly Realm Flower was sold for 1,500 high-grade Abyssal Divine Stones!

This price also exceeded the value of the Heavenly Realm Flower itself.

After all, the flowers of the Heavenly Realm weren't everywhere in the Heavenly Realm, but they weren't particularly rare.

There was such a thing in Vera's Divine Kingdom.

One flower, the price in the Heavenly Realm, was worth a few high-rank Divine stones.

However, when he brought it to the Abyss, he sold 1,500 high-grade Abyssal Divine Stones.

If anyone knew about this, they probably could not believe it.

Then, Natasha continued to auction the two items.

Yes, there were only three items in the auction in the Abyss.

In the end, these three items were sold for nearly ten thousand high-grade Abyssal Divine Stones!

Although this was only the first auction.

But this also meant that the things of the Heavenly Realm were also sold out in the Abyss!

Lin Yan could easily use the disparity in information to earn money from both sides!
