

Flames 481

Chapter 481: The dizzy goddess Ellen! Everything was ready!

Hearing the scream of the tall goddess, Ellen's mood improved.

You didn't like the Lord of Flame just now!

Humph!

However, Ellen was also shocked to see so many Divine substances in front of Lin Yan.

At the same time, she was curious about what Lin Yan wanted to do.

Seeing Lin Yan this time, Ellen's heart relaxed a lot.

This was because she was already a direct disciple of God.

The Divine Master of the Celestial Elven God Series, among the gods of the fourth rank, was all the stronger ones.

She only had three disciples.

Ellen was the last one.

Ellen's two senior sisters were both third-ranked gods. One senior sister had even reached the peak of the third rank and had her own God system.

Yes, the gods of the pantheon, if they reached the peak of the third rank, could also create their own pantheon.

This sub-Divine element is completely dependent on the main Divine element.

Normally speaking, the preparatory Divine system was the Divine System.

Of course, some were prepared for the Deity system. They did not have a Deity system contract; they were really prepared!

With the help of a powerful fourth-ranked Divine Master, Ellen's advancement would be quite fast.

Although Ellen did not think that she could catch up to the Lord of Flame in a short period, her heart was filled with hope!

She was about to catch up to the Lord of Flame.

However, if she could be on par with the Lord of Flame, as long as she didn't have to look up to the Lord of Flame like she did now, she would have the courage to confess her love to the Lord of Flame.

Of course, not now!

Like the other gods of the Space Gate, the gods of the Space Gate were shocked by Lin Yan's actions first, then stunned.

Then, they heard Lin Yan's faint voice:

“Who has a Tear Lo fruit? You can choose 2000G among these Divine substances.”

Yes, Lin Yan raised the price to 2000 G.

In any case, it was the last thing. If the price was raised, some of the gods who had Tear Fruit would not hesitate.

2,000 G Divine substance!

This number caused a commotion among the gods near the dimensional portal.

As the gods stared at the Divine substance in front of Lin Yan with red eyes, they quietly passed down the oracle, asking the Holy Spirits in the Divine kingdom to search for their collection.

A God's collection could last for thousands of years. He might have forgotten about it.

However, a few minutes later, the gods here were all disappointed because they didn't have that.

“Ellen, your chance is here. I remember that your eldest sister seems to have something like this. Try to find her help.”

At this moment, the tall goddess beside Ellen whispered to Ellen.

Ellen looked at her in surprise.

Didn't this tall goddess look down on the Lord of Flame? Why did she offer help now?

However, this help was needed for Ellen.

Ellen began to contact her Eldest Senior Sister.

As a direct disciple of the Elven God, Ellen naturally had ways to contact the other two Senior Sisters.

Not long after they contacted, Ellen revealed a look of joy.

Eldest Senior Sister agreed. She also used up her Divine energy to have Ellen provide the path of faith. The Eldest Senior Sister sent it over.

Ellen did not have much power of faith right now, so it would not be a waste to provide a channel of faith.

She didn't even have the power of belief. How could she waste it?

At this time, Lin Yan asked three times and waited for a few more minutes. However, he was ready to leave.

“Hey, Lord of Flame, wait.”

Seeing that Ellen had already obtained the fruit of tears, Hurley hurriedly shouted.

Lin Yan stopped and looked at Hurley.

“Go, Ellen!”

Hurley pushed Ellen.

Lin Yan's gaze shifted to Ellen again.

Ellen looked at Lin Yan from afar. When she met Lin Yan's star-like eyes, her heart skipped a beat, and she almost jumped out.

Her face turned slightly red!

Ellen quickly lowered her head and summoned the courage to walk towards Lin Yan.

In front of all the gods, Lin Yan felt that the state of the goddess walking towards him was a little strange.

Finally, Ellen arrived in front of Lin Yan.

At close range, Ellen smelled the scent of Lin Yan's body. He felt as if she had taken Ecstasy and felt dizzy.

This was the first time she was so close to Lin Yan.

Such a distance made her feel like a dream.

It felt unreal!

“Sigh, Ellen is hopeless!”

Seeing Ellen's condition, Hurley shook her head from behind.

Even though she was a bit closer to the Lord of Flame, she was extremely satisfied. This was not something that could not be saved.

“You have a tearful fruit?”

At this moment, Ellen heard Lin Yan’s voice.

“His voice is really nice.”

When she heard Lin Yan’s voice at close range, she could clearly feel the flow of Lin Yan’s aura every time he uttered a single word.

In reality, there was no air in this area.

God spoke not through the air.

It was through space.

They use their lips to vibrate space. They made a sound and then spread it through space.

The spread was especially wide and could be heard from far away.

However, this was the first time Ellen had heard Lin Yan’s voice from close range.

She fainted even more.

It was as if she had smelled Lin Yan’s aura and drunk his voice, so she was drunk!

So much so that Ellen forgot to answer Lin Yan’s question.

In front of Ellen, Lin Yan was a little strange.

Why did this goddess feel strange?

Lin Yan had never met Ellen before.

There were many Gods in the vicinity during the battle in the Elven God Realm. Lin Yan did not pay any attention to who was watching!

“Ellen!”

Behind them, Hurley finally couldn’t continue watching.

She also flew up and said to Lin Yan, “That’s right; we have a Tear Sieve Fruit. This is something Ellen specifically asked for from her senior sister. This might be the only Tear Sieve Fruit in the entire Heavenly Realm.”

Hurley was much smarter and did not forget to emphasize Ellen’s role in order to leave a good impression on Lin Yan.

Although Hurley sometimes pursued self-loyalty, she was indeed Ellen's best friend.

After she finished speaking, Hurley gently nudged Ellen with her elbow and coughed twice.

Ellen finally reacted and handed the Tear Fruit to Lin Yan.

She did not dare to speak.

She did not know what had happened to her.

She clearly felt so comfortable and enjoyed being in front of the Lord of Flame, but she still had a sense of fear.

Lin Yan took the tearful fruit and threw it into his storage space.

He had never seen Tear Fruit, but it was very simple to tell if it was true or not.

It was enough to use the system to distinguish.

Sure enough, after the Tear Fruit entered the storage space, the system's interface indicated that everything needed to upgrade the godhead was ready.

Lin Yan only needed a single click to rank up!

Of course, Lin Yan wouldn't point it out at that time.

There were so many people there!

Finding a safe place to rank up was the way to go.

After all, Lin Yan did not know how long it would take to rank up. He wondered if there would be sniping or something like that.

"2000G Divine substance, right?"

Hurley asked again.

Lin Yan nodded.

"Alright, I'll choose."

Hurley began to choose.

He did not know why Hurley's movements were very slow.

She chose for a full ten minutes.

"Ellen, talk to him!"

Hurley was so anxious that she wanted to die.

She had bought so much time for Ellen.

She stood there like a wooden stake.

No, it was not a wooden pile.

It was a shy wooden pile.

Heavens!

Hurley was about to cry!

Chapter 482: Breakthrough to the fourth rank! A heaven-shaking God!

After twenty minutes, Hurley could no longer choose.

Although Lin Yan did not show the slightest impatience, Hurley felt that it was not good for her to drag it on for too long.

“Alright, thank you, Lord of Flame!”

Hurley said.

Lin Yan gently flicked his hand and retrieved all the divine substances before flying away.

“Ellen, why can’t you even say a word? You’ll be even better in the future like this, but there’s no way to enter his sight!” After Lin Yan left, Hurley whispered to Ellen.

After that, Hurley saw that even though Ellen’s face was still red, she was actually quite satisfied.

Ellen was just about to speak when Hurley stopped her.

“I know. You must be very satisfied with saying this. Sigh, I can’t save you!”

Hurley shook her head.

After leaving the spatial door, Lin Yan entered the sun from another place.

Yes, Lin Yan had accurately broken through to the fourth rank in the Sun of the Heavenly Realm.

There were not many gods in the Heavenly Sun.

Many gods were still waiting outside.

As for the gods in the Heavenly Realm’s sun, it was a good place to break through to the fourth rank.

Of course, to the other gods, they would never dare to do this because breaking through to the fourth rank was too dangerous. It was also easy for other peak third ranked Divine Masters to sense the approximate range. Only hiding in their Divine kingdom was the safest.

As soon as Lin Yan entered the sun, he quickly dove down.

The third wave of the solar energy tide had already subsided. The subsequent waves of the solar energy tide were weaker than before.

Not long after, Lin Yan descended into the ocean current of the sun.

“Let’s just stay here.”

Lin Yan thought.

He opened the system panel.

On the Divine spark panel, there was an “Upgradeable “.

On his main panel, there was a natural law that could be “created “.

Lin Yan clicked “Create “.

“Please select the type of rule you need to create.”

The system’s mechanical notification sounded.

Lin Yan chose the laws of flame.

“Let’s call it the Raging Flames Rule.”

Lin Yan muttered to himself.

“Creating rules. The estimated time to complete is 30 seconds. Please wait...”

The system’s voice sounded.

Soon after, Lin Yan felt a tremor from the rank of laws!

“No wonder people can feel it after breaking through to the fourth rank!”

After sensing this tremor, Lin Yan could not help but think.

The vibrations caused by the creation of laws were not small.

Moreover, Lin Yan was not the only one who had sensed this tremor.

Almost all the gods had sensed it.

In other words, once someone broke through to the fourth rank, the gods of the entire Heavenly Realm, even the new gods, would know.

Gods who were not strong enough could only feel the tremors.

A powerful God, such as a peak third rank God, was able to find the approximate range by using this kind of sensing technique!

“Ellen, did you sense it?”

Hurley, who had already returned to the goddesses of the Elven Divine system, was whispering to Ellen when she sensed the tremors and could not help but say.

Ellen nodded. She and Hurley had only been in the Heavenly Realm for a short period, so she did not know what this meant.

However, besides them, the tall goddess’s eyes narrowed as she said, “Someone is charging into the fourth rank!”

Fourth rank!

These words caused Ellen and Hurley to feel stunned.

To a new God at the first rank, the fourth rank was something that was far beyond reach and now, there was actually someone charging into the fourth rank!

“The Divine Master predicted that there would be some gods who would take the opportunity to charge into the fourth rank as expected.”

The tall goddess said.

Seeing Hurley and Ellen revealing doubts, the tall goddess said:, “In ancient times, the gods of the fourth rank were considered high-ranked gods, and they were also powerful Divine Masters. However, they still had one more name, the Lord of Rules. This is because breaking through to the fourth rank requires the creation of rules. But for countless years, the number of rules in the world has almost reached saturation. Every time someone becomes a God at the fourth rank, the difficulty of breaking through will increase tenfold.”

“So, the other peak third-ranked gods will stop them, right?”

Seeing that the tall goddess paused, Ellen continued.

“Yes, this God must have been preparing for a long time, but to create a rule, it will take at least a month. This month, he can’t hide it!”

The tall goddess said.

“I wonder if he can succeed?”

Ellen and Hurley both revealed curiosity.

Not only were they alarmed, but countless gods in the entire Heavenly Realm were also alarmed!

Some gods who did not know what was going on took the opportunity to ask the other gods.

When they learned that someone was trying to reach the fourth rank, the gods were shocked.

“I don’t know where he’s attacking. It would be great if I could go and take a look. Maybe I’ll get something.”

A first-ranked God said.

“He must be hiding tightly. How could he let you watch?”

Another Divine God said.

“Divine Master, someone is advancing to the fourth rank!”

Around a dimensional portal, a dozen gods were standing there waiting to enter the sun.

A God sensed the change, and his face changed. He turned to the god who was sitting on the throne.

This God was a peak third-ranked God.

With the Lord of God’s present, all gods could not sit and could only stand there.

“Divine Master, we can’t let him succeed.”

“Yes, Lord. We have to find him.”

The other gods in the pantheon said.

The Divine Master raised his hand gently. Instantly, the dozen or so gods fell silent.

This Divine Master focused on sensing something.

After a long time, a trace of doubt appeared on his face because he could sense that the opponent's position seemed to be in the sun?

Someone actually chose to break through to the fourth rank in the sun?

This kind of thing was never seen since ancient times, it seemed like no God had done this before, right?

“You guys stay here first. I'll go take a look.”

The Divine Master spoke in a stern tone.

Although he was surprised, he believed that his perception was right.

The other party did not know if he was confident or stupid, but he actually dared to reach the fourth rank in the sun. Did he think he could not find you?

If they hid in the Divine Kingdom and kept moving, they might need some time to find him.

However, no matter how big the sun was, as long as one could sense the approximate range, it would be much easier to find it.

More importantly, at this moment, around the sun, there were a bunch of peak third ranked gods!

He wanted to see who was so bold, but before he could fly into the sun, the expression on his face changed again, becoming a little suspicious because, in his senses, the vibration from the Rule Plane had disappeared!

“Could it have failed?”

The Divine Master was immediately unsure, but even if he didn't succeed, he couldn't fail so quickly.

After all, how long had it been? It had only been less than a minute.

However, there was no turning back arrow to charge into the fourth rank. Once a God at the peak of the third rank had accumulated for many years, he would have to adjust his strength and mentality to the best time to act.

It was impossible for the opponent to give up after trying because the moment he gave up, he might never have another chance.

However, the Lord was unable to understand the current situation.

Chapter 483: Seconds to fourth-ranked! The enemy had arrived!

“How bold, you actually dared to charge into the fourth rank under my watch. Do you really think you're invincible?”

Near the sun in the Heavenly Realm, near another dimension, a Divine Master also sensed Lin Yan's approximate range.

The Lord felt insulted!

It was one thing to break through to the fourth rank!

To dare to break through in the sun wasn't it equivalent to attacking under his nose?

“Harper, follow me into the sun. I have sensed his approximate range. Follow me to find him!”

A God said.

At the same time, near the Sun of the Heavenly Realm, a large number of Divine Masters at the peak of the third rank moved.

The peak of the third rank was already very close to the fourth rank.

They naturally did not wish for others to break through first. That would make it ten times more difficult for them to break through!

With a breakthrough, his difficulty would increase tenfold.

Another God breakthrough would increase their difficulty by tenfold, and that would be a hundredfold!

If there was another God breakthrough, the difficulty would increase a thousand times!

The more gods succeeded, the lower their chances of breaking through.

This was also the reason why they had to target other peak third-ranked gods.

Moreover, if you don't snipe others, when others break through, they will also snipe you!

What was even more intolerable to these peak third-rank gods was that he had broken through under their noses!

In the eyes of these gods, he was openly provoking all the gods!

The peak of the third rank was not as good as the fourth rank.

However, in the Heavenly Realm, they were all gods with a reputation and status.

Who could tolerate such provocation?

Therefore, in a short period of time, almost all the peak Divine Masters at the third rank moved.

However, only half a minute later, these peak third-ranked Divine Masters seemed to have pressed the pause button at the same time. They all stopped at the same time.

Everyone's faces were filled with surprise and bewilderment because they could sense that the vibrations from the Rule Plane had disappeared!

This tremor lasted only half a minute before it disappeared!

Such a thing had not happened in the past.

“Divine Master, what's going on? Why is the tremor gone?”

Beside one of the gods, a god from the Deity system asked.

“I don’t know. This situation is very strange. It has never happened before.”

A God said.

After a short pause, the Divine Masters decided to take a look at the area he sensed.

There were many Divine Masters who had the same thoughts as him.

These gods had all decided to go and have a look!

“Rules created successfully.”

A system notification sounded.

That’s right, the reason why the Divine Masters outside reacted like that was that the System only needed 30 seconds to create the rules!

Unlike other peak third-ranked gods, it would take at least one month and at most several months.

Moreover, if time was spent, it might not succeed.

If the rules were created successfully, there would naturally be no tremors from the rules plane!

This was the reason why the peak gods of the third rank were so bewildered.

“Creation succeeded!”

Lin Yan did not know what was happening outside the sun, so he did not care even if he did.

Now, his rules had been created successfully, which was equivalent to half a step into the fourth rank.

Moreover, it was not the first half of his leg.

It was the second leg.

Immediately after, Lin Yan clicked on the “Rank Up!”

“Godhead upgrading...”

A system notification sounded.

Only ten seconds later, the System sent another notification:

“Godhead successfully upgraded. Congratulations, Godhead successfully upgraded to sixteenth ranked.”

The System’s voice sounded!

Sixteenth ranked Godhead!

This was already the standard fourth-rank godhead!

For other gods, it was extremely difficult to reach the fourth rank from the peak of the third rank.

To Lin Yan, it was terrifyingly simple.

The entire process lasted for less than a minute!

This was equivalent to a fourth-rank rise in seconds!

Of course, Lin Yan was still paying a lot.

The number of resources consumed was also terrifying.

However, for Lin Yan, who had over a hundred thousand G Divine substances and a large amount of Divine energy in his hands, exchanging resources for a time was a good deal.

Lin Yan looked at his godhead.

God Name: Lord of Flame

Godhead Rank: Sixteenth Rank Godhead

Temple: 105

Holy Maiden: 16

Acolyte: 39251W

Divine Kingdom: Can be created

Divine Body: Rank 15

Power of Faith: 889 YW

Dark faith: 398 YW

Divine energy: 109W

Mixed Divine energy: 89W

[Divinity: Activated, not ordered]

“The Divine body should also be upgraded.”

Lin Yan whispered.

Then, he took out a large number of resources.

Yes, Vera was not the only one collecting materials for Lin Yan’s godheads.

Rising to the fourth rank was a complete upgrade of the godhead and body.

Therefore, there were a large number of resources in Lin Yan’s hands to upgrade his body.

It was easier to upgrade one’s body than one’s godhead.

The rank of godhead had been reached. With enough resources, one could rank up their body.

Lin Yan absorbed the resources.

Then, he turned into a huge black hole, absorbing the blazing energy in the sun.

The entire process of upgrading the Divine body would only last for a few minutes if there were enough resources.

The time to stabilize the godhead and body was longer.

.....

“Divine Masters, Lord of Flame is too powerful. I only dare to follow him from afar. He should be in that area.”

In the sun of the Heavenly Realm, a group of visitors had already arrived.

This group of people entered the Sun much earlier than the other peak third ranked gods...

They had followed Lin Yan all the way here.

According to what they said, there were actually two peak third-ranked Divine Masters among them!

“As long as we can determine the approximate range, he won’t be able to escape with so many of us.”

A man with a Chinese face and a faintly dignified expression said.

At this moment, waves from the Rule Plane came.

“Eh, someone has reached the fourth rank.”

Next to the Divine Master, another Divine Master said.

“Don’t worry, he didn’t succeed so quickly. We should find the Lord of Flame first. The Lord of Flame actually has so many Divine substances, yet he still dares to reveal them. Humph, I really don’t know where this third rank God got such courage.”

The Divine Master said.

Obviously, these two gods were not near the first dimension gate.

They did not see Lin Yan rush into the sun when the third energy tide arrived.

Otherwise, they might not think so.

“Something’s not right; this wave seems to be coming from the sun.”

At this moment, another Divine Master said.

Hearing his words, the God-faced lord focused his attention and sensed that something was wrong.

“It was indeed transmitted from the sun. This person is really bold, actually daring to reach the fourth rank in the sun!”

The Divine Master took a deep breath and said.

Even if he was a peak third-ranked Divine Master, he was also surprised by his boldness!

“Maybe he has the confidence?”

Another Divine Master said.

Although his tone was normal, the coldness on his face could no longer be concealed.

“Let’s go. Let’s find the Lord of Flame first, and then join in the fun. The sun is so big; it’ll probably take a lot of time to find him. But he actually chose this time to break through. The outside of the sun is probably already a trap, right?”

A cold smile appeared on his face.

No matter if the opponent was bold or confident, daring to advance to the fourth rank, or daring to attack in the sun, he would not let the opponent succeed.

“This person is definitely courting death... Eh...”

Before the other Divine Master could finish his sentence, he sensed that the wave had disappeared. He couldn’t help but exclaim.

The Chinese character also exclaimed.

The two Lords looked at each other.

“Strange!”

“It’s really strange. Forget it; find the Lord of Flame first. Titus, where is the Lord of Flame?”

The Divine Master asked.

“Reporting to the Lord, in that direction.”

Titus said.

“It seems to be the direction of the wave. Could it be that the Lord of Flame is breaking through?”

A God could not help but say.

“He doesn’t even have a Divine system. He can’t kill a few small fish by himself, but it’s still possible. Humph, it’s best if it’s him.”

The other Divine Master snorted and flew in that direction.

Chapter 484: Battle! The alarmed Divine Masters!

In exchange for the three resources he needed, Lin Yan passed through five spatial gates in succession.

Among the five spatial gates, there were more or fewer gods who recognized Lin Yan.

Thus, Lin Yan’s battle in the Elven God Realm had already spread throughout the five nearby gods.

Ordinary gods marveled at Lin Yan’s strength, but in addition to the first space within the gods there, the other four spatial doors near the gods for Lin Yan’s strength guessed, basically the third level of high rank.

A God with a 13 or 14 ranked godhead and body!

The reason for this judgment was that the Divine Master beside the Chinese character face had already made it very clear.

If Lin Yan was the head of a Deity, there would be three second-ranked and one third-ranked low-rank gods among the four gods that Lin Yan had killed. As the head of a Deity, there was no need for him to do it himself.

That was why that Divine Master was so contemptuous of Lin Yan!

He dared to chase after Lin Yan and try to snatch the Divine substance from him.

Wealth stirred the heart.

To the gods, this sentence was true. However, the wealth that could move the gods was not ordinary wealth.

It was a Divine substance, a Divine stone, or something like that.

“No matter what the situation is, the opponent won’t succeed in 30 seconds. Either he failed, or he gave up for some other reason. Even if the one who caused the commotion was the Lord of Flame, there’s nothing to be afraid of. ”

The Divine Master said.

As they spoke, the two Divine Masters and the five gods quickly headed towards Lin Yan.

These five gods were not weak.

There were two third-ranked gods inside, and the other three were peak second-ranked gods.

The five of them belonged to the two Divine Masters.

The fourth wave of energy tides had already begun. Although the fourth wave of energy tides had weakened, it was not something a God of the second rank could withstand.

However, with the protection of a peak third-ranked God, the three of them were fine!

In the sun of the Heavenly Realm, their senses were greatly affected.

However, the peak third ranked gods still had a range of over 10 km.

When the fourth wave of energy began to recede, they finally found Lin Yan’s vicinity.

“The commotion I sensed earlier was also from this area. Could it be that it was caused by the Lord of Flame? Falling Star Divine Master, when you see the Lord of Flame, attack with all your might and capture him as quickly as possible. This area has already attracted the attention of the other Divine Masters. With more people, we won’t be able to do anything.”

The Divine Master said.

The other Divine Master, Fallen Star Divine Master, nodded and waved.

Behind him, the five gods spread out, expanding the search area.

Not long after, the God who was in charge of following Lin Yan, returned and said, “Master God, I’ve found Lord of Flame, but he’s found me! ”

“Bring us there. Hurry up and stop him from running!”

The Divine Master quickly replied.

The two Divine Masters followed him in a different direction. Half a minute later, Lin Yan appeared in their senses.

“He actually didn’t run!”

The Divine Master exclaimed softly.

“Isn’t it better not to run?”

Beside him, the Fallen Star Divine Master said indifferently.

After he finished speaking, the Fallen Star Divine Master lightly waved his hand and a fist-sized, star-shaped weapon rushed towards Lin Yan.

The Fallen Star Divine Master did not say another word and directly attacked!

The square-faced man did not make a move. This first attack was merely a test from the Fallen Star Divine Master.

The fist-sized star rushed in front of Lin Yan in the blink of an eye. Seeing that it was about to hit him, he suddenly opened his eyes.

After that, the star seemed to have been pressed by the pause button and stopped in front of Lin Yan.

It was unable to move.

“He does have some skills.”

The Fallen Star Divine Master waved his hand and was about to recall the star, but immediately, his expression changed slightly. No matter what he did, the star seemed to have a root and was firmly fixed there.

It was not moving at all.

“Spatial Laws!”

The Fallen Star Divine Master snorted.

“I still have a lot here. If you want it, I’ll give it all to you.”

After the Fallen Star Divine Master finished speaking, he waved his hands and a large number of fist-sized stars rushed towards Lin Yan.

The speed of these stars was too fast. They smashed through the ocean currents in the sun and concentrated on attacking Lin Yan.

His attacks were in line with his name.

Falling stars!

This move was like the descent of a meteor, with boundless power!

Divine energy surged from the Fallen Star Divine Master's body as he pressed his hands forward. The speed of the stars instantly increased by several times, and they charged towards Lin Yan with an incomparably terrifying strength.

Any one of these stars could not be underestimated.

They all contained Divine substances. These Divine substances had strange characteristics, and some Divine substances naturally possessed a powerful restraint against the laws of space.

It could be said that if it was a God who was proficient in spatial laws, even if it was a spatial seal, it would be directly broken by the Fallen Star Divine Master.

If this same star landed on the Continent of God, even a huge mountain could be smashed into pieces.

A God at the peak of the third rank attacked, so it wasn't just an ordinary attack!

When the Fallen Star Divine Master made a move, the other Divine Master also made a decisive move.

As Divine Masters of the third rank, they were the typical ones who didn't speak much.

If it wasn't for the gods of the same rank, they wouldn't even be interested in talking to each other.

The Divine Master had not used a weapon.

However, his attacks were even more terrifying than using weapons.

He pressed his hands down, and the ocean currents surrounding Lin Yan suddenly stopped.

Soon after, the ocean currents in the sun were suddenly compressed by the Divine Master of the Nation, completely sealing off Lin Yan's surroundings.

Clearly, the state-faced Divine Master was trying to avoid Lin Yan's escape. At the same time, he was trying to avoid the ripples of the battle from spreading here and attracting more Divine Masters.

As soon as the Divine Master finished sealing it, he saw the countless stars driven by the Divine Master of Fallen Star arrive in front of Lin Yan.

"I hope you can hold on. It won't be fun if you die."

Seeing the Fallen Star Divine Master's attack so sharp, the Divine Master thought.

They were prepared to heavily injure Lin Yan first, then capture him and search for the Divine substance in his hand.

Originally, they had their own thoughts.

During the process of tracking Lin Yan, the two Divine Masters encountered each other. In the end, they decided to work together to divide up the Divine substance on Lin Yan's body.

After all, they had known each other before.

"It shouldn't be so easy to die, just one breath."

The Divine Master thought again.

Just as his thoughts fell, he saw Lin Yan finally move.

In front of him, Lin Yan merely opened his eyes, and the Fallen Star Divine Master's star froze.

This time, Lin Yan stood up.

“Boom!”

When Lin Yan stood up, the surrounding space trembled slightly, and a soundless boom rang out.

Following that, the Fallen Star Divine Master's stars once again stopped in front of Lin Yan as if they had been pressed by the pause button.

Sure enough, there is a set! “Break it for me!”

When the Fallen Star Divine Master saw this, he shouted loudly.

Divine force surged within his Divine body.

He grabbed at the sky with his hands and grabbed a large number of stars from the sealed space, forming a huge meteor hammer.

The Fallen Star Divine Master held the other end of the Meteor Hammer with both hands and smashed it at Lin Yan.

The surrounding ocean currents were smashed into a huge hole.

“We can't hide the energy fluctuations anymore. Let's attack with all our strength.”

Seeing this, the Divine Master no longer tried to seal off the energy fluctuations. Instead, he took out his weapon and prepared to attack.

Even the peak of the third rank would be greatly affected in the Heavenly Sun.

However, when everyone was affected, they would be even again.

In the sun, attacking with Divine energy was not effective and would consume a lot of energy. Like the Fallen Star Divine Master, attacking with weapons was the best way to attack.

The moment the Divine Master took out his talisman, the Fallen Star Divine Master's Meteor Hammer had already smashed into the sky above Lin Yan's head.

Just as he was about to hit Lin Yan, a sword appeared in his hand.

The blade of the sword glowed with dazzling golden light. It looked incomparably gorgeous.

Lin Yan held the sword in his hand and slashed at the meteor hammer.

“You overestimate yourself.”

The Fallen Star Divine Master snorted.

After that, the Fallen Star Divine Master saw his meteor hammer formed from a large number of stars cut in half by Lin Yan's sword!

“This...”

The Fallen Star Divine Master's eyes narrowed. He did not dare to believe his own eyes.

His Meteor Hammer contained quite a lot of Divine substance. It was incomparably hard, but it was cut open by Lin Yan's sword!

This made him believe it!

“Divine substance!”

The Fallen Star Divine Master instantly thought of the enormous Divine substance on Lin Yan's body.

“This is a sword made entirely of the Divine matter!”

The moment the Fallen Star Divine Master thought of this, his eyes turned hot!

A sword made from the same Divine substance!

“Attack with all your strength!”

The Fallen Star Divine Master shouted softly and finally decided to use his full strength.

He fiercely activated the laws, clearing out the surrounding ocean currents once again.

Following that, countless rays of light condensed into a line and shot towards Lin Yan.

At the same time, the 'State Face's God' attack was also activated.

The might of the two peak third-rank gods was exceptionally shocking!

“Yi, there are fluctuations of the battle over there!”

When the two Divine Masters attacked, the ripples caused by them spread far into the sun.

The Divine Masters who had come to look for a fourth-rank god sensed the fluctuation and rushed over.

Some of these Divine Masters were fast, some were slow, and some were still far away, unable to sense any fluctuations.

After all, this was the sun.

If it was in the sky of the Heavenly Realm, a peak third rank god would be able to sense it as long as they were in the same Divine Domain.

Chapter 485: Crush! In the blink of an eye, one died and the other was injured!

The Divine Master's weapon was a scepter!

This scepter was well-known throughout the lands of the Continent of God.

During the battles in his kingdom, the scepter had been projected onto the Continent of God to attack the enemy!

As soon as the scepter appeared, it emitted a terrifying fluctuation. Following that, a terrifying attack attacked Lin Yan.

At this moment, Lin Yan, who had been silent the entire time, finally moved!

Lin Yan grabbed with both hands, and a huge shield suddenly appeared in front of him!

The shield was also made from the material of divinity, Flame Gold. The amount of Flame Gold within it was over 10,000 G.

As long as there was enough Flame Metal, it was not difficult to create a shield like this.

This was created by Lin Yan after the third wave of the Solar Tide ended.

After all, he had obtained too many Divine substances from the third wave of the Glorious Tide.

Most of them were Flame Gold!

As soon as this shield appeared, it blocked all the attacks of the two peaks third rank Divine Masters.

“What shield is this?”

Seeing that his most powerful attack was blocked, the Fallen Star Divine Master cried out involuntarily.

“From the looks of it, I’m afraid that this shield is completely filled with Flame Gold.”

The Divine Master’s expression was solemn.

“Let’s extract some power from the Divine system. There are already people here. It can’t defend against all of the attacks can bypass it and finish the battle quickly!” The Fallen Star Divine Master said.

As soon as he finished speaking, he saw a fiery red giant hand grabbing at him.

This hand was naturally not something that Lin Yan’s hand had grown larger.

It was a giant hand formed by Lin Yan’s Divine energy!

“Carving insects!”

The Fallen Star Divine Master did not use his weapon at all and grabbed at the giant hand.

However, his expression immediately changed drastically.

Because that hand contained a trace of power that made his heart tremble!

“Fourth rank!”

The Fallen Star Divine Master cried out involuntarily.

Unfortunately, he discovered it too late.

If he had discovered it earlier, he might have been able to escape.

Lin Yan had just advanced to the fourth rank and was stabilizing him. Originally, he did not plan to use the power of the fourth rank and only relied on his weapons to resolve the battle.

His weapons were all forged from the Flaming Gold. His sword, armor, and shield were all available.

Such a powerful weapon was given to a third high-rank God, such as the Goddess of Light.

With this set of weapons, the Goddess of Light could defeat a peak third-rank Deity Master.

All of them were made from Divine weapons. How awesome!

Unless the other party also had such a weapon, it would be very difficult to contend against them.

Of course, if Lin Yan were to use this set of weapons, it would be very easy to defeat one of them with only the strength at the peak of the third rank. However, if he wanted to defeat these two, it would take him even longer.

It was very difficult to solve the battle in a short period.

After all, a peak God at the third rank had many methods. He was still the master of the Deity system and could extract the power of the Deity system.

Therefore, Lin Yan directly decided to use the strength of the fourth rank to resolve the battle.

Naturally, he was not afraid of the Divine Master who would come after him.

However, Lin Yan did not want to waste his time on meaningless battles.

The top priority was to stabilize his cultivation realm.

Then let's end the battle!

At the last moment, the Fallen Star Divine Master realized something and shouted.

He had never thought that the one who caused the fluctuations was the Lord of Flame!

This was not the key.

The most important thing was that Lord of Flame was already at the fourth rank!

This was too frightening!

Only 30 seconds had passed!

He had actually reached the fourth rank?

Heavens!

Ever since ancient times, the Fallen Star Divine Master had never heard of such a thing happening before!

As a Divine Master at the peak of the third rank, he had already existed in the Heavenly Realm for over ten thousand years.

His understanding of the history of the Heavenly Realm was far greater than that of ordinary gods.

But...In the history of the Heavenly Realm, there was no such thing as a god of the fourth rank after only 30 seconds!

Could it be that Lord of Flame was a fourth-rank God?

However, if the Lord of Flame was a fourth-rank God, then that wouldn't make sense...

In a short period, many thoughts flashed through the Fallen Star Divine Master's mind.

However, no matter how many questions he had, he had no chance to understand them.

The Fallen Star Divine Master tried his best to block, but he was unable to.

And because his reaction was too slow, he couldn't escape even if he fled now.

Moreover, if he wanted to escape, Lin Yan still had a spatial seal!

The spatial seal that was activated by the Divine energy of the fourth rank was much more terrifying than the Divine energy of the third rank!

After a God ascended to the fourth rank, even though the number of laws he grasped would not increase, because he had created a law, his understanding of the laws was even deeper.

In addition, his Divine energy had reached the fourth rank. When he attacked, his power was already different from the third rank.

Therefore, the Divine Master of Fallen Star only had the time to shout and was about to draw out the power of the Divine System to resist.

But it was too loud!

Lin Yan's giant hand had already caught him.

Then, he pinched!

Before the Fallen Star Divine Master could extract his power from the Divine Element, he was crushed by Lin Yan! This kind of crushing wasn't just a matter of strength.

This was because an incomparably terrifying flame had appeared on Lin Yan's hand.

The instant he pinched it down, the flames erupted, burning the Fallen Star Divine Master into ashes.

A Divine Master at the peak of the third rank had directly raised Lin Yan's flame form by one rank!

Right now, Lin Yan was the second stage of the Endless Flame.

The first stage was tenth ranked.

Chapter 486: Crush! In the blink of an eye, one died and the other was injured!

The second stage also had the tenth rank.

There weren't many stages of the Endless Flame. At most, there were only three stages. Once the three stages reached their peak, there would most likely be a huge transformation.

Not far away, when he saw this scene, an extremely shocked expression appeared on his face.

The powerful Fallen Star Divine Master had actually been killed by the Lord of Flame!

Even if this was in the sun, the Fallen Star Divine Master was actually not able to display his full combat strength. It was also because he had underestimated the enemy and did not extract the power of the Divine element at the first moment. However, this was too shocking!

Unlike the Fallen Star Divine Master, he did not sense a trace of power that belonged to the fourth rank within Lin Yan's attack.

However, the last words of the Divine Master of Fallen Star before he opened his mouth were enough to make the Divine Master of the Chinese Character face think too much.

“Not good!” Before the Chinese Divine Master could do anything, the towering hand that had crushed the Fallen Star Divine Master slapped over.

The Chinese Character Face Divine Master suddenly activated his scepter, and the energy from the scepter collided with the giant hand.

“Boom!”

The collision of the two peak powers caused an extremely terrifying fluctuation, and a hollow ball emerged from the ocean current layer of the sun.

The second and third rank gods behind the Chinese character’s face were rushed into the distance.

Two-third rank Deities were better.

Under the impact of the attack, the three second-ranks couldn’t stand still at all. They had been charged out for an unknown distance as if they had suffered quite a bit of injury.

“Poof!”

The Chinese Character Face Divine Master also vomited a mouthful of blood.

This was standard Divine blood!

However, he had managed to block the attack of the Heaven-reaching Armory, and he had defeated it!

“Flee!”

Without any further hesitation, the Divine Master of the Chinese Character face drew out the Divine Master, and the power within his body skyrocketed.

Then, he opened his scepter and shot out of the sun.

Although he had blocked the attack of the towering hand, the Divine Master of the Chinese character face knew his name.

It must be known that Lin Yan’s heaven-reaching hand-formed from his Divine energy was the one that attacked the Divine Master of Fallen Star after it exploded.

It was equivalent to saying that the Heaven-reaching Giant Hand that attacked the Chinese Character Face Divine Master was equivalent to the end of a crossbow.

But even so, it still caused the Chinese Character Face Divine Master to suffer quite a few injuries.

In addition, the Chinese Character Face Divine Master also sensed the power of the fourth rank within Lin Yan’s attack.

His heart was already filled with shock.

Even if he was a God at the peak of the third rank and a master of the Divine system, he still did not have the slightest chance to fight against a god at the fourth rank.

Just like how he could look down on a God that only had a rank 14 godhead and body.

For a fourth God, even if he didn’t use his Divine energy, he could still crush him.

From rank 14 to rank 15, the difference was only one rank.

From rank 15 to rank 16, it was only one rank away.

However, the value of these two rank 1s was completely different.

LV 15 to LV 16 represented two different ranks. The difference in strength was like the difference between heaven and earth!

Therefore, the Divine Master had no intention to fight.

With Lin Yan sealing the space, he was unable to directly open the passage to Divine Kingdom.

Therefore, the Divine Master of the Chinese Character face decisively extracted the power of his Divine element and flew away from the sun.

He wanted to fly out of the sun, fly out of the forest flame space, and escape back to his Divine kingdom!

As a Divine Master at the peak of the third rank, when he decided to escape, his speed was extremely fast.

In just a short amount of time, the Chinese Character face Divine Master had already rushed out of the ocean current layer, rushed to the surface of the sun, and then rushed into the sky.

“I want to escape, but you can’t stop me!”

The Divine Master thought.

In the Heavenly Realm, if a Divine Master at the peak of the third rank tried his best to escape, it was still very likely that he would escape from the hands of a fourth rank Divine Master.

Not to mention that Lin Yan had just risen to the fourth rank.

However, the Divine Master of the Chinese-face was still alive. He ran towards the space gate where Vera and the others were.

“Vera, pray to me!”

Lin Yan saw his direction and contacted Vera through the Divine system.

Vera heard Lin Yan’s voice and immediately prayed without any hesitation.

As Vera prayed, the thread of belief appeared.

In the sun, it was much more difficult to open the channel of faith.

However, this kind of difficulty was nothing more than consuming more Divine power.

Lin Yan immediately opened the path of faith and disappeared.

“So powerful!”

Even though Lin Yan had disappeared, a few Divine Masters had already arrived.

These Divine Masters were relatively close.

The range they felt was roughly the same, and this range was quite wide.

That was why many Divine Masters had not found this place.

The fact that the Divine Masters of the Chinese characters and the Divine Masters of Fallen Star were able to quickly find them was related to the fact that they had sent out third-rank gods to follow them from afar.

The fluctuation caused by the battle between the three gods attracted the attention of the few nearby Divine Masters.

These Divine Masters saw the scene of Fallen Star Divine Master being crushed.

He also saw the scene of the Chinese Character Face Divine Master spitting out blood.

They couldn't help but look at each other.

The eyes of every Divine Master were filled with shock.

The two Divine Masters!

In the blink of an eye, one died and the other was injured.

In reality, Lin Yan had only attacked once!

With a single strike, the two Divine Masters were killed and escaped!

The strength of these Divine Masters at the peak of the third rank made them feel deep fear!

“Do you think that the fluctuations just now could have been caused by him?”

These peak third-rank Divine Masters did not interact with each other.

But under the shock of his heart, a Divine Master at the peak of the third rank couldn't help but ask.

Chapter 487: Vibrated! The Goddess of Light also began to think!

“There's a possibility, but the point is, why is there only half a minute of fluctuation?”

Another peak third ranked Divine Master said.

“This strength is clearly a fourth-ranked Divine Master's. It's unlikely that he will succeed in half a minute, right?”

The third Divine Master at the peak of the third rank spoke again.

“Let's go take a look.”

The first to speak was the Divine Master.

These Gods flew out of the sun.

.....

At this moment, the Chinese faced god was fleeing towards the Heavenly Realm.

“Soon!”

The Chinese god thought.

Yes, he was about to break out of the space blockade.

As he ran with all his strength, his body was filled with terrifying energy fluctuations.

This terrifying energy wave spread out, causing the gods near the dimensional portal to become fearful.

In the eyes of the gods near the dimensional portal, the Chinese faced god was charging over aggressively. Perhaps it was here to cause trouble.

The energy fluctuation on the opponent's body was so terrifying that it had far surpassed them.

"Look, that's the Lord of North Star. The Lord of the third rank is amazing. He entered the sun so early."

A God recognized him and said.

"Divine Lord North Star is so fast. I wonder what he's up to."

A God said curiously.

Soon after, a God noticed that Divine North Star Lord was in a panic, as if he was running for his life!

This discovery shocked God.

Why would a Divine Master at the peak of the third rank escape?

"Impossible!"

Even this God himself felt that it was impossible.

In the Heavenly Realm, as long as the Divine Masters at the peak of the third rank did not seek death and provoked a fourth ranked God, who could let them escape?

As long as the peak third ranked God was not mentally ill, he would never provoke a fourth-ranked God!

"Get out of the way!"

In the distance, only the Lord of North Star saw the portal.

He revealed a look of joy.

After rushing out of the portal, he could leave the area and return to his own Divine kingdom.

In his panic, he used his Divine energy. With a roar, many weaker gods felt as if they could not stand still.

"Quickly dodge!"

The gods around the dimensional portal all dodged.

Divine Lord North Star charged towards the portal with a terrifying speed.

Seeing that he was about to reach the dimensional portal, his expression suddenly changed because he saw Lin Yan next to the dimensional portal!

"Not good!"

The Divine Lord North Star's face changed.

As the head of the pantheon, he could guess how Lin Yan came here.

However, Lin Yan's dimensional seal was too stupid. He could not even open the passage back to the Divine Kingdom.

Naturally, he could not open the faith passage.

Given a certain amount of time, he could still break through the space blockade, but the problem was that he did not have enough time to do this.

Divine Lord North Star shouted, "This is an offense. How about I redeem myself with ten thousand high-ranked stones? Please let me go. I promise I won't do it again!"

Divine Master North Star didn't have many Deities. He only had eight.

The Divine Master North Star words shocked more than a hundred gods.

Everyone looked at Lin Yan in shock.

"Originally, he was really running for his life!"

The God who had long since felt that something was wrong with North Star God took a deep breath and turned his gaze to Lin Yan.

To be able to let a third-ranked God escape for his life, Lin Yan's strength was either at the peak of the third rank or at the fourth rank!

The gods in front of this dimension saw Lin Yan rushing into the sun before the third wave of the solar tide!

Initially, these gods weren't sure if Lin Yan was injured or how strong he was.

Now, they were certain that Lin Yan was not injured at that time and his strength was already terrifyingly strong.

"He's not the third ranked god, but the fourth ranked god!"

That God definitely thought!

The peak third ranked god also had strong and weak combat strength.

However, Lin Yan was able to let a peak third-ranked Divine Master escape, and he was able to withstand the third wave of energy tide in one piece.

Such a God could only be at the fourth rank!

"I didn't expect to see a fourth-rank God!"

That Deity couldn't help but feel excited.

In the Heavenly Realm, the proportion of gods at the fourth rank was quite small, not only the relative number, but even the absolute number was quite small.

Furthermore, many of the fourth-rank Gods would not show themselves at all.

Many gods had lived for thousands of years, but they had never even seen a fourth-ranked God, but at that time, this God, who was only at the first rank, had actually seen a fourth-ranked God!

He could not help but feel excited.

In the vicinity of this dimensional portal, there were many gods who had such thoughts.

The gods at the Space Gate had seen Lin Yan's strength, so they were most certain of Lin Yan's realm.

Many gods became excited.

Some gods were even wondering if they could talk to Lin Yan later.

They were even ready to join Lin Yan's Divine system.

For ordinary gods, after joining the pantheon, although they would contribute a portion of their power of belief, the benefits were obvious.

First, he had a backer.

The Heavenly Realm was relatively calm, but there were still disputes.

Having a backer was different from not having a backer.

For example, if the goddess of the Eternal Night had already formed a Divine system and the gods of the Xi Ling Kingdom and the Horton Kingdom had already joined the goddess of Eternal Night, then Qing Ling and Meng Ying would likely face the attack of the Eternal Night Empire even if they defeated the Xi Ling Kingdom and the Horton Kingdom, when they were expanding in the beginning.

This was the reason why many gods wanted to join a powerful God.

If they joined a powerful Divine Family, at least their kingdoms would have a guarantee.

In the Heavenly Realm, the god system established by the fourth rank was the most powerful Divine system!

The gods at the peak of the third rank would face war from time to time.

However, no one dared to offend the gods of the fourth rank.

It could be said that if one could join a fourth-ranked God, the kingdom in the Continent of God would be quite stable.

However, the gods did not dare to speak.

"He's a fourth-rank God!"

Not only were the more than 100 gods shocked, even the twenty or so Elven goddesses were shocked.

"Did he just reach the fourth rank?"

Among the Elven goddesses, the goddess of light had this thought.

Just now, the Goddess of Light also felt a tremor that lasted only 30 seconds.

She was also confused.

Until now, the Goddess of Light saw Lin Yan.

All of a sudden, she felt that Lin Yan was probably the God who made the fluctuation.

It was very likely that Lin Yan had risen to the fourth rank!

Moreover, the more she thought about it, the more certain she became.

The Goddess of Light was a high ranked God at the third rank. She had felt the power of Lin Yan's attack at close range.

That was definitely the power of the third rank of the Demigod.

She was certain that Lin Yan was only a third-ranked God.

It could not be the fourth rank, but at that time, Lin Yan had become the fourth rank.

As for the fourth-rank breakthrough, it was only the first time that it took only 30 seconds of time!

The Goddess of Light did not know that Lin Yan had done so.

In her opinion, she couldn't break through to the fourth rank in 30 seconds, but apart from that, there was no way to explain how Lin Yan broke through to the fourth rank!

At this moment, the Goddess of Light thought more.

For example, why did Lin Yan not have his Divine Kingdom and stay in Vera's Divine kingdom?

He did not have his own pantheon. Only Vera and Mavis had joined Lin Yan's pantheon.

"Could it be that he is a powerful God who was injured in ancient times and lost his strength?"

The thought suddenly popped into the goddess of light's head.

She started to think too!

Chapter 488: Instant-kill! The Eternal Night Goddess began to break through!

In front of the sun in the Heavenly Realm, Divine Master North Star had already taken out ten thousand high-ranked Divine stones.

There were so many high ranked Divine stones that the wealth of Divine Master North Star amazed many gods.

The reason why Divine Master North Star did this was that he was inspired by Lin Yan.

Sometimes, it would be persuasive to directly display things.

Ten thousand high-ranked Divine stones floated in the air. The effect was not as shocking as putting billions of cash in front of ordinary people but Lin Yan didn't even blink.

The Chinese Faced Lord North Star and the Divine Master of Fallen Star didn't know Lin Yan's rank, so they didn't attack lightly.

It could be said that if Lin Yan was just an ordinary third-ranked God, he would have been captured by them by now.

Moreover, after robbing all the Divine substances, the two of them would most likely kill each other in order not to reveal their secrets.

Moreover, the dignity of a God could not be violated!

It could be said that when they chose to take action, their fate was already determined. No matter how much he took out, Lin Yan would not let him off!

On the other side, Divine Master North Star noticed Lin Yan's expression and shouted in his heart.

He gritted his teeth and took out another ten thousand high-grade Divine stones.

Even for him, twenty thousand high-rank Divine stones were a little taxing.

As a Divine Master at the peak of the third rank, his power of belief was naturally terrifying.

For example, the gods of the Purple Gold Empire had 100 high-ranked immortal stones in a year.

Divine Master North Star had an empire that was several times bigger than the Purple Gold Empire. He was able to withdraw income from his Deities, and his annual income from his faith was close to a thousand high-ranked Divine stones.

However, the problem was that he couldn't possibly use this power of belief, right?

He had used most of the power of faith up, turning into his own Divine energy.

As for the Divine stones, they could only be created with the power of faith.

After becoming Divine energy, it could not be changed back.

Moreover, he had to prepare resources to break through to the fourth rank, so he had to spend quite a bit.

It could be said that twenty thousand high-ranked Divine stones were almost all his collection.

"Lord of Flame, how about I apologize to you with twenty thousand high-grade Divine stones?"

Divine Master North Star said.

Lin Yan didn't want to waste any more words with him and used his Divine hand once again.

This move was simply not very effective against an existence weaker than him.

An incomparably huge hand that reached into the sky instantly crossed over a hundred kilometers and grabbed Divine Master North star.

Divine Lord North star's face changed dramatically and he said, "Lord of Flame, don't go too far!"

After he finished speaking, he let out a loud shout and once again extracted his power from the Divine system.

"Ruling of Thunder!"

An enormous ball of lightning appeared above Divine Master North Star's scepter.

The moment the ball of lightning appeared, the void in front of Divine Master North Star was filled with thunder and lightning.

"Thunderbolt!"

Even though there was no air around him, he could hear the sound of thunder exploding.

Divine Master North Star had actually grasped the power of lightning, so he activated the laws of lightning.

However, in the sun, the laws of lightning were not very effective, but now that he was out of the sun, he could finally display his greatest strength.

The huge ball of lightning instantly turned into an incomparably terrifying pillar of lightning, charging towards Lin Yan's towering hand.

Thunder and Flame were originally one of the most powerful methods.

This incomparably terrifying lightning pillar was terrifyingly powerful.

If one were to analyze the value inside, the voltage inside would reach an unknown number of billions of volts.

If such a bolt of thunder landed on the Continent of God, it could instantly turn a kingdom into a sea of lightning, turning all the life in it, black.

Of course, the prerequisite was to be able to launch it completely, instead of being weakened by the Laws of the Continent of God a hundred times.

“What a terrifying attack!”

In the surroundings, those gods finally witnessed the attack of a peak third ranked Divine Master.

Although this type of attack wasn't directed at them, it wasn't difficult for them to imagine how terrifying it would be if it landed on them.

Some second-ranked gods would be instantly killed.

Even ordinary third-ranked gods couldn't withstand it. They would either die or be injured!

Immediately, a scene that made them feel suffocated came.

Lin Yan's gigantic hand did not stop at all, as if it was not affected at all.

The incomparably terrifying lightning pillar struck the towering hand, but it did not even break its skin.

With just a pinch of his hand, Divine Master North Star received all of his attacks.

Even Divine Lord North Star was caught in the hand!

“This...”

The more than a hundred surrounding deities were all dumbstruck.

A peak third-ranked Divine Master was actually pinched in his hand like a chick!

“He's definitely a fourth ranked God!”

Now, the gods were even more certain.

If he was at the peak of the third rank, he wouldn't have such terrifying combat strength!

“Divine Master North Star, indeed a powerful God, unfortunately shouldn’t have courted death and offended a fourth-ranked God. However, Lord of Flame’s reputation wasn’t well known before. It seemed like he suddenly appeared.....”

Some gods thought.

“Spare my life...”

On the other side, before Divine Master North Star could say anything, Lin Yan had crushed his body!

Divine Master North Star died even without a wisp of his will. He didn’t have the opportunity to open a tunnel and charge in.

“.....”

Just like the Star God Holton, Divine Master North Star’s remnant would be so scared that his soul was shattered.

Even he would not attempt to analyze the passage of other gods.

The more powerful a deity was, the faster the passageway would be closed.

The traces of the tunnel in the space would completely disappear in a second or two. There was no time to push back.

However, in a short period, Lin Yan pushed back and chased after him!

“Return to the Divine Kingdom, and then close the Divine Kingdom!”

Divine Master North Star instantly made the same decision as the Star God, Holton.

Their final result was similar.

Lightning was still raging in front of the spatial door.

Lightning flashed, and thunder rumbled continuously.

Other than that, there was silence.

Those more than a hundred deities had yet to recover from their shock!

They were still thinking about Lin Yan’s frightening giant hand.

Overbearing beyond compare!

With a pinch, whatever it was, it would explode!

It was too terrifying!

Some of the gods were so shocked that their bodies turned cold!

On the surface of the sun in the Heavenly Realm, the Divine Masters at the peak of the third rank also saw this scene.

This was the second time they had seen it.

Even though it was the second time, that scene still shocked them.

At that moment, their expressions changed once again.

It was because they were once again moved by the trembling of laws!

“Another person is charging into the fourth rank!”

The three peaks third ranked Divine Masters looked at each other.

“We can’t let him succeed!”

A Divine Master suppressed the shock he felt when he saw Lin Yan attack.

In the hearts of the three Divine Masters, although they were not sure, they felt that Lin Yan had caused the first 30 seconds of tremors.

If that was the case, it meant that there was already one less position on the fourth rank and now, gods were charging into the fourth rank.

Once this god succeeded in breaking through, there would be one less position on the fourth rank!

How could they be willing to accept the fact that they were both Divine Masters who had wild hopes towards the fourth rank!
