

FMH Marriage 1501

Chapter 1501: I Have A Brother-in-law?

“What... What should we do?” Sun Lan was sobbing non-stop hopelessly.

Elder Madam Tang was filled with dread as well. “Could someone have really changed it? Which damned person did it?!”

“Sigh, even when we have a teacher as a witness?” Tang Shan asked.

“The person already said ‘no’ just now! Moreover, we’re not sure if the teacher made the mistake himself... Maybe he wouldn’t testify for us to avoid the responsibility...”

Their three faces were full of desperation...

Tang Nuo looked like he had lost his soul. After a while, he picked up the phone again.

He called the Ministry of Education, the exam center, and the school. All he received were the same official answers. If what he submitted was really Xi Jiang, then he had no choice but to go there.

“Is there really no way out of this?” Sun Lan looked very lost.

Tang Shan squatted down and started smoking. “We don’t have power at all. What can we do? We can only take it as it is...”

Elder Madam Tang was filled with wrath. “How can we do that?! I’m not going to do nothing! I don’t care. I’m going to seek justice for Xiao Nuo! I will go and sleep before the entrance of the district council! I don’t believe no one will listen to me!”

Tang Shan tried helplessly to placate the old woman. “Mother, you’re already really old. Don’t do that. Elder Niu from the nearby village has been struggling for three years over his son’s matter and nothing has happened. Some time ago, a bunch of people suddenly broke his leg too. Without power, no one will listen to you...”

Tang Nuo slumped, utterly defeated. “Grandmother, don’t act rashly. It’s fine... I can just repeat a year...”

Ning Xi actually felt a little awkward. Although she was not supposed to intervene, she figured that she had to speak up. “I’ll make a call and see if I can get help.”

Everyone from the Tang family peered at her.

“Xiao Xi, you... You know someone that can help?” Sun Lan asked while trying to hide her excitement as Tang Shan looked over as well.

Ning Xi chose her words carefully. “It shouldn’t be a big problem. Don’t worry too much.”

Elder Madam Tang grumbled, “You’re talking big. What can a little actress like you do?”

Tang Nuo fidgeted uneasily as he thought of something, then he dragged Ning Xi aside. “Sis, I’m really alright. Don’t trouble others because of me!”

He knew Ning Xi did not have a positive relationship with the Ning family. She had achieved everything she possessed today by herself, and he did not want her to beg the Nings for his sake.

Ning Xi smiled warmly. “It’s no trouble at all. I’m calling your brother-in-law!”

“Huh? Bro... Brother-in-law? I have a brother-in-law?” Tang Nuo was taken aback.

“I’ll talk to you later. Let me make a call first.” Ning Xi patted Tang Nuo’s shoulder, then she went into the room to make the call.

“Hello?” The man’s voice through the phone made her feel at peace.

“Hi, darling. I might need your help... It’s about what I told you last night...”

“Your brother’s acceptance letter?”

“Yes, someone might have changed Xiao Nuo’s first choice...”

“Okay, I got it. I’ll get back to you as soon as possible.” It was just a simple, curt reply.

...

After the call, Sun Lan went up to her. “Xiao Xi, have you called him? How was it?”

“He’ll get back to me as soon as possible,” Ning Xi replied.

Chapter 1502: My Boyfriend

When they heard her ambiguous reply, Sun Lan and Tang Shan were a little disappointed while Elder Madam Tang was making calls to see if anyone she knew could help out.

“Xiao Xi, who did you call? Is the person even reliable or not?” Tang Shan asked.

“Hmm, it’s my boyfriend.” Ning Xi did not bother hiding.

Sun Lan was a little shocked. “Ah, Xiao Xi, you have a boyfriend now? What does he do?”

“Business,” replied Ning Xi tersely.

Elder Madam Tang, who had just finished making a call, had a clearly condescending smirk on her weathered face. “What can a businessman do? If you want to look for someone to help, you should get someone in the government! Don’t just delay time and affect Xiao Nuo...”

Ning Xi did not retort back. She just listened quietly to Elder Madam Tang’s acidic words.

The Tangs did not put much hope on Ning Xi’s call, so they paced around like headless flies, thinking of various ways to resolve this dilemma.

Tang Nuo was pretty interested in this mysterious “brother-in-law”. He went up to Ning Xi and rattled off a few questions.

“Sis, do you really have a boyfriend already?”

“Why would I lie to you?!”

“Is he handsome? Compared to Bro Su... Uhh... No, wait, is he more handsome than Trash Su?”

“Duh, of course, he’s more handsome than him!”

...

In the blink of an eye, it was already evening and the sky was turning dark. The Tang family was at their wit’s end, and there was no news from Ning Xi’s side either.

“Xiao Xi, has your boyfriend replied you?” Already at the end of her tether, Sun Lan could only place her last sliver of hope on Ning Xi.

Ning Xi shook her head. “Not yet.”

Even though there was no news from Lu Tingxiao, Ning Xi was not worried, so she did not call to rush him either.

How could she doubt her darling’s capabilities?

“Oh...” Sun Lan instantly looked crushed.

Finally, the sky had turned completely dark.

Tang Shan could not sit still anymore. “Xiao Xi, still no news? Why don’t you call and ask?”

“What’s there to ask? Are you really counting on a lowly actress like her?” Elder Madam Tang was worried about her grandson’s issue and was now filled with anger, her tone becoming increasingly hostile.

She did not care who Ning Xi was. She was just an ungrateful wretch who had leeches onto their Tang family for so many years!

In her ire, she muttered under her breath, “Daughters are money-losing propositions. There’s no use raising them. They’re just an irksome presence...”

Rat-a-tat!

Suddenly, there was a knock on the door. It sounded exceptionally clear in the dead silence of the house.

“It’s already so late. Who could it be?” Sun Lan peered outside.

“I’ll go open it!” Tang Nuo exclaimed as he walked towards the door.

The door creaked as it opened. In the next second, Tang Nuo stood stupefied as he gaped at the tall figure standing before the door.

The man wore a well-tailored, gunmetal grey formal outfit with a dark patterned tie. He stood there akin to a refreshing breeze with his back against the night, brightening the dim, narrow, little house instantly...

The following words instantly crossed Tang Nuo's mind: "Your presence brings light to my humble dwelling".

"You... You are..." Tang Nuo looked blankly at this handsome man with such an aristocratic aura and asked. Suddenly, his eyes lit up. "Are you... Are you my brother-in-law?"

When the man heard "brother-in-law", his cold eyes flickered as he skimmed the youth. "Are you Xiao Xi's brother, Tang Nuo?"

"Uhh, yes, I'm Tang Nuo!" Tang Nuo quickly nodded.

The man heard this and raised his hand.

This was precisely when Tang Nuo realized that there was a huge envelope in his hand, and he asked in confusion, "This is...?"

The man directly delivered the envelope to his wife's younger brother before him. "A gift."

"Ah?" Tang Nuo looked blankly at the man as he subconsciously took the envelope and was prepared to courteously reject it when he skimmed the words on the envelope. His expression changed instantly.

The envelope was clearly marked as an Imperial University stationery. With trepidation, he opened the envelope in a flurry to see its contents. It was an acceptance letter from Imperial University!

Chapter 1503: Impressive

"Ah! Sis! Sis, come here!"

Tang Nuo yelled in excitement from the entrance. Immediately, Tang Shan, Sun Lan, Elder Madam Tang, and Ning Xi all went over...

The four of them saw a man outside the door and Tang Nuo gasping dramatically with a letter in his hand.

"Sis! Look! The acceptance letter! The acceptance letter from Imperial University!"

"What...? Xiao Nuo, where did you get that?!" Sun Lan, Tang Shan, and Elder Madam Tang surrounded him eagerly. Even Ning Xi looked surprised as well.

“Brother-in-law... Brother-in-law gave it to me just now! He said it’s a gift for me!” Tang Nuo held it in the crook of his arm like his baby, then he took it out to let his parents and grandmother see.

Uhh... A gift?

Ning Xi’s mouth twitched when she saw the man by the door.

She knew the devil was always efficient, but this was surpassing his usual standards!

He had actually brought the acceptance letter of Imperial University over personally.

It was not even that long after she called him — just half a day! Excluding the time he needed to drive there, he had probably obtained this letter in less than an hour...

Impressive!

As Tang Nuo was still trembling in elation, Ning Xi went up to Lu Tingxiao. “Your speed... You are way too fast...”

“It’s the first time you’ve asked me for help,” Lu Tingxiao said.

It was such a rare chance that his wife needed him.

Ning Xi coughed lightly. “Uhh...”

Why did it feel like Lu Tingxiao was complaining?

Come to think of it, she had never actually asked Lu Tingxiao for help before. This time, she had done so for Tang Nuo’s sake.

“This... Is this really the acceptance letter from Imperial University?” Sun Lan could not believe her eyes.

They made countless calls and had gone to so many places, but everyone had told them it was impossible. Who would have expected a call from Ning Xi would grant them an acceptance letter from Imperial University at their doorstep?

“Xiao Nuo, did you check it properly?” Elder Madam Tang was both surprised and worried.

“I read through it thoroughly. It’s correct. There’s also a stamp from Imperial University!”

“Xiao Xi, how do we address your boyfriend? We’re really thankful to him! So grateful!” Sun Lan gushed.

“He... His family name is Ke.” Ning Xi cautiously did not tell them the truth.

“Mr. Ke, I really don’t know how to thank you!”

“Brother-in-law, how did you do it? Everyone told us that it’s impossible!”

“I asked a friend to help. Since you have a teacher as your witness, it’s not a big issue,” Lu Tingxiao gave a simple explanation.

It was a really simple reply, but the whole Tang family knew that it was not that easy. Had Xiao Xi’s boyfriend not help this time, they could only suck it up...

Elder Madam Tang was still clutching the acceptance letter in joy. She did not expect the girl to really help them this time. Raising her was not for nothing after all! At least, she still helped her brother, and was better than that heartless brat who had never even come back once!

The man this girl had found... Although they did not know much about his background, from his looks and aura which were impeccable, he looked much more outstanding than the First Master from the Su family...

Chapter 1504: Thanks To You

Elder Madam Tang went up to Lu Tingxiao cheerfully. “You... Mr. Ke! We’re really grateful to you about Xiao Nuo’s matter. It’s a long way out here and you must be hungry. Please stay for dinner!”

Lu Tingxiao did not say anything and just looked at Ning Xi.

Tang Nuo quickly told Ning Xi, “Sis, it’s Brother-in-law’s first time here. Of course, he has to stay for dinner! I’ve so much to talk to him about!”

What else would you have to say when you were both meeting for the first time?

Ning Xi felt awkward when Tang Nuo kept addressing him as “Brother-in-law”. “Okay.”

Elder Madam Tang started cooking in high spirits. She also ordered both her son and daughter-in-law around. “Lan, go and get the chicken from the backyard. Shan, go and dig out that bottle of alcohol we’ve been keeping for so long. Xiao Nuo, go and pick up some vegetables from the garden. The stuff we have here are fresh. You city people would never be able to eat such goodness anywhere else...”

She then looked at Ning Xi and chided, “Girl, don’t just stand there. Bring your partner inside and make him some tea. Use the tea leaves in the red can. I bought them from town! There’s also some dried fruits in the cupboard. Go on, serve him...”

When Ning Xi was making tea with the tea leaves from the red can, she was impressed once again. He had actually been able to get on the good side of the iron lady of the Tang family despite the fact that she was such a difficult person.

“Thanks to you, the elder has never even treated me this kindly before...”

Lu Tingxiao touched the girl’s hair and winced in pain.

Ning Xi knew what was he thinking, so she smiled warmly. “That’s all in the past. The kindness you’ve shown me is enough to make up for all my misfortunes!”

At the dining table, Tang Shan had gotten himself drunk. “Xiao Xi, this one’s for you... About you lending me money the last time, you helped me out as well... The Tang family owes you too much... We’re really in your debt...”

“Shan, you’ve drunk too much!” Sun Lan awkwardly covered up for Tang Shan.

Elder Madam Tang frowned a little. “You mean that issue the last time was settled by her as well?”

“Sis just scared them off. If not, those thugs wouldn’t have paid us back so obediently!” Tang Nuo was afraid that his grandmother might be biased towards Ning Xi, so he omitted the part about her beating them up and chasing them away.

Elder Madam Tang was silent, her deep anger towards Ning Xi extinguishing to a huge extent. It was pleasant that she still had some conscience.

She was very riled up about getting the wrong daughter. Not only did they bring up the daughter of another family’s, that daughter of theirs did not even return to them. It simply did not make any sense!

After Tang Nuo’s matter was solved, the Tangs started thinking about another issue...

“About Xiao Nuo’s first choice of university... How did it suddenly become the school in Xi Jiang?” Sun Lan questioned in a lowered voice.

“I’m sure that I didn’t make a mistake!” Tang Nuo sounded firm.

Lu Tingxiao spoke up, “There’s no formality in the processes here. From the collection of choices to the record system, there’re a lot of loopholes to tamper with. If someone decided to be secretive about it, it would be untraceable.”

There’s a faint glow in his eyes as he stopped for a bit, then continued, “You guys had better think properly if you’ve offended anyone recently.”

“Offended anyone? N-not really... How could we offend anyone? It can’t be those thugs, can it? They left Spring Breese Town a long time ago.” Tang Shan frowned.

Sun Lan thought about it for a long time. She truly had no idea.

Suddenly, Elder Madam Tang stood up. “I know! It’s that brat! That damned brat!”

Chapter 1505: What Did We Do?

“Mother, who are you talking about?” Sun Lan suspiciously queried.

Elder Madam Tang pointed a shaky finger at Sun Lan angrily. “Who else could it be?! It’s your daughter! She didn’t want Xiao Nuo to go to Imperial! Didn’t she call back a while ago and demand that Xiao Nuo change his first choice?”

Sun Lan was taken aback. She had never thought about this possibility before. “This... This is absurd! I’ve already explained to Xueluo that only Xiao Nuo will go alone, that I won’t follow him, and I’d never let Xiao Nuo bother her life... She agreed then and didn’t say anything further...”

Ning Xueluo wanted Xiao Nuo to change his first choice?

Ning Xi frowned. She felt that the whole matter was rather strange from the start. It seemed like her guess was correct all along – that it was most probably Ning Xueluo’s doing.

Although she had suspected it from the very beginning, she never mentioned it because if she had voiced out her doubts, she might have been considered biased.

However, as an outsider, after Lu Tingxiao mentioned it, the elder instantly thought of Ning Xueluo...

Elder Madam Tang was furious. ‘You idiot, did you really just believe whatever she said? Just who would we have offended that’s powerful enough to change Xiao Nuo’s first choice behind our backs?! She’s now the daughter of a rich family in Imperial, and she’s even recently become the daughter-in-law of the Sus. Doing these underhanded things should be a piece of cake for her! Who else could it be besides her?!

“I was too careless! Too, too careless. I didn’t expect to have almost ruined Xiao Nuo’s future! What an evil and cruel woman! Just what did we Tangs do...”

Elder Madam Tang then started wailing as she slapped her leg viciously over and over again.

Tang Shan woke up from his drunken stupor when he heard his mother crying. He quickly comforted her, “Mother, Mother, please calm down... We don’t have any proof of this. Xiao Nuo is her brother after all. I don’t think Xueluo would be this-”

“Both of you are idiots! You’re still being so ignorant! Xiao Nuo would die in the hands of both of you one day!” Hatred had taken over the emotions of Elder Madam Tang. “She’s here to collect her debts from us! She’s the root of the Tang family’s disaster! She’s afraid that she’ll be embarrassed if people find out that she’s born in this rural area. She’ll never let it go...”

“Mother, there might be some misunderstanding. Let me call Xueluo and ask her about it tomorrow.”

“What’s the point? Do you think she’ll admit what she has done?” Elder Madam Tang glared at Sun Lan, then she sobbed again as she hugged Tang Nuo. After that, she peered at Ning Xi and Lu Tingxiao like she was looking at their savior.

“Xi girl! Although Xiao Nuo isn’t your real brother, you’ve been siblings for 18 years. You have to help him when he goes to Imperial!”

Tang Nuo looked a little troubled, “Grandmother! I don’t need help! I’ll be fine on my own!”

Before Ning Xi could say anything, Lu Tingxiao spoke first, “Xiao Xi has been really loving towards her brother Tang Nuo. Although they aren’t blood-related, they are closer than most siblings. After being with her for so long, she’s never requested me to help her with anything. This is the first time she’s asked me for help. When Tang Nuo goes to Imperial, we’ll surely take care of him.”

Lu Tingxiao then turned the conversation into another direction, “But, Elder Madam Tang, you have to understand that Xiao Xi is just an actress, and I just have a small fortune of my own. We’re lucky that this time, I know someone from the Ministry of Education, so if this powerful enemy of yours won’t back down and wants to do something against Tang Nuo in the future again, I’m afraid that we might not be able to help much.”

Chapter 1506: You’re Cute When You Don’t Mean What You Say

Lu Tingxiao’s words were reasonable. There was no issue at all.

Elder Madam Tang then replied, “Xi girl, Mr. Ke, you both just have to look after Xiao Nuo. As for that little witch, this grandma will figure out a way to handle her!”

Since Ning Xueluo was the true daughter of the Tang family, Sun Lan and Tang Shan really missed her as well, but no one was more important than her grandson from the perspective of Elder Madam Tang. So what if she was her real granddaughter? Even her son and daughter-in-law were not her top priority. She would do anything to keep her grandson away from harm.

Armed with that knowledge, Lu Tingxiao had phrased it that way. He knew that the Tang family was Ning Xi’s weakness, and the best way to go against Ning Xueluo was through the Tangs themselves...

...

Because Lu Tingxiao was had a company meeting the next day, Ning Xi and Lu Tingxiao drove back to Imperial after dinner.

After they got back, they were busy again. Lu Tingxiao had been very hectic lately, while Ning Xi also had a lot of matters to handle.

Ling Zhizhi had just signed her up for an endorsement deal which was in high demand by many top celebrities including Ning Xueluo. Her new movie script was in the selection process as well, and as for Spirit, they were preparing for Lorraine Fashion Week. If things went smoothly, they would be able to be listed by next year.

Spirit was not like previously anymore. Most things were on track and did not need constant supervision from Ning Xi, but she still liked to take the time to go over during such a critical period. Fortunately, the shooting of “Nine Realms” was going easily and would probably be wrapped up after several days.

Lu Tingxiao’s scenes were all shot. Ever since the incident at the karaoke, Mo Yuxiu finally gave up, and even the troublemaker Meng Shiyi had been oddly quiet. Her days in the production were peaceful and relaxing at last.

Finally, after the scenes that day, Yun Shen's scenes would be all completed as well. She would be free after that!

Ning Xi was sipping on juice while humming a song when a voice suddenly came from behind her, "In a good mood?"

Yun Shen sat down on the luxurious massage chair beside her, talking to her while playing with a Swiss knife in his hand.

The knife was flying around his hand swiftly. Anyone who saw his skills would probably freak out...

Ning Xi frowned. She snatched the knife while it was in mid-air, flicked the blades inwards and tossed it to Yun Shen's guard. She said in a cold voice, "You, are you trying to die?"

The guard awkwardly caught the knife and timidly looked at his boss's reaction.

Yun Shen was just a little startled but did not seem to be angry. His evil-looking eyes matched his sly smile perfectly. "My dear, are you worried about me?"

Ning Xi's expression darkened. "Narcissism is an illness. Go and get it treated! I'm worried about Annie, alright?"

He knew his own condition, yet he still played with such a dangerous item. With their boss being so childish, she felt tired on behalf of all his underlings.

Yun Shen supported his head with an arm and stared at the girl. "My dear, you're really cute when you don't mean what you say!"

"Bastard, who are you calling cute?!"

"You're cute when you call me bastard too!"

"Have you been possessed from staying too long in the haunted house?"

The man laughed with a deep, throaty voice. "Tang Xi..."

Ning Xi's heart skipped a beat. This guy never called her by her name. He would always slyly call her "my dear". Nothing good happened whenever he addressed her by name.

Chapter 1507: I Must Be A Fake Male Lead

Ning Xi looked over in alarm. "What do you want now?"

"Let's get back together," said Yun Shen simply.

Ning Xi was speechless.

"Ning Xi, CEO Yun, get ready. The next set is about to start soon!" Not too far away came Guo Qisheng's voice.

Ning Xi stared at Yun Shen as if she had just seen a ghost. She scurried away for dear life towards the set.

This was Ning Xi and Yun Shen's last scene together.

Speaking of which, Yun Shen's character development was rather interesting in this scene. It was definitely a scene that would gain his fatherly character brownie points.

In the series, all the mythical factions had combined to attack Yun Huang, and her life was hanging by a thread. There were already no possibilities of escaping alive.

Right at that moment, the sinister, legendary Yun Haotian, who had been sealed off from the world for hundreds of years and had never stepped out of the Great Poison Hall, had appeared.

All of the elders, honored sirs, and masters from the various factions were powerless in front of him as Yun Haotian advanced unopposed and rescued his daughter amid the bloodshed...

"Oh, oh, oh... Finally, it's this scene! I'm so excited, so excited, so excited! My Father Yun will definitely explode with handsomeness in this scene!" Some of the novel fans in the crew were already very emotional.

"Once this scene is done, Father Yun will be done with the show. I can't bear to leave Father Yun!"

"I dare to guarantee that when our series is released, the ratings will definitely be off the charts! Bro Xi and movie queen Meng are a given. All our characters, even the cameos and supporting roles, are outstanding!"

...

Amidst the anticipation of the fangirls, Ning Xi and Yun Shen were hung on a wire.

Not too far away, Jiang Muye gripped his chin unhappily. "Bloody hell! I don't get sex scenes with the female lead, I don't get to be the hero that saves the beauty either, I must be a fake male lead..."

When Meng Shiyi heard this, she frowned slightly.

What did he mean by not getting any of those scenes? Was she not the female lead?

Actually, Jiang Muye did have intimate scenes, and scenes where he was the hero saving the beauty. In fact, there were quite a few of it, only all of them were scenes with Meng Shiyi and not Ning Xi.

In the show, Ning Xi's martial skills were far better than the male lead's by miles, thus the male lead really did not have any opportunities of being the hero...

"All departments, get ready! 3, 2, 1, action!"

Under Guo Qisheng's orders, Ning Xi immediately entered the zone and her expression was stern as she flew forward hanging on the wire.

"Witch! Where you running to?!" Several of the cultivators chased closely behind.

Yun Huang was injured and she held her side as she ran, barely evading the group attack.

Finally, Yun Huang was forced to a dead-end. It was a bottomless pit off the cliff before her, and there was already no way out.

Yun Huang took a few steps backward while the group of cultivators moved closer, eyeing her covetously. Energized by the momentum of having surrounded their enemy, they swore to kill the witch then and there.

“Kill her!”

“Kill her!”

“The witch massacred the innocents! Utterly heartless! She even shamelessly seduced our faction disciples! Everyone has the right to punish her!”

...

Guo Qisheng nervously waved and indicated for the videographer to keep pace.

The high altitude camera propped up on a steel frame took an aerial shot of Ning Xi. Under the sky, the girl had casually wiped off the traces of blood at the corner of her lips. It was already hard to distinguish whether the crimson stains on her was the color of her robe or her blood.

Even though she was on the verge of desperation, the girl did not look hopeless or panicked at all. Instead, she was her usual frantic and reckless self, exuding a kind of relentless, born-to-die spirit.

She was Yun Haotian’s daughter. Even if she were to die, she definitely would not reveal any fear before these people...

Chapter 1508: Sudden Misfortune

“You don’t have to talk to this witch about morality. Everyone, together!”

In that instant, everyone swarmed forward with their magical tools. As Yun Huang was about to be crushed by the attack from all sides, right at that moment, a mysterious figure plummeted down from high in the sky. His sleeves fluttered with the momentum akin to destroying Earth to an apocalypse.

Immediately, everyone wailed and all of them collapsed chaotically. A single move had wiped them out!

Yun Huang looked in a trance at the man who had descended from the sky. Probably because she realized she was finally safe, all of her strength was drained away at lightning speed.

On the verge of collapsing, she fell into an embrace with a familiar cold and sinister air. “Father...”

“Good girl.” A black-clothed Yun Haotian gently put his daughter aside, then his extremely ice-cold eyes looked at the people from the factions like the King of Hell had just climbed out from hell...

All the actors and cameos seemed genuinely terrified. Earlier, they had been righteous and stern, yet now all of them looked cowardly. Some of them even staggered to flee.

Guo Qisheng nodded at this sight as the assistant director lamented askance, “CEO Yun’s acting skills are just fantastic! That gaze... Tsk, tsk, tsk... Just that... Isn’t his performance as a father be a little too ambiguous?”

Guo Qisheng shook his head. “No, no, no. Yun Shen handled it very well! In the series, Yun Haotian’s wife is the chief disciple of faction number one. Because she fell in love with him, she was personally murdered by the people from the faction. There wasn’t even a body, so Yun Haotian’s hated people from the upright faction to their very bones.

“That incident has been his most persistent obsession and demon, so when faced with his only daughter who also looks incredibly similar to his wife, as he watched her be attacked by the upright faction, it triggered memories of his wife being murdered back then, hence his performance at the moment was simply spot on...”

The assistant director nodded as he listened.

The following scenes continued, but it was all simpler ones. After Yun Shen did some impressive and cool moves to defeat the assailants, special effects would be added in post-production, and this scene would be wrapped up.

Everything was going smoothly, but suddenly there was a sudden misfortune.

There was a loud crack from the camera above Ning Xi’s head, alarming everyone. Then, it fell from the trestle above, heading straight towards Ning Xi’s direction...

At that moment, Ning Xi had shut her eyes and was lying on the floor, pretending to have fainted, so she did not even know what was happening. When the cameraman cried out, “Move away!”, it was too late...

Everyone around had also turned pale with fright and cried out.

“Ah!”

“Ning Xi!”

...

When Ning Xi opened her eyes, she sensed a weight suddenly pressing on her from the side, then that body crushed her hard, and whoever he was grunted...

“Yun Shen!” Ning Xi immediately helped up Yun Shen who had protected her to block her from the camera’s strong thump.

“Ah! My God! CEO Yun!”

“Boss Yun!”

“CEO Yun, are you okay?”

...

Everyone in the crew was a mess.

“Boss!” Yun Shen’s two bodyguards had also quickly rushed over, their faces pale with fright.

“What’s with the noise?” Yun Shen stood up impatiently, his movements seeming rather rigid.

Because he wore black, no one could tell whether he was injured or not.

Ning Xi immediately wrenched off Yun Shen’s dark-patterned long-sleeved top and carefully checked him all over. There was a never before seen panic-stricken expression on her face.

Chapter 1509: Go Along With It?

“My dear, there’re so many people around! That’s not very appropriate, is it?”

The man sounded as annoying as ever, but Ning Xi clenched her teeth hard. She could not care less about the people around there. She yelled loudly, “Are you freaking crazy?! Who told you to come over?!”

Although he was being scolded, the man seemed to be in a jovial mood. “Are you always this furious towards your saviors?”

Ning Xi ignored him and dragged the man’s coat off, then saw his white undershirt which was stained with bright red blood. Ning Xi’s expression changed as her hands started shaking. “You’re bleeding!”

Yun Shen turned and looked over his arm, then he frowned a little, “How troublesome!”

“Gosh! CEO Yun is injured! Someone call an ambulance!” A person nearby yelled loudly.

Ning Xi forced herself to calm down, but her voice was still trembling, “No... He’s not going to make it... He’s not going to...”

“Ning Xiao Xi, what’s wrong? Are you hurt?” Jiang Muye squeezed through the crowd.

Ning Xi then looked at Jiang Muye sharply. “Jiang Muye, what car did you drive today?”

Jiang Muye looked confused. “My big red sports car... Why?”

Ning Xi helped Yun Shen up. “Get us to the hospital!”

“Huh?”

“Quick!”

“Oh...”

...

Somewhere nearby, Meng Shiyi witnessed the moment that Yun Shen risked his life to save Ning Xi. She clenched her fists out of jealousy.

That damned witch! She had charmed Yun Shen to the point that he would trade his life for hers, risking his treasured body for that cheap person...

On the other hand, Ning Xi quickly helped Yun Shen into Jiang Muye's car, then she asked Jiang Muye to speed to the nearest hospital, Imperial First People Hospital.

The metal strip on the camera had made a long gash at the back of Yun Shen's neck, and blood was flowing out quickly. Ning Xi ripped off part of her dress and did some quick patching as she pressed onto the wound tightly. At the same time, she was pressuring Jiang Muye who was driving, "Jiang Muye, are you really sure you can do it?! Go faster! If you can't, then let me do it!"

Jiang Muye was annoyed. "Who said I can't do it?! I'm going very fast already!"

She had actually asked a man if he could do it!

Ning Xu kept on urging him, "Ignore the red lights. Beat them if there's no one else around! Quick!"

Jiang Muye did not feel very comfortable when he watched Ning Xi from the rearview mirror. He had never seen her this nervous. He asked in a rude tone, "It's just a small wound for a man. Do you really need to be this nervous?"

Ning Xi replied with a stern voice, "Stop talking to me. Focus on driving!"

Jiang Muye felt wronged...

You're the one who was bothering me! We're both your exes, but why is the way you treat us so different?

From the back seat, Yun Shen quietly looked at the girl's frown and her sweat trickling. He smiled. "You never meant what you said... You said just now that you don't care about me..."

Ning Xi glared at the blood gushing out between her fingers as she pressed on the wound. "I just don't want to owe you anything again!"

The man's eyes darkened. He leaned back and mumbled, "How cruel... Can't you just go along with it for once?"

"Shut it! Don't talk anymore! Save some strength!"

Jiang Muye felt strange when he heard their conversation. Ning Xi's attitude towards Yun Shen... Was she not overreacting?

This ex-boyfriend was really scary...

Chapter 1510: How Unfortunate

They finally reached the hospital. Ning Xi helped Yun Shen into the emergency room as quickly as possible. Jiang Muye parked his car and was about to follow them when he glanced over at the backseat and was shocked.

What the heck!?

It was just a small wound, but why was there so much blood?

It looked like metrorrhagia had just happened...

Jiang Muye was a little distracted, but he did not have time to think about it. He rushed to catch up with them.

When Jiang Muye found them, Yun Shen had already gone into the treatment room. Ning Xi looked anxious and seemed to be calling someone.

“Right... The emergency room of Imperial First Person Hospital... Alright, be quick...”

Jiang Muye saw that Ning Xi’s hands and outfit were full of blood. Bloody footprints were all over the floor as well...

“Gosh! Ning Xiao Xi, what happened? Is he hurt elsewhere? This is too much blood for that little wound...” Jiang Muye looked dumbfounded.

Ning Xi slowly lowered herself down on the bench by the walkway. She was exhausted as she pinched the space between her eyebrows. “He has coagulopathy... Once he bleeds, it won’t stop...”

Besides, there was something even worse that Ning Xi did not mention.

“No wonder!” Jiang Muye now understood why Ning Xi had been so nervous. He knew a little about this disorder as he had a friend with the same condition. He usually looked normal, but once any bleeding happened, it would be way worse than menstrual bleeding...

Time passed by. After a long while, the door to the emergency room opened.

The nurse came out urgently. “He’s losing blood too quickly. It’s difficult to stop even with medication. Moreover, his blood is Rh negative AB type. There’s not enough of it in the blood bank. We probably can’t help even if we used up all the blood available in the city...”

“What? Rh negative... Isn’t that a really rare blood type?” Jiang Muye was confused.

Not only did he have coagulopathy, he had such a rare blood type. How unfortunate was this guy!?

Ning Xi’s most feared scenario was happening. She looked terrible. “I have a friend who can stop the bleeding with acupuncture. She’s already on her way...”

Annie would take at least an hour to reach there from Peachwood. Even if she was there, the effectiveness of acupuncture was very limited. The only way was to use more blood to keep him alive and give him more time, yet his blood was so rare. If they ran out of blood before his bleeding stopped, then he would die of hemorrhaging...

The hospital was arranging for the blood to be transported from other hospitals as soon as possible at the same time that Annie and Tang Ye reached the hospital.

At first, the doctor did not agree for Annie to go in, but after Tang Ye negotiated with the doctor, she was allowed in.

Ning Xi waited outside anxiously, her expression turning worse and worse by the moment. People with this blood type were terribly rare. Surely not many people in Imperial had it, and even lesser were known on official records...

“What happened?” Tang Ye went up to Ning Xi after he talked to the doctor.

“The camera fell down... He blocked it for me...” Ning Xi had a bitter smile on her pale face. “This bastard! Doesn’t he know his own condition?! Why is he trying to show off?!”

Tang Ye looked at Ning Xi and sighed.

So what if he knew? When he saw the person he liked in danger, even though he understood that it might put him at risk, he could not help but act.

The door opened again, and this time, the nurse came out with bad news. “The blood is finished! The patient’s blood pressure is falling lower by the moment... Do you guys know anyone who has this blood type?”

Ning Xi’s face went pale as she looked around in despair...

At this time, solid footsteps came from the back. There was a man’s deep, commanding voice. “Use my blood.”

Ning Xi turned around and was surprised. “Lu Tingxiao...”
