Chapter 2061: Listen To Whoever Wins

“Master!” When she saw the certain someone leaning on the corner of the wall, Ning Xi was shocked too.

“Second Senior Brother, since when did you get a grandfather?” On the side, Feng Xiaoxiao studied them with suspicion, and then her eyes instantly lit up too. “Dang! Second Senior Brother, your grandfather is so handsome!”

After Tang Ye had a clear look at the man’s face, the murderous air around him instantly expanded and he was all tensed up too.

Ning Xi quickly ran over to smooth things over. “Ah, no, no! This is my friend. It’s that Master that I’ve told you guys about before. First Senior Brother, can your expression be not so frightening?!”

Then, she walked to Han Xiao in bewilderment. She looked at his mystical appearance as a beggar paralyzed on the streets and said, “Master, why are you here in Lorraine?”

Han Xiao held part of his underbelly and looked like he was dying.

Ning Xi thought he was hurt and she immediately looked worried. “Master, are you...”

In the next second, she heard the guy mournfully say, “Hungry...”

Ning Xi was baffled. Master was indeed amazing. His survival skills were indeed zero, and she was not sure how he had survived till today.

However, to meet a friend in a foreign place was still a joyful occurrence, so Ning Xi quickly invited him. “Master, we’re just about to go eat, want to come along?”

“Yes!” Han Xiao immediately jumped up. “Kentucky?”

Ning Xi replied, “Huh? No...”

From the size, Tang Lang said earnestly, “Grandfather, don’t keep thinking about those garbage fried food. Today we’re going to eat fancy!”

Han Xiao frowned. “I don’t like fancy-schmancy.”

Tang Lang continued to coax him, “Grandfather, I guarantee that after you try it, you’ll definitely like it. In fact, you won’t want to eat Kentucky or McDonald’s again!”

Han Xiao just replied, “Let’s fight. We’ll listen to whoever wins.”

Tang Lang instantly turned to look at Ning Xi. “Little Junior Sister, let’s have Kentucky!”

Ning Xi, Feng Xiaoxiao, and Tang Ye were speechless.

Fine, they would not be able to defeat him anyway.

In the end, the fancy meal that Tang Lang kept thinking about turned into fried food just like that.

Even more tragically was that there was no Kentucky nearby. At last, they could only watch as they were about to reach their initial restaurant, but they switched lanes and finally found a branch very far away.

...

Inside the small store, the five of them were miserably sitting around a small table.

“Master, what have you come to Lorraine for this time?” Ning Xi asked.

A certain Master held a piece of chicken in his left hand and a burger in his right. He was munching happily and could not even hear anyone.

As he watched the anticipated fancy meal vanish, Tang Lang muttered in a lowered voice to Ning Xi, Tang Ye, and Feng Xiaoxiao, “Hmm, how about the four of us attack together!? Maybe we could win!”

Ning Xi eagerly passed the Master a drumstick as she shook her head like a rattle-drum. “If you want to die, go alone! Don’t drag me in!”

Feng Xiaoxiao looked like she wanted to try her luck. “If he’s really that good, I really want to try!”

Ning Xi warned her with a stern expression, “First Senior Brother and Second Senior Brother joined hands and they couldn’t win!”

“Uhh, then forget it...” Feng Xiaoxiao made a discerning judgment and gave up.

Ning Xi was not sure how long Han Xiao had not eaten for, but he vacuumed everything up into his mouth. Ning Xi and Tang Lang were used to this, while Feng Xiaoxiao and Tang Ye were dumbfounded.

Especially Tang Ye, who initially still had a stern and vigilant expression, but now Han Xiao’s image in his mind had probably crumbled...

Chapter 2062: A Bunch of Sheep

As the four of them were watching the Master eat, there was suddenly a loud sound at the entrance. Someone kicked the door in.

A group of big and muscular American men in black sleeveless shirts came into the shop. They surrounded Ning Xi’s table and then yelled fiercely at others, “All you unrelated people, get lost!”

They held guns and the other customers all left screaming while the staff hid under the tables.

Ning Xi had a chicken wing in her hand. She blinked her eyes and looked at them. “R-Robbery?”

Tang Lang was eating an ice cream. “Of course not, they are here for you!”

“Except this woman, all of you get lost! Don’t butt into this! If not, don’t blame me if you’re hurt!” The man who looked like the leader had a skull necklace around his neck. He kicked a nearby chair away and threatened them.

Tang Lang licked his ice cream while Feng Xiaoxiao put on an eerie smile. Tang Ye just sat there emotionlessly, and Han Xiao was still focused on eating, not even looking up.

Their reactions angered the guy. “Messy hair! Yellow pig! Weakling! And you, sissy! I’m talking to you guys! Did you hear me! Do you want to die?!”

Messy hair Tang Lang, yellow pig Feng Xiaoxiao, weakling Tang Ye, and sissy Han Xiao were all speechless.

“Pfft! Cough...” Ning Xi choked on her cola and started coughing.

Damn...

You’re really tough, bro. You just offended four gods of death...

The atmosphere around the table changed the moment the man said those words.

“Messy hair...” Tang Lang touched his curly hair that he was proud of. His eyes were as sharp as knives at the moment.

A cold light glinted off Tang Ye’s gold-framed glasses.

Feng Xiaoxiao slammed the table hard. “What the heck did you say just now?!”

Han Xiao was the most relaxed one. He was focused on eating his second family bucket.

The man looked ferocious as his bloodlust had become stronger. “Since all of you are asking for it, don’t blame me for not warning you guys! Get them!”

Ning Xi ducked beside the Master, then she covered her eyes.

Probably because Tang Lang seemed annoying, the man attacked Tang Lang first.

Tang Lang did not move an inch until a punch swooshed right before his forehead, then he grabbed it tightly with his palm.

A terrifying bone-crushing sound came from under his knuckle.

“Ah!” The man roared painfully.

On Tang Ye’s side, the others attacked him because he wore a pair of glasses and looked weak. The end result was so bloody that Ning Xi did not even want to glance at it.

Screams came from all over the shop. It was chaotic hell.

The group of men knelt on the floor and begged for mercy desperately. The man with the skull necklace was kicked far away by Tang Lang, but Feng Xiaoxiao received him and kicked him back. The man was being played like a football.

Ning Xi shook her head.

These people... Could they be idiots?

They were just like a bunch of juicy sheep walking right into the wolves’ den...

Chapter 2063: Boss, You’ve Finally Returned!

Just like that, Ning Xi and the rest held the gang leader and those rogues down before making their way towards Solomon.

On the way, Tang Ye muttered to himself, "If the Solomon they're talking about is the same one that I know, this Solomon should be the one that was once Europe's largest organization, but after that, they slowly waned. The current leader is the weakest one in the history of their chiefs. Back then, his assistant almost seized the throne. Tang Xi, how did you get involved with Solomon's people?"

Ning Xi shrugged innocently. "I'm really confused too! I don't know when could I have provoked them!"

On the side, Feng Xiaoxiao waved her hands indifferently. "Won't we know when we catch that idiot gang leader out to grill him?"

They reached the entrance to the headquarters.

Tang Lang kicked the man with the skull necklace on the door, making a huge sound.

Very quickly, there were sounds disarrayed footsteps. The people inside were startled and came out.

"Who is it!?" A hefty Caucasian guy at least two meters tall rushed out. When he saw the man lying on the ground twitch, his expression darkened. "Jason! What's happening?!"

Then, his gaze looked at Ning Xi, Tang Ye, and the rest at the entrance with hostility. "Who are you people!? You dare to even touch Solomon's people! Do you want to die?"

When Jason heard his words, he instantly trembled with fright. "Joseph, softer... Softer..."

Then, he leaned into the guy's ear and muttered a few things softly, appearing terrified.

"What..."

When he saw the two people keep muttering to each other, Tang Lang impatiently yawned. "Who's your leader? Get him to come out to speak!"

When he heard Jason's words, Joseph's gaze was much more cautious now. "Do you think you can just meet our leader as you wish? The few of you, who are you? Report your names!"

Feng Xiaoxiao waved the whip in her hands. "You don't have the right to know my name."

When Joseph saw the whip in Feng Xiaoxiao's hand, his expression suddenly changed. In the next second, after he noticed the gold-framed spectacles on Tang Ye, he turned a few degrees paler. After he saw Tang Lang's almost symbolic curly hair too, his knees started to give way. "You... Could you be... Could you guys be..."

Crap!

Could these people be

From their features, their aura, everything fit!

It seemed like they only missed the "Thousand-Faced Ghost Hand" Tang Xi...

Uhh, could that beautiful lady who looked weak be Tang Xi in disguise?

Who was that long-haired man beside the beauty then?

If they were really the four, then would the man traveling with them not have an even more terrifying identity?

Joseph almost did not dare to continue thinking about it.

Right at this moment, behind them came the pattering of heavy footsteps. A few people walked out with large steps.

The person who walked right in front was a middle-aged man, and beside him was a bald man.

“Boss!” When they saw the middle-aged man, Joseph, Jason, and all the rogues immediately lowered their heads to call out respectfully.

When Tang Lang saw their commander walk out, he raised his brows and asked, “You’re Solomon’s leader?”

The middle-aged man had a stormy expression as he skimmed the five people who were clearly here to cause a scene.

As he was about to speak, his gaze fell onto the girl who wore a pink dress and looked adorably delicate. In the next second, his expression suddenly changed.

It was as if the middle-aged man had been split into half by a thunderbolt. His eyes widened and stared straight at Ning Xi, then his initially vicious eyes unexpectedly teared up akin to an abandoned pet that had seen its owner. He was emotional as he stared at Ning Xi and gasped, “Boss! Boss, you’ve finally returned!”

Chapter 2064: That Idiot Is You!

“Boss! You’ve finally returned!”

Following the shout of that teary-eyed middle-aged man, Tang Lang, Tang Ye, Feng Xiaoxiao, and Han Xiao all looked at Ning Xi.

Ning Xi turned her white fingers and pointed at her nose in complete bafflement. “Huh? Are you referring to me?”

At this moment, the bald-headed guy beside the middle-aged man rushed out with snot and tears too. “Boss! I thought that you didn’t want us anymore!”

Ning Xi was speechless.

What?

Ning Xi only reacted after a long while. She spoke with suspicion in her voice, “Wait, wait, wait... Speak properly! Who’s your leader? Did you guys get the wrong person?”

When the middle-aged man heard her, he looked as if Ning Xi was a heartless rat. “Boss! Did you forget me? I’m Zeus!”

The bald-headed guy quickly added on, “I’m Bardy! Boss, you saved our lives back then when Jeffrey dominated the whole of Solomon. It was you who destroyed their old lair. Without you, there wouldn’t be Solomon, Boss. Did you forget all of this?”

“Uhh...” Ning Xi was confused by what she heard. She still had no impression of this at all.

What Bardy? What Zeus? What Jeffrey?

She did not know any of them!

Right at this moment, Feng Xiaoxiao, who was beside Ning Xi, suddenly smacked her head in realization. “Oh, what the heck?! I remember now! Little Junior Sister, they’re telling the truth! Back then, I was there too! Remember that time when you came to St. Bernard to look for me and I wasn’t home? When you reached my place to look for me, you bumped into a group of assassins. At last, you followed those assassins to this useless leader’s house. Back then, he was almost killed by the subordinates of the guy who stole his throne. It was you who saved him along the way, and in the end, you went to Jeffrey’s old lair together...”

As she listened to Feng Xiaoxiao go on about those memories from ages ago, Ning Xi finally remembered some of it, then she did not know whether to laugh or cry. “Oh my gosh! I think such a thing did happen!”

Jeffrey seemed to have something against Feng Xiaoxiao previously, so he had acted recklessly and hired assassins to ambush and assassinate Feng Xiaoxiao. Finally, because she was worried about Feng Xiaoxiao’s safety, she followed those assassins to Zeus’s house and saved this useless man who brought her to find Jeffrey. At last, when she rushed to Jeffrey’s old lair, Feng Xiaoxiao had arrived at the same time too, and they ruthlessly destroyed Jeffrey and the group of people.

This incident had happened rather long ago, so Ning Xi had completely forgotten about it. While Feng Xiaoxiao’s enemies were more numerous than the fishes in the sea, if this had not been brought up, she would probably have long forgotten about it.

“Boss! You finally remember!” The bald guy called Bardy sniffed emotionally.

The useless leader wiped his tears away. “Boss, when you weren’t around, we’ve been working hard to expand the gang! We’ve been waiting for the day of your return!”

When Ning Xi heard these two people keep calling her their boss, she felt a headache coming on. “Wait, hold on! That’s not right! Even if I accidentally saved you guys, when did I become your leader?”

She remembered that back then, the useless leader seemed to have said something to her about how Solomon “honored the strong ones”. Plus, she had saved them, so they had wanted to appoint her as the new leader.

However, she had clearly rejected it on the spot back then!

“Ever since you saved us, in our hearts, you’ve already become our leader!” Bardy said matter-of-factly.

The useless leader Zeus nodded earnestly to agree. “Yes, that’s right!”

On the side, Tang Lang snorted and laughed out loud before he said slyly, “Oh, my my, Little Junior Sister... It turns out... that the idiot is you!”

Ning Xi snapped, “Shut up!”

She was clearly getting implicated for simply being there!

Chapter 2065: Which Idiot Hired You?

Zeus took a glance at Feng Xiaoxiao whom he had seen once that day, and then looked at the others and said emotionally, “Boss, I’m sure that these few people beside you must be the legends from the Tang faction!”

The instant he finished, the group of rogues and the little gang leader were all dumbfounded.

What was going on?

The person they had attempted to kill was actually Solomon’s leader, while these few bystanders were all Tang faction’s legendary assassins?

Jason felt his legs tremble and he immediately knelt down. “S-sorry, Boss, I didn’t know... I really didn’t know it was you and these superiors...”

“Boss, what’s happening? Did something happen?” The moment Zeus noticed Jason and the rest react in fear, he could not help but frown.

“Oh, it’s nothing. Earlier, when we were eating, these people suddenly popped out of nowhere and wanted to kill us.”

Ning Xi’s single casual sentence shocked Zeus and Bardy silly.

“Boss, what did you say?!”

“These bastards wanted to kill you guys?”

Jason looked like he was about to cry. “Boss Zeus, listen to me explain! It’s not what you think! I... I secretly took an order. The other party wanted the Chinese artiste, Ning Xi’s life. I didn’t know... I really didn’t know this person’s identity was actually...”

When Ning Xi heard him, her brows shot up. “Oh? Someone wants my life?”

“Y-yes, they offered \$10 million. I... I was momentarily bewitched by the money...”

When Jason said this, Tang Lang clutched his stomach and laughed until he almost rolled on the ground. “Pfft, hahaha... I’m dying! Someone actually offered \$10 million to assassinate the legendary Thousand-Face Ghost Hand Tang Xi and the assassin they hired was even of such a ranking!”

Damn! Thousand-Face Ghost Hand Tang Xi...

The way Jason looked at Ning Xi, one could tell he was horrified.

Was Tang Xi not a man?

When she saw Tang Lang rejoicing in her misfortunes, Ning Xi’s expression was dark as the bottom of a pot. “That’s enough from you! Is it so amazing that your head is worth more?”

“Heh, little sheep, which idiot hired you?” Feng Xiaoxiao asked with a giggle.

Jason looked troubled. “Well... Well... Superior, you know how the industry works...”

If he mentioned the client's name, he would not need to roll in the industry anymore.

The moment Jason said that, Bardy viciously kicked him to the ground. "Shit! You idiot! Motherf*cker, do you have shit as your brains?!"

Jason was booted until his bones almost cracked. At the same time, he was finally clear-headed. He could barely save his own life. Who cared about the rules of this stupid industry?

Ning Xi waved indifferently and smiled. "Enough. He doesn't need to say it but I probably know who."

With Master Han Xiao keeping watch by her side, no one would be so stupid to still dare come for her.

These little fishes and shrimp might just be commoners who were not in the circle.

Lorraine Fashion Week had just ended not too long ago when she was attacked. Furthermore, she connected it to the incident in the "Thunderbolt" filming crew when the fake gun was swapped for a real one.

Ning Xi probed, "Let me ask you. Did your client once make you kidnap a Chinese student who was studying abroad, then threaten his sister to do things for you?"

Seeing that the previous incident had been exposed, Jason's little figure trembled. He was giving everything up! "Yes, yes... Boss, I don't dare anymore! I'll just send this offer back! I won't be involved with that person anymore!"

Ning Xi smiled mysteriously to herself. "There's no need for that."

Chapter 2066: You Do It Then

"Uhh, no need? Boss, what do you mean?" Jason asked in a weak tone.

"Do you want a chance to redeem yourself?"

Jason's eyes brightened. He never thought that he would still have a chance to live after his head was nearly separated from his neck.

After that, a certain useless boss apologized and cried to Ning Xi to prove his loyalty. He also promised to listen to whatever she said. Otherwise, she could throw him into the sea.

Ning Xi planned to leave after things cleared up, but the sharp-thinking Bardy seemed to have observed Ning Xi's group carefully. He noticed that the bored-looking long-haired man who seemed impatient was the top among the group. Having done his research, he forced several kitchen staff from Kentucky to go over and cook. He even bought several KFC in Los Angeles and gave it to them as a gift until Ning Xi finally agreed to stay.

Ning Xi's group all stayed over at Solomon for a night.

Master Han Xiao left swiftly after he was done with his meal. Ning Xi also then parted ways with Feng Xiaoxiao and Tang Ye.

Two days later, her job at Los Angeles was done and she went back home.

The trip to Los Angeles this time had so many surprises in store for her...

...

At the Ning Residence in China.

After they returned, Ning Xueluo made up an excuse and went back to her own house. She could not take Zheng Minjun's sarcasm anymore.

She had given Zheng Minjun an invitation card to the Lorraine Fashion Week too, so she was there the whole time when the incident happened.

She thought History would be able to shine this time, but who knew that things would have turned out like this?

Zheng Minjun felt so embarrassed that she went back alone. Her attitude towards Ning Xueluo became much worse, and from time to time, Zheng Minjun always compared her to Ning Xi.

In addition to History's worsening situation, she was really in a pinch.

Ning Xueluo plonked herself down on the sofa. After a while, she heard footsteps outside the door. Ning Yaohua and Zhuang Lingyu had returned.

Zhuang Lingyu seemed overjoyed to see Ning Xueluo. "Xueluo is back!"

She then looked at her and frowned. "Have you gotten skinnier? You're pregnant! How could that happen?"

Ning Xueluo gazed down with a glum expression. "Mother, I'm alright. It's just that the company has been busy lately..."

Ning Yaohua spoke up, "History's matter is not your fault. Don't blame yourself so much."

Zhuang Lingyu held Ning Xueluo's hand and sat down on the sofa. "I told you that damned girl just likes to go against us! Now, you should believe me! If she hadn't do it on purpose, why was it that of all designers, she hired that one?! And she even humiliated Xueluo in front of so many people!"

Ning Yaohua knew that Ning Xi was on good terms with the Zhuang family and they wanted to take advantage of that, but now they could not say anything about it. "Xiao Xi has really crossed the line this time! We're still a family anyhow. Why does she have to make things turn out like this?! Moreover, Xueluo is pregnant. Isn't she afraid it might affect Xueluo's baby?"

Zhuang Lingyu then said, "That's what she hoped for!"

Ning Xueluo put on a miserable expression. "Mother, you can't blame Sister for this. It's my fault for hiring the wrong person... but, Mother, I feel really bad. History is all I have, but now... it's ruined..."

Chapter 2067: Double Joy

Zhuang Lingyu was in anguish when she saw Ning Xueluo being so gloomy. "It's alright, Xueluo. Don't be sad anymore. It's just a clothing brand. It's not a big deal even if you lose it! What you should focus on now is to give birth to your child and everything else can start over again!"

Ning Yaohua went along. "Your mother is right. Nothing is more important than your child."

This was her key to stay in the Su family.

With the Su family backing her up, it was just a trivial thing for her to start another company in the future.

As Zhuang Lingyu and Ning Yaohua were comforting their daughter, a strange lady who looked like a nanny carefully carried a bowl of soup out from the kitchen. "I see you're back, Madam Zhuang. The tocolysis soup is done. Please drink it while it's still warm!"

Tocolysis soup?

Ning Xueluo was acting like she endured all the humiliation from Ning Xi out of concern for Zhuang Lingyu and Ning Yaohua, but her expression went blank for a second when she heard the nanny.

Was she mistaken?

Did the nanny say... tocolysis soup? For Madam Zhuang?

The nanny went ahead and then realized there was someone else besides Zhuang Lingyu. She then exclaimed, "This must be your daughter! As expected, she's as lovely as you are, Madam! I heard that you're pregnant as well. I've made a little extra. Please have some as well!"

Ning Xueluo was stunned. She had no idea what was happening. "Mother, this is..."

Zhuang Lingyu did not expect the nanny to come out suddenly and even meet Ning Xueluo. She unconsciously touched her stomach and her expression seemed a little awkward as she struggled to speak up.

Ning Yaohua seemed stiff as well. He coughed lightly and then said while blushing a little, "Xueluo, this is a nanny we've just hired. She specializes in making food for pregnant ladies. Your mother... She's pregnant..."

"What?"

Ning Yaohua's words struck her like a thunderbolt.

Ning Xueluo realized that her reaction was a little exaggerated, so she calmed herself down and acted surprised. "Father, what did you say? Mother is... pregnant?"

Ning Yaohua held Zhuang Lingyu's hand and said in excitement, "Yes! Well, Xueluo, you know that your mother has been weak which is why we haven't been able to have other children. It's one of our biggest regrets. Actually, in the past year, we've been trying surrogate pregnancy, but it never worked, and just as we were about to give up, your mother became pregnant herself!"

Ning Yaohua could not hide his excitement while Zhuang Lingyu looked really blissful as well.

Ning Xueluo's mind went blank when she heard her father's words. A burning anger took over her heart.

Zhuang Lingyu was pregnant!

At this very moment, Zhuang Lingyu was pregnant!

Ning Yaohua thought Ning Xueluo was just too surprised, hence he did not notice the evil intent from her. He was very much in his own happy little world. "You were busy some time back then, so

we didn't really tell you about it! Xueluo, you really are the lucky star of our family. The Ning family is having double joy!"

Double joy!

What a double joy indeed!

Ning Xueluo's internal organs felt like they were burning to the point that she felt pain on the inside.

Chapter 2068: Forcing Her Onto The Path Of Death

Ning Yaohua had no idea about what Ning Xueluo was thinking about. "Xueluo, it's been hard for you all these years. You've had to put in so much effort for the company. Your brother will be able to share the burden with you after he grows up and takes over the company!

"Before this, I was worried that you'd be alone, but now, after your mother and I pass away, you siblings will be able to stay by each other's side. We'll be at ease!"

Ha...

Brother...

Of course!

The two of them must've checked and confirmed that it was a boy, a successor the Ning family has been waiting for. If not, they wouldn't be this ecstatic!

Ning Xueluo was really outraged by Ning Yaohua's words.

Wait until her brother grows up and takes over the company!?

She had spent so much effort to drive Ning Xi away and make herself the only daughter left, getting all the attention and care from them. Now that they had a biological son, did her place in the family still matter?

They planned to discard her once they had a son. He actually sugar-coated it by saying that Ning Xueluo would have someone be by her side in the future, and even to share her burden.

They just wanted to chase her away and never considered her at all.

Her place in the Su family was already difficult, and now Zhuang Lingyu was pregnant with a boy. The future heir of the Ning family was forcing her onto the path of death!

Ning Xueluo sucked it up and forced a surprised smile. "That's great, really great. Congratulations, Father and Mother!"

Zhuang Lingyu held Ning Xueluo's hand. "Thank you, Xueluo. Don't worry. We won't neglect you because of your brother. You'll forever be my treasured daughter!"

Ning Xueluo scoffed inside. However, she put on a happy act. "Of course, I know, Mother! I've always hoped to have a younger brother. He can help both of you out, and even support me in the future!"

Ning Yaohua's uneasiness disappeared when he heard Ning Xueluo. "That's for sure! Who would your brother support if not you?!"

Zhuang Lingyu was worried that Ning Xueluo would be displeased, so she was relieved when she saw Ning Xueluo's attitude at the moment. In a gentle tone, she said, "Stay at home for a few days! I'll make some tonic for you!"

Ning Xueluo smiled brightly. "You too, Mother. You have to take care of Brother! My baby can become Brother's playmate too!"

Ning Yaohua nodded happily when he saw the loving mother-daughter pair. "Xueluo, I'll be taking extra care of the company. Don't worry about it. Stay at home and rest with your mother."

Ning Xueluo's back straightened up as her fingernails pressed deep into her palms.

It had taken her so much effort to chase Ning Xi away, and she even got herself the shares from Ning Yaohua and Ning Yaobang, finally gaining control of the company.

However, now he was trying to take back the power because of an unborn child? Trying to pave a path for him in the future already?

What a kind father!

Chapter 2069: Blondie Is Going To Kill Me

"Thank you, Father. You're incredibly good to me. If there's a next life, I definitely want to be your daughter again!" Ning Xueluo looked touched and her expression feigned innocence as if she did not notice anything.

...

In the garden house in Deer Town.

Dong, dong, dong!

The dawn's peaceful silence was suddenly broken by the clamorous sound of someone knocking on the door.

The person outside the door yelled earth-shatteringly at the top of their lungs, "Ning Xiao Xi! Ning Xiao Xi, come out! Don't hide inside and not make a sound! I know you're at home! Quickly roll right out!"

When Ning Xi, who was being chummy with Lu Tingxiao in the garden, heard this voice, she instantly spat her tea out and carefully leaned on Lu Tingxiao's shoulder to peer. "It's over! I'm exposed! Blondie is probably going to kill me this time!"

Lu Tingxiao looked outside the yard door. "What did you do?"

"Uhh, well..." Ning Xi forced a smile.

"Ning Xiao Xi! If you can betray me, then you can open this door! Open it!" Jiang Muye was still calling from the outside.

Ning Xi cleared her throat and explained, "Actually, I didn't do anything. Well... Do you still remember Orlando?"

When he heard this name, Lu Tingxiao's eyes instantly narrowed. "I do."

Obviously, he did.

How could he not remember someone who once coveted for his wife?

He had kept some records in his heart.

Clearly, this little notebook of records was very thick...

Thanks to Big Boss Lu's extraordinary memory that could remember everything.

"Ah, isn't 'Thunderbolt Secret Service Squad' going to be in theatres soon? This time, when I went to Lorraine, I inevitably bumped into Orlando when working, and that playboy was at it again. When I thought about how we still have to work together, after all, I didn't want to make our relationship too awkward. Just as I was worried about this, guess what happened after?"

When Ning Xi arrived at this point, her eyes shined like she was keeping him in suspense.

"What?" Lu Tingxiao's fingers stroked the girl's fine hair. His gaze was focused on watching the girl's animated expressions.

Ning Xi said excitedly, "Then, Orlando came to the filming location of 'Assassin' to look for me, and bumped into Jiang Muye! He bumped into Jiang Muye in a female disguise!"

Ning Xi had especially emphasized the last sentence.

Lu Tingxiao raised his brows. "Was it love at first sight?"

Ning Xi slapped her thigh. "Darling, you're so smart!"

Lu Tingxiao did not know whether to laugh or cry. This progress was indeed... hard to imagine...

"Darling, you don't know it. After Orlando saw Jiang Muye in a female outfit, he said that he had fallen into the river of love, then he begged me to help him connect them, and even said that he'd definitely invite me when they get married in the future! He said it so sincerely. Obviously, I had to agree to him... Hehehe..."

Lu Tingxiao was speechless.

Ning Xi was delighted when her fair chin was suddenly gripped lightly by a slightly calloused hand, followed by a deep, sentimental kiss.

Suddenly being kissed by the devil, Ning Xi widened her eyes and blinked. She was startled. Why did he suddenly kiss her?

However, it did not matter. Ning Xi was only momentarily stunned before she returned the kiss.

Moments later, Lu Tingxiao was short of breath as he mumbled against the girl's lips, "Reward."

Ning Xi took three seconds before she realized what Lu Tingxiao meant.

Mmm, was Darling commending her for obediently getting rid of his love rivals?

She really admired her own comprehension skills!

At this moment, outside the yard entrance.

A certain bachelor was still miserably barking, “Ning Xiao Xi, you choose your lover over humanity! Our friendship has reached the end!”

Ning Xi softly muttered, “Ah, we can’t be buddies anyway, but I can still be his aunt...”

Chapter 2070: Love Rival Too Abnormal

At last, a certain Blondie who acted like he had rabies still rushed in.

“Ning Xiao Xi, if you dare, don’t hide behind my uncle!”

Ning Xi pouted. “Do you think I’m stupid enough not to hide?”

Then, she started to pry. “Hey, Jiang Muye, what did Orlando do to you to make you this angry?”

Jiang Muye clutched his chest and almost puked blood. “I’m clearly pissed off by you!”

Ning Xi weakly grumbled, “Please, you’re a grown ass man! What do you have to be afraid of!? Can he eat you!? The meeting of the two trash must have a victor! I think that based on your skill, you can definitely wipe him out!”

Jiang Muye fumed with rage between gritting his teeth. “Bloody hell, I’ll have to thank you for having such confidence in me!”

“Plus, Orlando’s far away in America anyway...” Ning Xi attempted a final struggle.

“My ass! The day after tomorrow, ‘Thunderbolt Secret Service Squad’ will be in theatres. That guy will be in the country for this period of time!” Jiang Muye looked like he was about to break down.

Ning Xi instantly realized something. She patted her chest and lamented as if she had received a new lease on life. “Right! Oh my, thank God, thank God...”

Thank God, Jiang Muye had helped her evade this calamity!

“Ning Xiao Xi!” Jiang Muye was beginning to explode again. This bastard had indeed intentionally made him her shield.

Ning Xi was yelled at until her hair was about to be blown away...

Right at this moment, Lu Tingxiao hugged his wife and said to Jiang Muye, “Your mother called me earlier.”

The instant Lu Tingxiao told him that, Jiang Muye became defensive. “What?! My mother! What did my mother say to you?!”

Every time his mother looked for Lu Tingxiao, it would not be a good thing!

Indeed, Jiang Muye was just pondering about that when Lu Tingxiao said, “To discuss with me about your marriage matters.”

“What the heck?!” Jiang Muye instantly cursed under his breath. Could his own mother not calm down?

He clearly knew that he was most afraid of his Uncle Lu Tingxiao, so every time, she would use Lu Tingxiao to control him and force him to get married.

“I helped you reject it. Now that you’re busy with your career, you don’t have to rush to get married.”

Jiang Muye initially looked ashen, but when he suddenly heard this he felt like he was illuminated by Buddha. He was so moved that he almost teared up. “Right, right, right! Uncle, you’re so right!”

One must know that no matter who it was, saying eight hundred of the same thing to his mother would not be as useful as a single word from Lu Tingxiao.

With Lu Tingxiao’s words of wisdom, he would not be forced into marriage for at least the next year!

Jiang Muye carefully considered this deal. He felt like he had not lost out in the deal!

“Hmph, forget it! This time, I’ll just be loyal as a friend and help you block him!”

Bloody hell! Back then, he had also been a well-known figure among the playboys. He had seen all sorts of girls without getting entangled with them. He could definitely handle that Orlando!

“Oh, Darling, you’re so amazing!”

Jiang Muye felt better when he saw a certain someone already hugging her darling and kissing him.

Please! I am the one being sacrificed and you’re the one helping to sacrifice me too!

Bloody hell, forget it...

How sad!

Jiang Muye looked at these two old ones displaying their affection before him and he was so angry that he ground his teeth.

At this moment, he suddenly thought of something. Jiang Muye’s expression suddenly turned blank.

He was not sure when it had begun.

When he saw the two of them together, he already stopped feeling so bitter and distressed. He just felt like he was seeing them as friends and even relatives.

Huh, Lu Tingxiao’s eyes were too sharp too!

He had probably long seen that he had given up on her, which was why he had so kindly helped him reject the marriage setups!

Great, his love rival was abnormal! Heck, the person he liked was even more abnormal. He really could not lose with a temper...
