

FMH Marriage 2131

Chapter 2131: Darling Was Just Too Cute

“Did you forget that the Rothschild family had once sent assassins to go after the Master?” reminded Ning Xi.

When he heard that, Tang Lang suddenly came to a realization. Previously, in Deer Town, the Master had suffered severe injuries as a result of the ambush by the people the other side had sent.

As for Han Xiao’s past, forget about Tang Lang, even Ning Xi was not clear about it.

The only thing they could be sure of was that Han Xiao and the Rothschild family had grudges between them.

As for what grudges they were, the fact that the Rothschild family continuously sent assassins out to kill Han Xiao provided them some food for thought.

However, according to Ning Xi and Tang Lang’s thoughts, they both agreed that Han Xiao must have once offended the Rothschild clan.

After all, when it came to people like Han Xiao, who liked to stir up trouble and find someone to compare fighting notes with when he was bored, yet actually did start to fight for real, offending the Rothschilds was not out of the ordinary for him.

However, this was to them no doubt a good thing.

After all, Ning Xi had already used her whistle to get Han Xiao to help defeat Annie and retrieve the antidote.

As for the Rothschilds, Ning Xi already had no way of getting Han Xiao’s help again.

“Hehe, with Grandfather around, so what if it’s a Feast of Hongmen? We’ll still eat and drink when we’re there!” Tang Lang felt completely assured now.

“What? I’m going to kill people there.” Han Xiao grinned.

When he saw Han Xiao’s grin, Tang Lang could not help but shiver. This was the first time he and Ning Xi had seen such a smile on Han Xiao’s face. It was extremely strange like the calm before the storm.

—

When Lu Tingxiao finished settling everything, the sky had already darkened and it was getting closer to the time that the Rothschild clan had set on.

Lu Tingxiao looked to Ning Xi and sternly said, “You stay here.”

It was rare for Yun Shen and Lu Tingxiao to be of the same opinion. “Women should stay at home. Don’t be an inconvenience.”

The Rothschild clan was extremely terrifying even in China. This time, it was clearly a Feast of Hongmen, thus naturally Lu Tingxiao did not want her to take the risk.

“No, I’m going too,” Ning Xi said with determined eyes.

How could she let Lu Tingxiao face the danger alone?

In fact, tonight, Annie would definitely be going too. How could she feel assured without getting Little Treasure's antidote?

"It's too dangerous," Lu Tingxiao frowned and said.

Ning Xi put her palms together. "I guarantee that this time, I'll be very good and I'll do as you say. Okay?"

"No." Lu Tingxiao's tone did not show any signs of backing down.

Ning Xi's beautifully dazzling eyes suddenly turned misty. In the next second, her tears started to fall and she thrust herself into Lu Tingxiao's embrace, her little face sticking close to his chest. Her tone sounded extremely pitiful. "But I'll be worried about you! If I stay here alone, every minute and every second would be torture to me, darling. Let me go with you, okay?"

Lu Tingxiao replied, "Okay."

On the side, Yun Shen instantly exploded, "Hey!"

Dude! Could you have a little more principles?

This damn brat was clearly acting. Was this guy so blind that he could not tell?

Ning Xi was actually a little puzzled too. Her darling was just too cute! She had not even used a tenth of her skills and he already agreed!

Lu Tingxiao reminded with a stern expression, "Remember what you said. No matter what happens, you're not allowed to act recklessly."

He knew that once Ning Xi made her decision, no one could make her change her mind.

Besides, for the meeting this time, he had already been putting things in order and he had made thorough preparations.

Ning Xi nodded extremely obediently. "Mm-hmm!"

"Don't worry, Grandfather and the Rothschild clan have grudges, so this time he'll be going to the meet up with us. Let's just sit back and wait to watch a good show!" Tang Lang looked delighted, clearly riding on someone else's power.

When they heard this, Feng Xiaoxiao and Tang Ye were secretly relieved too. With Han Xiao around, they felt that a lot more assured.

Chapter 2132: Exceptionally Obedient

Half an hour later, Lu Tingxiao and the group of them drove up to Heavenly Spring Resort.

Heavenly Spring Resort did not seem to be any different from how it usually was at this moment, yet in reality it had long been under the control of the Rothschild clan.

Under the calm appearance was a turbulent undercurrent.

"Mr. Lu, Mr. Yun, this way."

Outside the resort, an Asian elder immediately recognized them and brought all of them in.

“Please make yourselves at home.” After the elder brought them into the resort, he left.

Inside the elegant and scenic little garden were two round tables, which were filled with all sorts of delicious delicacies.

Han Xiao stared at the table full of exotic foods and did not have any intentions of being courteous. He immediately picked a table, sat down, and started to pig out.

“Master, don’t eat it! What if it’s poisoned?” Feng Xiaoxiao quickly said.

Han Xiao was their main force this time. If he were poisoned to death because of his gluttonous ways, it would not be logical for them to attack later.

“Don’t worry, since Grandfather dares to eat them, then it’s definitely not poisoned!” Tang Lang had an unnamed confidence in Han Xiao.

Han Xiao looked sloppy like an idiot who had zero survival skills, yet he was actually meticulous in thought.

Han Xiao and Tang Ye guzzled away, but Feng Xiaoxiao and Tang Ye insisted on remaining alert. It was best to be cautious.

Han Xiao, Tang Lang, Tang Ye, and Feng Xiaoxiao sat on one table while Ning Xi, Lu Tingxiao, Yun Shen, and Lu Jingli sat down on the other.

Lu Jingli kept examining his surroundings as he looked around with suspicion. “Just this?”

There did not seem to be anything out of the ordinary with Heavenly Spring Resort. Even the Rothschild clansmen did not appear.

What were they trying to do?

As they were wondering, there were sounds of harried footsteps coming closer from afar.

“Mr. Yun, Mr. Lu, I’m very happy that the two of you could make it. I’m extremely honored.”

In extremely fluent Mandarin, a man walked out from the resort as he was surrounded by others. He strolled over to the table where Lu Tingxiao and Yun Shen were.

The man had the standard face of a Westerner and he was dressed luxuriously and had an extraordinary manner. His face showed a gentle smile.

However, from his light blue eyes, a hint of malice hid.

Surrounding the man were some respectful-looking men and women in formal clothing. They looked like the higher management and elite team of the company.

“Everyone, please sit!” The man took a seat, then he smiled and looked towards Ning Xi charismatically. He exchanged the conventional greeting. “This must be Madam Lu. Indeed, it is as the legend says, she’s a beauty.”

Ning Xi blinked. Apart from a standard smile, she did not utter a word and just stood beside Lu Tingxiao, feigning obedience.

On the neighboring table, Tang Lang, Tang Ye, and Feng Xiaoxiao exchanged a look. They were constantly maintaining their guard.

As for a certain Master, as usual, he kept eating and did not look up at all...

“You’re the European King?” Yun Shen looked at the man and sized him up for a moment, then he smiled profoundly. “I didn’t think that the person in charge of the Rothschild clan, whose name shocked the entire Europe, would be this young?”

His words were clearly undermining the identity of this man before them.

The man did not mind. He smiled and answered politely, “Mr. Yun, it’s not like that. The European King was just a title that was passed down. I’m no European King.”

On the side, Lu Tingxiao said with an indifferent tone, “Everyone’s here, Third Master. You can be frank.”

When he heard Lu Tingxiao address him as “Third Master”, the man’s light blue eyes instantly showed a hint of astonishment.

Chapter 2133: Not Afraid of Taking In Too Much?

The current head of the Lu family was no ordinary man.

Everything about the Rothschild family was kept confidential. No one had ever seen any child of the European King before.

Yet the person before him now had been able to find out his true identity...

“Haha, you’re really well-informed, Mr. Lu.” The man smiled.

He was not the European King, but the third son of the European King.

“Your point?” Lu Tingxiao was straightforward with him.

The man said politely, “Mr. Lu, Mr. Yun, I invited the both of you today for some business matters.”

“What is it?” Yun Shen asked indifferently.

The man did not seem to mind Yun Shen’s attitude. He wiped his hands with a napkin. “I hope that I can... acquire the Lu Corporation and the Yi Lan Innovative Investment Group.”

An European lady then placed two thick documents on the table right before Lu Tingxiao and Yun Shen.

“This is the initial contract. Mr. Yun and Mr. Lu, you may take a look at it first. We can modify it if there’s anything you’re doubtful of or not satisfied with.”

Yun Shen glanced at the two contracts. He snorted, “Ha, acquire our companies? That’s really bold of you! Aren’t you afraid of taking in too much?”

Lu Tingxiao did not say anything. He quickly browsed through the contract, then he put it down and said, “I’m sorry, I’m afraid I can’t agree to your proposal.”

The man was not surprised by Lu Tingxiao and Yun Shen's refusal. "Mr. Lu, is it because the remuneration isn't good enough? It's alright. This is just an initial contract. We can continue discussing it. Mr. Lu, you can feel free to tell me what you want."

Lu Tingxiao looked at the man in his eyes.

Lu Jingli walked up from behind Lu Tingxiao, taking two contracts out as well. He smiled wryly. "Why don't you take a look at the contracts we have, Mr. Rothschild?"

The man glanced at the contract's contents, his expression darkening.

Were these two nobodies trying to acquire his company? What an insult!

"Mr. Lu, Mr. Yun, I came all the way to Asia only to acquire your companies. Your attitudes are making things more awkward than it needs to be!" Baron Rothschild's gentleman-like attitude was nowhere to be seen now. His eyes looked cold.

"Oh? What do you want to do now?" Yun Shen smiled coldly.

The man looked at them ruthlessly. "I just want the two of you to sign the contract. If not, I'm afraid... you guys will never leave Heavenly Spring Resort."

Yun Shen laughed out loud. "Would you believe if I say that you'll never be able to leave China?"

The man grinned questionably. "What will happen to me in China?"

"No matter what, I'm a little disappointed that your father isn't here..." Han Xiao, who had been busy eating in the corner, spoke up. He looked at Baron as he licked his lips.

"Han Xiao?!" Baron was stunned to see who the person at the corner was. He never expected Han Xiao to be present and his surprise was apparent.

The only people he had focused on there were Yun Shen and Lu Tingxiao. He had ignored all the others, but who knew Lu Tingxiao and Yun Shen would be able to ask him for help!?

He knew that Han Xiao was helping Lu Tingxiao, but he never expected that Han Xiao would get involved like this.

Chapter 2134: Settle All The Grudges

Unfortunately, the last time he had sent Xiao Zhan to assassinate him, but not only did he fail, Xiao Zhan even died in China.

His expression worsened when he saw Han Xiao who had always foiled his plans.

"Hahaha, are you surprised? It's fun, isn't it?" Tang Lang seemed very cheerful when he saw Baron's stunned face.

Baron stared at Han Xiao, his expression souring, and he did not say a word.

"Well, it's really rare for you to come out. It saves me time to look for you guys in Europe." Han Xiao stood up and yawned, not seeming motivated.

Baron grinned, then he flashed a cold smile with the intention to ridicule. "Haha, I didn't expect that Grandfather Xiao has fallen to the state whereby you're being ordered around by two little fish. The Grandfather Xiao back then was..."

Baron looked at Han Xiao as he continued talking, but he was frustrated by Han Xiao's behavior. Han Xiao was not listening at all, and was discussing something with the bunch.

"Do you think his father will come out if I tie him up?" Han Xiao looked at Tang Lang.

"Master, that might not happen!" Tang Lang touched his chin sagely.

"The European King has so many children. I think it might not work too," Feng Xiaoxiao joined in.

"Agreed." Tang Ye nodded.

"So, he's worthless... Then, should I kill him or tie him up?" Han Xiao looked troubled.

Ning Xi wanted to join the group as well. She poked her head in and suggested, "Why don't we tie him up first?"

Tang Lang then said, "Grandfather, I think let's kill him. Let him know how amazing you are!"

Feng Xiaoxiao was on Ning Xi's side. "I agree with Little Junior Sister. Let's tie him up and force the European King to show up!"

"I'm fine with either choice," said Tang Ye.

Baron was infuriated.

These people were discussing if they should kill him or tie him up right in front of him!

Who was he? He was the future European King!

"Han Xiao, don't get too full of yourself!"

With Baron's words, several hundred well-trained and fully-equipped forces surrounded the resort. Looking around, there were also a lot of snipers camping out!

All of them looked cautious when they noticed the presence of the snipers.

These were not ordinary snipers. They were snipers who had undergone special training from the Rothschild clan. Aside from Han Xiao, everyone else could possibly die here.

Tang Ye, Tang Lang, and Feng Xiaoxiao were on guard. A familiar voice came from behind and their expressions changed.

"Third Master, everything is ready."

Qiao Yi led a group of trained assassins and was walking towards them. These assassins were all the elites he had. Today was all he had been waiting for.

Ning Xi looked behind Qiao Yi and did not see Annie, so she frowned.

Was Annie not here?

Or did she not want to face them directly?

The atmosphere turned extremely heavy all of a sudden.

Baron was determined to acquire both the Lu Corporation and the Yi Lan Innovative Investment Group, so he would do anything to achieve his goal.

“Long time no see, Master!” Tang Lang’s blood started boiling when he saw Qiao Yi. His features darkened as well.

“You traitor!” Qiao Yi yelled in rage when he saw Tang Lang.

The usual sloppy attitude was nowhere to be seen in Tang Lang. “What a coincidence! We’ll settle all our grudges here today! I told you in the hospital last time that I’d never go easy on you the next time!”

Chapter 2136: Grandfather, Mine!

“You evil creature, if I didn’t take you in years ago —”

Before Qiao Yi could even finish, Han Xiao started to look impatient. He suddenly walked past Tang Lang and went right up to Qiao Yi.

“Hello.” Han Xiao had a strange smile.

When he saw this strange man before him, Qiao Yi was stunned for a second. He knew about Han Xiao, yet he had never met him personally, so he had not recognized him.

Before Qiao Yi could speak, the shadow of a palm suddenly flashed right before his eyes.

The palm had not arrived when the wind from it hit his skin first. It was akin to the force of howling winds and torrential rain. Qiao Yi was dumbstruck as he turned ashen.

Qiao Yi had not seen when the man had made his move and he was not sure what had happened.

In an instant, there was the sound of his skull shattering!

Blood poured out of Qiao Yi’s eyes, ears, mouth and nose!

“What? I’m greeting you here, yet you ignored me... I hate rude people the most. Apologize to me,” insisted Han Xiao.

“Oops, my apologies. I went too hard on you...” Han Xiao stared at Qiao Yi’s corpse and feigned innocence.

At once, Qiao Yi’s body had slumped to the ground with a rumble as if he were mud.

Even when he was dead, Qiao Yi never knew how he had died.

Was it only because he was rude... and did not greet this evil-looking man in time?

At this moment, Tang Lang, who had been deranged earlier, was completely stunned on the spot.

“Mine... mine, Grandfather, mine!”

Tang Lang was stirred up as he gestured wildly. Qiao Yi should have died in his hands. That was logical...

The emotions he had mulled over for so long... He was just about to fight it out with Qiao Yi, but bloody hell, Han Xiao had just hacked Qiao Yi to death with one palm, making him feel like he was f*cked over.

However, the instant Qiao Yi died in Han Xiao's hands, his subconscious actually felt relaxed and he was relieved.

If Han Xiao had not made the move, he would not have been able to avoid this fight with Tang Ye.

On the side, Tang Ye and Feng Xiaoxiao were dumbstruck too. They both did not expect that Han Xiao would suddenly make such a move.

Qiao Yi had unexpectedly died... just like that...

Tang Ye's vision blurred and he clenched his fists tightly. In the end, he still did not utter a word.

Maybe this... was already the best ending...

"Why are you making a big fuss? How rude." Han Xiao looked at Tang Lang.

"Uhh..." When Tang Lang thought about Qiao Yi's ending, his speech was choked off. He dared not complain anymore.

"Han Xiao, aren't you being too arrogant?!" When he saw that Han Xiao had been so haughty as to kill his people in front of him, Baron's expression was so cold that it could almost drip with water.

Huh, it was just Qiao Yi. If he was dead, then so be it.

After Baron finished, the corners of his mouth curled up in a demonic manner. "Han Xiao, I'm sure you recognize this person!"

Then, an elder in a black robe with a chief staff walked out unhurriedly from the crowd.

"Han Wuying?" Han Xiao looked at the elder in the black robe and frowned.

It was Han Wuying, the Han family's clan leader.

"Han Xiao, because of a girl, you cheated your master and betrayed the clan. Today, I will clean our faction." Han Wuying's hoarse voice had hints of hostility.

Because of a girl, you cheated your master...

Tang Lang and Ning Xi were slightly shocked.

They had thought that the Master did not like women...

"Huh, I was wondering why the Rothschild fellow would be so calm when he saw me. It turns out that he's got your support." Han Xiao laughed under his breath.

"Han Wuying, I'll advise you not to overestimate your capabilities. You should know that in this world, only Qin Wentian is qualified to pick a fight with me."

It was not egoistical, but a fact. Even if the Han family's clan leader was here in person, he was no match for him.

Han Wuying's expression darkened. He did not refute. Unfortunately, Qin Wentian was nowhere to be found. Otherwise, if he joined forces with him, they could definitely take this evil creature down.

Chapter 2137: Younger Generations Will Surpass Us In Time

"Evil creature! I only need to stall you. When Baron's settled his matters, I'd like to see how you get along alone!" Han Wuying shouted coldly, transforming into a dark shadow and charging towards Han Xiao.

The two of them instantly engaged in a battle.

When Baron saw Han Xiao was being stalled, he immediately ordered, "Kill them!"

The snipers who hid in the dark instantly aimed their barrels at Yun Shen, Lu Tingxiao, and the rest.

"You really thought this was your turf?" Yun Shen's face had a cold smile.

Lu Tingxiao was expressionless as always. His gaze fell to a certain dark corner.

Suddenly, hundreds of people surged in from outside the resort and met head-on with the Rothschild family's forces.

Baron was not afraid at all. He appeared confident with insufferably arrogance. "If the snipers that I arranged in hiding wanted to kill all of your people, it would've only taken a few seconds."

Tang Lang and everyone else's gazes instantly searched around the hidden places, trying to find out the hiding spots of those snipers.

However, how would the Rothschild family's professional ambush snipers be so easily found out?

Those snipers were like a time bomb...

"Haha, it's no use for regret now." Baron's smile tightened. "Now!"

The moment he said that, a sigh came from not too far away.

"When children grow up, they're ready to spread their wings." A white-haired elder started to walk towards the crowd.

When they saw the elder, the Rothschild family's forces were stunned, including Baron.

However, Ning Xi was the one who was most shocked. She looked at the elder and subconsciously blurted out, "Grandfather Jace?"

"Xiao Xi, long time no see." Jace looked gentle and loving with his smile.

"Father... Why? Why have you come?" Baron's expression changed again.

Father?!

Ning Xi was stunned on the spot.

Jace was unexpectedly... Baron's father...

Did that not mean... that Jace was the European King?!

Ning Xi was dumbfounded by this revelation.

This feeling was close to finding out that the monk who swept the floor in a temple was actually a top-notch master.

“Baron, you’ve disappointed me.” Jace shook his head with the imposing manner of a leader, rendering Baron to involuntarily quiver slightly.

Yun Shen and Lu Tingxiao exchanged a glance. They could understand what the European King was implying.

It seemed like the person who wanted to swallow Asia whole was not the European King himself.

“Father, hear me out. I’m doing this...” Baron’s forehead had layers and layers of cold sweat as he tried to explain himself.

However, he could only speak halfway when he was interrupted by Jace’s wave of hand.

“The snipers who are in hiding, all of you, come out,” ordered Jace coldly.

Subsequently, the air was silent. There was no sound at all. Moments later, there were rustling sounds and a few people walked out.

Unexpectedly, there were only three people!

Jace frowned. There was no way these people would go against his orders. Where were the rest then?

Jace pondered for a moment, then he suddenly understood. He looked at Lu Tingxiao and Yun Shen as he lamented, “The younger generations will surpass us in time.”

His son had meticulously arranged for everything, yet it had long been seen through by the other party and they had even ruined a huge chunk of his plans.

Baron looked at the three remaining snipers, then at his father again. At this moment, he was at a complete loss.

Damn it! Father has been so focused on his movie. He hadn’t gotten involved with the clan matters for a long time, so how did he come to realize all of this?

“Father, if we annihilate Asia, we Rothschilds... will be even richer and more powerful,” said Baron unwillingly.

“Is this the reason you’ve disobeyed me behind my back?” Jace scolded, “Is it actually the Rothschild family getting stronger, or you, Baron, getting stronger yourself!?”

Chapter 2138: Such A Past

“Back then, all these years, what kind of shady business have you been doing behind my back? Did you think I really wouldn’t know? Kid, you’re too ambitious!” Jace’s gaze was exceptionally stern.

“Father... I...!” Baron was already drenched in sweat as he tried hard to explain.

“Get lost!”

Jace's terrifying aura was enough to swallow Baron whole. "As strong as you may be, the position of the head of the Rothschild clan won't be yours. Go right back now. For the next ten years, you're not allowed to leave the house at all!"

"Ten years?!" Baron was in disbelief.

"Take him away. If anything goes wrong, you people will have to be responsible for the consequences!" Jace glared at the group of people from the clan in the resort and said coldly.

"Understood!"

An European elder immediately waved his hand. "Bring Third Master back and watch him stringently."

"Father, I don't want to... I don't want to! My capabilities are clearly the strongest. Why?!" Baron's hysterical voice became further and further away until it vanished.

"My Rothschild family... is lacking capabilities the most," Jace sighed softly, his eyes showing a hint of iciness in them.

"Mr. Lu, I'm very sorry. I didn't teach my son well and have caused so much trouble for you all." Jace walked up looking apologetic.

When Han Wuying saw that Baron had lost his power, he immediately withdrew and retreated.

If he continued to fight with Han Xiao, he would definitely be defeated without a doubt.

Now, the European King had appeared himself and even Baron had been taken away to be locked up. Han Wuying could not beat Han Xiao; there was no chance of winning at all.

"Not fighting anymore?" Han Xiao stared at Han Wuying and said.

"Huh!" Han Wuying scoffed, and in a flash, his figure left the resort.

"Running away because he couldn't win, how rude!" Han Xiao felt quite unamused, then his gaze fell on the European King.

"Old fart, you've finally showed yourself!" Han Xiao's usually nonchalant eyes suddenly lit up with a sinister fierceness.

"Mr. Han Xiao." Jace looked at Han Xiao. "Regarding that incident years ago, I'm very sorry. Even though I've admired the ancient Han family for a long time and your talents too, I wanted you to marry my youngest daughter, but I've never insisted on it. Back then, it was because your family wanted to force you to marry my daughter that they killed Miss Qin Youge. It has nothing to do with the Rothschild clan. Besides, haven't you already taken out the murderer who killed Miss Qin Youge back then?"

When he heard this, Han Xiao was stunned. "Old fart, you really know how to talk!"

Jace Rothschild was not angry, instead he had very calmly stated, "It's the truth."

Through Han Xiao and Rothschild's words, Ning Xi, Tang Lang and the rest finally knew Han Xiao's identity.

The ancient Han family's most evil and charming genius caught the admiration of the European King. Initially, he wanted to let Han Xiao marry his youngest daughter, yet in the end, he had indirectly killed a girl named Qin Youge.

"It turns out that Grandfather has such a past!" Tang Lang was shocked.

"GE..."

At this moment, Ning Xi came to a sudden realization. That fashion brand "GE" was Han Xiao's design.

At the start, Ning Xi did not know the meaning of "GE".

Now, she realized that "GE" referred to "Ge". Han Xiao had created it to commemorate that girl...

Swoosh!

At this moment, a pitch-black figure suddenly appeared in the resort. He came close at the speed of light and used his or her palm to hack out at Han Xiao without warning.

"Careful, Grandfather!" Tang Lang could not help but cry out.

The figure's speed was incredibly breakneck.

At this moment, Han Xiao's expression turned cold. "I hate ambushes the most."

Then, Han Xiao did not even turn his head as he gripped that little palm that had struck out.

Bam!

Han Xiao's figure wavered as he straight up flung the figure far away.

"Annie!" Ning Xi cried out in alarm.

Chapter 2139: Jealous of The Master

Annie's movements were extremely agile. She stabilized herself mid-air and landed safely. She had actually taken a hit from Han Xiao and got away unscathed!

Tang Ye, Tang Lang, and Feng Xiaoxiao were stunned. Even Ning Xi was surprised, but at the same time she was relieved as well. She would go crazy if Han Xiao accidentally killed another person again.

"It seems like I have to do it myself..." Annie glanced past everyone, her murderous face devoid of expression.

Initially, she wanted to use Baron and Qiao Yi's power to destroy the Lu family, but she did not expect the European King to show up and foil all her plans.

"Grandfather, she's the one that poisoned Little Treasure! Beat her and we'll get the antidote!" Tang Lang reminded quickly.

However, something did not seem right with Han Xiao.

The usually indifferent Han Xiao suddenly brightened when he saw Annie. The extent of shock on his face told a story.

“Uhh... Grandfather knows Annie?” Tang Lang was confused.

“Past grudges?” Feng Xiaoxiao mumbled.

Before they could react, Annie’s expression changed when she saw Han Xiao’s face as well. She looked like she wanted to skin him alive.

Tang Lang seemed to have understood. “So, it’s really past grudges?”

Annie stared at Han Xiao’s face as if he had done something unforgivable to her. Her whole body was shaking in anger. “How can you look so much like Bro Qingze? Who allowed... who allowed you to use Bro Qingze’s face!?”

Annie’s attitude was sheer cold and her eyes were filled with bloodlust.

The next second, Annie charged at Han Xiao. In the blink of an eye, five unusually sharp projectiles appeared in her hand as she wanted to slash the human mask off Han Xiao’s face.

Han Xiao stood right there as if he was rooted to the ground. His soul seemed to be on the other side of the world.

Tang Lang freaked out. “Grandfather! Be careful!”

Damn it! Just what did he do that she had to disfigure his face? Was she jealous of the Master?

Ning Xi screamed as well, “Master!”

As the sharp blades almost reached Han Xiao, his figure disappeared like a phantom. Annie did not even reach his clothes.

Annie then continued on her offense, and miraculously Han Xiao chose to be on the defensive side, not attacking her.

Ning Xi was confused. “What’s happening? The Master seems to know Annie, but from the way he looks at her, it doesn’t feel like he’s holding a grudge. Annie doesn’t seem to know Master. What did she mean by Master appearing like her Bro Qingze? Do they look alike?”

Yun Shen then said, “I left the Yun family since I was ten. I’ve never seen anyone from the Yun family ever since. I don’t know what my cousin looks like, but the Yun family has good gene. He should look pretty okay.”

Ning Xi was speechless. “Just okay? He looks like the Master! That’s definitely way above average, alright?”

She could feel the temperature around her dropping, so Ning Xi quickly added, “Of course, no matter who, no one is more handsome than my darling!”

In the short time that Ning Xi was talking, the two of them were battling furiously.

To be exact, Annie was fighting furiously.

Han Xiao’s expression did not change from the beginning. He just looked at the girl’s face and allowed her to keep attacking him.

Chapter 2140: Display of Affection?

Tang Lang felt that something was amiss. "Is it my imagination? Why does it feel like Grandfather dotes on Annie? I'm getting diabetic from their sweetness..."

"Uhh..."

Tang Lang pointed out, "Look, look at that! Annie almost fell after that last attack and Grandfather quickly helped her! Don't think that you moved fast enough so I can't see it... Ah, Annie fell into Grandfather's arms. He purposely moved a step forward... Look! He held her hand..."

Ning Xi was dumbfounded. "Stop it! We're not blind."

All of them could see that Han Xiao was being unusual towards Annie. He was just defending all the way as if he was treating a unreasonable lover...

After half an hour of their "display of affection", Han Xiao suddenly halted the girl's movement. He blocked her left hand with an arm, then he held her right hand, applying pressure on some of her acupuncture points. As a result, all the weapons Annie held in her hands fell to the ground.

The next moment, Han Xiao held the girl's hand and led it to his face.

Annie's expression froze when she felt the warmth of the man's skin. In shock, she mumbled, "No... It's not a mask..."

This face was real?

How could it be?

How could this person be so alike to Bro Qingze even though their aura was different?

Annie looked confused, but her face soon turned back into coldness. "No one is worthy to have the same face as Bro Qingze!"

Han Xiao still did not say anything. He just looked at the girl quietly as she was glaring angrily at him. He hugged the girl tightly.

"Grandfather pulled a great move..." Tang Lang said.

"Wow, why does it feel like they make such a good pair?" Feng Xiaoxiao said.

Annie's expression changed. "How dare you...?"

The next moment, the man's voice reached her ear. "Youge..."

Youge...

Annie's expression went blank for a second when she heard the name. "Why..."

Why was this name so familiar...

Why did she want to push this man away so much, but her body was resisting it as if it found this hug very familiar?

Could it be this person looked too much like Bro Qingze?

However, she could tell them pretty clearly that the familiarity she felt was not just because of his face. It was everything about this man.

She knew that she should push him away and kill him, but this hug felt like a curse on her, controlling her consciousness. She could not resist it at all...

Everyone else was stunned when they heard Han Xiao called her "Youge".

"Wait! What did Grandfather called Annie just now? Youge?"

Ning Xi nodded. "Seems like it..."

Tang Lang was shocked. "Isn't Youge dead?"

"I have no idea too..." Ning Xi replied.

"Damn! If Annie is Youge, wouldn't I have to call her Grandmother?"

Ning Xi was speechless. Could he please stop focusing on the wrong things?
