Chapter 441: An Interesting Game

The foreign lady walked steadily but swiftly, her tight bodysuit showing off her svelte figure.

“You witch, you dare to face me without a gun? I’ll take you down right now!” screamed Shi Xiao’s man, sweat dripping off his forehead as his young brave soul gave him the courage to face her.

She flipped him off without a word.

The man went mad, fuelled by the thought that they were all going to die anyway. His only goal raging in his mind now was to bring this woman down with him!

The man roared and ran towards the lady, raising his fist to land a blow on her head.

Before the man could even get within a foot of her, a dark shadow whizzed past him. He heard the sound of the breeze before he registered a sharp pain in his jaw. Like a broken kite, he fell down and crashed into a steel pillar, causing a loud noise.

“Da...amn...”

The man was trying to get up from the ground but had no strength to even prop himself up. His face was full of blood and his teeth were smashed in as well, causing him to not be coherent.

The foreign lady gently brought her foot down from the kick, expressionless.

Her victim did not see anything but Xiong Zhi and Shi Xiao were spectators to the whole scene. Before the man could even close in, the lady had unleashed a quick and powerful front kick right smack on his jaw with a force so great that they had no doubt she was professionally trained!

“That was probably a taekwondo kick...but for a woman to have such force and accuracy...how rare!” Shi Xiao mumbled, his eyes shining in fascination and terror at the same time.

Throughout all these years, Shi Xiao had learned most of the killing techniques and he recognized some good skills in her execution. However, if it had been him, he would still be able to take her down. Unfortunately, there were numerous guns pointing at them right now, and the consequences would be deadly if he acted carelessly!

“I don’t need a gun to kill you, I just need my hands,” repeated the lady, walking behind the man expressionless, and without giving the man a chance to say anything, she wrapped her forearm around his neck and choked him to death.

The other man on Shi Xiao’s team went pale, not daring to say anything and trying his best not to attract any attention.

“Hahaha, pigs being pigs! Alice holds a red belt in taekwondo! Idiots, stupid pigs!” the bald man laughed.

“Firo, it’s red-black belt, not red!” corrected the lady.

“Oh...my dear Alice, my bad, it’s red-black belt. That’s better than red, and you’ll be getting your black belt soon! You’re right!” the bald man said apologetically.

“What do you guys want?!” Xiong Zhi could not hold it in anymore and yelled at them.

“Hahaha, don’t rush, I want to play an interesting game with you dumb pigs,” said the bald man, signaling the duo in front of him.

Soon, the two foreign men took out two heavy boxes, putting them beside Xiong Zhi and Shi Xiao.

“What does this mean?” Shi Xiao’s brows closed in.

“It’s simple, there are some guns inside. They are fairly difficult to recognize and if you get one wrong, I’ll kill one of you. Fair game,” the bald man shrugged.

Chapter 442: How Did She Get In Here

At that point, Shi Xiao and Xiong Zhi understood that these foreigners were treating them as entertainment, like a cat playing with a mouse before finally ending its life.

“What if we are able to recognize them?!” Shi Xiao asked.

“Recognize them?” The bald man obviously had not thought about this.

“Oh, if you guys are able to recognize them, then you get to stay alive for a little while longer, and you’ll continue to look at more guns. I think eventually there’ll be guns that are unfamiliar to you, hahaha!” the bald man laughed triumphantly.

Although inside them was a storm raging with fury, they had to cooperate with these men and try to buy themselves more time. Otherwise, they might be killed immediately if they did not comply!

But the moment Xiong Zhi and Shi Xiao opened the box, they were both dumbfounded.

They had totally no clue what the firearms in the box were called. More specifically, they had never seen any of them before!

“This...” Shi Xiao felt helpless.

“What now? Can’t you recognize them? Hahaha, we’ll play by the rules, so I’ll start off by killing one of you.” The bald man raised his arms and aimed his gun at Xiong Zhi, then as if indecisive, he moved it to point at Shi Xiao, and he repeated this a few times...

Suddenly, a voice appeared from out of nowhere inside the arsenal.

“I’ll do it,” Ning Xi announced, going up to the box.

The foreigners were surprised by Ning Xi’s appearance as they had not detected her presence and had no idea how she got in here...

Apart from the foreigners, Xiong Zhi and Shi Xiao were shocked as well. This woman...how did she get in here?!

“You?!” Shi Xiao stared at Ning Xi in anger. Finally, he yelled, “How in the world did you get in here?!”

Ning Xi ignored his roaring and focused on the guns instead, her face mesmerized by the firearms.

“Xiong Zhi, what’s up with this woman!? You brought an actress here at such a crucial moment?! What’s wrong with you?” Shi Xiao roared at Xiong Zhi.

Xiong Zhi was confused by what had happened as well. He had no inkling that Ning Xi had been here all along.

“Did she think that it was all an act? Damn it! Tell me, did she think that this was all an act!?” Shi Xiao’s face darkened.

“I don’t know...she followed me on her accord in secret!” Xiong Zhi tried to explain.

“Bastard!” Shi Xiao cursed, then threw a glare at Ning Xi, “You’re just an actress, what do you know? Get lost!”

“You...do you want to die?” Ning Xi suddenly spun around to face him and gave him a chilling stare.

“Hahaha, conflict within your own team, great! I like it, give me more!” the bald man said in excitement.

“Poor things, fear made them lose their minds,” the foreign lady said coldly.

“Her answers don’t count, I’ll do it!” Shi Xiao had no choice but to do it. How could he put their lives in the hands of this stupid actress? She might really think that this was all an act!

The bald man shook his head, “No, no, no. She already said she was going to do it. If you want to change the person who will answer now, I’ll take it as a forfeit and kill one of you.”

Shi Xiao’s nostrils flared in frustration as he stared at Ning Xi fiercely and imagined killing her with his bare hands right now.

He could not understand why would his charismatic boss, the great Lu Tingxiao who convinced him to swear his loyalty, fall in love with this stupid actress!

Ning Xi ignored Shi Xiao and casually picked an exquisite pistol out of the box. She confidently spouted, “Austrian Glock 17 pistol, exclusively used by the Austrian military. Total length 185

millimeters, around 600 grams in weight, and if I'm not wrong, the barrel length should be 114 millimeters. The magazine can load up to 17 bullets, and it has a shooting range up to 72 meters."

Chapter 443: What Now, Am I Right

Lu Tingxiao's men had despair scrawled all over their faces. To put it nicely, she could be called a professional actress, but in truth, she was just a freshie. How would she know about firearms? What a massive joke!

"You damned witch! You're trying to kill us! Just go and sleep with those directors and producers if you're looking for attention. What are you doing here, spouting nonsense? Do you think you're shooting a scene here?" raged one of the men whom Shi Xiao brought. He almost wanted to kill Ning Xi right there and then.

Yet, Ning Xi acted like she had not heard anything. Instead, she toyed about with the gun and said, "Is this all you have? Most American FBI agents are using these anyway."

Ning Xi then threw the Austrian Glock 17 aside.

They really were unknowledgeable about pistols. Shi Xiao and Xiong Zhi would be the experts if there were any weapons with more penetrative power.

Although Ning Xi had given a seemingly reliable answer, Shi Xiao still could not believe her. In his eyes, Ning Xi was just a small actress with an irrelevant career. What would she know about firearms?

...

"So, tell me now, am I right?"

As Lu Tingxiao's men were feeling anxious, Ning Xi prompted the bald man for an answer.

The bald man grinned. The woman was correct. She had even stated the special features of the gun along with the pros and cons of an Austrian Glock 17. It seemed like she had handled a similar pistol before.

"Hahaha, it's a good thing that you have a smart woman there, good! Go on, the game is just starting," the bald man laughed heartily.

Lu Tingxiao's men had a moment of confusion when they heard the mafia's satisfied reply. What?! The actress got it right?!

"Damn! So close!" Shi Xiao's man was sweating heavily, and he suddenly remembered something, "Right, since she's an actress, she might know about that Glock something pistol because of some shooting scenes she has acted in before!"

Shi Xiao and Xiong Zhi thought about it carefully. What the man said made sense. Ning Xi worked as an actress and would have come across some gunfight scenes. It was probably a coincidence that

she had been in contact with a Glock 17 pistol model before, and she probably had familiarised herself with it due to the nature of her work.

“What a close one...” Xiong Zhi took in a deep breath. The consequences would be deadly if Ning Xi had said even one word wrong!

“We want a substitute!” Shi Xiao said suddenly.

Ning Xi must have recognized the Austrian Glock out of sheer luck. If she continued this way, they might all just die here when her luck ran out!

“Yes, a substitute!” Shi Xiao’s man agreed as well. It would be better for them to continue rather than put the fate of their lives in the hands of a silly actress. Even if they got it wrong, at least they could decide their own fate!

“Nope, like I said, if you substitute now, I’ll take it as a forfeit. Are you sure you want to? If yes, then I’ll start off by killing one of you pigs,” the bald man leered unkindly. He was really enjoying this game of the cat and mouse. After all, when he got bored of this, all of them would still be dead meat.

Chapter 444: Why Don’t We Change The Rules

“The magazine can only load up to 12 bullets since it’s one of the earlier designs. Even though I’ve never been in contact with it before, old designs like this are easy to guess. I’m pretty sure that this is the P229 that was acquired by the Germans in 1991. It should be the SIG Sauer P229 pistol,” she finished, throwing the gun aside again.

Shi Xiao’s men did not have any hope left and they were praying that Ning Xi knew something about the gun from her previous acting experiences, just like the luck she had last round.

But naturally, they were prepared for a fight. If things went south, they would all charge up to the foreigners, taking down as many as they could since they would not have been spared anyway.

...

“So? Is my answer correct or not?” Ning Xi looked at the silent bald man, expressionless.

The bald man only replied sometime later with a cold tone, “I heard he said that you’re an actress.”

“You’re right,” Ning Xi did not deny it. She was an actress now, working hard on her own, charging towards her own goal with her talents and effort.

“No wonder, as an actress you’d have been involved in gunfight scenes. So that’s how you know about these guns, it’s nothing too impressive,” the bald man scoffed and took her knowledge for granted.

“Actress?! What a useless piece of trash that only knows how to sell her body and get involved in dirty deals! Killing a disgusting pig like you would be best done with just my hands,” sneered Alice, glaring at Ning Xi fiercely as she instinctively hated actresses.

“Hehe, my dear Alice, I’m bored of this game already. Why not we change the rules? What’s more interesting than recognizing guns?” the bald man asked Alice suggestively.

“Didn’t you like seeing them fight among themselves? Just let them kill one another off, and we can just enjoy their performances,” replied Alice.

“Right, that reminds me,” the bald man said and stood up with a smile as he looked at Shi Xiao’s man, “Stupid pig, didn’t you want to kill that woman just now? Here’s your chance, go on and choke her to death and I’ll consider sparing your life. What do you think? You don’t get rare chances like this very often in your life.”

Shi Xiao’s man, whose white shirt was soaked in sweat, had a shift in his expression, “You...are you serious?! If you are...”

Before he could finish, the bald man laughed, “Of course, my buddy, I’m someone who honors the rules. As long as you follow my rules, then you’ll have a chance to live.”

“Alright, it’s a deal!” Shi Xiao’s man said would be no different from stepping on an ant.

“I dare you!” Xiong Zhi roared at him like an enraged beast.

Lu Tingxiao had strictly ordered him to protect the actress.

“Stupid pig, don’t do anything reckless and just watch. If not, I’ll shoot your brains out,” another foreign man said to Xiong Zhi while pointing a gun at him.

Xiong Zhi knew that if he did anything more, a bullet would be sent right through his skull.

Chapter 445: I Have My Rules Of The Game As Well

Xiong Zhi had his fists balled up tightly, his blue veins protruding through his skin. With his boss’ order...if he was not able to comply and survive this, he would not be able to face his boss Lu Tingxiao!

“Easy, don’t move now, it’s not your turn to die yet. But if you’re not going to cooperate...things will get complicated. After all, we have a lot of time on our hands, you stupid pigs. The game has just started, hahaha!” said the bald man smugly, as if he was fated to come out of this situation a winner.

“Shi Xiao, that’s your underling. The boss gave orders to protect Ms. Ning’s safety. Even if you’re not helping, don’t let your underling mess it up!” Xiong Zhi ignored the bald man’s warning and yelled at Shi Xiao.

Shi Xiao’s brows furrowed. Even though he disliked the stupid woman, he didn’t want her to die.

“Don’t do it!” Shi Xiao yelled at the man in the white shirt.

“Damn it!” The man in white shirt spat on the floor with a ferocious look on his face, “Don’t bother me now! Leader Shi Xiao, you brought me here to the arsenal to meet Boss, but look at what has happened! It’s a trap! We’re almost dead here! She’s just an actress! She should be honored that my life can be traded for her death!”

Actually, he was not specifically against Ning Xi. As long as he could live, he would not have any doubts even if they asked him to kill Xiong Zhi or even Shi Xiao at this point.

“Don’t worry, you have your rules, I have mine as well,” Ning Xi smiled and she took out a pistol from the box.

“Stupid pig, you’re looking for trouble! The rules of the game have changed. Don’t you dare touch the guns, put it down!” shouted Alice as she stood up.

“My dear Alice, don’t mind her. The guns have no bullets in them, all the magazines are empty,” bragged the bald man, laughing as everything was under his control.

Seeing his nonchalance, Alice shrugged and sat back down.

“Do you guys know that this is an Italian Beretta 92F pistol?” Ning Xi said lightly as she took out the magazine.

“You’re right, it’s an Italian Beretta, but what about it? The game is long over. Whether you can recognize the guns or not doesn’t matter anymore. You’re going to be killed by one of your own...hahaha, I’m already excited just thinking about it. Looking at you stupid pigs killing each other, spilling blood everywhere, how wonderful is that?!” the bald man threw his head back and laughed like a psychopath.

Ning Xi shook her head, “The main point of this pistol is that it can use the same bullets...”

Before she could finish, the man in white shirt charged at her like the wind.

“You damned witch, go to hell!” the man in white shirt roared.

“As most small pistols...” Ning Xi mumbled to herself, at the same time she leaped. With everyone looking on unbelievably, she rammed her knee into the abdomen of the man.

“Ugh!” His face spasmed as slimy liquid was excreted from his mouth and he fell backwards upon the impact of Ning Xi’s knee attack.

Before he could hit the ground, Ning Xi caught his shoulder, a fistful of his shirt in her hand.

Bam!

Without realizing what just happened, Ning Xi had tossed him onto the floor.

At the same time, Ning Xi had a few bullets in her hand and within a blink of an eye, she loaded the magazine she was holding all along with astonishing precision.

Chapter 446: What Sort Of Marksmanship Was That!

“Ah...!”

Shi Xiao’s man moaned while holding his head in his hands. Ning Xi’s extraordinary fighting ability had far exceeded his expectations, so much so that he could not even do anything about it!

Killing that actress? What a joke! She had such excellent capabilities hidden under her soft demeanour! How could that be?!

At that moment, Ning Xi had already loaded the Italian Beretta 92F pistol with seven bullets.

Long before, Ning had already noticed that all the guns in the box were all emptied of their magazines. The foreigners were not stupid enough to give them loaded firearms.

So when Ning Xi was looking at the first gun, she had already formulated a plan.

She was trying to buy herself more time in the first round and the second round was to get the foreigners to let down their guard. As for the third round, Ning Xi already had her plan ready.

In the pocket of Shi Xiao’s man, there were some convex-shaped items which looked like bullets, and it was impossible for Ning Xi to mistake a bullet’s shape. Plus, in places like Philadelphia, it was normal for gang members to have extra bullets on them for emergency use.

Ning Xi also realized that due to the foreigners’ pride, they had not taken away the weapons on Lu Tingxiao’s men, as they thought that everything was under their control. At first, Ning Xi wanted to take advantage of their pride and take away the pistol from the white shirt man, but in the end, she forfeited this plan.

The gun that Shi Xiao’s man had brought was a custom made one. Ning Xi did not know anything about its shooting range, penetrative power, and accuracy. If she used it and made a mistake, she and Lu Tingxiao’s men would have been dead without a doubt.

And in the box lay one of Ning Xi’s favorites: the Italian Beretta 92F pistol. She was sure that if she used it, there would be an 80% chance of them getting out of this pinch.

Shi Xiao and Xiong Zhi were both dumbfounded by Ning Xi’s moves. What an awesome performance! Who could have guessed that such explosive power was hidden under her weak and soft appearance!

Ning Xi had the loaded Italian Beretta 92F pistol already aimed at the bald man.

“Stupid pigs! Kill that damn woman right now!” exploded the bald man.

The selling point of the Italian Beretta 92F was that it could use about 90% of the bullets produced from Philadelphia, so one did not need to worry about running out of ammo.

As the bald man was talking, he quickly pointed his gun towards Ning Xi and intended to kill her first. He was full of confidence with his marksmanship.

However, before his aim could even reach Ning Xi, her gun fired.

Bang!

A loud gunshot echoed throughout the place, as her aim met its mark and blood flowed out of the bald man’s forehead.

Thump.

The bald man fell over and his body twitched a little before he breathed his last breath.

Ning Xi did not even look at the bald man. Her sight was set on Shi Xiao and the moaning man in the white shirt the whole time.

“What sort of marksmanship...she didn’t even need to look...” gulped Xiong Zhi, clearly impressed.

Chapter 447: Her Speed Is Too Quick

Both Xiong Zhi and Shi Xiao were shocked, their minds going completely blank. What had just happened had gone way out of their expectations! Was Ning Xi really just a normal actress?!

“What did you say just now?” Ning Xi was cold like ice, her tone sending goosebumps across everyone’s skins.

“You witch!”

“Get her!”

A few of the foreigners came back to their senses after realizing what had happened, and they lifted their arms to aim their guns at Ning Xi...

Bam!

Bam!

...

Bam!

A few more gun shots exploded in the air.

Blood flowed out of the foreheads of the foreign men, their eyes opened wide in shock and they then fell on the floor soon after.

“That was incredibly fast, simply too fast! Ms. Ning...she is way too fast!” Xiong Zhi babbled, impressed, “No, she’s not just fast. Her accuracy is terrifying; the range that she shot at was precisely the maximum shooting range of the gun she used. Extraordinary speed plus advanced calculations...and precise accuracy! There is no way that she is just an actress! Who...who in the world is she?!”

Xiong Zhi would never believe that an actress could be capable of this feat.

A bitter smile came to him. What was his boss was thinking, asking him to protect a woman like Ning Xi? Did she even need protection? More likely than not, she should be protecting someone else!

Shi Xiao seemed like he wanted to say something but stopped.

Ning Xi did not even look at the foreigners the whole time, appearing like she was shooting at random but all of her shots hit their target, while the enemy had no chance to even counterattack. In the end, the only one left standing was Alice.

“Ah!” The man in the white shirt was still keening in pain like a pig being killed.

“How troublesome...get lost!” Ning Xi kicked the man in the guts and he rolled away in pain, just to get away from her.

Both Shi Xiao and Xiong Zhi did not dare to say anything, especially Shi Xiao. He was not afraid of Ning Xi’s explosive power and her fighting skills, but it was her gun...and her terrifying marksmanship...

“You’re lucky, had it been a few years ago, you’d have been dead already, talking to me like that.” Ning Xi glanced at Shi Xiao, “Do you understand?”

“Y...yes,” Shi Xiao clenched his teeth and gave in to her, his instinct strongly urging him not to pick a fight with this woman.

“Ms. Ning Xi, quickly kill that woman!” Xiong Zhi said quickly as soon as he saw Alice was still alive.

Ning Xi looked at Alice and said, “What was it you said just now? About me only knowing how to sell my body, and that you only need your hands to kill me?”

Alice frowned at her and said coldly, “You’re nothing in my eyes, you stupid pig!”

Alice quickly whipped out her gun.

Bam!

Ning Xi was faster.

Alice was taken aback by Ning Xi's speed but the shot intentionally missed her, hitting her gun instead.

Pa!

Alice's gun was flung around 10 meters away from her.

"Awesome! Now kill her!" Xiong Zhi said excitedly.

"I ran out of bullets," Ning Xi tossed her emptied gun away and shrugged, "Well, we need someone to be alive anyway."

Chapter 448: Don't Be Scared, I'm Here

"You're dead meat!" Alice glared with rage as she charged in swiftly and prepared to throw a punch.

"Red-black belt holders nowadays are so cocky..." Ning Xi shook her head with a calm expression, not even bothering to take Alice seriously.

"Be careful, that woman is dangerous!" Xiong Zhi reminded her.

As soon as he finished his sentence, Ning Xi swung her right leg high up and swiftly brought it down.

Ka!

Just as Alice was just closing in on Ning Xi, Ning Xi's kick was already in downward motion, and it landed right on Alice's head with a crack!

Alice lost consciousness and lay on the floor unmoving.

"Pass...passed out?" Xiong Zhi stammered in surprise. Ning Xi had defeated the foreign lady with just one kick!

"I forgot to tell you that...I'm a black belt," Ning Xi said calmly after she had rendered Alice unconscious.

Looking back at what had just happened, Shi Xiao and Xiong Zhi were stunned speechless...

"Ning Xi..."

Suddenly, a familiar voice cut through the silence.

That voice...

Lu Tingxiao?!

"Boss!" Ning Xi quickly ran over and examined him from head to toe and only after confirming that he was alright, she let out a sigh of relief, "You're okay! That's great!"

“You...” At this moment Lu Tingxiao was furious beyond words, his body was burning up feverishly with rage and the anger was eating through his heart, “Who allowed you to come here?!”

This was the first time that Ning Xi had ever seen Lu Tingxiao this angry and she was scared, “Boss, you’re...you’re scary...”

Lu Tingxiao clenched his teeth, “You actually know what fear is?”

Ning Xi put on a pitiful expression and said weakly, “Of course I’m scared, I’m just a girl. I almost died just now! My legs are still shaking! Boss, don’t yell at me anymore, I need some comfort...”

Shi Xiao and Xiong Zhi were totally speechless by this scene.

Both of them were annoyed at Ning Xi. Just a moment ago, she was still acting all high and mighty! Which part of her looked afraid? Was she suffering from schizophrenia?

The boss would never believe her!

“You...” When Lu Tingxiao saw the girl’s panicked expression, he just restrained his inner rage and decided not to bother her with the issue anymore. He took a deep breath and pat the girl’s head with his wide palms to comfort her, “Don’t be scared, I’m here.”

Ning Xi let out a long sigh and secretly patted her chest as she had just skipped a major disaster. Boss was really scary when he was angry.

She then continued weakly, “Mmm...I’m not scared anymore after I saw you, Boss! As long...as long as you don’t yell at me...”

Lu Tingxiao looked apologetic, “I’m sorry, my bad, I won’t do that ever again.”

Shi Xiao and Xiong Zhi were speechless again.

What had just happened!?

Who was this person?

Was this their boss, Lu Tingxiao?

Or was this not actually their boss, but was another trap set up by their enemy?

The only one who was still relaxed about all this was Cheng Feng, who stood behind Lu Tingxiao. He pushed his glasses up his nose and looked at them with a face that seemed to scoff at them as young punks who did not know better.

Chapter 449: Taking Boss On A Ride

On the way out of the arsenal.

Ning Xi was relieved to know that Lu Tingxiao was fine as she looked at the scenery outside of the car window.

Philadelphia...the last time she had been there, it was bustling as ever...

What was now left was a devastated state as a result of a war...

Lu Tingxiao set his sights on Ning Xi as she looked out of the window.

No matter how thorough his plans were, when he reached the arsenal with his men, he completely did not expect to see Ning Xi, who was supposed to be safe and sound back at home, appearing at such a dangerous place!

Aside from fear, he was astonished by what he saw.

Within a matter of seconds, everyone had lost their lives under her gunfire and of course, that single heavy blow of hers that defeated the foreign lady...

At that moment, the girl had a totally different aura around her, a strange aura that he had never seen before. There were no traces of the Ning Xi he knew, as if she was just another stranger.

But he knew...

That girl was still Ning Xi...

It was the past version of her...

But when he saw her going up to him happily and pitifully tell him how scared she was, he knew that she was still the girl whom he knew.

Ning Xi turned back and her eyes met with Lu Tingxiao's. She gulped, "Uh, Boss...why are you looking at me...are you trying to get back at me now? You said that you wouldn't be angry with me anymore!"

Lu Tingxiao reined in his thoughts and said kindly, "I still have something else to handle in Philadelphia. Do you want to go back first or are you leaving with me later on?"

Ning Xi replied after she had given it some thought, "I'll go back with you!"

She then explained, "Well, I don't really have any work these few days and it's such a rare occasion that I can get out of the country. I guess I'll take this chance to have a short vacation!"

Lu Tingxiao looked at her solemnly and said in a slightly colder tone than usual, "If you're leaving together with me, you're going to stay within my sight for the next few days."

"Huh?" Ning Xi looked troubled, "Then wouldn't I be bored to death?"

Lu Tingxiao's face suddenly darkened.

Ning Xi quickly rephrased, "No, no, no! How would I be bored when I'm with you, Boss?! It's a great honor to be able to stay by your honor's side..."

At the back of the car, Xiong Zhi coughed lightly and with a low voice he said, "Ms. Ning Xi...is she schizophrenic?"

Shi Xiao rolled his eyes at him, "Screw that schizophrenic crap! Don't you see now? She was taking Boss on a ride all along!"

“So she was just acting around Boss?” Xiong Zhi was still confused, “Then how do you explain Boss’ attitude towards Ms. Ning Xi?”

Shi Xiao had no comeback for this one, so he mumbled, “How would I know? I was terrified!” After all, he almost thought that his boss who had appeared just now was an imposter.

Cheng Feng who was listening to their conversation while working on the documents the whole time could not hold it in anymore, “What would you single dudes know? It’s the power of love!”

They finally reached a safe area.

In the hotel, Lu Tingxiao brought her directly into his room.

He led her to sit on the sofa then proceeded to the balcony to make a phone call.

A while later, Cheng Feng brought Ning Xi a PSP game console, a few fashion magazines, and some snacks.

After he had settled Ning Xi down, Lu Tingxiao gathered his men for a meeting. Through a window from the meeting room, he could see Ning Xi in the living room.

He literally was not going to leave her out of his sight...

Chapter 450: Yun Bastard!

Ning Xi sat in the middle of her room consisting of the game console, magazines, and snacks, feeling like a pet waiting for its master’s return...

A while later, Cheng Feng, Shi Xiao, Xiong Zhi and a few other people walked past her.

The other people who had never seen Ning Xi before were surprised that there was such a cute girl in the living room. Shi Xiao and Xiong Zhi’s mouth twitched a little as they saw her obediently sitting on the sofa with her magazines...

Ning Xi was not in the mood for leisure right now, so she glanced at Lu Tingxiao and saw that he was very focused on his discussion. She quickly sent someone a text message: [Yun, you bastard!!!!!!!!!!!!]

She added a lot of exclamation marks to express her rage.

A reply came back quickly.

[Carrot Yun: I dare you to say it again!]

A threat now, huh? How dare he!

Ning Xi tapped on her screen: [As you wish! Y u n , y o u b a s t a r d ! ! !]

[Carrot Yun: Ning Xi! Are you looking for trouble?!]

Ning Xi was boiling with anger when she saw this message. She replied: [So you’re ashamed of what you’ve done now? You knew that you couldn’t win him in person, so you used a surprise attack! What a low move! It’s a shame to all bastards to even call you a bastard!!!]

The next reply arrived around 10 seconds later: [A surprise attack?]

Ning Xi replied quickly: [Who else would it have been if it wasn't you?! Don't tell me that Firo and Alice weren't your people!]

A reply came back almost instantly: [Carrot Yun: You guys had a fight?]

[You bet! If it hadn't been for my wits and courage, I would have died! And don't you try to change the topic, that isn't the main point!]

[Carrot Yun: My dear, of course, it's the main point.]

...

At the same time, in an underground bar in Las Vegas.

Under dazzling lights and loud music booming, drunk people were dancing their night away in the dance pool.

A handsome blonde-haired, blue-eyed man sat under the giant crystal disco ball in the middle of a luxurious booth, with a glimmer of evil emanating from his eyes.

A large crowd of hot, skimpily-dressed girls surrounded him and drank happily, it was a sumptuous feast indeed...

A black-haired Asian man sat near him, alone on a big sofa. He wore gold-framed glasses, had a pair of blue earphones on and was working on his laptop in front of him. He gave people the impression that he wanted no one near him.

No matter how things got crazy in the bar, everyone avoided him. It formed a sharp contrast compared to the blonde Italian man's table.

A while later, the black-haired man nodded respectfully at the laptop then walked up to the Italian man, and said with a calm tone, "Mr. Augustine, did Firo act under your orders?"

The blue-eyed Italian man with blonde hair looked up drunkenly, "Mmhmm...Firo...oh yes, those were my orders! What's wrong, my dear buddy?"

The black-haired man said matter-of-factly, "You've gone against someone that you shouldn't have."

"Someone that I shouldn't go against?" the man asked, still confused. However, it looked like something dawned on him and he had realized something. "You mean that woman..."
