

## FMH Marriage 841

### Chapter 841: Improve Relationship With Little Treasure

“The Lu family is ridiculous! We didn’t even say anything when Lu Tingxiao had a child before getting married, and you were just trying to be considerate to that child. Not only are they not grateful, how could they put the blame on you!?” Guan Rui was incensed after he found out what had happened from her daughter.

“Don’t make a scene, Father, Uncle Lu and Aunt Lu did not blame me. They were comforting me by assuring me that it has nothing to do with me! They even thanked me!” Guan Ziyao explained.

Guan Rui’s expression softened. “That’s more like it...that woman, is she really that close to Little Treasure?”

Guan Ziyao nodded unhappily. “I saw Little Treasure addressing her as his mother.”

Guan Rui was not surprised. He looked at his daughter and asked quietly, “Ziyao, what do you think is your top priority now?”

“Improving my relationship with Little Treasure,” Guan Ziyao replied.

Guan Rui shook his head. “You’re wrong. Although you’re smart, you really have mistaken your priority here. With that kid’s current condition, he’s as good as useless trash now. What good could come out of you improving your relationship with trash?”

“That woman already had the child on her side, but did you see Lu Chongshan and Yan Ruyi being nice to her? They didn’t acknowledge her even if she was already in a relationship with Lu Tingxiao. She was not invited and could only attend the event today by using that child!”

Guan Ziyao thought about it. “It’s because that woman is from an unknown lineage. I can also see that Uncle Lu and Aunt Lu are really concerned about Little Treasure, so I’d like to at least have him like me, then Lu Tingxiao might start to notice my worth.”

Guan Rui sighed and explained to her, “Little Treasure is their only successor, and he’s their actual grandson, so of course, they’d be concerned. It’s exactly because they are concerned that they will be very strict and careful with selecting the mother to Little Treasure.

“Do you understand what does the position as the future madam of Lu family mean? No matter how close the woman gets to Little Treasure, at best, they would just hire her to become a private tutor, or even his nanny, to take care of him, but do you think Lu Chongshan would be stupid enough to let her marry Lu Tingxiao?”

“Well...” Guan Ziyao started to falter.

Guan Rui gave his daughter a pat on the back. “Ziyao, don’t get your priorities wrong. What you should do now is to impress Lu Chongshan and Yan Ruyi. Of course, it’ll be easy for you. You’ve mentioned the main point just now: that woman is not from a renowned family, so no matter how much she tries, she will never get into the Lu family.

“You have to act more generously, don’t be irritated by such small matters. Act like the lady capable of holding up the Lu family, then the position will be yours, understood?”

“Father, I understand.” After listening, Guan Ziyao sat up straight, her annoyance fading at once.

Guan Rui beamed at his daughter. “That’s great.”

There was another important thing that he did not mention. By the time Ziyao joined the Lu family and had her own child with Lu Tingxiao, Lu Chongshan and Yan Ruyi would definitely be pleased to have a grandchild with such amazing genes from the Guan family.

When that time came, they would definitely shift their focus away from that trash...

...

Chapter 842: He Was Still Charming!

There were sounds of knocking on the door, so Ning Xi opened the door.

A maid was carefully holding a bowl of soup outside. “Ms. Ning, this is some ginger soup as per Madam Lu’s instructions. It can help to prevent a cold.”

“Alright, thank you, I’ll feed Little Master with this once he’s done showering.”

“You’re welcome, it’s my job.” The little maid bowed before leaving.

Ning Xi left the ginger soup on the table and knocked on the bathroom door. “Lu Tingxiao, are you guys done?”

“We’re done,” Lu Tingxiao replied from the bathroom.

Lu Tingxiao brought Little Treasure out.

The little bun had a big towel wrapped around him, his hair still damp, looking all fluffy in his father’s arms.

Ning Xi was charmed instantly and stretched out her arms. “Lu Tingxiao, I want to hold him!”

The little bun extended his arms as well and Lu Tingxiao gently passed him over to Ning Xi.

Ning Xi kissed the little guy on his cheek, then she spooned the ginger soup into his mouth. “Little Treasure, this soup might not taste very nice, but it’s good for preventing colds, it’s good for your health!”

The little bun drank it all without struggling.

Ning Xi clapped her hands. “You’re awesome! You finished it!”

The little bun looked at her brightly after he changed into his clean clothes and drank the ginger soup.

Ning Xi checked the time and advised, “Lu Tingxiao, you should bring Little Treasure out to greet the guests first!”

“Mmm.” Lu Tingxiao nodded and did not ask Ning Xi if she decided to let Little Treasure stay.

The little bun was a little anxious when he heard Ning Xi.

Ning Xi patted his head as she smiled. “Don’t you worry, you go down with your father first, I’ll be there after I change!”

The little bun quickly calmed down. He nodded and held his father’s hand.

After comforting the little bun, she looked at Lu Tingxiao hesitantly. “Well...Boss, I’m giving you a heads up. I might be doing something...offensive... later”

Lu Tingxiao replied, “Mmm, be as offensive as you like, I’ll back you up.”

Ning Xi was speechless. Why did he sound like a dictator?

But even so, he was so charming!

She felt it was awesome that someone was backing her up even though she was about to do something really nasty.

...

“We haven’t seen CEO Lu tonight!”

“I didn’t see him as well, probably he’s not coming?”

Some people were already talking about Lu Tingxiao as was nowhere to be seen. It was his father’s 60th birthday, and as the current head of the Lu family, it was inappropriate for him not to attend.

Most people were already sure that something had happened to the Little Master...

As people were asking around, Lu Chongshan started to worry about Little Treasure’s condition now.

“Tingxiao...”

As Lu Chongshan was about to cook up an excuse, suddenly two familiar shadows entered from the entrance.

Someone noticed, then yelled, “Oh! CEO Lu is here...ugh, the kid beside CEO Lu is...”

Suddenly, everyone was looking towards the entrance...

Chapter 843: Uniform Seduction

Lu Tingxiao had a black suit on him, his tie standing out in a bright color. As usual, he showed no expression with his ice cold aura.

Yet, this cold and strange man was holding a little boy's hand.

The little boy looked about five or six years old with fair skin and big eyes. He wore the same retro-style suit as Lu Tingxiao, looking like a little gentleman from the past. Most importantly, while the little boy looked cute, it was obvious that he looked almost identical to his father. His aura and expression were exactly the same as the man's next to him.

Judging by his looks alone, it was easy to know that he was the rumored Little Master of the Lu family.

Facing such a big crowd and everyone's stare, his expression remained the same. Just like his father, he was calm and collected.

Suddenly, everyone thought that this was as expected of a child from the Lu family...

However...that was weird. Was the rumor not that the Little Master was retarded and had to stay hidden from the public? How did that boy look retarded?

The crowd surrounded them when Lu Tingxiao came down through the stairs with Little Treasure, and everyone greeted them warmly.

"Oh! This must be Qingyu!"

"He has grown so much, I remember the last time we met was five years ago at his full-moon celebration party. How time flies!"

"Qingyu, do you still remember me? You came to my house when you were three, I even held you before!"

...

Many guests of the elder generation commented, "When I saw Qingyu just now, for a moment I thought he was Tingxiao! He looked exactly the same when he was little!"

"You're right!"

...

"Xiao Xi Xi, here are the clothes you requested! I tried my best to borrow it from Xiao Rong, and she almost suspected me to be a pervert!" Lu Jingli complained while holding a maid's outfit in his hands.

Ning Xi quickly took them and looked at him happily. "That's great! Thank you!"

"Uhm, Xiao Xi Xi, are you really going to wear that tonight? While I think...my brother will surely like your uniform seduction, don't you want to be all glamorous and beautiful for the occasion today? At least, pose a threat to Guan Ziyao! I could

arrange the outfits for you now, or even get you a professional stylist!" Lu Jingli suggested excitedly.

Ning Xi glanced at Lu Jingli's charged up expression. "No, thank you, I can move around easier in this!"

She grinned. "Tonight...it's not my stage!"

Lu Jingli was confused. "Eh? Then whose..."

"You'll find out later! Get out now! I'm going to change!"

"Yes, Madam..." Lu Jingli quickly stepped out.

He was suddenly looking forward to his brother's reaction when he saw Xiao Xi Xi in a maid's outfit...

All the servant's outfits in the Lu family were personally handled by him, including the designs and material selection. He had put the most effort into the maid outfits...

Chapter 844: Little Treasure Is Hungry

In the banquet hall, Little Treasure was the center of attraction. All the guests tried to talk to him as soon as they saw his cute, chubby face. Even if there was something really wrong with him, he definitely looked cute...

Looking at the people around talking to him, and with the fact that Mother Xiao Xi was not here yet, Little Treasure was getting impatient. He felt like running away again. He did not want to stay here anymore.

Lu Tingxiao realized the little guy's discomfort, so he looked at his son and spoke to him quietly, "Wait for a while more."

The little bun blinked his eyes and trailed after his father unhappily. Little Treasure stayed silent the whole time. His broodiness got more and more obvious as some attentive guests noticed and asked out of concern, "CEO Lu, why does Qingyu not look very well tonight?"

"Is he not feeling well?"

"If he's not well, let the child have some rest! Don't push himself too hard!" Guan Rui suggested.

"That's right, health is more important!"

Amongst the guests' concerned opinions, suddenly there was the clear voice of a girl coming through.

"First Master, I'm here!"

A girl in a maid's outfit ran towards them.

The girl had her hair tied up in double pigtails. Her eyes were big and she had very fair skin. She looked pretty young and she appeared out of breath before Lu Tingxiao. With a respectful gesture, she said, "First Master?"

Lu Tingxiao coughed lightly to recover from his wife's sudden attack in the form of uniform seduction.

Lu Tingxiao handed his son to Ning Xi and said calmly, "Mmm, bring Little Master to eat something first."

"Alright, First Master! Little Master, follow me!" Ning Xi bent down and extended her hand to Little Treasure as she cheekily blinked at him.

The little bun looked at Mother, surprised. He gave her a big smile and happily followed her to the food area. Lu Tingxiao was speechless as Ning Xi and Little Treasure walked away happily. He did not expect her to accompany Little Treasure this way...but it did seem like something she would do.

"No wonder Little Treasure looked unhappy. He's hungry!"

"It's the period of growing for little kids, they have to be well-fed every meal!"

...

Lu Chongshan's tensed up body relaxed and he smiled. "That kid is not very outspoken. He doesn't usually like to talk!"

He thought Ning Xi would surely try to take the spotlight or even stick beside Lu Tingxiao to declare her status as his girlfriend, yet she had chosen to stay beside Little Treasure quietly, taking him by surprise...

"Hahaha, just like Tingxiao when he was little!"

Lu Chongshan chuckled, "That's different, Tingxiao was much more boring than Qingyu!"

The crowd laughed. The bunch of old friends reminisced about the fun stuff that happened when Lu Tingxiao and Lu Jingli were still little and the atmosphere softened.

So, it was genetical after all...

Little Treasure's quietness was explained, and nothing seemed strange anymore...

Chapter 845: I'm Not Worthy Of Xiao Xi

At a quiet table inside the banquet hall.

"What did you say? That little maid is Tingxiao's girlfriend?"

"Yes, but...I don't understand why she's dressed that way!" Guan Ziyao could not help feeling that that woman was hiding something.

Guan Rui replied in a tone of contempt, “Lu Chongshan and Yan Ruyi aren’t acknowledging her, so she does not dare to appear beside Lu Tingxiao in public and has to act as a servant! Ziyao, you don’t have to waste your time on a person like her, spend your effort...”

As Guan Rui was still lecturing his daughter, Lu Tingxiao suddenly came over, “Uncle Guan, thank you for coming to my father’s birthday dinner tonight.”

Guan Rui was flattered as Lu Tingxiao had come to greet him personally. He smiled at the man. “You’re much welcome, Tingxiao, I’m good friends with your father!”

After some small talk, Lu Tingxiao raised his hand to signal someone.

While Ning Xi was eating with Little Treasure, she suddenly saw Lu Tingxiao summoning her, so she let Little Treasure know, then she ran over, “First Master, is there anything I can help you with?”

Guan Rui and Guan Ziyao looked at Lu Tingxiao in confusion, unsure of why he had asked this woman to come over.

Maybe he wanted to ask her to get some wine...

Lu Tingxiao looked at the girl gently, then looked at Guan Rui and introduced them, “Uncle Guan, this is my girlfriend, Ning Xi. Xiao Xi, this is Uncle Guan, a good friend of my father’s. You don’t have to put up an act in front of him.”

Ah...what was the devil trying to do, introducing her to Guan Rui?

Was he trying to irritate Guan Rui and Guan Ziyao?

Fine...

It might be intentional...

Ning Xi was surprised, but she went along with Lu Tingxiao and greeted, “Hello, Uncle Guan.”

“Hel...hello...” Guan Rui looked very displeased all of a sudden.

What did Lu Tingxiao mean by this!?

He knew that their families had the intention for him and Guan Ziyao marry, yet he had introduced this woman to him on purpose!

However, he did not say anything more. After all, Lu Tingxiao had not done anything wrong and was just being polite by introducing her to him.

“You can go and take care of Little Treasure now.” Lu Tingxiao gestured to Ning Xi to go back after she had greeted them.

Then, as if he did not notice Guan Rui and Guan Ziyao’s change in expressions, Lu Tingxiao continued, “That was inappropriate of me, I actually wanted to introduce her to everyone, but Xiao Xi really prioritizes her career. Because of her job, we can’t publicly announce our relationship just yet. I just have to put up with it.”

“Right...it was inevitable!” Guan Rui was so offended that he almost snapped the stem of his wine glass by holding it tightly, but he still had to maintain his integrity as Lu Tingxiao’s elder. On the other hand, Guan Ziyao was weaker and she already looked pale.

Guan Rui took a deep breath and returned to a calm state as he faked a smile. “Tingxiao, as your elder, I have to remind you that the girl does not come from a prestigious family and that she’s not worthy of you! I’m afraid that your parents would not acknowledge her as well, yes? You have to understand that girls from that industry are mostly into it for money, but it’s alright if you’re just playing around. If you’re being serious, that’s really inappropriate then...”

Lu Tingxiao looked at Guan Rui and replied expressionlessly, “Thank you for your concern. In terms of statuses and all that, it’s sure unworthy...I’m not worthy of Xiao Xi.”

Chapter 846: Like Father, Like Son

With that, Lu Tingxiao spun away on his heel.

Guan Rui and Guan Ziyao were stunned. What did...Lu Tingxiao mean...?

“What did Lu Tingxiao mean just now? Isn’t that woman just the adopted daughter abandoned by the Ning family?” Guan Rui frowned.

“It seems like she’s not adopted, she’s the biological daughter...” Guan Ziyao mumbled.

Guan Rui sneered, “Even if she’s from the Ning family, she’s nothing compared to you!”

“But according to what Lu Tingxiao said, it seems like the woman has some other more prestigious identity...”

Guan Rui thought about it and assured, “I’ll investigate further later on, pay it no mind. That guy is still too young and he probably just wanted to irritate me plus oppose his family’s arrangement! In the whole of Imperial, how many people are there that the Lu family is not worthy of? There’s only a handful of them! And none of them could ever be related to Ning Xi!”

...

The dinner continued harmoniously and most of the crowd focused on the elusive Little Master of the Lu family. Some people even secretly hoped that the child would embarrass himself out of their jealousy. To their chagrin, they were all disappointed as Little Treasure was really obedient after following Ning Xi. To everyone, there was no difference compared to a normal kid. His condition seemed to have stabilized after two years of treatment. If not, the Lu family would not have let him appear in public...

Aside from the Little Master of the Lu family, the other star of the night could only be the genius from the recently returned Guan family! As expected of a top student, he did not forget about his studies even during the dinner. He heard that some bright people were gathered here today, so he

actually brought a few maths question that he was unable to solve. To his delight, some guests were interested and tried to solve the equations with him.

“Oh my gosh, is this really a middle school mathematics question? This is crazy! I pity students nowadays!”

“Hahaha, Mo Lingtian, you’re just an underachiever! You don’t even understand the questions. These are university-level questions, and they are at a competitive level!” someone mocked Mo Lingtian.

Mo Lingtian’s mouth twitched. “Ugh, fine...it’s not the questions that are crazy, this top student from the Guan family is crazy!”

“Ah! I think I solved it! Is the answer to the first question -9?” a young teen with glasses asked eagerly.

Guan Zhichen replied expressionlessly as he shook his head, “Nope, the answer is 0.”

“Ugh...I’m wrong again!” The young teen was disappointed.

“I’ve worked out the solution already. I can teach you, but I can’t solve the second question yet.”

...

“Elder Guan! Your grandson is amazing!” A few guests were gawking at the group of brainiac kids, their eyes were full of envy.

Lu Chongshan praised the boy as well, “Like father, like son!”

Guan Rui shrugged helplessly. “He’s going to become a bookworm, I’m really having a headache about it! I brought him here to help him relax, yet now he even brought his questions up when I was not noticing!”

“Elder Guan, you should be glad! My kid at home would not even try to read even if I beat him up!”

“Can your kid compare to Elder Guan’s grandson? His IQ is 180 and he’s already received several International Olympic Mathematics Awards at the age of ten...”

...

Chapter 847: That Was Some Big Talk

“He’s really amazing! I think he’s even better than Tingxiao when he was young. The younger generations are getting better and better!” a close guest of the families commented.

As the host, Lu Chongshan went along with the crowd and praised Guan Rui since they were going to become a family soon, but he chuckled to himself when he heard that comment.

Better than Lu Tingxiao when he was little? That was some big talk!

Lu Chongshan did not show his emotions on the surface nonetheless. "Of course, he's better than Tingxiao!"

Guan Rui waved his hands in denial. "You guys have to stop praising him, he's going to become full of himself. He could never be up to Tingxiao's standard! I would be really glad if he could be at least half capable as his Uncle Xiao!"

"You're too humble, Elder Lu, he's going to do something great! For families like ours, the most important thing isn't the money we earn or the properties we own, it's the people. As long as our successors are capable, that's the real treasure of the family. No matter how great your family is, with an incapable successor, it will surely fall in a few generations!"

"That's right! Elder Guan is really blessed! Ziyao, Zihao, and Zhichen are all superb!"

"Exactly, unlike us, still having to worry about the useless kids at home..."

Many people were able to relate to their words, at the same time, suddenly remembering the worrying situation of the heir to the Lu family.

So what if they were the richest family in Imperial?

No matter how great Lu Tingxiao was, he could, at most, hang on for one or maybe two generations. Numerous shareholders and supporters had their eyes on the family. If there was no capable successor after Lu Tingxiao, things might be chaotic and the Lu dynasty might even fall within a night; it was not an uncommon sight in cases like these. No one could predict what would happen in the future...

...

Somewhere in the banquet hall, Ning Xi noticed a group of people flattering the Guan family, and she knew her chance had arrived...

Mo Lingtian and a few other guys had been defeated by Guan Zhichen's mathematics question and were even humiliated by their own parents, making them all feel very embarrassed.

Mo Lingtian could not help it anymore, so he spoke up helplessly, "Zhichen, we're all underachievers here. Even if we learned about it before, it's been so long ago that we've all forgotten about it. Why not you ask your aunt? Surely she could solve them!"

Guan Zhichen looked at Guan Ziyao and mumbled, "She explained it to me before but I didn't get it, then she got angry at me and was unwilling to teach me again!"

"Ugh, well..." Mo Lingtian shrugged cluelessly but he then suddenly thought of something. "I know! Uncle Xiao will surely know this! Eh...where's Lu Tingxiao?"

Guan Ziyao stared at Mo Lingtian unhappily., “Tingxiao is busy, don’t pester him, it’s Zhichen’s fault for not being able to solve this, let him think on his own.”

“Ziyao, you’re too strict! Zhichen is only 13!” Mo Lingtian replied.

Chapter 848: Little Bunny! It’s You!

The crowd was impressed by the education method of the Guans.

“This is what I call real elite education!”

“They are this strict to their sole male grandchild, no wonder he’s this amazing!”

“Hey, Elder Guan, what’s the secret to educating kids? Give us some tips!”

...

As the guests were discussing children’s education with Guan Rui, a girl’s clear voice came through, “Master Mo, I heard you’re looking for First Master. Was there something you need? He is greeting some guests outside! I can help you to send a message if it’s something urgent!”

“Oh, it’s nothing urgent, just a mathematics question...ugh...you...little bunny...how’re you here?” his voice faded off to a lower tone. Mo Lingtian was shocked when he realized who the maid he was talking to was. He almost could not recognize her disguise...

Ning Xi ignored his question and continued her act, scanning the questions Mo Lingtian had in his hands. “This looks easy, we shouldn’t need First Master. Is it alright if I get Little Master to help?”

“What?” Mo Lingtian thought he heard her wrong. “Who did you say? Little Treasure?”

Ning Xi nodded. “Yes, our Master Qingyu.”

Mo Lingtian ignored Ning Xi’s outfit, he reminded her, “Little girl, look at this properly, but you probably don’t understand it as well...anyways, this is not some kindergarten mathematics, it’s advanced mathematics, and these are competitive-leveled questions!”

“Oh, no problem, Master Mo, Little Master is really good!” Ning Xi blinked her eyes and asked Little Treasure in a coy voice, “Little Master, this little brother here needs some help with a question, can you help him?”

Little Treasure nodded in enthusiasm.

Lu Chongshan was already frowning when Ning Xi had appeared and now he felt it was ridiculous when he realized what she was trying to do. He suppressed his anger and stopped her. “There’s nothing for you to do here, stop bothering the guests and bring the Little Master somewhere else!”

Seeing how this maid was acting so foolishly, some guests pitied Lu Chongshan but most of them were laughing inside.

Why did the Lu family get someone so stupid to take care of the Little Master? Could it be easier for them to communicate with their low IQ?

Guan Rui and Guan Ziyao looked at each other in amusement. Before, they were cautious about this woman's presence, but now they thought she could be ignored.

Seeing the maid from the Lu family asking a little kid to help him, and even bragging that he could surely solve it, Guan Zhichen felt humiliated. Flaring his nostrils haughtily, he handed over his workbook. "You said that he can help me? Sure, let him try!"

Guan Ziyao tried to stop him. "Zhichen, stop being unreasonable, Qingyu is only five years old!"

"I'm sorry for the fuss!" Lu Chongshan had never felt this embarrassed.

"It's alright...she just didn't get to look at the questions properly!" Guan Rui acted generously.

The woman was probably trying to get on Lu Chongshan's good side, but she could not even understand the standards of these questions. How foolish!

Suddenly, the crowd was cheering...

Chapter 849: Possessed By Archimedes

As the guests were talking, Little Treasure scrawled a number on the exercise book.

"Hey, Qingyu wrote a 0...what's the correct answer again? It was 0, wasn't it?"

"That's right! It's 0!"

"Qingyu got it right!"

...

At that moment, Guan Rui, Guan Ziyao, Guan Zhichen, and even Lu Chongshan were shocked.

Guan Zhichen frowned. "Qingyu, you could tell me if you don't know. You shouldn't simply doodle on the exercise book."

Guan Zhichen did not think it was a number. Many people, including Lu Chongshan, assumed that Little Treasure was probably doodling his circles.

Ning Xi squatted down and spoke to the little bun gently. "Little Master, you can't do it this way. He doesn't understand how to solve the question, so you have to write down all the steps in detail, then only you can help him!"

Little Treasure blinked and looked at his mother, then he started scribbling on the exercise book obediently...

As Little Treasure started to write more and more, the crowd was surprised. Their surprise soon turned into shock, and in the end, they were terrified, not believing what they were seeing...

Mo Lingtian was especially bewildered. He opened his eyes wide and exclaimed, “Wow! Did Archimedes just possess Little Treasure?”

Guan Ziyao took a glance and tried to say something, but she did not dare to bother Little Treasure...

Suddenly, everyone was focused on the little boy, there was pin-drop silence.

Little Treasure was totally focused in his own world, unaffected by the intense stares on him, his little hands writing rows and rows of complicated formulae non-stop...

Finally, Little Treasure was done. He then put down the answer “0” at the end and looked up at his mother with inquiring eyes.

Ning Xi gave the little bun a big smile and passed the exercise book to Guan Zhichen. “Little Master Guan, please check if you can understand this time.”

In the blank space of the exercise book, Little Treasure had clearly explained the steps to solve the equation because Auntie Xiao Xi specifically mentioned to him to write it in detail. He even used arrows to point out a few formulas, and included some messages in brackets, as if he was teaching a kindergarten child.

Soon, the exercise book was passed around the crowd.

Little Treasure’s solution was so detailed that even the underachievers could understand it and they praised him.

“This is really amazing! Even I understand it! I thought I’m not comparable to a 13-year-old, but I was wrong...even a five-year-old is better than I am...”

“The way he solved it is really brilliant! It’s not a conventional method, is it?”

“Ms. Guan, what do you think? Is he correct?”

Guan Ziyao looked through the exercise book, then looked at the little guy in Ning Xi’s arms in total shock. She spoke hesitantly, “It’s completely correct, every step is perfect, there’s no mistake at all...”

Chapter 850: I’d Like To Have Some!

It was as if she just saw a shadow of Lu Tingxiao back in time; the way they solved questions was the same...

But Little Treasure was only five years old! This was shocking...

The crowd was surprised as they heard what Guan Ziyao said!

Impossible! This little guy actually solved it?

Not only that, Guan Ziyao even gave him such high approval! Unbelievable!

Since they all witnessed Little Treasure write down all the steps on his own, they could not help but believe it...

Compared to Guan Rui's obvious plan to show off his grandson, Little Treasure's unintentional show was much more impactful. Suddenly, everyone was talking to Lu Chongshan about him...

"Elder Lu! You're really hiding some good stuff! No wonder you always don't let us see him! Your grandson is really a genius!"

"The genes from the Lu family is outstanding!"

"Brilliant!"

"This is not just brilliant! He's already on another level! I was probably still playing with mud when I was five..."

...

As the praises kept on flowing in, Lu Chongshan was unable to put his feelings into words. He felt like a burden had just been lifted from his chest.

"You all really misunderstood me, I really don't know about this talent of his. Probably the child learned on his own when he was flipping through the books! Qingyu is like his father, always having his own ideas, so he just explores things on his own!" Lu Chongshan replied.

"You don't even need to do anything, he's already great on his own! So, it is true that geniuses act differently from others!"

"As expected of the Lu family! If it wasn't for the maid just now, we would never have known how smart this kid is..."

"Don't you know low-key showing off is the coolest?"

"Someone mentioned that Guan Zhichen was even better than Lu Tingxiao...yet he can't even be compared to his five-year-old son."

The ladies were staring at the little bun with excitement. "Oh my god, Lu Tingxiao's genes are so amazing! I'd like to have some, my ovaries are exploding!"

"You're so dirty-minded!"

"What?! Don't tell me you didn't think about that!"

"So what if we got it? Can you ensure that your own genes don't mess up the baby's IQ? Speaking of which, I'm really curious about this child's mother, her genes must be exceptional as well..."

...

Lu Jingli saw everything as he stepped into the room as Ning Xi just controlled the crowd quietly and brilliantly. “Impressive! Bro Xi’s acting was really impressive! She just gave the Guan family a slap in the face...”

Now, he understood why she chose to wear the maid outfit and stay by Little Treasure! He also realized who the main character of the night was!

Lu Tingxiao was looking calm, his expression practically radiating with “look how great my wife is.”

“Does Xiao Xi Xi not think about what could happen if Little Treasure didn’t know how to solve it?” Lu Jingli suddenly asked.

Lu Tingxiao glanced at him, then replied expressionlessly, “Do you think my son would be that useless?”

Lu Jingli was speechless.

The lovey-dovey devil was now showing off his son...

How could Lu Jingli live on anymore!?
